Life-giving Creator, at the end of this legislative term, we come before You with grateful hearts. Thank You for the wonder and beauty of Florida nature; for Kissimmee and Lake Okeechobee; for the Everglades and the Keys; for the live oaks, the palms, and the pines; for the panthers and the flamingos; for all these and so much more, we thank You. Thank You for all the diverse peoples of our state; for the native peoples who first dwelt here; for the early explorers and settlers; for the immigrants seeking freedom and opportunity; for the tourists and snowbirds seeking warmth and rest; for these and for everyone in our state, we thank You. Thank You for those who serve the common good; for the Governor and Legislators; for the judges, the mayors, and town councils; for the police, fire and emergency personnel; for health care professionals, teachers and clergy; for all these and so many more, we thank You. Thank You for the precious gift of our lives; for life in the womb and in the cradle; for life in the day care centers and in schools; for life in the homes and workplaces; for life in the slums and in the prisons; for life in hospitals and nursing homes; for life in strength and in vigor; for life in weakness and debility, we thank You. Gracious God, may our gratitude for life be demonstrated in our care, defense, and support of this precious gift in all of its manifestations. Amen.

Motions

On motion by Rep. Byrd, the rules were waived and **HR 9075, HR 9077, HR 9079, HR 9081, HR 9083, HR 9085, HR 9087, HR 9089, HR 9091, HR 9093, HR 9095, HR 9097, HR 9099,** and **HR 9101** were to be read and adopted by publication pursuant to Rule 10.20 subject to an objection deadline of 5:00 p.m., Friday, May 4.

On motion by Rep. Goodlette, Chair of the Committee on Rules, Ethics & Elections, the rules were waived and the following remarks were ordered spread upon the *Journal*.

Statement of Legislative Intent on CS for SB 1530

Amendments were placed on HB 579 which provided for the coordination of the Uniform Commercial Code Bill and CS for CS for SB 108, the structured settlement bill. On May 1, 2001, to ensure passage of the structured settlement bill, the substance of CS for CS for SB 108 was placed on CS for SB 1530.

I want the record to reflect that, notwithstanding the change in the bill number, the amendments placed on HB 579 referring to CS for CS for SB 108 are nevertheless effective since CS for CS for SB 108 and CS for SB 1530 have the same provisions.

*Rep. Donald "Don" Brown
District 5*

Rep. Byrd moved that the House consider lists one and two and return to consideration of Messages from the Senate, which was agreed to without objection.

Recalled from Senate

On motion by Rep. Goodlette, the Senate was requested to return **HB 1861**.

SUMMARY OF CONFERENCE COMMITTEE ACTION

Voting Systems

Punchcards, paper ballots, mechanical lever machines and central-count voting systems will no longer be used in the state, beginning with the 2002 primary election. Any future system certified for use in the state must have a precinct-count tabulation system. The Division of Elections is required to review voting system certification standards on an ongoing basis to insure that new voting technologies are certified for use in a timely manner. The Division of Elections is required to provide for a uniform ballot design for each certified voting system in the state.

Funding is provided to the counties based on the number of precincts in the county as of the 2000 General Election. Small counties will receive \$7500 per precinct and other counties will receive \$3750 per precinct. The distribution of funds is to be made over a two-year period.

Provisional Ballots

Voters who go to the polls on election day and whose eligibility cannot be determined will be allowed to vote a provisional ballot. A provisional ballot will not be counted unless the canvassing board determines that the voter was eligible to vote in the precinct at the election.

Recounts

The same manner of recount will be done in each affected jurisdiction. For statewide elections, recounts will be conducted in every county in Florida to insure fair and equal treatment of all Florida voters. For multicounty races, all counties comprising the district of the candidacy or ballot measure will be required to recount. An automatic machine recount will be conducted if the margin of victory is 1/2 of one percent or less. An automatic manual recount will be conducted of overvotes and undervotes if the margin of victory is 1/4 of one percent or less. If the margin of victory is between 1/4 and 1/2 of one percent, an affected candidate or party is entitled to a manual recount if timely and properly requested.

The current statutory standard of voter intent is clarified for purposes of manual recounts. A vote will count if there is a "clear indication on the ballot that the voter has made a definite choice." The Department of State is charged with adopting rules for each certified voting system prescribing precisely what constitutes a "clear indication on the ballot that the voter has made a definite choice" and prescribing uniform recount procedures.

Certification Deadlines

The deadlines for county canvassing boards to certify the results of an election are modified. The deadline for the first and second primary will be 7 days following the primary. Results for the general election will be due 11 days following the election. Any returns not filed by the deadline will be ignored, except in the case of a major emergency.

Second Primary Election

For the 2002 election cycle, the second primary will be eliminated. The remaining primary will be held on the second Tuesday in September to avoid the Labor Day holiday. Various dates are revised to conform to this change for the 2002 elections.

Military and Overseas Voting

Several new sections are created to facilitate the provisions of the federal Uniformed and Overseas Citizens Absentee Voting Act. These provisions include late registration, a state write-in ballot, e-mail notification of names of candidates, and electronic transmission of absentee ballots and requests from overseas voters.

A date line is provided on the absentee ballot envelope and a presumption is created to provide that a ballot from an overseas voter was mailed on the date signed and witnessed, regardless of whether there is a postmark or whether a postmark indicates a date after the election.

The Elections Canvassing Commission is authorized to adopt emergency rules to avoid the disenfranchisement of voters during times of crises.

Absentee Ballots

The definition of absentee ballot is clarified to clearly indicate that any registered voter may vote an absentee ballot without cause. The information to be provided when requesting an absentee ballot is modified to eliminate information regarding social security numbers and the voter identification number. An absentee ballot Voter's Certificate is required to contain the signature of the voter and the signature and address of a witness 18 years of age or older.

Several sections that were not precleared by the U.S. Department of Justice or that have proven unworkable have been repealed.

Canvassing boards will be allowed to process absentee ballots through the tabulating equipment up to 4 days before the election. No results may be released until after the polls close and any person who releases results early commits a 3rd degree felony.

Pollworker Training

Minimum standards and hourly requirements are provided for the training of pollworkers. In addition, the Division of Elections is required to adopt a uniform polling place manual to guide the pollworkers on procedures to be followed on election day.

Voter Education

The Division of Elections is required to adopt minimum standards for voter education. Each county will be able to receive funds for voter education and pollworker training upon submission of a detailed description of the programs to be implemented. Reports are required to be submitted indicating the effectiveness of voter education programs in each county.

A Voter's Bill of Rights and Responsibilities is required to be posted at each polling place on election day.

Elections Canvassing Commission

The composition of the Elections Canvassing Commission is modified. The Commission will consist of the Governor and two members of the Cabinet. Any vacancy must be filled with an elected official.

Election Contests

The grounds for an election contest are modified. The current provision, which affords a circuit judge unfettered discretion in fashioning orders and the authority to order investigations to prevent or correct any alleged wrong and to provide any appropriate relief, is eliminated.

Statewide Voter Registration Database

The Department of State is required to develop a statewide voter registration database containing voter registration information from all of the counties. The Department is given the authority to contract with the Florida Association of Court Clerks to analyze, design, develop, operate, and maintain the database. A criminal penalty is provided for any supervisor of elections who willfully refuses or neglects to perform his or her duties with respect to the implementation and administration of the database.

Time Zone Study

The Division of Elections, in conjunction with the Florida State Association of Supervisors of Elections, is required to study the benefits and drawbacks of having uniform poll opening and closing times throughout the state. A report of the findings is to be provided no later than January 1, 2002.

Polling Place Procedures

A provision requiring election officials to call out a voter's name loudly enough for the pollwatchers to hear is eliminated.

Voter Registration

The procedures for handling a voter registration application which is missing information are modified. Instead of being required to fill out a new application, a potential voter will be notified to provide the missing information in writing.

Public Financing

Contributions from out of state residents will not be counted toward the threshold amounts needed to receive public financing and will not be qualifying matching contributions.

Thereafter the electronic or electromechanical voting system may be used for voting at all elections for public and party offices and on all measures and for receiving, registering, and counting the votes thereof in such election precincts as the governing body directs. *A county must use an electronic or electromechanical precinct-count tabulation voting system. Any such board may contract for the tabulation of votes at a location within the county when there is no suitable tabulating equipment available which is owned by the county.*

Section 17. *Effective September 2, 2002, a voting system that uses an apparatus or device for the piercing of ballots by the voter may not be used in this state.*

Section 18. Effective September 2, 2002, section 101.5606, Florida Statutes, is amended to read:

101.5606 Requirements for approval of systems.—

No electronic or electromechanical voting system shall be approved by the Department of State unless it is so constructed that:

(1) It permits and requires voting in secrecy.

(2) It permits each elector to vote at any election for all persons and offices for whom and for which the elector is lawfully entitled to vote, and no others; to vote for as many persons for an office as the elector is entitled to vote for; and to vote for or against any question upon which the elector is entitled to vote.

(3) *The automatic tabulating equipment shall be set to reject a ballot and provide the elector an opportunity to correct the ballot where the number of votes for an office or measure exceeds the number which the voter is entitled to cast or where the tabulating equipment reads the ballot as a ballot with no votes cast.*

(4)(3) *For rejected ballots that voters choose to cast, the automatic tabulating equipment will be set to accept the ballot and reject all votes for any office or measure when the number of votes therefor exceeds the number which the voter is entitled to cast or when the voter is not entitled to cast a vote for the office or measure.*

(5)(4) It is capable of correctly counting votes.

(6)(5) It permits each voter at a primary election to vote only for the candidates seeking nomination by the political party in which such voter is registered, for any candidate for nonpartisan office, and for any question upon which the voter is entitled to vote.

(7)(6) At presidential elections it permits each elector, by one operation, to vote for all presidential electors of a party or for all presidential electors of candidates for President and Vice President with no party affiliation.

(8)(7) It provides a method for write-in voting.

(9)(8) It is capable of accumulating a count of the specific number of ballots tallied for a precinct, accumulating total votes by candidate for each office, and accumulating total votes for and against each question and issue of the ballots tallied for a precinct.

(12)(11) ~~If it is of a type which registers votes electronically, it will permit each voter to change his or her vote for any candidate or upon any question appearing on the official ballot up to the time that the voter takes the final step to register his or her vote and to have the vote computed.~~

(13)(12) It is capable of providing records from which the operation of the voting system may be audited.

(14) *It uses a precinct-count tabulation system.*

(15) *It does not use an apparatus or device for the piercing of ballots by the voter.*

Section 19. Paragraph (b) of subsection (1) of section 101.5607, Florida Statutes, is amended to read:

101.5607 Department of State to maintain voting system information; prepare software.—

(1)

(b) Within 24 hours after the completion of any logic and accuracy test conducted pursuant to s. 101.5612(4), the supervisor of elections shall send by certified mail to the Department of State a copy of the tabulation program which was used in the logic and accuracy testing.

Section 20. Paragraph (b) of subsection (2) of section 101.5608, Florida Statutes, is amended to read:

101.5608 Voting by electronic or electromechanical method; procedures.—

(2) When an electronic or electromechanical voting system utilizes a ballot card or paper ballot, the following procedures shall be followed:

(b) Any voter who spoils his or her ballot or makes an error may return the ballot to the election official and secure another ballot, except that in no case shall a voter be furnished more than three ballots. *If the vote tabulation device has rejected a ballot, the ballot shall be considered spoiled and a new ballot shall be provided to the voter unless the voter chooses to cast the rejected ballot. The election official, without examining the original ballot, shall state the possible reasons for the rejection and direct the voter to the instruction model provided at the precinct pursuant to s. 101.5611.* A spoiled ballot shall be preserved, without examination, in an envelope provided for that purpose. The stub shall be removed from the ballot and placed in an envelope.

Section 21. Section 101.5612, Florida Statutes, is amended to read:

101.5612 Testing of tabulating equipment.—

(1) *All electronic or electromechanical voting systems shall be thoroughly tested at the conclusion of maintenance and programming. Tests shall be sufficient to determine that the voting system is properly programmed, the election is correctly defined on the voting system, and all of the voting system input, output, and communication devices are working properly.*

(2)(4) On any day not more than 10 days prior to the election day, the supervisor of elections shall have the automatic tabulating equipment publicly tested to ascertain that the equipment will correctly count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least 48 hours prior thereto by publication once in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. The supervisor or the municipal elections official may, at the time of qualifying, give written notice of the time and location of such public the preelection test to each candidate qualifying with that office and obtain a signed receipt that such notice has been given. The Department of State shall give written notice to each statewide candidate at the time of qualifying, or immediately at the end of qualifying, that the voting equipment will be tested and advise each such candidate to contact the county supervisor of elections as to the time and location of the public preelection test pretest. The supervisor or the municipal elections official shall, at least 15 days prior to an election, send written notice by certified mail to the county party chair of each political party and to all candidates for other than statewide office whose names appear on the ballot in the county and who did not receive written notification from the supervisor or municipal elections official at the time of qualifying, stating the time and location of the public preelection test of the automatic tabulating equipment. The canvassing board shall convene, and each member of the canvassing board shall certify to the accuracy of the test. For the test, the canvassing board may designate one member to represent it. The test shall be open to representatives of the political parties, the press, and the public. Each political party may designate one person with expertise in the computer field who shall be allowed in the central counting room when all tests are being conducted and when the official votes are being counted. Such designee shall not interfere with the normal operation of the canvassing board.

(3) *For electronic or electromechanical voting systems configured to tabulate absentee ballots at a central or regional site, the public testing shall be conducted by processing a preaudited group of ballots so produced as to record a predetermined number of valid votes for each candidate and on each measure and to include one or more ballots for each office which have activated voting positions in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the cause therefor shall be corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated and errorless results achieved immediately before the start of the official count of the ballots and again after the completion of the official count.*

The programs and ballots used for testing shall be sealed and retained under the custody of the county canvassing board.

(4)(a)1. *For electronic or electromechanical voting systems configured to include electronic or electromechanical tabulation devices which are distributed to the precincts, all or a sample of the devices to be used in the election shall be publicly tested. If a sample is to be tested, the sample shall consist of a random selection of at least 5 percent or 10 of the devices, whichever is greater. The test shall be conducted by processing a group of ballots, causing the device to output results for the ballots processed, and comparing the output of results to the results expected for the ballots processed. The group of ballots shall be produced so as to record a predetermined number of valid votes for each candidate and on each measure and to include for each office one or more ballots which have activated voting positions in excess of the number allowed by law in order to test the ability of the tabulating device to reject such votes.*

2. *If any tested tabulating device is found to have an error in tabulation, it shall be deemed unsatisfactory. For each device deemed unsatisfactory, the canvassing board shall take steps to determine the cause of the error, shall attempt to identify and test other devices that could reasonably be expected to have the same error, and shall test a number of additional devices sufficient to determine that all devices are satisfactory. Upon deeming any device unsatisfactory, the canvassing board may require all devices to be tested or may declare that all devices are unsatisfactory.*

3. *If the operation or output of any tested tabulation device, such as spelling or the order of candidates on a report, is in error, such problem shall be reported to the canvassing board. The canvassing board shall then determine if the reported problem warrants its deeming the device unsatisfactory.*

(b) *At the completion of testing under this subsection, the canvassing board or its representative, the representatives of the political parties, and the candidates or their representatives who attended the test shall witness the resetting of each device that passed to a preelection state of readiness and the sealing of each device that passed in such a manner as to secure its state of readiness until the opening of the polls.*

(c) *The canvassing board or its representative shall execute a written statement setting forth the tabulation devices tested, the results of the testing, the protective counter numbers, if applicable, of each tabulation device, the number of the seal securing each tabulation device at the conclusion of testing, any problems reported to the board as a result of the testing, and whether each device tested is satisfactory or unsatisfactory.*

(d) *Any tabulating device deemed unsatisfactory shall be reprogrammed, repaired, or replaced and shall be made available for retesting. Such device must be determined by the canvassing board or its representative to be satisfactory before it may be used in any election. The canvassing board or its representative shall announce at the close of the first testing the date, place, and time that any unsatisfactory device will be retested or may, at the option of the board, notify by telephone each person who was present at the first testing as to the date, place, and time that the retesting will occur.*

(e) *Records must be kept of all preelection testing of electronic or electromechanical tabulation devices used in any election. Such records are to be present and available for inspection and reference during public preelection testing by any person in attendance during such testing. The need of the canvassing board for access to such records during the testing shall take precedence over the need of other attendees to access such records so that the work of the canvassing board will not be delayed or hindered. Records of testing must include, for each device, the name of each person who tested the device and the date, place, time, and results of each test. Records of testing shall be retained as part of the official records of the election in which any device was used.*

~~(2)—The test shall be conducted by processing a preaudited group of ballots so produced as to record a predetermined number of valid votes for each candidate and on each measure and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to~~

~~reject such votes. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated immediately before the start of the official count of the ballots in the same manner as set forth above. After the completion of the count, the test shall be repeated. The programs and ballots used shall be sealed and retained under the custody of the county canvassing board.~~

Section 22. Effective September 2, 2002, subsections (1), (2), (3), and (7) of section 101.5614, Florida Statutes, as amended by this act, are amended to read:

101.5614 Canvass of returns.—

(1)(a) In precincts in which an electronic or electromechanical voting system is used, as soon as the polls are closed, the election board shall secure the voting devices against further voting. The election board shall thereafter open the ballot box in the presence of members of the public desiring to witness the proceedings and count the number of voted ballots, unused ballots, provisional ballots, and spoiled ballots to ascertain whether such number corresponds with the number of ballots issued by the supervisor. If there is a difference, this fact shall be reported in writing to the county canvassing board with the reasons therefor if known. The total number of voted ballots shall be entered on the forms provided. The proceedings of the election board at the precinct after the polls have closed shall be open to the public; however, no person except a member of the election board shall touch any ballot or ballot container or interfere with or obstruct the orderly count of the ballots.

~~(b) In lieu of opening the ballot box at the precinct, the supervisor may direct the election board to keep the ballot box sealed and deliver it to a central or regional counting location. In this case, the election board shall count the stubs removed from the ballots to determine the number of voted ballots.~~

~~(2)(a) If the ballots are to be tallied at a central location or at no more than three regional locations, the election board shall place all ballots that have been cast and the unused, void, provisional, and defective ballots in the container or containers provided for this purpose, which shall be sealed and delivered forthwith to the central or regional counting location or other designated location by two inspectors who shall not, whenever possible, be of the same political party. The election board shall certify that the ballots were placed in such container or containers and each container was sealed in its presence and under its supervision, and it shall further certify to the number of ballots of each type placed in the container or containers.~~

~~(2)(b) If ballots are to be counted at the precincts, such ballots shall be counted pursuant to rules adopted by The Department of State, which rules shall, in accordance with s. 101.015, adopt rules that provide safeguards which conform as nearly as practicable to the safeguards provided in the procedures for the counting of votes at a precinct and at a central or regional location.~~

~~(3)(a) All proceedings at the central or regional counting location or other designated location shall be under the direction of the county canvassing board and shall be open to the public, but no person except a person employed and authorized for the purpose shall touch any ballot or ballot container, any item of automatic tabulating equipment, or any return prior to its release. If the ballots are tabulated at regional locations, one member of the canvassing board or a person designated by the board to represent it shall be present at each location during the testing of the counting equipment and the tabulation of the ballots.~~

~~(3)(b) The results of If ballots are tabulated at precinct regional locations, the results of such election may be transmitted via dedicated teleprocessing lines to the main computer system for the purpose of compilation of complete returns. The security guidelines for transmission of returns by dedicated teleprocessing lines shall conform to rules adopted by the Department of State pursuant to s. 101.015.~~

(7) Absentee ballots may be counted by automatic tabulating equipment if they have been punched or marked in a manner which will enable them to be properly counted by such equipment.

Section 23. Effective September 2, 2002, section 101.58, Florida Statutes, is amended to read:

101.58 Supervising and observing registration and election processes.—The Department of State may, at any time it deems fit; upon the petition of 5 percent of the registered electors; or upon the petition of any candidate, county executive committee chair, state committeeman or committeewoman, or state executive committee chair, appoint one or more deputies whose duties shall be to observe and examine the registration and election processes and the condition, custody, and operation of voting systems and equipment machines in any county or municipality. (1) At all elections, a voter claiming to be properly registered in the county and eligible to vote at the precinct in the election, but whose eligibility cannot be determined, shall be entitled to vote a provisional ballot. Once voted, the provisional ballot shall be placed in a secrecy envelope and thereafter sealed in a provisional ballot envelope. The provisional ballot shall be deposited in a ballot box. All provisional ballots shall remain sealed in their envelopes for return to the supervisor of elections.

(2)(a) The county canvassing board shall examine each provisional ballot to determine if the person voting that ballot was entitled to vote at the precinct in the election and that the person had not already cast a ballot in the election.

(b)1. If it is determined that the person was registered and entitled to vote at the precinct in the election, the canvassing board shall compare the signature on the provisional ballot envelope with the signature on the voter's registration and, if it matches, shall count the ballot.

2. If it is determined that the person voting the provisional ballot was not registered or entitled to vote at the precinct in the election, the provisional ballot shall not be counted and the ballot shall remain in the envelope containing the Provisional Ballot Voter's Certificate and the envelope marked "Rejected as Illegal."

(3) The Provisional Ballot Voter's Certificate shall be in substantially the following form:

Section 36. Subsections (2) and (3) of section 101.045, Florida Statutes, are amended to read:

101.045 Electors must be registered in precinct; provisions for residence or name change.—

(2)(a) An elector who moves from the precinct within the county in which the elector is registered may be permitted to vote in the precinct to which he or she has moved his or her legal residence, provided such elector completes an affirmation in substantially the following form:

Change of Legal Residence of Registered Voter

Under penalties for false swearing, I, . . . (Name of voter). . . , swear (or affirm) that the former address of my legal residence was . . . (Address of legal residence). . . in the municipality of . . . , in . . . County, Florida, and I was registered to vote in the . . . precinct of . . . County, Florida; that I have not voted in the precinct of my former registration in this election; that I now reside at . . . (Address of legal residence). . . in the Municipality of . . . , in . . . . . . (Signature of voter whose address of legal residence has changed). . .

(b) An elector whose name changes because of marriage or other legal process may be permitted to vote, provided such elector completes an affirmation in substantially the following form:

Change of Name of Registered Voter

Under penalties for false swearing, I, . . . (New name of voter). . . , swear (or affirm) that my name has been changed because of marriage or other legal process. My former name and address of legal residence appear on the registration books of precinct . . . as follows:

and I further swear (or affirm) that I am otherwise legally registered and entitled to vote.

. . . (Signature of voter whose name has changed). . .

(c) Such affirmation, when completed and presented at the precinct in which such elector is entitled to vote, and upon verification of the elector's registration, shall entitle such elector to vote as provided in this subsection. If the elector's eligibility to vote cannot be determined, he or she shall be entitled to vote a provisional ballot, subject to the requirements and procedures in s. 101.048. Upon receipt of an affirmation certifying a change in address of legal residence or name, the supervisor shall as soon as practicable make the necessary changes in the registration records of the county to indicate the change in address of legal residence or name of such elector.

(d) Instead of the affirmation contained in paragraph (a) or paragraph (b), an elector may complete a voter registration application that indicates the change of name or change of address of legal residence.

(e) A request for an absentee ballot pursuant to s. 101.62 which indicates that the elector has had a change of address of legal residence from that in the supervisor's records shall be sufficient as the notice to the supervisor of change of address of legal residence required by this section. Upon receipt of such request for an absentee ballot from an elector who has changed his or her address of legal residence, the

supervisor shall provide the elector with the proper ballot for the precinct in which the elector then has his or her legal residence.

(3) When an elector's name does not appear on the registration books of the election precinct in which the elector is registered and when the elector cannot present a valid registration identification card, the elector may have his or her name restored if the supervisor is otherwise satisfied that the elector is validly registered, that the elector's name has been erroneously omitted from the books, and that the elector is entitled to have his or her name restored. The supervisor, if he or she is satisfied as to the elector's previous registration, shall allow such person to vote and shall thereafter issue a duplicate registration identification card.

Section 37. Subsections (1), (2), (5), (6), and (8) of section 101.5614, Florida Statutes, are amended, and subsection (9) is added to said section to read:

101.5614 Canvass of returns.—

(1)(a) In precincts in which an electronic or electromechanical voting system is used, as soon as the polls are closed, the election board shall secure the voting devices against further voting. The election board shall thereafter open the ballot box in the presence of members of the public desiring to witness the proceedings and count the number of voted ballots, unused ballots, provisional ballots, and spoiled ballots to ascertain whether such number corresponds with the number of ballots issued by the supervisor. If there is a difference, this fact shall be reported in writing to the county canvassing board with the reasons therefor if known. The total number of voted ballots shall be entered on the forms provided. The proceedings of the election board at the precinct after the polls have closed shall be open to the public; however, no person except a member of the election board shall touch any ballot or ballot container or interfere with or obstruct the orderly count of the ballots.

(b) In lieu of opening the ballot box at the precinct, the supervisor may direct the election board to keep the ballot box sealed and deliver it to a central or regional counting location. In this case, the election board shall count the stubs removed from the ballots to determine the number of voted ballots.

(2)(a) If the ballots are to be tallied at a central location or at no more than three regional locations, the election board shall place all ballots that have been cast and the unused, void, provisional, and defective ballots in the container or containers provided for this purpose, which shall be sealed and delivered forthwith to the central or regional counting location or other designated location by two inspectors who shall not, whenever possible, be of the same political party. The election board shall certify that the ballots were placed in such container or containers and each container was sealed in its presence and under its supervision, and it shall further certify to the number of ballots of each type placed in the container or containers.

(b) If ballots are to be counted at the precincts, such ballots shall be counted pursuant to rules adopted by the Department of State, which rules shall provide safeguards which conform as nearly as practicable to the safeguards provided in the procedures for the counting of votes at a central location.

(5) If any ballot card of the type for which the offices and measures are not printed directly on the card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy shall be made of the damaged ballot card in the presence of witnesses and substituted for the damaged ballot. Likewise, a duplicate ballot card shall be made of a defective ballot which shall not include the invalid votes. All duplicate ballot cards shall be clearly labeled "duplicate," bear a serial number which shall be recorded on the damaged or defective ballot card, and be counted in lieu of the damaged or defective ballot. If any ballot card of the type for which offices and measures are printed directly on the card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy may be made of the damaged ballot card in the presence of witnesses and in the manner set forth above, or the valid

votes on the damaged ballot card may be manually counted at the counting center by the canvassing board, whichever procedure is best suited to the system used. If any paper ballot is damaged or defective so that it cannot be counted properly by the automatic tabulating equipment, the ballot shall be counted manually at the counting center by the canvassing board. The totals for all such ballots or ballot cards counted manually shall be added to the totals for the several precincts or election districts. No vote shall be declared invalid or void if there is a clear indication *on the ballot that the voter has made a definite choice of the intent of the voter* as determined by the canvassing board. After duplicating a ballot, the defective ballot shall be placed in an envelope provided for that purpose, and the duplicate ballot shall be tallied with the other ballots for that precinct.

(6) *If there is no clear indication on the ballot that the voter has made a definite choice for an office or ballot measure* ~~If an elector marks more names than there are persons to be elected to an office or if it is impossible to determine the elector's choice,~~ the elector's ballot shall not be counted for that office or measure, but the ballot shall not be invalidated as to those names or measures which are properly marked.

(8) The return printed by the automatic tabulating equipment, to which has been added the return of write-in, absentee, and manually counted votes *and votes from provisional ballots,* shall constitute the official return of the election *upon certification by the canvassing board.* Upon completion of the count, the returns shall be open to the public. A copy of the returns may be posted at the central counting place or at the office of the supervisor of elections in lieu of the posting of returns at individual precincts.

(9) *Any supervisor of elections, deputy supervisor of elections, canvassing board member, election board member, or election employee who releases the results of any election prior to the closing of the polls on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.*

Section 38. Section 101.69, Florida Statutes, is amended to read:

101.69 Voting in person; return of absentee ballot.—The provisions of this code shall not be construed to prohibit any elector from voting in person at the elector's precinct on the day of an election notwithstanding that the elector has requested an absentee ballot for that election. An elector who has received an absentee ballot, but desires to vote in person, shall return the ballot, whether voted or not, to the election board in the elector's precinct. The returned ballot shall be marked "canceled" by the board and placed with other canceled ballots. However, if the elector is unable to return the ballot, the elector may *vote a provisional ballot as provided in s. 101.048* ~~execute an affidavit stating that the absentee ballot has not been voted and the elector may then vote at the precinct.~~

Section 39. Section 102.111, Florida Statutes, is amended to read:

102.111 Elections Canvassing Commission.—

(1) ~~Immediately after certification of any election by the county canvassing board, the results shall be forwarded to the Department of State concerning the election of any federal or state officer. The Governor, the Secretary of State, and the Director of the Division of Elections shall be the Elections Canvassing Commission. The Elections Canvassing Commission shall consist of the Governor and two members of the Cabinet selected by the Governor. If a member of the Elections Canvassing Commission is unable to serve for any reason, the Governor shall appoint a remaining member of the Cabinet. If there is a further vacancy, the remaining members of the commission shall agree on another elected official to fill the vacancy. The Elections Canvassing Commission shall, as soon as the official results are compiled from all counties, certify the returns of the election and determine and declare who has been elected for each federal, state, and multi-county office. In the event that any member of the Elections Canvassing Commission is unavailable to certify the returns of any election, such member shall be replaced by a substitute member of the Cabinet as determined by the Director of the Division of Elections. If the county returns are not received by the Department of State by 5 p.m. of the seventh day~~

~~following an election, all missing counties shall be ignored, and the results shown by the returns on file shall be certified.~~

(2) The Division of Elections shall provide the staff services required by the Elections Canvassing Commission.

Section 40. Section 102.112, Florida Statutes, is amended to read:

102.112 Deadline for submission of county returns to the Department of State; ~~penalties.~~—

(2) Returns must be filed by 5 p.m. on the 7th day following ~~a the first primary election and by 5 p.m. on the 11th day following the and~~ general election ~~and by 3 p.m. on the 3rd day following the second primary.~~

(3) If the returns are not received by the department by the time specified, such returns ~~shall~~ *may* be ignored and the results on file at that time ~~shall~~ *may* be certified by the department.

(4) *If the returns are not received by the department due to an emergency, as defined in s. 101.732, the Elections Canvassing Commission shall determine the deadline by which the returns must be received.*

~~(2) The department shall fine each board member \$200 for each day such returns are late, the fine to be paid only from the board member's personal funds. Such fines shall be deposited into the Election Campaign Financing Trust Fund, created by s. 106.32.~~

~~(3) Members of the county canvassing board may appeal such fines to the Florida Elections Commission, which shall adopt rules for such appeals.~~

Section 41. Present subsections (5) and (6) of section 102.141, Florida Statutes, are redesignated as subsections (7) and (8), respectively, present subsection (4) is amended and redesignated as subsection (6), subsections (2) and (3) are amended, and new subsections (4) and (5) are added to that section to read:

102.141 County canvassing board; duties.—

(2) The county canvassing board shall meet in a building accessible to the public in the county where the election occurred at a time and place to be designated by the supervisor of elections to publicly canvass the absentee electors' ballots as provided for in s. 101.68 *and provisional ballots as provided by s. 101.048.* Public notice of the time and place at which the county canvassing board shall meet to canvass the absentee electors' ballots *and provisional ballots* shall be given at least 48 hours prior thereto by publication once in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. As soon as the absentee electors' ballots *and the provisional ballots* are canvassed, the board shall proceed to publicly canvass the vote given each candidate, nominee, constitutional amendment, or other measure submitted to the electorate of the county, as shown by the returns then on file in the office of the supervisor of elections and the office of the county court judge.

(3) The canvass, except the canvass of absentee electors' returns *and the canvass of provisional ballots,* shall be made from the returns and certificates of the inspectors as signed and filed by them with the county court judge and supervisor, respectively, and the county canvassing board shall not change the number of votes cast for a candidate, nominee, constitutional amendment, or other measure submitted to the electorate of the county, respectively, in any polling place, as shown by the returns. All returns shall be made to the board on or before 2 a.m. ~~noon~~ of the day following any primary, general, special, or other election. If the returns from any precinct are missing, if there are any omissions on the returns from any precinct, or if there is an obvious error on any such returns, the canvassing board shall order a recount of the returns

from such precinct. Before canvassing such returns, the canvassing board shall examine the ~~counters on the machines or the~~ tabulation of the ballots cast in such precinct and determine whether the returns correctly reflect the votes cast. If there is a discrepancy between the returns and the ~~counters of the machines or the~~ tabulation of the ballots cast, the ~~counters of such machines or the~~ tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly.

(4) *The canvassing board shall submit unofficial returns to the Department of State for each federal, statewide, state, or multi-county office or ballot measure no later than noon on the day after any primary, general, special, or other election.*

(5) *If the county canvassing board determines that the unofficial returns may contain a counting error in which the vote tabulation system failed to count votes that were properly marked in accordance with the instructions on the ballot, the county canvassing board shall:*

(a) *Correct the error and recount the affected ballots with the vote tabulation system; or*

(b) *Request that the Department of State verify the tabulation software. When the Department of State verifies such software, the department shall compare the software used to tabulate the votes with the software filed with the department pursuant to s. 101.5607 and check the election parameters.*

(6)(4) *If the unofficial returns ~~for any office~~ reflect that a candidate for any office was defeated or eliminated by one-half of a percent or less of the votes cast for such office, that a candidate for retention to a judicial office was retained or not retained by one-half of a percent or less of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by one-half of a percent or less of the votes cast on such measure, the board responsible for certifying the results of the vote on such race or measure shall order a recount of the votes cast with respect to such office or measure. A recount need not be ordered with respect to the returns for any office, however, if the candidate or candidates defeated or eliminated from contention for such office by one-half of a percent or less of the votes cast for such office request in writing that a recount not be made.*

(a) *In counties with voting systems that use ballot cards or paper ballots, each canvassing board responsible for conducting a recount shall put each ballot through the automatic tabulating equipment for each precinct in which the office or issue appeared on the ballot and determine whether the returns correctly reflect the votes cast. Immediately before the start of the recount and after completion of the count, a test of the tabulating equipment shall be conducted as provided in s. 101.5612. If the test indicates no error, the recount tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly. If an error is detected, the cause therefor shall be ascertained and corrected and the recount repeated, as necessary. The canvassing board shall immediately report the error, along with the cause of the error and the corrective measures being taken, to the Department of State. No later than 11 days after the election, the canvassing board shall file a separate incident report with the Department of State, detailing the resolution of the matter and identifying any measures that will avoid a future recurrence of the error.*

(b) *In counties with voting systems that do not use ballot cards or paper ballots, each canvassing board responsible for conducting a recount shall examine the counters on the precinct tabulators to ensure that the total of the returns on the precinct tabulators equals the overall election return ~~machines or the~~ tabulation of the ballots cast in each precinct in which the office or issue appeared on the ballot and determine whether the returns correctly reflect the votes cast. If there is a discrepancy between the overall election return ~~returns~~ and the counters of the precinct tabulators ~~machines or the~~ tabulation of the ballots cast, the counters of the precinct tabulators ~~of such machines or the~~ tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly.*

(c) *The canvassing board shall submit a second set of unofficial returns to the Department of State for each federal, statewide, state, or*

multi-county office or ballot measure no later than noon on the second day after any election in which a recount was conducted pursuant to this subsection. If the canvassing board is unable to complete the recount prescribed in this subsection by the deadline, the second set of unofficial returns submitted by the canvassing board shall be identical to the initial unofficial returns and the submission shall also include a detailed explanation of why it was unable to timely complete the recount. However, the canvassing board shall complete the recount prescribed in this subsection, along with any manual recount prescribed in s. 102.166, and certify election returns in accordance with the requirements of this chapter.

Section 42. Section 102.166, Florida Statutes, is amended to read:

102.166 ~~Manual recounts~~ ~~Protest of election returns; procedure.~~—

(1) *If the second set of unofficial returns pursuant to s. 102.141 indicates that a candidate for any office was defeated or eliminated by one-quarter of a percent or less of the votes cast for such office, that a candidate for retention to a judicial office was retained or not retained by one-quarter of a percent or less of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by one-quarter of a percent or less of the votes cast on such measure, the board responsible for certifying the results of the vote on such race or measure shall order a manual recount of the overvotes and undervotes cast in the entire geographic jurisdiction of such office or ballot measure.*

(2)(a) *If the second set of unofficial returns pursuant to s. 102.141 indicates that a candidate for any office was defeated or eliminated by between one-quarter and one-half of a percent of the votes cast for such office, that a candidate for retention to judicial office was retained or not retained by between one-quarter and one-half of a percent of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by between one-quarter and one-half of a percent of the votes cast on such measure, any such candidate, the political party of such candidate, or any political committee that supports or opposes such ballot measure is entitled to a manual recount of the overvotes and undervotes cast in the entire geographic jurisdiction of such office or ballot measure, provided that a request for a manual recount is made by 5 p.m. on the second day after the election.*

(b) *For federal, statewide, state, and multi-county races and ballot issues, requests for a manual recount shall be made in writing to the state Elections Canvassing Commission. For all other races and ballot issues, requests for a manual recount shall be made in writing to the county canvassing board.*

(c) *Upon receipt of a proper and timely request, the Elections Canvassing Commission or county canvassing board shall immediately order a manual recount of overvotes and undervotes in all affected jurisdictions.*

(3)(a) *Any hardware or software used to identify and sort overvotes and undervotes for a given race or ballot measure must be certified by the Department of State as part of the voting system pursuant to s. 101.015. Any such hardware or software must be capable of simultaneously counting votes. For certified voting systems, the department shall certify such hardware or software by July 1, 2002. If the department is unable to certify such hardware or software for a certified voting system by July 1, 2002, the department shall adopt rules prescribing procedures for identifying and sorting such overvotes and undervotes. The department's rules may provide for the temporary use of hardware or software whose sole function is identifying and sorting overvotes and undervotes.*

(b) *This subsection does not preclude the department from certifying hardware or software after July 1, 2002.*

(c) *Overvotes and undervotes shall be identified and sorted while recounting ballots pursuant to s. 102.141, if the hardware or software for this purpose has been certified or the department's rules so provide.*

(1) ~~Any candidate for nomination or election, or any elector qualified to vote in the election related to such candidacy, shall have the right to protest the returns of the election as being erroneous by filing with the appropriate canvassing board a sworn, written protest.~~

~~(2) Such protest shall be filed with the canvassing board prior to the time the canvassing board certifies the results for the office being protested or within 5 days after midnight of the date the election is held, whichever occurs later.~~

~~(3) Before canvassing the returns of the election, the canvassing board shall:~~

~~(a) When paper ballots are used, examine the tabulation of the paper ballots cast.~~

~~(b) When voting machines are used, examine the counters on the machines of nonprinter machines or the printer pac on printer machines. If there is a discrepancy between the returns and the counters of the machines or the printer pac, the counters of such machines or the printer pac shall be presumed correct.~~

~~(c) When electronic or electromechanical equipment is used, the canvassing board shall examine precinct records and election returns. If there is a clerical error, such error shall be corrected by the county canvassing board. If there is a discrepancy which could affect the outcome of an election, the canvassing board may recount the ballots on the automatic tabulating equipment.~~

~~(4)(a) Any candidate whose name appeared on the ballot, any political committee that supports or opposes an issue which appeared on the ballot, or any political party whose candidates' names appeared on the ballot may file a written request with the county canvassing board for a manual recount. The written request shall contain a statement of the reason the manual recount is being requested.~~

~~(b) Such request must be filed with the canvassing board prior to the time the canvassing board certifies the results for the office being protested or within 72 hours after midnight of the date the election was held, whichever occurs later.~~

~~(c) The county canvassing board may authorize a manual recount. If a manual recount is authorized, the county canvassing board shall make a reasonable effort to notify each candidate whose race is being recounted of the time and place of such recount.~~

~~(d) The manual recount must include at least three precincts and at least 1 percent of the total votes cast for such candidate or issue. In the event there are less than three precincts involved in the election, all precincts shall be counted. The person who requested the recount shall choose three precincts to be recounted, and, if other precincts are recounted, the county canvassing board shall select the additional precincts.~~

~~(5) If the manual recount indicates an error in the vote tabulation which could affect the outcome of the election, the county canvassing board shall:~~

~~(a) Correct the error and recount the remaining precincts with the vote tabulation system;~~

~~(b) Request the Department of State to verify the tabulation software; or~~

~~(c) Manually recount all ballots.~~

~~(4)(6) Any manual recount shall be open to the public.~~

~~(5)(a) A vote for a candidate or ballot measure shall be counted if there is a clear indication on the ballot that the voter has made a definite choice.~~

~~(b) The Department of State shall adopt specific rules for each certified voting system prescribing what constitutes a "clear indication on the ballot that the voter has made a definite choice." The rules may not:~~

~~1. Exclusively provide that the voter must properly mark or designate his or her choice on the ballot; or,~~

~~2. Contain a catch-all provision that fails to identify specific standards, such as "any other mark or indication clearly indicating that the voter has made a definite choice."~~

~~(6)(7) Procedures for a manual recount are as follows:~~

~~(a) The county canvassing board shall appoint as many counting teams of at least two electors as is necessary to manually recount the ballots. A counting team must have, when possible, members of at least two political parties. A candidate involved in the race shall not be a member of the counting team.~~

~~(b) If a counting team is unable to determine whether the ballot contains a clear indication that the voter has made a definite choice a voter's intent in casting a ballot, the ballot shall be presented to the county canvassing board for a determination it to determine the voter's intent.~~

~~(c) The Department of State shall adopt detailed rules prescribing additional recount procedures for each certified voting system which shall be uniform to the extent practicable. The rules shall address, at a minimum, the following areas:~~

~~1. Security of ballots during the recount process;~~

~~2. Time and place of recounts;~~

~~3. Public observance of recounts;~~

~~4. Objections to ballot determinations;~~

Section 67. Section 106.31, Florida Statutes, is amended to read:

106.31 Legislative intent.—The Legislature finds that the costs of running an effective campaign for statewide office have reached a level which tends to discourage persons from becoming candidates and to limit the persons who run for such office to those who are independently wealthy, who are supported by political committees representing special interests which are able to generate substantial campaign contributions, or who must appeal to special interest groups for campaign contributions. The Legislature further finds that campaign contributions generated by such political committees are having a disproportionate impact vis-a-vis contributions from unaffiliated individuals, which leads to the misperception of government officials unduly influenced by those special interests to the detriment of the public interest. Furthermore, it is the intent of the Legislature that the purpose of public campaign financing is to make candidates more responsive to the voters of the State of Florida and as insulated as possible from special interest groups. The Legislature intends ss. 106.30-106.36 to alleviate these factors, dispel the misperception, and encourage qualified persons to seek statewide elective office who would not, or could not otherwise do so and to protect the effective competition by a candidate who uses public funding.

Section 68. Section 106.33, Florida Statutes, is amended to read:

106.33 Election campaign financing; eligibility.—Each candidate for the office of Governor or member of the Cabinet who desires to receive contributions from the Election Campaign Financing Trust Fund shall, upon qualifying for office, file a request for such contributions with the filing officer on forms provided by the Division of Elections. If a candidate requesting contributions from the fund desires to have such funds distributed by electronic fund transfers, the request shall include information necessary to implement that procedure. For the purposes of ss. 106.30-106.36, candidates for Governor and Lieutenant Governor on the same ticket shall be considered as a single candidate. To be eligible to receive contributions from the fund, a candidate may ~~shall~~ not be an unopposed candidate as defined in s. 106.011(15) and ~~must shall~~:

- (1) Agree to abide by the expenditure limits provided in s. 106.34.

- (2)(a) Raise contributions as follows:

1.(a) One hundred fifty thousand dollars for a candidate for Governor.

2.(b) One hundred thousand dollars for a candidate for Cabinet office.

(b) Contributions from individuals who at the time of contributing are not state residents may not be used to meet the threshold amounts in paragraph (a). For purposes of this paragraph, any person validly registered to vote in this state shall be considered a state resident.

(3) Limit loans or contributions from the candidate's personal funds to \$25,000 and contributions from national, state, and county executive committees of a political party to \$25,000 in the aggregate, which loans or contributions shall not qualify for meeting the threshold amounts in subsection (2).

(4) Submit to a postelection audit of the campaign account by the division.

Section 69. Subsection (2) of section 106.35, Florida Statutes, is amended to read:

106.35 Distribution of funds.—

(2)(a) Each candidate who has been certified to receive contributions from the Election Campaign Financing Trust Fund shall be entitled to distribution of funds as follows:

1. For qualifying matching contributions making up all or any portion of the threshold amounts specified in s. 106.33(2), distribution shall be on a two-to-one basis.

2. For all other qualifying matching contributions, distribution shall be on a one-to-one basis.

(b) Qualifying matching contributions are those of \$250 or less from an individual, made after September 1 of the calendar year prior to the election. Any contribution received from an individual who is not a state resident at the time the contribution is made shall not be considered a qualifying matching contribution. For purposes of this paragraph, any person validly registered to vote in this state shall be considered a state resident. Aggregate contributions from an individual in excess of \$250 will be matched only up to \$250. A contribution from an individual, if made by check, must be drawn on the personal bank account of the individual making the contribution, as opposed to any form of business account, regardless of whether the business account is for a corporation, partnership, sole proprietorship, trust, or other form of business arrangement. For contributions made by check from a personal joint account, the match shall only be for the individual who actually signs the check.

Section 70. Effective July 1, 2001, section 98.0977, Florida Statutes, is created to read:

98.0977 Statewide voter registration database; development and maintenance.—

(1) From the funds appropriated, the department may contract with the Florida Association of Court Clerks to analyze, design, develop, operate, and maintain a statewide, on-line voter registration database and associated web site, to be fully operational statewide by June 1, 2002. The database shall contain voter registration information from each of the 67 supervisors of elections in this state, and shall be accessible through an Internet web site. The system shall provide functionality for ensuring that the database is updated on a daily basis to determine if a registered voter is ineligible to vote for any of the following reasons, including, but not limited to:

(a) The voter is deceased;

(b) The voter has been convicted of a felony and has not had his or her civil rights restored; or

If the supervisor of elections finds information that suggests that a voter is ineligible to register to vote, the supervisor of elections shall notify the voter by certified United States mail. The notification shall contain a statement as to the reason for the voter's potential ineligibility to register to vote and shall request information from the voter on forms provided by the supervisor of elections in order to make a final determination on the voter's eligibility. After reviewing the information requested by the supervisor of elections and provided by the voter, if the supervisor of elections determines that the voter is not eligible to vote under the laws of this state, the supervisor of elections shall notify the voter by certified United States mail that he or she has been found ineligible to register to vote in this state, shall state the reason for the ineligibility, and shall inform the voter that he or she will be removed from the voter registration rolls.

(4) To the maximum extent feasible, state and local government entities shall facilitate provision of information and access to data to the Florida Association of Court Clerks in order to compare information in the statewide voter registration database with available information in other computer databases, including, but not limited to, databases that contain reliable criminal records and records of deceased persons. State and local governmental agencies that provide such data shall do so without charge if the direct cost incurred by those agencies is not significant.

(5) The Division of Elections shall provide written quarterly progress reports on each phase of development of the voter registration database to the President of the Senate and the Speaker of the House of Representatives beginning July 1, 2001, and continuing until the database is fully implemented.

(6) The duties of the supervisors of elections under this section shall be considered part of their regular registration list maintenance duties under this chapter, and any supervisor of elections who willfully refuses or willfully neglects to perform his or her duties under this section shall be in violation of s. 104.051(2).

The Division shall divide the total amount of funds appropriated by the total number of registered voters in the state for the 2000 General Election to establish a funding level per individual voter. Each county shall receive an amount equal to the funding level per individual voter multiplied by the number of registered voters in the county, as certified by the Department of State for the 2000 General Election.

Explanation of Vote

Our constituents didn't ask us to do much. They just wanted us to "FIX IT" and nothing else. They weren't clamoring to end the Second Primary. They weren't rallying in the streets for changes to Public Financing. They just wanted to be sure that what happened in 2000 never, ever, happened again, Period!

There are some good things in this bill. The Butterfly Ballot is Gone. Punch Cards Are Gone. Military Men and Women can Vote with Confidence. Counties will receive much needed money for voting machines and the counties that upgraded voting machines prior to the 2000 general election will be reimbursed for the cost. But instead of stopping there, we had to keep going. We had to eliminate the second primary for two years, a concept that makes no sense to me. I wish we had made our supervisors of elections a non-partisan position. I wish we had not tampered with Public Campaign Financing which I believe has serious constitutional problems.

I voted for CS for SB 1118 because of the great need to repair serious flaws in our election process in Florida. However, in our effort to go beyond these serious needs, I'm afraid we will be back correcting our errors in future session.

*Rep. Doug Wiles
District 20*

Rep. Byrd moved that the House consider lists one and two and return to consideration of Messages from the Senate, which was agreed to.

944.803 Faith-based programs for inmates.—

(1) The Legislature finds and declares that faith-based programs offered in state and private correctional institutions and facilities have the potential to facilitate inmate institutional adjustment, help inmates assume personal responsibility, and reduce recidivism.

(2) It is the intent of the Legislature that the Department of Corrections and the private vendors operating private correctional facilities shall continuously:

- (a) Measure recidivism rates for inmates who have participated in religious programs;
- (b) Increase the number of volunteers who minister to inmates from various faith-based institutions in the community;
- (c) Develop community linkages with churches, synagogues, mosques, and other faith-based institutions to assist inmates in their release back into the community; and

(d) Fund through the use of inmate welfare trust funds pursuant to s. 945.215 an adequate number of chaplains and support staff to operate faith-based programs in correctional institutions.

(3) *By March 1, 2002, the department must have at least three additional faith-based dormitory programs fully operational and by June 1, 2002, the department must have at least three more faith-based dormitory programs fully operational, for a total of six new programs fully operational by June 1, 2002. These six programs shall be similar to and in addition to the current faith-based pilot program. The six new programs shall be a joint effort with the department and faith-based*

service groups within the community. The department shall ensure that an inmate's faith orientation, or lack thereof, will not be considered in determining admission to a faith-based program and that the program does not attempt to convert an inmate toward a particular faith or religious preference. The programs shall operate 24 hours a day within the existing correctional facilities. The programs must emphasize the importance of personal responsibility, meaningful work, education, substance-abuse treatment, and peer support. Participation in the faith-based dormitory program shall be voluntary. However, at least 80 percent of the inmates participating in this program must be within 36 months of release. Assignment to these programs shall be based on evaluation and the length of time the inmate is projected to be assigned to that particular institution. In evaluating an inmate for this program, priority shall be given to inmates who have shown an indication for substance abuse. A right to substance-abuse-program services is not stated, intended, or otherwise implied by this subsection. The department may not remove an inmate once assigned to the program except for the purposes of population management, for inmate conduct that may subject the inmate to disciplinary confinement or loss of gain-time, for physical or mental health concerns, or for security or safety concerns. To support the programming component, the department shall assign a chaplain and a full-time clerical support person dedicated to each dormitory to implement and monitor the program and to strengthen volunteer participation and support. The report must contain the findings from an extensive and scientifically sound evaluation of the program, including at least a longitudinal followup of the inmates who have successfully completed the program compared to other similar inmates who have not participated and an opinion survey of the faith-based service providers.

(4) *Effective October 1, 2001, the Department of Corrections shall assign chaplains to community correctional centers authorized pursuant to s. 945.091(1)(b). These chaplains shall strengthen volunteer participation by recruiting volunteers in the community to assist inmates in transition, and, if requested by the inmate, placement in a mentoring program or at a contracted substance-abuse-transition housing program upon the expiration of his or her sentence. When placing a released inmate in a contracted program the chaplain shall work with the institutional transition-assistance specialist in an effort to successfully place the released inmate.*

(5) *The department shall ensure that any faith component of any program authorized in this chapter is offered on a voluntary basis and, an offender's faith orientation, or lack thereof, will not be considered in determining admission to a faith-based program and that the program does not attempt to convert an offender toward a particular faith or religious preference.*

(6) *The department shall ensure that state funds are not expended for the purpose of furthering religious indoctrination, but rather, that state funds are expended for purposes of furthering the secular goals of criminal rehabilitation, the successful reintegration of offenders into the community, and the reduction of recidivism.*

Section 14. Subsection (1) of section 945.091, Florida Statutes, is amended to read:

945.091 Extension of the limits of confinement; restitution by employed inmates.—

3. For another compelling reason consistent with the public interest, and return to the same or another institution or facility designated by the Department of Corrections.

(b) Work at paid employment, participate in an education or a training program, or voluntarily serve a public or nonprofit agency or *faith-based service group* in the community, while continuing as an inmate of the institution or facility in which the inmate is confined, except during the hours of his or her employment, education, training, or service and traveling thereto and therefrom.

1. An inmate may participate in paid employment only during the last 36 months of his or her confinement, unless sooner requested by the Parole Commission or the Control Release Authority.

