EXPERIENCE

Previously represented the Citizens of the State of Florida before the Florida Public Service Commission in over twenty utility rate cases from 2011 to 2018. Currently, Supervising Attorney for the Department of Economic Opportunity, specializing in the areas of contracts, grants, procurement, disaster recovery, and public records. Served as Deputy General Counsel, Chief Ethics Officer, and Rulemaking Coordinator for the Florida Division of Emergency Management during the first twelve months of the State's response to the COVID-19 Pandemic. Served as Legal Counsel to the Florida Office of Energy and Prosecutor for the Board of Professional Surveyors and Mappers for the Department of Agriculture and Consumer Services. Served as Senior Attorney for the Florida Public Service Commission. Served as a Judicial Law Clerk to Judge Paul Hawkes at the First District Court of Appeal. Served as a Legislative Fellow with the Florida House of Representatives. Considerable experience with Florida Statutes, Chapter 366 (Public Utilities), Chapter 367 (Water and Wastewater Utilities), Chapter 112 (Ethics), Chapter 119 (Public Records), and Chapter 287 (Procurement); Florida Certified Contract Manager (FCCM) (2020); Master's in Business Administration (MBA) (2019); and appellate law and legislative experience.

PUBLIC COUNSEL

Florida Office of Public Counsel

Associate Public Counsel

Tallahassee, Florida

March 2011 – July 2018

Duties: Provided legal representation for the Citizens of the State of Florida before the Florida Public Service Commission; litigated more than 20 complex administrative utility rate increases in the Electric, Water, and Wastewater industries; conducted numerous depositions; drafted two appellate briefs, securing reversal on one issue in each appeal; intervened in two circuit court actions; researched various administrative law and legislative issues; negotiated, reviewed, and supervised expert witnesses and managed their contracts; managed the development and drafting of pre-filed expert witness testimony; drafted and responded to discovery requests; helped negotiate and draft more than five rate case settlements involving hundreds of millions of dollars; advanced policy and legal positions advantageous for the Citizens of Florida before the utility regulatory commission.

Notable Utility Cases

- Lead attorney in a high-profile state-wide water and wastewater rate case involving more than 34,000 customers (2017); drafted initial and reply brief in the appeal to the First District Court of Appeal.
 - Lead attorney investigating the extraordinary costs of electric utilities' natural gas financial hedging activities; the electric utilities entered into a settlement to end the practice (2015-2017).
 - Lead attorney in a high profile wastewater rate case in Stock Island / Key West, advocating for customers; received favorable rate decision by the FPSC (2016).
 - Lead attorney in the Utilities, Inc. of Summertree water quality of service issues (2013-2016), liaising with state and local elected officials, advising customers of their rights, mediating between the utility and customers, and successfully achieving a satisfactory resolution to the case.
 - Lead attorney arguing the successful appeal of the denial of the Office of Public Counsel's request for Declaratory Statement. *See Citizens v. Fla. PSC*, 164 So. 3d 058 (Fla. 1DCA 2015); Case No. 1D14-3868.
 - Second chair attorney and lead cost of capital attorney in 2016 Florida Power & Light rate case; participated in final settlement negotiations to bring about positive resolution of the case.
 - Lead attorney on the Florida Power & Light Company's proposed multi-billion-dollar natural gas pipeline project (2013) and natural gas reserves investment petition (2014).
 - Second chair attorney on the Duke Energy Florida, Inc. comprehensive multi-year settlements regarding the delamination of Crystal River Unit 3 (CR3) and cancellation of the proposed Levy Nuclear Project (2013).
 - Lead attorney on the Energy Efficiency and Conservation Goals-Setting proceeding, involving all major investor-owned electric utilities in Florida (2014).
 - Lead attorney in the investigation into the accounting practices of Utilities, Inc., a nation-wide water and wastewater utility with numerous utility systems across Florida (2014).
-

Joint Committee on Public Counsel Oversight

Dear Chairman Gruters, Chairman LaMarca, and Honorable Members of the Joint Committee on Public Counsel Oversight:

Thank you for considering my application for the position of Public Counsel. Based on my background and years of consumer advocacy experience, I believe that I am the best choice for this position.

My resume demonstrates that I have more than 16 years of legal and leadership experience, including seven years of faithfully representing the Citizens of the State of Florida with the Office of Public Counsel, with an additional three years at the Public Service Commission. More recently, I have served nearly four years in Governor DeSantis' Administration: currently I am a Supervising Attorney with the Department of Economic Opportunity (DEO), and I served for two years as the Deputy General Counsel of the Division of Emergency Management (DEM).

During my seven-year tenure as an Associate Public Counsel in the Office of Public Counsel, I was privileged to represent the Citizens of this State in numerous water, wastewater, natural gas, and electric utility rate cases. I served as the lead attorney in several high-profile, state-wide water and wastewater cases involving Utilities, Inc. of Florida. I was also the lead attorney investigating the extraordinary costs of electric utilities' natural gas financial hedging activities; this wasteful practice was eventually ended through settlements with the various electric utilities. In two separate appeals to the First District Court of Appeal I also served as lead attorney; in both cases, the briefs and oral arguments secured reversals of Commission decisions in favor of consumers. Please see my attached *curriculum vitae* (CV) which describes my time with the Office of Public Counsel in more detail.

While working full-time for the Office of Public Counsel, I also began my Masters in Business Administration degree which I completed in May 2019. As my varied career demonstrates, I enjoy the challenge of learning new areas of the law and new industries. I look forward to continued service to the Citizens of the State of Florida as the next Public Counsel.

In closing, I would welcome the opportunity to interview for the position of Public Counsel at your convenience and thank you in advance for your consideration.

