Part III

Florida Retirement System Contribution Rates

121.70 Legislative purpose and intent.—

(1) *This part provides for a uniform system for funding benefits provided under the Florida Retirement System defined benefit program established under part I of this chapter (referred to in this part as the defined benefit program) and under the Public Employee Optional Retirement Program established under part II of this chapter (referred to in this part as the optional retirement program). The Legislature recognizes and declares that the Florida Retirement System is a single retirement system, consisting of two retirement plans and other nonintegrated programs. Employers participating in the Florida Retirement System collectively shall be responsible for making contributions to support the benefits afforded under both plans. As provided in this part, employers participating in the Florida Retirement System shall make contributions based upon uniform contribution rates determined as a percentage of the total payroll for each class or subclass of Florida Retirement System membership, irrespective of which retirement plan individual employees may elect. This shall be known as a uniform or blended contribution rate system.*

(2) *In establishing a uniform contribution rate system, it is the intent of the Legislature to:*

(a) *Provide greater stability and certainty in financial planning and budgeting for Florida Retirement System employers by eliminating the fiscal instability that would be caused by dual rates coupled with employee-selected plan participation;*

(b) *Provide greater fiscal equity and uniformity for system employers by effectively distributing the financial burden and benefit of short-term system deficits and surpluses, respectively, in proportion to total system payroll; and*

(c) Allow employees to make their retirement plan selection decisions free of circumstances that may cause employers to favor one plan choice over another.

121.71 Uniform rates; process; calculations; levy.—

(1) In conducting the system actuarial study required under s. 121.031, the actuary shall follow all requirements specified thereunder to determine, by Florida Retirement System employee membership class, the dollar contribution amounts necessary for the forthcoming fiscal year for the defined benefit program. In addition, the actuary shall determine, by Florida Retirement System membership class, based on an estimate for the forthcoming fiscal year of the gross compensation of employees participating in the optional retirement program, the dollar contribution amounts necessary to make the allocations required under ss. 121.72 and 121.73. For each employee membership class and subclass, the actuarial study shall establish a uniform rate necessary to fund the benefit obligations under both Florida Retirement System retirement plans, by dividing the sum of total dollars required by the estimated gross compensation of members in both plans.

(2) Based on the uniform rates set forth in subsection (3), employers shall make monthly contributions to the Division of Retirement, which shall initially deposit the funds into the Florida Retirement System Contributions Clearing Trust Fund. A change in a contribution rate is effective the first day of the month for which a full month's employer contribution may be made on or after the beginning date of the change.

(3) Required employer retirement contribution rates for each membership class and subclass of the Florida Retirement System for both retirement plans are as follows. Rates effective July 1, 2002, reflect an offset to normal employer costs of \$1,237,000,000, resulting from recognition and usage of current available excess assets of the Florida Retirement System Trust Fund as determined pursuant to s. 121.031. Contribution rates that become effective July 1, 2003, reflect normal system costs.

Membership Class	Percentage of Gross Compensation, Effective July 1, 2002	Percentage of Gross Compensation, Effective July 1, 2003
Regular Class	4.50%	9.87%
Special Risk Class	14.75%	22.89%

Senior Management Class	4.80%	11.68%
DROP	8.00%	11.56%

121.72 Allocations to optional retirement program participant accounts; percentage amounts.—

(1) The allocations established in subsection (4) shall fund retirement benefits under the optional retirement program and shall be transferred monthly by the Division of Retirement from the Florida Retirement System Contributions Clearing Trust Fund to the third-party administrator for deposit in each participating employee's individual account based on the membership class of the participant.

(2) The allocations are stated as a percentage of each optional retirement program participant's gross compensation for the calendar month. A change in a contribution percentage is effective the first day of the month for which a full month's employer contribution may be made on or after the beginning date of the change. Contribution percentages may be modified by general law.

(3) Employer and participant contributions to participant accounts shall be accounted for separately. Participant contributions may be made only if expressly authorized by law. Interest and investment earnings on

contributions shall accrue on a tax-deferred basis until proceeds are distributed.

(4) Effective July 1, 2002, allocations from the Florida Retirement System Contributions Clearing Trust Fund to optional retirement program participant accounts shall be as follows:

121.73 Allocations for optional retirement program participant disability coverage; percentage amounts.—

(1) The allocations established in subsection (3) shall be used to provide disability coverage for participants in the optional retirement program and shall be transferred monthly by the Division of Retirement from the Florida Retirement System Contributions Clearing Trust Fund to the disability account of the Florida Retirement System Trust Fund.

(2) The allocations are stated as a percentage of each optional retirement program participant's gross compensation for the calendar month. A change in a contribution percentage is effective the first day of the month for which a full month's employer contribution may be made on or after the beginning date of the change. Contribution percentages may be modified by general law.

(3) Effective July 1, 2002, allocations from the FRS Contribution Clearing Fund to provide disability coverage for participants in the optional retirement program, and to offset the costs of administering said coverage, shall be as follows:

Membership Class	Percentage of Gross Compensation
Regular Class	0.25%

Elected Officers' Class - Legislators, Governor, Lt. Governor, Cabinet Officers, State Attorneys, Public Defenders	0.41%
Elected Officers' Class - Justices, Judges	0.73%
Elected Officers' Class - County Elected Officers	0.41%
Senior Management Service Class	0.26%

121.74 Administrative and educational expenses.—Effective July 1, 2002, in addition to contributions required under s. 121.71, employers participating in the Florida Retirement System shall contribute an amount equal to 0.15 percent of the payroll reported for each class or subclass of Florida Retirement System membership, which amount shall be transferred by the Division of Retirement from the Florida Retirement System Contribution Clearing Trust Fund to the State Board of Administration's Administrative Trust Fund to offset the costs of administering the optional retirement program and the costs of providing educational services to participants in the defined benefit program and the optional retirement program. Approval of the Trustees of the State Board of Administration is required prior to the expenditure of these funds. Payments for third-party administrative or educational expenses shall be made only pursuant to the terms of the approved contracts for such services.

121.75 Allocation for defined benefit program.—After making the transfers required pursuant to ss. 121.71, 121.72, 121.73, and 121.74, the monthly balance of funds in the Florida Retirement System Contributions Clearing Trust Fund shall be transferred to the Florida Retirement System Trust Fund to pay the costs of providing defined benefit program

benefits and plan administrative costs under the defined benefit program.

121.76 Contributions for social security and for retiree health insurance subsidy.—Contributions required under this part shall be made or deducted, as may be appropriate, for each pay period and are in addition to employer and member contributions required for social security and the Retiree Health Insurance Subsidy Trust Fund as provided under parts I and II of this chapter.

121.77 Deductions from participant accounts.—The State Board of Administration may authorize the third-party administrator to deduct reasonable fees and apply appropriate charges to optional retirement program participant accounts. In no event shall administrative and educational expenses exceed the portion of employer contributions earmarked for such expenses under this part, except for reasonable administrative charges assessed against participant accounts of persons for whom no employer contributions are made during the calendar quarter. Investment management fees shall be deducted from participant accounts, pursuant to the terms of the contract between the provider and the board.

121.78 Payment and distribution of contributions.—

(1) Contributions made pursuant to this part shall be paid by the employer to the Division of Retirement by electronic funds transfer no later than the 5th working day of the month immediately following the month during which the payroll period ended. Accompanying payroll data must be transmitted to the Division concurrent with the contributions.

(2) The division, the State Board of Administration, and the third-party administrator, as applicable, shall ensure that the contributions are distributed to the appropriate trust funds or participant accounts in a timely manner.

(3)(a) Employer contributions and accompanying payroll data received after the 5th working day of the month shall be considered late. The employer shall be assessed by the Division a penalty of 1 percent of the contributions due for each calendar month or part thereof that the contributions or accompanying payroll data are late. Proceeds from the 1-percent assessment against contributions made on behalf of participants of the defined benefit program shall be deposited in the Florida Retirement System Trust Fund, and proceeds from the 1-percent assessment against contributions made on behalf of participants of the optional retirement program shall be transferred to the third party administrator for deposit into participant accounts, as provided in paragraph (b).

(b) If contributions made by an employer on behalf of participants of the optional retirement program or accompanying payroll data are not received within the calendar month they are due and if that delinquency results in market losses to participants, the employer shall reimburse each participant's account for market losses resulting from the late contributions. The third-party administrator, hired by the board pursuant to s. 121.4501(8), shall calculate the market losses for each affected participant. When contributions made on behalf of participants of the optional retirement program or accompanying payroll data are not received within the calendar month due, the employer shall also pay the cost of the third-party administrator's calculation and reconciliation adjustments resulting from the late contributions. The third-party administrator shall notify the employer of the results of the calculations and the total amount due from the employer for such losses and the costs of calculation and reconciliation. The employer shall remit to the Division the amount due within 10 working days after the date of the penalty notice sent by the Division. The Division shall transfer said amount to the third-party administrator, who shall deposit proceeds from the 1-percent assessment and from individual market losses into participant accounts, as appropriate. The board is authorized to adopt rules to implement the provisions regarding late contributions, late submission of payroll data, the process for reimbursing participant accounts for resultant market losses, and the penalties charged to the employers.

(c) Delinquency fees may be waived by the division, with regard to defined benefit program contributions, and by the State Board of Administration, with regard to optional retirement program contributions, only when, in the opinion of the division or the board, as appropriate, exceptional circumstances beyond the employer's control prevented remittance by the prescribed due date notwithstanding the employer's good faith efforts to effect delivery. Such a waiver of delinquency may be granted an employer only one time each state fiscal year.

The employer shall also withhold one-half of the entire contribution of the member required for social security coverage. Contributions for social security by each member and each employer, in the amount required for social security coverage as now or hereafter provided by the federal Social Security Act, shall be in addition to contributions specified in subsection (1).

(4) The following table states the required employer contribution on behalf of each member of the Regular Class, Special Risk Class, or Special Risk Administrative Support Class in terms of a percentage of the member's gross compensation. Such contributions shall be deposited by the administrator in the Retiree Health Insurance Subsidy Trust Fund.

(5) Contributions made in accordance with subsections (1), (2), (3), and (4), *and s. 121.71* shall be paid by the employer into the system trust funds in accordance with rules adopted by the administrator pursuant to chapter 120. ~~Such contributions are due and payable no later than the 25th day of the month immediately following the month during which the payroll period ended. The department may, by rule, establish a different due date, which shall supersede the date specified herein; however, such due date may not be established earlier than the 20th day of the month immediately following the month during which the payroll period ended. Effective January 1, 1984, contributions made in accordance with subsection (3) shall be paid by the employer into the system trust fund in accordance with rules adopted by the administrator pursuant to chapter 120. For any payroll period ending any day of the month before the 16th day of the month, such contributions are due and payable no later than the 20th day of the month; and, for any payroll periods ending any day of the month after the 15th day of the month, such contributions are due and payable no later than the 5th day of the next month. Contributions received in the offices of the department after the prescribed date shall be considered delinquent unless, in the opinion of the department, exceptional circumstances beyond an employer's control prevented remittance by the prescribed due date notwithstanding such employer's good faith efforts to effect delivery; and, with respect to retirement contributions due under subsections (1) and (4), each employer shall be assessed a delinquent fee of 1 percent of the contributions due for each calendar month or part thereof that the contributions are delinquent. Such a waiver of the delinquency fee by the department may be granted an employer only one time each fiscal year. by s. 650.05(4). The delinquent fee assessable for an employer's first delinquency after July 1, 1984, shall be as specified in s. 650.05(4), and, beginning with the second delinquency in any fiscal year by the employer subsequent to July 1, 1984, all subsequent delinquency fees shall be assessed against the employer at twice the applicable percentage rate specified in s. 650.05(4).

Section 5. Effective July 1, 2002, paragraph (i) of subsection (13) of section 121.091, Florida Statutes, is amended to read:

121.091 Benefits payable under the system.—Benefits may not be paid under this section unless the member has terminated employment as provided in s. 121.021(39)(a) or begun participation in the Deferred Retirement Option Program as provided in subsection (13), and a proper application has been filed in the manner prescribed by the department. The department may cancel an application for retirement benefits when the member or beneficiary fails to timely provide the information and documents required by this chapter and the department's rules. The department shall adopt rules establishing procedures for application for retirement benefits and for the cancellation of such application when the required information or documents are not received.

(13) DEFERRED RETIREMENT OPTION PROGRAM.—In general, and subject to the provisions of this section, the Deferred Retirement Option Program, hereinafter referred to as the DROP, is a program under which an eligible member of the Florida Retirement System may elect to participate, deferring receipt of retirement benefits while continuing employment with his or her Florida Retirement System employer. The deferred monthly benefits shall accrue in the System Trust Fund on behalf of the participant, plus interest compounded monthly, for the specified period of the DROP participation, as provided in paragraph (c). Upon termination of employment, the participant shall receive the total DROP benefits and begin to receive the previously determined normal retirement benefits. Participation in the DROP does not guarantee employment for the specified period of DROP.

(i) Contributions.—

1. All employers paying the salary of a DROP participant filling a regularly established position shall contribute 8.0 ~~11.56~~ percent of such participant's gross compensation *for the period of July 1, 2002, through June 30, 2003, and 11.56 percent of such compensation thereafter*, which shall constitute the entire employer DROP contribution with respect to such participant. Such contributions, payable to the System Trust Fund in the same manner as required in s. 121.071, shall be made as appropriate for each pay period and are in addition to contributions required for social security and the Retiree Health Insurance Subsidy Trust Fund. Such employer, social security, and health insurance subsidy contributions are not included in the DROP.

2. The employer shall, in addition to subparagraph 1., also withhold one-half of the entire social security contribution required for the participant. Contributions for social security by each participant and each employer, in the amount required for social security coverage as now or hereafter provided by the federal Social Security Act, shall be in addition to contributions specified in subparagraph 1.

3. All employers paying the salary of a DROP participant filling a regularly established position shall contribute the percent of such participant's gross compensation required in s. 121.071(4), which shall constitute the employer's health insurance subsidy contribution with respect to such participant. Such contributions shall be deposited by the administrator in the Retiree Health Insurance Subsidy Trust Fund.

Section 6. Subsections (1), (5), and (15) of section 121.4501, Florida Statutes, is amended to read:

121.4501 Public Employee Optional Retirement Program.—

(1) The Trustees of the State Board of Administration shall establish an optional defined contribution retirement program for members of the Florida Retirement System under which retirement benefits will be provided for eligible employees who elect to participate in the program. The benefits to be provided for or on behalf of participants in such optional retirement program shall be provided through employee-directed investments, in accordance with s. 401(a) of the Internal Revenue Code and its related regulations. The employers shall contribute, as provided in this section s. 121.71, and s. 121.571, to the Public Employee

Optional Retirement Program Trust Fund toward the funding of such optional benefits.