2. *While working at paid employment and residing in the facility, an inmate may apply for placement at a contracted substance-abuse-transition housing program. The transition-assistance specialist shall inform the inmate of program availability and assess the inmate's need and suitability for transition-housing assistance. If an inmate is approved for placement, the specialist shall assist the inmate. If an inmate requests and is approved for placement in a contracted faith-based substance-abuse-transition housing program, the specialist must consult with the chaplain prior to such placement. Section 21. Paragraphs (e) and (f) of subsection (4) of section 458.347, Florida Statutes, are amended to read:

458.347 Physician assistants.—

(4) PERFORMANCE OF PHYSICIAN ASSISTANTS.—

(e) A supervisory physician may delegate to a fully licensed physician assistant the authority to prescribe any medication used in the supervisory physician's practice *unless* if such medication is listed on the formulary created pursuant to paragraph (f). A fully licensed physician assistant may only prescribe such medication under the following circumstances:

1. A physician assistant must clearly identify to the patient that he or she is a physician assistant. Furthermore, the physician assistant must inform the patient that the patient has the right to see the physician prior to any prescription being prescribed by the physician assistant.

2. The supervisory physician must notify the department of his or her intent to delegate, on a department-approved form, before delegating such authority and notify the department of any change in prescriptive privileges of the physician assistant.

3. The physician assistant must file with the department, before commencing to prescribe, evidence that he or she has completed a continuing medical education course of at least 3 classroom hours in prescriptive practice, conducted by an accredited program approved by the boards, which course covers the limitations, responsibilities, and privileges involved in prescribing medicinal drugs, or evidence that he or she has received education comparable to the continuing education course as part of an accredited physician assistant training program.

4. The physician assistant must file with the department, before commencing to prescribe, evidence that the physician assistant has a minimum of 3 months of clinical experience in the specialty area of the supervising physician.

5. The physician assistant must file with the department a signed affidavit that he or she has completed a minimum of 10 continuing medical education hours in the specialty practice in which the physician assistant has prescriptive privileges with each licensure renewal application.

6. The department shall issue a license and a prescriber number to the physician assistant granting authority for the prescribing of medicinal drugs authorized within this paragraph upon completion of the foregoing requirements.

7. The prescription must be written in a form that complies with chapter 499 and must contain, in addition to the supervisory physician's name, address, and telephone number, the physician assistant's prescriber number. *Unless it is a drug sample dispensed by the physician assistant*, the prescription must be filled in a pharmacy permitted under chapter 465 and must be dispensed in that pharmacy by a pharmacist

licensed under chapter 465. The appearance of the prescriber number creates a presumption that the physician assistant is authorized to prescribe the medicinal drug and the prescription is valid.

8. The physician assistant must note the prescription in the appropriate medical record, and the supervisory physician must review and sign each notation. For dispensing purposes only, the failure of the supervisory physician to comply with these requirements does not affect the validity of the prescription.

9. This paragraph does not prohibit a supervisory physician from delegating to a physician assistant the authority to order medication for a hospitalized patient of the supervisory physician.

This paragraph does not apply to facilities licensed pursuant to chapter 395.

~~(f)1. There is created a five member committee appointed by the Secretary of Health. The committee must be composed of one fully licensed physician assistant licensed pursuant to this section or s. 459.022, two physicians licensed pursuant to this chapter, one of whom supervises a fully licensed physician assistant, one osteopathic physician licensed pursuant to chapter 459, and one pharmacist licensed pursuant to chapter 465 who is not licensed pursuant to this chapter or chapter 459. The council committee shall establish a formulary of medicinal drugs that for which a fully licensed physician assistant, licensed under this section or s. 459.022, may not prescribe. The formulary must may not include controlled substances as defined in chapter 893, antineoplastics, antipsychotics, radiopharmaceuticals, general anesthetics and or radiographic contrast materials, and all or any parenteral preparations except insulin and epinephrine.~~

2. *In establishing the formulary, the council shall consult with a pharmacist licensed under chapter 465, but not licensed under this chapter or chapter 459, who shall be selected by the Secretary of Health.*

3.2. Only the council committee shall add to, delete from, or modify the formulary. Any person who requests an addition, deletion, or modification of a medicinal drug listed on such formulary has the burden of proof to show cause why such addition, deletion, or modification should be made.

4.3. The boards shall adopt the formulary required by this paragraph, and each addition, deletion, or modification to the formulary, by rule. Notwithstanding any provision of chapter 120 to the contrary, the formulary rule shall be effective 60 days after the date it is filed with the Secretary of State. Upon adoption of the formulary, the department shall mail a copy of such formulary to each fully licensed physician assistant, licensed under this section or s. 459.022, and to each pharmacy licensed by the state. The boards shall establish, by rule, a fee not to exceed \$200 to fund the provisions of this paragraph and paragraph (e).

2. Develop all rules regulating the use of physician assistants by physicians under chapter 458 and this chapter, except for rules relating to the formulary developed under s. 458.347(4)(f). Section 1. *It is the intent of the Legislature that the Medical Quality Assurance Trust Fund should be administered in a fiscally responsible manner. It is also the intent of the Legislature that the Department of Health reduce expenses wherever possible to ensure that the cost of regulation is reasonable and fair and does not serve as a barrier to licensure in this state. The Legislature adopts findings 1, 2, 4, 5, and 8 and the recommendations of the Auditor General's Medical Quality Assurance Operational Audit Report Number 01-063. In addition, the Legislature adopts recommendations 1, 2, 4, 5, and 7 of the Florida Senate Committee on Fiscal Policy Interim Project Report 2001-016.*

Section 2. *The Auditor General shall conduct a followup audit to the Medical Quality Assurance Operational Audit Report Number 01-063 to determine if the Department of Health has implemented the recommendations of that report. The Auditor General shall complete the followup audit and issue a report to the President of the Senate and the Speaker of the House of Representatives no later than January 31, 2002.*

Section 3. *The contract between the Department of Health and the Agency for Health Care Administration pursuant to section 20.43(3), Florida Statutes, is not subject to the provisions of section 216.346, Florida Statutes. The Department of Health shall reimburse the Agency for Health Care Administration for the agency's actual direct costs and the agency's indirect costs incurred as a result of the contract, subject to appropriated funds. The agency shall provide to the department documentation, explanation, and justification of all direct and indirect costs incurred, by budget entity.*

Section 4. *The Office of Program Policy Analysis and Government Accountability shall study the feasibility of maintaining the entire Medical Quality Assurance function, including enforcement, within a single department. Section 5. Subsection (1) of section 456.004, Florida Statutes, is amended, and subsection (10) is added to that section, to read:

456.004 Department; powers and duties.—The department, for the professions under its jurisdiction, shall:

(1) Adopt rules establishing a procedure for the biennial renewal of licenses; however, the department may issue up to a 4-year license to selected licensees notwithstanding any other provisions of law to the contrary. *The rules shall specify the expiration dates of licenses and the process for tracking compliance with continuing education requirements, financial responsibility requirements, and any other conditions of renewal set forth in statute or rule.* Fees for such renewal shall not exceed the fee caps for individual professions on an annualized basis as authorized by law.

(10) *Set an examination fee that includes all costs to develop, purchase, validate, administer, and defend the examination and is an amount certain to cover all administrative costs plus the actual per-applicant cost of the examination.*

Section 6. Section 456.025, Florida Statutes, is amended to read:

456.025 Fees; receipts; disposition.—

(1) *It is the intent of the Legislature that all costs of regulating health care professions and practitioners shall be borne solely by licensees and licensure applicants. It is also the intent of the Legislature that fees should be reasonable and not serve as a barrier to licensure. Moreover, it is the intent of the Legislature that the department operate as efficiently as possible and regularly report to the Legislature additional methods to streamline operational costs. Therefore, the boards in consultation with the department, or the department if there is no board, shall, by rule, set renewal fees which:*

(a) *Shall be based on revenue projections prepared using generally accepted accounting procedures;*

(b) *Shall be adequate to cover all expenses relating to that board identified in the department's long-range policy plan, as required by s. 456.005;*

(c) *Shall be reasonable, fair, and not serve as a barrier to licensure;*

(d) *Shall be based on potential earnings from working under the scope of the license;*

(e) *Shall be similar to fees imposed on similar licensure types;*

(f) *Shall not be more than 10 percent greater than the fee imposed for the previous biennium;*

(g) *Shall not be more than 10 percent greater than the actual cost to regulate that profession for the previous biennium; and*

(h) *Shall be subject to challenge pursuant to chapter 120.*

(2) *The chairpersons of the boards and councils listed in s. 20.43(3)(g) shall meet annually at division headquarters to review the long-range policy plan required by s. 456.005 and current and proposed fee schedules. The chairpersons shall make recommendations for any necessary statutory changes relating to fees and fee caps. Such recommendations shall be compiled by the Department of Health and be included in the annual report to the Legislature required by s. 456.026 as well as be included in the long-range policy plan required by s. 456.005.*

(2)(4) Each board within the jurisdiction of the department, or the department when there is no board, shall determine by rule the amount of license fees for the profession it regulates, based upon long-range

estimates prepared by the department of the revenue required to implement laws relating to the regulation of professions by the department and the board. Each board, or the department if there is no board, shall ensure that license fees are adequate to cover all anticipated costs and to maintain a reasonable cash balance, as determined by rule of the agency, with advice of the applicable board. If sufficient action is not taken by a board within 1 year after notification by the department that license fees are projected to be inadequate, the department shall set license fees on behalf of the applicable board to cover anticipated costs and to maintain the required cash balance. The department shall include recommended fee cap increases in its annual report to the Legislature. Further, it is the legislative intent that no regulated profession operate with a negative cash balance. The department may provide by rule for advancing sufficient funds to any profession operating with a negative cash balance. The advancement may be for a period not to exceed 2 consecutive years, and the regulated profession must pay interest. Interest shall be calculated at the current rate earned on investments of a trust fund used by the department to implement this chapter. Interest earned shall be allocated to the various funds in accordance with the allocation of investment earnings during the period of the advance.

(3)(2) Each board, or the department if there is no board, may charge a fee not to exceed \$25, as determined by rule, for the issuance of a wall certificate pursuant to s. 456.013(2) requested by a licensee who was licensed prior to July 1, 1998, or for the issuance of a duplicate wall certificate requested by any licensee.

(4)(3) Each board, or the department if there is no board, may, by rule, assess and collect a one-time fee from each active status licensee and each inactive status licensee in an amount necessary to eliminate a cash deficit or, if there is not a cash deficit, in an amount sufficient to maintain the financial integrity of the professions as required in this section. Not more than one such assessment may be made in any 4-year period without specific legislative authorization.

(5) *If the cash balance of the trust fund at the end of any fiscal year exceeds the total appropriation provided for the regulation of the health care professions in the prior fiscal year, the boards, in consultation with the department, may lower the license renewal fees.*

(6)(4) Each board ~~authorized to approve continuing education providers~~, or the department if there is no board, ~~shall may~~ establish, by rule, a fee not to exceed \$250 for anyone seeking approval to provide continuing education courses or programs and ~~shall may~~ establish by rule a biennial renewal fee not to exceed \$250 for the renewal of providership of such courses. *The fees collected from continuing education providers shall be used for the purposes of reviewing course provider applications, monitoring the integrity of the courses provided, covering legal expenses incurred as a result of not granting or renewing a providership, and developing and maintaining an electronic continuing education tracking system. The department shall implement an electronic continuing education tracking system for each new biennial renewal cycle for which electronic renewals are implemented after the effective date of this act and shall integrate such system into the licensure and renewal system. All approved continuing education providers shall provide information on course attendance to the department necessary to implement the electronic tracking system. The department shall, by rule, specify the form and procedures by which the information is to be submitted. This subsection does not apply to continuing education courses or providers approved by the board under chapter 465.*

(7)(5) All moneys collected by the department from fees or fines or from costs awarded to the agency by a court shall be paid into a trust fund used by the department to implement this chapter. The Legislature shall appropriate funds from this trust fund sufficient to carry out this chapter and the provisions of law with respect to professions regulated by the Division of Medical Quality Assurance within the department and the boards. The department may contract with public and private entities to receive and deposit revenue pursuant to this section. The department shall maintain separate accounts in the trust fund used by the department to implement this chapter for every profession within the department. To the maximum extent possible, the department shall

directly charge all expenses to the account of each regulated profession. For the purpose of this subsection, direct charge expenses include, but are not limited to, costs for investigations, examinations, and legal services. For expenses that cannot be charged directly, the department shall provide for the proportionate allocation among the accounts of expenses incurred by the department in the performance of its duties with respect to each regulated profession. The regulation by the department of professions, as defined in this chapter, shall be financed solely from revenue collected by it from fees and other charges and deposited in the Medical Quality Assurance Trust Fund, and all such revenue is hereby appropriated to the department. However, it is legislative intent that each profession shall operate within its anticipated fees. The department may not expend funds from the account of a profession to pay for the expenses incurred on behalf of another profession, except that the Board of Nursing must pay for any costs incurred in the regulation of certified nursing assistants. The department shall maintain adequate records to support its allocation of agency expenses. The department shall provide any board with reasonable access to these records upon request. *On or before October 1 of each year*, the department shall provide each board an annual report of revenue and direct and allocated expenses related to the operation of that profession. The board shall use these reports and the department's adopted long-range plan to determine the amount of license fees. A condensed version of this information, with the department's recommendations, shall be included in the annual report to the Legislature prepared under s. 456.026.

(8)(6) The department shall provide a condensed management report of budgets, finances, performance statistics, and recommendations to each board at least once a quarter. The department shall identify and include in such presentations any changes, or projected changes, made to the board's budget since the last presentation.

(9)(7) If a duplicate license is required or requested by the licensee, the board or, if there is no board, the department may charge a fee as determined by rule not to exceed \$25 before issuance of the duplicate license.

(10)(8) The department or the appropriate board shall charge a fee not to exceed \$25 for the certification of a public record. The fee shall be determined by rule of the department. The department or the appropriate board shall assess a fee for duplicating a public record as provided in s. 119.07(1)(a) and (b).

Section 7. Subsection (1) of section 457.107, Florida Statutes, is amended to read:

457.107 Renewal of licenses; continuing education.—

(1) The department shall renew a license upon receipt of the renewal application and the *required* fee set by the board by rule, not to exceed \$500.

Section 8. *Section 458.31151, Florida Statutes, is repealed.*

Section 9. Subsection (1) of section 483.807, Florida Statutes, is amended to read:

483.807 Fees; establishment; disposition.—

(1) The board, by rule, shall establish fees to be paid for application, examination, reexamination, licensing and renewal, *registration, laboratory training program application*, reinstatement, and recordmaking and recordkeeping. The board may also establish, by rule, a delinquency fee. The board shall establish fees that are adequate to ensure the continued operation of the board and to fund the proportionate expenses incurred by the department in carrying out its licensure and other related responsibilities under this part. Fees shall be based on departmental estimates of the revenue required to implement this part and the provisions of law with respect to the regulation of clinical laboratory personnel.

Section 10. Subsections (1), (3), and (4) of section 456.011, Florida Statutes, are amended to read:

456.011 Boards; organization; meetings; compensation and travel expenses.—

(1) Each board within the department shall comply with the provisions of this *chapter section*.

(3) The board shall meet at least once annually and may meet as often as is necessary. *Meetings shall be conducted through teleconferencing or other technological means, unless disciplinary hearings involving standard of care, sexual misconduct, fraud, impairment, or felony convictions; licensure denial hearings; or controversial rule hearings are being conducted; or unless otherwise approved in advance of the meeting by the director of the Division of Medical Quality Assurance.* The chairperson or a quorum of the board shall have the authority to call ~~other~~ meetings, *except as provided above relating to in-person meetings.* A quorum shall be necessary for the conduct of official business by the board or any committee thereof. Unless otherwise provided by law, 51 percent or more of the appointed members of the board or any committee, when applicable, shall constitute a quorum. The membership of committees of the board, except as otherwise authorized pursuant to this chapter or the applicable practice act, shall be composed of currently appointed members of the board. The vote of a majority of the members of the quorum shall be necessary for any official action by the board or committee. Three consecutive unexcused absences or absences constituting 50 percent or more of the board's meetings within any 12-month period shall cause the board membership of the member in question to become void, and the position shall be considered vacant. The board, or the department when there is no board, shall, by rule, define unexcused absences.

(4) Unless otherwise provided by law, a board member or former board member serving on a probable cause panel shall be compensated \$50 for each day in attendance at an official meeting of the board and for each day of participation in any other business involving the board. Each board shall adopt rules defining the phrase "other business involving the board," but the phrase may not routinely be defined to include telephone conference calls *that last less than 4 hours.* A board member also shall be entitled to reimbursement for expenses pursuant to s. 112.061. Travel out of state shall require the prior approval of the secretary.

Section 11. Subsection (2) of section 456.013, Florida Statutes, is amended to read:

456.013 Department; general licensing provisions.—

(2) Before the issuance of any license, the department ~~shall~~ *may* charge an initial license fee as determined by ~~rule of~~ the applicable board or, if no such board exists, by rule of the department. Upon receipt of the appropriate license fee, the department shall issue a license to any person certified by the appropriate board, or its designee, as having met the licensure requirements imposed by law or rule. The license shall consist of a wallet-size identification card and a wall card measuring 6½ inches by 5 inches. In addition to the two-part license, the department, at the time of initial licensure, shall issue a wall certificate suitable for conspicuous display, which shall be no smaller than 8½ inches by 14 inches. The licensee shall surrender to the department the wallet-size identification card, the wall card, and the wall certificate, if one has been issued by the department, if the licensee's license is revoked.

Section 12. Section 456.017, Florida Statutes, is amended to read:

456.017 Department of Health; examinations.—

(1)(a) The department shall provide, contract, or approve services for the development, preparation, administration, scoring, score reporting, and evaluation of all examinations, in consultation with the appropriate board. The department shall certify that examinations developed and approved by the department adequately and reliably measure an applicant's ability to practice the profession regulated by the department. After an examination developed or approved by the department has been administered, the board, or the department when there is no board, may reject any question which does not reliably measure the general areas of competency specified in the rules of the

board. The department may contract for the preparation, administration, scoring, score reporting, and evaluation of examinations, when such services are available and approved by the board.

(b) For each examination developed by the department or contracted vendor, to the extent not otherwise specified by statute, the board, or the department when there is no board, shall by rule specify the general areas of competency to be covered by each examination, the relative weight to be assigned in grading each area tested, and the score necessary to achieve a passing grade. ~~The department shall assess, and fees, where applicable, to cover the actual cost for any purchase, development, validation, and administration, and defense of required examinations.~~ This subsection does not apply to national examinations approved and administered pursuant to paragraph (c). If a practical examination is deemed to be necessary, the rules shall specify the criteria by which examiners are to be selected, the grading criteria to be used by the examiner, the relative weight to be assigned in grading each criterion, and the score necessary to achieve a passing grade. When a mandatory standardization exercise for a practical examination is required by law, the board, or the department when there is no board, may conduct such exercise. Therefore, board members, or employees of the department when there is no board, may serve as examiners at a practical examination with the consent of the board or department, as appropriate.

(c)1. The board, or the department when there is no board, ~~shall may~~ approve by rule the use of *one or more* ~~any~~ national examinations ~~examination~~ which the department has certified as meeting requirements of national examinations and generally accepted testing standards pursuant to department rules. Providers of examinations seeking certification by the department shall pay the actual costs incurred by the department in making a determination regarding the certification. The name and number of a candidate may be provided to a national contractor for the limited purpose of preparing the grade tape and information to be returned to the board or department; or, to the extent otherwise specified by rule, the candidate may apply directly to the vendor of the national examination and supply test score information to the department. The department may delegate to the board the duty to provide and administer the examination. Any national examination approved by a board, or the department when there is no board, prior to October 1, 1997, is deemed certified under this paragraph.

2. *The board, or the department when there is no board, shall approve and begin administering a national examination no later than December 31, 2001. Neither the board nor the department may administer a state-developed written examination after December 31, 2001, notwithstanding any other provision of law. The examination may be administered electronically if adequate security measures are used, as determined by rule of the department.*

3. *The board, or the department when there is no board, may administer a state-developed practical or clinical examination, as required by the applicable practice act, if all costs of development, purchase, validation, administration, review, and defense are paid by the examination candidate prior to the administration of the examination. If a national practical or clinical examination is available and certified by the department pursuant to this section, the board, or the department when there is no board, may administer the national examination.*

4. *It is the intent of the Legislature to reduce the costs associated with state examinations and to encourage the use of national examinations whenever possible.*

(d) Each board, or the department when there is no board, shall adopt rules regarding the security and monitoring of examinations. The department shall implement those rules adopted by the respective boards. In order to maintain the security of examinations, the department may employ the procedures set forth in s. 456.065 to seek fines and injunctive relief against an examinee who violates the provisions of s. 456.018 or the rules adopted pursuant to this paragraph. The department, or any agent thereof, may, for the purposes of

investigation, confiscate any written, photographic, or recording material or device in the possession of the examinee at the examination site which the department deems necessary to enforce such provisions or rules. *The scores of candidates who have taken state-developed examinations shall be provided to the candidates electronically using a candidate identification number, and the department shall post the aggregate scores on the department's website without identifying the names of the candidates.*

(e) If the professional board with jurisdiction over an examination concurs, the department may, for a fee, share with any other state's licensing authority or a national testing entity an examination or examination item bank developed by or for the department unless prohibited by a contract entered into by the department for development or purchase of the examination. The department, with the concurrence of the appropriate board, shall establish guidelines that ensure security of a shared exam and shall require that any other state's licensing authority comply with those guidelines. Those guidelines shall be approved by the appropriate professional board. All fees paid by the user shall be applied to the department's examination and development program for professions regulated by this chapter.

(f) The department may adopt rules necessary to administer this subsection.

(2) For each examination developed by the department or a contracted vendor, the board, or the department when there is no board, shall adopt rules providing for reexamination of any applicants who failed an examination developed by the department or a contracted vendor. If both a written and a practical examination are given, an applicant shall be required to retake only the portion of the examination on which the applicant failed to achieve a passing grade, if the applicant successfully passes that portion within a reasonable time, as determined by rule of the board, or the department when there is no board, of passing the other portion. Except for national examinations approved and administered pursuant to this section, the department shall provide procedures for applicants who fail an examination developed by the department or a contracted vendor to review their examination questions, answers, papers, grades, and grading key for the questions the candidate answered incorrectly or, if not feasible, the parts of the examination failed. Applicants shall bear the actual cost for the department to provide examination review pursuant to this subsection. An applicant may waive in writing the confidentiality of the applicant's examination grades. *Notwithstanding any other provision of law, only candidates who fail an examination by less than 10 percent shall be entitled to challenge the validity of the examination at hearing.*

(3) For each examination developed or administered by the department or a contracted vendor, an accurate record of each applicant's examination questions, answers, papers, grades, and grading key shall be kept for a period of not less than 2 years immediately following the examination, and such record shall thereafter be maintained or destroyed as provided in chapters 119 and 257. This subsection does not apply to national examinations approved and administered pursuant to this section.

(4) Meetings of any member of the department or of any board within the department held for the exclusive purpose of creating or reviewing licensure examination questions or proposed examination questions are exempt from the provisions of s. 286.011 and s. 24(b), Art. I of the State Constitution. Any public records, such as tape recordings, minutes, or notes, generated during or as a result of such meetings are confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution. However, these exemptions shall not affect the right of any person to review an examination as provided in subsection (2).

(5) For examinations developed by the department or a contracted vendor, each board, or the department when there is no board, may provide licensure examinations in an applicant's native language. *Notwithstanding any other provision of law*, applicants for examination or reexamination pursuant to this subsection shall bear the full cost for the department's development, preparation, *validation*, administration, grading, and evaluation of any examination in a language other than

English prior to the examination being administered. Requests for translated examinations must be on file in the board office at least 6 months prior to the scheduled examination. When determining whether it is in the public interest to allow the examination to be translated into a language other than English, the board shall consider the percentage of the population who speak the applicant's native language. Applicants must apply for translation to the applicable board at least 6 months prior to the scheduled examination.

(6) In addition to meeting any other requirements for licensure by examination or by endorsement, and notwithstanding the provisions in paragraph (1)(c), an applicant may be required by a board, or the department when there is no board, to certify competency in state laws and rules relating to the applicable practice act. *Beginning October 1, 2001, all laws and rules examinations shall be administered electronically unless the laws and rules examination is administered concurrently with another written examination for that profession or unless the electronic administration would be substantially more expensive.*

Section 13. Subsection (1) of section 456.035, Florida Statutes, is amended to read:

456.035 Address of record.—

(1) Each licensee of the department is solely responsible for notifying the department in writing of the licensee's current mailing address and place of practice, as defined by rule of the board or the department if there is no board. *Electronic notification shall be allowed by the department; however, it shall be the responsibility of the licensee to ensure that the electronic notification was received by the department.* A licensee's failure to notify the department of a change of address constitutes a violation of this section, and the licensee may be disciplined by the board or the department if there is no board.

Section 14. Subsections (2), (4), and (10) of section 456.073, Florida Statutes, are amended to read:

456.073 Disciplinary proceedings.—Disciplinary proceedings for each board shall be within the jurisdiction of the department.

(2) The department shall allocate sufficient and adequately trained staff to expeditiously and thoroughly determine legal sufficiency and investigate all legally sufficient complaints. For purposes of this section, it is the intent of the Legislature that the term "expeditiously" means that the department complete the report of its initial investigative findings and recommendations concerning the existence of probable cause within 6 months after its receipt of the complaint. The failure of the department, for disciplinary cases under its jurisdiction, to comply with the time limits of this section while investigating a complaint against a licensee constitutes harmless error in any subsequent disciplinary action unless a court finds that either the fairness of the proceeding or the correctness of the action may have been impaired by a material error in procedure or a failure to follow prescribed procedure. When its investigation is complete and legally sufficient, the department shall prepare and submit to the probable cause panel of the appropriate regulatory board the investigative report of the department. The report shall contain the investigative findings and the recommendations of the department concerning the existence of probable cause. *The department shall not recommend a letter of guidance in lieu of finding probable cause if the subject has already been issued a letter of guidance for a related offense.* At any time after legal sufficiency is found, the department may dismiss any case, or any part thereof, if the department determines that there is insufficient evidence to support the prosecution of allegations contained therein. The department shall provide a detailed report to the appropriate probable cause panel prior to dismissal of any case or part thereof, and to the subject of the complaint after dismissal of any case or part thereof, under this section. For cases dismissed prior to a finding of probable cause, such report is confidential and exempt from s. 119.07(1). The probable cause panel shall have access, upon request, to the investigative files pertaining to a case prior to dismissal of such case. If the department dismisses a case, the probable cause panel may retain independent legal counsel, employ investigators, and continue the investigation and prosecution of the case as it deems necessary.

(4) The determination as to whether probable cause exists shall be made by majority vote of a probable cause panel of the board, or by the department, as appropriate. Each regulatory board shall provide by rule that the determination of probable cause shall be made by a panel of its members or by the department. Each board may provide by rule for multiple probable cause panels composed of at least two members. Each board may provide by rule that one or more members of the panel or panels may be a former board member. The length of term or repetition of service of any such former board member on a probable cause panel may vary according to the direction of the board when authorized by board rule. Any probable cause panel must include one of the board's former or present consumer members, if one is available, is willing to serve, and is authorized to do so by the board chair. Any probable cause panel must include a present board member. Any probable cause panel must include a former or present professional board member. However, any former professional board member serving on the probable cause panel must hold an active valid license for that profession. All proceedings of the panel are exempt from s. 286.011 until 10 days after probable cause has been found to exist by the panel or until the subject of the investigation waives his or her privilege of confidentiality. The probable cause panel may make a reasonable request, and upon such request the department shall provide such additional investigative information as is necessary to the determination of probable cause. A request for additional investigative information shall be made within 15 days from the date of receipt by the probable cause panel of the investigative report of the department or the agency. The probable cause panel or the department, as may be appropriate, shall make its determination of probable cause within 30 days after receipt by it of the final investigative report of the department. The secretary may grant extensions of the 15-day and the 30-day time limits. In lieu of a finding of probable cause, the probable cause panel, or the department if there is no board, may issue a letter of guidance to the subject. If, within the 30-day time limit, as may be extended, the probable cause panel does not make a determination regarding the existence of probable cause or does not issue a letter of guidance in lieu of a finding of probable cause, the department must make a determination regarding the existence of probable cause within 10 days after the expiration of the time limit. If the probable cause panel finds that probable cause exists, it shall direct the department to file a formal complaint against the licensee. The department shall follow the directions of the probable cause panel regarding the filing of a formal complaint. If directed to do so, the department shall file a formal complaint against the subject of the investigation and prosecute that complaint pursuant to chapter 120. However, the department may decide not to prosecute the complaint if it finds that probable cause has been improvidently found by the panel. In such cases, the department shall refer the matter to the board. The board may then file a formal complaint and prosecute the complaint pursuant to chapter 120. The department shall also refer to the board any investigation or disciplinary proceeding not before the Division of Administrative Hearings pursuant to chapter 120 or otherwise completed by the department within 1 year after the filing of a complaint. The department, for disciplinary cases under its jurisdiction, must establish a uniform reporting system to quarterly refer to each board the status of any investigation or disciplinary proceeding that is not before the Division of Administrative Hearings or otherwise completed by the department within 1 year after the filing of the complaint. Annually, the department, *in consultation with the applicable probable cause panel, if there is no board, or each board* must establish a plan to expedite ~~reduce~~ or otherwise close any investigation or disciplinary proceeding that is not before the Division of Administrative Hearings or otherwise completed by the department within 1 year after the filing of the complaint. A probable cause panel or a board may retain independent legal counsel, employ investigators, and continue the investigation as it deems necessary; all costs thereof shall be paid from a trust fund used by the department to implement this chapter. All proceedings of the probable cause panel are exempt from s. 120.525.

(10) The complaint and all information obtained pursuant to the investigation by the department are confidential and exempt from s. 119.07(1) until 10 days after probable cause has been found to exist by the probable cause panel or by the department, or until the regulated

professional or subject of the investigation waives his or her privilege of confidentiality, whichever occurs first. Upon completion of the investigation *and a recommendation by the department to find probable cause*, and pursuant to a written request by the subject or the subject's attorney, the department shall provide the subject an opportunity to inspect the investigative file or, at the subject's expense, forward to the subject a copy of the investigative file. Notwithstanding s. 456.057, the subject may inspect or receive a copy of any expert witness report or patient record connected with the investigation if the subject agrees in writing to maintain the confidentiality of any information received under this subsection until 10 days after probable cause is found and to maintain the confidentiality of patient records pursuant to s. 456.057. The subject may file a written response to the information contained in the investigative file. Such response must be filed within 20 days of mailing by the department, unless an extension of time has been granted by the department. This subsection does not prohibit the department from providing such information to any law enforcement agency or to any other regulatory agency.

Section 15. Section 456.081, Florida Statutes, is amended to read:

456.081 Publication of information.—The department and the boards shall have the authority to advise licensees periodically, through the publication of a newsletter *on the department's website*, about information that the department or the board determines is of interest to the industry. Unless otherwise prohibited by law, the department and the boards shall publish a summary of final orders resulting in ~~disciplinary action fines, suspensions, or revocations~~, and any other information the department or the board determines is of interest to the public.

456.072 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(bb) *Leaving a foreign body in a patient, such as a sponge, clamp, forceps, surgical needle, or other paraphernalia commonly used in surgical, examination, or other diagnostic procedures. For the purposes of this paragraph, it shall be legally presumed that retention of a foreign body is not in the best interest of the patient and is not within the standard of care of the profession, regardless of the intent of the professional.*

(cc) *Violating any provision of this chapter, the applicable practice act, or any rules adopted pursuant thereto.*

(2) When the board, or the department when there is no board, finds any person guilty of the grounds set forth in subsection (1) or of any grounds set forth in the applicable practice act, including conduct constituting a substantial violation of subsection (1) or a violation of the applicable practice act which occurred prior to obtaining a license, it may enter an order imposing one or more of the following penalties:

(i) *Refund of fees billed and collected from the patient or a third party on behalf of the patient.*

(j) *Requirement that the practitioner undergo remedial education.*

In determining what action is appropriate, the board, or department when there is no board, must first consider what sanctions are necessary to protect the public or to compensate the patient. Only after those sanctions have been imposed may the disciplining authority consider and include in the order requirements designed to rehabilitate the practitioner. All costs associated with compliance with orders issued under this subsection are the obligation of the practitioner.

(4) In addition to any other discipline imposed *through final order, or citation, entered on or after July 1, 2001*, pursuant to this section or discipline imposed *through final order, or citation, entered on or after July 1, 2001*, for a violation of any practice act, the board, or the department when there is no board, ~~shall may~~ assess costs related to the investigation and prosecution of the case. In any case where the board or the department imposes a fine or assessment and the fine or assessment is not paid within a reasonable time, such reasonable time to be prescribed in the rules of the board, or the department when there is no board, or in the order assessing such fines or costs, the department or the Department of Legal Affairs may contract for the collection of, or bring a civil action to recover, the fine or assessment.

Section 17. Subsection (3) of section 456.079, Florida Statutes, is amended to read:

456.079 Disciplinary guidelines.—

(3) A specific finding *in the final order* of mitigating or aggravating circumstances shall allow the board to impose a penalty other than that provided for in such guidelines. If applicable, the board, or the department if there is no board, shall adopt by rule disciplinary guidelines to designate possible mitigating and aggravating circumstances and the variation and range of penalties permitted for such circumstances.

Section 18. Subsections (1) and (2) of section 457.109, Florida Statutes, are amended to read:

If the licensee refuses to comply with such order, the department's order directing such examination may be enforced by filing a petition for enforcement in the circuit court where the licensee resides or serves as an acupuncturist. The licensee against whom the petition is filed shall not be named or identified by initials in any public court record or document, and the proceedings shall be closed to the public. The department shall be entitled to the summary procedure provided in s. 51.011. An acupuncturist affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that he or she can resume the competent practice of acupuncture with reasonable skill and safety to patients. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the department shall be used against an acupuncturist in any other proceeding.

(b) Having a license or the authority to practice medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions. The licensing authority's acceptance of a physician's relinquishment of a license, stipulation, consent order, or other settlement, offered in response to or in anticipation of the filing of

administrative charges against the physician's license, shall be construed as action against the physician's license.

(c) Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, a crime in any jurisdiction which directly relates to the practice of medicine or to the ability to practice medicine.

(d) False, deceptive, or misleading advertising.

(i) Paying or receiving any commission, bonus, kickback, or rebate, or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, or person, either directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent a physician from receiving a fee for professional consultation services.

(j) Exercising influence within a patient-physician relationship for purposes of engaging a patient in sexual activity. A patient shall be presumed to be incapable of giving free, full, and informed consent to sexual activity with his or her physician.

(k) Making deceptive, untrue, or fraudulent representations in or related to the practice of medicine or employing a trick or scheme in the practice of medicine.

(l) Soliciting patients, either personally or through an agent, through the use of fraud, intimidation, undue influence, or a form of overreaching or vexatious conduct. A solicitation is any communication which directly or implicitly requests an immediate oral response from the recipient.

(q) Prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the physician's professional practice, without regard to his or her intent.

(r) Prescribing, dispensing, or administering any medicinal drug appearing on any schedule set forth in chapter 893 by the physician to himself or herself, except one prescribed, dispensed, or administered to the physician by another practitioner authorized to prescribe, dispense, or administer medicinal drugs.

(s) Being unable to practice medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. If the licensee refuses to comply with such order, the department's order directing such examination may be enforced by filing a petition for enforcement in the circuit court where the licensee resides or does business. The licensee against whom the petition is filed may not be named or identified by initials in any public court records or documents, and the proceedings shall be closed to the public. As used in this paragraph, "repeated malpractice" includes, but is not limited to, three or more claims for medical malpractice within the previous 5-year period resulting in indemnities being paid in excess of \$25,000 each to the claimant in a judgment or settlement and which incidents involved negligent conduct by the physician. As used in this paragraph, "gross malpractice" or "the failure to practice medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar physician as being acceptable under similar conditions and circumstances," shall not be construed so as to require more than one instance, event, or act. Nothing in this paragraph shall be construed to require that a physician be incompetent to practice medicine in order to be disciplined pursuant to this paragraph.

(u) Performing any procedure or prescribing any therapy which, by the prevailing standards of medical practice in the community, would constitute experimentation on a human subject, without first obtaining full, informed, and written consent.

(v) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that he or she is not competent to perform. 1. The treatment of narcolepsy; hyperkinesia; behavioral syndrome characterized by the developmentally inappropriate symptoms of moderate to severe distractibility, short attention span, hyperactivity, emotional lability, and impulsivity; or drug-induced brain dysfunction;

2. The differential diagnostic psychiatric evaluation of depression or the treatment of depression shown to be refractory to other therapeutic modalities; or

(i) Refund of fees billed to and collected from the patient.

(j) Imposition of an administrative fine in accordance with s. 381.0261 for violations regarding patient rights.

Only after those sanctions have been imposed may the disciplining authority consider and include in the order requirements designed to rehabilitate the physician. All costs associated with compliance with orders issued under this subsection are the obligation of the physician.

(h) Giving false testimony in the course of any legal or administrative proceedings relating to the practice of medicine or the delivery of health care services.

(i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing, or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity as a licensed osteopathic physician.

(j) Paying or receiving any commission, bonus, kickback, or rebate, or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, person, partnership, firm, corporation, or other business entity, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent an osteopathic physician from receiving a fee for professional consultation services.

(k) Refusing to provide health care based on a patient's participation in pending or past litigation or participation in any disciplinary action

conducted pursuant to this chapter, unless such litigation or disciplinary action directly involves the osteopathic physician requested to provide services.

(m) Making deceptive, untrue, or fraudulent representations in or related to the practice of osteopathic medicine or employing a trick or scheme in the practice of osteopathic medicine.

(p) Fraudulently altering or destroying records relating to patient care or treatment, including, but not limited to, patient histories, examination results, and test results.

(q) Exercising influence on the patient or client in such a manner as to exploit the patient or client for financial gain of the licensee or of a third party which shall include, but not be limited to, the promotion or sale of services, goods, appliances, or drugs.

(r) Promoting or advertising on any prescription form of a community pharmacy, unless the form shall also state "This prescription may be filled at any pharmacy of your choice."

(s) Performing professional services which have not been duly authorized by the patient or client or his or her legal representative except as provided in s. 743.064, s. 766.103, or s. 768.13.

(t) Prescribing, dispensing, administering, supplying, selling, giving, mixing, or otherwise preparing a legend drug, including all controlled substances, other than in the course of the osteopathic physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, supplying, selling, giving, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the osteopathic physician's professional practice, without regard to his or her intent.

(u) Prescribing or dispensing any medicinal drug appearing on any schedule set forth in chapter 893 by the osteopathic physician for himself or herself or administering any such drug by the osteopathic physician to himself or herself unless such drug is prescribed for the osteopathic physician by another practitioner authorized to prescribe medicinal drugs.

(w) Being unable to practice osteopathic medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, the department shall, upon a finding of the secretary or the secretary's designee that probable cause exists to believe that the licensee is unable to practice medicine because of the reasons stated in this paragraph, have the authority to issue an order to compel a licensee to submit to a mental or physical examination by physicians designated by the

department. If the licensee refuses to comply with such order, the department's order directing such examination may be enforced by filing a petition for enforcement in the circuit court where the licensee resides or does business. The licensee against whom the petition is filed shall not be named or identified by initials in any public court records or documents, and the proceedings shall be closed to the public. The department shall be entitled to the summary procedure provided in s. 51.011. A licensee or certificateholder affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that he or she can resume the competent practice of medicine with reasonable skill and safety to patients.

(x) Gross or repeated malpractice or the failure to practice osteopathic medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar osteopathic physician as being acceptable under similar conditions and circumstances. The board shall give great weight to the provisions of s. 766.102 when enforcing this paragraph. As used in this paragraph, "repeated malpractice" includes, but is not limited to, three or more claims for medical malpractice within the previous 5-year period resulting in indemnities being paid in excess of \$25,000 each to the claimant in a judgment or settlement and which incidents involved negligent conduct by the osteopathic physician. As used in this paragraph, "gross malpractice" or "the failure to practice osteopathic medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar osteopathic physician as being acceptable under similar conditions and circumstances" shall not be construed so as to require more than one instance, event, or act. Nothing in this paragraph shall be construed to require that an osteopathic physician be incompetent to practice osteopathic medicine in order to be disciplined pursuant to this paragraph. A recommended order by an administrative law judge or a final order of the board finding a violation under this paragraph shall specify whether the licensee was found to have committed "gross malpractice," "repeated malpractice," or "failure to practice osteopathic medicine with that level of care, skill, and treatment which is recognized as being acceptable under similar conditions and circumstances," or any combination thereof, and any publication by the board shall so specify.

(y) Performing any procedure or prescribing any therapy which, by the prevailing standards of medical practice in the community, would constitute experimentation on human subjects, without first obtaining full, informed, and written consent.

(z) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that he or she is not competent to perform. The board may establish by rule standards of practice and standards of care for particular practice settings, including, but not limited to, education and training, equipment and supplies, medications including anesthetics, assistance of and delegation to other personnel, transfer agreements, sterilization, records, performance of complex or multiple procedures, informed consent, and policy and procedure manuals.

(aa) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

(bb) ~~Violating any provision of this chapter, a rule of the board or department, or a lawful order of the board or department previously entered in a disciplinary hearing or failing to comply with a lawfully issued subpoena of the board or department.~~

(cc) Conspiring with another licensee or with any other person to commit an act, or committing an act, which would tend to coerce, intimidate, or preclude another licensee from lawfully advertising his or her services.

(ee) Presigning blank prescription forms.

(ff) Prescribing any medicinal drug appearing on Schedule II in chapter 893 by the osteopathic physician for office use.

1. The treatment of narcolepsy; hyperkinesia; behavioral syndrome characterized by the developmentally inappropriate symptoms of moderate to severe distractibility, short attention span, hyperactivity, emotional lability, and impulsivity; or drug-induced brain dysfunction;

2. The differential diagnostic psychiatric evaluation of depression or the treatment of depression shown to be refractory to other therapeutic modalities; or

3. The clinical investigation of the effects of such drugs or compounds when an investigative protocol therefor is submitted to, reviewed, and approved by the board before such investigation is begun.

(hh) Failing to supervise adequately the activities of those physician assistants, paramedics, emergency medical technicians, advanced registered nurse practitioners, or other persons acting under the supervision of the osteopathic physician.

(ii) Prescribing, ordering, dispensing, administering, supplying, selling, or giving growth hormones, testosterone or its analogs, human chorionic gonadotropin (HCG), or other hormones for the purpose of muscle building or to enhance athletic performance. For the purposes of this subsection, the term "muscle building" does not include the treatment of injured muscle. A prescription written for the drug products listed above may be dispensed by the pharmacist with the presumption that the prescription is for legitimate medical use.

(jj) Misrepresenting or concealing a material fact at any time during any phase of a licensing or disciplinary process or procedure.

(kk) Improperly interfering with an investigation or with any disciplinary proceeding.

(ll) Failing to report to the department any licensee under chapter 458 or under this chapter who the osteopathic physician or physician assistant knows has violated the grounds for disciplinary action set out in the law under which that person is licensed and who provides health care services in a facility licensed under chapter 395, or a health maintenance organization certificated under part I of chapter 641, in which the osteopathic physician or physician assistant also provides services.

(mm) Being found by any court in this state to have provided corroborating written medical expert opinion attached to any statutorily required notice of claim or intent or to any statutorily required response rejecting a claim, without reasonable investigation.

(nn) Advertising or holding oneself out as a board-certified specialist in violation of this chapter.

(oo) Failing to comply with the requirements of ss. 381.026 and 381.0261 to provide patients with information about their patient rights and how to file a patient complaint.

(pp) *Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.*

(2) *The board may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1). When the board finds any person guilty of any of the grounds set forth in subsection (1), it may enter an order imposing one or more of the following penalties:*

~~(a) Refusal to certify, or certify with restrictions, to the department an application for certification, licensure, renewal, or reactivation.~~

~~(b) Revocation or suspension of a license or certificate.~~

- ~~(e) Restriction of practice.~~
- ~~(d) Imposition of an administrative fine not to exceed \$10,000 for each count or separate offense.~~
- ~~(e) Issuance of a reprimand.~~
- ~~(f) Issuance of a letter of concern.~~
- ~~(g) Placement of the osteopathic physician on probation for a period of time and subject to such conditions as the board may specify, including, but not limited to, requiring the osteopathic physician to submit to treatment, attend continuing education courses, submit to reexamination, or work under the supervision of another osteopathic physician.~~
- ~~(h) Corrective action.~~
- ~~(i) Refund of fees billed to and collected from the patient.~~
- ~~(j) Imposition of an administrative fine in accordance with s. 381.0261 for violations regarding patient rights.~~

In determining what action is appropriate, the board must first consider what sanctions are necessary to protect the public or to compensate the patient. Only after those sanctions have been imposed may the disciplining authority consider and include in the order requirements designed to rehabilitate the physician. All costs associated with compliance with orders issued under this subsection are the obligation of the physician.

Section 25. Paragraph (f) of subsection (7) of section 459.022, Florida Statutes, is amended to read:

459.022 Physician assistants.—

(7) PHYSICIAN ASSISTANT LICENSURE.—

(f) The Board of Osteopathic Medicine may impose any of the penalties *authorized under specified in* ss. 456.072 and 459.015(2) upon a physician assistant if the physician assistant or the supervising physician has been found guilty of or is being investigated for any act that constitutes a violation of this chapter or chapter 456.

Section 26. Subsections (1) and (2) of section 460.413, Florida Statutes, are amended to read:

460.413 Grounds for disciplinary action; action by board or department.—

(1) The following acts ~~shall constitute grounds for denial of a license or disciplinary action, as specified in s. 456.072(2) which the disciplinary actions specified in subsection (2) may be taken:~~

- (a) Attempting to obtain, obtaining, or renewing a license to practice chiropractic medicine by bribery, by fraudulent misrepresentations, or through an error of the department or the board.
- (b) Having a license to practice chiropractic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.
- (c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of chiropractic medicine or to the ability to practice chiropractic medicine. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.
- (d) False, deceptive, or misleading advertising.
- (e) Causing to be advertised, by any means whatsoever, any advertisement which does not contain an assertion or statement which would identify herself or himself as a chiropractic physician or identify such chiropractic clinic or related institution in which she or he practices or in which she or he is owner, in whole or in part, as a chiropractic institution.
- (f) Advertising, practicing, or attempting to practice under a name other than one's own.

(g) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department or the board.

(h) Aiding, assisting, procuring, or advising any unlicensed person to practice chiropractic medicine contrary to this chapter or to a rule of the department or the board.

(i) Failing to perform any statutory or legal obligation placed upon a licensed chiropractic physician.

(j) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity of a licensed chiropractic physician.

(k) Making misleading, deceptive, untrue, or fraudulent representations in the practice of chiropractic medicine or employing a trick or scheme in the practice of chiropractic medicine when such trick or scheme fails to conform to the generally prevailing standards of treatment in the chiropractic medical community.

(l) Soliciting patients either personally or through an agent, unless such solicitation falls into a category of solicitations approved by rule of the board.

(m) Failing to keep legibly written chiropractic medical records that identify clearly by name and credentials the licensed chiropractic physician rendering, ordering, supervising, or billing for each examination or treatment procedure and that justify the course of treatment of the patient, including, but not limited to, patient histories, examination results, test results, X rays, and diagnosis of a disease, condition, or injury. X rays need not be retained for more than 4 years.

(n) Exercising influence on the patient or client in such a manner as to exploit the patient or client for financial gain of the licensee or of a third party which shall include, but not be limited to, the promotion or sale of services, goods or appliances, or drugs.

(o) Performing professional services which have not been duly authorized by the patient or client or her or his legal representative except as provided in ss. 743.064, 766.103, and 768.13.

(p) Prescribing, dispensing, or administering any medicinal drug except as authorized by s. 460.403(9)(c)2., performing any surgery, or practicing obstetrics.

(q) Being unable to practice chiropractic medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, upon a finding by the secretary of the department, or his or her designee, or the probable cause panel of the board that probable cause exists to believe that the licensee is unable to practice the profession because of reasons stated in this paragraph, the department shall have the authority to compel a licensee to submit to a mental or physical examination by a physician designated by the department. If the licensee refuses to comply with the department's order, the department may file a petition for enforcement in the circuit court of the circuit in which the licensee resides or does business. The department shall be entitled to the summary procedure provided in s. 51.011. The record of proceedings to obtain a compelled mental or physical examination shall not be used against a licensee in any other proceedings. A chiropractic physician affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that she or he can resume the competent practice of chiropractic medicine with reasonable skill and safety to patients.

(r) Gross or repeated malpractice or the failure to practice chiropractic medicine at a level of care, skill, and treatment which is recognized by a reasonably prudent chiropractic physician as being acceptable under similar conditions and circumstances. The board shall give great weight to the standards for malpractice in s. 766.102 in

interpreting this provision. A recommended order by an administrative law judge, or a final order of the board finding a violation under this section shall specify whether the licensee was found to have committed "gross malpractice," "repeated malpractice," or "failure to practice chiropractic medicine with that level of care, skill, and treatment which is recognized as being acceptable under similar conditions and circumstances" or any combination thereof, and any publication by the board shall so specify.

(s) Performing any procedure or prescribing any therapy which, by the prevailing standards of chiropractic medical practice in the community, would constitute experimentation on human subjects, without first obtaining full, informed, and written consent.

(t) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that she or he is not competent to perform.

(u) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

(x) Submitting to any third-party payor a claim for a service or treatment which was not actually provided to a patient.

(y) Failing to preserve identity of funds and property of a patient. As provided by rule of the board, money or other property entrusted to a chiropractic physician for a specific purpose, including advances for costs and expenses of examination or treatment, is to be held in trust and must be applied only to that purpose. Money and other property of patients coming into the hands of a chiropractic physician are not subject to counterclaim or setoff for chiropractic physician's fees, and a refusal to account for and deliver over such money and property upon demand shall be deemed a conversion. This is not to preclude the retention of money or other property upon which the chiropractic physician has a valid lien for services or to preclude the payment of agreed fees from the proceeds of transactions for examinations or treatments. Controversies as to the amount of the fees are not grounds for disciplinary proceedings unless the amount demanded is clearly excessive or extortionate, or the demand is fraudulent. All funds of patients paid to a chiropractic physician, other than advances for costs and expenses, shall be deposited in one or more identifiable bank accounts maintained in the state in which the chiropractic physician's office is situated, and no funds belonging to the chiropractic physician shall be deposited therein except as follows:

1. Funds reasonably sufficient to pay bank charges may be deposited therein.

2. Funds belonging in part to a patient and in part presently or potentially to the physician must be deposited therein, but the portion belonging to the physician may be withdrawn when due unless the right of the physician to receive it is disputed by the patient, in which event the disputed portion shall not be withdrawn until the dispute is finally resolved.

Every chiropractic physician shall maintain complete records of all funds, securities, and other properties of a patient coming into the possession of the physician and render appropriate accounts to the patient regarding them. In addition, every chiropractic physician shall promptly pay or deliver to the patient, as requested by the patient, the funds, securities, or other properties in the possession of the physician which the patient is entitled to receive.

(z) Offering to accept or accepting payment for services rendered by assignment from any third-party payor after offering to accept or accepting whatever the third-party payor covers as payment in full, if the effect of the offering or acceptance is to eliminate or give the impression of eliminating the need for payment by an insured of any required deductions applicable in the policy of the insured.

(aa) Failing to provide, upon request of the insured, a copy of a claim submitted to any third-party payor for service or treatment of the insured.

(bb) Advertising a fee or charge for a service or treatment which is different from the fee or charge the licensee submits to third-party payors for that service or treatment.

(cc) Advertising any reduced or discounted fees for services or treatments, or advertising any free services or treatments, without prominently stating in the advertisement the usual fee of the licensee for the service or treatment which is the subject of the discount, rebate, or free offering.

(dd) Using acupuncture without being certified pursuant to s. 460.403(9)(f).

(ee) Failing to report to the department any licensee under chapter 458 or under chapter 459 who the chiropractic physician or chiropractic physician's assistant knows has violated the grounds for disciplinary action set out in the law under which that person is licensed and who provides health care services in a facility licensed under chapter 395, or a health maintenance organization certificated under part I of chapter 641, in which the chiropractic physician or chiropractic physician's assistant also provides services.

(ff) Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.

(2) The board may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1). When the board finds any person guilty of any of the grounds set forth in subsection (1), it may enter an order imposing one or more of the following penalties:

~~(a) Refusal to certify to the department an application for licensure.~~

~~(b) Revocation or suspension of a license.~~

~~(c) Restriction of practice.~~

~~(d) Imposition of an administrative fine not to exceed \$10,000 for each count or separate offense.~~

~~(e) Issuance of a reprimand.~~

~~(f) Placement of the chiropractic physician on probation for a period of time and subject to such conditions as the board may specify, including requiring the chiropractic physician to submit to treatment, to attend continuing education courses, to submit to reexamination, or to work under the supervision of another chiropractic physician.~~

~~(g) Imposition of costs of the investigation and prosecution.~~

~~(h) Requirement that the chiropractic physician undergo remedial education.~~

~~(i) Issuance of a letter of concern.~~

~~(j) Corrective action.~~

~~(k) Refund of fees billed to and collected from the patient or a third party.~~

In determining what action is appropriate, the board must first consider what sanctions are necessary to protect the public or to compensate the patient. Only after those sanctions have been imposed may the disciplining authority consider and include in the order requirements designed to rehabilitate the chiropractic physician. All costs associated

with compliance with orders issued under this subsection are the obligation of the chiropractic physician.

(b) Having a license to practice podiatric medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of podiatric medicine or to the ability to practice podiatric medicine. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.

(h) Failing to perform any statutory or legal obligation placed upon a licensed podiatric physician.