Very respectfully,

Erik Sayler

Enclosure: *Curriculum vitae*

Good evening Ms. Brown,

Please find attached my application, cover letter, and curriculum vitae/resume for the position of Public Counsel.

I may supplement my application with a few letters of recommendation to be submitted within the next few days.

If you need any additional information, please let me know.

Thank you for your consideration.

Very Respectfully,

Erik Sayler

TECHNICAL SKILLS

Computer Programs: *Microsoft Word, Excel, PowerPoint, Outlook, CLIO, Rocket Matter*

Information Systems: *LexisNexis, Westlaw, Federal and State Legal Research Sites, Law Manager, Compstat*

DEAR TALENT MANAGER AT THE FLORIDA SENATE,

I look forward to the opportunity to serve as Public Counsel for the Joint Committee on Public Counsel Oversight, where I can share my vision, energy, and 21 years of experience in the management of law enforcement. My entire professional life has been in criminal justice and upholding and enforcing the law. I am a master at multi-tasking to achieve various objectives of superiors while working toward an overall organizational plan. I am also a proven catalyst of change, using KPI's to identify and implement self-initiated process improvements. I developed my expertise in government having learned from world-class leaders of the New York City Police Department, where I retired as the Commanding Officer of the Legal Bureau's Civil Litigation Unit. I was involved in decision making with the Deputy Commissioner of Legal Matters, assistant commissioners, and the upper echelon of executives from the New York City Law Department. There I served as the NYPD's liaison in the NYC Law Department Offices while managing an investigative unit comprised of 30 diverse supervisors, investigators and civilian employees. Additionally, I have created and provided training programs to NYC Law Department executives and attorneys on police policy and procedures, and advised on case theories in defending Federal and State civil rights claims, strengthening my legal skills and focusing my decision making on risk mitigation and liability. I am a proven leader who uses collaboration to create an environment where all levels of the management team feel that they are process owners, and therefore invested in achieving goals of C-suite executives and elected officials. I will make an immediate impact in City management using this style and fostering relationships with the heads of the Doral city agencies, as well as State and Federal partners, ensuring lines of communication are always open and flowing both ways. My vast and proven experiences, along with my law licenses (I am licensed in Florida, New York and New Jersey), education and organizational management degree, make me an ideal candidate for this position, and ensures that I will ensure my chosen home state of Florida stays a safe place to live, visit and do business.

My adult life has been spent in public service. I am currently an Assistant state Attorney for the 15th Judicial Circuit of Florida, where I serve as a criminal prosecutor and trial attorney. My dedication to public service began with the Air Force and culminated with the NYPD. My twenty-year career steadily progressed upward, earning positions of increasing trust and responsibility. In fact, last year I was one of twelve finalists for the position of Inspector General for Miami-Dade. As a Sergeant, I volunteered to investigate Internal Affairs corruption and misconduct cases against officers, maintaining public trust and ensuring the integrity of the Department. I was promoted to Lieutenant and was accepted at the prestigious Legal Bureau as an in-house counsel after graduating from New York Law School. There, I filed motions in defense against FOIA requests, EEO complaints and Civil Service Commission complaints. I have worked on changing Patrol Guide procedures which direct the daily operations of all members of the NYPD, to comport with changes in the law for Disorderly Conduct, *Stop Question & Frisk*, as well as for Legal Bureau requests for evidence. I was then promoted to the executive position of Commanding Officer of the Civil Litigation Unit, where I worked for the last six years of my career. As a result, I am experienced in working with and fostering relationships with C-Suite executives from differing agencies to accomplish objectives.

These experiences have prepared me to excel in this challenging new position. My Juris Doctor degree and law licenses form the basis of my critical legal thinking, which I apply to all decision making. I also hold an organizational management degree which focused on creating change at the organizational level. I wrote an undergraduate thesis in Effecting Changes in Police Training. While working in a Commander position, I identified, planned and managed an organizational change within the Police Action Litigation Section of the NYPD. Working with the NYPD, NYC Corporation Counsel, and NYC Department of Buildings, I merged three separate units into one unit under my command, cross-training employees and managers and creating a cross-functional unit with vastly more capabilities. In doing this, I increased efficiency by 30% while cutting almost \$500K in salary costs while operating lean.

Rising through the ranks of the NYPD has honed my real-time decision making and disaster response procedures, responding to the 9/11 attacks, hurricane Sandy and several civil disorders, including Occupy Wall Street. My management style is grounded in critical legal thinking, while always considering external factors such as compliance with Federal and State laws, changes in policy, current events and mitigation of potential lawsuits. As an Attorney for the Senate Committee on Criminal Justice, I intend to immediately review current operating procedures and to institute the changes necessary to make an immediate impact and support the work of our Legislature.

While my experience and abilities are exceptional, they would be nothing if I did not have the requisite character traits of loyalty, integrity, critical legal thinking, and adherence to strict confidentiality necessary to be a successful Senate staff attorney. My skill at identifying corruption will also be of great benefit to the efficient functioning of City agencies. I have a keen eye for identifying and combatting fraud, waste and abuse. My current experience as a prosecutor is further proof of the solid moral and ethical foundation I possess, which guides me through my decision making process. As a lifelong and continuous learner, I will rapidly learn the culture and processes necessary to make an immediate impact. My versatile skillset and proven real-time problem solving capabilities transcend any particular job description and they will bring great value to the Florida Legislature as Public Counsel for the Joint Committee on Public Counsel Oversight. Thank you for your consideration.

Most Sincerely,

Erik Paul Seidel

Erik Paul Seidel, Esq.

WALT TRIERWEILER