(5) CONTRIBUTIONS.—

(a) Each employer shall contribute on behalf of each participant in the Public Employee Optional Retirement Program, *as provided in part III of this chapter an amount based on a percentage of the employee's monthly compensation as set forth in s. 121.571*. The state board, acting as plan fiduciary, shall ensure that all plan assets are held in a trust, pursuant to s. 401 of the Internal Revenue Code. ~~The employer shall forward all contributions under this program to the third-party administrator.~~ The fiduciary shall ensure that said contributions are allocated as follows:

1. The portion earmarked for participant accounts shall be used to purchase interests in the appropriate investment vehicles for the accounts of each participant as specified by the participant, or in accordance with paragraph (4)(d).

2. The portion earmarked for administrative and educational expenses shall be transferred to the board.

3. The portion earmarked for disability benefits shall be transferred to the department.

(b) Employers are responsible for notifying participants regarding maximum contribution levels permitted under the Internal Revenue Code. If a participant contributes to any other tax-deferred plan, he or she is responsible for ensuring that total contributions made to the optional program and to any other such plan do not exceed federally permitted maximums.

(15) STATEMENT OF FIDUCIARY STANDARDS AND RESPONSIBILITIES.—

(a) Investment of optional defined contribution retirement plan assets shall be made for the sole interest and exclusive purpose of providing benefits to plan participants and beneficiaries and defraying reasonable expenses of administering the plan. The program's assets are to be invested, on behalf of the program participants, with the care, skill, and diligence that a prudent person acting in a like manner would undertake. The performance of the investment duties set forth in this paragraph shall comply with the fiduciary standards set forth in the Employee Retirement Income Security Act of 1974 at 29 U.S.C. s. 1104(a)(1)(A)-(C). In case of conflict with other provisions of law authorizing investments, the investment and fiduciary standards set forth in this subsection shall prevail.

(b) If a participant or beneficiary of the Public Employee Optional Retirement Program exercises control over the assets in his or her account, as determined by reference to regulations of the United States Department of Labor under s. 404(c) of the Employee Retirement Income Security Act of 1974 and all applicable laws governing the operation of the program, no program fiduciary shall be liable for any loss to a participant's or beneficiary's account which results from such participant's or beneficiary's exercise of control.

(c) *Subparagraph (8)(b)4. and paragraph (15)(b) incorporate the federal law concept of participant control, established by regulations of the U.S. Department of Labor under section 404(c) of the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of this paragraph is to assist employers and the State Board of Administration in maintaining compliance with section 404(c), while avoiding unnecessary costs and eroding participant benefits under the Public Employee Optional Retirement Program. Pursuant to 29 C.F.R. s. 2550.404c-1(b)(2)(i)(B)(1)(viii), the State Board of Administration or its designated agents shall deliver to participants of the Public Employee Optional Retirement Program a copy of the prospectus most recently provided to the plan, or shall provide such participants an opportunity to obtain this information, except that:*

1. *The requirement to deliver a prospectus shall be deemed to be satisfied by delivery of a fund profile that contains the information that would be included in a summary prospectus as described by Rule 498 under the Securities Act of 1933, 17 C.F.R. s. 230.498. When the transaction fees, expense information or other information provided by a mutual fund in the prospectus does not reflect terms negotiated by the State Board of Administration or its designated agents, the aforementioned*

requirement is deemed to be satisfied by delivery of a separate document described by Rule 498 substituting accurate information; and

2. Delivery shall be deemed to have been effected if delivery is through electronic means and the following standards are satisfied:

a. Electronically-delivered documents are prepared and provided consistent with style, format, and content requirements applicable to printed documents;

b. Each participant is provided timely and adequate notice of the documents that are to be delivered and their significance thereof, and of the participant's right to obtain a paper copy of such documents free of charge;

c.(I) Participants have adequate access to the electronic documents, at locations such as their workites or public facilities, and have the ability to convert the documents to paper free of charge by the State Board of Administration, and the Board or its designated agents take appropriate and reasonable measures to ensure that the system for furnishing electronic documents results in actual receipt, or

(II) Participants have provided consent to receive information in electronic format, which consent may be revoked; and

d. The State Board of Administration, or its designated agent, actually provides paper copies of the documents free of charge, upon request.

Section 7. Section 121.571, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 121.571, F.S., for present text.)

121.571 Contributions.—Contributions to the Public Employee Optional Retirement Program shall be made as follows:

(1) NONCONTRIBUTORY PLAN.—Each employer shall accomplish the contributions required by s. 121.71 by a procedure in which no employee's gross salary shall be reduced.

(2) CONTRIBUTION RATES GENERALLY.—Contributions to fund the retirement and disability benefits provided under this part shall be based on the uniform contribution rates established by s. 121.71 and on the membership class or subclass of the participant. Such contributions shall be allocated as provided in ss. 121.72 and 121.73.

(3) CONTRIBUTIONS FOR SOCIAL SECURITY COVERAGE AND FOR RETIREE HEALTH INSURANCE SUBSIDY.—Contributions required under this section shall be in addition to employer and member contributions required for social security and the Retiree Health Insurance Subsidy Trust Fund as provided in ss. 112.363, 121.052, 121.055, and 121.071, as appropriate.

Section 8. Section 11 of chapter 2001-235, Laws of Florida, is amended to read:

Section 11. It is the intent of the Legislature that the costs attributable to the additional cost-of-living increase for special risk retirees and Deferred Retirement Option Program participants as provided under section 2 shall be funded by recognition of excess actuarial assets, amortized over 30 years with the payments assumed to remain relatively stable when expressed as a percentage of payroll. For fiscal year 2001-2002, the payment shall be \$9.3 million. For fiscal year 2002-2003, the payment shall be \$15.1 ~~\$19~~ million, and, thereafter, payments shall increase by 5 percent per year. If insufficient funds are available to fund this additional cost through recognition of excess actuarial assets in fiscal year 2002-2003 and any year thereafter, and there remains an unfunded actuarial liability attributable to the one-time cost-of-living increase provided under section 2, the payroll contribution rate for the Special Risk Class of the Florida Retirement System shall be increased by .93 percent effective July 1 of that year, unless the Legislature provides an alternative funding mechanism before that date.

Section 9. Section 23 of chapter 2000-169, Laws of Florida, is hereby repealed.

Section 10. The contribution rates proposed in this act shall be in addition to all other changes to such contribution rates which may be enacted into law to take effect on July 1, 2002. The Division of Statutory Revision is directed to adjust the contribution rates set forth herein accordingly.

Section 11. The Legislature finds that a proper and legitimate state purpose is served when employees, officers, retirees of the state and its political subdivisions, and the dependents, survivors, and beneficiaries of such employees, officers, and retirees, are extended the basic protections afforded by governmental retirement systems that provide fair and adequate benefits and that are managed, administered, and funded in an actuarially sound manner, as required by Section 14, Article X of the State Constitution and part VII of chapter 112, Florida Statutes. Therefore, the Legislature hereby determines and declares that the provisions of this act fulfill an important state interest.

Section 12. Except as otherwise provided herein, this act shall take effect June 30, 2002.

And the title is amended as follows:

Delete everything before the enacting clause and insert: An act relating to the Florida Retirement System; creating part III of chapter 121, F.S., consisting of ss. 121.70, 121.71, 121.72, 121.73, 121.74, 121.75, 121.76, 121.77, 121.78, F.S.; providing legislative purpose and intent to establish a uniform contribution rate system for the Florida Retirement System; providing for establishment of uniform rates; providing allocations to Public Employee Optional Retirement Program accounts; providing for allocations to provide disability coverage for Public Employee Optional Retirement Program participants; providing administrative and educational expenses; providing for transfer of remaining balance to Florida Retirement System Trust Fund to fund the benefit costs under the Florida Retirement System Pension Plan and administrative costs authorized under part I of chapter 121, F.S.; providing for contributions for Social Security and for the retiree health insurance subsidy; granting the State Board of Administration authority to allow the third-party administrator to make deductions from participant accounts; providing for payment and distribution of contributions; amending ss. 121.052, 121.055, 121.071, 121.571, F.S., to conform to the uniform contribution rate system; amending s. 121.091, F.S.; reducing contribution rates for DROP payroll; amending s. 121.4501, F.S.; conforming references; providing guidance to assist employers and the State Board of Administration in maintaining compliance with section 404(c) of ERISA; providing a directive to statute editors; amending section 11 of chapter 2001-235, Laws of Florida, to revise annual payment amount to cover the cost for the special January 2002 benefit increase provided for certain retirees and DROP participants; repealing section 23 of chapter 2000-169, Laws of Florida, relating to contribution rate increases scheduled to take effect on July 1, 2002, which are redundant; providing legislative intent regarding other rate changes; providing a declaration of important state interest; providing an effective date.

Amendment 1 (335504)(with title amendment)—On page 1, line 18, insert:

Section 1. Paragraph (j) of subsection (1) of section 475.01, Florida Statutes, is amended to read:

475.01 Definitions.—

(1) As used in this part:

(j) “Salesperson” means a person who performs any act specified in the definition of “broker,” but who performs such act under the *employment direction, control, or management* of another person. A salesperson renders a professional service and is a professional within the meaning of s. 95.11(4)(a). *Nothing in this definition shall be construed to limit a salesperson from registering as an officer or director of a brokerage corporation or a general partner of a brokerage partnership. A salesperson may also form a partnership, limited liability company, limited liability partnership, or corporation with brokers and other salespersons. However, any partnership, limited liability company, limited liability partnership, or corporation formed by a salesperson must include the salesperson’s registered employer as a member or a partner.*

Section 2. Subsections (4) and (5) of section 475.011, Florida Statutes, are amended to read:

475.011 Exemptions.—This part does not apply to:

(4) Any salaried employee of an owner, or of a registered broker for an owner, of an apartment community who works in an onsite rental office of the apartment community in a leasing capacity, *provided the salaried employee works without any other compensation being paid in addition to the salary;*

(5) Any person employed for a salary as a manager of a condominium or cooperative apartment complex as a result of any activities or duties which the person may have in relation to the renting of individual units within such condominium or cooperative apartment complex if rentals arranged by the person are for periods no greater than 1 year, *provided the person works without any other compensation being paid in addition to the salary;*

Section 3. Section 475.15, Florida Statutes, is amended to read:

475.15 Registration and licensing of general partners, members, officers, and directors of a firm.—Each partnership, limited liability partnership, limited liability company, or corporation which acts as a broker shall register with the commission and shall renew the licenses or registrations of its members, officers, and directors for each license period. However, if the ~~partnership is a limited partnership, only the general partners must be licensed brokers or brokerage corporations registered pursuant to this part.~~ If the license or registration of at least one active broker member is not in force, the registration of a corporation, limited liability company, limited liability partnership, or partnership is canceled automatically during that period of time.

Section 4. Subsection (1) of section 475.22, Florida Statutes, is amended to read:

475.22 Broker to maintain office and sign at entrance of office; registered office outside state; broker required to cooperate in investigation.—

(1) Each active broker shall maintain an office, which shall consist of at least one enclosed room in a building of stationary construction. Each active broker shall maintain a sign on or about the entrance of her or his principal office and each branch office, which sign may be easily observed and read by any person about to enter such office ~~and shall be of such form and minimum dimensions as shall be prescribed by the commission.~~ Each sign shall contain the name of the broker, together with the trade name, if any. For a partnership or corporation, the sign shall contain the name of the firm or corporation or trade name of the firm or corporation, together with the name of at least one of the brokers. At a minimum, the words “licensed real estate broker” or “lic. real estate broker” shall appear on the office entrance signs.

Section 5. Paragraphs (d), (h), and (k) of subsection (1) of section 475.25, Florida Statutes, are amended to read:

475.25 Discipline.—

(1) The commission may deny an application for licensure, registration, or permit, or renewal thereof; may place a licensee, registrant, or permittee on probation; may suspend a license, registration, or permit for a period not exceeding 10 years; may revoke a license, registration, or permit; may impose an administrative fine not to exceed \$1,000 for each count or separate offense; and may issue a reprimand, and any or all of the foregoing, if it finds that the licensee, registrant, permittee, or applicant:

(d)1. Has failed to account or deliver to any person, including a licensee under this chapter, at the time which has been agreed upon or is required by law or, in the absence of a fixed time, upon demand of the person entitled to such accounting and delivery, any personal property such as money, fund, deposit, check, draft, abstract of title, mortgage, conveyance, lease, or other document or thing of value, including a share of a real estate commission if a civil judgment relating to the practice of the licensee’s profession has been obtained against the licensee and said judgment has not been satisfied in accordance with the terms of the judgment within a reasonable time, or any secret or illegal profit, or any divisible share or portion thereof, which has come into the licensee’s hands and which is not the licensee’s property or which the licensee is not in law or equity entitled to retain under the circumstances. However, if the licensee, ~~in good faith,~~ entertains doubt as to what person is entitled to the accounting and delivery of the escrowed property, ~~or if conflicting demands have been made upon the licensee for the escrowed property, which property she or he still maintains in her or his escrow or trust account,~~ the licensee shall promptly notify the commission of such doubts or conflicting demands and shall promptly:

a. Request that the commission issue an escrow disbursement order determining who is entitled to the escrowed property;

b. With the consent of all parties, submit the matter to arbitration;

c. By interpleader or otherwise, seek adjudication of the matter by a court; or

d. With the written consent of all parties, submit the matter to mediation. The department may conduct mediation or may contract with public or private entities for mediation services. However, the mediation process must be successfully completed within 90 days following the last demand or the licensee shall promptly employ one of the other escape procedures contained in this section. Payment for mediation will be as agreed to in writing by the parties. The department may adopt rules to implement this section.

In the alternative, a licensee may promptly disburse property from a licensee’s escrow account without notifying the commission or employing one of the procedures listed in sub-subparagraphs a.-d. and, notwithstanding any civil liability that may exist, no administrative complaint may be filed against a licensee solely because the licensee disbursed escrowed property without first notifying the commission or employing one of the procedures listed in sub-subparagraphs a.-d. If the licensee promptly employs one of the escape procedures contained herein, and if she or he abides by the order or judgment resulting therefrom, no administrative complaint may be filed against the licensee for failure to account for, deliver, or maintain the escrowed property. If the buyer of a residential condominium unit delivers to a licensee written notice of the buyer’s intent to cancel the contract for sale and purchase, as authorized by s. 718.503, or if the buyer of real property in good faith fails to satisfy the terms in the financing clause of a contract for sale and purchase, the licensee may return the escrowed property to the purchaser without notifying the commission or initiating any of the procedures listed in sub-subparagraphs a.-d.

2. Has failed to deposit money in an escrow account when the licensee is the purchaser of real estate under a contract where the contract requires the purchaser to place deposit money in an escrow account to be applied to the purchase price if the sale is consummated.