(i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such report or records shall include only those which are signed in the capacity of a licensed podiatric physician.

(j) Making misleading, deceptive, untrue, or fraudulent representations in the practice of podiatric medicine or employing a trick or scheme in the practice of podiatric medicine when such scheme or trick fails to conform to the generally prevailing standards of treatment in the podiatric community.

(k) Soliciting patients either personally or through an agent, unless such solicitation falls into a category of solicitations approved by rule of the board.

(l) Failing to keep written medical records justifying the course of treatment of the patient, including, but not limited to, patient histories, examination results, and test results.

(m) Exercising influence on the patient or client in such a manner as to exploit the patient or client for financial gain of the licensee or of a third party which shall include, but not be limited to, the promotion or sale of services, goods, appliances, or drugs and the promoting or advertising on any prescription form of a community pharmacy unless the form shall also state "This prescription may be filled at any pharmacy of your choice."

in the course of the podiatric physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the podiatric physician's professional practice, without regard to her or his intent.

(p) Prescribing, dispensing, or administering any medicinal drug appearing on any schedule set forth in chapter 893 by the podiatric physician to herself or himself except those prescribed, dispensed, or administered to the podiatric physician by another practitioner authorized to prescribe, dispense, or administer them.

In enforcing this paragraph the department shall, upon probable cause, have authority to compel a podiatric physician to submit to a mental or physical examination by physicians designated by the department. Failure of a podiatric physician to submit to such examination when directed shall constitute an admission of the allegations against her or him, unless the failure was due to circumstances beyond her or his control, consequent upon which a default and final order may be entered without the taking of testimony or presentation of evidence. A podiatric physician affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that she or he can resume the competent practice of podiatric medicine with reasonable skill and safety to patients.

(s) Gross or repeated malpractice or the failure to practice podiatric medicine at a level of care, skill, and treatment which is recognized by a reasonably prudent podiatric physician as being acceptable under similar conditions and circumstances. As used in this paragraph, "gross malpractice" or "the failure to practice podiatric medicine with the level of care, skill, and treatment which is recognized by a reasonably prudent similar podiatric physician as being acceptable under similar conditions and circumstances" shall not be construed so as to require more than one instance, event, or act.

(t) Performing any procedure or prescribing any therapy which, by the prevailing standards of podiatric medical practice in the community, would constitute experimentation on human subjects without first obtaining full, informed, and written consent.

(u) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that she or he is not competent to perform.

(1) The following acts constitute grounds for *denial of a license or disciplinary action, as specified in s. 456.072(2) which the disciplinary actions specified in subsection (2) may be taken:*

(a) Attempting to obtain, obtaining, or renewing a license to practice naturopathic medicine by bribery, by fraudulent misrepresentation, or through an error of the department.

(b) Having a license to practice naturopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of naturopathic medicine or to the ability to practice naturopathic medicine. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.

(d) False, deceptive, or misleading advertising.

(e) Advertising, practicing, or attempting to practice under a name other than one's own.

(f) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department.

(g) Aiding, assisting, procuring, or advising any unlicensed person to practice naturopathic medicine contrary to this chapter or to a rule of the department.

(h) Failing to perform any statutory or legal obligation placed upon a licensed naturopathic physician.

(i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity as a licensed naturopathic physician.

(j) Paying or receiving any commission, bonus, kickback, or rebate, or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, or person, either directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent a naturopathic physician from receiving a fee for professional consultation services.

(k) Exercising influence within a patient-physician relationship for purposes of engaging a patient in sexual activity. A patient shall be presumed to be incapable of giving free, full, and informed consent to sexual activity with her or his physician.

(l) Making deceptive, untrue, or fraudulent representations in the practice of naturopathic medicine or employing a trick or scheme in the practice of naturopathic medicine when such scheme or trick fails to conform to the generally prevailing standards of treatment in the medical community.

(o) Exercising influence on the patient or client in such a manner as to exploit the patient or client for the financial gain of the licensee or of a third party, which shall include, but not be limited to, the promoting or selling of services, goods, appliances, or drugs and the promoting or advertising on any prescription form of a community pharmacy unless the form also states "This prescription may be filled at any pharmacy of your choice."

(q) Prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the naturopathic physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the naturopathic physician's professional practice, without regard to her or his intent.

(r) Prescribing, dispensing, or administering any medicinal drug appearing on any schedule set forth in chapter 893 by the naturopathic physician to herself or himself, except one prescribed, dispensed, or administered to the naturopathic physician by another practitioner authorized to prescribe, dispense, or administer medicinal drugs.

(s) Being unable to practice naturopathic medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, the department shall have, upon probable cause, authority to compel a naturopathic physician to submit to a mental or physical examination by physicians designated by the department. The failure of a naturopathic physician to submit to such an examination when so directed shall constitute an admission of the allegations against her or him upon which a default and final order may be entered without the taking of testimony or presentation of evidence, unless the failure was due to circumstances beyond the naturopathic physician's control. A naturopathic physician affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that she or he can resume the competent practice of naturopathic medicine with reasonable skill and safety to patients. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the department may be used against a naturopathic physician in any other proceeding.

(t) Gross or repeated malpractice or the failure to practice naturopathic medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar physician as being acceptable under similar conditions and circumstances. The department shall give great weight to the provisions of s. 766.102 when enforcing this paragraph.

(u) Performing any procedure or prescribing any therapy which, by the prevailing standards of medical practice in the community, constitutes experimentation on a human subject, without first obtaining full, informed, and written consent.

(v) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that she or he is not competent to perform.

(w) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

(aa) Presigning blank prescription forms.

(bb) Prescribing by the naturopathic physician for office use any medicinal drug appearing on Schedule II in chapter 893.

(cc) Prescribing, ordering, dispensing, administering, supplying, selling, or giving any drug which is an amphetamine or sympathomimetic amine drug, or a compound designated pursuant to chapter 893 as a Schedule II controlled substance to or for any person except for:

2. The differential diagnostic psychiatric evaluation of depression or the treatment of depression shown to be refractory to other therapeutic modalities.

3. The clinical investigation of the effects of such drugs or compounds when an investigative protocol therefor is submitted to, reviewed, and approved by the department before such investigation is begun.

(dd) Prescribing, ordering, dispensing, administering, supplying, selling, or giving growth hormones, testosterone or its analogs, human chorionic gonadotropin (HCG), or other hormones for the purpose of muscle building or to enhance athletic performance. For the purposes of this subsection, the term "muscle building" does not include the treatment of injured muscle. A prescription written for the drug products listed above may be dispensed by the pharmacist with the presumption that the prescription is for legitimate medical use.

(ee) *Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.*

(2) The department may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1). ~~When the department finds any person guilty of any of the grounds set forth in subsection (1), it may enter an order imposing one or more of the following penalties:~~

~~(c) Restriction of practice.~~

~~(d) Imposition of an administrative fine not to exceed \$1,000 for each count or separate offense.~~

~~(e) Issuance of a reprimand.~~

~~(f) Placement of the naturopathic physician on probation for a period of time and subject to such conditions as the department may specify, including, but not limited to, requiring the naturopathic physician to submit to treatment, to attend continuing education courses, to submit to reexamination, or to work under the supervision of another naturopathic physician.~~

(x) Being guilty of incompetence or negligence by failing to meet the minimum standards of performance in diagnosis and treatment when measured against generally prevailing peer performance, including, but not limited to, the undertaking of diagnosis and treatment for which the dentist is not qualified by training or experience or being guilty of dental malpractice. For purposes of this paragraph, it shall be legally presumed that a dentist is not guilty of incompetence or negligence by declining to treat an individual if, in the dentist's professional judgment, the dentist or a member of her or his clinical staff is not qualified by training and experience, or the dentist's treatment facility is not clinically satisfactory or properly equipped to treat the unique characteristics and health status of the dental patient, provided the dentist refers the patient to a qualified dentist or facility for appropriate treatment. As used in this paragraph, "dental malpractice" includes, but is not limited to, three or more claims within the previous 5-year period which resulted in indemnity being paid, or any single indemnity paid in excess of \$5,000 in a judgment or settlement, as a result of negligent conduct on the part of the dentist.

A prescription written for the drug products listed above may be dispensed by the pharmacist with the presumption that the prescription is for legitimate medical use.

(ff) Operating or causing to be operated a dental office in such a manner as to result in dental treatment that is below minimum acceptable standards of performance for the community. (j) Paying or receiving any commission, bonus, kickback, or rebate to or from, or engaging in any split-fee arrangement in any form whatsoever with, a physician, organization, agency, or person, either directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent an occupational therapist or occupational therapy assistant from receiving a fee for professional consultation services.

—was read the first time by title. On motion by Rep. Fasano, the rules were waived and the bill was read the second time by title.

Representative(s) Cantens offered the following:

(Amendment Bar Code: 101723)

Amendment 1 (with title amendment)—On page 1, line 20, insert:

Section 1. Paragraph (b) of subsection (1) of section 121.053, Florida Statutes, is amended to read:

121.053 Participation in the Elected Officers' Class for retired members.—

(1)

(b) Any retired member of the Florida Retirement System, or any existing system as defined in s. 121.021(2), who, on or after July 1, 1990, is serving in, or is elected or appointed to, an elective office covered by the Elected Officers' Class shall be enrolled in the appropriate subclass of the Elected Officers' Class of the Florida Retirement System, and applicable contributions shall be paid into the Florida Retirement System Trust Fund as provided in s. 121.052(7). Pursuant thereto:

1. Any such retired member shall be eligible to continue to receive retirement benefits as well as compensation for the elected officer service for as long as he or she remains in an elective office covered by the Elected Officers' Class.

2. If any such member serves in an elective office covered by the Elected Officers' Class and becomes vested under that class, he or she

shall be entitled to receive an additional retirement benefit for such elected officer service.

3. Such member shall be entitled to purchase additional retirement credit in the Elected Officers' Class for any postretirement service performed in an elected position eligible for the Elected Officers' Class prior to July 1, 1990, or in the Regular Class for any postretirement service performed in any other regularly established position prior to July 1, 1991, by paying the applicable Elected Officers' Class or Regular Class employee and employer contributions for the period being claimed, plus 4 percent interest compounded annually from the first year of service claimed until July 1, 1975, and 6.5 percent interest compounded thereafter, until full payment is made to the Florida Retirement System Trust Fund. The contribution for postretirement Regular Class service between July 1, 1985, and July 1, 1991, for which the reemployed retiree contribution was paid, shall be the difference between such contribution and the total applicable contribution for the period being claimed, plus interest. The employer of such member may pay the applicable employer contribution in lieu of the member. If a member does not wish to claim credit for all of the postretirement service for which he or she is eligible, the service the member claims must be the most recent service.

4. Creditable service for which credit was received, or which remained unclaimed, at retirement may not be claimed or applied toward service credit earned following renewed membership. However, service earned in accordance with the renewed membership provisions in s. 121.122 may be used in conjunction with creditable service earned under this paragraph, provided applicable vesting requirements and other existing statutory conditions required by this chapter are met.

5. Any elected officer who is a participating member of DROP may terminate participation at any time during the 60-month DROP participation period and elect to enroll in the appropriate subclass of the Elected Officers' Class, including participating in the Senior Management Service Class, effective the first day of the following month.

Section 2. Paragraph (b) of subsection (13) of section 121.091, Florida Statutes, is amended to read:

121.091 Benefits payable under the system.—Benefits may not be paid under this section unless the member has terminated employment as provided in s. 121.021(39)(a) or begun participation in the Deferred Retirement Option Program as provided in subsection (13), and a proper application has been filed in the manner prescribed by the department. The department may cancel an application for retirement benefits when the member or beneficiary fails to timely provide the information and documents required by this chapter and the department's rules. The department shall adopt rules establishing procedures for application for retirement benefits and for the cancellation of such application when the required information or documents are not received.

(13) DEFERRED RETIREMENT OPTION PROGRAM.—In general, and subject to the provisions of this section, the Deferred Retirement Option Program, hereinafter referred to as the DROP, is a program under which an eligible member of the Florida Retirement System may elect to participate, deferring receipt of retirement benefits while continuing employment with his or her Florida Retirement System employer. The deferred monthly benefits shall accrue in the System Trust Fund on behalf of the participant, plus interest compounded monthly, for the specified period of the DROP participation, as provided in paragraph (c). Upon termination of employment, the participant shall receive the total DROP benefits and begin to receive the previously determined normal retirement benefits. Participation in the DROP does not guarantee employment for the specified period of DROP.

(b) Participation in the DROP.—

1. An eligible member may elect to participate in the DROP for a period not to exceed a maximum of 60 calendar months immediately following the date on which the member first reaches his or her normal retirement date or the date to which he or she is eligible to defer his or her election to participate as provided in subparagraph (a)2. However, a member who has reached normal retirement date prior to the effective

date of the DROP shall be eligible to participate in the DROP for a period of time not to exceed 60 calendar months immediately following the effective date of the DROP, except a member of the Special Risk Class who has reached normal retirement date prior to the effective date of the DROP and whose total accrued value exceeds 75 percent of average final compensation as of his or her effective date of retirement shall be eligible to participate in the DROP for no more than 36 calendar months immediately following the effective date of the DROP.

2. Upon deciding to participate in the DROP, the member shall submit, on forms required by the division:

a. A written election to participate in the DROP;

b. Selection of the DROP participation and termination dates, which satisfy the limitations stated in paragraph (a) and subparagraph 1. Such termination date shall be in a binding letter of resignation with the employer, establishing a deferred termination date. The member may change the termination date within the limitations of subparagraph 1., but only with the written approval of his or her employer;

c. A properly completed DROP application for service retirement as provided in this section; and

d. Any other information required by the division.

3. The DROP participant shall be a retiree under the Florida Retirement System for all purposes, except for paragraph (5)(f) and subsection (9) and ss. 112.3173, 112.363, 121.053, and 121.122. However, participation in the DROP does not alter the participant's employment status and such employee shall not be deemed retired from employment until his or her deferred resignation is effective and termination occurs as provided in s. 121.021(39).

4. Elected officers shall be eligible to participate in the DROP subject to the following:

a. An elected officer who reaches normal retirement date during a term of office may defer the election to participate in the DROP until the next succeeding term in that office. Such elected officer who exercises this option may participate in the DROP for up to 60 calendar months or a period of no longer than such succeeding term of office, whichever is less.

b. An elected or a nonelected participant may run for a term of office while participating in DROP and, if elected, extend the DROP termination date accordingly, except, however, if such additional term of office exceeds the 60-month limitation established in subparagraph 1., and the officer does not resign from office within such 60-month limitation, the retirement and the participant's DROP shall be null and void as provided in sub-subparagraph (c)5.d.

c. An elected officer who is dually employed and elects to participate in DROP shall be required to satisfy the definition of termination within the 60-month limitation period as provided in subparagraph 1. for the nonelected position and may continue employment as an elected officer as provided in s. 121.053. The elected officer will be enrolled as a renewed member in the Elected Officers' Class or the Regular Class, as provided in ss. 121.053 and 121.22, on the first day of the month after termination of employment in the nonelected position and termination of DROP. Distribution of the DROP benefits shall be made as provided in paragraph (c).

d. *An elected officer who is elected or appointed to an elective office is not subject to termination limitations as provided in chapter 121.*

And the title is amended as follows:

On page 1, line 2, after "disabilities;"

insert: amending s. 121.053, F.S.; authorizing elected officers participating in DROP to terminate participation in DROP and enroll in a subclass of the Elected Officers' Class; amending s. 121.091, F.S.; increasing the time for participation in the Deferred Retirement Option Program for members of the elected officers class of the Florida Retirement System; providing that elected officers are not subject to termination limitations;

Rep. Cantens moved the adoption of the amendment, which was adopted.

Representative(s) Fasano offered the following:

(Amendment Bar Code: 511277)

Amendment 2 (with title amendment)—On page 1, line 13, of the bill

insert:

Section 1. Subsection (1), paragraph (a) of subsection (2), paragraph (e) of subsection (4), paragraph (b) of subsection (8), and paragraphs (a) and (b) of subsection (9) of section 121.4501, Florida Statutes, are amended, and paragraph (f) is added to subsection (9) of said section, to read:

121.4501 Public Employee Optional Retirement Program.—

(1) The Trustees of the State Board of Administration shall establish an optional defined contribution retirement program for members of the Florida Retirement System under which retirement benefits will be provided for eligible employees who elect to participate in the program. The benefits to be provided for or on behalf of participants in such optional retirement program shall be provided through employee-directed investments, in accordance with s. 401(a) of the Internal Revenue Code and its related regulations. The employers shall contribute, as provided in this section and s. 121.571, to the *Public Employee Optional Retirement Program Trust Fund* toward the funding of such optional benefits.

(2) DEFINITIONS.—As used in this section, the term:

(a) "Approved provider" or "provider" means a private sector company that is selected and approved by the state board to offer one or more investment products or services to the Public Employee Optional Retirement Program, *including a "bundled provider" that offers participants a range of individually allocated or unallocated investment products and may offer a range of administrative and customer services, which may include accounting and administration of individual participant benefits and contributions; individual participant recordkeeping; asset purchase, control, and safekeeping; direct execution of the participant's instructions as to asset and contribution allocation; calculation of daily net asset values; direct access to participant account information; periodic reporting to participants, at least quarterly, on account balances and transactions; direct advice and guidance on its investments options; a broad array of distribution options; and asset allocation and retirement counseling and education.* Private sector companies include investment management companies, insurance companies, depositories, and mutual fund companies.

(4) PARTICIPATION; ENROLLMENT.—

(e) After the period during which an eligible employee had the choice to elect the defined benefit program or the Public Employee Optional Retirement Program, the employee shall have one opportunity, *that is, a second election, at the employee's discretion,* to choose to move from the defined benefit program to the Public Employee Optional Retirement Program or from the Public Employee Optional Retirement Program to the defined benefit program. This paragraph shall be contingent upon approval from the Internal Revenue Service for including the choice described herein within the programs offered by the Florida Retirement System.

1. If the employee chooses to move to the Public Employee Optional Retirement Program, the applicable provisions of this section shall govern the transfer.

2. If the employee chooses to move from the *Public Employee Optional Retirement Program* to the defined benefit program, the employee must transfer from his or her *optional program* ~~Public Employee Optional Retirement Program~~ account and from other employee moneys as necessary, a sum representing all contributions that would have been made to the defined benefit plan for that employee and the actual return that would have been earned on those contributions had they been invested in the defined benefit program.

If, at the time of a member's election to transfer to the defined benefit program, the member's optional program account does not contain the total amount required to be transferred to the defined benefit program, the member must pay the remaining balance. If the member's optional program account contains more than the amount required to be transferred to the defined benefit program, such additional amount shall remain in the member's optional program account.

(8) ADMINISTRATION OF PROGRAM.—

(b)1. The state board shall select and contract with one third-party administrator to provide administrative services, *where those services do not duplicate services provided by the Division of Retirement within the Department of Management Services.* With the approval of the state board, the third-party administrator may subcontract with other organizations or individuals to provide components of the administrative services. As a cost of administration, the board may compensate any such contractor for its services, in accordance with the terms of the contract, as is deemed necessary or proper by the board. The third-party administrator may not be an approved provider or be affiliated with an approved provider.

2. *These administrative services may include, but are not limited to, enrollment of eligible employees, collection of employer contributions, disbursement of such contributions to approved providers in accordance with the allocation directions of participants; services relating to consolidated billing; individual and collective recordkeeping and accounting; asset purchase, control, and safekeeping; and direct disbursement of funds to and from the third-party administrator, the division, the board, employers, participants, approved providers, and beneficiaries. Nothing in this section shall prevent or prohibit a bundled provider from providing any administrative or customer service, including accounting and administration of individual participant benefits and contributions; individual participant recordkeeping; asset purchase, control, and safekeeping; direct execution of the participant's instructions as to asset and contribution allocation; calculation of daily net asset values; direct access to participant account information; periodic reporting to participants, at least quarterly, on account balances and transactions.*

3. The state board shall select and contract with one or more organizations to provide educational services. With approval of the board, the organizations may subcontract with other organizations or individuals to provide components of the educational services. As a cost of administration, the board may compensate any such contractor for its services in accordance with the terms of the contract, as is deemed necessary or proper by the board. The education organization may not be an approved provider or be affiliated with an approved provider.

4. Educational services shall be designed by the board and department to assist employers, eligible employees, participants, and beneficiaries in order to maintain compliance with United States Department of Labor regulations under s. 404(c) of the Employee Retirement Income Security Act of 1974 and to assist employees in their choice of defined benefit or defined contribution retirement alternatives. Educational services include, but are not limited to, disseminating educational materials; providing retirement planning education; explaining the differences between the defined benefit retirement plan and the defined contribution retirement plan; and offering financial planning guidance on matters such as investment diversification, investment risks, investment costs, and asset allocation. An approved provider may also provide educational information, including retirement planning and investment allocation information concerning its products and services.

(9) INVESTMENT OPTIONS OR PRODUCTS; PERFORMANCE REVIEW.—

(a) The board shall develop policy and procedures for selecting, evaluating, and monitoring the performance of approved providers and investment products to which employees may direct retirement contributions under the program. In accordance with such policy and procedures, the board shall designate and contract for a number of investment products as determined by the board. The board shall also

select one or more bundled providers, each of whom ~~who~~ offer nine multiple investment options and related services products when such an approach is determined by the board to afford value to the participants otherwise not available through individual investment products. *Each approved bundled provider may offer investment options that provide participants with the opportunity to invest in each of the following asset classes, to be composed of individual options that represent either a single asset class or a combination thereof: money markets, U.S. fixed income, U.S. equities, and foreign stock.* The board shall review and manage all educational materials, contract terms, fee schedules, and other aspects of the approved provider relationships to ensure that no provider is unduly favored or penalized by virtue of its status within the plan.

(b) The board shall consider investment options or products it considers appropriate to give participants the opportunity to accumulate retirement benefits, subject to the following:

1. The Public Employee Optional Retirement Program must offer a diversified mix of low-cost investment products that span the risk-return spectrum, and may include a guaranteed account as well as investment products such as individually allocated guaranteed and variable annuities, that meet the requirements of this subsection and that combine the ability to accumulate investment returns with the option of receiving lifetime income consistent with the long-term retirement security of a pension plan and similar to the lifetime income benefit provided by the Florida Retirement System.

2. Investment options or products offered by the group of approved providers may include mutual funds, group annuity contracts, individual retirement annuities, interests in trusts, collective trusts, separate accounts, and other such financial instruments, and shall include products that give participants the option of committing their contributions for an extended time period in an effort to obtain higher returns than could be obtained from investment products offering full liquidity.

3. The board shall not contract with any provider that imposes a front-end, back-end, contingent, or deferred sales charge, or any other fee that limits or restricts the ability of participants to select any investment product available in the optional program. *This prohibition shall not apply to fees or charges that are imposed on withdrawals from products that give participants the option of committing their contributions for an extended time period in an effort to obtain higher returns than could be obtained from investment products offering full liquidity, provided that the product in question, net of all fees and charges, produces material benefits relative to other comparable products in the program offering full liquidity.*

4. *Fees or charges for insurance features, such as mortality and expense risk charges, shall be reasonable relative to the benefits provided.*

(f)1. *An approved provider shall comply with all applicable federal and state securities and insurance laws and regulations, as well as the applicable rules and guidelines of the National Association of Securities Dealers (NASD) governing the ethical marketing of investment products. In furtherance of this mandate, an approved provider must agree in its contract with the board to establish and maintain a compliance education and monitoring system to supervise the activities of all personnel who directly communicate with individual participants and recommend investment products, which system is consistent with National Association of Security Dealers rules.*

2. *Approved provider personnel who directly communicate with individual participants and who recommend investment products shall make an independent and unbiased determination as to whether an investment product is suitable for a particular participant.*

3. *The board shall develop procedures to receive and resolve participant complaints against a provider or approved provider personnel, and, when appropriate, refer such complaints to the appropriate regulatory agency.*

4. *Approved providers are prohibited from selling or in any way distributing any customer list or participant identification information*

generated through their offering of products or services through the optional retirement program.

Section 2. *The appointment of the executive director of the State Board of Administration shall be subject to the approval by a majority vote of the Board of Trustees of the State Board of Administration and the Governor must vote on the prevailing side. Such appointment must be reaffirmed in the same manner by the Board of Trustees on an annual basis.*

And the title is amended as follows:

On page 1, line 2, after the semicolon

insert: amending s. 121.4501, F.S.; redefining the term "approved provider"; providing requirements for the State Board of Administration in carrying out its duties under the program; providing requirements for approved providers regarding federal and state laws and regulations, and for communications with participants; providing requirements for the appointment of the executive director of the State Board of Administration;

Rep. Fasano moved the adoption of the amendment, which was adopted.

On motion by Rep. Fasano, the rules were waived and CS for SB 2, as amended, was read the third time by title. On passage, the vote was:

and insert in lieu thereof:

Section 1. Section 112.215, Florida Statutes, is amended to read:

112.215 Government employees; deferred compensation program.—

(1) This section shall be known and may be cited as the “Government Employees’ Deferred Compensation Plan Act.”

(2) For the purposes of this section, the term “employee” means any person, whether appointed, elected, or under contract, providing services for the state; any state agency or county or other political subdivision of the state; ~~or~~ any municipality; *or any constitutional county officer under s. 1(d), Article VIII of the State Constitution for which compensation or statutory fees are paid.*

(3) In accordance with a plan of deferred compensation which has been approved as herein provided, the state or any state agency, county, municipality, ~~or~~ other political subdivision, *or constitutional county officer may, by contract or a collective bargaining agreement, agree with any employee to defer all or any portion of that employee’s otherwise payable compensation and, pursuant to the terms of such approved plan and in such proportions as may be designated or directed under that plan, place such deferred compensation in savings accounts or use the same to purchase fixed or variable life insurance or annuity contracts, securities, evidence of indebtedness, or such other investment products as may have been approved for the purposes of carrying out the*

objectives of such plan. Such insurance, annuity, savings, or investment products shall be underwritten and offered in compliance with the applicable federal and state laws and regulations by persons who are duly authorized by applicable state and federal authorities.

(4)(a) The Treasurer, with the approval of the State Board of Administration, shall establish such plan or plans of deferred compensation for state employees, including all such investment vehicles or products incident thereto, as may be available through, or offered by, qualified companies or persons, and may approve one or more such plans for implementation by and on behalf of the state and its agencies and employees.

(b) If the Treasurer deems it advisable, he or she shall have the power, with the approval of the State Board of Administration, to create a trust or other special funds for the segregation of funds or assets resulting from compensation deferred at the request of employees of the state or its agencies and for the administration of such program.

(c) The Treasurer, with the approval of the State Board of Administration, may delegate responsibility for administration of the plan to a person the Treasurer determines to be qualified, compensate such person, and, directly or through such person or pursuant to a collective bargaining agreement, contract with a private corporation or institution to provide such services as may be part of any such plan or as may be deemed necessary or proper by the Treasurer or such person, including, but not limited to, providing consolidated billing, individual and collective recordkeeping and accountings, asset purchase, control, and safekeeping, and direct disbursement of funds to employees or other beneficiaries. The Treasurer may authorize a person, private corporation, or institution to make direct disbursement of funds under the plan to an employee or other beneficiary only upon the order of the Comptroller to the Treasurer.

(d) In accordance with such approved plan, and upon contract or agreement with an eligible employee, deferrals of compensation may be accomplished by payroll deductions made by the appropriate officer or officers of the state, with such funds being thereafter held and administered in accordance with the plan.

(5) Any county, municipality, or other political subdivision of the state may by ordinance, *and any constitutional county officer under s. 1(d), Article VIII of the State Constitution of 1968 may by contract agreement or other documentation constituting approval*, adopt and establish for itself and its employees a deferred compensation program. The ordinance shall designate an appropriate official of the county, municipality, or political subdivision to approve and administer a deferred compensation plan or otherwise provide for such approval and administration. The ordinance shall also designate a public official or body to make the determinations provided for in paragraph (6)(b). *If a constitutional county officer elects to adopt and establish for that office and its employees a deferred compensation program, the constitutional county officer shall be the appropriate official to make the determinations provided for in this subsection and in paragraph (6)(b).*

(6)(a) No deferred compensation plan of the state shall become effective until approved by the State Board of Administration and the Treasurer is satisfied by opinion from such federal agency or agencies as may be deemed necessary that the compensation deferred thereunder and/or the investment products purchased pursuant to the plan will not be included in the employee's taxable income under federal or state law until it is actually received by such employee under the terms of the plan, and that such compensation will nonetheless be deemed compensation at the time of deferral for the purposes of social security coverage, for the purposes of the state retirement system, and for any other retirement, pension, or benefit program established by law.

(b) No deferred compensation plan of a county, municipality, ~~or~~ other political subdivision, *or constitutional county officer* shall become effective until the appropriate official or body designated *under subsection (5) by ordinance* is satisfied by opinion from such federal agency or agencies as may be deemed necessary that the compensation deferred thereunder and/or the investment products purchased pursuant to the plan will not be included in the employee's taxable

income under federal or state law until it is actually received by such employee under the terms of the plan, and that such compensation will nonetheless be deemed compensation at the time of deferral for the purposes of social security coverage, for the purposes of the retirement system of the appropriate county, municipality, ~~or~~ political subdivision, *or constitutional county officer*, and for any other retirement, pension, or benefit program established by law.

(7) The deferred compensation programs authorized by this section, and any plan approved and adopted as herein provided, shall exist and serve in addition to any other retirement, pension, or benefit systems established by the state or its agencies, counties, municipalities, ~~or~~ other political subdivisions, *or constitutional county officers* and shall not supersede, make inoperative, or reduce any benefits provided by the Florida Retirement System or by another retirement, pension, or benefit program established by law. All records identifying individual participants in any plan under this section and their personal account activities shall be confidential and are exempt from the provisions of s. 119.07(1).

(9) The purchase of any insurance contract or annuity or the investment in another investment option under any plan of deferred compensation provided for in the United States Internal Revenue Code and not prohibited under the laws of this state for an employee shall impose no liability or responsibility whatsoever on the state, county, municipality, or other political subdivision, or constitutional county officer, except to show that the payments have been remitted for the purposes for which the compensation has been deferred.

(10)(a) The moneys, pensions, annuities, or other benefits accrued or accruing to any person under the provisions of any plan providing for the deferral of compensation and the accumulated contributions and the cash and securities in the funds created thereunder are hereby exempt from any state, county, or municipal tax. - b. All property and rights purchased with such amounts; and
- c. All income attributable to such amounts, property, or rights.

Section 3. Paragraph (h) of subsection (3) of section 381.004, Florida Statutes, is amended to read:

381.004 HIV testing.—

(3) HUMAN IMMUNODEFICIENCY VIRUS TESTING; INFORMED CONSENT; RESULTS; COUNSELING; CONFIDENTIALITY.—

(h) Notwithstanding the provisions of paragraph (a), informed consent is not required:

1. When testing for sexually transmissible diseases is required by state or federal law, or by rule including the following situations:

a. HIV testing pursuant to s. 796.08 of persons convicted of prostitution or of procuring another to commit prostitution.

b. *HIV testing of inmates pursuant to s. 945.355 prior to their release from prison by reason of parole, accumulation of gain-time credits, or expiration of sentence.*

c. Testing for HIV by a medical examiner in accordance with s. 406.11.

2. Those exceptions provided for blood, plasma, organs, skin, semen, or other human tissue pursuant to s. 381.0041.

3. For the performance of an HIV-related test by licensed medical personnel in bona fide medical emergencies when the test results are necessary for medical diagnostic purposes to provide appropriate emergency care or treatment to the person being tested and the patient is unable to consent, as supported by documentation in the medical record. Notification of test results in accordance with paragraph (c) is required.

4. For the performance of an HIV-related test by licensed medical personnel for medical diagnosis of acute illness where, in the opinion of the attending physician, obtaining informed consent would be detrimental to the patient, as supported by documentation in the medical record, and the test results are necessary for medical diagnostic purposes to provide appropriate care or treatment to the person being tested. Notification of test results in accordance with paragraph (c) is required if it would not be detrimental to the patient. This subparagraph does not authorize the routine testing of patients for HIV infection without informed consent.

5. When HIV testing is performed as part of an autopsy for which consent was obtained pursuant to s. 872.04.

6. For the performance of an HIV test upon a defendant pursuant to the victim's request in a prosecution for any type of sexual battery where a blood sample is taken from the defendant voluntarily, pursuant to court order for any purpose, or pursuant to the provisions of s. 775.0877, s. 951.27, or s. 960.003; however, the results of any HIV test performed shall be disclosed solely to the victim and the defendant, except as provided in ss. 775.0877, 951.27, and 960.003.

7. When an HIV test is mandated by court order.

8. For epidemiological research pursuant to s. 381.0032, for research consistent with institutional review boards created by 45 C.F.R. part 46, or for the performance of an HIV-related test for the purpose of research, if the testing is performed in a manner by which the identity of the test subject is not known and may not be retrieved by the researcher.

9. When human tissue is collected lawfully without the consent of the donor for corneal removal as authorized by s. 732.9185 or enucleation of the eyes as authorized by s. 732.919.

10. For the performance of an HIV test upon an individual who comes into contact with medical personnel in such a way that a significant exposure has occurred during the course of employment or within the scope of practice and where a blood sample is available that was taken from that individual voluntarily by medical personnel for other purposes. The term "medical personnel" includes a licensed or certified health care professional; an employee of a health care professional or health care facility; employees of a laboratory licensed under chapter 483; personnel of a blood bank or plasma center; a medical student or other student who is receiving training as a health care professional at a health care facility; and a paramedic or emergency medical technician certified by the department to perform life-support procedures under s. 401.23.

a. Prior to performance of an HIV test on a voluntarily obtained blood sample, the individual from whom the blood was obtained shall be requested to consent to the performance of the test and to the release of the results. The individual's refusal to consent and all information concerning the performance of an HIV test and any HIV test result shall be documented only in the medical personnel's record unless the individual gives written consent to entering this information on the individual's medical record.

b. Reasonable attempts to locate the individual and to obtain consent shall be made and all attempts must be documented. If the individual cannot be found, an HIV test may be conducted on the available blood sample. If the individual does not voluntarily consent to the performance of an HIV test, the individual shall be informed that an HIV test will be performed, and counseling shall be furnished as provided in this section. However, HIV testing shall be conducted only after a licensed physician documents, in the medical record of the medical personnel, that there has been a significant exposure and that, in the physician's medical judgment, the information is medically necessary to determine the course of treatment for the medical personnel.

c. Costs of any HIV test of a blood sample performed with or without the consent of the individual, as provided in this subparagraph, shall be borne by the medical personnel or the employer of the medical personnel. However, costs of testing or treatment not directly related to the initial HIV tests or costs of subsequent testing or treatment shall not be borne by the medical personnel or the employer of the medical personnel.

d. In order to utilize the provisions of this subparagraph, the medical personnel must either be tested for HIV pursuant to this section or provide the results of an HIV test taken within 6 months prior to the significant exposure if such test results are negative.

e. A person who receives the results of an HIV test pursuant to this subparagraph shall maintain the confidentiality of the information received and of the persons tested. Such confidential information is exempt from s. 119.07(1).

f. If the source of the exposure will not voluntarily submit to HIV testing and a blood sample is not available, the medical personnel or the employer of such person acting on behalf of the employee may seek a court order directing the source of the exposure to submit to HIV testing. A sworn statement by a physician licensed under chapter 458 or chapter 459 that a significant exposure has occurred and that, in the physician's medical judgment, testing is medically necessary to determine the course of treatment constitutes probable cause for the issuance of an order by the court. The results of the test shall be released to the source of the exposure and to the person who experienced the exposure.

11. For the performance of an HIV test upon an individual who comes into contact with medical personnel in such a way that a significant exposure has occurred during the course of employment or within the scope of practice of the medical personnel while the medical personnel provides emergency medical treatment to the individual; or who comes into contact with nonmedical personnel in such a way that a significant exposure has occurred while the nonmedical personnel provides emergency medical assistance during a medical emergency. For the purposes of this subparagraph, a medical emergency means an emergency medical condition outside of a hospital or health care facility that provides physician care. The test may be performed only during the course of treatment for the medical emergency.

a. An individual who is capable of providing consent shall be requested to consent to an HIV test prior to the testing. The individual's refusal to consent, and all information concerning the performance of an HIV test and its result, shall be documented only in the medical personnel's record unless the individual gives written consent to entering this information on the individual's medical record.

b. HIV testing shall be conducted only after a licensed physician documents, in the medical record of the medical personnel or nonmedical personnel, that there has been a significant exposure and that, in the physician's medical judgment, the information is medically necessary to determine the course of treatment for the medical personnel or nonmedical personnel.

c. Costs of any HIV test performed with or without the consent of the individual, as provided in this subparagraph, shall be borne by the medical personnel or the employer of the medical personnel or nonmedical personnel. However, costs of testing or treatment not directly related to the initial HIV tests or costs of subsequent testing or treatment shall not be borne by the medical personnel or the employer of the medical personnel or nonmedical personnel.

d. In order to utilize the provisions of this subparagraph, the medical personnel or nonmedical personnel shall be tested for HIV pursuant to this section or shall provide the results of an HIV test taken within 6 months prior to the significant exposure if such test results are negative.

e. A person who receives the results of an HIV test pursuant to this subparagraph shall maintain the confidentiality of the information received and of the persons tested. Such confidential information is exempt from s. 119.07(1).

f. If the source of the exposure will not voluntarily submit to HIV testing and a blood sample was not obtained during treatment for the medical emergency, the medical personnel, the employer of the medical personnel acting on behalf of the employee, or the nonmedical personnel may seek a court order directing the source of the exposure to submit to HIV testing. A sworn statement by a physician licensed under chapter 458 or chapter 459 that a significant exposure has occurred and that, in the physician's medical judgment, testing is medically necessary to determine the course of treatment constitutes probable cause for the issuance of an order by the court. The results of the test shall be released to the source of the exposure and to the person who experienced the exposure.

12. For the performance of an HIV test by the medical examiner or attending physician upon an individual who expired or could not be resuscitated while receiving emergency medical assistance or care and who was the source of a significant exposure to medical or nonmedical personnel providing such assistance or care.

a. HIV testing may be conducted only after a licensed physician documents in the medical record of the medical personnel or nonmedical personnel that there has been a significant exposure and that, in the physician's medical judgment, the information is medically necessary to determine the course of treatment for the medical personnel or nonmedical personnel.

b. Costs of any HIV test performed under this subparagraph may not be charged to the deceased or to the family of the deceased person.

c. For the provisions of this subparagraph to be applicable, the medical personnel or nonmedical personnel must be tested for HIV under this section or must provide the results of an HIV test taken within 6 months before the significant exposure if such test results are negative.

d. A person who receives the results of an HIV test pursuant to this subparagraph shall comply with paragraph (e).

13. For the performance of an HIV-related test medically indicated by licensed medical personnel for medical diagnosis of a hospitalized infant as necessary to provide appropriate care and treatment of the infant when, after a reasonable attempt, a parent cannot be contacted to provide consent. The medical records of the infant shall reflect the reason consent of the parent was not initially obtained. Test results shall be provided to the parent when the parent is located.

14. For the performance of HIV testing conducted to monitor the clinical progress of a patient previously diagnosed to be HIV positive.

15. For the performance of repeated HIV testing conducted to monitor possible conversion from a significant exposure.

Senate Amendment 1 (with title amendment)—Delete everything after the enacting clause

and insert:

Section 1. Subsection (1) of section 414.045, Florida Statutes, is amended to read:

414.045 Cash assistance program.—Cash assistance families include any families receiving cash assistance payments from the state program for temporary assistance for needy families as defined in federal law, whether such funds are from federal funds, state funds, or commingled federal and state funds. Cash assistance families may also include families receiving cash assistance through a program defined as a separate state program.

(1) For reporting purposes, families receiving cash assistance shall be grouped ~~into in~~ the following categories. The department may develop additional groupings in order to comply with federal reporting requirements, to comply with the data-reporting needs of the board of directors of Workforce Florida, Inc., or to better inform the public of program progress. ~~Program reporting data shall include, but not necessarily be limited to, the following groupings:~~

(a) Work-eligible cases.—Work-eligible cases shall include:

1. Families containing an adult or a teen head of household, as defined by federal law. These cases are generally subject to the work activity requirements provided in s. 445.024 and the time limitations on benefits provided in s. 414.105.

2. Families with a parent where the parent's needs have been removed from the case due to sanction or disqualification shall be considered work-eligible cases to the extent that such cases are considered in the calculation of federal participation rates or would be counted in such calculation in future months.

3. Families participating in transition assistance programs.

4. Families otherwise eligible for temporary cash assistance that receive diversion services, a severance payment, or participate in the relocation program.

(b) Child-only cases.—Child-only cases include cases that do not have an adult or teen head of household as defined in federal law. Such cases include:

1. ~~Child-only families with~~ Children in the care of caretaker relatives where the caretaker relatives choose to have their needs excluded in the calculation of the amount of cash assistance.

2. Families in the Relative Caregiver Program as provided in s. 39.5085.

3. Families in which the only parent in a single-parent family or both parents in a two-parent family receive supplemental security income (SSI) benefits under Title XVI of the Social Security Act, as amended. To the extent permitted by federal law, individuals receiving SSI shall be excluded as household members in determining the amount of cash assistance, and such cases shall not be considered families containing an adult. Parents or caretaker relatives who are excluded from the cash assistance group due to receipt of SSI may choose to participate in work activities. An individual who volunteers to participate in work activity but whose ability to participate in work activities is limited shall be assigned to work activities consistent with such limitations. An individual who volunteers to participate in a work activity may receive child care or support services consistent with such participation.

4. Families where the only parent in a single-parent family or both parents in a two-parent family are not eligible for cash assistance due to immigration status or other ~~limitation requirements~~ of federal law. To the extent required by federal law, such cases shall not be considered families containing an adult.

5. *To the extent permitted by federal law and subject to appropriations, special needs children who have been adopted pursuant to s. 409.166 and whose adopting family qualifies as a needy family under the state program for temporary assistance for needy families.*

Notwithstanding any provision to the contrary in s. 414.075, s. 414.085, or s. 414.095, a family shall be considered a needy family if:

a. The family is determined by the department to have an income below 200 percent of the federal poverty level;

b. The family meets the requirements of s. 414.095(2) and (3) related to residence, citizenship, or eligible noncitizen status; and

c. The family provides any information that may be necessary to meet federal reporting requirements specified under Part A of Title IV of the Social Security Act.

Families described in subparagraph 1., subparagraph 2., or subparagraph 3. may receive child care assistance or other supports or services so that the children may continue to be cared for in their own homes or the homes of relatives. Such assistance or services may be funded from the temporary assistance for needy families block grant to the extent permitted under federal law and to the extent ~~funds have been provided in the General Appropriations Act permitted by~~ appropriation of funds.

Section 2. Section 409.1674, Florida Statutes, is created to read:

409.1674 It is the intent of the Legislature to improve services and local participation in community-based care initiatives by fostering community support and providing enhanced prevention and in-home services, thereby reducing the risk otherwise faced by lead agencies. There is established a community partnership matching grant program to be operated by the Department of Children and Family Services for the purpose of encouraging local participation in community-based care for child welfare. Any children's services council or other local government entity that makes a financial commitment to a community-based care lead agency is eligible for a grant upon proof that the children's services council or local government entity has provided the selected lead agency at least \$825,000 in start-up funds, from any local resources otherwise available to it. The total amount of local contribution may be matched on a two-for-one basis up to a maximum amount of \$2 million per council. Awarded matching grant funds may be used for any prevention or in-home services provided by the children's services council or other local government entity that meets temporary-assistance-for-needy-families' eligibility requirements and can be reasonably expected to reduce the number of children entering the child welfare system. To ensure necessary flexibility for the development, start-up, and ongoing operation of community-based care initiatives, the notice period required for any budget action authorized by the provisions of s. 20.19(5)(b), is waived for the family safety program; however, the Department of Children and Family Services must provide copies of all such actions to the Executive Office of the Governor and Legislature within 72 hours of their occurrence. Funding available for the matching grant program is subject to legislative appropriation of nonrecurring temporary-assistance-for-needy-families funds provided for the purpose. This sections expires July 1, 2002.

Section 3. Subsection (1) of section 938.01, Florida Statutes, is amended to read:

938.01 Additional Court Cost Clearing Trust Fund.—

(1) All courts created by Art. Section 1. *Legislative intent.*—*The purpose of the Passport to Economic Progress Act is to provide incentives and services designed to assist individuals who are recipients of temporary cash assistance or who are former recipients of temporary cash assistance generate family income levels that help foster the achievement and maintenance of economic self-sufficiency. It is the intent of the Legislature to create through this act a demonstration program for the provision of such incentives and services, with the goal of developing a model for the continued evolution and enhancement of the welfare-reform efforts of the state.*

Section 2. *Passport to Economic Progress demonstration program.*—

(1) **AUTHORIZATION.**—*Notwithstanding any law to the contrary, Workforce Florida, Inc., in conjunction with the Department of Children and Family Services and the Agency for Workforce Innovation, shall implement a Passport to Economic Progress demonstration program by November 1, 2001, consistent with the provisions of this section in Hillsborough and Manatee counties. Workforce Florida, Inc., must consult with the applicable regional workforce boards and the applicable local offices of the department which serve the demonstration areas and must encourage community input into the implementation process.*

(2) **WAIVERS.**—*If Workforce Florida, Inc., in consultation with the Department of Children and Family Services, finds that federal waivers would facilitate implementation of the demonstration program, the department shall immediately request such waivers, and Workforce Florida, Inc., shall report to the Governor, the President of the Senate, and the Speaker of the House of Representatives if any refusal of the federal government to grant such waivers prevents the implementation of the demonstration program. If Workforce Florida, Inc., finds that federal waivers to provisions of the Food Stamp Program would facilitate implementation of the demonstration program, the Department of Children and Family Services shall immediately request such waivers in accordance with section 414.175, Florida Statutes.*

(3) **INCOME DISREGARD.**—*In order to provide an additional incentive for employment, and notwithstanding the amount specified in section 414.095(12), Florida Statutes, for individuals residing in the areas designated for this demonstration program, the first \$300 plus one-half of the remainder of earned income shall be disregarded in determining eligibility for temporary cash assistance. (b) *Workforce Florida, Inc., in cooperation with the Department of Children and Family Services and the Agency for Workforce Innovation, shall create a transitional wage supplementation program by November 1, 2001, as a component of the Passport to Economic Progress demonstration program in the areas designated for the demonstration program. An individual may not receive wage supplementation payments for more than a total of 12 months.*

(e) *The wage supplementation program authorized by this subsection shall be administered through the regional workforce boards and the one-stop delivery system, under policy guidelines, criteria, and applications developed by Workforce Florida, Inc., in cooperation with the Department of Children and Family Services and the Agency for Workforce Innovation. To the maximum extent possible, the regional*

(6) **EVALUATIONS AND RECOMMENDATIONS.**—Workforce Florida, Inc., in conjunction with the Department of Children and Family Services, the Agency for Workforce Innovation, and the regional workforce boards in the areas designated for this demonstration program, shall conduct a comprehensive evaluation of the effectiveness of the demonstration program operated under this section. By January 1, 2003, Workforce Florida, Inc., shall submit a report on such evaluation to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report must include recommendations as to whether the demonstration program should be expanded to other service areas or statewide and whether the program should be revised to enhance its administration or effectiveness.

(7) **CONFLICTS.**—If there is a conflict between the implementation procedures described in this section and federal requirements and regulations, federal requirements and regulations shall control.

(1) **LEGISLATIVE FINDINGS AND INTENT.**—*The Legislature finds as follows:*

(c) *Families that are living near or below the poverty level are without adequate economic resources to have reasonable opportunities to obtain frequent access to use of information technology or the education and training necessary to acquire the knowledge and skills required to become competitively qualified for high-skill, high-wage employment.*

(d) *The absence of such economic resources divides such families from those who have adequate economic resources to have such opportunities, places such families at risk of never realizing their*

(e) *The divide between the members of such at-risk families and those who have adequate economic resources to have reasonable opportunities to obtain access to frequent use of information technology and the education and training necessary to acquire the knowledge and skills required to become competitively qualified for high-skill, high-wage employment could be reduced, and the economy of the state could be enhanced, by designing and implementing programs that provide such opportunities to members of such at-risk families.*

It is the intent of the Legislature to provide the authority and resources reasonably necessary to facilitate design and implementation of such programs.

(2) **DIGITAL DIVIDE COUNCIL.**—*The Digital Divide Council is created in the State Technology Office. The council shall consist of:*

- (f) *The Commissioner of Education.*
- (g) *The executive director of the State Board of Community Colleges.*
- (h) *The executive director of the State Board for Career Education.*

- (j) *A representative of the information technology industry in this state appointed by the Speaker of the House of Representatives.*
- (k) *A representative of the information technology industry in this state appointed by the President of the Senate.*
- (l) *Two members of the House of Representatives, who shall be ex officio, nonvoting members of the council, appointed by the Speaker of the House of Representatives, one of whom shall be a member of the Republican caucus and the other of whom shall be a member of the Democratic caucus.*
- (m) *Two members of the Senate, who shall be ex officio, nonvoting members of the council, appointed by the President of the Senate, one of whom shall be a member of the Republican caucus and the other of whom shall be a member of the Democratic caucus.*

(3) **TERMS OF APPOINTED MEMBERS OF COUNCIL; VACANCIES; COMPENSATION OF MEMBERS.**—*The appointed members of the council shall serve an initial term of 1 year commencing July 1, 2001, and ending June 30, 2002, and successor appointees shall serve a term of 2 years, the first of which shall commence July 1, 2002, and end June 30, 2004. Successive 2-year terms shall commence and end on the same schedule in subsequent years. Any vacancy in the membership of the council resulting from resignation, incapacity, or death shall be filled within 30 days after the date the vacancy is effective. The appointed members of the council shall serve without compensation, but such appointees and the other members of the council shall be entitled to receive per diem and reimbursement for travel expenses as provided in section 112.061, Florida Statutes. Payment of such per diem and reimbursement of such travel expenses may be made from appropriations authorized to be used for such purposes.*

In its initial meeting, the members of the council shall elect a member to serve as chair and another to serve as vice chair, each for a term of 1 year from the date of the election. Any vacancy in the offices of chair and vice chair resulting from*

resignation, incapacity, or death shall be filled by similar election within 30 days after the date the vacancy is effective.

(5) **ADMINISTRATIVE AND TECHNICAL SUPPORT; PAYMENT OF SUPPORT COSTS.**—*The State Technology Office shall provide such administrative and technical support to the council as is reasonably necessary for the council to effectively and timely carry out its duties and responsibilities. All direct and indirect costs of providing such support and performing the other duties assigned to the State Technology Office related to design and implementation of the programs authorized by this section may be paid from appropriations authorized to be used for such purposes.*

(6) **POWERS AND DUTIES OF COUNCIL.**—*The council, through the State Technology Office, is authorized and empowered to facilitate the design and implementation of programs that are aimed at achieving the objectives and goals stated in this section. The State Technology Office shall present and demonstrate to the council the design characteristics and functional elements of each program proposed to be implemented to achieve the objectives and goals stated in this section and each such program shall be reviewed and approved by the council before being implemented. Such programs shall initially be implemented as pilot programs in a minimum of six different areas of the state to develop model programs that are likely to be successful if implemented throughout the state. The areas of the state where the pilot programs are implemented shall be selected by the council with the objectives of testing the merits of the programs in each geographic region of the state and providing equal exposure of the programs to urban and rural communities alike. Implementation of all such pilot and model programs shall be administered by and through the local workforce development boards and each such board shall coordinate and confirm the ready availability and timely delivery of all elements of such programs to ensure the highest probability of such programs achieving their intended results.*

(7) **PROGRAM OBJECTIVES AND GOALS.**—*The programs authorized by this section shall have the following objectives and goals:*

- (a) *Maximizing efficient and productive use of existing facilities, equipment, personnel, programs, and funds available from federal, state, and local government agencies and from any private person or entity.*
- (b) *Using innovative concepts employing newly developed technologies in educating and training those who are enrolled in the programs authorized by this section.*
- (c) *Developing viable partnerships between public agencies and private persons and entities based on mutual commitment to responsible and dedicated participation in designing and implementing the programs authorized by this section.*
- (d) *Recruiting, enrolling, retaining, and graduating as many at-risk family members as feasible to ensure that they have reasonable opportunities to obtain access to frequent use of information technology and the education and training necessary to competitively qualify them for high-skill, high-wage employment.*
- (e) *Reducing the number of underachieving and failing students in the state's public school systems who are members of at-risk families.*
- (f) *Reducing the number of underemployed and unemployed members of at-risk families.*
- (g) *Using information technology to facilitate achievement of the Sunshine State Standards by all children enrolled in the state's K-12 school system who are members of at-risk families.*
- (h) *Training teachers in the state's K-12 school system to efficiently and effectively use information technology to plan, teach, and administer all courses of instruction required and available by election of children enrolled in the system.*
- (i) *Using information technology to enable members of at-risk families who are no longer enrolled in K-12 schools to obtain the education needed to achieve successful completion of general education development test preparation to earn a high school diploma, an applied*

(j) Bridge the digital divide in developing a competitive workforce to meet the employment needs of state-based information technology businesses and establish this state as having the most information technology ready workforce in the western hemisphere.

