With the support of the Governor and the 2011 Legislature, Senate Bill (SB) 2156 passed with the intent of streamlining government, creating efficiencies, and providing an economic climate to bolster Florida's economy. A significant portion of the bill creates the Department of Economic Opportunity, which is responsible for coordinating and administering the effective and efficient delivery of services related to economic development, workforce development, community planning and development, and affordable housing.

In accordance with SB 2156, this budget amendment provides for the transfer and reorganization of the following:

- Department of Economic Opportunity (DEO)
 - Transfers the Office of Tourism, Trade and Economic Development (OTTED), portions of the Department of Community Affairs (DCA), and portions of the Agency for Workforce Innovation (AWI) to the new department.
 - Transfers the Department of Education's (DOE) Ready to Work Program to DEO.
- Other Governmental Consolidations
 - Transfers the Office of Early Learning from AWI to DOE as a separate, independent entity.
 - > Transfers the Florida Communities Trust from DCA to the Department of Environmental Protection.
 - Transfers the Florida Building Commission from DCA to the Department of Business and Professional Regulation.
 - Transfers the Division of Emergency Management from DCA to the Executive Office of the Governor.

Department of Economic Opportunity

A single economic development agency was created to move the state forward in its efforts to develop policies for economic diversification and improvements in Florida's business climate and infrastructure. Most notable in this regard, is the reorganization of agency functions to optimize economic development. The Department of Economic Opportunity (DEO) will be responsible for creating a single Statewide Strategic Plan to address the promotion of business formation, expansion, recruitment and retention in order to create better jobs with higher wages for all geographic regions of the state.

SB 2156 also consolidated the state's public-private economic development partnerships in an effort to provide better access to industry expertise and improve the facilitation of the state's economic development programs. The goal is to provide the economic tools needed to recruit and expand existing businesses as a catalyst for economic growth.

The Department of Economic Opportunity is comprised of portions of the Office of Tourism Trade and Economic Development OTTED), the Department of Community Affairs (DCA), the Agency for Workforce Innovation (AWI), and the Department of Education (DOE).

Notwithstanding any other provision of law, the department may expend interest earned from the investment of program funds deposited in the Grants and Donations Trust Fund to contract for the administration of those programs, or portions of the programs, assigned to the department by law, by the appropriations process, or by the Governor. Such expenditures shall be subject to review under chapter 216.
- 3. Develop measurement protocols for the state incentive programs and for the contracted entities which will be used to determine their performance and competitive value to the state. Unemployment compensation (also called unemployment insurance) provides temporary wage replacement benefits to qualified individuals who are out of work through no fault of their own. The office holds hearings and issues decisions to resolve disputed issues related to eligibility and claims for unemployment compensation and the payment and collection of unemployment compensation taxes. Pursuant to Section 443.1316, F.S., the department contracts with the Department of Revenue for unemployment tax purposes. Funding for the administration of the program is provided by the US Department of Labor from employer-paid Federal Unemployment Tax Act funds. The state unemployment benefit payments made to Floridians are funded by state unemployment payroll taxes.

Ready to Work

The Florida Ready to Work Certification Program was created by the Legislature in 2006 to enhance the workplace skills of Florida's students in order to prepare them for successful employment in specific occupations. The goal of this employee credentialing program is to give jobseekers a competitive edge and create efficiencies for employers.

The Florida Ready to Work credential is a personalized certificate, which is signed by the Governor. The credential shows employers that a job seeker has the skills needed to succeed on the job.

The following entities are eligible to provide the Ready to Work Credential program: public schools, community colleges, area technical centers, one-stop career centers, vocational rehabilitation centers, Department of Juvenile Justice programs, Department of Corrections, regional education consortia, and Florida employers.

The division provides direction for administrative support services within the department and, as applicable, to the 24 Regional Workforce Boards (RWBs).

Public-Private Partnerships

SB 2156 also provided for the reorganization of public-private partnerships, which included merging certain organizations into Enterprise Florida, Inc., (EFI) with the President of EFI being appointed by the Governor. The Black Business Investment Board and the Florida Sports Foundation were fully integrated into EFI whereas VISIT Florida was reconfigured to serve as a direct support organization of EFI that operates through a contract with EFI. Space Florida retained its special district status; however, the appointed members of EFI's board of directors also serve as Space Florida's board of directors.

Enterprise Florida, Inc.

Enterprise Florida, Inc., is a public-private partner that serves as the state's principle economic development organization. EFI utilizes private-sector and public-sector expertise in collaboration with the Department of Economic Opportunity in order to increase private investment in Florida, advance international and domestic trade opportunities, market the state as a pro-business location and an unparalleled tourist destination, revitalize Florida's space and aerospace industries, promote opportunities for minority-owned businesses, assist and market professional and amateur sport teams and events, and enhance economic opportunities in Florida's rural and urban communities. EFI's Board of Directors is comprised of twelve appointed members from the private sector, six appointed by the Governor, three

appointed by the Speaker of the House and three appointed by the President of the Senate. Additionally, the House and the Senate have one official government appointee each. Appointed board members must include at least one director in each of the following areas of expertise: international business, tourism marketing, space/aerospace, minority business, manufacturing, finance/accounting and sports marketing.