(h) Has shared a commission with, or paid a fee or other compensation to, a person not properly licensed as a broker, broker-salesperson, or salesperson under the laws of this state, for the referral of real estate business, clients, prospects, or customers, or for any one or more of the services set forth in s. 475.01(1)(a). For the purposes of this section, it is immaterial that the person to whom such payment or compensation is given made the referral or performed the service from within this state

or elsewhere; however, a licensed broker of this state may pay a referral fee or share a real estate brokerage commission with a broker licensed or registered under the laws of a foreign state so long as the foreign broker does not violate any law of this state. *However, when a broker has compensated a salesperson or a legal entity formed and controlled by a salesperson, that salesperson may compensate persons associated with the salesperson or legal entity.*

(k) Has failed, if a broker, to immediately place, upon receipt, any money, fund, deposit, check, or draft entrusted to her or him by any person dealing with her or him as a broker in *an escrow account with a title company, banking institution, credit union, or savings and loan association located and doing business in this state in a manner consistent with the broker's fiduciary obligations and requirements of timely disbursement, or to deposit such funds in a trust or escrow account maintained by her or him with some bank, credit union, or savings and loan association located and doing business in this state*, wherein the funds shall be kept *and, with the written consent of the parties to a transaction, invested in a manner not inconsistent with s. 18.10(2), until disbursement thereof is properly authorized; or has failed, if a salesperson, to immediately place with her or his registered employer any money, fund, deposit, check, or draft entrusted to her or him by any person dealing with her or him as agent of the registered employer. The commission shall establish rules to provide for records to be maintained by the broker and the manner in which such deposits shall be made. A broker may place and maintain up to \$5,000 of personal or brokerage business funds in the broker's escrow account and shall be provided a reasonable amount of time to correct escrow account errors if there is no shortage of funds and such errors pose no significant threat to economically harm the public. It is the intent of the Legislature that, in the event of legal proceedings concerning a broker's escrow account, the disbursement of escrowed funds shall not be delayed due to any dispute over the personal or brokerage funds that may be present in the escrow account.*

2. To accomplish minor repairs or construction and maintenance activities for which time is of the essence and for which significant cost savings would occur; or
3. To accomplish nonemergency work necessary to ensure avoidance of adverse conditions that affect the safe and efficient flow of traffic.

The department shall make a good faith effort to obtain two or more quotes, if available, from qualified contractors before entering into any contract. The department shall give consideration to disadvantaged business enterprise participation. However, when the work exists within the limits of an existing contract, the department shall make a good faith effort to negotiate and enter into a contract with the prime contractor on the existing contract.

For the purposes of this section, the term "street light poles" does not include electric transmission or distribution poles. The department shall have authority to establish administrative rules to implement this subsection. No advertising on light poles shall be permitted on the Interstate Highway System. No permanent structures carrying advertisements attached to light poles shall be permitted on the National Highway System.*

This member shall be an ex officio voting member of the authority. If the governing board of an authority includes any member originally appointed by the governing body of the county as a nonvoting member, when the term of such member expires, that member shall be replaced by a member appointed by the Governor until the governing body of the authority is composed of seven members appointed by the governing body of the county and five members appointed by the Governor. *The qualifications, terms of office, and obligations and rights of members of the authority shall be determined by resolution or ordinance of the governing body of the county in a manner that is consistent with subsections (3) and (4).*

348.0008 Acquisition of lands and property.—

(1) For the purposes of the Florida Expressway Authority Act, an expressway authority may acquire *such rights, title, or interest* in private

or public property and *such* property rights, including *easements*, rights of access, air, view, and light, by gift, devise, purchase, or condemnation by eminent domain proceedings, as the authority may deem necessary for any of the purposes of the Florida Expressway Authority Act, including, but not limited to, any lands reasonably necessary for securing applicable permits, areas necessary for management of access, borrow pits, drainage ditches, water retention areas, rest areas, replacement access for landowners whose access is impaired due to the construction of an expressway system, and replacement rights-of-way for relocated rail and utility facilities; for existing, proposed, or anticipated transportation facilities on the expressway system or in a transportation corridor designated by the authority; or for the purposes of screening, relocation, removal, or disposal of junkyards and scrap metal processing facilities. The authority may also condemn any material and property necessary for such purposes.

An expressway authority shall make reimbursement for any actual damage to such lands, water, and premises as a result of such activities.*

(3)(2) The right of eminent domain conferred by the Florida Expressway Authority Act must be exercised by each authority in the manner provided by law.

This subsection does not affect the rights or liabilities of any past or future owners of the acquired property nor does it affect the liability of any governmental entity for the results of its actions which create or exacerbate a pollution source. An authority and the Department of Environmental Protection may enter into interagency agreements for the performance, funding, and reimbursement of the investigative and remedial acts necessary for property acquired by the authority.

Section 32. Subsection (1) of section 553.80, Florida Statutes, is amended to read:

(d) Building plans approved pursuant to s. 553.77(6) and state-approved manufactured buildings, including buildings manufactured and assembled offsite and not intended for habitation, such as lawn

(f) *The Florida Building Code as it pertains to toll-collection facilities under the jurisdiction of the turnpike enterprise of the Department of Transportation shall be enforced exclusively by the turnpike enterprise.*

The governing bodies of local governments may provide a schedule of fees, as authorized by s. 125.56(2) or s. 166.222 and this section, for the enforcement of the provisions of this part. Such fees shall be used solely for carrying out the local government's responsibilities in enforcing the Florida Building Code. The authority of state enforcing agencies to set fees for enforcement shall be derived from authority existing on July 1, 1998. However, nothing contained in this subsection shall operate to limit such agencies from adjusting their fee schedule in conformance with existing authority.

Section 33. Paragraphs (a) and (d) of subsection (2) and subsection (6) of section 212.055, Florida Statutes, are amended to read:

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. 212.054.

(2) LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.—

(a)1. The governing authority in each county may levy a discretionary sales surtax of 0.5 percent or 1 percent. The levy of the surtax shall be pursuant to ordinance enacted by a *two-thirds vote majority* of the members of the county governing authority or pursuant to ordinance enacted by a majority of the members of the county governing authority and approved by a majority of the electors of the county voting in a referendum on the surtax. If the governing bodies of the municipalities representing a majority of the county's population adopt uniform resolutions establishing the rate of the surtax and calling for a referendum on the surtax, the levy of the surtax shall be placed on the ballot and shall take effect if approved by a majority of the electors of the county voting in the referendum on the surtax.

2. If the surtax was levied pursuant to a referendum held before July 1, 1993, the surtax may not be levied beyond the time established in the ordinance, or, if the ordinance did not limit the period of the levy, the surtax may not be levied for more than 15 years. The levy of such surtax may be extended only by approval of a majority of the electors of the county voting in a referendum on the surtax or pursuant to ordinance enacted by a two-thirds vote of the members of the county governing authority.

(d)1. The proceeds of the surtax authorized by this subsection and approved by referendum and any interest accrued thereto shall be expended by the school district or within the county and municipalities within the county, or, in the case of a negotiated joint county agreement, within another county, to finance, plan, and construct infrastructure and to acquire land for public recreation or conservation or protection of natural resources and to finance the closure of county-owned or municipally owned solid waste landfills that are already closed or are required to close by order of the Department of Environmental Protection. Any use of such proceeds or interest for purposes of landfill closure prior to July 1, 1993, is ratified. Neither the proceeds nor any interest accrued thereto shall be used for operational expenses of any infrastructure, except that any county with a population of less than 75,000 that is required to close a landfill by order of the Department of Environmental Protection may use the proceeds or any interest accrued thereto for long-term maintenance costs associated with landfill closure. Counties, as defined in s. 125.011(1), and charter counties may, in addition, use the

proceeds and any interest accrued thereto to retire or service indebtedness incurred for bonds issued prior to July 1, 1987, for infrastructure purposes, and for bonds subsequently issued to refund such bonds. Any use of such proceeds or interest for purposes of retiring or servicing indebtedness incurred for such refunding bonds prior to July 1, 1999, is ratified.

2. *The proceeds of the surtax where the surtax is levied by a two-thirds vote of the governing body of the county and any interest accrued thereto shall be expended by the school district or within the county and municipalities within the county for infrastructure located within the urban service area that is identified in the local government comprehensive plan of the county or municipality and is identified in that local government's capital improvements element adopted pursuant to s. 163.3177(3) or that is identified in the school district's educational facilities plan adopted pursuant to s. 235.185.*

3.2. For the purposes of this paragraph, "infrastructure" means:

a. Any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction, or improvement of public facilities which have a life expectancy of 5 or more years and any land acquisition, land improvement, design, and engineering costs related thereto.

b. A fire department vehicle, an emergency medical service vehicle, a sheriff's office vehicle, a police department vehicle, or any other vehicle, and such equipment necessary to outfit the vehicle for its official use or equipment that has a life expectancy of at least 5 years.

4.3. Notwithstanding any other provision of this subsection, a discretionary sales surtax imposed or extended after the effective date of this act may provide for an amount not to exceed 15 percent of the local option sales surtax proceeds to be allocated for deposit to a trust fund within the county's accounts created for the purpose of funding economic development projects of a general public purpose targeted to improve local economies, including the funding of operational costs and incentives related to such economic development. *If applicable*, the ballot statement must indicate the intention to make an allocation under the authority of this subparagraph.

(6) SCHOOL CAPITAL OUTLAY SURTAX.—

(a) The school board in each county may levy, pursuant to resolution conditioned to take effect only upon approval by a majority vote of the electors of the county voting in a referendum, a discretionary sales surtax at a rate that may not exceed 0.5 percent.

(b) The resolution shall include a statement that provides a brief and general description of the school capital outlay projects to be funded by the surtax. If applicable, the resolution must state that the district school board has been recognized by the State Board of Education as having a Florida Frugal Schools Program. The statement shall conform to the requirements of s. 101.161 and shall be placed on the ballot by the governing body of the county. The following question shall be placed on the ballot:

.... FOR THE CENTS TAX
.... AGAINST THE CENTS TAX

(c) *As an alternative method of levying the discretionary sales surtax, the district school board may levy, pursuant to resolution adopted by a two-thirds vote of the members of the school board, a discretionary sales surtax at a rate not to exceed 0.5 percent when the following conditions are met:*

1. *The district school board and local governments in the county where the school district is located have adopted an interlocal agreement and public educational facilities element as required by chapter 163;*

2. *The district school board has adopted a district educational facilities plan pursuant to s. 235.185; and*

3. *The district's use of surtax proceeds for new construction must not exceed the cost-per-student criteria established for the SIT Program in s. 235.216(2).*

(d)(e) The resolution providing for the imposition of the surtax shall set forth a plan for use of the surtax proceeds for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses which have a

useful life expectancy of 5 or more years, and any land acquisition, land improvement, design, and engineering costs related thereto. Additionally, the plan shall include the costs of retrofitting and providing for technology implementation, including hardware and software, for the various sites within the school district. Surtax revenues may be used for the purpose of servicing bond indebtedness to finance projects authorized by this subsection, and any interest accrued thereto may be held in trust to finance such projects. Neither the proceeds of the surtax nor any interest accrued thereto shall be used for operational expenses. If the district school board has been recognized by the State Board of Education as having a Florida Frugal Schools Program, the district's plan for use of the surtax proceeds must be consistent with this subsection and with assets assured under the Florida Frugal Schools Program.

(e)(d) Any school board imposing the surtax shall implement a freeze on noncapital local school property taxes, at the millage rate imposed in the year prior to the implementation of the surtax, for a period of at least 3 years from the date of imposition of the surtax. This provision shall not apply to existing debt service or required state taxes.

(f)(e) Surtax revenues collected by the Department of Revenue pursuant to this subsection shall be distributed to the school board imposing the surtax in accordance with law.

Section 34. *Section 59 of chapter 99-385, Laws of Florida, is repealed.*

Section 35. Subsection (3) of section 73.071, Florida Statutes, is amended to read:

73.071 Jury trial; compensation; severance damages; business damages.—

(3) The jury shall determine solely the amount of compensation to be paid, which compensation shall include:

(a) The value of the property sought to be appropriated;

(b) Where less than the entire property is sought to be appropriated, any damages to the remainder caused by the taking, including, when the action is by the Department of Transportation, county, municipality, board, district or other public body for the condemnation of a right-of-way, and the effect of the taking of the property involved may damage or destroy an established business of more than 4 years' standing before January 1, 2005, or the effect of the taking of the property involved may damage or destroy an established business of more than 5 years' standing on or after January 1, 2005, owned by the party whose lands are being so taken, located upon adjoining lands owned or held by such party, the probable damages to such business which the denial of the use of the property so taken may reasonably cause; any person claiming the right to recover such special damages shall set forth in his or her written defenses the nature and extent of such damages; and

(c) Where the appropriation is of property upon which a mobile home, other than a travel trailer as defined in s. 320.01, is located, whether or not the owner of the mobile home is an owner or lessee of the property involved, and the effect of the taking of the property involved requires the relocation of such mobile home, the reasonable removal or relocation expenses incurred by such mobile home owner, not to exceed the replacement value of such mobile home. The compensation paid to a mobile home owner under this paragraph shall preclude an award to a mobile home park owner for such expenses of removal or relocation. Any mobile home owner claiming the right to such removal or relocation expenses shall set forth in his or her written defenses the nature and extent of such expenses. This paragraph shall not apply to any governmental authority exercising its power of eminent domain when reasonable removal or relocation expenses must be paid to mobile home owners under other provisions of law or agency rule applicable to such exercise of power.