(8) MONITORING, REVIEWING, AND EVALUATING PROGRAM PERFORMANCES; REPORTING RESULTS.—The council, through the State Technology Office, shall continually monitor, review, and evaluate the progress of performances realized from implementation of the programs authorized by this section. The State Technology Office shall prepare and submit a report to the council at least 10 days before each of its meetings subsequent to its initial meeting and each such report shall, at a minimum, identify and describe the functional elements of each program being implemented and identify and describe the facilities, equipment, personnel, programs, and funds used to design and implement the program. For each such program, the report shall also identify by name, address, age, and sex the school-age children, and their older siblings and parents, who are enrolled in the program, state the educational level achieved by each enrollee as of the date he or she enrolled in the program, state the attendance and achievement level recorded for each enrollee in the program, evaluate the progress each enrollee is making toward successful completion of the program, and identify by name, address, age, and sex each enrollee who successfully completes the program. (e) The use of such entities is clearly in the public's best interest.

Section 3. Paragraph (k) is added to subsection (6) of section 163.3177, Florida Statutes, to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(6) In addition to the requirements of subsections (1)-(5), the comprehensive plan shall include the following elements:

(a) A future land use plan element designating proposed future general distribution, location, and extent of the uses of land for residential uses, commercial uses, industry, agriculture, recreation, conservation, education, public buildings and grounds, other public facilities, and other categories of the public and private uses of land. The future land use plan shall include standards to be followed in the control and distribution of population densities and building and structure intensities. The proposed distribution, location, and extent of the various categories of land use shall be shown on a land use map or map series which shall be supplemented by goals, policies, and measurable objectives. Each land use category shall be defined in terms of the types of uses included and specific standards for the density or intensity of use. The future land use plan shall be based upon surveys, studies, and data regarding the area, including the amount of land required to accommodate anticipated growth; the projected population of the area; the character of undeveloped land; the availability of public services; the need for redevelopment, including the renewal of blighted areas and the elimination of nonconforming uses which are inconsistent with the character of the community; and, in rural communities, the need for job creation, capital investment, and economic development that will strengthen and diversify the community's economy. The future land use plan may designate areas for future planned development use involving combinations of types of uses for which special regulations may be necessary to ensure development in accord with the principles and standards of the comprehensive plan and this act. In addition, for rural communities, the amount of land designated for future planned industrial use shall be based upon surveys and studies that reflect the need for job creation, capital investment, and the necessity to strengthen and diversify the local economies, and shall not be limited solely by the projected population of the rural community. The future land use plan of a county may also designate areas for possible future municipal incorporation. The land use maps or map series shall generally identify and depict historic district boundaries and shall designate historically significant properties meriting protection. The future land use element must clearly identify the land use categories in which public schools are an allowable use. When delineating the land use categories in which public schools are an allowable use, a local government shall include in the categories sufficient land proximate to residential development to meet the projected needs for schools in coordination with public school boards and may establish differing criteria for schools of different type or size. Each local government shall include lands contiguous to existing school sites, to the maximum extent possible, within the land use categories in which public schools are an allowable use. All comprehensive plans must comply with the school siting requirements of this paragraph no later than October 1, 1999. The failure by a local government to comply with these school siting requirements by October 1, 1999, will result in the prohibition of the local government's ability to amend the local comprehensive plan, except for plan amendments described in s. 163.3187(1)(b), until the school siting requirements are met. An amendment proposed by a local government for purposes of identifying the land use categories in which public schools are an allowable use is exempt from the limitation on the frequency of plan amendments contained in s. 163.3187. The future land use element shall include criteria which encourage the location of schools proximate to urban residential areas to the extent possible and shall require that the local government seek to collocate public facilities, such as parks, libraries, and community centers, with schools to the extent possible.

(b) A traffic circulation element consisting of the types, locations, and extent of existing and proposed major thoroughfares and transportation routes, including bicycle and pedestrian ways. Transportation corridors, as defined in s. 334.03, may be designated in the traffic circulation element pursuant to s. 337.273. If the transportation corridors are designated, the local government may adopt a transportation corridor management ordinance.

(c) A general sanitary sewer, solid waste, drainage, potable water, and natural groundwater aquifer recharge element correlated to principles and guidelines for future land use, indicating ways to provide

for future potable water, drainage, sanitary sewer, solid waste, and aquifer recharge protection requirements for the area. The element may be a detailed engineering plan including a topographic map depicting areas of prime groundwater recharge. The element shall describe the problems and needs and the general facilities that will be required for solution of the problems and needs. The element shall also include a topographic map depicting any areas adopted by a regional water management district as prime groundwater recharge areas for the Floridan or Biscayne aquifers, pursuant to s. 373.0395. These areas shall be given special consideration when the local government is engaged in zoning or considering future land use for said designated areas. For areas served by septic tanks, soil surveys shall be provided which indicate the suitability of soils for septic tanks.

(d) A conservation element for the conservation, use, and protection of natural resources in the area, including air, water, water recharge areas, wetlands, waterwells, estuarine marshes, soils, beaches, shores, flood plains, rivers, bays, lakes, harbors, forests, fisheries and wildlife, marine habitat, minerals, and other natural and environmental resources. Local governments shall assess their current, as well as projected, water needs and sources for a 10-year period. This information shall be submitted to the appropriate agencies. The land use map or map series contained in the future land use element shall generally identify and depict the following:

1. Existing and planned waterwells and cones of influence where applicable.
2. Beaches and shores, including estuarine systems.
3. Rivers, bays, lakes, flood plains, and harbors.
4. Wetlands.
5. Minerals and soils.

The land uses identified on such maps shall be consistent with applicable state law and rules.

(e) A recreation and open space element indicating a comprehensive system of public and private sites for recreation, including, but not limited to, natural reservations, parks and playgrounds, parkways, beaches and public access to beaches, open spaces, and other recreational facilities.

(f)1. A housing element consisting of standards, plans, and principles to be followed in:

- a. The provision of housing for all current and anticipated future residents of the jurisdiction.
- b. The elimination of substandard dwelling conditions.
- c. The structural and aesthetic improvement of existing housing.
- d. The provision of adequate sites for future housing, including housing for low-income, very low-income, and moderate-income families, mobile homes, and group home facilities and foster care facilities, with supporting infrastructure and public facilities.
- e. Provision for relocation housing and identification of historically significant and other housing for purposes of conservation, rehabilitation, or replacement.
- f. The formulation of housing implementation programs.
- g. The creation or preservation of affordable housing to minimize the need for additional local services and avoid the concentration of affordable housing units only in specific areas of the jurisdiction.

The goals, objectives, and policies of the housing element must be based on the data and analysis prepared on housing needs, including the affordable housing needs assessment. State and federal housing plans prepared on behalf of the local government must be consistent with the goals, objectives, and policies of the housing element. Local governments are encouraged to utilize job training, job creation, and economic solutions to address a portion of their affordable housing concerns.

2. To assist local governments in housing data collection and analysis and assure uniform and consistent information regarding the state's housing needs, the state land planning agency shall conduct an affordable housing needs assessment for all local jurisdictions on a schedule that coordinates the implementation of the needs assessment with the evaluation and appraisal reports required by s. 163.3191. Each local government shall utilize the data and analysis from the needs assessment as one basis for the housing element of its local comprehensive plan. The agency shall allow a local government the option to perform its own needs assessment, if it uses the methodology established by the agency by rule.

(g) For those units of local government identified in s. 380.24, a coastal management element, appropriately related to the particular requirements of paragraphs (d) and (e) and meeting the requirements of s. 163.3178(2) and (3). The coastal management element shall set forth the policies that shall guide the local government's decisions and program implementation with respect to the following objectives:

1. Maintenance, restoration, and enhancement of the overall quality of the coastal zone environment, including, but not limited to, its amenities and aesthetic values.

2. Continued existence of viable populations of all species of wildlife and marine life.

3. The orderly and balanced utilization and preservation, consistent with sound conservation principles, of all living and nonliving coastal zone resources.

4. Avoidance of irreversible and irretrievable loss of coastal zone resources.

5. Ecological planning principles and assumptions to be used in the determination of suitability and extent of permitted development.

6. Proposed management and regulatory techniques.

7. Limitation of public expenditures that subsidize development in high-hazard coastal areas.

8. Protection of human life against the effects of natural disasters.

9. The orderly development, maintenance, and use of ports identified in s. 403.021(9) to facilitate deepwater commercial navigation and other related activities.

10. Preservation, including sensitive adaptive use of historic and archaeological resources.

(h)1. An intergovernmental coordination element showing relationships and stating principles and guidelines to be used in the accomplishment of coordination of the adopted comprehensive plan with the plans of school boards and other units of local government providing services but not having regulatory authority over the use of land, with the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region, and with the state comprehensive plan, as the case may require and as such adopted plans or plans in preparation may exist. This element of the local comprehensive plan shall demonstrate consideration of the particular effects of the local plan, when adopted, upon the development of adjacent municipalities, the county, adjacent counties, or the region, or upon the state comprehensive plan, as the case may require.

a. The intergovernmental coordination element shall provide for procedures to identify and implement joint planning areas, especially for the purpose of annexation, municipal incorporation, and joint infrastructure service areas.

b. The intergovernmental coordination element shall provide for recognition of campus master plans prepared pursuant to s. 240.155.

c. The intergovernmental coordination element may provide for a voluntary dispute resolution process as established pursuant to s. 186.509 for bringing to closure in a timely manner intergovernmental disputes. A local government may develop and use an alternative local dispute resolution process for this purpose.

2. The intergovernmental coordination element shall further state principles and guidelines to be used in the accomplishment of coordination of the adopted comprehensive plan with the plans of school boards and other units of local government providing facilities and services but not having regulatory authority over the use of land. In addition, the intergovernmental coordination element shall describe joint processes for collaborative planning and decisionmaking on population projections and public school siting, the location and extension of public facilities subject to concurrency, and siting facilities with countywide significance, including locally unwanted land uses whose nature and identity are established in an agreement. Within 1 year of adopting their intergovernmental coordination elements, each county, all the municipalities within that county, the district school board, and any unit of local government service providers in that county shall establish by interlocal or other formal agreement executed by all affected entities, the joint processes described in this subparagraph consistent with their adopted intergovernmental coordination elements.

3. To foster coordination between special districts and local general-purpose governments as local general-purpose governments implement local comprehensive plans, each independent special district must submit a public facilities report to the appropriate local government as required by s. 189.415.

4. The state land planning agency shall establish a schedule for phased completion and transmittal of plan amendments to implement subparagraphs 1., 2., and 3. from all jurisdictions so as to accomplish their adoption by December 31, 1999. A local government may complete and transmit its plan amendments to carry out these provisions prior to the scheduled date established by the state land planning agency. The plan amendments are exempt from the provisions of s. 163.3187(1).

(i) The optional elements of the comprehensive plan in paragraphs (7)(a) and (b) are required elements for those municipalities having populations greater than 50,000, and those counties having populations greater than 75,000, as determined under s. 186.901.

5. The availability of facilities and services to serve existing land uses and the compatibility between future land use and transportation elements.

6. The capability to evacuate the coastal population prior to an impending natural disaster.

7. Airports, projected airport and aviation development, and land use compatibility around airports.

8. An identification of land use densities, building intensities, and transportation management programs to promote public transportation systems in designated public transportation corridors so as to encourage population densities sufficient to support such systems.

9. May include transportation corridors, as defined in s. 334.03, intended for future transportation facilities designated pursuant to s. 337.273. If transportation corridors are designated, the local government may adopt a transportation corridor management ordinance.

(k) *An airport master plan, and any subsequent amendments to the airport master plan, prepared by a licensed publicly owned and operated*

airport under section 333.06 may be incorporated into the local government comprehensive plan by the local government having jurisdiction under this act for the area in which the airport or projected airport development is located by the adoption of a comprehensive plan amendment. In the amendment to the local comprehensive plan that integrates the airport master plan, the comprehensive plan amendment shall address land use compatibility consistent with chapter 333 regarding airport zoning; the provision of regional transportation facilities for the efficient use and operation of the transportation system and airport; consistency with the local government transportation circulation element and applicable metropolitan planning organization long-range transportation plan; the execution of any necessary interlocal agreements for the purposes of the provision of public facilities and services to maintain the adopted level of service standards for facilities subject to concurrency; and may address airport-related or aviation-related development. Section 8. Paragraph (a) of subsection (1) of section 255.20, Florida Statutes, is amended to read:

255.20 Local bids and contracts for public construction works; specification of state-produced lumber.—

(1) A county, municipality, special district as defined in chapter 189, or other political subdivision of the state seeking to construct or improve a public building, structure, or other public construction works must competitively award to an appropriately licensed contractor each project that is estimated in accordance with generally accepted cost-accounting principles to have total construction project costs of more than \$200,000. For electrical work, local government must competitively award to an appropriately licensed contractor each project that is estimated in accordance with generally accepted cost-accounting principles to have a cost of more than \$50,000. As used in this section, the term "competitively award" means to award contracts based on the submission of sealed bids, proposals submitted in response to a request for qualifications, or proposals submitted for competitive negotiation. This subsection expressly allows contracts for construction management services, design/build contracts, continuation contracts based on unit prices, and any other contract arrangement with a private sector contractor permitted by any applicable municipal or county ordinance, by district resolution, or by state law. For purposes of this section, construction costs include the cost of all labor, except inmate labor, and include the cost of equipment and materials to be used in the construction of the project. Subject to the provisions of subsection (3), the county, municipality, special district, or other political subdivision may establish, by municipal or county ordinance or special district resolution, procedures for conducting the bidding process.

(a) The provisions of this subsection do not apply:

1. When the project is undertaken to replace, reconstruct, or repair an existing facility damaged or destroyed by a sudden unexpected turn of events, such as an act of God, riot, fire, flood, accident, or other urgent circumstances, and such damage or destruction creates:

- a. An immediate danger to the public health or safety;
- b. Other loss to public or private property which requires emergency government action; or
- c. An interruption of an essential governmental service.

2. When, after notice by publication in accordance with the applicable ordinance or resolution, the governmental entity does not receive any responsive bids or responses.

3. To construction, remodeling, repair, or improvement to a public electric or gas utility system when such work on the public utility system is performed by personnel of the system.

4. To construction, remodeling, repair, or improvement by a utility commission whose major contracts are to construct and operate a public electric utility system.

5. When the project is undertaken as repair or maintenance of an existing public facility.

6. When the project is undertaken exclusively as part of a public educational program.

7. When the funding source of the project will be diminished or lost because the time required to competitively award the project after the funds become available exceeds the time within which the funding source must be spent.

8. When the local government has competitively awarded a project to a private sector contractor and the contractor has abandoned the project before completion or the local government has terminated the contract.

9. When the governing board of the local government, after public notice, conducts a public meeting under s. 286.011 and finds by a majority vote of the governing board that it is in the public's best interest to perform the project using its own services, employees, and equipment. The public notice must be published at least 14 days prior to the date of the public meeting at which the governing board takes final action to apply this subparagraph. The notice must identify the project, the estimated cost of the project, and specify that the purpose for the public meeting is to consider whether it is in the public's best interest to perform the project using the local government's own services, employees, and equipment. In deciding whether it is in the public's best interest for local government to perform a project using its own services, employees, and equipment, the governing board may consider the cost of the project, whether the project requires an increase in the number of government employees, an increase in capital expenditures for public facilities, equipment or other capital assets, the impact on local economic development, the impact on small and minority business owners, the impact on state and local tax revenues, whether the private sector contractors provide health insurance and other benefits equivalent to those provided by the local government, and any other factor relevant to what is in the public's best interest.

10. When the governing board of the local government determines upon consideration of specific substantive criteria and administrative procedures that it is in the best interest of the local government to award the project to an appropriately licensed private sector contractor according to procedures established by and expressly set forth in a charter, ordinance, or resolution of the local government adopted prior to July 1, 1994. The criteria and procedures must be set out in the charter, ordinance, or resolution and must be applied uniformly by the local government to avoid award of any project in an arbitrary or capricious manner. This exception shall apply when all of the following occur:

a. When the governing board of the local government, after public notice, conducts a public meeting under s. 286.011 and finds by a two-thirds vote of the governing board that it is in the public's best interest to award the project according to the criteria and procedures established by charter, ordinance, or resolution. The public notice must be published at least 14 days prior to the date of the public meeting at which the governing board takes final action to apply this subparagraph. The notice must identify the project, the estimated cost of the project, and specify that the purpose for the public meeting is to consider whether it is in the public's best interest to award the project using the criteria and procedures permitted by the preexisting ordinance.

b. In the event the project is to be awarded by any method other than a competitive selection process, the governing board must find evidence that:

(I) There is one appropriately licensed contractor who is uniquely qualified to undertake the project because that contractor is currently under contract to perform work that is affiliated with the project; or

(II) The time to competitively award the project will jeopardize the funding for the project, or will materially increase the cost of the project or will create an undue hardship on the public health, safety, or welfare.

c. In the event the project is to be awarded by any method other than a competitive selection process, the published notice must clearly specify the ordinance or resolution by which the private sector contractor will be selected and the criteria to be considered.

d. In the event the project is to be awarded by a method other than a competitive selection process, the architect or engineer of record has provided a written recommendation that the project be awarded to the private sector contractor without competitive selection; and the consideration by, and the justification of, the government body are documented, in writing, in the project file and are presented to the governing board prior to the approval required in this paragraph.

11. *To projects subject to chapter 336.*

373.4137 Mitigation requirements.—

(1) The Legislature finds that environmental mitigation for the impact of transportation projects proposed by the Department of Transportation *or a transportation authority established pursuant to chapter 348 or chapter 349* can be more effectively achieved by regional, long-range mitigation planning rather than on a project-by-project basis. It is the intent of the Legislature that mitigation to offset the adverse effects of these transportation projects be funded by the Department of Transportation and be carried out by the Department of Environmental Protection and the water management districts, including the use of mitigation banks established pursuant to this part.

(2) Environmental impact inventories for transportation projects proposed by the Department of Transportation *or a transportation authority established pursuant to chapter 348 or chapter 349* shall be developed as follows:

(a) By May 1 of each year, the Department of Transportation *or a transportation authority established pursuant to chapter 348 or chapter 349* shall submit to the Department of Environmental Protection and the water management districts a copy of its adopted work program and an inventory of habitats addressed in the rules tentatively, pursuant to this part and s. 404 of the Clean Water Act, 33 U.S.C. s. 1344, which may be impacted by its plan of construction for transportation projects in the next 3 years of the tentative work program. The Department of Transportation *or a transportation authority established pursuant to chapter 348 or chapter 349* may also include in its inventory the habitat impacts of any future transportation project identified in the tentative work program.

(b) The environmental impact inventory shall include a description of these habitat impacts, including their location, acreage, and type; state water quality classification of impacted wetlands and other surface waters; any other state or regional designations for these habitats; and a survey of threatened species, endangered species, and species of special concern affected by the proposed project.

(3)(a) To fund the mitigation plan for the projected impacts identified in the inventory described in subsection (2), the Department of Transportation shall identify funds quarterly in an escrow account within the State Transportation Trust Fund for the environmental mitigation phase of projects budgeted by the Department of Transportation for the current fiscal year. The escrow account will be maintained by the Department of Transportation for the benefit of the Department of Environmental Protection and the water management districts. Any interest earnings from the escrow account shall remain with the Department of Transportation.

(b) *Each transportation authority established pursuant to chapter 348 or chapter 349 that chooses to participate in this program shall create an escrow account within its financial structure and deposit funds in the account to pay for the environmental mitigation phase of projects budgeted for the current fiscal year. The escrow account will be maintained by the authority for the benefit of the Department of Environmental Protection and the water management districts. Any interest earnings from the escrow account shall remain with the authority.*

(c) The Department of Environmental Protection or water management districts may request a transfer of funds from an the escrow account no sooner than 30 days prior to the date the funds are needed to pay for activities associated with development or implementation of the approved mitigation plan described in subsection (4) for the current fiscal year, including, but not limited to, design, engineering, production, and staff support. Actual conceptual plan preparation costs incurred before plan approval may be submitted to the Department of Transportation or the appropriate transportation authority and the Department of Environmental Protection by November 1 of each year with the plan. The conceptual plan preparation costs of each water management district will be paid based on the amount approved on the mitigation plan and allocated to the current fiscal year projects identified by the water management district. The amount transferred to the escrow accounts ~~account~~ each year by the Department of Transportation and participating transportation authorities established pursuant to chapter 348 or chapter 349 shall correspond to a cost per acre of \$75,000 multiplied by the projected acres of impact identified in the inventory described in subsection (2). However, the \$75,000 cost per acre does not constitute an admission against interest by the state or its subdivisions nor is the cost admissible as evidence of full compensation for any property acquired by eminent domain or through inverse condemnation. Each July 1, the cost per acre shall be adjusted by the percentage change in the average of the Consumer Price Index issued by the United States Department of Labor for the most recent 12-month period ending September 30, compared to the base year average, which is the average for the 12-month period ending September 30, 1996. At the end of each year, the projected acreage of impact shall be reconciled with the acreage of impact of projects as permitted, including permit modifications, pursuant to this part and s. 404 of the Clean Water Act, 33 U.S.C. s. 1344. The subject year's transfer of funds shall be adjusted accordingly to reflect the overtransfer or undertransfer of funds from the preceding year. The Department of Transportation and participating transportation authorities established pursuant to chapter 348 or chapter 349 are authorized to transfer such funds from the escrow accounts ~~account~~ to the Department of Environmental Protection and the water management districts to carry out the mitigation programs.

(4) Prior to December 1 of each year, each water management district, in consultation with the Department of Environmental Protection, the United States Army Corps of Engineers, the Department of Transportation, transportation authorities established pursuant to chapter 348 or chapter 349, and other appropriate federal, state, and local governments, and other interested parties, including entities operating mitigation banks, shall develop a plan for the primary purpose of complying with the mitigation requirements adopted pursuant to this part and 33 U.S.C. s. 1344. This plan shall also address significant invasive plant problems within wetlands and other surface waters. In developing such plans, the districts shall utilize sound ecosystem management practices to address significant water resource needs and shall focus on activities of the Department of Environmental Protection and the water management districts, such as surface water improvement and management (SWIM) waterbodies and lands identified for potential acquisition for preservation, restoration, and enhancement, to the extent that such activities comply with the mitigation requirements adopted under this part and 33 U.S.C. s. 1344. In determining the activities to be included in such plans, the districts shall also consider the purchase of credits from public or private mitigation banks permitted under s. 373.4136 and associated federal authorization and shall include such purchase as a part of the mitigation plan when such purchase would offset the impact of the

transportation project, provide equal benefits to the water resources than other mitigation options being considered, and provide the most cost-effective mitigation option. The mitigation plan shall be preliminarily approved by the water management district governing board and shall be submitted to the secretary of the Department of Environmental Protection for review and final approval. The preliminary approval by the water management district governing board does not constitute a decision that affects substantial interests as provided by s. 120.569. At least 30 days prior to preliminary approval, the water management district shall provide a copy of the draft mitigation plan to any person who has requested a copy.

(a) For each transportation project with a funding request for the next fiscal year, the mitigation plan must include a brief explanation of why a mitigation bank was or was not chosen as a mitigation option, including an estimation of identifiable costs of the mitigation bank and nonbank options to the extent practicable.

(b) Specific projects may be excluded from the mitigation plan and shall not be subject to this section upon the agreement of the Department of Transportation, a transportation authority if applicable, the Department of Environmental Protection, and the appropriate water management district that the inclusion of such projects would hamper the efficiency or timeliness of the mitigation planning and permitting process, or the Department of Environmental Protection and the water management district are unable to identify mitigation that would offset the impacts of the project.

(c) Surface water improvement and management or invasive plant control projects undertaken using the \$12 million advance transferred from the Department of Transportation to the Department of Environmental Protection in fiscal year 1996-1997 which meet the requirements for mitigation under this part and 33 U.S.C. s. 1344 shall remain available for mitigation until the \$12 million is fully credited up to and including fiscal year 2004-2005. When these projects are used as mitigation, the \$12 million advance shall be reduced by \$75,000 per acre of impact mitigated. For any fiscal year through and including fiscal year 2004-2005, to the extent the cost of developing and implementing the mitigation plans is less than the amount transferred pursuant to subsection (3), the difference shall be credited towards the \$12 million advance. Except as provided in this paragraph, any funds not directed to implement the mitigation plan should, to the greatest extent possible, be directed to fund invasive plant control within wetlands and other surface waters.

(5) The water management district shall be responsible for ensuring that mitigation requirements pursuant to 33 U.S.C. s. 1344 are met for the impacts identified in the inventory described in subsection (2), by implementation of the approved plan described in subsection (4) to the extent funding is provided by the Department of Transportation, or a transportation authority established pursuant to chapter 348 or chapter 349 if applicable. During the federal permitting process, the water management district may deviate from the approved mitigation plan in order to comply with federal permitting requirements.

(6) The mitigation plans ~~plan~~ shall be updated annually to reflect the most current Department of Transportation work program and project list of a transportation authority established pursuant to chapter 348 or chapter 349 if applicable and may be amended throughout the year to anticipate schedule changes or additional projects which may arise. Each update and amendment of the mitigation plan shall be submitted to the secretary of the Department of Environmental Protection for approval. However, such approval shall not be applicable to a deviation as described in subsection (5).

(8) This section shall not be construed to eliminate the need for the Department of Transportation or a transportation authority established pursuant to chapter 348 or chapter 349 to comply with the requirement to implement practicable design modifications, including realignment of transportation projects, to reduce or eliminate the impacts of its transportation projects on wetlands and other surface waters as required by rules adopted pursuant to this part, or to diminish the authority under this part to regulate other impacts, including water

quantity or water quality impacts, or impacts regulated under this part that are not identified in the inventory described in subsection (2).

(9) *The process for environmental mitigation for the impact of transportation projects under this section shall be available to an expressway, bridge, or transportation authority established under chapters 348 and 349. Use of this process may be initiated by an authority depositing the requisite funds into an escrow account set up by the authority and filing an environmental impact inventory with the appropriate water management district. An authority that initiates the environmental mitigation process established by this section shall comply with subsection (6) by timely providing the appropriate water management district and the Department of Environmental Protection with the requisite work program information. A water management district may draw down funds from the escrow account as provided in this section.*

Section 53. Paragraphs (b) and (e) of subsection (19) of section 380.06, Florida Statutes, are amended, and paragraphs (i) and (j) are added to subsection (24) of said section, to read:

380.06 Developments of regional impact.—

(19) SUBSTANTIAL DEVIATIONS.—

(b) Any proposed change to a previously approved development of regional impact or development order condition which, either individually or cumulatively with other changes, exceeds any of the following criteria shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review without the necessity for a finding of same by the local government:

1. An increase in the number of parking spaces at an attraction or recreational facility by 5 percent or 300 spaces, whichever is greater, or an increase in the number of spectators that may be accommodated at such a facility by 5 percent or 1,000 spectators, whichever is greater.
3. An increase in the number of hospital beds by 5 percent or 60 beds, whichever is greater.

2. A new runway, a new terminal facility, a 25-percent lengthening of an existing runway, or a 25-percent increase in the number of gates of an existing terminal, but only if the increase adds at least three additional gates. However, if an airport is located in two counties, a 10-percent lengthening of an existing runway or a 20-percent increase in the number of gates of an existing terminal is the applicable criteria.

3. An increase in the number of hospital beds by 5 percent or 60 beds, whichever is greater.

4. An increase in industrial development area by 5 percent or 32 acres, whichever is greater.

5. An increase in the average annual acreage mined by 5 percent or 10 acres, whichever is greater, or an increase in the average daily water consumption by a mining operation by 5 percent or 300,000 gallons, whichever is greater. An increase in the size of the mine by 5 percent or 750 acres, whichever is less.

6. An increase in land area for office development by 5 percent or 6 acres, whichever is greater, or an increase of gross floor area of office development by 5 percent or 60,000 gross square feet, whichever is greater.

~~7. An increase in the storage capacity for chemical or petroleum storage facilities by 5 percent, 20,000 barrels, or 7 million pounds, whichever is greater.~~

~~7.8. An increase of development at a waterport of wet storage for 20 watercraft, dry storage for 30 watercraft, or wet/dry storage for 60 watercraft in an area identified in the state marina siting plan as an appropriate site for additional waterport development or a 5-percent increase in watercraft storage capacity, whichever is greater.~~

8.9. An increase in the number of dwelling units by 5 percent or 50 dwelling units, whichever is greater.

9.10. An increase in commercial development by 6 acres of land area or by 50,000 square feet of gross floor area, or of parking spaces provided for customers for 300 cars or a 5-percent increase of any of these, whichever is greater.

~~10.11.~~ An increase in hotel or motel facility units by 5 percent or 75 units, whichever is greater.

~~11.12.~~ An increase in a recreational vehicle park area by 5 percent or 100 vehicle spaces, whichever is less.

~~12.13.~~ A decrease in the area set aside for open space of 5 percent or 20 acres, whichever is less.

13.14. A proposed increase to an approved multiuse development of regional impact where the sum of the increases of each land use as a percentage of the applicable substantial deviation criteria is equal to or exceeds 100 percent. The percentage of any decrease in the amount of open space shall be treated as an increase for purposes of determining when 100 percent has been reached or exceeded.

~~14.15.~~ A 15-percent increase in the number of external vehicle trips generated by the development above that which was projected during the original development-of-regional-impact review.

15.16. Any change which would result in development of any area which was specifically set aside in the application for development approval or in the development order for preservation or special protection of endangered or threatened plants or animals designated as endangered, threatened, or species of special concern and their habitat, primary dunes, or archaeological and historical sites designated as significant by the Division of Historical Resources of the Department of State. The further refinement of such areas by survey shall be considered under sub-subparagraph (e)5.b.

The substantial deviation numerical standards in subparagraphs 4., 6., ~~9.10.~~, ~~13.14.~~, excluding residential uses, and ~~14.15.~~, are increased by 100 percent for a project certified under s. 403.973 which creates jobs and meets criteria established by the Office of Tourism, Trade, and Economic Development as to its impact on an area's economy, employment, and prevailing wage and skill levels. The substantial deviation numerical standards in subparagraphs 4., 6., ~~8.9.~~, ~~9.10.~~, ~~10.11.~~, and ~~13.14.~~ are increased by 50 percent for a project located wholly within an urban infill and redevelopment area designated on the applicable adopted local comprehensive plan future land use map and not located within the coastal high hazard area.

(e)1. A proposed change which, either individually or, if there were previous changes, cumulatively with those changes, is equal to or exceeds 40 percent of any numerical criterion in subparagraphs (b)1.-~~14.1-15.~~, but which does not exceed such criterion, shall be presumed not to create a substantial deviation subject to further development-of-regional-impact review. The presumption may be rebutted by clear and convincing evidence at the public hearing held by the local government pursuant to subparagraph (f)5.

2. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than 40 percent of any numerical criterion contained in subparagraphs (b)1.-~~14.1-15.~~ and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

a. Changes in the name of the project, developer, owner, or monitoring official.

b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.

c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any other change which the state land planning agency agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-h. and which does not create the likelihood of any additional regional impact.

This subsection does not require a development order amendment for any change listed in sub-subparagraphs a.-i. unless such issue is addressed either in the existing development order or in the application for development approval, but, in the case of the application, only if, and in the manner in which, the application is incorporated in the development order.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Except for the types of uses listed in subparagraph (b)15.16., any change which would result in the development of any area which was specifically set aside in the application for development approval or in the development order for preservation, buffers, or special protection, including habitat for plant and animal species, archaeological and historical sites, dunes, and other special areas.

c. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)(b)(e), (c)(d), (e)(f), and (f)(g) and residential use.

(24) STATUTORY EXEMPTIONS.—

(i) Any proposed facility for the storage of any petroleum product is exempt from the provisions of this section, if such facility is consistent

with a local comprehensive plan that is in compliance with s. 163.3177 or is consistent with a comprehensive port master plan that is in compliance with s. 163.3178.

(j) Any development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan under section 163.3177(6)(k), and airport-related or aviation-related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan, is exempt from the provisions of this section.

Section 54. Subsection (3) of section 380.0651, Florida Statutes, is amended to read:

380.0651 Statewide guidelines and standards.—

(3) The following statewide guidelines and standards shall be applied in the manner described in s. 380.06(2) to determine whether the following developments shall be required to undergo development-of-regional-impact review:

(a) Airports.—

1. Any of the following airport construction projects shall be a development of regional impact:

- a. A new commercial service or general aviation airport with paved runways.
- b. A new commercial service or general aviation paved runway.
- c. A new passenger terminal facility.

2. Lengthening of an existing runway by 25 percent or an increase in the number of gates by 25 percent or three gates, whichever is greater, on a commercial service airport or a general aviation airport with regularly scheduled flights is a development of regional impact. However, expansion of existing terminal facilities at a nonhub or small hub commercial service airport shall not be a development of regional impact.

3. Any airport development project which is proposed for safety, repair, or maintenance reasons alone and would not have the potential to increase or change existing types of aircraft activity is not a development of regional impact. Notwithstanding subparagraphs 1. and 2., renovation, modernization, or replacement of airport airside or terminal facilities that may include increases in square footage of such facilities but does not increase the number of gates or change the existing types of aircraft activity is not a development of regional impact.

(b) Attractions and recreation facilities.—Any sports, entertainment, amusement, or recreation facility, including, but not limited to, a sports arena, stadium, racetrack, tourist attraction, amusement park, or pari-mutuel facility, the construction or expansion of which:

- 1. For single performance facilities:
 - a. Provides parking spaces for more than 2,500 cars; or
 - b. Provides more than 10,000 permanent seats for spectators.
- 2. For serial performance facilities:
 - a. Provides parking spaces for more than 1,000 cars; or
 - b. Provides more than 4,000 permanent seats for spectators.

For purposes of this subsection, “serial performance facilities” means those using their parking areas or permanent seating more than one time per day on a regular or continuous basis.

3. For multiscreen movie theaters of at least 8 screens and 2,500 seats:

- a. Provides parking spaces for more than 1,500 cars; or
- b. Provides more than 6,000 permanent seats for spectators.

(b)(e) Industrial plants, industrial parks, and distribution, warehousing or wholesaling facilities.—Any proposed industrial, manufacturing, or processing plant, or distribution, warehousing, or wholesaling facility, excluding wholesaling developments which deal primarily with the general public onsite, under common ownership, or any proposed industrial, manufacturing, or processing activity or distribution, warehousing, or wholesaling activity, excluding wholesaling activities which deal primarily with the general public onsite, which:

1. Provides parking for more than 2,500 motor vehicles, *excluding those vehicles which may be included in wholesaling facilities' inventory*; or

2. Occupies a site greater than 320 acres, *or for motor vehicle wholesaling facilities that conduct wholesaling sales activity no more frequently than an average each year of 3 days per week, occupies a site greater than 500 acres.*

(c)(d) Office development.—Any proposed office building or park operated under common ownership, development plan, or management that:

1. Encompasses 300,000 or more square feet of gross floor area; or

2. Has a total site size of 30 or more acres; or

3. Encompasses more than 600,000 square feet of gross floor area in a county with a population greater than 500,000 and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan and in the strategic regional policy plan.

(d)(e) Port facilities.—The proposed construction of any waterport or marina is required to undergo development-of-regional-impact review, except one designed for:

1.a. The wet storage or mooring of fewer than 150 watercraft used exclusively for sport, pleasure, or commercial fishing, or

b. The dry storage of fewer than 200 watercraft used exclusively for sport, pleasure, or commercial fishing, or

c. The wet or dry storage or mooring of fewer than 150 watercraft on or adjacent to an inland freshwater lake except Lake Okeechobee or any lake which has been designated an Outstanding Florida Water, or

d. The wet or dry storage or mooring of fewer than 50 watercraft of 40 feet in length or less of any type or purpose. The exceptions to this paragraph's requirements for development-of-regional-impact review shall not apply to any waterport or marina facility located within or which serves physical development located within a coastal barrier resource unit on an unbridged barrier island designated pursuant to 16 U.S.C. s. 3501.

In addition to the foregoing, for projects for which no environmental resource permit or sovereign submerged land lease is required, the Department of Environmental Protection must determine in writing that a proposed marina in excess of 10 slips or storage spaces or a combination of the two is located so that it will not adversely impact Outstanding Florida Waters or Class II waters and will not contribute boat traffic in a manner that will have an adverse impact on an area known to be, or likely to be, frequented by manatees. If the Department of Environmental Protection fails to issue its determination within 45 days of receipt of a formal written request, it has waived its authority to make such determination. The Department of Environmental Protection determination shall constitute final agency action pursuant to chapter 120.

2. The dry storage of fewer than 300 watercraft used exclusively for sport, pleasure, or commercial fishing at a marina constructed and in operation prior to July 1, 1985.

3. Any proposed marina development with both wet and dry mooring or storage used exclusively for sport, pleasure, or commercial fishing, where the sum of percentages of the applicable wet and dry mooring or

storage thresholds equals 100 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under sub-subparagraphs 1.a. and b. and subparagraph 2.

(e)(f) Retail and service development.—Any proposed retail, service, or wholesale business establishment or group of establishments which deals primarily with the general public onsite, operated under one common property ownership, development plan, or management that:

1. Encompasses more than 400,000 square feet of gross area;

2. Occupies more than 40 acres of land; or

3. Provides parking spaces for more than 2,500 cars.

(f)(g) Hotel or motel development.—

1. Any proposed hotel or motel development that is planned to create or accommodate 350 or more units; or

2. Any proposed hotel or motel development that is planned to create or accommodate 750 or more units, in a county with a population greater than 500,000, and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan and in the strategic regional policy plan.

(g)(h) Recreational vehicle development.—Any proposed recreational vehicle development planned to create or accommodate 500 or more spaces.

(h)(i) Multiuse development.—Any proposed development with two or more land uses where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 145 percent. Any proposed development with three or more land uses, one of which is residential and contains at least 100 dwelling units or 15 percent of the applicable residential threshold, whichever is greater, where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 160 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under any other threshold.

(i)(j) Residential development.—No rule may be adopted concerning residential developments which treats a residential development in one county as being located in a less populated adjacent county unless more than 25 percent of the development is located within 2 or less miles of the less populated adjacent county.

(j)(k) Schools.—

1. The proposed construction of any public, private, or proprietary postsecondary educational campus which provides for a design population of more than 5,000 full-time equivalent students, or the proposed physical expansion of any public, private, or proprietary postsecondary educational campus having such a design population that would increase the population by at least 20 percent of the design population.

2. As used in this paragraph, "full-time equivalent student" means enrollment for 15 or more quarter hours during a single academic semester. In area vocational schools or other institutions which do not employ semester hours or quarter hours in accounting for student participation, enrollment for 18 contact hours shall be considered equivalent to one quarter hour, and enrollment for 27 contact hours shall be considered equivalent to one semester hour.

3. This paragraph does not apply to institutions which are the subject of a campus master plan adopted by the Board of Regents pursuant to s. 240.155.

Section 55. Paragraph (a) of subsection (12) of section 163.3180, Florida Statutes, is amended to read:

163.3180 Concurrency.—

(12) When authorized by a local comprehensive plan, a multiuse development of regional impact may satisfy the transportation concurrency requirements of the local comprehensive plan, the local government's concurrency management system, and s. 380.06 by payment of a proportionate-share contribution for local and regionally significant traffic impacts, if:

(a) The development of regional impact meets or exceeds the guidelines and standards of s. 380.0651(3)(h)(i) and rule 28-24.032(2), Florida Administrative Code, and includes a residential component that contains at least 100 residential dwelling units or 15 percent of the applicable residential guideline and standard, whichever is greater;

The proportionate-share contribution may be applied to any transportation facility to satisfy the provisions of this subsection and the local comprehensive plan, but, for the purposes of this subsection, the amount of the proportionate-share contribution shall be calculated based upon the cumulative number of trips from the proposed development expected to reach roadways during the peak hour from the complete buildout of a stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain the adopted level of service, multiplied by the construction cost, at the time of developer payment, of the improvement necessary to maintain the adopted level of service. For purposes of this subsection, "construction cost" includes all associated costs of the improvement.

Section 56. Subsection (20) of section 331.303, Florida Statutes, is amended to read:

331.303 Definitions.—

(20) "Spaceport launch facilities" shall be defined as industrial facilities in accordance with s. 380.0651(3)(b)(e) and include any launch pad, launch control center, and fixed launch-support equipment.

Section 57. Section 331.308, Florida Statutes, is amended to read:

331.308 Board of supervisors.—

(1) There is created within the Spaceport Florida Authority a board of supervisors consisting of

(a) *The Lieutenant Governor, serving as the chair;*

(b) ~~Six seven~~ regular members, ~~who shall be~~ appointed by the Governor, ~~and~~

(c) Two ex officio nonvoting members *who are members of the Legislature, one of whom shall be a state senator selected by the President of the Senate and one of whom shall be a state representative selected by the Speaker of the House of Representatives; and*

(d) *The director of the Office of Tourism, Trade, and Economic Development as an ex officio nonvoting member.*

~~Regular members are, all of whom shall be~~ subject to confirmation by the Senate at the next regular session of the Legislature, ~~and~~ each of ~~them~~ the regular board members must be a resident of the state and must have experience in the aerospace or commercial space industry or in finance or have other significant relevant experience. One regular member shall represent organized labor interests and one regular member shall represent minority interests.

(2) Each *regular* member shall serve a term of 4 years or until a successor is appointed and qualified. The term of each such member shall be construed to commence on the date of appointment and to terminate on June 30 of the year of the end of the term. Appointment to the board shall not preclude any such member from holding any other private or public position.

(3) The ex officio nonvoting *legislative* members shall serve on the board for 2-year terms.

(4) Any vacancy on the board shall be filled for the balance of the unexpired term.

(5) *The Lieutenant Governor is the state's space policy leader. The Lieutenant Governor may designate a regular member to serve as vice-chair and preside over board meetings in the absence of the chair and may assign proxy voting power to the director of the Office of Tourism, Trade, and Economic Development. Initial appointments shall be made no later than 60 days after this act takes effect.*

(6) ~~The board shall hold its initial meeting no later than 20 days after the members have been appointed. At its initial meeting, or as soon thereafter as is practicable,~~ The board shall appoint an executive director. Meetings shall be held quarterly or more frequently at the call of the chair. A majority of the regular members of the board shall constitute a quorum, and a majority vote of such members present is necessary for any action taken by the board.

(7) The Governor ~~may have the authority to~~ remove from the board any regular member in the manner and for cause as defined by the laws of this state and applicable to situations ~~that which may~~ arise before the board. Unless excused by the chair of the board, a regular member's absence from two or more consecutive board meetings creates a vacancy in the office to which the member was appointed.

Section 58. (1) *Nothing contained in this act abridges or modifies any vested or other right or any duty or obligation pursuant to any development order or agreement which is applicable to a development of regional impact on the effective date of this act. An airport or petroleum storage facility which has received a development-of-regional-impact development order pursuant to s. 380.06, Florida Statutes 2000, but is no longer required to undergo development-of-regional-impact review by operation of this act, shall be governed by the following procedures:*

(a) *The development shall continue to be governed by the development-of-regional-impact development order, and may be completed in reliance upon and pursuant to the development order. The development-of-regional-impact development order may be enforced by the local government as provided by ss. 380.06(17) and 380.11, Florida Statutes 2000.*

(b) *If requested by the developer or landowner, the development-of-regional-impact development order may be amended or rescinded by the local government consistent with the local comprehensive plan and land development regulations and pursuant to the local government procedures governing local development orders.*

(2) *An airport or petroleum storage facility with an application for development approval pending on the effective date of this act, or a notification of proposed change pending on the effective date of this act, may elect to continue such review pursuant to s. 380.06, Florida Statutes 2000. At the conclusion of the pending review, including any appeals pursuant to s. 380.07, Florida Statutes 2000, the resulting development order shall be governed by the provisions of subsection (1).*

Section 59. *If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.*

Section 60. Subsection (2) of section 479.15, Florida Statutes, is amended to read:

479.15 Harmony of regulations.—

(2) A municipality, county, local zoning authority, or other local governmental entity may not remove, or cause to be removed, any lawfully erected sign along any portion of the interstate or federal-aid primary highway system without first paying just compensation for such removal. A local governmental entity may not cause in any way the alteration of any lawfully erected sign located along any portion of the interstate or federal-aid primary highway system without payment of just compensation if such alteration constitutes a taking under state law. The municipality, county, local zoning authority, or other local governmental entity promulgating requirements for such alteration must be responsible for payment of just compensation to the sign owner if such alteration constitutes a taking under state law. This subsection

applies only to a lawfully erected sign the subject matter of which relates to premises other than the premises on which it is located or to merchandise, services, activities, or entertainment not sold, produced, manufactured, or furnished on the premises on which the sign is located. For the purposes of this subsection, the term "federal-aid primary highway system" means the federal-aid primary highway system in existence on June 1, 1991, and any highway which was not on such system but which is, or hereafter becomes, a part of the National Highway System. This subsection shall not be interpreted as explicit or implicit legislative recognition that alterations do or do not constitute a taking under state law.

Section 61. Section 479.25, Florida Statutes, is created to read:

479.25 Application of chapter.—Nothing in this chapter shall prevent a governmental entity from entering into an agreement allowing the height above ground level of a lawfully erected sign to be increased at its permitted location if a noise attenuation barrier, visibility screen, or other highway improvement has been erected in such a way as to screen or block visibility of such a sign; provided, however, that for nonconforming signs located on the federal-aid primary highway system, as such system existed on June 1, 1991, and any highway which was not on such system but which is, or hereinafter becomes, a part of the National Highway System, such agreement must be approved by the Federal Highway Administration. Any increase in height permitted under this provision shall only be that which is required to achieve the same degree of visibility from the right-of-way that the sign had prior to the construction of the noise attenuation barrier, visibility screen, or other highway improvement.

Section 62. Section 70.20, Florida Statutes, is created to read:

70.20 Balancing of interests.—It is a policy of this state to encourage municipalities, counties, and other governmental entities and sign owners to enter into relocation and reconstruction agreements that allow governmental entities to undertake public projects and accomplish public goals without the expenditure of public funds, while allowing the continued maintenance of private investment in signage as a medium of commercial and noncommercial communication.

(1) *Municipalities, counties, and all other governmental entities are specifically empowered to enter into relocation and reconstruction agreements on whatever terms are agreeable to the sign owner and the municipality, county, or other governmental entity involved and to provide for relocation and reconstruction of signs by agreement, ordinance, or resolution. As used in this section, a "relocation and reconstruction agreement" means a consensual, contractual agreement between a sign owner and municipality, county, or other governmental entity for either the reconstruction of an existing sign or removal of a sign and the construction of a new sign to substitute for the sign removed.*

(2) *Except as otherwise provided in this section, no municipality, county, or other governmental entity may remove, or cause to be removed, any lawfully erected sign along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such removal as determined by agreement between the parties or through eminent domain proceedings. Except as otherwise provided in this section, no municipality, county, or other governmental entity may cause in any way the alteration of any lawfully erected sign located along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such alteration as determined by agreement between the parties or through eminent domain proceedings. The provisions of this act shall not apply to any ordinance, the validity, constitutionality, and enforceability of which the owner has by written agreement waived all right to challenge.*

(3) *In the event that a municipality, county, or other governmental entity shall undertake a public project or public goal requiring alteration or removal of any lawfully erected sign, the municipality, county, or other governmental entity shall notify the owner of the affected sign in writing of the public project or goal and of the intention of the municipality, county, or other governmental entity to seek such removal. Within 30 days after receipt of the notice, the owner of the sign and the*

municipality, county, or other governmental entity shall attempt to meet for purposes of negotiating and executing a relocation and reconstruction agreement provided for in subsection (1).

(4) *If the parties fail to enter into a relocation and reconstruction agreement within 120 days after the initial notification by the municipality, county, or other governmental entity, either party may request mandatory nonbinding arbitration to resolve the disagreements among the parties. Each party shall select an arbitrator, and the individuals so selected shall choose a third arbitrator. The three arbitrators shall constitute the panel that shall arbitrate the dispute between the parties and at the conclusion of the proceedings shall present to the parties a proposed relocation and reconstruction agreement that the panel believes equitably balances the rights, interests, obligations, and reasonable expectations of the parties. If the municipality, county, or other governmental entity and the sign owner accept the proposed relocation and reconstruction agreement, the municipality, county, or other governmental entity and sign owner shall each pay its respective costs of arbitration and shall pay one-half of the costs of the arbitration panel, unless the parties otherwise agree.*

(5) *If the parties do not enter into a relocation and reconstruction agreement, the municipality, county, or other governmental entity may proceed with the public project or purpose and the alteration or removal of the sign only after first paying just compensation for such alteration or removal as determined by agreement between the parties or through eminent domain proceedings.*

(6) *The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be removed or altered as a condition precedent to the issuance or continued effectiveness of a development order constitutes a compelled removal that is prohibited without prior payment of just compensation under subsection (2). This subsection does not apply when the owner of the land on which the sign is located is seeking to have the property redesignated on the future land use map of the applicable comprehensive plan for exclusively single-family residential use.*

(7) *The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be altered or removed from the premises upon which it is located incident to the voluntary acquisition of such property by a municipality, county, or other governmental entity constitutes a compelled removal which is prohibited without payment of just compensation under subsection (2).*

(8) *Nothing in this section shall prevent a municipality, county, or other governmental entity from acquiring a lawfully erected sign through eminent domain or from prospectively regulating the placement, size, height, or other aspects of new signs within such entity's jurisdiction, including the prohibition of new signs, unless otherwise authorized pursuant to this section. Nothing in this section shall impair any ordinance or provision of any ordinance not inconsistent with this section, nor shall this section create any new rights for any party other than the owner of a sign, the owner of the land upon which it is located, or a municipality, county, or other governmental entity as expressed in this section.*

(9) *This section applies only to a lawfully erected sign the subject matter of which relates to premises other than the premises on which it is located or to merchandise, services, activities, or entertainment not sold, produced, manufactured, or furnished on the premises on which the sign is located.*

(10) *This section does not apply to any actions taken by the Florida Department of Transportation which relate to the operation, maintenance, or expansion of transportation facilities, and this section does not affect existing law regarding eminent domain relating to the Florida Department of Transportation.*

(11) *Nothing in this act shall impair or affect any written agreement existing prior to the effective date of this act, including, but not limited to, any settlement agreements reliant upon the legality or enforceability of local ordinances. The provisions of this act shall not apply to any signs that are required to be removed by a date certain in areas designated by*

local ordinance as view corridors if the local ordinance creating the view corridors was enacted in part to effectuate a consensual agreement between the local government and two or more sign owners prior to the effective date of this act, nor shall the provisions of this act apply to any signs that are the subject of an ordinance providing an amortization period, which period has expired, and which ordinance is the subject of judicial proceedings which were commenced on or before January 1, 2001, nor shall this act apply to any municipality with an ordinance that prohibits billboards and has two or fewer billboards located within its current boundaries or its future annexed properties.

(12) Subsection (6) hereof does not apply when the development order permits construction of a replacement sign that cannot be erected without the removal of the lawfully erected sign being replaced. Effective upon this section becoming a law, the Office of Program Analysis and Governmental Accountability, in consultation with the property appraisers and the private sector affected parties, shall conduct a study of the value of offsite signs in relation to, and in comparison with, the valuation of other commercial properties for ad valorem tax purposes, including a comparison of tax valuations from other states. OPPAGA shall complete the study by December 31, 2001, and shall report the results of the study to the Legislature.

(1) As used in this section:

(b) "Facility" means any public transportation facility, including, but not limited to, railroad stations, bus stations, ship ports, ferry terminals, or roadside welcome stations, highway service plazas, airports served by scheduled passenger service, or highway rest stations.

Section 65. Section 337.408, Florida Statutes, is amended to read:

337.408 Regulation of benches, transit shelters, street light poles, and waste disposal receptacles within rights-of-way.—

(1) Benches or transit shelters, including advertising displayed on benches or transit shelters, may be installed within the right-of-way limits of any municipal, county, or state road, except a limited access highway; provided that such benches or transit shelters are for the comfort or convenience of the general public, or at designated stops on official bus routes; and, provided further, that written authorization has been given to a qualified private supplier of such service by the municipal government within whose incorporated limits such benches or transit shelters are installed, or by the county government within whose unincorporated limits such benches or transit shelters are installed. A municipality or county may authorize the installation, with or without public bid, of benches and transit shelters together with advertising displayed thereon, within the right-of-way limits of such roads. Any contract for the installation of benches or transit shelters or advertising on benches or transit shelters which was entered into before April 8, 1992, without public bidding, is ratified and affirmed. Such benches or transit shelters may not interfere with right-of-way preservation and maintenance. Any bench or transit shelter located on a sidewalk within the right-of-way limits of any road on the State Highway System or the county road system shall be located so as to leave at least 36 inches clearance for pedestrians and persons in wheelchairs. Such clearance shall be measured in a direction perpendicular to the centerline of the road.

(2) Waste disposal receptacles the interior collection container volume of which is less than 110 gallons in capacity, including advertising displayed on such waste disposal receptacles, may be installed within the right-of-way limits of any municipal, county, or state road, except a limited access highway; provided that written authorization has been given to a qualified private supplier of such service by the appropriate municipal or county government. A municipality or county may authorize the installation, with or without public bid, of waste disposal receptacles together with advertising displayed thereon within the right-of-way limits of such roads. Such waste disposal receptacles may not interfere with right-of-way preservation and maintenance.

