Joint Committee on Public Counsel Oversight

Dear Chairman Gruters, Chairman LaMarca, and Honorable Members of the Joint Committee on Public Counsel Oversight:

Thank you for considering my application for the position of Public Counsel. Based on my background and years of consumer advocacy experience, I believe that I am the best choice for this position.

My resume demonstrates that I have more than 16 years of legal and leadership experience, including seven years of faithfully representing the Citizens of the State of Florida with the Office of Public Counsel, with an additional three years at the Public Service Commission. More recently, I have served nearly four years in Governor DeSantis' Administration: currently I am a Supervising Attorney with the Department of Economic Opportunity (DEO), and I served for two years as the Deputy General Counsel of the Division of Emergency Management (DEM).

During my seven-year tenure as an Associate Public Counsel in the Office of Public Counsel, I was privileged to represent the Citizens of this State in numerous water, wastewater, natural gas, and electric utility rate cases. I served as the lead attorney in several high-profile, state-wide water and wastewater cases involving Utilities, Inc. of Florida. I was also the lead attorney investigating the extraordinary costs of electric utilities' natural gas financial hedging activities; this wasteful practice was eventually ended through settlements with the various electric utilities. In two separate appeals to the First District Court of Appeal I also served as lead attorney; in both cases, the briefs and oral arguments secured reversals of Commission decisions in favor of consumers. Please see my attached *curriculum vitae* (CV) which describes my time with the Office of Public Counsel in more detail.

While working full-time for the Office of Public Counsel, I also began my Masters in Business Administration degree which I completed in May 2019. As my varied career demonstrates, I enjoy the challenge of learning new areas of the law and new industries. I look forward to continued service to the Citizens of the State of Florida as the next Public Counsel.

In closing, I would welcome the opportunity to interview for the position of Public Counsel at your convenience and thank you in advance for your consideration.

Very respectfully,

Erik Sayler

DEAR TALENT MANAGER AT THE FLORIDA SENATE,

I look forward to the opportunity to serve as Public Counsel for the Joint Committee on Public Counsel Oversight, where I can share my vision, energy, and 21 years of experience in the management of law enforcement. My entire professional life has been in criminal justice and upholding and enforcing the law. I am a master at multi-tasking to achieve various objectives of superiors while working toward an overall organizational plan. I am also a proven catalyst of change, using KPI's to identify and implement self-initiated process improvements. I developed my expertise in government having learned from world-class leaders of the New York City Police Department, where I retired as the Commanding Officer of the Legal Bureau's Civil Litigation Unit. I was involved in decision making with the Deputy Commissioner of Legal Matters, assistant commissioners, and the upper echelon of executives from the New York City Law Department. There I served as the NYPD's liaison in the NYC Law Department Offices while managing an investigative unit comprised of 30 diverse supervisors, investigators and civilian employees. Additionally, I have created and provided training programs to NYC Law Department executives and attorneys on police policy and procedures, and advised on case theories in defending Federal and State civil rights claims, strengthening my legal skills and focusing my decision making on risk mitigation and liability. I am a proven leader who uses collaboration to create an environment where all levels of the management team feel that they are process owners, and therefore invested in achieving goals of C-suite executives and elected officials. I will make an immediate impact in City management using this style and fostering relationships with the heads of the Doral city agencies, as well as State and Federal partners, ensuring lines of communication are always open and flowing both ways. My vast and proven experiences, along with my law licenses (I am licensed in Florida, New York and New Jersey), education and organizational management degree, make me an ideal candidate for this position, and ensures that I will ensure my chosen home state of Florida stays a safe place to live, visit and do business.

My adult life has been spent in public service. I am currently an Assistant state Attorney for the 15th Judicial Circuit of Florida, where I serve as a criminal prosecutor and trial attorney. My dedication to public service began with the Air Force and culminated with the NYPD. My twenty-year career steadily progressed upward, earning positions of increasing trust and responsibility. In fact, last year I was one of twelve finalists for the position of Inspector General for Miami-Dade. As a Sergeant, I volunteered to investigate Internal Affairs corruption and misconduct cases against officers, maintaining public trust and ensuring the integrity of the Department. I was promoted to Lieutenant and was accepted at the prestigious Legal Bureau as an in-house counsel after graduating from New York Law School. There, I filed motions in defense against FOIA requests, EEO complaints and Civil Service Commission complaints. I have worked on changing Patrol Guide procedures which direct the daily operations of all members of the NYPD, to comport with changes in the law for Disorderly Conduct, *Stop Question & Frisk*, as well as for Legal Bureau requests for evidence. I was then promoted to the executive position of Commanding Officer of the Civil Litigation Unit, where I worked for the last six years of my career. As a result, I am experienced in working with and fostering relationships with C-Suite executives from differing agencies to accomplish objectives.

These experiences have prepared me to excel in this challenging new position. My Juris Doctor degree and law licenses form the basis of my critical legal thinking, which I apply to all decision making. I also hold an organizational management degree which focused on creating change at the organizational level. I wrote an undergraduate thesis in Effecting Changes in Police Training. While working in a Commander position, I identified, planned and managed an organizational change within the Police Action Litigation Section of the NYPD. Working with the NYPD, NYC Corporation Counsel, and NYC Department of Buildings, I merged three separate units into one unit under my command, cross-training employees and managers and creating a cross-functional unit with vastly more capabilities. In doing this, I increased efficiency by 30% while cutting almost \$500K in salary costs while operating lean.

Rising through the ranks of the NYPD has honed my real-time decision making and disaster response procedures, responding to the 9/11 attacks, hurricane Sandy and several civil disorders, including Occupy Wall Street. My management style is grounded in critical legal thinking, while always considering external factors such as compliance with Federal and State laws, changes in policy, current events and mitigation of potential lawsuits. As an Attorney for the Senate Committee on Criminal Justice, I intend to immediately review current operating procedures and to institute the changes necessary to make an immediate impact and support the work of our Legislature.

While my experience and abilities are exceptional, they would be nothing if I did not have the requisite character traits of loyalty, integrity, critical legal thinking, and adherence to strict confidentiality necessary to be a successful Senate staff attorney. My skill at identifying corruption will also be of great benefit to the efficient functioning of City agencies. I have a keen eye for identifying and combatting fraud, waste and abuse. My current experience as a prosecutor is further proof of the solid moral and ethical foundation I possess, which guides me through my decision making process. As a lifelong and continuous learner, I will rapidly learn the culture and processes necessary to make an immediate impact. My versatile skillset and proven real-time problem solving capabilities transcend any particular job description and they will bring great value to the Florida Legislature as Public Counsel for the Joint Committee on Public Counsel Oversight. Thank you for your consideration.

Most Sincerely,

Erik Paul Seidel