Section 36. Section 341.8201, Florida Statutes, is created to read:

341.8201 *Short title.—Sections 341.8201-341.843 may be cited as the "Florida High-Speed Rail Authority Act."*

Section 37. Section 341.8202, Florida Statutes, is created to read:

341.8202 *Legislative findings, policy, purpose, and intent.—*

(1) *The intent of this act is to implement the purpose of s. 19, Art. X of the State Constitution, which directs the Legislature, the Cabinet and*

the Governor to proceed with the development, either by the state or an approved private entity, of a high-speed monorail, fixed guideway, or magnetic levitation system, capable of speeds in excess of 120 miles per hour. The development of such a system, which will link Florida's five largest urban areas as defined in this act, includes acquisition of right-of-way and the financing of design and construction with construction beginning on or before November 1, 2003. Further, this act promotes the various growth management and environmental protection laws enacted by the Legislature and encourages and enhances the establishment of a high-speed rail system. The Legislature further finds that:

(a) *The implementation of a high-speed rail system in the state will result in overall social and environmental benefits, improvements in ambient air quality, better protection of water quality, greater preservation of wildlife habitat, less use of open space, and enhanced conservation of natural resources and energy.*

(b) *A high-speed rail system, when developed in conjunction with sound land use planning, becomes an integral part in achieving growth management goals and encourages the use of public transportation to augment and implement land use and growth management goals and objectives.*

(c) *Development and utilization of a properly designed, constructed, and financed high-speed rail system and associated development can act as a catalyst for economic growth and development, mitigate unduly long and traffic-congested commutes for day-to-day commuters, create new employment opportunities, serve as a positive growth management system for building a better and more environmentally secure state, and serve a paramount public purpose by promoting the health, safety, and welfare of the citizens of the state.*

(d) *Transportation benefits of a high-speed rail system include improved travel times and more reliable travel, which will increase productivity and energy efficiency in the state.*

(2) *The Legislature further finds that:*

(a) *Access to timely and efficient modes of passenger transportation is necessary for travelers, visitors, and day-to-day commuters, to the quality of life in the state, and to the economy of the state.*

(b) *Technological advances in the state's transportation system can significantly and positively affect the ability of the state to attract and provide efficient services for domestic and international tourists and therefore increase revenue of the state.*

(c) *The geography of the state is suitable for the construction and efficient operation of a high-speed rail system.*

(d) *The public use of the high-speed rail system must be encouraged and assured in order to achieve the public purpose and objectives set forth in this act. In order to encourage the public use of the high-speed rail system and to protect the public investment in the system, it is necessary to provide an environment surrounding each high-speed rail station which will allow the development of associated development for the purpose of creating revenue in support of and for the high-speed rail system, enhance the safe movement of pedestrians and traffic into and out of the area, ensure the personal safety of high-speed rail system and related facility users and their personal property while the users are in the area of each station, and eliminate all conditions in the vicinity which constitute economic and social impediments and barriers to the use of the high-speed rail system and associated development.*

(e) *Areas surrounding certain proposed high-speed rail stations can, as a result of existing conditions, crime, and traffic congestion, pose a serious threat to the use of the high-speed rail system, reduce revenue from users, discourage pedestrian and traffic ingress and egress, retard sound growth and development, impair public investment, and consume an excessive amount of public revenues in the employment of police and other forms of public protection to adequately safeguard the high-speed rail system and its users. Such areas may require redevelopment, acquisition, clearance, or disposition, or joint public and private development to provide parking facilities, retail establishments, restaurants, hotels, or office facilities associated with or ancillary to the high-speed rail system and rail stations and to otherwise provide for an environment that will encourage the use of, and safeguard, the system.*

(f) *The powers conferred by this act are for public uses and purposes as established by s. 19, Art. X of the State Constitution for which public funds may be expended, and the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination to implement the intent of s. 19, Art. X of the State Constitution.*

(g) *Urban and social benefits include revitalization of economically depressed areas, the redirection of growth in a carefully and comprehensively planned manner, and the creation of numerous employment opportunities within inner-city areas.*

(h) *The provisions contained in this act are a declaration of legislative intent that the state develop a high-speed rail system to help solve transportation problems and eliminate their negative effect on the citizens of this state, and therefore serves a public purpose.*

(i) *Joint development is a necessary planning, financing, management, operation, and construction mechanism to ensure the continued future development of an efficient and economically viable high-speed rail system in this state.*

(3) *It is the intent of the Legislature to authorize the authority to implement innovative mechanisms required to effect the joint public-private venture approach to planning, locating, permitting, managing, financing, constructing, operating, and maintaining a high-speed rail system for the state, including providing incentives for revenue generation, operation, construction, and management by the private sector.*

Section 1. Paragraph (d) of subsection (2), paragraph (c) of subsection (3), paragraphs (a), (b), and (c) of subsection (4), subsection (6), paragraphs (c) and (e) of subsection (7), and paragraph (a) of subsection (8) of section 121.4501, Florida Statutes, are amended, and paragraph (c) is added to subsection (5) of said section, to read:

121.4501 Public Employee Optional Retirement Program.—

(2) DEFINITIONS.—As used in this section, the term:

(d) "Eligible employee" means an officer or employee, as defined in s. 121.021(11), who:

1. Is a member of, or is eligible for membership in, the Florida Retirement System, *including any renewed member of the Florida Retirement System*;

2. Participates in, or is eligible to participate in, the Senior Management Service Optional Annuity Program as established under s. 121.055(6); or

3. Is eligible to participate in, but does not participate in, the State University System Optional Retirement Program established under s. 121.35 or the State Community College System Optional Retirement Program established under s. 121.051(2)(c).

The term does not include ~~any renewed member of the Florida Retirement System~~, any member participating in the Deferred Retirement Option Program established under s. 121.091(13); or any employee participating in an optional retirement program established under s. 121.051(2)(c) or s. 121.35.

(3) ELIGIBILITY; RETIREMENT SERVICE CREDIT.—

(c)1. Notwithstanding paragraph (b), each eligible employee who elects to participate in the Public Employee Optional Retirement Program and establishes one or more individual participant accounts under the optional program may elect to transfer to the optional program a sum representing the present value of the employee's accumulated benefit obligation under the defined benefit retirement program of the Florida Retirement System. Upon such transfer, all service credit previously earned under the defined benefit program of the Florida Retirement System shall be nullified for purposes of entitlement to a future benefit under the defined benefit program of the Florida Retirement System. A participant is precluded from transferring the accumulated benefit obligation balance from the defined benefit program upon the expiration of the period afforded to enroll in the optional program.

2. For purposes of this subsection, the present value of the member's accumulated benefit obligation is based upon the member's estimated creditable service and estimated average final compensation as of midnight of the day prior to the opening of the election window for the employee. The actuarial present value of the employee's accumulated benefit obligation shall be based on the following:

a. The discount rate and other relevant actuarial assumptions used to value the Florida Retirement System Trust Fund at the time the amount to be transferred is determined, consistent with the factors provided in sub-subparagraphs b. and c.

b. A benefit commencement age, based on the member's estimated creditable service as of midnight on May 31, 2002. The benefit commencement age shall be the younger of the following, but shall not be younger than the member's age as of midnight on May 31, 2002:

(I) Age 62; or

(II) The age the member would attain if the member completed 30 years of service with an employer, assuming the member worked continuously from May 31, 2002, and disregarding any vesting requirement that would otherwise apply under the defined benefit program of the Florida Retirement System.

c. For members of the Special Risk Class and for members of the Special Risk Administrative Support Class entitled to retain special risk normal retirement date, the benefit commencement age shall be the

younger of the following, but shall not be younger than the member's age as of midnight on May 31, 2002:

(I) Age 55; or

(II) The age the member would attain if the member completed 25 years of service with an employer, assuming the member worked continuously from May 31, 2002, and disregarding any vesting requirement that would otherwise apply under the defined benefit program of the Florida Retirement System.

d. The calculation shall disregard vesting requirements and early retirement reduction factors that would otherwise apply under the defined benefit retirement program.

3. For each participant who elects to transfer moneys from the defined benefit program to his or her account in the optional program, the division shall recompute the amount transferred under subparagraph 2. not later than 60 days after the actual transfer of funds based upon the participant's actual creditable service and actual final average compensation as of the initial date of participation in the optional program. If the recomputed amount differs from the amount transferred under subparagraph 2. by \$10 or more, the division shall:

a. Transfer, or cause to be transferred, from the Florida Retirement System Trust Fund to the participant's account in the optional program the excess, if any, of the recomputed amount over the previously transferred amount together with interest from the initial date of transfer to the date of transfer under this subparagraph, based upon 8 percent effective annual interest, compounded annually.

b. Transfer, or cause to be transferred, from the participant's account to the Florida Retirement System Trust Fund the excess, if any, of the previously transferred amount over the recomputed amount, together with interest from the initial date of transfer to the date of transfer under this subparagraph, based upon 6 percent effective annual interest, compounded annually, pro rata based on the participant's allocation plan.

4. As directed by the participant, the board shall transfer or cause to be transferred the appropriate amounts to the designated accounts. The board shall establish transfer procedures by rule, but the actual transfer shall not be later than 30 days after the effective date of the member's participation in the optional program *unless the major financial markets for securities available for a transfer are seriously disrupted by an unforeseen event which also causes the suspension of trading on any national securities exchange in the country where the securities were issued. In that event, such 30-day period of time may be extended by a resolution of the trustees.* Transfers are not commissionable or subject to other fees and may be in the form of securities or cash as determined by the state board. Such securities shall be valued as of the date of receipt in the participant's account.

5. If the board or the division receives notification from the United States Internal Revenue Service that this paragraph or any portion of this paragraph will cause the retirement system, or a portion thereof, to be disqualified for tax purposes under the Internal Revenue Code, then the portion that will cause the disqualification does not apply. Upon such notice, the state board and the division shall notify the presiding officers of the Legislature.

(4) PARTICIPATION; ENROLLMENT.—

(a)1. With respect to an eligible employee who is employed in a regularly established position on June 1, 2002, by a state employer:

a. Any such employee may elect to participate in the Public Employee Optional Retirement Program in lieu of retaining his or her membership in the defined benefit program of the Florida Retirement System. The election must be made in writing or by electronic means and must be filed with the *third-party administrator by August 31* ~~department and the personnel officer of the employer within 90 days after June 1, 2002, or, in the case of an active employee who is on a leave of absence on April June 1, 2002, by August 31, 2002, or within 90 days after the conclusion of the leave of absence, whichever is later.~~ This election is irrevocable, except as provided in paragraph (e). Upon making such election, the employee shall be enrolled as a participant of the Public Employee Optional Retirement Program, the employee's membership in the Florida Retirement System shall be governed by the provisions of

this part, and the employee's membership in the defined benefit program of the Florida Retirement System shall terminate. (3) ELECTION OF OPTIONAL PROGRAM.—

(a) Any eligible employee who is employed on or before March 1, 1984, may elect to participate in the optional retirement program in lieu of participation in the Florida Retirement System. Such election shall be made in writing and filed with the division and the personnel officer of the employer on or before June 1, 1984. Upon such election, participation in the optional program will take effect July 1, 1984, and election to so participate will terminate the membership of the employee in the Florida Retirement System. Any eligible employee who is employed on or before March 1, 1984, and who fails to make an election to participate in the optional program by June 1, 1984, shall be deemed to have elected to retain membership in the Florida Retirement System.

(b)1. Any employee who becomes eligible to participate in the optional retirement program by reason of initial employment commencing after March 1, 1984, but before January 1, 1993, may, within 90 days after the date of commencement of employment, elect to participate in the optional program. Such election shall be made in writing and filed with the personnel officer of the employer. The eligible employees described in this subparagraph shall be enrolled in the Florida Retirement System at the commencement of employment, with the exception of those employees who file an election with the personnel officer of the employer prior to the submission of the initial payroll for the employee. For such employees, participation will be effective on the first day of employment or on July 1, 1984, whichever is later. If an eligible employee, as described in this subparagraph, files an election to participate in the optional program within 90 days after the commencement of employment, but after the submission by the employer of the initial payroll for the employee, the employee's participation in the optional program will not be effective until the first day of the month for which a full month's employer contribution may be made, or until July 1, 1984, whichever is later. Any eligible employee who does not within 90 days after commencement of such employment elect to participate in the

optional program shall be deemed to have elected to retain membership in the Florida Retirement System.

2. Any employee who after March 1, 1984, but before January 1, 1993, becomes eligible to participate in the optional program by reason of a change in status due to the subsequent designation of the employee's position as one of those specified in paragraph (2)(a) or due to the employee's appointment, promotion, transfer, or reclassification to a position specified in paragraph (2)(a) may elect to participate in the optional program. Such employee shall be notified by the employer of the change in his or her eligibility status. Such employee may, within 90 days after the date of such notification, file with the personnel officer of the employer an election in writing to participate in the optional program in lieu of participation in the Florida Retirement System. Upon such election, participation in the optional program will be effective on the first day of the month for which a full month's employer contribution may be made or on July 1, 1984, whichever is later. Election to so participate shall terminate the membership of the employee in the Florida Retirement System. Any eligible employee who does not within 90 days after notification of his or her eligibility to participate in the optional program elect to participate in the program shall be deemed to have elected to retain membership in the Florida Retirement System.

(c) Any employee who becomes eligible to participate in the optional retirement program on or after January 1, 1993, shall be a compulsory participant of the program unless such employee elects membership in the Florida Retirement System. Such election shall be made in writing and filed with the personnel officer of the employer. Any eligible employee who fails to make such election within the prescribed time period shall be deemed to have elected to participate in the optional retirement program.

1. Any employee whose optional retirement program eligibility results from initial employment shall be enrolled in the program at the commencement of employment. If, within 90 days after commencement of employment, the employee elects membership in the Florida Retirement System, such membership shall be effective retroactive to the date of commencement of employment.

2. Any employee whose optional retirement program eligibility results from a change in status due to the subsequent designation of the employee's position as one of those specified in paragraph (2)(a) or due to the employee's appointment, promotion, transfer, or reclassification to a position specified in paragraph (2)(a) shall be enrolled in the optional retirement program upon such change in status and shall be notified by the employer of such action. If, within 90 days after the date of such notification, the employee elects to retain membership in the Florida Retirement System, such continuation of membership shall be retroactive to the date of the change in status.

3. Notwithstanding the provisions of this paragraph, effective July 1, 1997, any employee who is eligible to participate in the Optional Retirement Program and who fails to execute a ~~an annuity~~ contract with one of the approved companies and to notify the department in writing as provided in subsection (4) within 90 days *after* of the date of eligibility shall be deemed to have elected membership in the Florida Retirement System, except as provided in s. 121.051(1)(a). This provision shall also apply to any employee who terminates employment in an eligible position before executing the required annuity contract and notifying the department. Such membership shall be retroactive to the date of eligibility, and all appropriate contributions shall be transferred to the Florida Retirement System Trust Fund and the Health Insurance Subsidy Trust Fund.

(d) Participants shall be fully and immediately vested in the optional retirement program only upon execution of a ~~an annuity~~ contract.

(e) The election by an eligible employee to participate in the optional retirement program shall be irrevocable for so long as the employee continues to meet the eligibility requirements specified in subsection (2), except as provided in paragraph (h). In the event that an employee participates in the optional retirement program for 90 days or more and is subsequently employed in an administrative or professional position which has been determined by the department, under subparagraph (2)(a)2., to be not otherwise eligible for participation in the optional retirement program, the employee shall continue participation in the optional program so long as the employee meets the other eligibility requirements for the program, except as provided in paragraph (h).

(f) If an employee becomes ineligible to continue participation in the optional retirement program under subsection (2), the employee shall thereafter participate in the Florida Retirement System if he or she is otherwise eligible.

(g) An eligible employee who is a member of the Florida Retirement System at the time of election to participate in the optional retirement program shall retain all retirement service credit earned under the Florida Retirement System, at the rate earned. No additional service credit in the Florida Retirement System shall be earned while the employee participates in the optional program, nor shall the employee be eligible for disability retirement under the Florida Retirement System.