(3) The department has the authority to direct the immediate relocation or removal of any bench, transit shelter, or waste disposal receptacle which endangers life or property, except that transit bus benches which have been placed in service prior to April 1, 1992, do not have to comply with bench size and advertising display size requirements which have been established by the department prior to March 1, 1992. Any transit bus bench that was in service prior to April 1, 1992, may be replaced with a bus bench of the same size or smaller, if the bench is damaged or destroyed or otherwise becomes unusable. As of July 1, 2001, the department, municipality, or county may direct the removal of any bench, transit shelter, or waste disposal receptacle, or advertisement thereon, if the department, municipality, or county determines that the bench, transit shelter, or waste disposal receptacle is structurally unsound or in visible disrepair.

(4) No bench, transit shelter, or waste disposal receptacle, or advertising thereon, shall be erected or so placed on the right-of-way of any road which conflicts with the requirements of federal law, regulations, or safety standards, thereby causing the state or any political subdivision the loss of federal funds. Competition among persons seeking to provide bench, transit shelter, or waste disposal receptacle services or advertising on such benches, shelters, or receptacles may be regulated, restricted, or denied by the appropriate local government entity consistent with the provisions of this section.

(5) Street light poles, including attached public service messages and advertisements, may be located within the right-of-way limits of municipal and county roads in the same manner as benches, transit shelters, and waste receptacles, as provided in this section and in accordance with municipal and county ordinances. Public service messages and advertising may be installed on street light poles on roads on the State Highway System in accordance with height, size, setback, spacing distance, duration of display, safety, traffic control, and permitting requirements established by administrative rule of the Department of Transportation. Public service messages and advertisements shall be subject to bilateral agreements, where applicable, to be negotiated with the owner of the street light poles which shall consider, among other things, power source rates, design, safety, operational and maintenance concerns and other matters of public importance. For the purposes of this section, "street light poles" does not include electric transmission or distribution poles. The department shall have authority to establish administrative rules to implement this subsection. No advertising on light poles shall be permitted on the Interstate Highway System. No permanent structures carrying advertisements attached to light poles shall be permitted on the National Highway System.

(6)(5) Wherever the provisions of this section are inconsistent with other provisions of this chapter or with the provisions of chapter 125, chapter 335, chapter 336, or chapter 479, the provisions of this section shall prevail.

Section 66. Subsection (10) of section 768.28, Florida Statutes, is amended to read:

768.28 Waiver of sovereign immunity in tort actions; recovery limits; limitation on attorney fees; statute of limitations; exclusions; indemnification; risk management programs.—

Department of Corrections to provide health care services to inmates of the state correctional system shall be considered agents of the State of Florida, Department of Corrections, for the purposes of this section, while acting within the scope of and pursuant to guidelines established in said contract or by rule. 337.025 Innovative highway projects; department to establish program.—The department is authorized to establish a program for highway projects demonstrating innovative techniques of highway construction, maintenance, and finance which have the intended effect of controlling time and cost increases on construction projects. Such techniques may include, but are not limited to, state-of-the-art technology for pavement, safety, and other aspects of highway construction and maintenance; innovative bidding and financing techniques; accelerated construction procedures; and those techniques that have the potential to reduce project life cycle costs. To the maximum extent practical, the department must use the existing process to award and administer construction and maintenance contracts. When specific innovative techniques are to be used, the department is not required to adhere to those provisions of law that would prevent, preclude, or in any way prohibit the department from using the innovative technique. However, prior to using an innovative technique that is inconsistent with another provision of law, the department must document in writing the need for the exception and identify what benefits the traveling public and the affected community are anticipated to receive. The department may enter into no more than \$120 million in contracts annually for the purposes authorized by this section. *However, the annual cap on contracts provided in this section shall not apply to turnpike enterprise projects nor shall turnpike enterprise projects be counted toward the department's annual cap.*

320.27 Motor vehicle dealers.—

(1) DEFINITIONS.—The following words, terms, and phrases when used in this section have the meanings respectively ascribed to them in this subsection, except where the context clearly indicates a different meaning:

(c) "Motor vehicle dealer" means any person engaged in the business of buying, selling, or dealing in motor vehicles or offering or displaying motor vehicles for sale at wholesale or retail, or who may service and

repair motor vehicles pursuant to an agreement as defined in s. 320.60(1). Any person who buys, sells, or deals in three or more motor vehicles in any 12-month period or who offers or displays for sale three or more motor vehicles in any 12-month period shall be prima facie presumed to be engaged in such business. The terms "selling" and "sale" include lease-purchase transactions. A motor vehicle dealer may, at retail or wholesale, sell a recreational vehicle as described in s. 320.01(1)(b)1.-6. and 8., acquired in exchange for the sale of a motor vehicle, provided such acquisition is incidental to the principal business of being a motor vehicle dealer. However, a motor vehicle dealer may not buy a recreational vehicle for the purpose of resale unless licensed as a recreational vehicle dealer pursuant to s. 320.771. A motor vehicle dealer may apply for a certificate of title to a motor vehicle required to be registered under s. 320.08(2)(b), (c), and (d), using a manufacturer's statement of origin as permitted by s. 319.23(1), only if such dealer is authorized by a franchised agreement as defined in s. 320.60(1), to buy, sell, or deal in such vehicle and is authorized by such agreement to perform delivery and preparation obligations and warranty defect adjustments on the motor vehicle; provided this limitation shall not apply to recreational vehicles, van conversions, or any other motor vehicle manufactured on a truck chassis. The transfer of a motor vehicle by a dealer not meeting these qualifications shall be titled as a used vehicle. The classifications of motor vehicle dealers are defined as follows:

1. "Franchised motor vehicle dealer" means any person who engages in the business of repairing, servicing, buying, selling, or dealing in motor vehicles pursuant to an agreement as defined in s. 320.60(1).

2. "Independent motor vehicle dealer" means any person other than a franchised or wholesale motor vehicle dealer who engages in the business of buying, selling, or dealing in motor vehicles, and who may service and repair motor vehicles.

3. "Wholesale motor vehicle dealer" means any person who engages exclusively in the business of buying, selling, or dealing in motor vehicles at wholesale or with motor vehicle auctions. Such person shall be licensed to do business in this state, shall not sell or auction a vehicle to any person who is not a licensed dealer, and shall not have the privilege of the use of dealer license plates. Any person who buys, sells, or deals in motor vehicles at wholesale or with motor vehicle auctions on behalf of a licensed motor vehicle dealer and as a bona fide employee of such licensed motor vehicle dealer is not required to be licensed as a wholesale motor vehicle dealer. In such cases it shall be prima facie presumed that a bona fide employer-employee relationship exists. A wholesale motor vehicle dealer shall be exempt from the display provisions of this section but shall maintain an office wherein records are kept in order that those records may be inspected.

4. "Motor vehicle auction" means any person offering motor vehicles or recreational vehicles for sale to the highest bidder where both sellers and buyers are licensed motor vehicle dealers. Such person shall not sell a vehicle to anyone other than a licensed motor vehicle dealer.

5. "Salvage motor vehicle dealer" means any person who engages in the business of acquiring salvaged or wrecked motor vehicles for the purpose of reselling them and their parts.

The term "motor vehicle dealer" does not include persons not engaged in the purchase or sale of motor vehicles as a business who are disposing of vehicles acquired for their own use or for use in their business or acquired by foreclosure or by operation of law, provided such vehicles are acquired and sold in good faith and not for the purpose of avoiding the provisions of this law; persons engaged in the business of manufacturing, selling, or offering or displaying for sale at wholesale or retail no more than 25 trailers in a 12-month period; public officers while performing their official duties; receivers; trustees, administrators, executors, guardians, or other persons appointed by, or acting under the judgment or order of, any court; banks, finance companies, or other loan agencies that acquire motor vehicles as an incident to their regular business; motor vehicle brokers; and motor vehicle rental and leasing companies that sell motor vehicles to motor vehicle dealers licensed under this section. Vehicles owned under circumstances described in this paragraph may be disposed of at retail,

wholesale, or auction, unless otherwise restricted. A manufacturer of fire trucks, ambulances, or school buses may sell such vehicles directly to governmental agencies or to persons who contract to perform or provide firefighting, ambulance, or school transportation services exclusively to governmental agencies without processing such sales through dealers if such fire trucks, ambulances, school buses, or similar vehicles are not presently available through motor vehicle dealers licensed by the department.

(f) "Bona fide employee" means a person who is employed by a licensed motor vehicle dealer and receives annually an Internal Revenue Service Form W-2, or an independent contractor who has a written contract with a licensed motor vehicle dealer and receives annually an Internal Revenue Service Form 1099, for the purpose of acting in the capacity of or conducting motor vehicle sales transactions as a motor vehicle dealer.

If the driver is not issued a ~~10-day~~ ~~30-day~~ permit pursuant to this section or s. 322.64 because he or she is ineligible for the permit and the suspension for failure to submit to a breath, urine, or blood test is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to s. 322.271 until 90 days have elapsed from the date of the suspension.

(b) If the suspension of the driver's license of the person arrested for a violation of s. 316.193, relating to unlawful blood-alcohol level, is sustained, the person is not eligible to receive a license for business or employment purposes only pursuant to s. 322.271 until 30 days have elapsed after the expiration of the last temporary permit issued. If the driver is not issued a ~~10-day~~ ~~30-day~~ permit pursuant to this section or s. 322.64 because he or she is ineligible for the permit and the suspension for a violation of s. 316.193, relating to unlawful blood-alcohol level, is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to s. 322.271 until 30 days have elapsed from the date of the arrest.

Section 170. Subsection (5) of section 322.27, Florida Statutes, is amended to read:

322.27 Authority of department to suspend or revoke license.—

(5) The department shall revoke the license of any person designated a habitual offender, as set forth in s. 322.264, and such person shall not be eligible to be relicensed for a ~~minimum~~ of 5 years from the date of revocation, except as provided for in s. 322.271. Any person whose license is revoked may, by petition to the department, show cause why his or her license should not be revoked.

Section 171. Subsection (2) of section 322.28, Florida Statutes, is amended to read:

322.28 Period of suspension or revocation.—

(2) In a prosecution for a violation of s. 316.193 or former s. 316.1931, the following provisions apply:

(a) Upon conviction of the driver, the court, along with imposing sentence, shall revoke the driver's license or driving privilege of the person so convicted, effective on the date of conviction, and shall prescribe the period of such revocation in accordance with the following provisions:

1. Upon a first conviction for a violation of the provisions of s. 316.193, except a violation resulting in death, the driver's license or driving privilege shall be revoked for not less than 180 days or more than 1 year.

2. Upon a second conviction within a period of 5 years from the date of a prior conviction for a violation of the provisions of s. 316.193 or former s. 316.1931 or a combination of such sections, the driver's license or driving privilege shall be revoked for not less than 5 years.

3. Upon a third conviction within a period of 10 years from the date of conviction of the first of three or more convictions for the violation of the provisions of s. 316.193 or former s. 316.1931 or a combination of such sections, the driver's license or driving privilege shall be revoked for not less than 10 years.

For the purposes of this paragraph, a previous conviction outside this state for driving under the influence, driving while intoxicated, driving with an unlawful blood-alcohol level, or any other alcohol-related or drug-related traffic offense similar to the offense of driving under the influence as proscribed by s. 316.193 will be considered a previous conviction for violation of s. 316.193, and a conviction for violation of former s. 316.028, former s. 316.1931, or former s. 860.01 is considered a conviction for violation of s. 316.193.

(b) If the period of revocation was not specified by the court at the time of imposing sentence or within 30 days thereafter, and is not otherwise specified by law, the department shall forthwith revoke the driver's license or driving privilege for the maximum period applicable under paragraph (a) for a first conviction and for the minimum period applicable under paragraph (a) for any subsequent convictions. The driver may, within 30 days after such revocation by the department, petition the court for further hearing on the period of revocation, and the court may reopen the case and determine the period of revocation within the limits specified in paragraph (a).

(c) The forfeiture of bail bond, not vacated within 20 days, in any prosecution for the offense of driving while under the influence of alcoholic beverages, chemical substances, or controlled substances to the extent of depriving the defendant of his or her normal faculties shall be deemed equivalent to a conviction for the purposes of this paragraph, and the department shall forthwith revoke the defendant's driver's license or driving privilege for the maximum period applicable under paragraph (a) for a first conviction and for the minimum period applicable under paragraph (a) for a second or subsequent conviction; however, if the defendant is later convicted of the charge, the period of revocation imposed by the department for such conviction shall not exceed the difference between the applicable maximum for a first conviction or minimum for a second or subsequent conviction and the revocation period under this subsection that has actually elapsed; upon conviction of such charge, the court may impose revocation for a period of time as specified in paragraph (a). This paragraph does not apply if an appropriate motion contesting the forfeiture is filed within the 20-day period.

~~(d) When any driver's license or driving privilege has been revoked pursuant to the provisions of this section, the department shall not grant a new license, except upon reexamination of the licensee after the expiration of the period of revocation so prescribed. However, the court may, in its sound discretion, issue an order of reinstatement on a form furnished by the department which the person may take to any driver's license examining office for reinstatement by the department pursuant to s. 322.282.~~

~~(d)~~(e) The court shall permanently revoke the driver's license or driving privilege of a person who has been convicted four times for violation of s. 316.193 or former s. 316.1931 or a combination of such sections. The court shall permanently revoke the driver's license or driving privilege of any person who has been convicted of DUI manslaughter in violation of s. 316.193. If the court has not permanently revoked such driver's license or driving privilege within 30 days after imposing sentence, the department shall permanently revoke the driver's license or driving privilege pursuant to this paragraph. No driver's license or driving privilege may be issued or granted to any such person. This paragraph applies only if at least one of the convictions for violation of s. 316.193 or former s. 316.1931 was for a violation that occurred after July 1, 1982. For the purposes of this paragraph, a conviction for violation of former s. 316.028, former s. 316.1931, or former s. 860.01 is also considered a conviction for violation of s. 316.193. Also, a conviction of driving under the influence, driving while intoxicated, driving with an unlawful blood-alcohol level, or any other similar alcohol-related or drug-related traffic offense outside this state is considered a conviction for the purposes of this paragraph.

If the former owner or any subsequent lienholder files a written protest under oath within the 15-day period, the department shall not issue the repossessed certificate for 10 days thereafter. If, within the 10-day period, no injunction or other order of a court of competent jurisdiction has been served on the department commanding it not to deliver the certificate, the department shall deliver the repossessed certificate to the applicant, or as is otherwise directed in the application, showing no other liens than those shown in the application.

(b) *Whenever any law enforcement agency authorizes the removal of a vehicle or whenever any towing service, garage, repair shop, or automotive service, storage, or parking place notifies the law enforcement agency of possession of a vehicle pursuant to s. 715.07(2)(a)2., the applicable law enforcement agency shall contact the Department of Highway Safety and Motor Vehicles, or the appropriate agency of the state of registration, if known, within 24 hours through the medium of electronic communications, giving the full description of the vehicle. Upon receipt of the full description of the vehicle, the department shall search its files to determine the owner's name, the insurance company insuring the vehicle, and whether any person has filed a lien upon the vehicle as provided in s. 319.27(2) and (3) and notify the applicable law enforcement agency within 72 hours. The person in charge of the towing service, garage, repair shop, or automotive service, storage, or parking place shall obtain such information from the applicable law enforcement agency within 5 days from the date of storage and shall give notice pursuant to paragraph (a). (d)(c) If attempts to locate the owner or lienholder prove unsuccessful, the towing-storage operator shall, after 7 working days, excluding Saturday and Sunday, of the initial tow or storage, notify the public agency of jurisdiction in writing by certified mail or acknowledged hand delivery that the towing-storage company has been unable to locate the owner or lienholder and a physical search of the vehicle or vessel has disclosed no ownership information and a good faith effort has been made. For purposes of this paragraph and subsection (9), and ~~s. 715.05~~, "good faith effort" means that the following checks have been performed by the company to establish prior state of registration and for title:

1. Check of vehicle or vessel for any type of tag, tag record, temporary tag, or regular tag.

2. Check of law enforcement report for tag number or other information identifying the vehicle or vessel, if the vehicle or vessel was towed at the request of a law enforcement officer.

3. Check of trip sheet or tow ticket of tow truck operator to see if a tag was on vehicle at beginning of tow, if private tow.

5. Check of vehicle or vessel for inspection sticker or other stickers and decals that may indicate a state of possible registration.

6. Check of the interior of the vehicle or vessel for any papers that may be in the glove box, trunk, or other areas for a state of registration.

(6) Any vehicle or vessel which is stored pursuant to subsection (2) and which remains unclaimed, or for which reasonable charges for recovery, towing, or storing remain unpaid or for which a lot rental amount is due and owing to the mobile home park owner, as evidenced by a judgment for unpaid rent, and any contents not released pursuant to subsection (10), may be sold by the owner or operator of the storage space for such towing or storage charge or unpaid lot rental amount after 35 days from the time the vehicle or vessel is stored therein if the vehicle or vessel is more than 3 years of age and after 50 days from the time the vehicle or vessel is stored therein if the vehicle or vessel is 3 years of age or less. The sale shall be at public auction for cash. If the date of the sale was not included in the notice required in subsection (4), notice of the sale shall be given to the person in whose name the vehicle, vessel, or mobile home is registered, to the mobile home park owner, and to all persons claiming a lien on the vehicle or vessel as shown on the records of the Department of Highway Safety and Motor Vehicles or of the corresponding agency in any other state. Notice shall be sent by certified mail, return receipt requested, to the owner of the vehicle or vessel and the person having the recorded lien on the vehicle or vessel at the address shown on the records of the registering agency and shall be mailed not less than 15 days before the date of the sale. After diligent search and inquiry, if the name and address of the registered owner or the owner of the recorded lien cannot be ascertained, the requirements of notice by mail may be dispensed with. In addition to the notice by mail, public notice of the time and place of sale shall be made by publishing a notice thereof one time, at least 10 days prior to the date of the sale, in a newspaper of general circulation in the county in which the sale is to be held. The proceeds of the sale, after payment of reasonable towing and storage charges, costs of the sale, and the unpaid lot rental amount, in that order of priority, shall be deposited with the clerk of the circuit court for the county if the owner is absent, and the clerk shall hold such proceeds subject to the claim of the person legally entitled thereto. The clerk shall be entitled to receive 5 percent of such proceeds for the care and disbursement thereof. The certificate of title issued under this law shall be discharged of all liens unless otherwise provided by court order.

(1) This section and s. 681.1097 shall apply to disputes determined eligible under this chapter involving recreational vehicles acquired on or after October 1, 1997, and shall remain in effect until September 30, 2002 2001, at which time recreational vehicle disputes shall be subject

to the provisions of ss. 681.109 and 681.1095. The Attorney General shall report ~~annually~~ to the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of each house of the Legislature, and appropriate legislative committees regarding the *effectiveness efficiency and cost-effectiveness* of the pilot program.

Section 186. Subsections (5) and (7) of section 681.1097, Florida Statutes, are amended to read:

681.1097 Pilot RV Mediation and Arbitration Program; dispute eligibility and program function.—

(5) If the mediation ends in an impasse, or if a manufacturer fails to comply with the settlement entered into between the parties, the program administrator shall schedule the dispute for an arbitration hearing. Arbitration proceedings shall be open to the public on reasonable and nondiscriminatory terms.

(a) The arbitration hearing shall be conducted by a single arbitrator assigned by the program administrator. The arbitrator shall not be the same person as the mediator who conducted the prior mediation conference in the dispute. The parties may factually object to an arbitrator based on the arbitrator's past or present relationship with a party or a party's attorney, direct or indirect, whether financial, professional, social, or of any other kind. The program administrator shall consider any such objection, determine its validity, and notify the parties of any determination. If the objection is determined valid, the program administrator shall assign another arbitrator to the case.

(b) The arbitrator may issue subpoenas for the attendance of witnesses and for the production of records, documents, and other evidence. Subpoenas so issued shall be served and, upon application to the court by a party to the arbitration, enforced in the manner provided by law for the service and enforcement of subpoenas in civil actions. Fees for attendance as a witness shall be the same as for a witness in the circuit court.

(c) At all program arbitration proceedings, the parties may present oral and written testimony, present witnesses and evidence relevant to the dispute, cross-examine witnesses, and be represented by counsel. The arbitrator shall record the arbitration hearing and shall have the power to administer oaths. The arbitrator may inspect the vehicle if requested by a party or if the arbitrator considers such inspection appropriate.

(d) The program arbitrator may continue a hearing on his or her own motion or upon the request of a party for good cause shown. A request for continuance by the consumer constitutes a waiver of the time period set forth in s. 681.1096(3)(k) for completion of all proceedings under the program.

(e) Where the arbitration is the result of a manufacturer's failure to perform in accordance with a *settlement mediation* agreement, any relief to the consumer granted by the arbitration will be no less than the relief agreed to by the manufacturer in the settlement agreement.

(f) The arbitrator shall grant relief if a reasonable number of attempts have been undertaken to correct a nonconformity or nonconformities.

(g) The program arbitrator shall render a decision within 10 days of the closing of the hearing. The decision shall be in writing on a form prescribed or approved by the department. The program administrator shall send a copy of the decision to the consumer and each involved manufacturer by registered mail. The program administrator shall also send a copy of the decision to the department within 5 days of mailing to the parties.

(h) A manufacturer shall comply with an arbitration decision within 40 days of the date the manufacturer receives the written decision. Compliance occurs on the date the consumer receives delivery of an acceptable replacement motor vehicle or the refund specified in the arbitration award. If a manufacturer fails to comply within the time required, the consumer must notify the program administrator in writing within 10 days. The program administrator shall notify the

department of a manufacturer's failure to comply. The department shall have the authority to enforce compliance with arbitration decisions under this section in the same manner as is provided for enforcement of compliance with board decisions under s. 681.1095(10). In any civil action arising under this chapter and relating to a dispute arbitrated pursuant to this section, the decision of the arbitrator is admissible in evidence.

(i) *Either party may request that the program arbitrator make a technical correction to the decision by filing a written request with the program administrator within 10 days after receipt of the written decision. Technical corrections shall be limited to computational errors, correction of a party's name or information regarding the recreational vehicle, and typographical or spelling errors. Technical correction of a decision shall not toll the time for filing an appeal or for manufacturer compliance.*

(7) *A decision of the arbitrator is binding unless appealed by either party by filing a petition with the circuit court within the time and in the manner prescribed by s. 681.1095(10) and (12). Section 681.1095(13) and (14) apply to appeals filed under this section. Either party may make application to the circuit court for the county in which one of the parties resides or has a place of business or, if neither party resides or has a place of business in this state, the county where the arbitration hearing was held, for an order confirming, vacating, modifying, or correcting any award, in accordance with the provisions of this section and ss. 682.12, 682.13, 682.14, 682.15, and 682.17. Such application must be filed within 30 days of the moving party's receipt of the written decision or the decision becomes final. Upon filing such application, the moving party shall mail a copy to the department and, upon entry of any judgment or decree, shall mail a copy of such judgment or decree to the department. A review of such application by the circuit court shall be confined to the record of the proceedings before the program arbitrator. The court shall conduct a de novo review of the questions of law raised in the application. In addition to the grounds set forth in ss. 682.13 and 682.14, the court shall consider questions of fact raised in the application. In reviewing questions of fact, the court shall uphold the award unless it determines that the factual findings of the arbitrator are not supported by substantial evidence in the record and that the substantial rights of the moving party have been prejudiced. If the arbitrator fails to state findings or reasons for the stated award, or the findings or reasons are inadequate, the court shall search the record to determine whether a basis exists to uphold the award. The court shall expedite consideration of any application filed under this section on the calendar.*

(a) If a decision of a program arbitrator in favor of a consumer is confirmed by the court, recovery by the consumer shall include the pecuniary value of the award, attorney's fees incurred in obtaining confirmation of the award, and all costs and continuing damages in the amount of \$25 per day for each day beyond the 40-day period following a manufacturer's receipt of the arbitrator's decision. If a court determines the manufacturer acted in bad faith in bringing the appeal or brought the appeal solely for the purpose of harassment, or in complete absence of a justiciable issue of law or fact, the court shall double, and may triple, the amount of the total award.

(b) ~~An appeal of a judgment or order by the court confirming, denying confirmation, modifying or correcting, or vacating the award may be taken in the manner and to the same extent as from orders or judgments in a civil action.~~

Section 187. Section 681.115, Florida Statutes, is amended to read:

681.115 Certain agreements void.—Any agreement entered into by a consumer that waives, limits, or disclaims the rights set forth in this chapter, *or that requires a consumer not to disclose the terms of such agreement as a condition thereof*, is void as contrary to public policy. The rights set forth in this chapter shall extend to a subsequent transferee of such motor vehicle.

Section 188. Section 715.07, Florida Statutes, is amended to read:

715.07 Vehicles and vessels parked on private property; towing.—

(1) As used in this section, the *terms*:

(a) ~~term~~ "Vehicle" means any mobile item which normally uses wheels, whether motorized or not.

(b) "Vessel" means every description of watercraft, barge, and air boat used or capable of being used as a means of transportation on water, other than a seaplane or a documented vessel, as defined in s. 327.02(8).

(2) The owner or lessee of real property, or any person authorized by the owner or lessee, which person may be the designated representative of the condominium association if the real property is a condominium, may cause any vehicle or vessel parked on such property without her or his permission to be removed by a person regularly engaged in the business of towing vehicles or vessels, without liability for the costs of removal, transportation, or storage or damages caused by such removal, transportation, or storage, under any of the following circumstances:

(a) The towing or removal of any vehicle or vessel from private property without the consent of the registered owner or other legally authorized person in control of that vehicle or vessel is subject to strict compliance with the following conditions and restrictions:

1.a. Any towed or removed vehicle or vessel must be stored at a site within 10 miles of the point of removal in any county of 500,000 population or more, and within 15 miles of the point of removal in any county of less than 500,000 population. That site must be open for the purpose of redemption of vehicles or vessels on any day that the person or firm towing such vehicle or vessel is open for towing purposes, from 8:00 a.m. to 6:00 p.m., and, when closed, shall have prominently posted a sign indicating a telephone number where the operator of the site can be reached at all times. Upon receipt of a telephoned request to open the site to redeem a vehicle or vessel, the operator shall return to the site within 1 hour or she or he will be in violation of this section.

b. If no towing business providing such service is located within the area of towing limitations set forth in sub-subparagraph a., the following limitations apply: any towed or removed vehicle or vessel must be stored at a site within 20 miles of the point of removal in any county of 500,000 population or more, and within 30 miles of the point of removal in any county of less than 500,000 population.

2. The person or firm towing or removing the vehicle or vessel shall, within 30 minutes of completion of such towing or removal, notify the municipal police department or, in an unincorporated area, the sheriff of such towing or removal, the storage site, the time the vehicle or vessel was towed or removed, and the make, model, color, and license plate number of the vehicle or the make, model, color, and registration number of the vessel and shall obtain the name of the person at that department to whom such information was reported and note that name on the trip record.

3. If the registered owner or other legally authorized person in control of the vehicle or vessel arrives at the scene prior to removal or towing of the vehicle or vessel, the vehicle or vessel shall be disconnected from the towing or removal apparatus, and that person shall be allowed to remove the vehicle or vessel without interference upon the payment of a reasonable service fee of not more than one-half of the posted rate for such towing service as provided in subparagraph 6., for which a receipt shall be given, unless that person refuses to remove the vehicle or vessel which is otherwise unlawfully parked or located.

4. The rebate or payment of money or any other valuable consideration from the individual or firm towing or removing vehicles or vessels to the owners or operators of the premises from which the vehicles are towed or removed, for the privilege of removing or towing those vehicles or vessels, is prohibited.

5. Except for property appurtenant to and obviously a part of a single-family residence, and except for instances when notice is personally given to the owner or other legally authorized person in control of the vehicle or vessel that the area in which that vehicle or vessel is parked is reserved or otherwise unavailable for unauthorized vehicles or vessels and subject to being removed at the owner's or operator's expense, any property owner or lessee, or person authorized

by the property owner or lessee, prior to towing or removing any vehicle or vessel from private property without the consent of the owner or other legally authorized person in control of that vehicle or vessel, must post a notice meeting the following requirements:

a. The notice must be prominently placed at each driveway access or curb cut allowing vehicular access to the property, within 5 feet from the public right-of-way line. If there are no curbs or access barriers, the signs must be posted not less than one sign for each 25 feet of lot frontage.

b. The notice must clearly indicate, in not less than 2-inch high, light-reflective letters on a contrasting background, that unauthorized vehicles will be towed away at the owner's expense. Owners or lessees that remove vessels from their properties shall post notice, consistent with the requirements of this subparagraph, that unauthorized vehicles or vessels will be towed at the owner's expense. The words "tow-away zone" must be included on the sign in not less than 4-inch high letters.

c. The notice must also provide the name and current telephone number of the person or firm towing or removing the vehicles or vessels, if the property owner, lessee, or person in control of the property has a written contract with the towing company.

d. The sign structure containing the required notices must be permanently installed with the words "tow-away zone" not less than 3 feet and not more than 6 feet above ground level and must be continuously maintained on the property for not less than 24 hours prior to the towing or removal of any vehicles or vessels.

e. The local government may require permitting and inspection of these signs prior to any towing or removal of vehicles or vessels being authorized.

f. A business with 20 or fewer parking spaces satisfies the notice requirements of this subparagraph by prominently displaying a sign stating "Reserved Parking for Customers Only Unauthorized Vehicles or Vessels Will be Towed Away At the Owner's Expense" in not less than 4-inch high, light-reflective letters on a contrasting background.

A business owner or lessee may authorize the removal of a vehicle or vessel by a towing company when the vehicle is parked in such a manner that restricts the normal operation of business; and if a vehicle or vessel parked on a public right-of-way obstructs access to a private driveway the owner, lessee, or agent may have the vehicle or vessel removed by a towing company upon signing an order that the vehicle or vessel be removed without a posted tow-away zone sign.

6. Any person or firm that tows or removes vehicles or vessels and proposes to require an owner, operator, or person in control of a vehicle or vessel to pay the costs of towing and storage prior to redemption of the vehicle or vessel must file and keep on record with the local law enforcement agency a complete copy of the current rates to be charged for such services and post at the storage site an identical rate schedule and any written contracts with property owners, lessees, or persons in control of property which authorize such person or firm to remove vehicles or vessels as provided in this section.

7. Any person or firm towing or removing any vehicles or vessels from private property without the consent of the owner or other legally authorized person in control of the vehicles or vessels shall, on any trucks, wreckers as defined in s. 713.78(1)(b), or other vehicles used in the towing or removal, have the name, address, and telephone number of the company performing such service clearly printed in contrasting colors on the driver and passenger sides of the vehicle. The name shall be in at least 3-inch permanently affixed letters, and the address and telephone number shall be in at least 1-inch permanently affixed letters.

8. Vehicle entry for the purpose of removing the vehicle or vessel shall be allowed with reasonable care on the part of the person or firm towing the vehicle or vessel. Such person or firm shall be liable for any damage occasioned to the vehicle or vessel if such entry is not in accordance with the standard of reasonable care.

9. When a vehicle or vessel has been towed or removed pursuant to this section, it must be released to its owner or custodian within one

hour after requested. Any vehicle *or vessel* owner, custodian, or agent shall have the right to inspect the vehicle *or vessel* before accepting its return, and no release or waiver of any kind which would release the person or firm towing the vehicle *or vessel* from liability for damages noted by the owner or other legally authorized person at the time of the redemption may be required from any vehicle *or vessel* owner, custodian, or agent as a condition of release of the vehicle *or vessel* to its owner. A detailed, signed receipt showing the legal name of the company or person towing or removing the vehicle *or vessel* must be given to the person paying towing or storage charges at the time of payment, whether requested or not.

(b) These requirements shall be the minimum standards and shall not preclude enactment of additional regulations by any municipality or county including the right to regulate rates when vehicles *or vessels* are towed from private property.

(3) This section does not apply to law enforcement, firefighting, rescue squad, ambulance, or other emergency vehicles *or vessels* which are marked as such or to property owned by any governmental entity.

(4) When a person improperly causes a vehicle *or vessel* to be removed, such person shall be liable to the owner or lessee of the vehicle *or vessel* for the cost of removal, transportation, and storage; any damages resulting from the removal, transportation, or storage of the vehicle; attorneys' fees; and court costs.

(5) *Failure to make good faith best efforts to comply with the notice requirement of this section, as appropriate, shall preclude the imposition of any towing or storage charges against such vehicle or vessel.*

(6)(5)(a) Any person who violates the provisions of subparagraph (2)(a)2. or subparagraph (2)(a)6. ~~commits is guilty of~~ a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(b) Any person who violates the provisions of subparagraph (2)(a)7. ~~commits is guilty of~~ a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 189. Subsection (3) is added to section 832.09, Florida Statutes, to read:

832.09 Suspension of driver license after warrant or *capias* is issued in worthless check case.—

(3) *The Department of Highway Safety and Motor Vehicles shall create a standardized form to be distributed to the clerks of the court in each county for the purpose of notifying the department that a person has satisfied the requirements of the court. Notices of compliance with the court's requirements shall be on the standardized form provided by the department.*

Explanations of Vote

I voted yes for CS/CS/HB 1053 because there were several issues within the bill that I support. However, I want to state clearly my support for the earlier amendment #031199 which unfortunately was laid on the table by a voice vote. The amendment would have removed from the bill section 63. That provision unfairly reduces the effective power of cities and counties to remove unwanted billboards. This will make it more difficult for local jurisdictions to enhance the beauty of their landscapes and protect the natural environment of their communities.

*Rep. Lois J. Frankel
District 85*

Today, I am casting a yes vote for HB 1053. Often, compromises on legislation often put members in the position having to accept some bad to get much good. This bill contains many provisions which I believe are very positive, such as the creation of the Safe Paths to Schools Program and the positive changes to the TOPS program. I also believe that many of the other provisions related to the Department of Transportation will make the Department more business and constituent friendly and undoubtedly, more efficient. Nonetheless, I am very troubled that this bill contains provisions relating to the local control of billboards. I believe we must support the concept of local control. However, notwithstanding my opposition to the billboard provision and the request from many of my constituents and local governments to vote no, I will support this bill because generally, this bill is an very positive product.

*Rep. Doug Wiles
District 20*

The Honorable Tom Feeney, Speaker

I am directed to inform the House of Representatives that the Senate has passed HB 1749, with one amendment, and requests the concurrence of the House.

Faye W. Blanton, Secretary

An individual who volunteers to participate in a work activity may receive child care or support services consistent with such participation.

4. Families described in subparagraph 1., subparagraph 2., or subparagraph 3. may receive child care assistance or other supports or services so that the children may continue to be cared for in their own homes or the homes of relatives. Section 2. Section 409.1674, Florida Statutes, is created to read:

3. After the distribution under subparagraphs 1. and 2., 9.653 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund.

4. After the distribution under subparagraphs 1., 2., and 3., 0.065 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

6. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 1.0715 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

7. Of the remaining proceeds:

a. Beginning July 1, 2000, and in each fiscal year thereafter, the sum of \$29,915,500 shall be divided into as many equal parts as there are counties in the state, and one part shall be distributed to each county. The distribution among the several counties shall begin each fiscal year on or before January 5th and shall continue monthly for a total of 4 months. If a local or special law required that any moneys accruing to

a county in fiscal year 1999-2000 under the then-existing provisions of s. 550.135 be paid directly to the district school board, special district, or a municipal government, such payment shall continue until such time that the local or special law is amended or repealed. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards prior to July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into which obligated funds received from the distribution to county governments under then-existing s. 550.135. This distribution specifically is in lieu of funds distributed under s. 550.135 prior to July 1, 2000.

b. The department shall distribute \$166,667 monthly pursuant to s. 288.1162 to each applicant that has been certified as a "facility for a new professional sports franchise" or a "facility for a retained professional sports franchise" pursuant to s. 288.1162. Up to \$41,667 shall be distributed monthly by the department to each applicant that has been certified as a "facility for a retained spring training franchise" pursuant to s. 288.1162; however, not more than \$208,335 may be distributed monthly in the aggregate to all certified facilities for a retained spring training franchise. Distributions shall begin 60 days following such certification and shall continue for not more than 30 years. Nothing contained in this paragraph shall be construed to allow an applicant certified pursuant to s. 288.1162 to receive more in distributions than actually expended by the applicant for the public purposes provided for in s. 288.1162(6). However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

c. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that an applicant has been certified as the professional golf hall of fame pursuant to s. 288.1168 and is open to the public, \$166,667 shall be distributed monthly, for up to 300 months, to the applicant.

d. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that the applicant has been certified as the International Game Fish Association World Center facility pursuant to s. 288.1169, and the facility is open to the public, \$83,333 shall be distributed monthly, for up to 168 months, to the applicant. This distribution is subject to reduction pursuant to s. 288.1169. A lump sum payment of \$999,996 shall be made, after certification and before July 1, 2000.

e. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that an applicant has been certified as a certified sports industry economic development project pursuant to s. 288.113, and has generated new sales tax revenues that have been remitted to the state during the prior twelve months, a monthly sales tax reimbursement payment in the amount set forth in the notice by the Office of Tourism, Trade and Economic Development, based on actual sales tax generated over a 12-month period, shall be distributed to the applicant until the certification expires or notice is received by the department from the Office of Tourism, Trade, and Economic Development of a change in the applicant's certification status or in the certified monthly payment amount. The amount of the monthly sales tax reimbursement distribution shall be adjusted beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development that the applicant is to receive a reduced or increased sales tax reimbursement payment.

8. All other proceeds shall remain with the General Revenue Fund.

Section 3. Paragraph (k) of subsection (7) of section 213.053, Florida Statutes, is amended to read:

213.053 Confidentiality and information sharing.—

(7) Notwithstanding any other provision of this section, the department may provide:

(k) Payment information relative to chapters 199, 201, 212, 220, and 221 to the Office of Tourism, Trade, and Economic Development in its administration of the tax refund program for qualified defense contractors authorized by s. 288.1045, and the tax refund program for qualified target industry businesses authorized by s. 288.106, and the sales tax reimbursement program for certified sports industry economic development projects authorized by s. 288.113.

Section 4. Section 288.113, Florida Statutes, is created to read:

288.113 Tax reimbursement program for certified sports industry economic development projects.—

(1) **LEGISLATIVE FINDINGS AND DECLARATIONS.—**The Legislature finds that attracting, retaining, and providing favorable conditions for the growth of certified sports industry economic development projects provides high-quality employment opportunities for residents of the state, increases tourism, and enhances the economic foundations of the state. It is the policy of the state to encourage the growth of high-value-added employment to the economic base by providing a sales tax reimbursement to certified sports industry economic development projects that create new employment opportunities and generate new sales tax dollars by expanding businesses within the state or by bringing new businesses to the state.

(2) **DEFINITIONS.—**As used in this section:

(a) “Certified sports industry economic development project” or “project” means any amateur sports business that develops, operates, attracts, and retains multiyear amateur sporting events that generate new sales taxes for the state, has submitted a properly completed application to the Office of Tourism, Trade, and Economic Development, and has subsequently been certified by that office as a certified sports industry economic development project.

(b) “Sales tax reimbursement” means the monthly amount to be distributed through a reimbursement to a certified sports industry economic development project pursuant to s. 212.20. Such amount shall be determined by the Office of Tourism, Trade, and Economic Development as provided in this section.

(3) **AMATEUR SPORTS BUSINESS ELIGIBLE TO APPLY.—**

(a) Any amateur sports business that develops, operates, attracts, and retains multiyear amateur sporting events that generate new sales taxes for the state may submit to the Office of Tourism, Trade, and Economic Development an application for approval as a certified sports industry economic development project for the purpose of receiving a sales tax reimbursement on new sales taxes generated by increased new business and tourism activity directly attributable to the proposed amateur sports industry economic development project.

(b) The number of certified sports industry economic development projects shall not exceed three until June 30, 2006, and thereafter only one new certified sports industry economic development project may be certified by the Office of Tourism, Trade, and Economic Development each year.

(4) **SALES TAX REIMBURSEMENT AND AUTHORIZED AMOUNT.—**Pursuant to s. 212.20, each certified sports industry economic development project shall be eligible for a monthly distribution of its sales tax reimbursement in the amount determined by its sales tax reimbursement agreement with the Office of Tourism, Trade, and Economic Development. The amount shall be based on new sales tax revenues generated under chapter 212 by increased new business and tourism activity directly attributable to the project as determined using the sports economic impact model and, subject to other restrictions, returns 50 percent of that amount to the project. The total amount of sales tax reimbursement for all fiscal years estimated for each project shall not exceed 50 percent of the cost of the project as determined by the Office of Tourism, Trade, and Economic Development in the certification process set forth in subsection (6). The annualized amount of the monthly distribution shall be calculated by the Office of Tourism, Trade, and Economic Development and specified in the applicant’s sales tax reimbursement agreement. Annual payment amounts shall be no less

than \$500,000 and no more than \$2 million, unless the Office of Tourism, Trade, and Economic Development reduces payments below \$500,000 under its authority to decertify a project as discussed in subsection (6).

(5) **AUTHORIZED USE OF SALES TAX REIMBURSEMENT PAYMENTS.—**After entering into a sales tax reimbursement agreement under subsection (7), a certified sports industry economic development project may receive a sales tax reimbursement for:

(a) Developing and implementing any component of the project’s sports events and activities;

(b) Constructing, reconstructing, renovating, furnishing, equipping, or operating the project’s facilities or events;

(c) Pledging payments or debt service on or funding debt service reserve funds, arbitrage rebate obligations, or other amounts payable with respect to bonds for the project’s activities and facilities; or

(d) Paying the cost of relocating the project’s corporate headquarters into the state.

(6) **CERTIFICATION, RECERTIFICATION, AND DECERTIFICATION PROCEDURE.—**

(a) The Office of Tourism, Trade, and Economic Development shall establish a certification process by which a proposed amateur sports industry economic development project may be approved by the office as a certified sports industry economic development project that is eligible to receive economic development incentives in the form of a sales tax reimbursement of a percentage of new sales taxes that have been generated and remitted to the state as a result of the certified sports industry economic development project.

(b) Before certifying an applicant under this subsection, the Office of Tourism, Trade, and Economic Development shall determine that the applicant has:

1. Completed an independent analysis or study, verified by the Office of Tourism, Trade, and Economic Development, which demonstrates that the proposed amateur sports industry economic development project will generate a minimum of \$1 million annually in new sales tax revenues over a multiyear period.

2. Received commitments for amateur sports activities which demonstrate that the proposed amateur sports economic development project will bring to this state on a multiyear basis new proposed amateur sports economic development project activities that will generate a minimum of \$1 million in new sales tax revenues annually, as verified by the Office of Tourism, Trade, and Economic Development.

3. Demonstrated that the applicant has provided, is capable of providing, or has financial or other commitments to provide more than one-half of the costs incurred in or related to the development of the proposed amateur sports industry economic development project.

(c) An amateur sports business that has previously been certified under this section and has received a sales tax reimbursement under that certification is ineligible for additional certification.

(d) Upon determining that a proposed amateur sports industry economic development project meets the established criteria for approval as a certified sports industry economic development project and qualifies for a sales tax reimbursement, the Office of Tourism, Trade, and Economic Development shall issue to the applicant a letter of certification that stipulates the terms of the sales tax reimbursement agreement and the penalties for failing to comply with those terms.

(e) The Office of Tourism, Trade, and Economic Development shall deny the application of an amateur sports business to be a certified sports industry economic development project if the office determines that the proposed project does not meet the established criteria for approval.

(f) The Office of Tourism, Trade, and Economic Development shall develop a standardized form for an amateur sports business to complete in applying for certification as a certified sports industry economic development project. The application shall include, but shall not be

limited to, relevant information on employment and job creation, proposed budgets, contracts for multiyear events and projects, project financing, and other information requested by the office. The application may be distributed to applicants by the Office of Tourism, Trade, and Economic Development, and all completed applications shall be processed by the office.

(g) Initial certification for a sales tax reimbursement under this section is valid for 120 months. Subsequent to the initial certification period, the certified sports industry economic development project is eligible for two periods of recertification, each of which is valid for 60 months. A project shall request recertification 12 months before the expiration of the certificate.

(h) A certified sports industry economic development project may request recertification after the initial certification period to be requalified for certification as a certified sports industry economic development project for a period not to exceed 240 months.

(i) The Office of Tourism, Trade, and Economic Development shall recertify, before the end of the first 10-year period, that the certified sports industry economic development project is operational and that the project is meeting the minimum projections for sales tax revenues as required at the time of original certification. If the project is not recertified during this 10-year review period as meeting the minimum projections, funding shall be adjusted until certification criteria are met. If the project fails to generate annual sales tax revenues pursuant to its sales tax reimbursement agreement with the Office of Tourism, Trade, and Economic Development, the amount of revenues distributed to the project under s. 212.20(6)(e)7.e. shall be reduced to the amount of the taxes collected times 50 percent. If, for 2 consecutive years, the amount of tax revenues collected falls below a minimum of \$1 million per year, the project may be decertified at the discretion of the Office of Tourism, Trade, and Economic Development. Such a reduction shall remain in effect until the sales tax revenues generated by the project in a 12-month period equal or exceed \$1 million.

(j) A project may be decertified if the Office of Tourism, Trade, and Economic Development determines that the amateur sports business can no longer maintain its economic development activities in this state. If the project is no longer in existence, or is no longer viable, as determined by the project's sales tax reimbursement agreement with the Office of Tourism, Trade, and Economic Development, or if the project has the certificate for purposes other than those authorized by this section and chapter 212, the Office of Tourism, Trade, and Economic Development shall notify the Department of Revenue to suspend payment for a period of 6 months until the project is either in compliance with the sales tax reimbursement agreement or is determined to be in default. In addition to other penalties imposed by law, any person who knowingly and willfully falsifies an application for purposes other than those authorized by this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(k) The Office of Tourism, Trade, and Economic Development shall provide written notification to the Department of Revenue of all certifications, recertifications, and decertifications of projects and of the sales tax reimbursement distribution amount each project is entitled to receive.

(l) The Office of Tourism, Trade, and Economic Development shall develop rules for the receipt and processing of applications for funding pursuant to s. 212.20.

(7) SALES TAX REIMBURSEMENT AGREEMENT TERMS.—

(a) In order to qualify for sales tax reimbursement from the state, each certified sports industry economic development project shall enter into a written agreement with the Office of Tourism, Trade, and Economic Development which specifies, at a minimum:

1. The total number of full-time-equivalent jobs created in or transferred to this state as a direct result of the project, the average wage paid for those jobs, the criteria that will apply to measuring the achievement of these terms during the effective period of the agreement,

and a time schedule or plan for when such jobs will be in place and operative in the state.

2. The maximum amount of new sales taxes estimated to be generated as a result of the project, the maximum amount of sales tax reimbursement that the project is eligible to receive, and the maximum amount of sales tax reimbursement that the project is requesting.

3. The budgets, financing, projections, and cost estimates for the sports activities and projects for which reimbursement is sought.

(b) Compliance with the terms and conditions of the sales tax reimbursement agreement is a condition precedent for receiving a sales tax reimbursement each year. The terms and timeframe of the agreement shall be commensurate with the duration of the certification period. Failure to comply with the terms and conditions of the sales tax reimbursement agreement shall result in an immediate review by the Office of Tourism, Trade, and Economic Development of the activities of the project.

(c) The sales tax reimbursement shall not exceed 50 percent of the total project costs, amortized over a period not to exceed 20 years.

(d) Sales tax reimbursement may be provided through direct payment or other means of payment to the certified sports industry economic development project, as determined in the sales tax reimbursement agreement with the approval of the Department of Revenue.

(8) ADMINISTRATION.—

(a) The Office of Tourism, Trade, and Economic Development may verify information provided in any claim for sales tax reimbursement under this section, including information regarding employment and wage levels or the payment of taxes under chapter 212 to the appropriate agency, including the Department of Revenue, the Agency for Workforce Innovation, or the appropriate local government or authority.

(b) To facilitate the process of monitoring and auditing applications made under this program, the Office of Tourism, Trade, and Economic Development may request information necessary for determining a project's compliance with this section from the Department of Revenue, the Agency for Workforce Innovation, or any local government or authority. These governmental entities shall provide assistance in the areas within their scope of responsibilities.

(c) The Department of Revenue may audit as provided in s. 213.34 to verify that the distributions pursuant to this section have been expended as required in this section.

(9) RELATIONSHIP OF SALES TAX REIMBURSEMENTS TO SPORTS INDUSTRY GROWTH; REPORT TO THE LEGISLATURE.— Beginning January 1, 2003, the Office of Tourism, Trade, and Economic Development shall maintain records based on information provided on taxpayer applications for certified sports industry economic development projects that receive sales tax reimbursements. These records shall include a statement of the percentage of the overall new economic impact generated by certified sports industry economic development projects and the amount of funds annually reimbursed to such projects. In addition, the Office of Tourism, Trade, and Economic Development shall maintain data showing the annual growth in Florida-based amateur sports industry businesses and the number of persons employed and wages paid by such businesses. The Office of Tourism, Trade, and Economic Development shall report this information to the Legislature annually, no later than December 1.

Section 5. Subsection (1) of section 288.1229, Florida Statutes, is amended to read:

288.1229 Promotion and development of sports-related industries and amateur athletics; direct-support organization; powers and duties.—

(1) The Office of Tourism, Trade, and Economic Development may authorize a direct-support organization to assist the office in:

(a) The promotion and development of the sports industry and related industries for the purpose of improving the economic presence of these industries in Florida.

(b) The promotion of amateur athletic participation for the citizens of Florida and the promotion of Florida as a host for national and international amateur athletic competitions for the purpose of encouraging and increasing the direct and ancillary economic benefits of amateur athletic events and competitions.

(c) *The attraction of amateur sports industry economic development projects to this state for the purposes set forth in paragraphs (a) and (b), as well as for the purposes of increasing national and international media promotions and attention, promoting the quality of life in the state, and promoting tourism, which will have a positive effect on expanding the tax base as well as creating new jobs in the state.*

THE SPEAKER IN THE CHAIR

CS/HB 271—A bill to be entitled An act relating to corporate income tax; creating s. 220.187, F.S.; providing purpose; providing definitions; providing a credit against said tax for contributions to a nonprofit scholarship funding organization; providing limitations; providing for use of such contributions by such organizations for scholarships for certain children and providing requirements and limitations with respect thereto; providing for annual funding through the General Appropriations Act; providing for allocation; providing duties of the Department of Revenue and Department of Education; providing for rules; amending s. 220.02, F.S.; providing order of credits against the tax; amending s. 220.13, F.S.; providing for the inclusion of amounts taken as credit under s. 220.187, F.S., in determining a taxpayer’s adjusted federal income; providing an effective date.

Senate Amendment 1 (with title amendment)—Delete everything after the enacting clause

and insert:

Section 1. Section 220.187, Florida Statutes, is created to read:

220.187 Credits for contributions to nonprofit scholarship-funding organizations.—

(1) *PURPOSE.—The purpose of this section is to:*

(a) *Provide a tax credit for certain contributions to a nonprofit scholarship-funding organization.*

(b) *Expand educational opportunities for children of families that have limited financial resources.*

(c) *Enable children in this state to achieve a greater level of excellence in their education.*

(2) *DEFINITIONS.—As used in this section, the term:*

(a) *“Department” means the Department of Revenue.*

(b) *“Eligible contribution” means a monetary contribution from a taxpayer, subject to the restrictions provided in this section, to an eligible nonprofit scholarship-funding organization. The taxpayer making the contribution may not designate a specific child or group of children as the beneficiaries of the contribution.*

(c) *“Eligible nonpublic school” means a nonpublic school located in Florida that offers an education to students in any grades K-12 and that meets the requirements in subsection (5).*

(d) *“Eligible nonprofit scholarship-funding organization” means a charitable organization that is exempt from federal income tax pursuant to s. 501(c)(3) of the Internal Revenue Code and that complies with the provisions of subsection (4).*

(e) *“Qualified student” means a student who qualifies for free or reduced-price school lunches under the National School Lunch Act and who:*

1. *Was counted as a full-time-equivalent student during the previous state fiscal year for purposes of state per-student funding;*
2. *Received a scholarship from an eligible nonprofit scholarship-funding organization during the previous school year; or*
3. *Is eligible to enter kindergarten or first grade.*

(3) AUTHORIZATION TO GRANT SCHOLARSHIP FUNDING TAX CREDITS; LIMITATIONS ON INDIVIDUAL AND TOTAL CREDITS.—

(a) There is allowed a credit of 100 percent of an eligible contribution against any tax due for a taxable year under this chapter. However, such a credit may not exceed 75 percent of the tax due under this chapter for the taxable year, after the application of any other allowable credits by the taxpayer. However, 5 percent of the total statewide amount authorized for the tax credit shall be reserved for taxpayers who meet the definition of a small business provided in s. 288.703(1) at the time of application. The credit granted by this section shall be reduced, if necessary, so that the reduction in federal corporate income taxes and the reduction in taxes imposed pursuant to this chapter as a result of this section and s. 220.13(1)(a)11. will not exceed the amount of the contribution to the nonprofit scholarship-funding organization.

(b) The total amount of tax credit which may be granted each state fiscal year under this section is \$50 million.

(c) A taxpayer who files a Florida consolidated return as a member of an affiliated group pursuant to s. 220.131(1) may be allowed the credit on a consolidated return basis; however, the total credit taken by the affiliated group is subject to the limitation established under paragraph (a).

(4) OBLIGATIONS OF ELIGIBLE NONPROFIT SCHOLARSHIP-FUNDING ORGANIZATIONS.—

(a) “Department” means the Department of Revenue.