Unemployment Appeals Commission

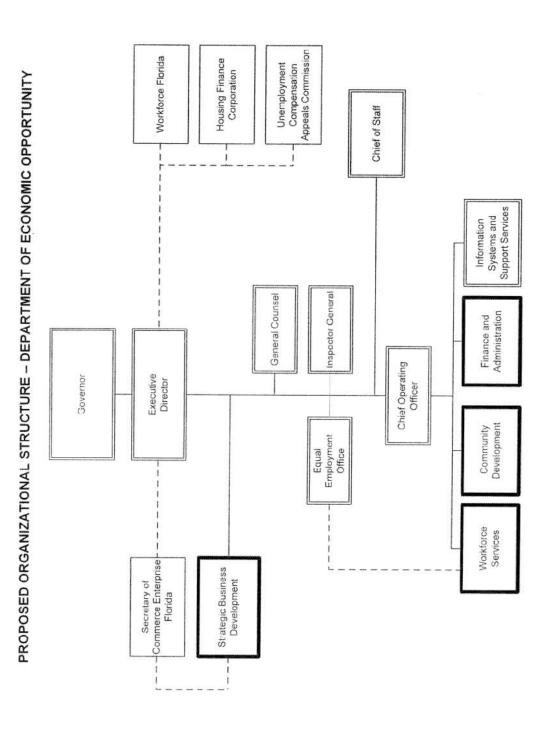

The Unemployment Appeals Commission is the quasi-judicial administrative appellate body responsible for reviewing contested decisions of unemployment appeals referees. The Commission is housed within the DEO; however, it operates as an independent review body. The Commission is comprised of a Chairman and two Commissioners, each appointed by the Governor and confirmed by the Senate.

Workforce Florida, Inc.

Workforce Florida, Inc. was created by the Workforce Innovation Act of 2000 to oversee and monitor the administration of workforce policy, programs and services carried out by the 24 business-led Regional Workforce Boards and the DEO. Workforce Florida, Inc. is housed within the DEO; however, it is as an independent policy making body guided by a 45-member board.

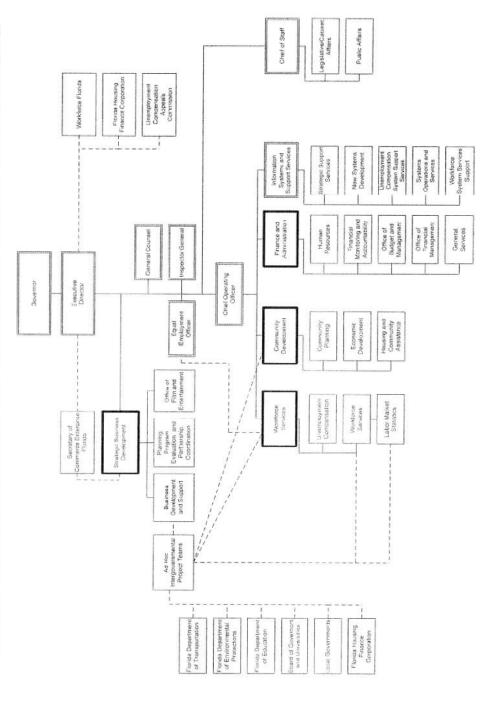

Florida Housing Finance Corporation

The Florida Housing Finance Corporation (FHFC) was created by the Florida Legislature to assist Floridians with obtaining safe, decent affordable housing that might otherwise be unavailable to them. FHFC's goal is to increase affordable housing opportunities for Floridians, ensure that FHFC's programs are well matched to the housing needs of Floridians, and communicate the importance of affordable housing to Florida's communities.

Note 1: In the Organization Structure for the Department of Economic Opportunity - Final Report, MGT of America, Inc. recommended that a "Economic Development" unit be established in the Division of Community Development to serve as a one-stop shop for various small business, rural and urban development initiatives. MGT recommended that four existing OTTED positions be moved to the new unit and that an additional position be added, for a total of five positions. The budget amendment transfers four existing positions from OTTED (funded from a mix of General Revenue and state trust funds) and transfers one unfunded position from AWI's Executive Leadership budget entity. Nine months of excess unfunded budget authority in the Unemployment Compensation budget entity is transferred to the new unit, to be funded with available revenues from the state Special Employment Security Administrative Trust Fund ("P & I" funds).

Note 2: MGT of America, Inc., recommended the re-direct of four positions to the Division of Strategic Business Development - three positions to support strategic and business planning efforts and one position to work with existing staff as "Account Executives." The Account Executives will work closely with Enterprise Florida, Inc., to facilitate business development projects and serve as the single point of contact for state agencies for economic development efforts. The budget amendment transfers four unfunded positions from DCA's Executive Direction and Support Services budget entity to the Strategic Business Development Division. Nine months of excess unfunded budget authority in the Unemployment Compensation budget entity is transferred to the unit, to be funded with available revenues from the state Special Employment Security Administrative Trust Fund ("P & I" funds).

Note 3: In order to implement the pending LBC budget amendment (EOG #B2012-0140) that creates the federally-funded State Small Business Credit Initiative program, two unfunded positions that would otherwise have been placed in "Reserve" are transferred to the new Economic Development Unit in the Division of Community Planning. Budget authority and funding for the new program are addressed in the other amendment.