(h) A participant in the optional retirement program may not participate in more than one state-administered retirement system, plan, or class simultaneously. Except as provided in s. 121.052(6)(d), a participant who is or becomes dually employed in two or more positions covered by the Florida Retirement System, one of which is eligible for the optional program and one of which is not, may remain a member of the optional program and contributions shall be paid as required only on the salary earned in the position eligible for the optional program during such period of dual employment; or, within 90 days after becoming dually employed, he or she may elect membership in the Regular Class of the Florida Retirement System in lieu of the optional program and contributions shall be paid as required on the total salary received for all employment. At retirement, the average final compensation used to calculate any benefits for which the member becomes eligible under the Florida Retirement System shall be based on all salary reported for both positions during such period of dual employment. When such member ceases to be dually employed, he or she may, within 90 days, elect to remain in the Florida Retirement System class for which he or she is eligible or to again become a participant in the optional retirement program. Failure to elect membership in the optional program within 90 days shall result in compulsory membership in the Florida Retirement System, except that a member filling a faculty position under a faculty practice plan at the University of Florida or the Medical Center at the University of South Florida shall again participate in the optional retirement program as required in s. 121.051(1)(a).

(4) CONTRIBUTIONS.—

(a) Through June 30, 2001, each employer shall contribute on behalf of each participant in the optional retirement program an amount equal to the normal cost portion of the employer retirement contribution which would be required if the participant were a regular member of the Florida Retirement System defined benefit program, plus the portion of the contribution rate required in s. 112.363(8) that would otherwise be assigned to the Retiree Health Insurance Subsidy Trust Fund. Effective July 1, 2001, each employer shall contribute on behalf of each participant in the optional program an amount equal to 10.43 percent of the participant's gross monthly compensation. The department shall deduct an amount approved by the Legislature to provide for the administration of this program. The payment of the contributions to the optional program which is required by this paragraph for each participant shall be made by the employer to the department, which shall forward the contributions to the designated company or companies contracting for payment of benefits for the participant under the program. However, such contributions paid on behalf of an employee described in paragraph (3)(c) shall not be forwarded to a company and shall not begin to accrue interest until the employee has executed an annuity contract and notified the department.

(b) Each employer shall contribute on behalf of each participant in the optional retirement program an amount equal to the unfunded actuarial accrued liability portion of the employer contribution which would be required for members of the Florida Retirement System. This contribution shall be paid to the department for transfer to the Florida Retirement System Trust Fund.

(c) An Optional Retirement Program Trust Fund shall be established in the State Treasury and administered by the department to make payments to the provider companies on behalf of the optional retirement program participants, and to transfer the unfunded liability portion of the state optional retirement program contributions to the Florida Retirement System Trust Fund.

now or hereafter may be provided by the federal Social Security Act, shall be maintained for each participant in the optional retirement program and shall be in addition to the retirement contributions specified in this subsection.

(e) Each participant in the optional retirement program who has executed a ~~an annuity~~ contract may contribute by way of salary reduction or deduction a percentage amount of the participant's gross compensation not to exceed the percentage amount contributed by the employer to the optional program, but in no case may such contribution exceed federal limitations. Payment of the participant's contributions shall be made by the financial officer of the employer to the division which shall forward the contributions to the designated company or companies contracting for payment of benefits for the participant under the program. A participant may not make, through salary reduction, any voluntary employee contributions to any other plan under s. 403(b) of the Internal Revenue Code, with the exception of a custodial account under s. 403(b)(7) of the Internal Revenue Code, until he or she has made an employee contribution to his or her optional program equal to the employer contribution. A participant is responsible for monitoring his or her individual tax-deferred income to ensure he or she does not exceed the maximum deferral amounts permitted under the Internal Revenue Code.

(f) The Optional Retirement Trust Fund may accept for deposit into participant contracts contributions in the form of rollovers or direct trustee-to-trustee transfers by or on behalf of participants who are reasonably determined by the department to be eligible for rollover or transfer to the optional retirement program pursuant to the Internal Revenue Code, if such contributions are made in accordance with rules adopted by the department. Such contributions shall be accounted for in accordance with any applicable requirements of the Internal Revenue Code and rules of the department.

3. *Such other distribution options as are provided for in the participant's optional retirement program contract; or*

Such benefits shall be funded entirely from employer contributions made under s. 121.571, transferred participant funds accumulated pursuant to paragraph (a), and interest and earnings thereon. Pursuant thereto:

(a) **Transfer of funds.**—To qualify to receive monthly disability benefits under this subsection:

2. In order for service to apply toward the 8 years of service required to vest for regular disability benefits, or toward the creditable service used in calculating a service-based benefit as provided for under paragraph (g), the service must be creditable service as described below:

a. The participant's period of service under the Public Employee Optional Retirement Program will be considered creditable service, except as provided in subparagraph d.

b. If the participant has elected to retain credit for his or her service under the defined benefit program of the Florida Retirement System as provided under s. 121.4501(3)(b), all such service will be considered creditable service.

c. If the participant has elected to transfer to his or her participant accounts a sum representing the present value of his or her retirement credit under the defined benefit program as provided under s. 121.4501(3)(c), the period of service under the defined benefit program represented in the present value amounts transferred will be considered creditable service for purposes of vesting for disability benefits, except as provided in subparagraph d.

d. Whenever a participant has terminated employment and has taken distribution of his or her funds as provided in subsection (1), all creditable service represented by such distributed funds is forfeited for purposes of this subsection.

(c) **Disability retirement effective date.**—The effective retirement date for a participant who applies and is approved for disability retirement shall be established as provided under s. 121.091(4)(a)2. and 3.

(d) **Total and permanent disability.**—A participant shall be considered totally and permanently disabled if, in the opinion of the division, he or she is prevented, by reason of a medically determinable physical or mental impairment, from rendering useful and efficient service as an officer or employee.

(e) **Proof of disability.**—The division, before approving payment of any disability retirement benefit, shall require proof that the participant is totally and permanently disabled in the same manner as provided for members of the defined benefit program of the Florida Retirement System under s. 121.091(4)(c).

All disability benefits payable to such member shall be paid out of the disability account of the Florida Retirement System Trust Fund established under this subsection.

(g) **Computation of disability retirement benefit.**—The amount of each monthly payment shall be calculated in the same manner as provided for members of the defined benefit program of the Florida Retirement System under s. 121.091(4)(f). For such purpose, creditable service under both the defined benefit program and the Public Employee Optional Retirement Program of the Florida Retirement System shall be applicable as provided under paragraph (b).

(h) **Reapplication.**—A participant whose initial application for disability retirement has been denied may reapply for disability benefits in the same manner, and under the same conditions, as provided for members of the defined benefit program of the Florida Retirement System under s. 121.091(4)(g).

(i) **Membership.**—Upon approval of an application for disability benefits under this subsection, the applicant shall be transferred to the defined benefit program of the Florida Retirement System, effective upon his or her disability retirement effective date.

(j) *Option to cancel.*—Any participant whose application for disability benefits is approved may cancel his or her application for disability benefits, provided that the cancellation request is received by the division before a disability retirement warrant has been deposited, cashed, or received by direct deposit. 2. The participant shall be retroactively reinstated in the Public Employee Optional Retirement Program without hiatus;

(k) *Recovery from disability.*—

1. The division may require periodic reexaminations at the expense of the disability program account of the Florida Retirement System Trust Fund. Except as otherwise provided in subparagraph 2., the requirements, procedures, and restrictions relating to the conduct and review of such reexaminations, discontinuation or termination of benefits, reentry into employment, disability retirement after reentry into covered employment, and all other matters relating to recovery from disability shall be the same as are set forth under s. 121.091(4)(h).

2. Upon recovery from disability, any recipient of disability retirement benefits under this subsection shall be a compulsory member of the Public Employee Optional Retirement Program of the Florida Retirement System. The net difference between the recipient's original account balance transferred to the Florida Retirement System Trust Fund, including earnings, under paragraph (a) and total disability benefits paid to such recipient, if any, shall be determined as provided in sub-subparagraph a.

a. An amount equal to the total benefits paid shall be subtracted from that portion of the transferred account balance consisting of vested accumulations as described under s. 121.4501(6), if any, and an amount equal to the remainder of benefit amounts paid, if any, shall then be subtracted from any remaining portion consisting of nonvested accumulations as described under s. 121.4501(6).

b. Amounts subtracted under sub-subparagraph a. shall be retained within the disability account of the Florida Retirement System Trust Fund. Any remaining account balance shall be transferred to the third-party administrator for disposition as provided under sub-subparagraph c. or sub-subparagraph d., as appropriate.

c. If the recipient returns to covered employment, transferred amounts shall be deposited in individual accounts under the Public Employee Optional Retirement Program, as directed by the participant. Vested and nonvested amounts shall be separately accounted for as provided in s. 121.4501(6).

d. If the recipient fails to return to covered employment upon recovery from disability:

(II) Any remaining nonvested amount shall be held in a suspense account and shall be forfeitable after 5 years as provided in s. 121.4501(6).

3. If present value was reassigned from the defined benefit program to the disability program of the Florida Retirement System as provided under subparagraph (a)2., the full present value amount shall be returned to the defined benefit account within the Florida Retirement System Trust Fund and the affected individual's associated retirement credit under the defined benefit program shall be reinstated in full. Any benefit based upon such credit shall be calculated as provided in s. 121.091(4)(h)1.

(l) *Nonadmissible causes of disability.*—A participant shall not be entitled to receive a disability retirement benefit if the disability results from any injury or disease sustained or inflicted as described in s. 121.091(4)(i).

(m) *Disability retirement of justice or judge by order of Supreme Court.*—

1. If a participant is a justice of the Supreme Court, judge of a district court of appeal, circuit judge, or judge of a county court who has served for 6 years or more as an elected constitutional judicial officer, including service as a judicial officer in any court abolished pursuant to Article V of the State Constitution, and who is retired for disability by order of the Supreme Court upon recommendation of the Judicial Qualifications Commission pursuant to the provisions of Article V of the State Constitution, the participant's Option 1 monthly disability benefit amount as provided in s. 121.091(6)(a)1. shall be two-thirds of his or her monthly compensation as of the participant's disability retirement date. (n) Upon the death of a disabled retiree or beneficiary thereof who is receiving monthly benefits under this subsection, the monthly benefits shall be paid through the last day of the month of death and shall terminate, or be adjusted, if applicable, as of that date in accordance with the optional form of benefit selected at the time of retirement. The deceased disabled retiree's beneficiary shall also receive the amount of the participant's remaining account balance, if any, in the Florida Retirement System Trust Fund. The Department of Management Services may adopt rules necessary to administer this paragraph.

(3) *DEATH BENEFITS.*—Under the Public Employee Optional Retirement Program:

(a) Survivor benefits shall be payable in accordance with the following terms and conditions:

1. To the extent vested, benefits shall be payable only to a participant's beneficiary or beneficiaries as designated by the participant. If a participant designates a primary beneficiary other than the participant's spouse, the participant's spouse shall be notified of the designation. This requirement shall not apply to the designation of one or more contingent beneficiaries to receive any benefits remaining upon the death of the primary beneficiary or beneficiaries.

No other death benefits shall be available for survivors of participants under the Public Employee Optional Retirement Program, except for such benefits,

or coverage for such benefits, as are otherwise provided by law or are separately afforded by the employer, at the employer's discretion.

(c) Upon receipt by the third-party administrator of a properly executed application for distribution of benefits, the total accumulated benefit shall be payable by the third-party administrator to the participant's surviving beneficiary or beneficiaries, as:

1. A lump-sum distribution payable to the beneficiary or beneficiaries, or to the deceased participant's estate;

2. An eligible rollover distribution on behalf of the surviving spouse of a deceased participant, whereby all accrued benefits, plus interest and investment earnings, are paid from the deceased participant's account directly to the custodian of an eligible retirement plan, as described in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the surviving spouse; or

3. A partial lump-sum payment whereby a portion of the accrued benefit is paid to the deceased participant's surviving spouse or other designated beneficiaries, less withholding taxes remitted to the Internal Revenue Service, and the remaining amount is transferred directly to the custodian of an eligible retirement plan, as described in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the surviving spouse. The proportions must be specified by the participant or the surviving beneficiary.

This paragraph does not abrogate other applicable provisions of state or federal law providing for payment of death benefits.

(4) **LIMITATION ON LEGAL PROCESS.**—The benefits payable to any person under the Public Employee Optional Retirement Program, and any contributions accumulated under such program, are not subject to assignment, execution, attachment, or any legal process, except for qualified domestic relations orders by a court of competent jurisdiction, income deduction orders as provided in s. 61.1301, and federal income tax levies.

Section 10. The Legislature finds that a proper and legitimate state purpose is served when employees and retirees of the state and of its political subdivisions, and the dependents, survivors, and beneficiaries of such employees and retirees, are extended the basic protections afforded by governmental retirement systems that provide fair and adequate benefits that are managed, administered, and funded in an actuarially sound manner, as required by s. 14, Art. X of the State Constitution and part VII of chapter 112, Florida Statutes. Therefore, the Legislature hereby determines and declares that this act fulfills an important state interest.

Section 11. Notwithstanding any provision to the contrary and the authority of the Department of Management Services, the Department of Management Services may contract with a private-sector company selected and approved by the department for services to administer the disability benefit program. Not later than March 1, 2003, the department may provide to the Legislature for its approval an alternative method for administering and funding disability benefits for participants in the Public Employee Optional Retirement Program and the Florida Retirement System, including through commercial insurance coverage.

Section 12. It is the intent of the Legislature that the disability retirement program for participants of the Public Employee Optional Retirement Program as created in this act must meet all applicable requirements of federal law for a qualified plan. The Department of Management Services shall seek a private letter ruling from the Internal Revenue Service on the disability retirement program for participants of the Public Employee Optional Retirement Program. Consistent with the private letter ruling, the Department of Management Services shall adopt any necessary rules required to maintain the qualified status of the disability retirement program and the Florida Retirement System defined benefit plan.

Section 13. Paragraph (b) of subsection (1) of section 121.053, Florida Statutes, is amended to read:

121.053 Participation in the Elected Officers' Class for retired members.—

(1)

(b) Any retired member of the Florida Retirement System, or any existing system as defined in s. 121.021(2), who, on or after July 1, 1990,

is serving in, or is elected or appointed to, an elective office covered by the Elected Officers' Class shall be enrolled in the appropriate subclass of the Elected Officers' Class of the Florida Retirement System, and applicable contributions shall be paid into the Florida Retirement System Trust Fund as provided in s. 121.052(7). Pursuant thereto:

1. Any such retired member shall be eligible to continue to receive retirement benefits as well as compensation for the elected officer service for as long as he or she remains in an elective office covered by the Elected Officers' Class.