(b) “Eligible contribution” means a monetary contribution from a taxpayer, subject to the restrictions provided in this section, to an eligible nonprofit scholarship-funding organization. The taxpayer making the contribution may not designate a specific child as the beneficiary of the contribution. The taxpayer may not contribute more than \$5 million to any single eligible nonprofit scholarship-funding organization.

(c) "Eligible nonpublic school" means a nonpublic school located in Florida that offers an education to students in any grades K-12 and that meets the requirements in subsection (5).

Twenty percent of the annual eligible contributions received each year may be provided for single-year or multi-year scholarships to any qualified students as defined in paragraph (2)(e). However, this twenty percent must be disbursed for scholarships within a 5-year period of the initial receipt of the contribution. No portion of eligible contributions may be used for administrative expenses. All interest accrued from contributions must be used for scholarships.

(e) An eligible nonprofit scholarship-funding organization that receives eligible contributions must provide to the Auditor General an annual financial and compliance audit of its accounts and records conducted by an independent certified public accountant in accordance with rules adopted by the Auditor General.

If an application is denied, the district school board must, within 10 calendar days, articulate in writing the specific reasons based upon good cause supporting its denial of the charter application.

3. For budget projection purposes, the district school board or other sponsor shall report to the department the approval or denial of a charter application within 10 calendar days after such approval or denial. In the event of approval, the report to the department must include the final projected FTE for the approved charter school.

(b) An applicant may appeal any denial of that applicant's application or failure to act on an application to the State Board of

Education no later than 30 calendar days after receipt of the district school board's decision or failure to act and shall notify the district school board of its appeal. The state board may reject an appeal submission for failure to comply with procedural rules governing the appeals process. The rejection shall describe the submission errors. The appellant may have up to 15 calendar days from notice of rejection to resubmit an appeal that meets requirements of rule. An application for appeal submitted subsequent to such rejection shall be considered timely if the original appeal was filed within 30 calendar days after receipt of notice of the specific reasons for the school board's denial of the charter application ~~the school board denial~~. The state board shall remand the application to the district school board with its written recommendation that the district board approve or deny the application consistent with the state board's decision. The decision of the State Board of Education is not subject to the provisions of the Administrative Procedure Act, chapter 120.

(c) The district school board must act upon the recommendation of the State Board of Education within 30 calendar days after it is received. The district board may fail to act in accordance with the recommendation of the state board only for good cause. Good cause for failing to act in accordance with the state board's recommendation arises only if the district school board determines by competent substantial evidence that approving the state board's recommendation would be contrary to law or contrary to the best interests of the pupils or the community. The district school board must articulate in written findings the specific reasons based upon good cause supporting its failure to act in accordance with the state board's recommendation. The district board's action on the state board's recommendation is a final action subject to judicial review.

(d) The Department of Education may provide technical assistance to an applicant upon written request.

(e) Paragraph (a) notwithstanding, a state university may grant a charter to a developmental research school created under s. 228.053. In considering such charter, the state university must consult with the district school board of the county in which the developmental research school is located. The decision of a state university may be appealed pursuant to the procedure established in this subsection.

(f) The terms and conditions for the operation of a charter school shall be set forth by the sponsor and the applicant in a written contractual agreement, called a charter. The sponsor shall not impose unreasonable rules or regulations that violate the intent of giving charter schools greater flexibility to meet educational goals. The applicant and sponsor shall have 6 months in which to mutually agree to the provisions of the charter. The Department of Education shall provide mediation services for any dispute regarding this section subsequent to the approval of a charter application *and for any dispute relating to the approved charter*, except disputes regarding charter school application denials. If the Commissioner of Education determines that the dispute cannot be settled through mediation, the dispute may be appealed to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge may rule on issues of equitable treatment of the charter school as a public school, whether proposed provisions of the charter violate the intended flexibility granted charter schools by statute, or on any other matter regarding this section except a charter school application denial, and shall award the prevailing party reasonable attorney's fees and costs incurred to be paid by the losing party. The costs of the administrative hearing shall be paid by the party whom the administrative law judge rules against.

(g) The sponsor shall monitor and review the charter school in its progress towards the goals established in the charter.

(h) The sponsor shall monitor the revenues and expenditures of the charter school.

(i) A charter school shall be exempt from the sponsor's policies.

(5) *CHARTER SCHOOL COOPERATIVES.*—Charter schools may enter into cooperative agreements to form charter school cooperative organizations that may provide the following services: charter school planning and development, direct instructional services, contracts with charter school governing boards to provide personnel administrative services, payroll services, human resource management, evaluation and assessment services, teacher preparation, and professional development.

(6)(5) NUMBER OF SCHOOLS.—

(a) The number of newly created charter schools is limited to no more than 28 in each school district that has 100,000 or more students, no more than 20 in each school district that has 50,000 to 99,999 students, and no more than 12 in each school district with fewer than 50,000 students.

(b) An existing public school which converts to a charter school shall not be counted towards the limit established by paragraph (a).

Notwithstanding any limit established by this subsection, a district school board or a charter school applicant shall have the right to request an increase of the limit on the number of charter schools authorized to be established within the district from the State Board of Education.

(7)(6) ELIGIBLE STUDENTS.—

(a) A charter school shall be open to any student covered in an interdistrict agreement or residing in the school district in which the charter school is located; however, in the case of a developmental research school created under s. 228.053 to which a charter has been issued under paragraph (4)(e), the charter school shall be open to any student eligible to attend the developmental research school as provided in s. 228.053 or who resides in the school district in which the charter school is located. Any eligible student shall be allowed interdistrict transfer to attend a charter school when based on good cause. When a public school converts to charter status, enrollment preference shall be given to students who would have otherwise attended that public school. A charter school may give enrollment preference to a sibling of a student enrolled in the charter school, to the child of a member of the governing board of the charter school, or to the child of an employee of the charter school.

(b) The charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In such case, all applicants shall have an equal chance of being admitted through a random selection process.

(c) A charter school may limit the enrollment process only to target the following student populations:

1. Students within specific age groups or grade levels.

2. Students considered at risk of dropping out of school or academic failure. Such students shall include exceptional education students.

3. Students enrolling in a charter school-in-the-workplace or *charter school-in-a-municipality* established pursuant to subsection (22).

4. Students residing within a reasonable distance of the charter school, as described in paragraph (13)(c). Such students shall be subject to a random lottery and to the racial/ethnic balance provisions described in subparagraph (9)(a)8. or any federal provisions which require a school to achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other public schools in the same school district.

5. *Students who meet reasonable academic, artistic, or other eligibility standards established by the charter school and included in the charter school application and charter or, in the case of existing charter schools, standards that are consistent with the school's mission and purpose. Such standards must be in accordance with current state law and practice in public schools and may not discriminate against otherwise qualified individuals.*

6. *Students articulating from one charter school to another pursuant to an articulation agreement between the charter schools which has been approved by the sponsor.*

(d) A student may withdraw from a charter school at any time and enroll in another public school as determined by school board policy.

(e) Students with handicapping conditions and students served in English for Speakers of Other Languages programs shall have an equal opportunity of being selected for enrollment in a charter school.

(f) *The capacity of the charter school shall be determined annually by the governing board, in conjunction with the sponsor, of the charter school in consideration of the factors identified in this subsection.*

(8)(7) **LEGAL ENTITY.**—A charter school shall organize as, or be operated by, a nonprofit organization. A charter school may be operated by a municipality or other public entity as provided for by law. As such, the charter school may be either a private or a public employer. As a public employer, a charter school may participate in the Florida Retirement System upon application and approval as a “covered group” under s. 121.021(34). If a charter school participates in the Florida Retirement System, the charter school employees shall be compulsory members of the Florida Retirement System. As either a private or a public employer, a charter school may contract for services with an individual or group of individuals who are organized as a partnership or a cooperative. Individuals or groups of individuals who contract their services to the charter school are not public employees.

(9)(8) **REQUIREMENTS.**—

(b) A charter school shall admit students as provided in subsection (6).

(c) A charter school shall be accountable to its sponsor for performance as provided in subsection (9).

(d) A charter school shall not charge tuition or fees, except those fees normally charged by other public schools. However, a developmental research school to which a charter has been issued pursuant to paragraph (4)(e) may charge a student activity and service fee as authorized by s. 228.053(5).

(e) A charter school shall meet all applicable state and local health, safety, and civil rights requirements.

(f) A charter school shall not violate the antidiscrimination provisions of s. 228.2001.

(g) A charter school shall be subject to an annual financial audit in a manner similar to that of a school district.

(h) No organization shall hold more than 15 charters statewide.

(i) In order to provide financial information that is comparable to that reported for other public schools, charter schools are to maintain all financial records which constitute their accounting system:

1. In accordance with the accounts and codes prescribed in the most recent issuance of the publication titled “Financial and Program Cost Accounting and Reporting for Florida Schools”; or:

2. *At the discretion of the charter school governing board, a charter school may elect to follow generally accepted accounting standards for not-for-profit organizations, but must reformat this information for reporting according to this paragraph.*

Charter schools are to provide annual financial report and program cost report information in the state-required formats for inclusion in district reporting in compliance with s. 236.02(1). Charter schools which are operated by a municipality or are a component unit of a parent nonprofit organization may use the accounting system of the municipality or the parent, but must reformat this information for reporting according to this paragraph.

(j) *The governing board of the charter school shall annually adopt and maintain an operating budget.*

(10)(9) **CHARTER.**—The major issues involving the operation of a charter school shall be considered in advance and written into the charter. The charter shall be signed by the governing body of the charter school and the sponsor, following a public hearing to ensure community input.

(a) The charter shall address, and criteria for approval of the charter shall be based on:

1. The school’s mission, the students to be served, and the ages and grades to be included.

2. The focus of the curriculum, the instructional methods to be used, and any distinctive instructional techniques to be employed, *and identification and acquisition of appropriate technologies needed to improve educational and administrative performance. This must include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.*

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. This section shall include a detailed description for each of the following:

a. How the baseline student academic achievement levels and prior rates of academic progress will be established.

b. How these baseline rates will be compared to rates of academic progress achieved by these same students while attending the charter school.

c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other closely comparable student populations.

d. *The district school board is required to provide academic student performance data to charter schools for each of their students coming from the district school system, as well as rates of academic progress of comparable student populations in the district school system.*

4. The methods used to identify the educational strengths and needs of students and how well educational goals and performance standards are met by students attending the charter school. *Included in the methods is a means for ensuring accountability to its constituents by analyzing student performance data and by evaluating the effectiveness and efficiency of its major educational programs.* Students in charter schools shall, at a minimum, participate in the statewide assessment program.

5. In secondary charter schools, a method for determining that a student has satisfied the requirements for graduation in s. 232.246.

6. A method for resolving conflicts between the governing body of the charter school and the sponsor.

8. The ways by which the school will achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other public schools in the same school district.

9. The financial and administrative management of the school, including a reasonable demonstration of the professional experience or competence of those individuals or organizations applying to operate the charter school or those hired or retained to perform such professional services *and the description of clearly delineated responsibilities and the policies and practices needed to effectively manage the charter school. A description of internal audit procedures and establishment of controls to ensure that financial resources are properly managed must be included.* Both public sector and private sector professional experience shall be equally valid in such a consideration.

10. *A description of procedures that identify various risks and provide for a comprehensive approach to reduce the impact of losses;*

plans to ensure the safety and security of students and staff; plans to identify, minimize, and protect others from violent or disruptive student behavior; and the manner in which the school will be insured, including whether or not the school will be required to have liability insurance, and, if so, the terms and conditions thereof and the amounts of coverage.

11. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 3, 4, or 5 years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the local school board. A developmental research school is eligible for a charter for a term of up to 15 years issued by a state university pursuant to paragraph (4)(e). In addition, to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 10-year charter, subject to approval by the local school board. Such long-term charters remain subject to annual review and may be terminated during the term of the charter, but only for specific good cause according to the provisions set forth in subsection (10).

12. The facilities to be used and their location.

13. The qualifications to be required of the teachers *and the potential strategies used to recruit, hire, train, and retain qualified staff to achieve best value.*

14. The governance structure of the school, including the status of the charter school as a public or private employer as required in subsection (7).

15. A timetable for implementing the charter which addresses the implementation of each element thereof and the date by which the charter shall be awarded in order to meet this timetable.

16. In the case of an existing public school being converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing collective bargaining agreement or school board policy in the absence of a collective bargaining agreement. However, alternative arrangements shall not be required for current teachers who choose not to teach in a developmental research school to which a charter has been issued pursuant to paragraph (4)(e), except as authorized by the employment policies of the state university which grants the charter to the developmental research school.

(b) A charter may be renewed every 5 school years, provided that a program review demonstrates that the criteria in paragraph (a) have been successfully accomplished and that none of the grounds for nonrenewal established by paragraph (10)(a) have been documented. In order to facilitate long-term financing for charter school construction, charter schools operating for a minimum of 2 years and demonstrating exemplary academic programming and fiscal management are eligible for a 15-year charter renewal. Such long-term charter is subject to annual review and may be terminated during the term of the charter.

(c) A charter may be modified during its initial term or any renewal term upon the recommendation of the sponsor or the charter school governing board and the approval of both parties to the agreement.

(d) The governing body of the charter school shall *exercise continuing oversight over charter school operations and make annual progress reports to its sponsor, which upon verification shall be forwarded to the Commissioner of Education at the same time as other annual school accountability reports.* The report shall contain at least the following information:

1. The charter school's progress towards achieving the goals outlined in its charter.

2. The information required in the annual school report pursuant to s. 229.592.

3. Financial records of the charter school, including revenues and expenditures.

4. Salary and benefit levels of charter school employees.

(e) A sponsor shall ensure that the charter is innovative and consistent with the state education goals established by s. 229.591.

(f) Upon receipt of the annual report required by paragraph (d), the Department of Education shall provide to the State Board of Education, the Commissioner of Education, the President of the Senate, and the Speaker of the House of Representatives an analysis and comparison of the overall performance of charter school students, to include all students whose scores are counted as part of the state assessment program, versus comparable public school students in the district as determined by the state assessment program currently administered in the school district, and, as appropriate, the Florida Writes Assessment Test, the High School Competency Test, and other assessments administered pursuant to s. 229.57(3).

(g) Whenever a municipality has submitted charter applications for the establishment of a charter school feeder pattern (elementary, middle, and senior high schools), and upon approval of each individual charter application by the district school board, such applications will then be designated as one charter for all purposes listed pursuant to this section.

(11)(40) CAUSES FOR NONRENEWAL OR TERMINATION.—

(a) At the end of the term of a charter, the sponsor may choose not to renew the charter for any of the following grounds:

1. Failure to meet the requirements for student performance stated in the charter.

2. Failure to meet generally accepted standards of fiscal management.

3. Violation of law.

4. Other good cause shown.

(b) During the term of a charter, the sponsor may terminate the charter for any of the grounds listed in paragraph (a).

(c) At least 90 days prior to renewing or terminating a charter, the sponsor shall notify the governing body of the school of the proposed action in writing. The notice shall state in reasonable detail the grounds for the proposed action and stipulate that the school's governing body may, within 14 calendar days after receiving the notice, request an informal hearing before the sponsor. The sponsor shall conduct the informal hearing within 30 calendar days after receiving a written request. The charter school's governing body may, within 14 calendar days after receiving the sponsor's decision to terminate or refuse to renew the charter, appeal the decision pursuant to the procedure established in subsection (4).

(d) A charter may be terminated immediately if the sponsor determines that good cause has been shown or if the health, safety, or welfare of the students is threatened. The school district in which the charter school is located shall assume operation of the school under these circumstances. *The charter school's governing board may, within 14 days after receiving the sponsor's decision to terminate the charter, appeal the decision pursuant to the procedure established in subsection (4).*

(e) When a charter is not renewed or is terminated, the school shall be dissolved under the provisions of law under which the school was organized, and any unencumbered *public* funds from the charter school shall revert to the district school board. In the event a charter school is dissolved or is otherwise terminated, all district school board property and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the district school

board, subject to complete satisfaction of any lawful liens or encumbrances.

(f) If a charter is not renewed or is terminated, the *charter school governing body of the school* is responsible for all debts of the charter school. The district may not assume the debt from any contract for services made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the district and the governing body of the school and that may not reasonably be assumed to have been satisfied by the district.

(g) If a charter is not renewed or is terminated, a student who attended the school may apply to, and shall be enrolled in, another public school. Normal application deadlines shall be disregarded under such circumstances.

(12)(41) EXEMPTION FROM STATUTES.—A charter school shall operate in accordance with its charter and shall be exempt from all statutes of the Florida School Code, except those specifically applying to charter schools; those pertaining to the provision of services to students with disabilities; those pertaining to civil rights, including s. 228.2001, relating to discrimination; and those pertaining to student health, safety, and welfare; or as otherwise required by this section. A charter school shall not be exempt from the following statutes: chapter 119, relating to public records, and s. 286.011, relating to public meetings and records, public inspection, and penalties. The *charter school's governing board sponsor, upon request of a charter school*, may apply to the Commissioner of Education for a waiver of provisions of chapters 230-239 which are applicable to charter schools under this section, except that the provisions of chapter 236 or chapter 237 shall not be eligible for waiver if the waiver would affect funding allocations or create inequity in public school funding. *The Commissioner of Education must confirm receipt of a waiver request from a charter school by providing a copy of the request to the sponsor.* The commissioner may grant the waiver if necessary to implement the school program and shall provide notice of the final dispensation of the waiver request to the *charter school governing board and the charter school's sponsor.*

(13)(42) EMPLOYEES OF CHARTER SCHOOLS.—

(a) A charter school shall select its own employees. A charter school may contract with its sponsor for the services of personnel employed by the sponsor.

(b) Charter school employees shall have the option to bargain collectively. Employees may collectively bargain as a separate unit or as part of the existing district collective bargaining unit as determined by the structure of the charter school.

(c) The employees of a conversion charter school shall remain public employees for all purposes, unless such employees choose not to do so.

(d) The teachers at a charter school may choose to be part of a professional group that subcontracts with the charter school to operate the instructional program under the auspices of a partnership or cooperative that they collectively own. Under this arrangement, the teachers would not be public employees.

(e) Employees of a school district may take leave to accept employment in a charter school upon the approval of the district school board. While employed by the charter school and on leave that is approved by the school board, the employee may retain seniority accrued in that school district and may continue to be covered by the benefit programs of that school district, if the charter school and the district school board agree to this arrangement and its financing. School districts shall not require resignations of teachers desiring to teach in a charter school. This paragraph shall not prohibit a school board from approving alternative leave arrangements consistent with chapter 231.

(f) Teachers employed by or under contract to a charter school shall be certified as required by chapter 231. A charter school governing board may employ or contract with skilled selected noncertified personnel to provide instructional services or to assist instructional staff members as education paraprofessionals in the same manner as defined in chapter

231, and as provided by State Board of Education rule for charter school governing boards. A charter school may not *knowingly* employ an individual to provide instructional services or to serve as an education paraprofessional if the individual's certification or licensure as an educator is suspended or revoked by this or any other state. A charter school may not knowingly employ an individual who has resigned from a school district in lieu of disciplinary action with respect to child welfare or safety, or who has been dismissed for just cause by any school district with respect to child welfare or safety. The qualifications of teachers shall be disclosed to parents.

(g) A charter school shall employ or contract with employees who have been fingerprinted as provided in s. 231.02. Members of the governing board of the charter school shall also be fingerprinted in a manner similar to that provided in s. 231.02.

(14)(13) REVENUE.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools in the school district. Funding for a chartered developmental research school shall be as provided in s. 228.053(9).

(a) Each charter school shall report its student enrollment to the district school board as required in s. 236.081, and in accordance with the definitions in s. 236.013. The district school board shall include each charter school's enrollment in the district's report of student enrollment. *All charter schools submitting student record information required by the Department of Education shall comply with the department's guidelines for electronic data formats for such data, and all districts shall accept electronic data that complies with the department's electronic format.*

(b) The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school district's operating funds from the Florida Education Finance Program as provided in s. 236.081 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district's current operating discretionary millage levy; divided by total funded weighted full-time equivalent students in the school district; multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law shall be entitled to their proportionate share of categorical program funds included in the total funds available in the Florida Education Finance Program by the Legislature, including transportation. Total funding for each charter school will be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education.

(c) Transportation of charter school students shall be provided by the charter school consistent with the requirements of chapter 234. The governing body of the charter school may provide transportation through an agreement or contract with the district school board, a private provider, or parents. The charter school and the sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the charter school as determined in its charter.

(d) If the district school board is providing programs or services to students funded by federal funds, any eligible students enrolled in charter schools in the school district shall be provided federal funds for the same level of service provided students in the schools operated by the district school board. Pursuant to provisions of 20 U.S.C. 8061 s. 10306, all charter schools shall receive all federal funding for which the school is otherwise eligible, including Title I funding, not later than 5 months after the charter school first opens and within 5 months after any subsequent expansion of enrollment.

(e) Any administrative fee charged by the school district relating to a charter school shall be limited to 5 percent of the available funds as defined in paragraph (b) *not including capital outlay funds, federal and state grants, or any other funds unless explicitly provided by law.* The

sponsor shall provide certain administrative and educational services to charter schools at no additional fee. These services shall include contract management services, FTE and data reporting, exceptional student education administration, test administration, processing of teacher certificate data, and information services.

(f) School boards shall make every effort to ensure that charter schools receive timely and efficient reimbursement, including processing paperwork required to access special state and federal funding for which they may be eligible. The district school board may distribute funds to a charter school for up to 3 months based on the projected full-time equivalent student membership of the charter school. Thereafter, the results of full-time equivalent student membership surveys must be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payment shall be issued no later than 10 working days after the district school board receives a distribution of state or federal funds. If a warrant for payment is not issued within 30 working days after receipt of funding by the district school board, the school district shall pay to the charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 30-day period until such time as the warrant is issued.

(g) If a district school board facility or property is available because it is surplus, marked for disposal, or otherwise unused, it shall be provided for a charter school's use on the same basis as it is made available to other public schools in the district. A charter school receiving property from the school district may not sell or dispose of such property without written permission of the school district. Similarly, for an existing public school converting to charter status, no rental or leasing fee for the existing facility or for the property normally inventoried to the conversion school may be charged by the district school board to the parents and teachers organizing the charter school. The charter organizers shall agree to reasonable maintenance provisions in order to maintain the facility in a manner similar to district school board standards. *The Public Education Capital Outlay maintenance funds or any other maintenance funds generated by the facility operated as a conversion school shall remain with the conversion school.*

(h) If other goods and services are made available to the charter school through the contract with the school district, they shall be provided to the charter school at a rate no greater than the district's actual cost. To maximize the use of state funds, school districts shall allow charter schools to participate in the sponsor's bulk purchasing program if applicable.

(15)(44) IMMUNITY.—For the purposes of tort liability, the governing body and employees of a charter school shall be governed by s. 768.28.

(16)(45) LENGTH OF SCHOOL YEAR.—A charter school shall provide instruction for at least the number of days required by law for other public schools, and may provide instruction for additional days.

(17)(46) FACILITIES.—

(a) A charter school shall utilize facilities which comply with the State Uniform Building Code for Public Educational Facilities Construction adopted pursuant to s. 235.26 or with applicable state minimum building codes pursuant to chapter 553 and state minimum fire protection codes pursuant to s. 633.025, as adopted by the authority in whose jurisdiction the facility is located.

(b) Any facility, or portion thereof, used to house a charter school whose charter has been approved by the sponsor and the governing board, pursuant to subsection (9), shall be exempt from ad valorem taxes pursuant to s. 196.1983.

(c) After January 1, 2001, charter school facilities shall utilize facilities which comply with the Florida Building Code, pursuant to chapter 553, and the Florida Fire Prevention Code, pursuant to chapter 633.

(18)(47) INITIAL COSTS.—A sponsor may approve a charter for a charter school before the applicant has secured space, equipment, or personnel, if the applicant indicates approval is necessary for it to raise working capital.

(19)(48) INFORMATION.—The Department of Education shall provide information to the public, directly and through sponsors, both on how to form and operate a charter school and on how to enroll in charter schools once they are created. This information shall include a standard application format which shall include the information specified in subsection (9). This application format may be used by chartering entities.

(20)(49) GENERAL AUTHORITY.—A charter school shall not levy taxes or issue bonds secured by tax revenues.

(21)(20) REVIEW.—

(a) The Department of Education shall regularly convene a Charter School Review Panel in order to review issues, practices, and policies regarding charter schools. The composition of the review panel shall include individuals with experience in finance, administration, law, education, and school governance, and individuals familiar with charter school construction and operation. The panel shall include two appointees each from the Commissioner of Education, the President of the Senate, and the Speaker of the House of Representatives. The Governor shall appoint three members of the panel and shall designate the chair. Each member of the panel shall serve a 1-year term, unless renewed by the office making the appointment. The panel shall make recommendations to the Legislature, to the Department of Education, to charter schools, and to school districts for improving charter school operations and oversight and for ensuring best business practices at and fair business relationships with charter schools.

(b) The Legislature shall review the operation of charter schools during the 2005 Regular Session of the Legislature.

(22)(21) RULEMAKING.—The Department of Education, after consultation with school districts and charter school directors, shall recommend that the State Board of Education adopt rules to implement specific subsections of this section. Such rules shall require minimum paperwork and shall not limit charter school flexibility authorized by statute.

(23)(22) CHARTER SCHOOLS-IN-THE-WORKPLACE, *CHARTER SCHOOLS-IN-A-DEVELOPMENT, AND CHARTER SCHOOLS IN-A-MUNICIPALITY.*—

(a) In order to increase business partnerships in education, to reduce school and classroom overcrowding throughout the state, to encourage developers of residential and other projects to provide school infrastructure concurrent with school impacts, to promote and encourage local communities to participate in and advance the cause of neighborhood schools, and to offset the high costs for educational facilities construction, the Legislature intends to encourage the formation of business partnership schools or satellite learning centers through charter school status.

(b) A charter school-in-the-workplace may be established when a business partner provides the school facility to be used; enrolls students based upon a random lottery which involves all of the children of employees of that business or corporation who are seeking enrollment, as provided for in subsection (6); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (9)(a)8. Any portion of a facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. 235.198, for the duration of its use as a public school.

(c) A charter school-in-a-municipality designation may be granted to a municipality that possesses a charter; enrolls students based upon a random lottery that involves all of the children of the residents of that municipality who are seeking enrollment, as provided for in subsection (6); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (9)(a)8. Any portion of the land and facility used for a public charter school shall be exempt from ad

valorem taxes, as provided for in s. 235.198, for the duration of its use as a public school.

(d) As used in this subsection, the terms "business partner," "employer," "developer," or "municipality" may include more than one business, employer, developer, or municipality to form a charter school-in-the-workplace, charter school-in-a-development, or charter school-in-a-municipality.

Section 13. Subsection (1) of section 228.0561, Florida Statutes, is amended to read:

228.0561 Charter schools capital outlay funding.—

(1) In each year in which funds are appropriated for charter school capital outlay purposes, the Commissioner of Education shall allocate the funds among eligible charter schools. To be eligible for a funding allocation, a charter school must meet the provisions of subsection (6), must have received final approval from its sponsor pursuant to s. 228.056 for operation during that fiscal year, and must serve students in facilities that are not provided by the charter school's sponsor. Prior to the release of capital outlay funds to a school district on behalf of the charter school, the Department of Education shall ensure that the district school board and the charter school governing board enter into a written agreement that includes provisions for the reversion of any unencumbered funds and all equipment and property purchased with public education funds to the ownership of the district school board, as provided for in subsection (3), in the event that the school terminates operations. Any funds recovered by the state shall be deposited in the General Revenue Fund. A charter school is not eligible for a funding allocation if it was created by the conversion of a public school and operates in facilities provided by the charter school's sponsor for a nominal fee or at no charge or if it is directly or indirectly operated by the school district. Unless otherwise provided in the General Appropriations Act, the funding allocation for each eligible charter school shall be determined by multiplying the school's projected student enrollment by one-fifteenth of the cost-per-student station specified in s. 235.435(6)(b) for an elementary, middle, or high school, as appropriate. If the funds appropriated are not sufficient, the commissioner shall prorate the available funds among eligible charter schools. Funds shall be distributed on the basis of the capital outlay full-time equivalent membership by grade level, which shall be calculated by averaging the results of the second and third enrollment surveys. *The Department of Education shall distribute capital outlay funds monthly, beginning in the first quarter of the fiscal year, based on one-twelfth of the amount the department reasonably expects the charter school to receive during that fiscal year. The commissioner shall adjust subsequent distributions as necessary to reflect each charter school's actual student enrollment as reflected in the second and third enrollment surveys. Sixty percent of the funds shall be distributed after the second enrollment survey, and the balance shall be distributed after the third enrollment survey. The commissioner shall adjust subsequent distributions as necessary to reflect each charter school's actual student enrollment.* The commissioner shall establish the intervals and procedures for determining the projected and actual student enrollment of eligible charter schools.

Section 14. Paragraph (d) is added to subsection (3) of section 232.425, Florida Statutes, to read:

232.425 Student standards for participation in interscholastic extracurricular student activities; regulation.—

6. *A student who transfers from a charter school program to a traditional public school before or during the first grading period of the school year is academically eligible to participate in interscholastic extracurricular activities during the first grading period if the student has a successful evaluation from the previous school year, pursuant to subparagraph 2.*

7. *Any public school or nonpublic school student who has been unable to maintain academic eligibility for participation in interscholastic extracurricular activities is ineligible to participate in such activities as a charter school student until the student has successfully completed one grading period in a charter school pursuant to subparagraph 2. to become eligible to participate as a charter school student.*

The department may provide a form to be used by contractors to provide to suppliers of people-mover systems or parts to certify the contractors' eligibility for the exemption provided under this paragraph. As used in this paragraph, "people-mover systems" includes wheeled passenger vehicles and related control and power distribution systems that are part of a transportation system for use by the general public, regardless of whether such vehicles are operator-controlled or driverless, self-propelled or propelled by external power and control systems, or conducted on roads, rails, guidebeams, or other permanent structures that are an integral part of such transportation system. "Related control and power distribution systems" includes any electrical or electronic control or signaling equipment, but does not include the embedded wiring, conduits, or cabling used to transmit electrical or electronic signals among such control equipment, power distribution equipment, signaling equipment, and wheeled vehicles.

~~(ccc) Organizations providing crime prevention, drunk driving prevention, or juvenile delinquency prevention services.—Sales or leases to any nonprofit organization that provides crime prevention services, drunk driving prevention services, or juvenile delinquency prevention services that benefit society as a whole are exempt from the tax imposed by this chapter, if the organization holds a current exemption from federal income tax under s. 501(c)(3) of the Internal Revenue Code and the organization has as its sole or primary purpose the provision of services that contribute to the prevention of hardships caused by crime, drunk driving, or juvenile delinquency.~~

~~(ccc)(ddd) Florida Fire and Emergency Services Foundation.—Sales or leases to the Florida Fire and Emergency Services Foundation are exempt from the tax imposed by this chapter.~~

~~(ddd)(eee) Railroad roadway materials.—Also exempt from the tax imposed by this chapter are railroad roadway materials used in the construction, repair, or maintenance of railways. Railroad roadway materials shall include rails, ties, ballasts, communication equipment, signal equipment, power transmission equipment, and any other track materials.~~

~~Exemptions provided to any entity by this subsection shall not inure to any transaction otherwise taxable under this chapter when payment is made by a representative or employee of such entity by any means, including, but not limited to, cash, check, or credit card even when that representative or employee is subsequently reimbursed by such entity.~~

Section 3. (1) *The amendments to paragraphs (ff) and (nn) of subsection (7) of section 212.08, Florida Statutes, which are made by section 2 of this act apply retroactively to July 1, 2000.*

(2) *The amendments to the introductory paragraph, to paragraph (p), and to the final, flush-left passage of subsection (7) of section 212.08, Florida Statutes, which are made by section 2 of this act are made to clarify rather than change existing law, and these amendments apply retroactively to January 1, 2001.*

Section 4. Effective upon this act becoming a law and applying retroactively to July 1, 1996, paragraph (c) of subsection (5) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(c) Machinery and equipment used in production of electrical or steam energy.—

1. The purchase of machinery and equipment for use at a fixed location which machinery and equipment are necessary in the production of electrical or steam energy resulting from the burning of boiler fuels other than residual oil is exempt from the tax imposed by this chapter. Such electrical or steam energy must be primarily for use in manufacturing, processing, compounding, or producing for sale items of tangible personal property in this state. Use of a de minimis amount of residual fuel to facilitate the burning of nonresidual fuel shall not reduce the exemption otherwise available under this paragraph.

2. In facilities where machinery and equipment are necessary to burn both residual and nonresidual fuels, the exemption shall be prorated. Such proration shall be based upon the production of electrical or steam energy from nonresidual fuels as a percentage of electrical or steam energy from all fuels. If it is determined that 15 percent or less of all electrical or steam energy generated was produced by burning residual fuel, the full exemption shall apply. Purchasers claiming a partial exemption shall obtain such exemption by refund of taxes paid, or as otherwise provided in the department's rules.

3. The department may adopt rules that provide for implementation of this exemption. Purchasers of machinery and equipment qualifying for the exemption provided in this paragraph shall furnish the *vendor*

department with an affidavit stating that the item or items to be exempted are for the use designated herein. Any person furnishing a false affidavit to the vendor for the purpose of evading payment of any tax imposed under this chapter shall be subject to the penalty set forth in s. 212.085 and as otherwise provided by law. Purchasers with self-accrual authority shall maintain all documentation necessary to prove the exempt status of purchases.

Section 5. Effective July 1, 2001, paragraphs (b), (d), and (f) of subsection (5) of section 212.08, Florida Statutes, are amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(b) Machinery and equipment used to increase productive output.—

1. Industrial machinery and equipment purchased for exclusive use by a new business in spaceport activities as defined by s. 212.02 or for use in new businesses which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations are exempt from the tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used in a new business in this state. Such purchases must be made prior to the date the business first begins its productive operations, and delivery of the purchased item must be made within 12 months of that date.

2.a. Industrial machinery and equipment purchased for exclusive use by an expanding facility which is engaged in spaceport activities as defined by s. 212.02 or for use in expanding manufacturing facilities or plant units which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter in excess of \$50,000 per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such expanded facility or business by not less than 10 percent.

b. Notwithstanding any other provision of this section, industrial machinery and equipment purchased for use in expanding printing manufacturing facilities or plant units that manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such an expanded business by not less than 10 percent.

3.a. To receive an exemption provided by subparagraph 1. or subparagraph 2., a qualifying business entity shall apply to the department for a temporary tax exemption permit. The application shall state that a new business exemption or expanded business exemption is being sought. Upon a tentative affirmative determination by the department pursuant to subparagraph 1. or subparagraph 2., the department shall issue such permit.

b. The applicant shall be required to maintain all necessary books and records to support the exemption. Upon completion of purchases of qualified machinery and equipment pursuant to subparagraph 1. or subparagraph 2., the temporary tax permit shall be delivered to the department or returned to the department by certified or registered mail.

c. If, in a subsequent audit conducted by the department, it is determined that the machinery and equipment purchased as exempt under subparagraph 1. or subparagraph 2. did not meet the criteria mandated by this paragraph or if commencement of production did not occur, the amount of taxes exempted at the time of purchase shall immediately be due and payable to the department by the business entity, together with the appropriate interest and penalty, computed from the date of purchase, in the manner prescribed by this chapter.

d. In the event a qualifying business entity fails to apply for a temporary exemption permit or if the tentative determination by the department required to obtain a temporary exemption permit is negative, a qualifying business entity shall receive the exemption provided in subparagraph 1. or subparagraph 2. through a refund of previously paid taxes. No refund may be made for such taxes unless the criteria mandated by subparagraph 1. or subparagraph 2. have been met and commencement of production has occurred.

4. The department shall promulgate rules governing applications for, issuance of, and the form of temporary tax exemption permits; provisions for recapture of taxes; and the manner and form of refund applications and may establish guidelines as to the requisites for an affirmative showing of increased productive output, commencement of production, and qualification for exemption.

5. The exemptions provided in subparagraphs 1. and 2. do not apply to machinery or equipment purchased or used by electric utility companies, communications companies, oil or gas exploration or production operations, publishing firms that do not export at least 50 percent of their finished product out of the state, any firm subject to regulation by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation, or any firm which does not manufacture, process, compound, or produce for sale items of tangible personal property or which does not use such machinery and equipment in spaceport activities as required by this paragraph. The exemptions provided in subparagraphs 1. and 2. shall apply to machinery and equipment purchased for use in phosphate or other solid minerals severance, mining, or processing operations only by way of a prospective credit against taxes due under chapter 211 for taxes paid under this chapter on such machinery and equipment.

6. For the purposes of the exemptions provided in subparagraphs 1. and 2., these terms have the following meanings:

a. “Industrial machinery and equipment” means *tangible personal property or other property that has a depreciable life of 3 years or more and that is used as an integral part in the manufacturing, processing, compounding, or production of tangible personal property for sale or is exclusively used in spaceport activities. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment itself is replaced. Heating and air conditioning systems are not industrial machinery and equipment, unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.* ~~“section 38 property” as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code, provided “industrial machinery and equipment” shall be construed by regulations adopted by the Department of Revenue to mean tangible property used as an integral part of spaceport activities or of the manufacturing, processing, compounding, or producing for sale of items of tangible personal property.~~ Such term includes parts and accessories only to the extent that the exemption thereof is consistent with the provisions of this paragraph.

b. “Productive output” means the number of units actually produced by a single plant or operation in a single continuous 12-month period, irrespective of sales. Increases in productive output shall be measured by the output for 12 continuous months immediately following the completion of installation of such machinery or equipment over the output for the 12 continuous months immediately preceding such installation. However, if a different 12-month continuous period of time would more accurately reflect the increase in productive output of machinery and equipment purchased to facilitate an expansion, the increase in productive output may be measured during that 12-month continuous period of time if such time period is mutually agreed upon by the Department of Revenue and the expanding business prior to the commencement of production; provided, however, in no case may such time period begin later than 2 years following the completion of installation of the new machinery and equipment. The units used to

measure productive output shall be physically comparable between the two periods, irrespective of sales.

(d) Machinery and equipment used under federal procurement contract.—

1. Industrial machinery and equipment purchased by an expanding business which manufactures tangible personal property pursuant to federal procurement regulations at fixed locations in this state are partially exempt from the tax imposed in this chapter on that portion of the tax which is in excess of \$100,000 per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the implicit productive output of the expanded business by not less than 10 percent. The percentage of increase is measured as deflated implicit productive output for the calendar year during which the installation of the machinery or equipment is completed or during which commencement of production utilizing such items is begun divided by the implicit productive output for the preceding calendar year. In no case may the commencement of production begin later than 2 years following completion of installation of the machinery or equipment.

2. The amount of the exemption allowed shall equal the taxes otherwise imposed by this chapter in excess of \$100,000 per calendar year on qualifying industrial machinery or equipment reduced by the percentage of gross receipts from cost-reimbursement type contracts attributable to the plant or operation to total gross receipts so attributable, accrued for the year of completion or commencement.

3. The exemption provided by this paragraph shall inure to the taxpayer only through refund of previously paid taxes. Such refund shall be made within 30 days of formal approval by the department of the taxpayer's application, which application may be made on an annual basis following installation of the machinery or equipment.

4. For the purposes of this paragraph, the term:

a. "Cost-reimbursement type contracts" has the same meaning as in 32 C.F.R. s. 3-405.

b. "Deflated implicit productive output" means the product of implicit productive output times the quotient of the national defense implicit price deflator for the preceding calendar year divided by the deflator for the year of completion or commencement.

c. "Eligible costs" means the total direct and indirect costs, as defined in 32 C.F.R. ss. 15-202 and 15-203, excluding general and administrative costs, selling expenses, and profit, defined by the uniform cost-accounting standards adopted by the Cost-Accounting Standards Board created pursuant to 50 U.S.C. s. 2168.

d. "Implicit productive output" means the annual eligible costs attributable to all contracts or subcontracts subject to federal procurement regulations of the single plant or operation at which the machinery or equipment is used.

e. "Industrial machinery and equipment" means *tangible personal property, or other property, that has a depreciable life of 3 years or more, that qualifies as an eligible cost under federal procurement regulations, and that is used as an integral part of the process of production of tangible personal property. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment itself is replaced. Heating and air conditioning systems are not industrial machinery and equipment, unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.* ~~"section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code, provided such industrial machinery and equipment qualified as an eligible cost under federal procurement regulations and are used as an integral part of the tangible personal property production process.~~ Such term includes parts and accessories only to the extent that the

exemption of such parts and accessories is consistent with the provisions of this paragraph.

f. "National defense implicit price deflator" means the national defense implicit price deflator for the gross national product as determined by the Bureau of Economic Analysis of the United States Department of Commerce.

5. The exclusions provided in subparagraph (b)5. apply to this exemption. This exemption applies only to machinery or equipment purchased pursuant to production contracts with the United States Department of Defense and Armed Forces, the National Aeronautics and Space Administration, and other federal agencies for which the contracts are classified for national security reasons. In no event shall the provisions of this paragraph apply to any expanding business the increase in productive output of which could be measured under the provisions of sub-subparagraph (b)6.b. as physically comparable between the two periods.

(f) Motion picture or video equipment used in motion picture or television production activities and sound recording equipment used in the production of master tapes and master records.—

1. Motion picture or video equipment and sound recording equipment purchased or leased for use in this state in production activities is exempt from the tax imposed by this chapter. The exemption provided by this paragraph shall inure to the taxpayer upon presentation of the certificate of exemption issued to the taxpayer under the provisions of s. 288.1258.

2. For the purpose of the exemption provided in subparagraph 1.:

a. "Motion picture or video equipment" and "sound recording equipment" includes only *tangible personal property, or other property, that has a depreciable life of 3 years or more and equipment meeting the definition of "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code that is used by the lessee or purchaser exclusively as an integral part of production activities; however, motion picture or video equipment and sound recording equipment does not include supplies, tape, records, film, or video tape used in productions or other similar items; vehicles or vessels; or general office equipment not specifically suited to production activities. In addition, the term does not include equipment purchased or leased by television or radio broadcasting or cable companies licensed by the Federal Communications Commission. Furthermore, a building and its structural components are not motion picture or video equipment and sound recording equipment unless the building or structural component is so closely related to the motion picture or video equipment and sound recording equipment that it houses or supports that the building or structural component can be expected to be replaced when the motion picture or video equipment and sound recording equipment itself is replaced. Heating and air conditioning systems are not motion picture or video equipment and sound recording equipment, unless the sole justification for their installation is to meet the requirements of the production activities, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.*

b. "Production activities" means activities directed toward the preparation of a:

(I) Master tape or master record embodying sound; or

(II) Motion picture or television production which is produced for theatrical, commercial, advertising, or educational purposes and utilizes live or animated actions or a combination of live and animated actions. The motion picture or television production shall be commercially produced for sale or for showing on screens or broadcasting on television and may be on film or video tape.

Section 6. (1) *It is the intent of the Legislature to provide guidance in tax matters which is current and useful. Accordingly, the continued reference to a federal regulation that no longer exists causes confusion and an undue burden on persons affected by section 212.08, Florida Statutes.*

(2) *It is the purpose of the amendment to section 212.08(5)(b), (d), and (f), Florida Statutes, by this act to replace specific references therein to "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code with a general description of such property, and such new description shall have the same meaning as the former federal Internal Revenue Code regulation without limitation.*

Section 7. Effective July 1, 2001, subsection (10) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(10) PARTIAL EXEMPTION; MOTOR VEHICLE SOLD TO RESIDENT OF ANOTHER STATE.—

(a) The tax collected on the sale of a new or used motor vehicle in this state to a resident of another state shall be an amount equal to the sales tax which would be imposed on such sale under the laws of the state of which the purchaser is a resident, except that such tax shall not exceed the tax that would otherwise be imposed under this chapter. At the time of the sale, the purchaser shall execute a notarized statement of his or her intent to license the vehicle in the state of which the purchaser is a resident within 45 days of the sale and of the fact of the payment to the State of Florida of a sales tax in an amount equivalent to the sales tax of his or her state of residence and shall submit the statement to the appropriate sales tax collection agency in his or her state of residence. Nothing in this subsection shall be construed to require the removal of the vehicle from this state following the filing of an intent to license the vehicle in the purchaser's home state if the purchaser licenses the vehicle in his or her home state within 45 days after the date of sale.

(b) *Notwithstanding the partial exemption allowed in paragraph (a), a vehicle is subject to this state's sales tax at the applicable state sales tax rate plus authorized surtaxes when the vehicle is purchased by a nonresident corporation or partnership and:*

1. *An officer of the corporation is a resident of this state;*
2. *A stockholder of the corporation who owns at least 10 percent of the corporation is a resident of this state; or*
3. *A partner in the partnership who has at least 10 percent ownership is a resident of this state.*

However, if the vehicle is removed from this state within 45 days after purchase and remains outside the state for a minimum of 180 days, the vehicle may qualify for the partial exemption allowed in paragraph (a) despite the residency of owners or stockholders of the purchasing entity.

Section 8. Effective July 1, 2001, paragraph (b) of subsection (14) of section 212.06, Florida Statutes, is amended to read:

212.06 Sales, storage, use tax; collectible from dealers; "dealer" defined; dealers to collect from purchasers; legislative intent as to scope of tax.—

(14) For the purpose of determining whether a person is improving real property, the term:

(b) "Fixtures" means items that are an accessory to a building, other structure, or land and that do not lose their identity as accessories when installed but that do become permanently attached to realty. However, the term does not include the following items, whether or not such items are attached to real property in a permanent manner: ~~trade fixtures~~; property of a type that is required to be registered, licensed, titled, or documented by this state or by the United States Government, including, but not limited to, mobile homes, except mobile homes assessed as real property; or *industrial machinery or equipment. For purposes of this paragraph, industrial machinery or equipment is not limited to machinery and equipment used to manufacture, process, compound, or produce tangible personal property.* For an item to be considered a fixture, it is not necessary that the owner of the item also own the real property to which it is attached.

Section 9. *It is the intent of the Legislature that the amendment to section 212.06(14)(b), Florida Statutes, relating to industrial machinery or equipment, which is made by section 7 of this act is remedial in nature and merely clarifies existing law.*

Section 10. Paragraph (a) of subsection (8) and subsection (9) of section 212.08, Florida Statutes, are amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(8) PARTIAL EXEMPTIONS; VESSELS ENGAGED IN INTERSTATE OR FOREIGN COMMERCE.—

(a) The sale or use of vessels and parts thereof used to transport persons or property in interstate or foreign commerce, including commercial fishing vessels, is subject to the taxes imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier's vessels which were used in interstate or foreign commerce and which had at least some Florida mileage during the previous fiscal year. The ratio would be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the vessel begins its initial operations in this state, the vessel's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the vessel, or a refund may be applied for, on the basis of the actual ratio of the vessel's miles in this state to its total miles for that year.* This ratio shall be applied each month to the total Florida purchases of such vessels and parts thereof which are used in Florida to establish that portion of the total used and consumed in intrastate movement and subject to the tax at the applicable rate. The basis for imposition of any discretionary surtax shall be as set forth in s. 212.054. Items, appropriate to carry out the purposes for which a vessel is designed or equipped and used, purchased by the owner, operator, or agent of a vessel for use on board such vessel shall be deemed to be parts of the vessel upon which the same are used or consumed. Vessels and parts thereof used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter. Vessels and parts thereof used exclusively in intrastate commerce do not qualify for the proration of tax.

(9) PARTIAL EXEMPTIONS; RAILROADS AND MOTOR VEHICLES ENGAGED IN INTERSTATE OR FOREIGN COMMERCE.—

(a) Railroads which are licensed as common carriers by the *Surface Transportation Board Interstate Commerce Commission* and parts thereof used to transport persons or property in interstate or foreign commerce are subject to tax imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier during the previous fiscal year of the carrier. Such ratio is to be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the railroad begins its initial operations in this state, the railroad's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the railroad, or a refund may be applied for, on the basis of the actual ratio of the railroad's miles in this state to its total miles for that year.* This ratio shall be applied each month to the ~~Florida total~~ purchases of the railroad which are used in this state to establish that portion of the total used and consumed in intrastate movement and subject to tax under this chapter. The basis for imposition of any discretionary surtax is set forth in s. 212.054. Railroads which are licensed as common carriers by the *Surface Transportation Board Interstate Commerce Commission* and parts thereof used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct

and separate classification for taxation under the provisions of this chapter.

(b) Motor vehicles which are engaged in interstate commerce as common carriers, and parts thereof, used to transport persons or property in interstate or foreign commerce are subject to tax imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier's motor vehicles which were used in interstate or foreign commerce and which had at least some Florida mileage during the previous fiscal year of the carrier. Such ratio is to be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the carrier begins its initial operations in this state, the carrier's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the carrier, or a refund may be applied for, on the basis of the actual ratio of the carrier's miles in this state to its total miles for that year.* This ratio shall be applied each month to the Florida ~~total~~ purchases of such motor vehicles and parts thereof which are used in this state to establish that portion of the total used and consumed in intrastate movement and subject to tax under this chapter. The basis for imposition of any discretionary surtax is set forth in s. 212.054. Motor vehicles which are engaged in interstate commerce, and parts thereof, used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter. Motor vehicles and parts thereof used exclusively in intrastate commerce do not qualify for the proration of tax. For purposes of this paragraph, parts of a motor vehicle engaged in interstate commerce include a separate tank not connected to the fuel supply system of the motor vehicle into which diesel fuel is placed to operate a refrigeration unit or other equipment.

Section 11. Subsection (5) is added to section 212.11, Florida Statutes, to read:

212.11 Tax returns and regulations.—

(5)(a) *Each dealer that claims any credits granted in this chapter against that dealer's sales and use tax liabilities, which credits are granted by reason of the dealer's hiring employees, purchasing property, improving property, paying increased ad valorem taxes, operating a business, or otherwise engaging in activity in an urban high-crime area, an enterprise zone, an empowerment zone, a Front Porch Community, a designated brownfield area, or an urban infill area, must submit to the department with the return on which such credits are claimed a report in a format prescribed by the department which provides the information and documentation required to verify the dealer's entitlement to the credits. All information must be broken down by the urban high-crime area, enterprise zone, empowerment zone, Front Porch Community, designated brownfield area, or urban infill area to which it relates. In the case of any credit that is granted in the form of a refund of previously paid taxes, supporting documentation must be provided with the application for refund.*

(b) *The department may adopt rules prescribing the form in which the report required by this subsection is to be submitted, which form may include magnetic tape or other means of electronic transmission.*

(c) *The department shall disallow any credit that is not supported by the report required by this subsection.*

Section 12. If the amendment to subsection (6) of section 212.20, Florida Statutes, by section 35 of chapter 2000-260, Laws of Florida, does not take effect, paragraph (e) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

212.20 Funds collected, disposition; additional powers of department; operational expense; refund of taxes adjudicated unconstitutionally collected.—

(6) Distribution of all proceeds under this chapter shall be as follows:

(e) The proceeds of all other taxes and fees imposed pursuant to this chapter shall be distributed as follows:

1. In any fiscal year, the greater of \$500 million, minus an amount equal to 4.6 percent of the proceeds of the taxes collected pursuant to chapter 201, or 5 percent of all other taxes and fees imposed pursuant to this chapter shall be deposited in monthly installments into the General Revenue Fund.

2. Two-tenths of one percent shall be transferred to the Solid Waste Management Trust Fund.

3. After the distribution under subparagraphs 1. and 2., 9.653 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund.

4. After the distribution under subparagraphs 1., 2., and 3., 0.065 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

6.a. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 1.0715 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215.

b. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000.

c. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

d. *Each newly incorporated municipality that meets the eligibility requirements established in s. 218.23 or in the local act establishing the municipality is eligible to receive a share of revenue sharing funds under s. 218.245. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in the 1999-2000 fiscal year, plus the share for any new municipalities, each municipality shall receive a proportionate amount.*

7. Of the remaining proceeds:

a. Beginning July 1, 2000, and in each fiscal year thereafter, the sum of \$29,915,500 shall be divided into as many equal parts as there are counties in the state, and one part shall be distributed to each county. The distribution among the several counties shall begin each fiscal year on or before January 5th and shall continue monthly for a total of 4 months. If a local or special law required that any moneys accruing to a county in fiscal year 1999-2000 under the then-existing provisions of s. 550.135 be paid directly to the district school board, special district, or a municipal government, such payment shall continue until such time that the local or special law is amended or repealed. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards prior to July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into which obligated funds received from the distribution to county governments under then-existing s. 550.135. However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

c. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

(7)(a) The agreement authorized by this act binds and inures only to the benefit of this state and the other member states. As further incentive for participating in the program, the department shall abate the first \$25,000 of any interest liability and 25 percent of any interest due in excess of the first \$25,000. A settlement or compromise of penalties or interest pursuant to this subsection shall not be subject to the provisions of paragraph (3)(a), except for the requirement relating to confidentiality of records. The department may consider an additional compromise of tax or interest pursuant to the provisions of paragraph (3)(a). (g) "Lease," "let," or "rental" also means the leasing or rental of tangible personal property and the possession or use thereof by the lessee or rentee for a consideration, without transfer of the title of such property, except as expressly provided to the contrary herein. The term "lease," "let," or "rental" does not mean hourly, daily, or mileage charges, to the extent that such charges are subject to the jurisdiction of the ~~Surface Transportation Board United States Interstate Commerce Commission~~, when such charges are paid by reason of the presence of railroad cars owned by another on the tracks of the taxpayer, or charges made pursuant to car service agreements. *The terms "lease," "let," "rental," or "license" do not include payments by a regional transmission organization operating under the jurisdiction of the Federal Energy Regulatory Commission which are made to an electric utility in connection with the regional transmission organization's use or control of the utility's high-voltage bulk transmission facilities.* However, where two taxpayers, in connection with the interchange of facilities, rent or lease property, each to the other, for use in providing or furnishing any of the services mentioned in s. 166.231, the term "lease or rental" means only the net amount of rental involved.

Section 34. Subsection (1) and paragraph (a) of subsection (2) of section 201.08, Florida Statutes, are amended to read:

201.08 Tax on promissory or nonnegotiable notes, written obligations to pay money, or assignments of wages or other compensation; exception.—

(1)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or assignments of salaries, wages, or other compensation made, executed, delivered, sold, transferred, or assigned in the state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. *The tax on any document described in this paragraph shall not exceed \$2,450.*

(b) On mortgages, trust deeds, security agreements, or other evidences of indebtedness filed or recorded in this state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. Mortgages, including, but not limited to, mortgages executed without the state and recorded in the state, which incorporate the certificate of indebtedness, not otherwise shown in separate instruments, are subject to the same tax at the same rate. When there is both a mortgage, trust deed, or security agreement and a note, certificate of indebtedness, or obligation, the tax shall be paid on the mortgage, trust deed, or security agreement at the time of recordation. A notation shall be made on the note, certificate of indebtedness, or obligation that the tax has been paid on the mortgage, trust deed, or security agreement. If the mortgage, trust deed, security agreement, or other evidence of indebtedness subject to the tax levied by this section secures future advances, as provided in s. 697.04, the tax shall be paid at the time of recordation on the initial debt or obligation secured, excluding future advances; at the time and so often as any future advance is made, the tax shall be paid on all sums then advanced regardless of where such advance is made. Notwithstanding the aforesaid general rule, any increase in the amount of original indebtedness caused by interest accruing under an adjustable rate note or mortgage having an initial interest rate adjustment interval of not less than 6 months shall be taxable as a future advance only to the extent such increase is a computable sum certain when the document is executed. Failure to pay the tax shall not affect the lien for any such future advance given by s. 697.04, but any person who fails or refuses to pay such tax due by him or her is guilty of a misdemeanor of the first degree. The mortgage, trust deed, or other instrument shall not be enforceable in any court of this state as to any such advance unless and until the tax due thereon upon each advance that may have been made thereunder has been paid.

(2)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or other compensation, made, executed, delivered, sold, transferred, or assigned in the state, in connection with sales made under retail charge account services, incident to sales which are not conditional in character and which are not secured by mortgage or other pledge of purchaser, the tax shall be 35 cents on each \$100 or fraction thereof of the gross amount of the indebtedness evidenced by such instruments, payable quarterly on such forms and under such rules and regulations as may be promulgated by the Department of Revenue. *The tax on any document described in this paragraph shall not exceed \$2,450.*

Section 35. Effective upon this act becoming a law and applying retroactively to December 21, 2000, section 443.1315, Florida Statutes, is created to read:

443.1315 Treatment of Indian tribes.—

(1) As used in this section, the term:

(a) “Employer” includes any Indian tribe for which service in employment as defined by this chapter is performed.

(b) “Employment” includes service performed in the employ of an Indian tribe, as defined by s. 3306(u) of the Federal Unemployment Tax Act, provided such service is excluded from “employment,” as defined by that act, solely by reason of s. 3306(c)(7) of said act and is not otherwise excluded from “employment” under this chapter. For purposes of this section, the exclusions from employment under s. 443.036(21)(d) shall be applicable to services performed in the employ of an Indian tribe.

(2) Benefits based on service in employment, as defined by this section, shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter.

(3)(a) Indian tribes or tribal units, including subdivisions, subsidiaries, or business enterprises wholly owned by such Indian tribes, subject to this chapter shall pay contributions under the same terms and conditions as all other subject employers, unless they elect to pay into the Unemployment Compensation Trust Fund amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe.

(b) Indian tribes electing to make payments in lieu of contributions must make such election in the same manner and under the same conditions as provided by s. 443.131 for state and local governments and nonprofit organizations subject to this chapter. Indian tribes shall determine if reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units.

(c) Indian tribes or tribal units shall be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.

(d) At the discretion of the director of the Agency for Workforce Innovation or his or her designee, any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions shall be required, within 90 days after the effective date of its election, to:

1. Execute and file with the director or his or her designee a surety bond approved by the director or his or her designee; or

2. Deposit with the director or his or her designee money or securities on the same basis as other employers with the same election option.

(4)(a)1. Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within 90 days after receipt of the bill, will cause the Indian tribe to lose the option to make payments in lieu of contributions, as described in subsection (3), for the following tax year, unless payment in full is received before contribution rates for the next tax year are computed.

2. Any Indian tribe that loses the option to make payments in lieu of contributions due to late payment or nonpayment, as described in subparagraph 1., shall have such option reinstated if, after a period of 1 year, all contributions have been made timely, provided no contributions, payments in lieu of contributions for benefits paid, penalties, or interest remain outstanding.

(b)1. Failure of the Indian tribe or any tribal unit thereof to make required payments, including assessments of interest and penalty, after all collection activities deemed necessary by the director of the Agency for Workforce Innovation or his or her designee have been exhausted, will cause services performed for such tribe to not be treated as “employment” for purposes of paragraph (1)(b).

2. The director or his or her designee may determine that any Indian tribe that loses coverage under subparagraph 1. may have services performed for such tribe again included as “employment” for purposes of paragraph (1)(b) if all contributions, payments in lieu of contributions, penalties, and interest have been paid.

(c) If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within 90 days after a final notice of delinquency, the director of the Agency for Workforce Innovation shall immediately notify the United States Internal Revenue Service and the United States Department of Labor.

(5) Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information that failure to make full payment within the prescribed timeframe:

(a) Will cause the Indian tribe to be liable for taxes under the Federal Unemployment Tax Act.

(b) Will cause the Indian tribe to lose the option to make payments in lieu of contributions.

(c) Could cause the Indian tribe to be excepted from the definition of “employer,” as provided in paragraph (1)(a), and services in the employ of the Indian tribe, as provided in paragraph (1)(b), to be excepted from “employment.”

(6) Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the Federal Government shall be financed in their entirety by such Indian tribe.

(7) The Agency for Workforce Innovation is authorized to adopt any rules it deems necessary to implement this section.

Section 36. Paragraph (e) of subsection (3) of section 443.131, Florida Statutes, is amended to read:

443.131 Contributions.—

(3) CONTRIBUTION RATES BASED ON BENEFIT EXPERIENCE.—

(e)1. Variations from the standard rate of contributions shall be assigned with respect to each calendar year to employers eligible therefor. In determining the contribution rate, varying from the standard rate to be assigned each employer, adjustment factors provided for in sub-subparagraphs a.-c. will be added to the benefit ratio. This addition will be accomplished in two steps by adding a variable adjustment factor and a final adjustment factor as defined below. The sum of these adjustment factors provided for in sub-subparagraphs a.-c. will first be algebraically summed. The sum of these adjustment factors will then be divided by a gross benefit ratio to be determined as follows: Total benefit payments for the previous 3 years, as defined in subparagraph (b)1., charged to employers eligible to be assigned a contribution rate different from the standard rate minus excess payments for the same period divided by taxable payroll entering into the computation of individual benefit ratios for the calendar year for which the contribution rate is being computed. The ratio of the sum of the adjustment factors provided for in sub-subparagraphs a.-c. to the gross benefit ratio will be multiplied by each individual benefit ratio below the maximum tax rate to obtain variable adjustment factors; except that in any instance in which the sum of an employer’s individual benefit ratio and variable adjustment factor exceeds the maximum tax rate, the variable adjustment factor will be reduced so that the sum equals the maximum tax rate. The variable adjustment factor of each such employer will be multiplied by his or her taxable payroll entering into the computation of his or her benefit ratio. The sum of these products will be divided by the taxable payroll of such employers that entered into the computation of their benefit ratios. The resulting ratio will be subtracted from the sum of the adjustment factors provided for in sub-subparagraphs a.-c. to obtain the final adjustment factor. The variable adjustment factors and the final adjustment factor will be computed to five decimal places and rounded to the fourth decimal place. This final adjustment factor will be added to the variable adjustment factor and benefit ratio of each employer to obtain each employer’s

contribution rate; however, at no time shall an employer's contribution rate be rounded to less than 0.1 percent.

a. An adjustment factor for noncharge benefits will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the amount of benefit payments noncharged in the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the taxable payrolls for the 3 years ending June 30 of the current calendar year that had been reported to the division by September 30 of the same calendar year. Noncharge benefits for the purpose of this section shall be defined as benefit payments to an individual which were paid from the Unemployment Compensation Trust Fund but which were not charged to the unemployment record of any employer.

b. An excess payments adjustment factor will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the total excess payments during the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the same as used in computing the noncharge adjustment factor as described in sub-subparagraph a. The term "excess payments" for the purpose of this section is defined as the amount of benefit payments charged to the employment record of an employer during the 3 preceding years, as defined in subparagraph (b)1., less the product of the maximum contribution rate and his or her taxable payroll for the 3 years ending June 30 of the current calendar year that had been reported to the division by September 30 of the same calendar year. The term "total excess payments" is defined as the sum of the individual employer excess payments for those employers that were eligible to be considered for assignment of a contribution rate different from the standard rate.

c. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the calendar year immediately preceding the calendar year for which the contribution rate is being computed is less than 3.74 percent of the taxable payrolls for the year ending June 30 as reported to the division by September 30 of that calendar year, a positive adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of such calendar year and the sum of 4.75 percent of the total taxable payrolls for that year. Such adjustment factor will remain in effect in subsequent years until a balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the effective date of such contribution rate equals or exceeds 3.74 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the calendar year for which the contribution rate is being computed exceeds 4.75 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year, a negative adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of the current calendar year and 4.75 percent of the total taxable payrolls of such year. Such adjustment factor will remain in effect in subsequent years until the balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the effective date of such contribution rate is less than 4.75 percent but more than 3.74 percent of the taxable payrolls for the year

ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year.

d. The maximum contribution rate that can be assigned to any employer shall be 5.4 percent, except those employers participating in an approved short-time compensation plan in which case the maximum shall be 1 percent above the current maximum contribution rate, with respect to any calendar year in which short-time compensation benefits are in the employer's employment record.

2. In the event of the transfer of employment records to an employing unit pursuant to paragraph (g) which, prior to such transfer, was an employer, the division shall recompute a benefit ratio for the successor employer on the basis of the combined employment records and reassign an appropriate contribution rate to such successor employer as of the beginning of the calendar quarter immediately following the effective date of such transfer of employment records.

Section 37. Subsection (1) of section 561.501, Florida Statutes, is amended to read:

561.501 Surcharge on sale of alcoholic beverages for consumption on the premises; penalty.—

Such electrical or steam energy must be primarily for use in manufacturing, processing, compounding, or producing for sale items of tangible personal property in this state. Use of a de minimis amount of residual fuel to facilitate the burning of nonresidual fuel shall not reduce the exemption otherwise available under this paragraph.

2. In facilities where machinery and equipment are necessary to burn both residual and nonresidual fuels, the exemption shall be prorated. Such proration shall be based upon the production of electrical or steam energy from nonresidual fuels as a percentage of electrical or steam energy from all fuels. If it is determined that 15 percent or less of all electrical or steam energy generated was produced by burning residual fuel, the full exemption shall apply. Purchasers claiming a partial exemption shall obtain such exemption by refund of taxes paid, or as otherwise provided in the department's rules.

3. The department may adopt rules that provide for implementation of this exemption. Purchasers of machinery and equipment qualifying for the exemption provided in this paragraph shall furnish the *vendor department* with an affidavit stating that the item or items to be exempted are for the use designated herein. 1. Industrial machinery and equipment purchased for exclusive use by a new business in spaceport activities as defined by s. 212.02 or for use in new businesses which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations are exempt from the tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used in a new business in this state. Such purchases must be made prior to the date the business first begins its productive operations, and delivery of the purchased item must be made within 12 months of that date.

2.a. Industrial machinery and equipment purchased for exclusive use by an expanding facility which is engaged in spaceport activities as defined by s. 212.02 or for use in expanding manufacturing facilities or plant units which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter in excess of \$50,000 per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such expanded facility or business by not less than 10 percent.

b. Notwithstanding any other provision of this section, industrial machinery and equipment purchased for use in expanding printing manufacturing facilities or plant units that manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such an expanded business by not less than 10 percent.

3.a. To receive an exemption provided by subparagraph 1. or subparagraph 2., a qualifying business entity shall apply to the department for a temporary tax exemption permit. The application shall state that a new business exemption or expanded business exemption is being sought. Upon a tentative affirmative determination by the department pursuant to subparagraph 1. or subparagraph 2., the department shall issue such permit.

b. The applicant shall be required to maintain all necessary books and records to support the exemption. Upon completion of purchases of qualified machinery and equipment pursuant to subparagraph 1. or subparagraph 2., the temporary tax permit shall be delivered to the department or returned to the department by certified or registered mail.

c. If, in a subsequent audit conducted by the department, it is determined that the machinery and equipment purchased as exempt under subparagraph 1. or subparagraph 2. did not meet the criteria mandated by this paragraph or if commencement of production did not

occur, the amount of taxes exempted at the time of purchase shall immediately be due and payable to the department by the business entity, together with the appropriate interest and penalty, computed from the date of purchase, in the manner prescribed by this chapter.

d. In the event a qualifying business entity fails to apply for a temporary exemption permit or if the tentative determination by the department required to obtain a temporary exemption permit is negative, a qualifying business entity shall receive the exemption provided in subparagraph 1. or subparagraph 2. through a refund of previously paid taxes. No refund may be made for such taxes unless the criteria mandated by subparagraph 1. or subparagraph 2. have been met and commencement of production has occurred.

4. The department shall promulgate rules governing applications for, issuance of, and the form of temporary tax exemption permits; provisions for recapture of taxes; and the manner and form of refund applications and may establish guidelines as to the requisites for an affirmative showing of increased productive output, commencement of production, and qualification for exemption.

5. The exemptions provided in subparagraphs 1. and 2. do not apply to machinery or equipment purchased or used by electric utility companies, communications companies, oil or gas exploration or production operations, publishing firms that do not export at least 50 percent of their finished product out of the state, any firm subject to regulation by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation, or any firm which does not manufacture, process, compound, or produce for sale items of tangible personal property or which does not use such machinery and equipment in spaceport activities as required by this paragraph. The exemptions provided in subparagraphs 1. and 2. shall apply to machinery and equipment purchased for use in phosphate or other solid minerals severance, mining, or processing operations only by way of a prospective credit against taxes due under chapter 211 for taxes paid under this chapter on such machinery and equipment.

6. For the purposes of the exemptions provided in subparagraphs 1. and 2., these terms have the following meanings:

a. "Industrial machinery and equipment" means *tangible personal property or other property that has a depreciable life of 3 years or more and that is used as an integral part in the manufacturing, processing, compounding, or production of tangible personal property for sale or is exclusively used in spaceport activities. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment itself is replaced. Heating and air conditioning systems are not industrial machinery and equipment, unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.* ~~"section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code, provided "industrial machinery and equipment" shall be construed by regulations adopted by the Department of Revenue to mean tangible property used as an integral part of spaceport activities or of the manufacturing, processing, compounding, or producing for sale of items of tangible personal property.~~ Such term includes parts and accessories only to the extent that the exemption thereof is consistent with the provisions of this paragraph.

b. "Productive output" means the number of units actually produced by a single plant or operation in a single continuous 12-month period, irrespective of sales. Increases in productive output shall be measured by the output for 12 continuous months immediately following the completion of installation of such machinery or equipment over the output for the 12 continuous months immediately preceding such installation. However, if a different 12-month continuous period of time would more accurately reflect the increase in productive output of machinery and equipment purchased to facilitate an expansion, the increase in productive output may be measured during that 12-month continuous period of time if such time period is mutually agreed upon

by the Department of Revenue and the expanding business prior to the commencement of production; provided, however, in no case may such time period begin later than 2 years following the completion of installation of the new machinery and equipment. The units used to measure productive output shall be physically comparable between the two periods, irrespective of sales.

(d) Machinery and equipment used under federal procurement contract.—

1. Industrial machinery and equipment purchased by an expanding business which manufactures tangible personal property pursuant to federal procurement regulations at fixed locations in this state are partially exempt from the tax imposed in this chapter on that portion of the tax which is in excess of \$100,000 per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the implicit productive output of the expanded business by not less than 10 percent. The percentage of increase is measured as deflated implicit productive output for the calendar year during which the installation of the machinery or equipment is completed or during which commencement of production utilizing such items is begun divided by the implicit productive output for the preceding calendar year. In no case may the commencement of production begin later than 2 years following completion of installation of the machinery or equipment.

2. The amount of the exemption allowed shall equal the taxes otherwise imposed by this chapter in excess of \$100,000 per calendar year on qualifying industrial machinery or equipment reduced by the percentage of gross receipts from cost-reimbursement type contracts attributable to the plant or operation to total gross receipts so attributable, accrued for the year of completion or commencement.

3. The exemption provided by this paragraph shall inure to the taxpayer only through refund of previously paid taxes. Such refund shall be made within 30 days of formal approval by the department of the taxpayer's application, which application may be made on an annual basis following installation of the machinery or equipment.

4. For the purposes of this paragraph, the term:

a. "Cost-reimbursement type contracts" has the same meaning as in 32 C.F.R. s. 3-405.

b. "Deflated implicit productive output" means the product of implicit productive output times the quotient of the national defense implicit price deflator for the preceding calendar year divided by the deflator for the year of completion or commencement.

c. "Eligible costs" means the total direct and indirect costs, as defined in 32 C.F.R. ss. 15-202 and 15-203, excluding general and administrative costs, selling expenses, and profit, defined by the uniform cost-accounting standards adopted by the Cost-Accounting Standards Board created pursuant to 50 U.S.C. s. 2168.

d. "Implicit productive output" means the annual eligible costs attributable to all contracts or subcontracts subject to federal procurement regulations of the single plant or operation at which the machinery or equipment is used.

e. "Industrial machinery and equipment" means *tangible personal property, or other property, that has a depreciable life of 3 years or more, that qualifies as an eligible cost under federal procurement regulations, and that is used as an integral part of the process of production of tangible personal property. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment itself is replaced. Heating and air conditioning systems are not industrial machinery and equipment, unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.* ~~"section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue~~

~~Code, provided such industrial machinery and equipment qualified as an eligible cost under federal procurement regulations and are used as an integral part of the tangible personal property production process. Such term includes parts and accessories only to the extent that the exemption of such parts and accessories is consistent with the provisions of this paragraph.~~

f. "National defense implicit price deflator" means the national defense implicit price deflator for the gross national product as determined by the Bureau of Economic Analysis of the United States Department of Commerce.

5. The exclusions provided in subparagraph (b)5. apply to this exemption. This exemption applies only to machinery or equipment purchased pursuant to production contracts with the United States Department of Defense and Armed Forces, the National Aeronautics and Space Administration, and other federal agencies for which the contracts are classified for national security reasons. In no event shall the provisions of this paragraph apply to any expanding business the increase in productive output of which could be measured under the provisions of sub-subparagraph (b)6.b. as physically comparable between the two periods.

(f) Motion picture or video equipment used in motion picture or television production activities and sound recording equipment used in the production of master tapes and master records.—

1. Motion picture or video equipment and sound recording equipment purchased or leased for use in this state in production activities is exempt from the tax imposed by this chapter. The exemption provided by this paragraph shall inure to the taxpayer upon presentation of the certificate of exemption issued to the taxpayer under the provisions of s. 288.1258.

2. For the purpose of the exemption provided in subparagraph 1.:

a. "Motion picture or video equipment" and "sound recording equipment" includes only *tangible personal property, or other property, that has a depreciable life of 3 years or more and equipment meeting the definition of "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code* that is used by the lessee or purchaser exclusively as an integral part of production activities; however, motion picture or video equipment and sound recording equipment does not include supplies, tape, records, film, or video tape used in productions or other similar items; vehicles or vessels; or general office equipment not specifically suited to production activities. In addition, the term does not include equipment purchased or leased by television or radio broadcasting or cable companies licensed by the Federal Communications Commission. *Furthermore, a building and its structural components are not motion picture or video equipment and sound recording equipment unless the building or structural component is so closely related to the motion picture or video equipment and sound recording equipment that it houses or supports that the building or structural component can be expected to be replaced when the motion picture or video equipment and sound recording equipment itself is replaced. Heating and air conditioning systems are not motion picture or video equipment and sound recording equipment, unless the sole justification for their installation is to meet the requirements of the production activities, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.*

b. "Production activities" means activities directed toward the preparation of a:

(I) Master tape or master record embodying sound; or

(II) Motion picture or television production which is produced for theatrical, commercial, advertising, or educational purposes and utilizes live or animated actions or a combination of live and animated actions. The motion picture or television production shall be commercially produced for sale or for showing on screens or broadcasting on television and may be on film or video tape.

Section 6. (1) *It is the intent of the Legislature to provide guidance in tax matters which is current and useful. Accordingly, the continued*

reference to a federal regulation that no longer exists causes confusion and an undue burden on persons affected by section 212.08, Florida Statutes.

(2) *It is the purpose of the amendment to section 212.08(5)(b), (d), and (f), Florida Statutes, by this act to replace specific references therein to "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code with a general description of such property, and such new description shall have the same meaning as the former federal Internal Revenue Code regulation without limitation.*

Section 7. Effective July 1, 2001, subsection (10) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(10) PARTIAL EXEMPTION; MOTOR VEHICLE SOLD TO RESIDENT OF ANOTHER STATE.—

(a) The tax collected on the sale of a new or used motor vehicle in this state to a resident of another state shall be an amount equal to the sales tax which would be imposed on such sale under the laws of the state of which the purchaser is a resident, except that such tax shall not exceed the tax that would otherwise be imposed under this chapter. At the time of the sale, the purchaser shall execute a notarized statement of his or her intent to license the vehicle in the state of which the purchaser is a resident within 45 days of the sale and of the fact of the payment to the State of Florida of a sales tax in an amount equivalent to the sales tax of his or her state of residence and shall submit the statement to the appropriate sales tax collection agency in his or her state of residence. Nothing in this subsection shall be construed to require the removal of the vehicle from this state following the filing of an intent to license the vehicle in the purchaser's home state if the purchaser licenses the vehicle in his or her home state within 45 days after the date of sale.

(b) *Notwithstanding the partial exemption allowed in paragraph (a), a vehicle is subject to this state's sales tax at the applicable state sales tax rate plus authorized surtaxes when the vehicle is purchased by a nonresident corporation or partnership and:*

1. *An officer of the corporation is a resident of this state;*
2. *A stockholder of the corporation who owns at least 10 percent of the corporation is a resident of this state; or*
3. *A partner in the partnership who has at least 10 percent ownership is a resident of this state.*

However, if the vehicle is removed from this state within 45 days after purchase and remains outside the state for a minimum of 180 days, the vehicle may qualify for the partial exemption allowed in paragraph (a) despite the residency of owners or stockholders of the purchasing entity.

Section 8. Effective July 1, 2001, paragraph (b) of subsection (14) of section 212.06, Florida Statutes, is amended to read:

212.06 Sales, storage, use tax; collectible from dealers; "dealer" defined; dealers to collect from purchasers; legislative intent as to scope of tax.—

(14) For the purpose of determining whether a person is improving real property, the term:

(b) "Fixtures" means items that are an accessory to a building, other structure, or land and that do not lose their identity as accessories when installed but that do become permanently attached to realty. However, the term does not include the following items, whether or not such items are attached to real property in a permanent manner: ~~trade fixtures~~; property of a type that is required to be registered, licensed, titled, or documented by this state or by the United States Government, including, but not limited to, mobile homes, except mobile homes assessed as real property; or industrial machinery or equipment. For

purposes of this paragraph, industrial machinery or equipment is not limited to machinery and equipment used to manufacture, process, compound, or produce tangible personal property. For an item to be considered a fixture, it is not necessary that the owner of the item also own the real property to which it is attached.

Section 9. *It is the intent of the Legislature that the amendment to section 212.06(14)(b), Florida Statutes, relating to industrial machinery or equipment, which is made by section 7 of this act is remedial in nature and merely clarifies existing law.*

Section 10. Paragraph (a) of subsection (8) and subsection (9) of section 212.08, Florida Statutes, are amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(8) PARTIAL EXEMPTIONS; VESSELS ENGAGED IN INTERSTATE OR FOREIGN COMMERCE.—

(a) The sale or use of vessels and parts thereof used to transport persons or property in interstate or foreign commerce, including commercial fishing vessels, is subject to the taxes imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier's vessels which were used in interstate or foreign commerce and which had at least some Florida mileage during the previous fiscal year. The ratio would be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the vessel begins its initial operations in this state, the vessel's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the vessel, or a refund may be applied for, on the basis of the actual ratio of the vessel's miles in this state to its total miles for that year.* This ratio shall be applied each month to the total Florida purchases of such vessels and parts thereof which are used in Florida to establish that portion of the total used and consumed in intrastate movement and subject to the tax at the applicable rate. The basis for imposition of any discretionary surtax shall be as set forth in s. 212.054. Items, appropriate to carry out the purposes for which a vessel is designed or equipped and used, purchased by the owner, operator, or agent of a vessel for use on board such vessel shall be deemed to be parts of the vessel upon which the same are used or consumed. Vessels and parts thereof used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter. Vessels and parts thereof used exclusively in intrastate commerce do not qualify for the proration of tax.

(9) PARTIAL EXEMPTIONS; RAILROADS AND MOTOR VEHICLES ENGAGED IN INTERSTATE OR FOREIGN COMMERCE.—

(a) Railroads which are licensed as common carriers by the ~~Surface Transportation Board Interstate Commerce Commission~~ and parts thereof used to transport persons or property in interstate or foreign commerce are subject to tax imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier during the previous fiscal year of the carrier. Such ratio is to be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the railroad begins its initial operations in this state, the railroad's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the railroad, or a refund may be applied for, on the basis of the actual ratio of the railroad's miles in this state to its total miles for that year.* This ratio shall be applied each month to the ~~Florida total~~ purchases of the railroad which are used in this state to establish that portion of the total used and consumed in intrastate movement and subject to tax under

this chapter. The basis for imposition of any discretionary surtax is set forth in s. 212.054. Railroads which are licensed as common carriers by the ~~Surface Transportation Board Interstate Commerce Commission~~ and parts thereof used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter.

(b) Motor vehicles which are engaged in interstate commerce as common carriers, and parts thereof, used to transport persons or property in interstate or foreign commerce are subject to tax imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier's motor vehicles which were used in interstate or foreign commerce and which had at least some Florida mileage during the previous fiscal year of the carrier. Such ratio is to be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the carrier begins its initial operations in this state, the carrier's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the carrier, or a refund may be applied for, on the basis of the actual ratio of the carrier's miles in this state to its total miles for that year.* This ratio shall be applied each month to the ~~Florida total~~ purchases of such motor vehicles and parts thereof which are used in this state to establish that portion of the total used and consumed in intrastate movement and subject to tax under this chapter. The basis for imposition of any discretionary surtax is set forth in s. 212.054. Motor vehicles which are engaged in interstate commerce, and parts thereof, used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter. Motor vehicles and parts thereof used exclusively in intrastate commerce do not qualify for the proration of tax. For purposes of this paragraph, parts of a motor vehicle engaged in interstate commerce include a separate tank not connected to the fuel supply system of the motor vehicle into which diesel fuel is placed to operate a refrigeration unit or other equipment.

Section 11. Subsection (5) is added to section 212.11, Florida Statutes, to read:

212.11 Tax returns and regulations.—

(5)(a) Each dealer that claims any credits granted in this chapter against that dealer's sales and use tax liabilities, which credits are granted by reason of the dealer's hiring employees, purchasing property, improving property, paying increased ad valorem taxes, operating a business, or otherwise engaging in activity in an urban high-crime area, an enterprise zone, an empowerment zone, a Front Porch Community, a designated brownfield area, or an urban infill area, must submit to the department with the return on which such credits are claimed a report in a format prescribed by the department which provides the information and documentation required to verify the dealer's entitlement to the credits. All information must be broken down by the urban high-crime area, enterprise zone, empowerment zone, Front Porch Community, designated brownfield area, or urban infill area to which it relates. In the case of any credit that is granted in the form of a refund of previously paid taxes, supporting documentation must be provided with the application for refund.

(b) The department may adopt rules prescribing the form in which the report required by this subsection is to be submitted, which form may include magnetic tape or other means of electronic transmission.

(c) The department shall disallow any credit that is not supported by the report required by this subsection.

Section 12. If the amendment to subsection (6) of section 212.20, Florida Statutes, by section 35 of chapter 2000-260, Laws of Florida, does not take effect, paragraph (e) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

212.20 Funds collected, disposition; additional powers of department; operational expense; refund of taxes adjudicated unconstitutionally collected.—

(6) Distribution of all proceeds under this chapter shall be as follows:

(e) The proceeds of all other taxes and fees imposed pursuant to this chapter shall be distributed as follows:

1. In any fiscal year, the greater of \$500 million, minus an amount equal to 4.6 percent of the proceeds of the taxes collected pursuant to chapter 201, or 5 percent of all other taxes and fees imposed pursuant to this chapter shall be deposited in monthly installments into the General Revenue Fund.

2. Two-tenths of one percent shall be transferred to the Solid Waste Management Trust Fund.

4. After the distribution under subparagraphs 1., 2., and 3., 0.065 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

6.a. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 1.0715 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215.

b. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000.

c. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

d. *Each newly incorporated municipality that meets the eligibility requirements established in s. 218.23 or in the local act establishing the municipality is eligible to receive a share of revenue sharing funds under s. 218.245. The distribution among the several counties shall begin each fiscal year on or before January 5th and shall continue monthly for a total of 4 months. If a local or special law required that any moneys accruing to a county in fiscal year 1999-2000 under the then-existing provisions of s. 550.135 be paid directly to the district school board, special district, or a municipal government, such payment shall continue until such time that the local or special law is amended or repealed. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards prior to July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into

which obligated funds received from the distribution to county governments under then-existing s. 550.135. This distribution specifically is in lieu of funds distributed under s. 550.135 prior to July 1, 2000.

b. The department shall distribute \$166,667 monthly pursuant to s. 288.1162 to each applicant that has been certified as a "facility for a new professional sports franchise" or a "facility for a retained professional sports franchise" pursuant to s. 288.1162. Distributions shall begin 60 days following such certification and shall continue for not more than 30 years. Nothing contained in this paragraph shall be construed to allow an applicant certified pursuant to s. 288.1162 to receive more in distributions than actually expended by the applicant for the public purposes provided for in s. 288.1162(6). However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

d. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that the applicant has been certified as the International Game Fish Association World Center facility pursuant to s. 288.1169, and the facility is open to the public, \$83,333 shall be distributed monthly, for up to 168 months, to the applicant. This distribution is subject to reduction pursuant to s. 288.1169. A lump sum payment of \$999,996 shall be made, after certification and before July 1, 2000.

8. All other proceeds shall remain with the General Revenue Fund.

Section 13. If the amendment to subsection (6) of section 212.20, Florida Statutes, by section 35 of chapter 2000-260, Laws of Florida, does take effect, paragraph (e) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

212.20 Funds collected, disposition; additional powers of department; operational expense; refund of taxes adjudicated unconstitutionally collected.—

2. Two-tenths of one percent shall be transferred to the Solid Waste Management Trust Fund.

3. After the distribution under subparagraphs 1. and 2., 9.653 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund.

b. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000.

c. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

This distribution specifically is in lieu of funds distributed under s. 550.135 prior to July 1, 2000.

(6) "Guaranteed entitlement" means the amount of revenue which must be shared with an eligible unit of local government so that:

(b)1. No eligible municipality shall receive less funds from the Revenue Sharing Trust Fund for Municipalities in any fiscal year than the aggregate amount it received from the state in fiscal year 1971-1972 under the provisions of the then-existing s. 210.20(2)(a), tax on cigarettes; s. 323.16(3), road tax; and s. 206.605, tax on motor fuel.

In furtherance of the agreement, the executive director of the department or his or her designee shall act jointly with other states that are members of the agreement to establish standards for certification of a certified service provider and certified automated system and establish performance standards for multistate sellers.

(b) The executive director of the department or his or her designee shall take other actions reasonably required to administer this section. Other actions authorized by this section include, but are not limited to, the adoption of rules and the joint procurement, with other member states, of goods and services in furtherance of the cooperative agreement.

(c) The executive director of the department or his or her designee may represent this state before the other states that are signatories to the agreement.

(3) The executive director of the department may not enter into the Streamlined Sales and Use Tax Agreement unless the agreement requires each state to abide by the following requirements:

(b) The agreement must establish uniform standards for:

1. The sourcing of transactions to taxing jurisdictions.
2. The administration of exempt sales.

(c) The agreement must provide a central electronic registration system that allows a seller to register to collect and remit sales and use taxes for all signatory states.

(d) The agreement must provide that registration with the central registration system and the collection of sales and use taxes in the signatory state will not be used as a factor in determining whether the seller has nexus with a state for any tax.

(e) The agreement must provide for reduction of the burdens of complying with local sales and use taxes through:

1. Restricting variances between the state and local tax bases.
2. Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers who collect and remit

these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions.

3. Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes.

4. Providing notice of changes in local sales and use tax rates and of local changes in the boundaries of local taxing jurisdictions.

(g) The agreement must require each state to certify compliance with the terms of the agreement before joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member.

(h) The agreement must require each state to adopt a uniform policy for certified service providers which protects the privacy of consumers and maintains the confidentiality of tax information.

(i) The agreement must provide for the appointment of an advisory council of private-sector representatives and an advisory council of nonmember state representatives to consult within the administration of the agreement.

(4) For the purposes of reviewing or amending the agreement to embody the simplification requirements as set forth in subsection (3), this state shall enter into multistate discussions. For purposes of such discussions, this state shall be represented by three delegates, one appointed by the President of the Senate, one appointed by the Speaker of the House of Representatives, and the executive director of the department or his or her designee.

(5) No provision of the agreement authorized by this section in whole or in part invalidates or amends any provision of the laws of this state. Adoption of the agreement by this state does not amend or modify any law of the state. Implementation of any condition of the agreement in this state, whether adopted before, at, or after membership of this state in the agreement, must be by the action of the state.

(6) The agreement authorized by this section is an accord among individual cooperating sovereigns in furtherance of their governmental functions. The agreement provides a mechanism among the member states to establish and maintain a cooperative, simplified system for the application and administration of sales and use taxes under the duly adopted law of each member state.

(7)(a) The agreement authorized by this act binds and inures only to the benefit of this state and the other member states. No person, other than a member state, is an intended beneficiary of the agreement. Any benefit to a person other than a state is established by the laws of this state and of other member states and not by the terms of the agreement.

(b) Consistent with paragraph (a), no person has any cause of action or defense under the agreement or by virtue of this state's approval of the agreement. No person may challenge, in any action brought under any provision of law, any action or inaction by any department, agency, or other instrumentality of this state, or of any political subdivision of this state, on the ground that the action or inaction is inconsistent with the agreement.

(8)(a) A certified service provider is the agent of a seller with whom the certified service provider has contracted for the collection and remittance of sales and use taxes. (b) *A seller that contracts with a certified service provider is not liable to the state for sales or use tax due on transactions processed by the certified service provider unless the seller has misrepresented the type of items it sells or has committed fraud. In the absence of probable cause to believe that the seller has committed fraud or made a material misrepresentation, the seller is not subject to audit on the transactions processed by the certified service provider. A seller is subject to audit for transactions that have not been processed by the certified service provider. The member states acting jointly may perform a system check of the seller and review the seller's procedures to determine if the certified service provider's system is functioning properly and to determine the extent to which the seller's transactions are being processed by the certified service provider.*

(c) *A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to the state for underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system remains responsible and is liable to the state for reporting and remitting tax.*

(d) *A seller that has a proprietary system for determining the amount of tax due on transactions and has signed an agreement establishing a performance standards for that system is liable for the failure of the system to meet the performance standard.*

(9) *Disclosure of information necessary under this section must be pursuant to a written agreement between the executive director of the department or his or her designee and the certified service provider. (10) *On or before January 1 annually, the department shall provide recommendations to the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives for provisions to be adopted for inclusion within the system which are necessary to bring it into compliance with the Streamlined Sales and Use Tax Agreement.*

The nature of certified audit work performed by qualified practitioners shall be agreed-upon procedures in which the department is the specified user of the resulting report.

(b) As an incentive for taxpayers to incur the costs of a certified audit, the department shall compromise penalties and abate interest due on any tax liabilities revealed by a certified audit as provided in s. 213.21. This authority to compromise penalties or abate interest shall not apply to any liability for taxes that were collected by the participating taxpayer but that were not remitted to the department.

(c) The certified audits project is repealed on July 1, 2006 ~~2002~~, or upon completion of the project as determined by the department, whichever occurs first.

Breach of confidentiality is a misdemeanor of the first degree, punishable as provided by s. 775.082 or s. 775.083.

Section 21. Subsection (8) of section 213.21, Florida Statutes, is amended to read:

(8) In order to determine whether certified audits are an effective tool in the overall state tax collection effort, the executive director of the department or the executive director's designee shall settle or compromise penalty liabilities of taxpayers who participate in the certified audits project. As further incentive for participating in the program, the department shall abate the first \$25,000 of any interest liability and 25 percent of any interest due in excess of the first \$25,000. A settlement or compromise of penalties or interest pursuant to this subsection shall not be subject to the provisions of paragraph (3)(a), except for the requirement relating to confidentiality of records. The department may consider an additional compromise of tax or interest pursuant to the provisions of paragraph (3)(a). This subsection does not apply to any liability related to taxes collected but not remitted to the department. This subsection is repealed on July 1, 2006 ~~2002~~.

(3) *Notwithstanding the provisions of any other law, this section is the sole means by which any person may obtain any moneys as the result*

Section 33. Subsection (1) and paragraph (a) of subsection (2) of section 201.08, Florida Statutes, are amended to read:

201.08 Tax on promissory or nonnegotiable notes, written obligations to pay money, or assignments of wages or other compensation; exception.—

(1)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or assignments of salaries, wages, or other compensation made, executed, delivered, sold, transferred, or assigned in the state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. *The tax on any document described in this paragraph shall not exceed \$2,450.*

(b) On mortgages, trust deeds, security agreements, or other evidences of indebtedness filed or recorded in this state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. Mortgages, including, but not limited to, mortgages executed without the state and recorded in the state, which incorporate the certificate of indebtedness, not otherwise shown in separate instruments, are subject to the same tax at the same rate. When there is both a mortgage, trust deed, or security agreement and a note, certificate of indebtedness, or obligation, the tax shall be paid on the mortgage, trust deed, or security agreement at the time of recordation. A notation shall be made on the note, certificate of indebtedness, or obligation that the tax has been paid on the mortgage, trust deed, or security agreement. If the mortgage, trust deed, security agreement, or other evidence of indebtedness subject to the tax levied by this section secures future advances, as provided in s. 697.04, the tax shall be paid at the time of recordation on the initial debt or obligation secured, excluding future advances; at the time and so often as any future advance is made, the tax shall be paid on all sums then advanced regardless of where such advance is made. Notwithstanding the aforesaid general rule, any increase in the amount of original indebtedness caused by interest accruing under an adjustable rate note or mortgage having an initial interest rate adjustment interval of not less than 6 months shall be taxable as a future advance only to the extent such increase is a computable sum certain when the document is executed. Failure to pay the tax shall not affect the lien for any such future advance given by s. 697.04, but any person who fails or refuses to pay such tax due by him or her is guilty of a misdemeanor of the first degree. The mortgage, trust deed, or other instrument shall not be enforceable in any court of this state as to any such advance unless and until the tax due thereon upon each advance that may have been made thereunder has been paid.

(2)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or other compensation, made, executed, delivered, sold, transferred, or assigned in the state, in connection with sales made under retail charge account services, incident to sales which are not conditional in character and which are not secured by mortgage or other pledge of purchaser, the tax shall be 35 cents on each \$100 or fraction thereof of the gross amount of the indebtedness evidenced by such instruments, payable quarterly on such forms and under such rules and regulations as may be promulgated by the Department of Revenue. *The tax on any document described in this paragraph shall not exceed \$2,450.*

Section 34. Effective upon this act becoming a law and applying retroactively to December 21, 2000, section 443.1315, Florida Statutes, is created to read:

443.1315 *Treatment of Indian tribes.—*

(1) *As used in this section, the term:*

(a) *“Employer” includes any Indian tribe for which service in employment as defined by this chapter is performed.*

(b) *“Employment” includes service performed in the employ of an Indian tribe, as defined by s. 3306(u) of the Federal Unemployment Tax Act, provided such service is excluded from “employment,” as defined by*

that act, solely by reason of s. 3306(c)(7) of said act and is not otherwise excluded from “employment” under this chapter. For purposes of this section, the exclusions from employment under s. 443.036(21)(d) shall be applicable to services performed in the employ of an Indian tribe.

(2) *Benefits based on service in employment, as defined by this section, shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter.*

(3)(a) *Indian tribes or tribal units, including subdivisions, subsidiaries, or business enterprises wholly owned by such Indian tribes, subject to this chapter shall pay contributions under the same terms and conditions as all other subject employers, unless they elect to pay into the Unemployment Compensation Trust Fund amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe.*

(b) *Indian tribes electing to make payments in lieu of contributions must make such election in the same manner and under the same conditions as provided by s. 443.131 for state and local governments and nonprofit organizations subject to this chapter. Indian tribes shall determine if reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units.*

(c) *Indian tribes or tribal units shall be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.*

(d) *At the discretion of the director of the Agency for Workforce Innovation or his or her designee, any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions shall be required, within 90 days after the effective date of its election, to:*

1. *Execute and file with the director or his or her designee a surety bond approved by the director or his or her designee; or*

2. *Deposit with the director or his or her designee money or securities on the same basis as other employers with the same election option.*

(4)(a)1. *Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within 90 days after receipt of the bill, will cause the Indian tribe to lose the option to make payments in lieu of contributions, as described in subsection (3), for the following tax year, unless payment in full is received before contribution rates for the next tax year are computed.*

2. *Any Indian tribe that loses the option to make payments in lieu of contributions due to late payment or nonpayment, as described in subparagraph 1., shall have such option reinstated if, after a period of 1 year, all contributions have been made timely, provided no contributions, payments in lieu of contributions for benefits paid, penalties, or interest remain outstanding.*

(b)1. *Failure of the Indian tribe or any tribal unit thereof to make required payments, including assessments of interest and penalty, after all collection activities deemed necessary by the director of the Agency for Workforce Innovation or his or her designee have been exhausted, will cause services performed for such tribe to not be treated as “employment” for purposes of paragraph (1)(b).*

2. *The director or his or her designee may determine that any Indian tribe that loses coverage under subparagraph 1. may have services performed for such tribe again included as “employment” for purposes of paragraph (1)(b) if all contributions, payments in lieu of contributions, penalties, and interest have been paid.*

(c) *If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within 90 days after a final notice of delinquency, the director of the Agency for Workforce Innovation shall immediately notify the United States Internal Revenue Service and the United States Department of Labor.*

(5) *Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information that failure to make full payment within the prescribed timeframe:*

(a) Will cause the Indian tribe to be liable for taxes under the Federal Unemployment Tax Act.

(b) Will cause the Indian tribe to lose the option to make payments in lieu of contributions.

(c) Could cause the Indian tribe to be exempted from the definition of "employer," as provided in paragraph (1)(a), and services in the employ of the Indian tribe, as provided in paragraph (1)(b), to be exempted from "employment."

(6) Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the Federal Government shall be financed in their entirety by such Indian tribe.

(7) The Agency for Workforce Innovation is authorized to adopt any rules it deems necessary to implement this section.

Section 35. Paragraph (e) of subsection (3) of section 443.131, Florida Statutes, is amended to read:

443.131 Contributions.—

(3) CONTRIBUTION RATES BASED ON BENEFIT EXPERIENCE.—

(e)1. Variations from the standard rate of contributions shall be assigned with respect to each calendar year to employers eligible therefor. In determining the contribution rate, varying from the standard rate to be assigned each employer, adjustment factors provided for in sub-paragraphs a.-c. will be added to the benefit ratio. This addition will be accomplished in two steps by adding a variable adjustment factor and a final adjustment factor as defined below. The sum of these adjustment factors provided for in sub-paragraphs a.-c. will first be algebraically summed. The sum of these adjustment factors will then be divided by a gross benefit ratio to be determined as follows: Total benefit payments for the previous 3 years, as defined in subparagraph (b)1., charged to employers eligible to be assigned a contribution rate different from the standard rate minus excess payments for the same period divided by taxable payroll entering into the computation of individual benefit ratios for the calendar year for which the contribution rate is being computed. The ratio of the sum of the adjustment factors provided for in sub-paragraphs a.-c. to the gross benefit ratio will be multiplied by each individual benefit ratio below the maximum tax rate to obtain variable adjustment factors; except that in any instance in which the sum of an employer's individual benefit ratio and variable adjustment factor exceeds the maximum tax rate, the variable adjustment factor will be reduced so that the sum equals the maximum tax rate. The variable adjustment factor of each such employer will be multiplied by his or her taxable payroll entering into the computation of his or her benefit ratio. The sum of these products will be divided by the taxable payroll of such employers that entered into the computation of their benefit ratios. The resulting ratio will be subtracted from the sum of the adjustment factors provided for in sub-paragraphs a.-c. to obtain the final adjustment factor. The variable adjustment factors and the final adjustment factor will be computed to five decimal places and rounded to the fourth decimal place. This final adjustment factor will be added to the variable adjustment factor and benefit ratio of each employer to obtain each employer's contribution rate; however, at no time shall an employer's contribution rate be rounded to less than 0.1 percent.

a. An adjustment factor for noncharge benefits will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the amount of benefit payments noncharged in the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the taxable payrolls for the 3 years ending June 30 of the current calendar year that had been reported to the division by September 30 of the same calendar year. Noncharge benefits for the purpose of this section shall be defined as benefit payments to an individual which were paid from the Unemployment Compensation

Trust Fund but which were not charged to the unemployment record of any employer.

b. An excess payments adjustment factor will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the total excess payments during the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the same as used in computing the noncharge adjustment factor as described in sub-paragraph a. The term "excess payments" for the purpose of this section is defined as the amount of benefit payments charged to the employment record of an employer during the 3 preceding years, as defined in subparagraph (b)1., less the product of the maximum contribution rate and his or her taxable payroll for the 3 years ending June 30 of the current calendar year that had been reported to the division by September 30 of the same calendar year. The term "total excess payments" is defined as the sum of the individual employer excess payments for those employers that were eligible to be considered for assignment of a contribution rate different from the standard rate.

c. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the calendar year immediately preceding the calendar year for which the contribution rate is being computed is less than 3.74 percent of the taxable payrolls for the year ending June 30 as reported to the division by September 30 of that calendar year, a positive adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of such calendar year and the sum of 4.75 percent of the total taxable payrolls for that year. Such adjustment factor will remain in effect in subsequent years until a balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the effective date of such contribution rate equals or exceeds 3.74 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the calendar year for which the contribution rate is being computed exceeds 4.75 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year, a negative adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of the current calendar year and 4.75 percent of the total taxable payrolls of such year. Such adjustment factor will remain in effect in subsequent years until the balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the effective date of such contribution rate is less than 4.75 percent but more than 3.74 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year.

d. The maximum contribution rate that can be assigned to any employer shall be 5.4 percent, except those employers participating in an approved short-time compensation plan in which case the maximum shall be 1 percent above the current maximum contribution rate, with respect to any calendar year in which short-time compensation benefits are in the employer's employment record.

2. In the event of the transfer of employment records to an employing unit pursuant to paragraph (g) which, prior to such transfer, was an employer, the division shall recompute a benefit ratio for the successor employer on the basis of the combined employment records and reassign an appropriate contribution rate to such successor employer as of the beginning of the calendar quarter immediately following the effective date of such transfer of employment records.

Section 36. Subsection (1) of section 561.501, Florida Statutes, is amended to read:

561.501 Surcharge on sale of alcoholic beverages for consumption on the premises; penalty.—

(1) Notwithstanding s. 561.50 or any other provision of the Beverage Law, a surcharge of 3.34 cents is imposed upon each ounce of liquor and each 4 ounces of wine, a surcharge of 2 cents is imposed on each 12 ounces of cider, and a surcharge of 1.34 cents is imposed on each 12 ounces of beer sold at retail for consumption on premises licensed by the division as an alcoholic beverage vendor. However, the surcharges imposed under this subsection need not be paid upon such beverages when they are sold by a *nonprofit* an organization that is licensed by the division ~~under s. 561.422 or s. 565.02(4)~~ as an alcoholic beverage vendor and that is determined by the Internal Revenue Service to be currently exempt from federal income tax under s. 501(c)(2), (3), (4), (5), (6), (7), (8), (10), or (19) of the Internal Revenue Code of 1986, as amended.

Section 37. Subsections (8) and (9) are added to section 201.02, Florida Statutes, to read:

201.02 Tax on deeds and other instruments relating to real property or interests in real property.—

(8) *Taxes imposed by this section do not apply to a contract to sell the residence of an employee relocating at his or her employer's direction or documents related to the contract, which contract is between the employee and the employer or between the employee and a person in the business of providing employee relocation services. Taxes on such transactions apply only to the transfer of the real property comprising the residence by deed that names the grantee.*

(9) *Taxes imposed by this section shall not apply to deeds, instruments, or writings whereby any lands, tenements, or other real property, or any interest therein, is granted, assigned, transferred, or otherwise conveyed from an electric utility to a regional transmission organization under the jurisdiction of the Federal Energy Regulatory Commission.*

Section 38. Paragraphs (b) and (c) of subsection (1) of section 206.9825, Florida Statutes, are amended to read:

206.9825 Aviation fuel tax.—

(1)

(b) Any licensed wholesaler or terminal supplier that delivers aviation fuel to an air carrier offering transcontinental jet service and that, after January 1, 1996, increases the air carrier's Florida workforce by more than 1000 percent and by 250 or more full-time equivalent employee positions, may receive a credit or refund as the ultimate vendor of the aviation fuel for the 6.9 cents excise tax previously paid, provided that the air carrier has no facility for fueling highway vehicles from the tank in which the aviation fuel is stored. In calculating the new or additional Florida full-time equivalent employee positions, any full-time equivalent employee positions of parent or subsidiary corporations which existed before January 1, 1996, shall not be counted toward reaching the Florida employment increase thresholds. The refund allowed under this paragraph is in furtherance of the goals and policies of the State Comprehensive Plan set forth in s. 187.201(17)(a), (b)1., 2., (18)(a), (b)1., 4., (20)(a), (b)5., (22)(a), (b)1., 2., 4., 7., 9., and 12. ~~This paragraph will expire on July 1, 2001.~~

(c) ~~If, before July 1, 2001,~~ the number of full-time equivalent employee positions created or added to the air carrier's Florida workforce falls below 250, the exemption granted pursuant to this section shall not apply during the period in which the air carrier has fewer than the 250 additional employees.

Section 39. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.

insert:

Section 1. Subsection (5) of section 218.503, Florida Statutes, is amended to read:

218.503 Determination of financial emergency.—

(5)(a) The governing authority of any municipality with a resident population of 300,000 or more ~~on April 1, 1999, and~~ which has at any time been declared in a state of financial emergency pursuant to this section ~~within the previous 2 fiscal years~~ may impose a discretionary per-vehicle surcharge of up to 20 percent on the gross revenues of the sale, lease, or rental of space at parking facilities within the municipality that are open for use to the general public. *Consistent with s. 125.015, and to the extent not otherwise immune or exempt, employees of the county parking at county-owned or operated parking facilities are exempt.*

(b) A municipal governing authority that imposes the surcharge authorized by this subsection may use the proceeds of such surcharge for the following purposes only:

1. No less than 60 percent and no more than 80 percent of the surcharge proceeds shall be used by the governing authority to reduce its ad valorem tax millage rate or to reduce or eliminate non-ad valorem assessments.

2. A portion of the balance of the surcharge proceeds shall be used by the governing authority to increase its budget reserves; however, the governing authority shall not reduce the amount it allocates for budget reserves from other sources below the amount allocated for reserves in the fiscal year prior to the year in which the surcharge is initially imposed. When a 15-percent budget reserve is achieved, based on the average gross revenue for the most recent 3 prior fiscal years, the remaining proceeds from this subparagraph shall be used for the payment of annual debt service related to outstanding obligations backed or secured by a covenant to budget and appropriate from non-ad valorem revenues.

(c)1. As used in this section:

a. “Eligible county” means a county that constructs, reconstructs, renovates, expands, or rehabilitates, directly or indirectly through turnkey or other contractual arrangements, a significant new facility on a qualifying site.

b. “Qualifying site” means a site located in a brownfields area designated under s. 376.80 that is owned by an eligible county and is within the boundaries of a municipality.

c. “Significant new facility” means a real property improvement on a qualifying site that has a regional impact and meets the following requirements:

(I) It is owned by a county or municipality, subject to a determination of property tax immunity, and leased to, licensed to, or operated by a private, for-profit entity for the purpose of operating a business therefrom for a period of not less than 30 years.