2. If any such member serves in an elective office covered by the Elected Officers' Class and becomes vested under that class, he or she shall be entitled to receive an additional retirement benefit for such elected officer service.

3. Such member shall be entitled to purchase additional retirement credit in the Elected Officers' Class for any postretirement service performed in an elected position eligible for the Elected Officers' Class prior to July 1, 1990, or in the Regular Class for any postretirement service performed in any other regularly established position prior to July 1, 1991, by paying the applicable Elected Officers' Class or Regular Class employee and employer contributions for the period being claimed, plus 4 percent interest compounded annually from the first year of service claimed until July 1, 1975, and 6.5 percent interest compounded thereafter, until full payment is made to the Florida Retirement System Trust Fund. The contribution for postretirement Regular Class service between July 1, 1985, and July 1, 1991, for which the reemployed retiree contribution was paid, shall be the difference between such contribution and the total applicable contribution for the period being claimed, plus interest. The employer of such member may pay the applicable employer contribution in lieu of the member. If a member does not wish to claim credit for all of the postretirement service for which he or she is eligible, the service the member claims must be the most recent service.

4. Creditable service for which credit was received, or which remained unclaimed, at retirement may not be claimed or applied toward service credit earned following renewed membership. However, service earned in accordance with the renewed membership provisions in s. 121.122 may be used in conjunction with creditable service earned under this paragraph, provided applicable vesting requirements and other existing statutory conditions required by this chapter are met.

5. An elected officer who is elected or appointed to an elective office and is participating in the Deferred Retirement Option Program is not subject to termination as provided in s. 121.021(39)(b), or reemployment limitations as provided in s. 121.091(9), until the end of his or her current term of office or, if the officer is consecutively elected or reelected to an elective office eligible for coverage under the Florida Retirement System, until he or she no longer holds such an elective office, as follows:

a. At the end of the 60-month DROP period:

(I) The officer's DROP account shall accrue no additional monthly benefits, but shall continue to earn interest as provided in s. 121.091(13).

(II) No retirement contributions shall be required of the employer of the elected officer and no additional retirement credit shall be earned under the Florida Retirement System.

b. Nothing herein shall prevent an elected officer from voluntarily terminating his or her elective office at any time and electing to receive his or her DROP proceeds. However, until termination requirements are fulfilled as provided in s. 121.021(39), any elected officer whose termination limitations are extended by this section shall be ineligible for renewed membership in the system and shall receive no pension payments, DROP lump sum payments, or any other state payment other than the statutorily determined salary, travel, and per diem for the elective office.

c. Upon termination, the officer shall receive his or her accumulated DROP account, plus interest, and shall accrue and commence receiving monthly retirement benefits, which shall be paid on a prospective basis only.

However, an officer electing to participate in the Deferred Retirement Option Program on or before June 30, 2002, shall not be required to terminate and shall remain subject to the provisions of this subparagraph as adopted in section 1 of chapter 2001-235, Laws of Florida. ~~Any elected officer who is a participating member of DROP may terminate~~

The department may cancel an application for retirement benefits when the member or beneficiary fails to timely provide the information and documents required by this chapter and the department's rules. The department shall adopt rules establishing procedures for application for retirement benefits and for the cancellation of such application when the required information or documents are not received.

(13) DEFERRED RETIREMENT OPTION PROGRAM.—In general, and subject to the provisions of this section, the Deferred Retirement Option Program, hereinafter referred to as the DROP, is a program under which an eligible member of the Florida Retirement System may elect to participate, deferring receipt of retirement benefits while continuing employment with his or her Florida Retirement System employer. The deferred monthly benefits shall accrue in the System Trust Fund on behalf of the participant, plus interest compounded monthly, for the specified period of the DROP participation, as provided in paragraph (c). (b) Participation in the DROP.—

1. An eligible member may elect to participate in the DROP for a period not to exceed a maximum of 60 calendar months immediately following the date on which the member first reaches his or her normal retirement date or the date to which he or she is eligible to defer his or her election to participate as provided in subparagraph (a)2. However, a member who has reached normal retirement date prior to the effective date of the DROP shall be eligible to participate in the DROP for a period of time not to exceed 60 calendar months immediately following the effective date of the DROP, except a member of the Special Risk Class who has reached normal retirement date prior to the effective date of the DROP and whose total accrued value exceeds 75 percent of average final compensation as of his or her effective date of retirement shall be eligible to participate in the DROP for no more than 36 calendar months immediately following the effective date of the DROP.

However, participation in the DROP does not alter the participant's employment status and such employee shall not be deemed retired from employment until his or her deferred resignation is effective and termination occurs as provided in s. 121.021(39).

4. Elected officers shall be eligible to participate in the DROP subject to the following:

a. An elected officer who reaches normal retirement date during a term of office may defer the election to participate in the DROP until the next succeeding term in that office. b. An elected or a nonelected participant may run for a term of office while participating in DROP and, if elected, extend the DROP termination date accordingly, except, however, if such additional term of office exceeds the 60-month limitation established in subparagraph 1., and the officer does not resign from office within such 60-month limitation, the retirement and the participant's DROP shall be null and void as provided in sub-subparagraph (c)5.d.

c. An elected officer who is dually employed and elects to participate in DROP shall be required to satisfy the definition of termination within the 60-month limitation period as provided in subparagraph 1. for the nonelected position and may continue employment as an elected officer as provided in s. 121.053. Amendment 1 (960560)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Paragraphs (a) and (d) of subsection (2) and subsection (6) of section 212.055, Florida Statutes, are amended to read:

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. 212.054.

(2) LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.—

(a)1. The governing authority in each county may levy a discretionary sales surtax of 0.5 percent or 1 percent. The levy of the surtax shall be pursuant to ordinance enacted by a *two-thirds vote majority* of the members of the county governing authority or pursuant to ordinance enacted by a majority of the members of the county governing authority and approved by a majority of the electors of the county voting in a referendum on the surtax. If the governing bodies of the municipalities representing a majority of the county's population adopt uniform resolutions establishing the rate of the surtax and calling for a referendum on the surtax, the levy of the surtax shall be placed on the ballot and shall take effect if approved by a majority of the electors of the county voting in the referendum on the surtax.

2. If the surtax was levied pursuant to a referendum held before July 1, 1993, the surtax may not be levied beyond the time established in the ordinance, or, if the ordinance did not limit the period of the levy, the surtax may not be levied for more than 15 years. The levy of such surtax may be extended only by approval of a majority of the electors of the county voting in a referendum on the surtax or pursuant to ordinance enacted by a two-thirds vote of the members of the county governing authority.

(d)1. The proceeds of the surtax authorized by this subsection and approved by referendum and any interest accrued thereto shall be expended by the school district or within the county and municipalities within the county, or, in the case of a negotiated joint county agreement, within another county, to finance, plan, and construct infrastructure and to acquire land for public recreation or conservation or protection of natural resources and to finance the closure of county-owned or municipally owned solid waste landfills that are already closed or are required to close by order of the Department of Environmental Protection. Any use of such proceeds or interest for purposes of landfill closure prior to July 1, 1993, is ratified. Neither the proceeds nor any interest accrued thereto shall be used for operational expenses of any infrastructure, except that any county with a population of less than 75,000 that is required to close a landfill by order of the Department of Environmental Protection may use the proceeds or any interest accrued thereto for long-term maintenance costs associated with landfill closure. Counties, as defined in s. 125.011(1), and charter counties may, in addition, use the proceeds and any interest accrued thereto to retire or service indebtedness incurred for bonds issued prior to July 1, 1987, for infrastructure purposes, and for bonds subsequently issued to refund such bonds. Any use of such proceeds or interest for purposes of retiring or servicing indebtedness incurred for such refunding bonds prior to July 1, 1999, is ratified.

2. The proceeds of the surtax where the surtax is levied by a two-thirds vote of the governing body of the county and any interest accrued thereto shall be expended by the school district or within the county and municipalities within the county for infrastructure located within the urban service area that is identified in the local government comprehensive plan of the county or municipality and is identified in that local government's capital improvements element adopted pursuant to s. 163.3177(3) or that is identified in the school district's educational facilities plan adopted pursuant to s. 235.185.

3.2. For the purposes of this paragraph, "infrastructure" means:

a. Any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction, or improvement of public facilities which have a life expectancy of 5 or more years and any land acquisition, land improvement, design, and engineering costs related thereto.

b. A fire department vehicle, an emergency medical service vehicle, a sheriff's office vehicle, a police department vehicle, or any other vehicle, and such equipment necessary to outfit the vehicle for its official use or equipment that has a life expectancy of at least 5 years.

4.3. Notwithstanding any other provision of this subsection, a discretionary sales surtax imposed or extended after the effective date of this act may provide for an amount not to exceed 15 percent of the local option sales surtax proceeds to be allocated for deposit to a trust fund within the county's accounts created for the purpose of funding economic development projects of a general public purpose targeted to improve local economies, including the funding of operational costs and incentives related to such economic development. If applicable, the ballot statement must indicate the intention to make an allocation under the authority of this subparagraph.

(6) SCHOOL CAPITAL OUTLAY SURTAX.—

(a) The school board in each county may levy, pursuant to resolution conditioned to take effect only upon approval by a majority vote of the electors of the county voting in a referendum, a discretionary sales surtax at a rate that may not exceed 0.5 percent.

(b) The resolution shall include a statement that provides a brief and general description of the school capital outlay projects to be funded by the surtax. If applicable, the resolution must state that the district school board has been recognized by the State Board of Education as having a Florida Frugal Schools Program. The statement shall conform to the requirements of s. 101.161 and shall be placed on the ballot by the governing body of the county. The following question shall be placed on the ballot:

.... FOR THE CENTS TAX
.... AGAINST THE CENTS TAX

(c) As an alternative method of levying the discretionary sales surtax, the district school board may levy, pursuant to resolution adopted by a two-thirds vote of the members of the school board, a discretionary sales

surtax at a rate not to exceed 0.5 percent when the following conditions are met:

1. The district school board and local governments in the county where the school district is located have adopted an interlocal agreement and public educational facilities element as required by chapter 163;

2. The district school board has adopted a district educational facilities plan pursuant to s. 235.185; and

3. The district's use of surtax proceeds for new construction must not exceed the cost-per-student criteria established for the SIT Program in s. 235.216(2).

(d)(e) The resolution providing for the imposition of the surtax shall set forth a plan for use of the surtax proceeds for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses which have a useful life expectancy of 5 or more years, and any land acquisition, land improvement, design, and engineering costs related thereto. Additionally, the plan shall include the costs of retrofitting and providing for technology implementation, including hardware and software, for the various sites within the school district. Surtax revenues may be used for the purpose of servicing bond indebtedness to finance projects authorized by this subsection, and any interest accrued thereto may be held in trust to finance such projects. Neither the proceeds of the surtax nor any interest accrued thereto shall be used for operational expenses. If the district school board has been recognized by the State Board of Education as having a Florida Frugal Schools Program, the district's plan for use of the surtax proceeds must be consistent with this subsection and with uses assured under the Florida Frugal Schools Program.

(e)(d) Any school board imposing the surtax shall implement a freeze on noncapital local school property taxes, at the millage rate imposed in the year prior to the implementation of the surtax, for a period of at least 3 years from the date of imposition of the surtax. This provision shall not apply to existing debt service or required state taxes.

(f)(e) Surtax revenues collected by the Department of Revenue pursuant to this subsection shall be distributed to the school board imposing the surtax in accordance with law.

Section 2. Paragraphs (a) and (b) of subsection (2) of section 288.0655, Florida Statutes, are amended to read:

The amount requested as a tax refund may not exceed the amount for the *relevant* fiscal year in the written agreement entered pursuant to subsection (4).

(c) A tax refund may not be approved for any qualified applicant unless local financial support has been paid to the Economic Development Trust Fund ~~for in~~ that *refund fiscal year*. If the local financial support is less than 20 percent of the approved tax refund, the tax refund shall be reduced. The tax refund paid may not exceed 5 times the local financial support received. Funding from local sources includes tax abatement under s. 196.1995 provided to a qualified applicant. The amount of any tax refund for an applicant approved under this section

The amount of each claim for a tax refund shall be multiplied by the resulting quotient. If, after the payment of all such refund claims, funds remain in the Economic Development Trust Fund for tax refunds, the director shall recalculate the proportion for each refund claim and adjust the amount of each claim accordingly.

(f) Upon approval of the tax refund pursuant to paragraphs (c) and (d), the Comptroller shall issue a warrant for the amount included in the written final order. In the event of any appeal of the written final order, the Comptroller may not issue a warrant for a refund to the qualified applicant until the conclusion of all appeals of the written final order.

(g) A prorated tax refund, less a 5 percent penalty, shall be approved for a qualified applicant provided all other applicable requirements have been satisfied and the applicant proves to the satisfaction of the director that it has achieved at least 80 percent of its projected employment and that the average wage paid by the qualified applicant is at least 90 percent of the average wage specified in the tax refund agreement, but in no case less than 115 percent of the average private-sector wage in the area available at the time of certification. The prorated tax refund shall be calculated by multiplying the tax refund amount for which the qualified applicant would have been eligible, if all applicable requirements had been satisfied, by the percentage of the average employment specified in the tax refund agreement which was achieved, and by the percentage of the average wages specified in the tax refund agreement which was achieved.

(h) This section does not create a presumption that a tax refund claim will be approved and paid.

(6) ADMINISTRATION.—

(a) The office may adopt rules pursuant to chapter 120 for the administration of this section.

(b) The office may verify information provided in any claim submitted for tax credits under this section with regard to employment and wage levels or the payment of the taxes with the appropriate agency or authority including the Department of Revenue, the ~~Agency for Workforce Innovation Department of Labor and Employment Security~~, or any local government or authority.

(c) To facilitate the process of monitoring and auditing applications made under this program, the office may provide a list of qualified applicants to the Department of Revenue, to the ~~Agency for Workforce Innovation Department of Labor and Employment Security~~, or to any local government or authority. The office may request the assistance of said entities with respect to monitoring jobs, wages, and the payment of the taxes listed in subsection (2).

The report must indicate whether the moneys appropriated by the Legislature to the qualified applicant tax refund program were expended in a prudent, fiducially sound manner.

(e) Funds specifically appropriated for the tax refund program under this section may not be used for any purpose other than the payment of tax refunds authorized by this section.

(7) EXPIRATION.—An applicant may not be certified as qualified under this section after June 30, 2004.

Section 5. Paragraphs (a) and (d) of subsection (3), paragraphs (a), (b), and (c) of subsection (4), and subsections (5) and (6) of section 288.106, Florida Statutes, are amended, and subsection (7) of that section is reenacted, to read:

288.106 Tax refund program for qualified target industry businesses.—

(3) APPLICATION AND APPROVAL PROCESS.—

(a) To apply for certification as a qualified target industry business under this section, the business must file an application with the office before the business has made the decision to locate a new business in this state or before the business had made the decision to expand an existing business in this state. The application shall include, but is not limited to, the following information:

1. The applicant's federal employer identification number and the applicant's state sales tax registration number.

2. The permanent location of the applicant's facility in this state at which the project is or is to be located.

3. A description of the type of business activity or product covered by the project, including four-digit SIC codes for all activities included in the project.

4. The number of net new full-time equivalent Florida jobs at the qualified target industry business as of December 31 of each year included in this state that are or will be dedicated to the project and the average wage of those jobs. If more than one type of business activity or product is included in the project, the number of jobs and average wage for those jobs must be separately stated for each type of business activity or product.

5. The total number of full-time equivalent employees employed by the applicant in this state.

6. The anticipated commencement date of the project.

7. A brief statement concerning the role that the tax refunds requested will play in the decision of the applicant to locate or expand in this state.

8. An estimate of the proportion of the sales resulting from the project that will be made outside this state.

9. A resolution adopted by the governing board of the county or municipality in which the project will be located, which resolution recommends that certain types of businesses be approved as a qualified target industry business and states that the commitments of local financial support necessary for the target industry business exist. In advance of the passage of such resolution, the office may also accept an official letter from an authorized local economic development agency that endorses the proposed target industry project and pledges that sources of local financial support for such project exist. For the purposes of making pledges of local financial support under this subsection, the authorized local economic development agency shall be officially designated by the passage of a one-time resolution by the local governing authority.

10. Any additional information requested by the office.

(d) The office shall forward its written findings and evaluation concerning each application meeting the requirements of paragraph (b) to

the director within 45 calendar days after receipt of a complete application. The office shall notify each target industry business when its application is complete, and of the time when the 45-day period begins. In its written report to the director, the office shall specifically address each of the factors specified in paragraph (c) and shall make a specific assessment with respect to the minimum requirements established in paragraph (b). The office shall include in its report projections of the tax refunds the business would be eligible to receive ~~refund claim that will be sought by the target industry business~~ in each fiscal year based on the creation and maintenance of the net new Florida jobs specified in subparagraph (a)4. ~~as of December 31 of the preceding state fiscal year information submitted in the application.~~

(4) TAX REFUND AGREEMENT.—

(a) Each qualified target industry business must enter into a written agreement with the office which specifies, at a minimum:

1. The total number of full-time equivalent jobs in this state that will be dedicated to the project, the average wage of those jobs, the definitions that will apply for measuring the achievement of these terms during the pendency of the agreement, and a time schedule or plan for when such jobs will be in place and active in this state. ~~This information must be the same as the information contained in the application submitted by the business under subsection (3).~~

2. The maximum amount of tax refunds which the qualified target industry business is eligible to receive on the project and the maximum amount of a tax refund that the qualified target industry business is eligible to receive for in each fiscal year, based on the job creation and maintenance schedule specified in subparagraph 1.

3. That the office may review and verify the financial and personnel records of the qualified target industry business to ascertain whether that business is in compliance with this section.

4. The date ~~by after~~ which, in each fiscal year, the qualified target industry business may file ~~a an annual~~ claim under subsection (5) to be considered to receive a tax refund in the following fiscal year.

5. That local financial support will be annually available and will be paid to the account. The director may not enter into a written agreement with a qualified target industry business if the local financial support resolution is not passed by the local governing authority within 90 days after he or she has issued the letter of certification under subsection (3).

(b) Compliance with the terms and conditions of the agreement is a condition precedent for the receipt of a tax refund each year. The failure to comply with the terms and conditions of the tax refund agreement results in the loss of eligibility for receipt of all tax refunds previously authorized under this section and the revocation by the director of the certification of the business entity as a qualified target industry business, *unless the business is eligible to receive and elects to accept a prorated refund under paragraph (5)(d) or the office grants the business an economic-stimulus exemption.*

1. A qualified target industry business may submit, in writing, a request to the office for an economic-stimulus exemption. The request must provide quantitative evidence demonstrating how negative economic conditions in the business's industry have prevented the business from complying with the terms and conditions of its tax refund agreement.

2. Upon receipt of a request under subparagraph 1., the director shall have 45 days to notify the requesting business, in writing, if its exemption has been granted or denied. In determining if an exemption should be granted, the director shall consider the extent to which negative economic conditions in the requesting business's industry have prevented the business from complying with the terms and conditions of its tax refund agreement.

3. As a condition for receiving a prorated refund under paragraph (5)(d) or an economic-stimulus exemption under this paragraph, a qualified target industry business must agree to renegotiate its tax refund agreement with the office to, at a minimum, ensure that the terms of the agreement comply with current law and office procedures governing application for and award of tax refunds. Upon approving the award of a prorated refund or granting an economic-stimulus exemption, the office shall renegotiate the tax refund agreement with the business as required

by this subparagraph. When amending the agreement of a business receiving an economic-stimulus exemption, the office may extend the duration of the agreement for a period not to exceed 1 year.

4. A qualified target industry business may submit a request for an economic-stimulus exemption to the office in lieu of any tax refund claim scheduled to be submitted after June 30, 2001, but before July 1, 2003.

5. A qualified target industry business that receives an economic-stimulus exemption may not receive a tax refund for the period covered by the exemption.

(c) The agreement must be signed by the director and by an authorized officer of the qualified target industry business within 120 days after the issuance of the letter of certification under subsection (3), but not before passage and receipt of the resolution of local financial support. *The office may grant an extension of this period at the written request of the qualified target industry business.*

(5) ANNUAL CLAIM FOR REFUND.—

(a) *To be eligible to claim any scheduled tax refund*, a qualified target industry business that has entered into a tax refund agreement with the office under subsection (4) ~~must may~~ apply by January 31 of ~~once~~ each fiscal year to the office for ~~the a~~ tax refund ~~scheduled to be paid from the appropriation for the fiscal year that begins on July 1 following the January 31 claims-submission date. The office may, upon written request, grant a 30-day extension of the filing date. The application must be made on or after the date specified in that agreement.~~

(b) The claim for refund by the qualified target industry business must include a copy of all receipts pertaining to the payment of taxes for which the refund is sought and data related to achievement of each performance item specified in the tax refund agreement. The amount requested as a tax refund may not exceed the amount specified for ~~the relevant that~~ fiscal year in that agreement.

(c) A tax refund may not be approved for a qualified target industry business unless the required local financial support has been paid into the account ~~for that refund in that fiscal year~~. If the local financial support provided is less than 20 percent of the approved tax refund, the tax refund must be reduced. In no event may the tax refund exceed an amount that is equal to 5 times the amount of the local financial support received. Further, funding from local sources includes any tax abatement granted to that business under s. 196.1995 or the appraised market value of municipal or county land conveyed or provided at a discount to that business. The amount of any tax refund for such business approved under this section must be reduced by the amount of any such tax abatement granted or the value of the land granted; and the limitations in subsection (2) and paragraph (3)(f) must be reduced by the amount of any such tax abatement or the value of the land granted. A report listing all sources of the local financial support shall be provided to the office when such support is paid to the account.

(d) A prorated tax refund, less a 5-percent penalty, shall be approved for a qualified target industry business provided all other applicable requirements have been satisfied and the business proves to the satisfaction of the director that it has achieved at least 80 percent of its projected employment *and that the average wage paid by the business is at least 90 percent of the average wage specified in the tax refund agreement, but in no case less than 115 percent of the average private-sector wage in the area available at the time of certification, or 150 percent or 200 percent of the average private-sector wage if the business requested the additional per-job tax refund authorized in paragraph (2)(b) for wages above those levels. The prorated tax refund shall be calculated by multiplying the tax refund amount for which the qualified target industry business would have been eligible, if all applicable requirements had been satisfied, by the percentage of the average employment specified in the tax refund agreement which was achieved, and by the percentage of the average wages specified in the tax refund agreement which was achieved.*

(e) The director, with such assistance as may be required from the office, the Department of Revenue, or the Agency for Workforce Innovation ~~Department of Labor and Employment Security~~, shall, by June 30 following the scheduled date for submission of the tax-refund claim, specify by written ~~final~~ order the approval or disapproval of the tax refund claim and, if approved, the amount of the tax refund that is authorized to be paid to ~~for~~ the qualified target industry business for the

~~fiscal year within 30 days after the date that the claim for the annual tax refund is received by the office. The office may grant an extension of this date on the request of the qualified target industry business for the purpose of filing additional information in support of the claim.~~

(f) The total amount of tax refund claims approved by the director under this section in any fiscal year must not exceed the amount authorized under s. 288.095(3).

(g) *This section does not create a presumption that a tax refund claim will be approved and paid.*

(h)(g) Upon approval of the tax refund under paragraphs (c), (d), and (e), the Comptroller shall issue a warrant for the amount specified in the ~~written final~~ order. If the ~~written final~~ order is appealed, the Comptroller may not issue a warrant for a refund to the qualified target industry business until the conclusion of all appeals of that order.

(6) ADMINISTRATION.—

(b) To facilitate the process of monitoring and auditing applications made under this program, the office may provide a list of qualified target industry businesses to the Department of Revenue, to the ~~Agency for Workforce Innovation Department of Labor and Employment Security~~, or to any local government or authority. The terms of members are 2 years and run from one organization session of the Legislature to the following organization session. In each even-numbered year, the President of the Senate shall appoint a member of the Senate to serve as chair for a term of 1 year; and, in each odd-numbered year, the Speaker of the House of Representatives shall appoint a member of the House of Representatives to serve as chair for a term of 1 year. A vacancy is to be*

filled for the unexpired portion of the term in the same manner as the original appointment.

(2) The committee shall conduct a periodic review of all exemptions from taxation under chapter 212, Florida Statutes, except those specified in section 212.25(3), Florida Statutes. The committee must complete the first of its reviews by December 1, 2004, and its initial review of all exemptions by December 1, 2009. For purposes of the review, the committee shall:

Enforcement and collection of tax revenues should be done in a fair, consistent, professional, predictable, and cost-effective manner.

3. *Promotion of competition.*—The Florida tax system should be responsive to interstate and international competition in order to encourage savings and investment in plant, equipment, people, and technology.

4. *Neutrality.*—The Florida tax system should affect competitors uniformly and not become a tool for “social engineering.” It should minimize government involvement in investment decisions, making any such involvement explicit, and should minimize pyramiding.

5. *Stability.*—The Florida tax system should produce revenues in a stable and reliable manner which are sufficient to fund appropriate governmental functions and expenditures.

6. *Integration.*—The Florida tax system should balance the need for integration of federal, state, and local taxation.

7. *Public purpose.*—Any sales tax exemption should be based upon a determination that the exemption promotes an important state interest, including, but not limited to, economic development, job creation and retention, economic diversification, and community revitalization.

(3) By December 1 of each year, the committee shall submit to the President of the Senate and the Speaker of the House of Representatives a separate report for each category of exemptions reviewed during that year. Each report must contain the committee's recommendations with respect to each exemption assigned to that category and include, for consideration at the next regular session of the Legislature, a proposed bill to reauthorize, for a period not to exceed 10 years, those exemptions that the committee recommends be reauthorized and to cleanse the statutes of those exemptions that the committee recommends be allowed to expire. Each report must also include, for each exemption for which the committee makes no recommendation, a separate bill to reauthorize that exemption for a period not to exceed 10 years. Each proposed bill must provide that each reauthorized exemption expires on a specified date occurring no more than 10 years after the effective date of the bill and is to be reviewed pursuant to this section at least 18 months prior to its expiration.

(1) **SHORT TITLE.**—This section may be cited as the "William G. 'Doc' Myers Healthy Kids Corporation Act."

Section 1. *It is the intent of the Legislature that the implementing and administering provisions of this act apply to the General Appropriations Act for fiscal year 2002-2003.*

Section 2. In order to implement Specific Appropriation 161 of the 2002-2003 General Appropriations Act, subsection (11) of section 240.35, Florida Statutes, is amended to read:

240.35 Student fees.—Unless otherwise provided, the provisions of this section apply only to fees charged for college credit instruction leading to an associate in arts degree, an associate in applied science degree, or an associate in science degree and noncollege credit college-preparatory courses defined in s. 239.105.

(11)(a) Each community college is authorized to establish a separate fee for financial aid purposes in an additional amount up to, but not to exceed, 5 percent of the total student tuition or matriculation fees collected. Each community college may collect up to an additional 2 percent if the amount generated by the total financial aid fee is less than \$250,000. If the amount generated is less than \$250,000, a community college that charges tuition and matriculation fees at least equal to the average fees established by rule may transfer from the general current fund to the scholarship fund an amount equal to the difference between \$250,000 and the amount generated by the total financial aid fee assessment. No other transfer from the general current fund to the loan, endowment, or scholarship fund, by whatever name known, is authorized.

(b) All funds collected under this program shall be placed in the loan and endowment fund or scholarship fund of the college, by whatever name known. Such funds shall be disbursed to students as quickly as possible. An amount not greater than 40 percent of the fees collected in a fiscal year may be carried forward unexpended to the following fiscal year. However, funds collected prior to July 1, 1989, and placed in an endowment fund may not be considered part of the balance of funds carried forward unexpended to the following fiscal year.

(c) Up to 25 percent or \$300,000, whichever is greater, of the financial aid fees collected may be used to assist students who demonstrate academic merit; who participate in athletics, public service, cultural arts, and other extracurricular programs as determined by the institution; or who are identified as members of a targeted gender or ethnic minority population. The financial aid fee revenues allocated for athletic scholarships and fee exemptions provided pursuant to subsection (17) for athletes shall be distributed equitably as required by s. 228.2001(3)(d). A minimum of 75 50 percent of the balance of these funds for new awards shall be used to provide financial aid based on absolute need, and the remainder of the funds shall be used for academic merit purposes and other purposes approved by the district boards of trustees. Such other purposes shall include the payment of child care fees for students with financial need. The State Board of Community Colleges shall develop criteria for making financial aid awards. Each college shall report annually to the Department of Education on the revenue collected pursuant to this paragraph, the amount carried forward, the criteria used to make awards, the amount and number of awards for each criterion, and a delineation of the distribution of such awards. The report shall include an assessment by category of the financial need of every student who receives an award, regardless of the purpose for which the award is received. Awards which are based on financial need shall be distributed in accordance with a nationally recognized system of need analysis approved by the State Board of Community Colleges. An award for academic merit shall require a minimum overall grade point average of 3.0 on a 4.0 scale or the equivalent for both initial receipt of the award and renewal of the award.

(d) These funds may not be used for direct or indirect administrative purposes or salaries.