(II) It has a projected cost for construction, reconstruction, renovation, expansion, or rehabilitation of the facility and acquisition and remediation of the qualifying site of not less than \$300 million, of which not less than \$50 million, over the term of the lease, license, or operation, will be contributed by the private entity, which contribution may be in the form of payments in lieu of taxes, ground lease rent, license fees, rents, and other charges, including, without limitation, annual payments pledged to finance the construction of the facility.

(III) It has been proposed, in a report submitted to the eligible county by a qualified economist, that the facility will have an annual economic impact of not less than \$100 million over the term of the lease, license, or operation and will create not less than 1,500 jobs over the same period.

d. “Cost,” with respect to the qualifying site and significant new facility, has the same meaning as provided in s. 190.003(7).

(d)1. Unless a municipality extends this subsection pursuant to subparagraphs 2. and 3., this subsection is repealed on June 30, 2006.

2. A referendum shall be held at an election within 90 days after the effective date of this act with respect to a municipality that has previously imposed a surcharge pursuant to paragraph (a), or within 90 days after any municipality becomes eligible to impose a surcharge pursuant to paragraph (a), in any municipality imposing the surcharge authorized in this subsection. With respect to a municipality that has previously imposed a surcharge pursuant to paragraph (a), the subject of the referendum shall be the extension of the repeal date of the surcharge to June 30, 2046, and an extension of the uses of surcharge proceeds. A statement that includes a brief general description of the additional uses of the surcharge proceeds shall be placed on the ballot.

3. If a majority of the electors of the municipality voting on this question in the election approve the imposition of the surcharge or extension of the repeal date and if construction of a significant new facility is commenced by June 30, 2006, on a qualifying site, this subsection shall be repealed June 30, 2046. Notwithstanding the provisions of paragraph (b), if an extension is approved pursuant to this subparagraph, the funds generated by the surcharge shall be distributed as specified in paragraph (e).

(e) Effective January 1, 2005, 33¹/₃ percent of the surcharge proceeds shall be remitted to the eligible county and expended as provided in paragraph (f). The remaining proceeds shall be retained by the municipal governing authority, which shall expend the proceeds pursuant to paragraph (h). However, beginning January 1, 2007, the payment to the eligible county shall not in any fiscal year be less than the amount remitted to an eligible county in the preceding fiscal year and, for the purpose of assuring the remittances, the proceeds received by the municipality in the last three months of each fiscal year shall be held and remitted on the last day of the fiscal year so that the eligible county will receive no less than the amount remitted in the preceding fiscal year.

(f) An eligible county that receives proceeds from the surcharge may utilize them to construct, reconstruct, renovate, expand, or rehabilitate, directly or indirectly through turnkey or other contractual arrangements, a significant new facility on a qualifying site in the manner provided in this paragraph.

1. An eligible county may use funds provided pursuant to this paragraph only for the public purpose of paying debt service on bonds or other obligations issued to finance the costs of acquisition, site preparation, infrastructure development, construction, reconstruction, renovation, expansion, or rehabilitation of the qualifying site and significant new facility to be located thereon, or for the costs of infrastructure and other improvements outside the boundaries of the qualifying site but which are necessary or helpful to the development or operation of the facility, or for reimbursement of such costs, and the costs incurred by it to remediate the qualifying site.

2. If in any fiscal year the funds provided pursuant to this paragraph exceed the amounts necessary in that fiscal year to pay the costs related to the significant new facility and the qualifying site pursuant to this subsection and to pay the debt service on bonds or other obligations issued to finance or refinance such costs, the excess funds shall be used to fund required reserves.

(g) An eligible county must take affirmative measures to ensure that procurement related to the planning, design, construction, building, maintenance, and operation of the significant new facility contracting is reflective of the racial and ethnic make-up of the community.

(h) Of the funds remaining after the distributions to the eligible county required in paragraph (e), \$1 million shall be distributed to a not-for-profit economic development trust in an eligible county, which shall use the funds for primary learning centers in blighted urbanized areas, brownfield redevelopment, and economic development, which amount shall adjust upwards or downwards at the same percentage as the increase or decrease in the surcharge overall. Of the remaining funds thereafter, not less than 60 percent and not more than 80 percent shall be used by the governing authority to reduce its ad valorem tax millage

rate or to reduce or eliminate non-ad valorem assessments and no less than ten 10 percent and no more than 20 percent shall be allocated for infrastructure improvements and be used in the downtown/urban core areas, industrial areas, suburban areas, or other areas from where the facilities are located that generate the funds. Areas shall be defined consistent with Florida Statutes and local law.

1. A downtown/urban area shall be coterminous with any Downtown Development District established pursuant to section 166.0497, Florida Statutes, or chapter 65-1090, Laws of Florida or to any Community Redevelopment Agency established pursuant to section 163.356, Florida Statutes. Alternatively, any eligible local governmental entity may identify the downtown/urban core area as any contiguous area consisting of lands where the predominant acreage is designated as commercial or its substantial equivalent, in an applicable local government comprehensive plan.

2. An Industrial area is any contiguous area consisting of lands where the predominant acreage is designated industrial or its substantial equivalent in an applicable local government comprehensive plan.

3. A suburban area is any contiguous area consisting of lands where the predominant acreage is designated residential or its substantial equivalent in an applicable local government comprehensive plan.

Any number of areas may be used by the local governmental entity, provided that the areas are defined by ordinance and Florida law and include all parking facilities subject to the surcharge. .

Section 2. Section 376.84, Florida Statutes, is amended to read:

376.84 Brownfield redevelopment economic incentives.—It is the intent of the Legislature that brownfield redevelopment activities be viewed as opportunities to significantly improve the utilization, general condition, and appearance of these sites. Different standards than those in place for new development, as allowed under current state and local laws, should be used to the fullest extent to encourage the redevelopment of a brownfield. State and local governments are encouraged to offer redevelopment incentives for this purpose, as an ongoing public investment in infrastructure and services, to help eliminate the public health and environmental hazards, and to promote the creation of jobs in these areas. Such incentives may include financial, regulatory, and technical assistance to persons and businesses involved in the redevelopment of the brownfield pursuant to this act. *The Legislature further recognizes that, in communities impacted by local government financial emergencies, local government resources are strained and incentives to encourage the development, use, redevelopment, or reuse by local government of brownfield areas designated under s. 376.80 are particularly needed.*

(1) Financial incentives and local incentives for redevelopment may include, but not be limited to:

(a) Tax increment financing through community redevelopment agencies pursuant to part III of chapter 163.

(b) Enterprise zone tax exemptions for businesses pursuant to chapters 196 and 290.

(e) Tax exemption for historic properties as provided in s. 196.1997.

(f) Residential electricity exemption of up to the first 500 kilowatts of use may be exempted from the municipal public service tax pursuant to s. 166.231.

(g) Minority business enterprise programs as provided in s. 287.0943.

(h) Electric and gas tax exemption as provided in s. 166.231(6).

(i) Economic development tax abatement as provided in s. 196.1995.

(j) Grants, including community development block grants.

(k) Pledging of revenues to secure bonds.

(l) Low-interest revolving loans and zero-interest loan pools.

(m) Local grant programs for facade, storefront, signage, and other business improvements.

(n) Governmental coordination of loan programs with lenders, such as microloans, business reserve fund loans, letter of credit enhancements, gap financing, land lease and sublease loans, and private equity.

(o) Payment schedules over time for payment of fees, within criteria, and marginal cost pricing.

(p) *The sales tax rebate established for an eligible county with a significant new facility on a qualifying site under subsection (4).*

(2) Regulatory incentives may include, but not be limited to:

(a) Cities' absorption of developers' concurrency needs.

(b) Developers' performance of certain analyses.

(c) Exemptions and lessening of state and local review requirements.

(d) Water and sewer regulatory incentives.

(e) Waiver of transportation impact fees and permit fees.

(f) Zoning incentives to reduce review requirements for redevelopment changes in use and occupancy; establishment of code criteria for specific uses; and institution of credits for previous use within the area.

(g) Flexibility in parking standards and buffer zone standards.

(h) Environmental management through specific code criteria and conditions allowed by current law.

(i) Maintenance standards and activities by ordinance and otherwise, and increased security and crime prevention measures available through special assessments.

(j) Traffic-calming measures.

(k) Historic preservation ordinances, loan programs, and review and permitting procedures.

(l) One-stop permitting and streamlined development and permitting process.

(3) Technical assistance incentives may include, but not be limited to:

(a) Expedited development applications.

(b) Formal and informal information on business incentives and financial programs.

(c) Site design assistance.

(d) Marketing and promotion of projects or areas.

(4)(a) *Effective July 1, 2006, the governing board of an eligible county which constructs, reconstructs, renovates, expands, or rehabilitates, either directly or indirectly through turnkey or other contractual arrangements, a significant new facility on a qualifying site shall be entitled to receive sales tax rebates pursuant to s. 212.20(6)(e)7.e. in the manner provided in this subsection.*

(b) *For purposes of this subsection:*

1. *"Eligible county" means a county which constructs, reconstructs, renovates, expands, or rehabilitates, either directly or through turnkey or similar contractual arrangements, a significant new facility on a qualifying site.*

2. "Qualifying site" means a site located in a brownfield area designated under s. 376.80 that is owned by an eligible county and is within the boundaries of a local government impacted by a financial emergency.

3. "Local government impacted by a financial emergency" means a county or municipality that has a resident population of 300,000 or more and that has been declared in a state of financial emergency pursuant to part V of chapter 218 at any time preceding the date on which construction of a significant new facility commences.

4. "Significant new facility" means a real property improvement on a qualifying site as defined in s. 218.503.

5. "Cost," with respect to the qualifying site and significant new facility, shall have the same meaning as provided by s. 190.003(7).

6. "Department" means the Department of Revenue.

(c) The governing authority of an eligible county shall notify the department in writing of its eligibility to receive the sales tax rebate provided for by this subsection and shall accompany such notice with:

1. Evidence that the significant new facility will be located on a qualifying site.

2. Copies, certified by the clerk of the eligible county as true and correct copies, of fully executed construction contracts and other contractual arrangements evidencing that the projected cost of the construction, reconstruction, renovation, expansion, or rehabilitation of the significant new facility and acquisition and remediation of the qualifying site on which it is located exceeds \$300 million, of which not less than \$50 million will be contributed by the private lessee, licensee, or operator in the manner described in s. 218.503(5)(c)1.c.(II).

3. The fully executed agreement evidencing that the facility has been leased to, licensed to, or is to be operated by a private, for-profit entity for a period of not less than 30 years after the date of the notice.

(d) The department shall certify an eligible county within 90 days after its receipt of the notice required by paragraph (c). The department has the authority to adopt rules to implement the provisions of this subsection.

(e) An eligible county may use funds provided pursuant to s. 212.20(6)(e)7.e. only for the public purpose of paying for, or pledging as security for or paying debt service on bonds or other obligations issued to finance, the costs of acquisition, site preparation, infrastructure development, construction, reconstruction, renovation, expansion, or rehabilitation of the qualifying site and significant new facility to be located thereon, or for the costs of infrastructure and other improvements outside the boundaries of the qualifying site but which are necessary or helpful to the development or operation of the significant new facility, or for reimbursement of any such costs, and for the costs incurred by it to remediate the qualifying site. An eligible county must ensure that procurement related to the planning, design, construction, building, maintenance, and operation of the significant new facility contracting is reflective of the racial and ethnic makeup of the community. In the event that, in any fiscal year of an eligible county, the funds provided pursuant to s. 212.20(6)(e)7.e. are in excess of the amount necessary in such fiscal year to pay the costs related to the significant new facility and qualifying site as authorized in this subsection and to pay debt service on bonds or other obligations related only to the costs of the bonds for construction of the significant new facility issued to finance or refinance all or any part of such costs, such excess funds shall be applied toward or set aside for the redemption or repayment of any such bonds.

(f) The amount of the sales tax rebate pursuant to s. 212.20(6)(e)7.e. to be provided to an eligible county certified pursuant to this section shall be computed annually and shall be equal to the sales tax imposed under chapter 212 attributable to that portion of the sales price as defined in chapter 212 that is the surcharge imposed pursuant to s. 218.503 by a local government impacted by financial emergency, but excluding discretionary sales surtaxes authorized under s. 212.055.

(g) The state does hereby covenant with the holders of bonds or other obligations or contractual commitments secured by or payable from the proceeds of the sales tax rebate authorized by this subsection that it will not repeal or impair, or amend in any manner which will materially and adversely affect the rights of such holders, the sales tax rebate provided by this subsection and s. 212.20(6)(e)7.e.; however, the annual rebate amount may increase or decrease based on the rebate computation provided by paragraph (f).

Section 3. Paragraph (e) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

212.20 Funds collected, disposition; additional powers of department; operational expense; refund of taxes adjudicated unconstitutionally collected.—

(6) Distribution of all proceeds under this chapter shall be as follows:

(e) The proceeds of all other taxes and fees imposed pursuant to this chapter shall be distributed as follows:

1. In any fiscal year, the greater of \$500 million, minus an amount equal to 4.6 percent of the proceeds of the taxes collected pursuant to chapter 201, or 5 percent of all other taxes and fees imposed pursuant to this chapter shall be deposited in monthly installments into the General Revenue Fund.

2. Two-tenths of one percent shall be transferred to the Solid Waste Management Trust Fund.

3. After the distribution under subparagraphs 1. and 2., 9.653 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund.

4. After the distribution under subparagraphs 1., 2., and 3., 0.065 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

6. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 1.0715 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

7. Of the remaining proceeds:

a. Beginning July 1, 2000, and in each fiscal year thereafter, the sum of \$29,915,500 shall be divided into as many equal parts as there are counties in the state, and one part shall be distributed to each county. The distribution among the several counties shall begin each fiscal year on or before January 5th and shall continue monthly for a total of 4 months. If a local or special law required that any moneys accruing to a county in fiscal year 1999-2000 under the then-existing provisions of s. 550.135 be paid directly to the district school board, special district, or a municipal government, such payment shall continue until such time that the local or special law is amended or repealed. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards prior to

July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into which obligated funds received from the distribution to county governments under then-existing s. 550.135. This distribution specifically is in lieu of funds distributed under s. 550.135 prior to July 1, 2000.

b. The department shall distribute \$166,667 monthly pursuant to s. 288.1162 to each applicant that has been certified as a "facility for a new professional sports franchise" or a "facility for a retained professional sports franchise" pursuant to s. 288.1162. Up to \$41,667 shall be distributed monthly by the department to each applicant that has been certified as a "facility for a retained spring training franchise" pursuant to s. 288.1162; however, not more than \$208,335 may be distributed monthly in the aggregate to all certified facilities for a retained spring training franchise. Distributions shall begin 60 days following such certification and shall continue for not more than 30 years. Nothing contained in this paragraph shall be construed to allow an applicant certified pursuant to s. 288.1162 to receive more in distributions than actually expended by the applicant for the public purposes provided for in s. 288.1162(6). However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

c. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that an applicant has been certified as the professional golf hall of fame pursuant to s. 288.1168 and is open to the public, \$166,667 shall be distributed monthly, for up to 300 months, to the applicant.

d. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that the applicant has been certified as the International Game Fish Association World Center facility pursuant to s. 288.1169, and the facility is open to the public, \$83,333 shall be distributed monthly, for up to 168 months, to the applicant. This distribution is subject to reduction pursuant to s. 288.1169. A lump sum payment of \$999,996 shall be made, after certification and before July 1, 2000.

e. Beginning 30 days after an eligible county has been certified pursuant to s. 376.84(4)(d), an amount equal to the sales tax rebate calculated pursuant to s. 376.84(4)(f) shall be distributed each year on a monthly basis to the eligible county.

8. All other proceeds shall remain with the General Revenue Fund.

Section 4. If section 35 of chapter 2000-260, Laws of Florida, is not repealed by section 58 of said chapter, then, effective October 1, 2001, paragraph (e) of subsection (6) of section 212.20, Florida Statutes, as amended by section 35 of chapter 2000-260, Laws of Florida, is amended to read:

212.20 Funds collected, disposition; additional powers of department; operational expense; refund of taxes adjudicated unconstitutionally collected.—

(6) Distribution of all proceeds under this chapter and s. 202.18(1)(b) and (2)(b) shall be as follows:

(e) The proceeds of all other taxes and fees imposed pursuant to this chapter or remitted pursuant to s. 202.18(1)(b) and (2)(b) shall be distributed as follows:

1. In any fiscal year, the greater of \$500 million, minus an amount equal to 4.6 percent of the proceeds of the taxes collected pursuant to chapter 201, or 5 percent of all other taxes and fees imposed pursuant to this chapter or remitted pursuant to s. 202.18(1)(b) and (2)(b) shall be deposited in monthly installments into the General Revenue Fund.

2. Two-tenths of one percent shall be transferred to the Solid Waste Management Trust Fund.

3. After the distribution under subparagraphs 1. and 2., 9.653 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund.

4. After the distribution under subparagraphs 1., 2., and 3., 0.065 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

6. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 1.0715 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

7. Of the remaining proceeds:

a. Beginning July 1, 2000, and in each fiscal year thereafter, the sum of \$29,915,500 shall be divided into as many equal parts as there are counties in the state, and one part shall be distributed to each county. The distribution among the several counties shall begin each fiscal year on or before January 5th and shall continue monthly for a total of 4 months. If a local or special law required that any moneys accruing to a county in fiscal year 1999-2000 under the then-existing provisions of s. 550.135 be paid directly to the district school board, special district, or a municipal government, such payment shall continue until such time that the local or special law is amended or repealed. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards prior to July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into which obligated funds received from the distribution to county governments under then-existing s. 550.135. This distribution specifically is in lieu of funds distributed under s. 550.135 prior to July 1, 2000.

b. The department shall distribute \$166,667 monthly pursuant to s. 288.1162 to each applicant that has been certified as a "facility for a new professional sports franchise" or a "facility for a retained professional sports franchise" pursuant to s. 288.1162. Up to \$41,667 shall be distributed monthly by the department to each applicant that has been certified as a "facility for a retained spring training franchise" pursuant to s. 288.1162; however, not more than \$208,335 may be distributed monthly in the aggregate to all certified facilities for a retained spring training franchise. Distributions shall begin 60 days following such certification and shall continue for not more than 30 years. Nothing contained in this paragraph shall be construed to allow an applicant certified pursuant to s. 288.1162 to receive more in distributions than actually expended by the applicant for the public purposes provided for in s. 288.1162(6). However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

c. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that an

applicant has been certified as the professional golf hall of fame pursuant to s. 288.1168 and is open to the public, \$166,667 shall be distributed monthly, for up to 300 months, to the applicant.

d. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that the applicant has been certified as the International Game Fish Association World Center facility pursuant to s. 288.1169, and the facility is open to the public, \$83,333 shall be distributed monthly, for up to 168 months, to the applicant. This distribution is subject to reduction pursuant to s. 288.1169. A lump sum payment of \$999,996 shall be made, after certification and before July 1, 2000.

e. *Beginning 30 days after an eligible county has been certified pursuant to s. 376.84(4)(d), an amount equal to the sales tax rebate calculated pursuant to s. 376.84(4)(f) shall be distributed each year on a monthly basis to the eligible county.*

8. All other proceeds shall remain with the General Revenue Fund.

THE SPEAKER IN THE CHAIR

Representative(s) Lee, Bennett, Alexander, Flanagan, and Waters offered the following:

(Amendment Bar Code: 740855)

Amendment 1 (with title amendment)—
remove from the bill: everything after the enacting clause,
and insert in lieu thereof:

Section 1. Section 624.4072, Florida Statutes, is amended to read:

624.4072 Minority-owned property and casualty insurers; limited exemption for taxation and assessments.—

(1) A minority business that is at least 51 percent owned by minority persons, as defined in s. 288.703(3), initially issued a certificate of authority in this state as an authorized insurer after May 1, 1998, to write property and casualty insurance shall be exempt, for a period not to exceed 10 ½ years from the date of receiving its certificate of authority, from the following taxes and assessments:

(a) Taxes imposed under ss. 175.101, 185.08, and 624.509;

(b) Assessments by the Florida Residential Property and Casualty Joint Underwriting Association or by the Florida Windstorm Underwriting Association, as provided under s. 627.351, except for emergency assessments collected from policyholders pursuant to s. 627.351(2)(b)2.d.(III) and (6)(b)3.d. Any such insurer shall be a member insurer of the Florida Windstorm Underwriting Association and the Florida Residential Property and Casualty Joint Underwriting Association. The premiums of such insurer shall be included in determining, for the Florida Windstorm Underwriting Association, the aggregate statewide direct written premium for property insurance and in determining, for the Florida Residential Property and Casualty Joint Underwriting Association, the aggregate statewide direct written premium for the subject lines of business for all member insurers.

(2) Subsection (1) applies only to personal lines and commercial lines residential property insurance policies as defined in s. 627.4025, and applies only to an insurer that has employees in this state and has a home office or a regional office in this state. With respect to any tax year or assessment year, the exemptions provided by subsection (1) apply only if during the year an average of at least 10 percent of the insurer's Florida residential property policies in force covered properties located in enterprise zones designated pursuant to s. 290.0065.

(3) The provision of the definition of "minority person" in s. 288.703(3) that requires residency in Florida shall not apply to the term "minority person" as used in this section or s. 627.3511.

(4) This section is repealed effective *December 31, July 1 2010 2003*, and the tax and assessment exemptions authorized by this section shall terminate on such date.

Section 2. Paragraph (c) of subsection (3) of section 627.0628, Florida Statutes, is amended to read:

627.0628 Florida Commission on Hurricane Loss Projection Methodology.—

(3) ADOPTION AND EFFECT OF STANDARDS AND GUIDELINES.—

(c) With respect to a rate filing under s. 627.062, an insurer may employ actuarial methods, principles, standards, models, or output ranges found by the commission to be accurate or reliable to determine hurricane loss factors for use in a rate filing under s. 627.062, which findings and factors are admissible and relevant in consideration of a rate filing by the department or in any arbitration or administrative or judicial review. *However, such findings and factors are not admissible and relevant in consideration of a rate filing unless the department has access to all factors and assumptions that were used in developing the actuarial methods, principles, standards, models, or output ranges found by the commission to be accurate or reliable and the department is not precluded from disclosing such information in a rate proceeding. To the extent that such information is a trade secret as defined in chapter 688, such information need not be disclosed to the department unless it is specifically covered by a valid exemption from chapter 119.*

Section 3. Effective July 1, 2001, paragraph (b) of subsection (2) and paragraph (c) of subsection (6) of section 627.351, Florida Statutes, are amended, and paragraph (f) is added to subsection (2) of said section, to read:

627.351 Insurance risk apportionment plans.—

(2) WINDSTORM INSURANCE RISK APPORTIONMENT.—

(b) The department shall require all insurers holding a certificate of authority to transact property insurance on a direct basis in this state, other than joint underwriting associations and other entities formed pursuant to this section, to provide windstorm coverage to applicants from areas determined to be eligible pursuant to paragraph (c) who in good faith are entitled to, but are unable to procure, such coverage through ordinary means; or it shall adopt a reasonable plan or plans for the equitable apportionment or sharing among such insurers of windstorm coverage, which may include formation of an association for this purpose. As used in this subsection, the term "property insurance" means insurance on real or personal property, as defined in s. 624.604, including insurance for fire, industrial fire, allied lines, farmowners multiperil, homeowners' multiperil, commercial multiperil, and mobile homes, and including liability coverages on all such insurance, but excluding inland marine as defined in s. 624.607(3) and excluding vehicle insurance as defined in s. 624.605(1)(a) other than insurance on mobile homes used as permanent dwellings. The department shall adopt rules that provide a formula for the recovery and repayment of any deferred assessments.

1. For the purpose of this section, properties eligible for such windstorm coverage are defined as dwellings, buildings, and other structures, including mobile homes which are used as dwellings and which are tied down in compliance with mobile home tie-down

requirements prescribed by the Department of Highway Safety and Motor Vehicles pursuant to s. 320.8325, and the contents of all such properties. An applicant or policyholder is eligible for coverage only if an offer of coverage cannot be obtained by or for the applicant or policyholder from an admitted insurer at approved rates.

2.a.(I) All insurers required to be members of such association shall participate in its writings, expenses, and losses. Surplus of the association shall be retained for the payment of claims and shall not be distributed to the member insurers. Such participation by member insurers shall be in the proportion that the net direct premiums of each member insurer written for property insurance in this state during the preceding calendar year bear to the aggregate net direct premiums for property insurance of all member insurers, as reduced by any credits for voluntary writings, in this state during the preceding calendar year. For the purposes of this subsection, the term "net direct premiums" means direct written premiums for property insurance, reduced by premium for liability coverage and for the following if included in allied lines: rain and hail on growing crops; livestock; association direct premiums booked; National Flood Insurance Program direct premiums; and similar deductions specifically authorized by the plan of operation and approved by the department. A member's participation shall begin on the first day of the calendar year following the year in which it is issued a certificate of authority to transact property insurance in the state and shall terminate 1 year after the end of the calendar year during which it no longer holds a certificate of authority to transact property insurance in the state. The commissioner, after review of annual statements, other reports, and any other statistics that the commissioner deems necessary, shall certify to the association the aggregate direct premiums written for property insurance in this state by all member insurers.

(II) The plan of operation shall provide for a board of directors consisting of the members of the State Board of Administration, which shall oversee the operations of the association and shall carry out any other duties provided by law. The board shall appoint an advisory council consisting of an actuary, a meteorologist, an engineer, a representative of insurers, a representative of insurance agents, and three consumers who shall also be representatives of other professions and industries, to provide the board with information and advice in connection with its duties under this section. *Members of the advisory council shall be eligible for per diem and travel expenses under s. 112.061. The association shall not be considered a state agency and its obligations shall not be considered obligations of the state consisting of the Insurance Consumer Advocate appointed under s. 627.0613, a consumer representative appointed by the Insurance Commissioner, a consumer representative appointed by the Governor, and 12 additional members appointed as specified in the plan of operation. One of the 12 additional members shall be elected by the domestic companies of this state on the basis of cumulative weighted voting based on the net direct premiums of domestic companies in this state. Nothing in the 1997 amendments to this paragraph terminates the existing board or the terms of any members of the board.*

(III) The plan of operation shall provide a formula whereby a company voluntarily providing windstorm coverage in affected areas will be relieved wholly or partially from apportionment of a regular assessment pursuant to sub-sub-subparagraph d.(I) or sub-sub-subparagraph d.(II).

(IV) A company which is a member of a group of companies under common management may elect to have its credits applied on a group basis, and any company or group may elect to have its credits applied to any other company or group.

(V) There shall be no credits or relief from apportionment to a company for emergency assessments collected from its policyholders under sub-sub-subparagraph d.(III).

(VI) The plan of operation may also provide for the award of credits, for a period not to exceed 3 years, from a regular assessment pursuant to sub-sub-subparagraph d.(I) or sub-sub-subparagraph d.(II) as an incentive for taking policies out of the Residential Property and Casualty Joint Underwriting Association. In order to qualify for the

exemption under this sub-sub-subparagraph, the take-out plan must provide that at least 40 percent of the policies removed from the Residential Property and Casualty Joint Underwriting Association cover risks located in Dade, Broward, and Palm Beach Counties or at least 30 percent of the policies so removed cover risks located in Dade, Broward, and Palm Beach Counties and an additional 50 percent of the policies so removed cover risks located in other coastal counties, and must also provide that no more than 15 percent of the policies so removed may exclude windstorm coverage. With the approval of the department, the association may waive these geographic criteria for a take-out plan that removes at least the lesser of 100,000 Residential Property and Casualty Joint Underwriting Association policies or 15 percent of the total number of Residential Property and Casualty Joint Underwriting Association policies, provided the governing board of the Residential Property and Casualty Joint Underwriting Association certifies that the take-out plan will materially reduce the Residential Property and Casualty Joint Underwriting Association's 100-year probable maximum loss from hurricanes. With the approval of the department, the board may extend such credits for an additional year if the insurer guarantees an additional year of renewability for all policies removed from the Residential Property and Casualty Joint Underwriting Association, or for 2 additional years if the insurer guarantees 2 additional years of renewability for all policies removed from the Residential Property and Casualty Joint Underwriting Association.

b. Assessments to pay deficits in the association under this subparagraph shall be included as an appropriate factor in the making of rates as provided in s. 627.3512.

c. The Legislature finds that the potential for unlimited deficit assessments under this subparagraph may induce insurers to attempt to reduce their writings in the voluntary market, and that such actions would worsen the availability problems that the association was created to remedy. It is the intent of the Legislature that insurers remain fully responsible for paying regular assessments and collecting emergency assessments for any deficits of the association; however, it is also the intent of the Legislature to provide a means by which assessment liabilities may be amortized over a period of years.

d.(I) When the deficit incurred in a particular calendar year is 10 percent or less of the aggregate statewide direct written premium for property insurance for the prior calendar year for all member insurers, the association shall levy an assessment on member insurers in an amount equal to the deficit.

(II) When the deficit incurred in a particular calendar year exceeds 10 percent of the aggregate statewide direct written premium for property insurance for the prior calendar year for all member insurers, the association shall levy an assessment on member insurers in an amount equal to the greater of 10 percent of the deficit or 10 percent of the aggregate statewide direct written premium for property insurance for the prior calendar year for member insurers. Any remaining deficit shall be recovered through emergency assessments under sub-sub-subparagraph (III).

(III) Upon a determination by the board of directors that a deficit exceeds the amount that will be recovered through regular assessments on member insurers, pursuant to sub-sub-subparagraph (I) or sub-sub-subparagraph (II), the board shall levy, after verification by the department, emergency assessments to be collected by member insurers and by underwriting associations created pursuant to this section which write property insurance, upon issuance or renewal of property insurance policies other than National Flood Insurance policies in the year or years following levy of the regular assessments. The amount of the emergency assessment collected in a particular year shall be a uniform percentage of that year's direct written premium for property insurance for all member insurers and underwriting associations, excluding National Flood Insurance policy premiums, as annually determined by the board and verified by the department. The department shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. Notwithstanding any other

provision of law, each member insurer and each underwriting association created pursuant to this section shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. The emergency assessments so collected shall be transferred directly to the association on a periodic basis as determined by the association. The aggregate amount of emergency assessments levied under this sub-sub-subparagraph in any calendar year may not exceed the greater of 10 percent of the amount needed to cover the original deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing of the original deficit, or 10 percent of the aggregate statewide direct written premium for property insurance written by member insurers and underwriting associations for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit. The board may pledge the proceeds of the emergency assessments under this sub-sub-subparagraph as the source of revenue for bonds, to retire any other debt incurred as a result of the deficit or events giving rise to the deficit, or in any other way that the board determines will efficiently recover the deficit. The emergency assessments under this sub-sub-subparagraph shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the document governing such bonds or other indebtedness. Emergency assessments collected under this sub-sub-subparagraph are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium.

(IV) Each member insurer's share of the total regular assessments under sub-sub-subparagraph (I) or sub-sub-subparagraph (II) shall be in the proportion that the insurer's net direct premium for property insurance in this state, for the year preceding the assessment bears to the aggregate statewide net direct premium for property insurance of all member insurers, as reduced by any credits for voluntary writings for that year.

(V) If regular deficit assessments are made under sub-sub-subparagraph (I) or sub-sub-subparagraph (II), or by the Residential Property and Casualty Joint Underwriting Association under sub-sub-subparagraph (6)(b)3.a. or sub-sub-subparagraph (6)(b)3.b., the association shall levy upon the association's policyholders, as part of its next rate filing, or by a separate rate filing solely for this purpose, a market equalization surcharge in a percentage equal to the total amount of such regular assessments divided by the aggregate statewide direct written premium for property insurance for member insurers for the prior calendar year. Market equalization surcharges under this sub-sub-subparagraph are not considered premium and are not subject to commissions, fees, or premium taxes; however, failure to pay a market equalization surcharge shall be treated as failure to pay premium.

e. The governing body of any unit of local government, any residents of which are insured under the plan, may issue bonds as defined in s. 125.013 or s. 166.101 to fund an assistance program, in conjunction with the association, for the purpose of defraying deficits of the association. In order to avoid needless and indiscriminate proliferation, duplication, and fragmentation of such assistance programs, any unit of local government, any residents of which are insured by the association, may provide for the payment of losses, regardless of whether or not the losses occurred within or outside of the territorial jurisdiction of the local government. Revenue bonds may not be issued until validated pursuant to chapter 75, unless a state of emergency is declared by executive order or proclamation of the Governor pursuant to s. 252.36 making such findings as are necessary to determine that it is in the best interests of, and necessary for, the protection of the public health, safety, and general welfare of residents of this state and the protection and preservation of the economic stability of insurers operating in this state, and declaring it an essential public purpose to permit certain municipalities or counties to issue bonds as will provide relief to claimants and policyholders of the association and insurers responsible for apportionment of plan losses. Any such unit of local government may enter into such contracts with the association and with any other entity

created pursuant to this subsection as are necessary to carry out this paragraph. Any bonds issued under this sub-subparagraph shall be payable from and secured by moneys received by the association from assessments under this subparagraph, and assigned and pledged to or on behalf of the unit of local government for the benefit of the holders of such bonds. The funds, credit, property, and taxing power of the state or of the unit of local government shall not be pledged for the payment of such bonds. If any of the bonds remain unsold 60 days after issuance, the department shall require all insurers subject to assessment to purchase the bonds, which shall be treated as admitted assets; each insurer shall be required to purchase that percentage of the unsold portion of the bond issue that equals the insurer's relative share of assessment liability under this subsection. An insurer shall not be required to purchase the bonds to the extent that the department determines that the purchase would endanger or impair the solvency of the insurer. The authority granted by this sub-subparagraph is additional to any bonding authority granted by subparagraph 6.

3. The plan shall also provide that any member with a surplus as to policyholders of \$25 \$20 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the department, within the first 90 days of each calendar year, to qualify as a limited apportionment company. The apportionment of such a member company in any calendar year for which it is qualified shall not exceed its gross participation, which shall not be affected by the formula for voluntary writings. In no event shall a limited apportionment company be required to participate in any apportionment of losses pursuant to sub-sub-subparagraph 2.d.(I) or sub-sub-subparagraph 2.d.(II) in the aggregate which exceeds \$50 million after payment of available plan funds in any calendar year. However, a limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-sub-subparagraph 2.d.(III). The plan shall provide that, if the department determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the department may direct that all or part of such assessment be deferred. However, there shall be no limitation or deferment of an emergency assessment to be collected from policyholders under sub-sub-subparagraph 2.d.(III).

4. The plan shall provide for the deferment, in whole or in part, of a regular assessment of a member insurer under sub-sub-subparagraph 2.d.(I) or sub-sub-subparagraph 2.d.(II), but not for an emergency assessment collected from policyholders under sub-sub-subparagraph 2.d.(III), if, in the opinion of the commissioner, payment of such regular assessment would endanger or impair the solvency of the member insurer. In the event a regular assessment against a member insurer is deferred in whole or in part, the amount by which such assessment is deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in sub-sub-subparagraph 2.d.(I) or sub-sub-subparagraph 2.d.(II).

5.a. The plan of operation may include deductibles and rules for classification of risks and rate modifications consistent with the objective of providing and maintaining funds sufficient to pay catastrophe losses.

b.(I) *Subject to the provisions of sub-sub-subparagraph (II), all rate filings under this subsection relating to coverage for windstorm losses must reflect historical insurance data. When using a computer model in making a rate filing under this subsection, the association may use only a computer model which is based upon standards and guidelines developed or established by the Florida Commission on Hurricane Loss Projection Methodology under s. 627.0628. Consideration of historical insurance data and the use of computer models shall be consistent with applicable Standards of Practice of the American Academy of Actuaries. The association may require arbitration of a rate filing under s. 627.062(6).*

(II) ~~It is the intent of the Legislature that the Rates for coverage provided by the association must be actuarially sound and not competitive with approved rates charged in the admitted voluntary market such that the association functions as a residual market mechanism to provide insurance only when the insurance cannot be~~

procured in the voluntary market. The plan of operation shall provide a mechanism to assure that *the average base rates for each line of business charged by the association for hurricane coverage for each unmitigated risk in a particular county shall be no lower than the highest department-approved rate within the association's eligible area for hurricane coverage in the voluntary market for each line of business in such county, among the 20 largest insurers actually writing such coverage in such county, beginning no later than January 1, 1999, the rates charged by the association for each line of business are reflective of approved rates in the voluntary market for hurricane coverage for each line of business in the various areas eligible for association coverage.*

(III) *Notwithstanding any other provision of law, windstorm rates under this subsection previously adjudicated for use and in effect as of the effective date of this act, and the related mitigation credit program, shall apply to rates of the association and shall continue in effect until such rates are fully phased in. The rate for a particular group or class of policies may be increased only after the full phase-in of the current rate plan as to that group or class of policies.*

c. The association shall provide for windstorm coverage on residential properties in limits up to \$10 million for commercial lines residential risks and up to \$1 million for personal lines residential risks. If coverage with the association is sought for a residential risk valued in excess of these limits, coverage shall be available to the risk up to the replacement cost or actual cash value of the property, at the option of the insured, if coverage for the risk cannot be located in the authorized market. The association must accept a commercial lines residential risk with limits above \$10 million or a personal lines residential risk with limits above \$1 million if coverage is not available in the authorized market. The association may write coverage above the limits specified in this subparagraph with or without facultative or other reinsurance coverage, as the association determines appropriate.

d. The plan of operation must provide objective criteria and procedures, approved by the department, to be uniformly applied for all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following shall be considered:

(I) Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

(II) Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the association pursuant to such criteria and procedures must be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

e. The policies issued by the association must provide that if the association obtains an offer from an authorized insurer to cover the risk at its approved rates under either a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the department, a basic policy including wind coverage, the risk is no longer eligible for coverage through the association. Upon termination of eligibility, the association shall provide written notice to the policyholder and agent of record stating that the association policy must be canceled as of 60 days after the date of the notice because of the offer of coverage from an authorized insurer. Other provisions of the insurance code relating to cancellation and notice of cancellation do not apply to actions under this sub-subparagraph. *This sub-subparagraph applies only to policies issued or renewed on or after June 1, 2003.*

f. Association policies and applications must include a notice that the association policy could, under this section, be replaced with a policy issued by an authorized insurer that does not provide coverage identical to the coverage provided by the association. The notice shall also specify that acceptance of association coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential. *This sub-subparagraph applies only to policies issued or renewed on or after June 1, 2003.*

g. If the risk accepts an offer of coverage through the market assistance program or through a mechanism established by the association, either before the policy is issued by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the association is not currently appointed by the insurer, the insurer shall either:

(I) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(II) Offer to allow the producing agency of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-subparagraph (I).

h. When the association enters into a contractual agreement for a take-out plan, the producing agent of record of the association policy is entitled to retain any unearned commission on the policy, and the insurer shall either:

(I) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(II) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-subparagraph (I).

6.a. The plan of operation may authorize the formation of a private nonprofit corporation, a private nonprofit unincorporated association, a partnership, a trust, a limited liability company, or a nonprofit mutual company which may be empowered, among other things, to borrow money by issuing bonds or by incurring other indebtedness and to accumulate reserves or funds to be used for the payment of insured catastrophe losses. The plan may authorize all actions necessary to facilitate the issuance of bonds, including the pledging of assessments or other revenues.

b. Any entity created under this subsection, or any entity formed for the purposes of this subsection, may sue and be sued, may borrow money; issue bonds, notes, or debt instruments; pledge or sell assessments, market equalization surcharges and other surcharges, rights, premiums, contractual rights, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, and other assets as security for such bonds, notes, or debt instruments; enter into any contracts or agreements necessary or proper to accomplish such borrowings; and take other actions necessary to carry out the purposes of this subsection. The association may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (g)2., in the absence of a hurricane or other weather-related event, upon a determination by the association subject to approval by the department that such action would enable it to efficiently meet the financial obligations of the association and that such financings are reasonably necessary to effectuate the requirements of this subsection. Any such entity may accumulate reserves and retain surpluses as of the end of any association year to provide for the payment of losses incurred by the association during that year or any future year. The association shall incorporate and continue the plan of operation and articles of agreement in effect on the effective date of chapter 76-96, Laws of Florida, to the extent that it is not inconsistent with chapter 76-96, and as subsequently modified consistent with chapter 76-96. The board of directors and officers currently serving shall continue to serve until

their successors are duly qualified as provided under the plan. The assets and obligations of the plan in effect immediately prior to the effective date of chapter 76-96 shall be construed to be the assets and obligations of the successor plan created herein.

c. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness issued or incurred by the association or any other entity created under this subsection.

7. On such coverage, an agent's remuneration shall be that amount of money payable to the agent by the terms of his or her contract with the company with which the business is placed. However, no commission will be paid on that portion of the premium which is in excess of the standard premium of that company.

8. Subject to approval by the department, the association may establish different eligibility requirements and operational procedures for any line or type of coverage for any specified eligible area or portion of an eligible area if the board determines that such changes to the eligibility requirements and operational procedures are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods would continue to have access to coverage from the association. When coverage is sought in connection with a real property transfer, such requirements and procedures shall not provide for an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

9. Notwithstanding any other provision of law:

a. The pledge or sale of, the lien upon, and the security interest in any rights, revenues, or other assets of the association created or purported to be created pursuant to any financing documents to secure any bonds or other indebtedness of the association shall be and remain valid and enforceable, notwithstanding the commencement of and during the continuation of, and after, any rehabilitation, insolvency, liquidation, bankruptcy, receivership, conservatorship, reorganization, or similar proceeding against the association under the laws of this state or any other applicable laws.

b. No such proceeding shall relieve the association of its obligation, or otherwise affect its ability to perform its obligation, to continue to collect, or levy and collect, assessments, market equalization or other surcharges, projected recoveries from the Florida Hurricane Catastrophe Fund, reinsurance recoverables, or any other rights, revenues, or other assets of the association pledged.

c. Each such pledge or sale of, lien upon, and security interest in, including the priority of such pledge, lien, or security interest, any such assessments, emergency assessments, market equalization or renewal surcharges, projected recoveries from the Florida Hurricane Catastrophe Fund, reinsurance recoverables, or other rights, revenues, or other assets which are collected, or levied and collected, after the commencement of and during the pendency of or after any such proceeding shall continue unaffected by such proceeding.

d. As used in this subsection, the term "financing documents" means any agreement, instrument, or other document now existing or hereafter created evidencing any bonds or other indebtedness of the association or pursuant to which any such bonds or other indebtedness has been or may be issued and pursuant to which any rights, revenues, or other assets of the association are pledged or sold to secure the repayment of such bonds or indebtedness, together with the payment of interest on such bonds or such indebtedness, or the payment of any other obligation of the association related to such bonds or indebtedness.

e. Any such pledge or sale of assessments, revenues, contract rights or other rights or assets of the association shall constitute a lien and security interest, or sale, as the case may be, that is immediately effective and attaches to such assessments, revenues, contract, or other

rights or assets, whether or not imposed or collected at the time the pledge or sale is made. Any such pledge or sale is effective, valid, binding, and enforceable against the association or other entity making such pledge or sale, and valid and binding against and superior to any competing claims or obligations owed to any other person or entity, including policyholders in this state, asserting rights in any such assessments, revenues, contract, or other rights or assets to the extent set forth in and in accordance with the terms of the pledge or sale contained in the applicable financing documents, whether or not any such person or entity has notice of such pledge or sale and without the need for any physical delivery, recordation, filing, or other action.

f. There shall be no liability on the part of, and no cause of action of any nature shall arise against, any member insurer or its agents or employees, agents or employees of the association, members of the board of directors of the association, or the department or its representatives, for any action taken by them in the performance of their duties or responsibilities under this subsection. Such immunity does not apply to actions for breach of any contract or agreement pertaining to insurance, or any willful tort.

10. *It is the intent of the Legislature that the association vigorously pursue an exemption from federal income taxation and tax-free status for bonds issued by or on behalf of the association. In furtherance of this intent:*

a. *The association shall retain such expert tax counsel and bond counsel as necessary and expend such funds as necessary to pursue such negotiations or litigation as may lead to favorable tax rulings.*

b. *The association shall, no later than January 1, 2002, provide a report to the Governor, the Insurance Commissioner, the President of the Senate, and the Speaker of the House of Representatives detailing the status of the negotiations or litigation and recommending statutory changes, if any, needed to secure favorable tax rulings.*

(f)1. *In recognition of the fact that the association created under this subsection furthers an essentially governmental purpose, the association is exempt from premium taxes effective July 1, 2002.*

2. *Beginning with the 2002-2003 fiscal year, and except for years in which the association is collecting regular or emergency assessments under this subsection, the association shall annually transfer the sum of \$5 million to the General Revenue Fund, which moneys shall be appropriated for hurricane loss mitigation purposes as specified in s. 215.555(7)(c). Such appropriations are in addition to any appropriations required or authorized by s. 215.555(7)(c).*

(6) RESIDENTIAL PROPERTY AND CASUALTY JOINT UNDERWRITING ASSOCIATION.—

(c) The plan of operation of the association:

1. May provide for one or more designated insurers, able and willing to provide policy and claims service, to act on behalf of the association to provide such service. Each licensed agent shall be entitled to indicate the order of preference regarding who will service the business placed by the agent. The association shall adhere to each agent's preferences unless after consideration of other factors in assigning agents, including, but not limited to, servicing capacity and fee arrangements, the association has reason to believe it is in the best interest of the association to make a different assignment.

2. Must provide for adoption of residential property and casualty insurance policy forms, which forms must be approved by the department prior to use. The association shall adopt the following policy forms:

a. Standard personal lines policy forms including wind coverage, which are multiperil policies providing what is generally considered to be full coverage of a residential property similar to the coverage provided under an HO-2, HO-3, HO-4, or HO-6 policy.

b. Standard personal lines policy forms without wind coverage, which are the same as the policies described in sub-subparagraph a. except that they do not include wind coverage.

c. Basic personal lines policy forms including wind coverage, which are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which coverage is more limited than the coverage under a standard policy.

d. Basic personal lines policy forms without wind coverage, which are the same as the policies described in sub-subparagraph c. except that they do not include wind coverage.

e. Commercial lines residential policy forms including wind coverage that are generally similar to the basic perils of full coverage obtainable for commercial residential structures in the admitted voluntary market.

f. Commercial lines residential policy forms without wind coverage, which are the same as the policies described in sub-subparagraph e. except that they do not include wind coverage.

3. May provide that the association may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The association shall have the power to borrow funds, by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection. The association may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (g)2., in the absence of a hurricane or other weather-related event, upon a determination by the association, subject to approval by the department, that such action would enable it to efficiently meet the financial obligations of the association and that such financings are reasonably necessary to effectuate the requirements of this subsection. The association is authorized to take all actions needed to facilitate tax-free status for any such bonds or indebtedness, including formation of trusts or other affiliated entities. The association shall have the authority to pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, market equalization and other surcharges, and other funds available to the association as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4. Must require that the association operate subject to the supervision and approval of a board of governors *consisting of the members of the State Board of Administration. consisting of 13 individuals, including 1 who is elected as chair. The board shall consist of:*

a. ~~The insurance consumer advocate appointed under s. 627.0613.~~

b. ~~Five members designated by the insurance industry.~~

c. ~~Five consumer representatives appointed by the Insurance Commissioner. Two of the consumer representatives must, at the time of appointment, be holders of policies issued by the association, who are selected with consideration given to reflecting the geographic balance of association policyholders. Two of the consumer members must be individuals who are minority persons as defined in s. 288.703(3). One of the consumer members shall have expertise in the field of mortgage lending.~~

d. ~~Two representatives of the insurance industry appointed by the Insurance Commissioner. Of the two insurance industry representatives appointed by the Insurance Commissioner, at least one must be an individual who is a minority person as defined in s. 288.703(3).~~

~~Any board member may be disapproved or removed and replaced by the commissioner at any time for cause. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan.~~

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. With respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under either a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the department, a basic policy including wind coverage, the risk is not eligible for any policy issued by the association.

(I) If the risk accepts an offer of coverage through the market assistance program or through a mechanism established by the association, either before the policy is issued by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the association is not currently appointed by the insurer, the insurer shall either:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A).

(II) When the association enters into a contractual agreement for a take-out plan, the producing agent of record of the association policy is entitled to retain any unearned commission on the policy, and the insurer shall either:

(A) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A). If the risk accepts an offer of coverage through the market assistance plan or an offer of coverage through a mechanism established by the association before a policy is issued to the risk by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the plan or to the association is not currently appointed by the insurer, the insurer shall either appoint the agent to service the risk or, if the insurer places the coverage through a new agent, require the new agent who then writes the policy to pay not less than 50 percent of the first year's commission to the producing agent who submitted the application to the plan or the association, except that if the new agent is an employee or exclusive agent of the insurer, the new agent shall pay a policy fee of \$50 to the producing agent in lieu of splitting the commission. If the risk is not able to obtain any such offer, the risk is eligible for either a standard policy including wind coverage or a basic policy including wind coverage issued by the association; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk shall be eligible for a basic policy including wind coverage unless rejected under subparagraph 8. The association shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices.

b. With respect to commercial lines residential risks, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for any policy issued by the association.

(I) If the risk accepts an offer of coverage through the market assistance program or through a mechanism established by the

association, either before the policy is issued by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the association is not currently appointed by the insurer, the insurer shall either:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A).

(II) When the association enters into a contractual agreement for a take-out plan, the producing agent of record of the association policy is entitled to retain any unearned commission on the policy, and the insurer shall either:

(A) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A). If the risk accepts an offer of coverage through the market assistance plan or an offer of coverage through a mechanism established by the association before a policy is issued to the risk by the association, and the producing agent who submitted the application to the plan or the association is not currently appointed by the insurer, the insurer shall either appoint the agent to service the risk or, if the insurer places the coverage through a new agent, require the new agent who then writes the policy to pay not less than 50 percent of the first year's commission to the producing agent who submitted the application to the plan, except that if the new agent is an employee or exclusive agent of the insurer, the new agent shall pay a policy fee of \$50 to the producing agent in lieu of splitting the commission. If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the association.

c. This subparagraph does not require the association to provide wind coverage or hurricane coverage in any area in which such coverage is available through the Florida Windstorm Underwriting Association.

6. Must include rules for classifications of risks and rates therefor.

7. Must provide that if premium and investment income attributable to a particular plan year are in excess of projected losses and expenses of the plan attributable to that year, such excess shall be held in surplus. Such surplus shall be available to defray deficits as to future years and shall be used for that purpose prior to assessing member insurers as to any plan year.

8. Must provide objective criteria and procedures to be uniformly applied for all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following shall be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the association shall be construed as the private placement of insurance, and the provisions of chapter 120 shall not apply.

9. Must provide that the association shall make its best efforts to procure catastrophe reinsurance at reasonable rates, as determined by the board of governors.

10. Must provide that in the event of regular deficit assessments under sub-subparagraph (b)3.a. or sub-subparagraph (b)3.b., or by the Florida Windstorm Underwriting Association under sub-sub-subparagraph (2)(b)2.d.(I) or sub-sub-subparagraph (2)(b)2.d.(II), the association shall levy upon association policyholders in its next rate filing, or by a separate rate filing solely for this purpose, a market equalization surcharge in a percentage equal to the total amount of such regular assessments divided by the aggregate statewide direct written premium for subject lines of business for member insurers for the prior calendar year. Market equalization surcharges under this subparagraph are not considered premium and are not subject to commissions, fees, or premium taxes; however, failure to pay a market equalization surcharge shall be treated as failure to pay premium.

11. The policies issued by the association must provide that, if the association or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates under either a standard policy including wind coverage or a basic policy including wind coverage, the risk is no longer eligible for coverage through the association. However, if the risk is located in an area in which Florida Windstorm Underwriting Association coverage is available, such an offer of a standard or basic policy terminates eligibility regardless of whether or not the offer includes wind coverage. Upon termination of eligibility, the association shall provide written notice to the policyholder and agent of record stating that the association policy shall be canceled as of 60 days after the date of the notice because of the offer of coverage from an authorized insurer. Other provisions of the insurance code relating to cancellation and notice of cancellation do not apply to actions under this subparagraph.

12. Association policies and applications must include a notice that the association policy could, under this section or s. 627.3511, be replaced with a policy issued by an admitted insurer that does not provide coverage identical to the coverage provided by the association. The notice shall also specify that acceptance of association coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

13. May establish, subject to approval by the department, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes to the eligibility requirements and operational procedures are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods would continue to have access to coverage from the association. When coverage is sought in connection with a real property transfer, such requirements and procedures shall not provide for an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

Section 4. Subsection (4) of section 627.3511, Florida Statutes, is amended to read:

627.3511 Depopulation of Residential Property and Casualty Joint Underwriting Association.—

(4) AGENT BONUS.—When the Residential Property and Casualty Joint Underwriting Association enters into a contractual agreement for a take-out plan that provides a bonus to the insurer, the producing agent of record of the association policy is entitled to retain any unearned commission on such policy, and the insurer shall either:

(a) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the

usual and customary commission of the association ~~an amount equal to the insurer's usual and customary commission for the type of policy written if the term of the association policy was in excess of 6 months, or one half of such usual and customary commission if the term of the association policy was 6 months or less; or~~

(b) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent *the greater of* the insurer's or the association's usual and customary commission for the type of policy written.