Section 3. Effective July 1, 2003, subsection (11) of section 240.35, Florida Statutes, as amended by this act, is amended to read:

Wages used in a base period to establish a monetarily eligible benefit year may not be applied to establish monetary eligibility in any succeeding benefit year. If information regarding wages for the calendar quarter or quarters immediately preceding the benefit year has not been input into the agency's mainframe database from the regular quarterly reports of wage information or is otherwise unavailable, the Agency for Workforce Innovation shall request such information from the employer. An employer must provide the requested wage information within 10 days after receiving a request from the Agency for Workforce Innovation. (c) For the 2002-2003 fiscal year only, for monetary determinations based upon the alternative base period under paragraph (b), if the Agency for Workforce Innovation is unable to access the wage information through its mainframe database, the agency may base the determination of eligibility for benefits on an affidavit submitted by the individual with respect to wages for those calendar quarters. The individual must furnish payroll information, if available, in support of the affidavit. A determination of benefits based upon an alternative base period shall be adjusted when the quarterly report of wage information from the employer is received, if that information causes a change in the determination. This paragraph expires July 1, 2003.

(8) *Taxes imposed by this section do not apply to a contract to sell the residence of an employee relocating at his or her employer's direction or to documents related to the contract, which contract is between the employee and the employer or between the employee and a person in the business of providing employee relocation services. In the case of such transactions, taxes apply only to the transfer of the real property comprising the residence by deed that vests legal title in a named grantee.*

Section 9. Subsections (1), (2), (4), and (5) of section 201.08, Florida Statutes, are amended to read:

201.08 Tax on promissory or nonnegotiable notes, written obligations to pay money, or assignments of wages or other compensation; exception.—

(1)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or assignments of salaries, wages, or other compensation made, executed, delivered, sold, transferred, or assigned in the state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. *The tax on any document described in this paragraph shall not exceed \$2,450.*

(b) On mortgages, trust deeds, security agreements, or other evidences of indebtedness filed or recorded in this state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. Mortgages, including, but not limited to, mortgages executed without the state and recorded in the state, which incorporate the certificate of indebtedness, not otherwise shown in separate instruments, are subject to the same tax at the same rate. When there is both a mortgage, trust deed, or security agreement and a note, certificate of indebtedness, or obligation, the tax shall be paid on the mortgage, trust deed, or security agreement at the time of recordation. A notation shall be made on the note, certificate of indebtedness, or obligation that the tax has been paid on the mortgage, trust deed, or security agreement. *Where a mortgage, trust deed, security agreement, or other evidence of indebtedness is subsequently filed or recorded in this state to evidence an indebtedness or obligation upon which tax was paid pursuant to paragraph (a) or paragraph (2)(a), tax shall be paid on the mortgage, trust deed, security agreement, or other evidence of indebtedness on the amount of the indebtedness or obligation evidenced which exceeds the aggregate amount upon which tax was previously paid pursuant to this paragraph and paragraph (a) or paragraph (2)(a).* If the mortgage, trust deed, security agreement, or other evidence of indebtedness subject to the tax levied by this section secures future advances, as provided in s. 697.04, the tax shall be paid at the time of recordation on the initial debt or obligation secured, excluding future advances; at the time and so often as any future advance is made, the tax shall be paid on all sums then advanced regardless of where such advance is made. Notwithstanding the aforesaid general rule, any increase in the amount of original indebtedness caused by interest accruing under an adjustable rate note or mortgage having

an initial interest rate adjustment interval of not less than 6 months shall be taxable as a future advance only to the extent such increase is a computable sum certain when the document is executed. Failure to pay the tax shall not affect the lien for any such future advance given by s. 697.04, but any person who fails or refuses to pay such tax due by him or her is guilty of a misdemeanor of the first degree. The mortgage, trust deed, or other instrument shall not be enforceable in any court of this state as to any such advance unless and until the tax due thereon upon each advance that may have been made thereunder has been paid.

(2)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or other compensation, made, executed, delivered, sold, transferred, or assigned in the state, in connection with sales made under retail charge account services, incident to sales which are not conditional in character and which are not secured by mortgage or other pledge of purchaser, the tax shall be 35 cents on each \$100 or fraction thereof of the gross amount of the indebtedness evidenced by such instruments, payable quarterly on such forms and under such rules and regulations as may be promulgated by the Department of Revenue. *The tax on any document described in this paragraph shall not exceed \$2,450.*

(b) Any receipt, charge slip, or other record of a transaction effected with the use of a credit card, charge card, or debit card shall be exempt from the tax imposed by this section.

(4) Notwithstanding ~~paragraph (1)(b) subsection (1)~~, a supplement or an amendment to a mortgage, deed of trust, indenture, or security agreement, which supplement or amendment is filed or recorded in this state in connection with a new issue of bonds, shall be subject to the tax imposed by ~~paragraph (1)(b) subsection (1)~~ only to the extent of the aggregate amount of the new issue of bonds or other evidence of indebtedness and not to the extent of the aggregate amount of bonds or other evidence of indebtedness previously issued under the instrument being supplemented or amended. In order to qualify for the tax treatment provided for in this subsection, the document which evidences the increase in indebtedness must show the official records book and page number in which, and the county in which, the original obligation and any prior increase in that obligation were recorded.

(5) For purposes of this section, a renewal shall only include modifications of an original document which change the terms of the indebtedness evidenced by the original document by adding one or more obligors, increasing the principal balance, or changing the interest rate, maturity date, or payment terms. Modifications to documents which do not modify the terms of the indebtedness evidenced such as those given or recorded to correct error; modify covenants, conditions, or terms unrelated to the debt; sever a lien into separate liens; provide for additional, substitute, or further security for the indebtedness; consolidate indebtedness or collateral; add, change, or delete guarantors; or which substitute a new mortgagee or payee are not renewals and are not subject to tax pursuant to this section. If the taxable amount of a mortgage is limited by language contained in the mortgage or by the application of rules limiting the tax base when there is collateral in more than one state, then a modification which changes such limitation or tax base shall be taxable only to the extent of any increase in the limitation or tax base attributable to such modification. This subsection shall not be interpreted to exempt from taxation an original mortgage ~~that which~~ would otherwise be subject to tax pursuant to ~~paragraph (1)(b) subsection (1)~~.

Section 10. Paragraph (b) of subsection (1) of section 206.9825, Florida Statutes, is reenacted and amended to read:

206.9825 Aviation fuel tax.—

(1)

(b) Any licensed wholesaler or terminal supplier that delivers aviation fuel to an air carrier offering transcontinental jet service and that, after January 1, 1996, increases the air carrier's Florida workforce by more than 1000 percent and by 250 or more full-time equivalent employee positions, may receive a credit or refund as the ultimate vendor of the aviation fuel for the 6.9 cents excise tax previously paid, provided that the air carrier has no facility for fueling highway vehicles from the tank in which the aviation fuel is stored. In calculating the new or additional Florida full-time equivalent employee positions, any full-time equivalent employee positions of parent or subsidiary corporations which existed before January 1, 1996, shall not be counted toward reaching the Florida employment increase thresholds. The refund allowed under this paragraph is in furtherance of the goals and policies of the

State Comprehensive Plan set forth in s. 187.201(17)(a), (b)1., 2., (18)(a), (b)1., 4., (20)(a), (b)5., (22)(a), (b)1., 2., 4., 7., 9., and 12. ~~This paragraph will expire on July 1, 2001.~~

Section 12. Paragraph (g) of subsection (10) of section 212.02, Florida Statutes, is amended to read:

212.02 Definitions.—The following terms and phrases when used in this chapter have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(10) “Lease,” “let,” or “rental” means leasing or renting of living quarters or sleeping or housekeeping accommodations in hotels, apartment houses, roominghouses, tourist or trailer camps and real property, the same being defined as follows:

(g) “Lease,” “let,” or “rental” also means the leasing or rental of tangible personal property and the possession or use thereof by the lessee or rentee for a consideration, without transfer of the title of such property, except as expressly provided to the contrary herein. The term “lease,” “let,” or “rental” does not mean hourly, daily, or mileage charges, to the extent that such charges are subject to the jurisdiction of the United States Interstate Commerce Commission, when such charges are paid by reason of the presence of railroad cars owned by another on the tracks of the taxpayer, or charges made pursuant to car service agreements. *The term “lease,” “let,” “rental,” or “license” does not include payments made to an owner of high-voltage bulk transmission facilities in connection with the possession or control of such facilities by a regional transmission organization, independent system operator, or similar entity under the jurisdiction of the Federal Energy Regulatory Commission.* However, where two taxpayers, in connection with the interchange of facilities, rent or lease property, each to the other, for use in providing or furnishing any of the services mentioned in s. 166.231, the term “lease or rental” means only the net amount of rental involved.

Section 13. Effective July 1, 2002, paragraph (b) of subsection (14) of section 212.06, Florida Statutes, is amended to read:

212.06 Sales, storage, use tax; collectible from dealers; “dealer” defined; dealers to collect from purchasers; legislative intent as to scope of tax.—

(14) For the purpose of determining whether a person is improving real property, the term:

(b) “Fixtures” means items that are an accessory to a building, other structure, or land and that do not lose their identity as accessories when installed but that do become permanently attached to realty. However, the term does not include the following items, whether or not such items are attached to real property in a permanent manner: ~~trade fixtures~~; property of a type that is required to be registered, licensed, titled, or documented by this state or by the United States Government, including, but not limited to, mobile homes, except mobile homes assessed as real property,³ or industrial machinery or equipment. *For purposes of this paragraph, industrial machinery or equipment is not limited to machinery and equipment used to manufacture, process, compound, or produce tangible personal property.* For an item to be considered a fixture, it is not necessary that the owner of the item also own the real property to which it is attached.

Section 14. *It is the intent of the Legislature that the amendment made by this act to section 212.06(14)(b), Florida Statutes, relating to industrial machinery or equipment, is remedial in nature and merely clarifies existing law. However, nothing contained in this act shall authorize an assessment of additional tax, penalty, or interest against any taxpayer that complied with section 212.06(14)(b), Florida Statutes, as amended by chapter 98-141, Laws of Florida, effective July 1, 1998, nor shall any taxpayer be entitled to a refund of taxes previously paid due to the retroactive effect of this act.*

Section 15. Effective July 1, 2002, paragraph (b) of subsection (1) of section 212.07, Florida Statutes, is amended, and subsection (9) is added to said section, to read:

212.07 Sales, storage, use tax; tax added to purchase price; dealer not to absorb; liability of purchasers who cannot prove payment of the tax; penalties; general exemptions.—

(1)

(b) A resale must be in strict compliance with s. 212.18 and the rules and regulations, and any dealer who makes a sale for resale which is not in strict compliance with s. 212.18 and the rules and regulations shall himself or herself be liable for and pay the tax. Any dealer who makes a sale for resale shall document the exempt nature of the transaction, as established by rules promulgated by the department, by retaining a copy of the purchaser's resale certificate. In lieu of maintaining a copy of the certificate, a dealer may document, prior to the time of sale, an authorization number provided telephonically or electronically by the department, or by such other means established by rule of the department. ~~The department shall adopt rules that provide that, for purchasers who purchase on account from a dealer on a continual basis, the dealer may rely on a resale certificate issued pursuant to s. 212.18(3)(c), valid at the time of receipt from the purchaser, without seeking annual verification of the resale certificate if the dealer makes recurring sales to a purchaser in the normal course of business on a continual basis. For purposes of this paragraph, “recurring sales to a purchaser in the normal course of business” refers to a sale in which the dealer extends credit to the purchaser and records the debt as an account receivable, or in which the dealer sells to a purchaser who has an established cash or C.O.D. account, similar to an open credit account. For purposes of this paragraph, purchases are made from a selling dealer on a continual basis if the selling dealer makes, in the normal course of business, sales to the purchaser no less frequently than once in every 12-month period.~~ A dealer may, through the informal protest provided for in s. 213.21 and the rules of the Department of Revenue, provide the department with evidence of the exempt status of a sale. Consumer certificates of exemption executed by those exempt entities that were registered with the department at the time of sale, resale certificates provided by purchasers who were active dealers at the time of sale, and verification by the department of a purchaser's active dealer status at the time of sale in lieu of a resale certificate shall be accepted by the department when submitted during the protest period, but may not be accepted in any proceeding under chapter 120 or any circuit court action instituted under chapter 72.

(9)(a) *If a purchaser engaging in transactions taxable under this chapter did not pay tax to a vendor based on a good faith belief that the transaction was a nontaxable purchase for resale or the transaction was exempt as a purchase by an organization exempt from tax under this chapter, except as provided in paragraph (b), neither the purchaser nor the vendor is directly liable for any tax, interest, or penalty that would otherwise be due if the following conditions are met:*

1. *At the time of the purchase, the purchaser was not registered as a dealer with the department or did not hold a consumer's certificate of exemption from the department.*

2. *At the time of the purchase, the purchaser was qualified to register with the department as a dealer or to receive a consumer's certificate of exemption from the department.*

3. *Before applying for treatment under this subsection, the purchaser has registered with the department as a dealer or has applied for and received a consumer's certificate of exemption from the department.*

4. *The purchaser establishes justifiable cause for failure to register as a dealer or to obtain a consumer's certificate of exemption before making the purchase. Whether a purchaser has established justifiable cause for failure to register depends on the facts and circumstances of each case, including, but not limited to, such factors as the complexity of the transaction, the purchaser's business experience and history, whether the purchaser sought advice on its tax obligations, whether any such advice was followed, and any remedial action taken by the purchaser.*

5. *The transaction would otherwise qualify as exempt under this chapter except for the fact that at the time of the purchase the purchaser was not registered as a dealer with the department or did not hold a consumer's certificate of exemption from the department.*

6. *Relief pursuant to this subsection is applied for:*

a. *Before the department has initiated any audit or other action or inquiry in regard to the purchaser or the vendor; or*

b. *If any audit or other action or inquiry of the purchaser or the vendor has already been initiated, within 7 days after being informed in writing by the department that the purchaser was required to be registered or to hold a consumer's certificate of exemption at the time the transaction occurred.*

(b) *In lieu of the tax, penalties, and interest that would otherwise have been due, the department shall impose and collect the following mandatory penalties, which the department may not waive:*

1. *If a purchaser or vendor applies for relief before the department initiates any audit or other action or inquiry, the mandatory penalty is the lesser of \$1,000 or 10 percent of the total tax due on transactions that qualify for treatment under this subsection.*

2. *If a purchaser or vendor applies for relief after an audit or other action or inquiry has already been initiated by the department, the mandatory penalty is the lesser of \$5,000 or 20 percent of the total tax due on transactions that qualify for treatment under this subsection.*

The department may impose and collect the mandatory penalties from either the purchaser or the vendor that failed to obtain proper documentation at the time of the transaction.

(c) *The department may adopt forms and rules to administer this subsection.*

Section 16. *It is the intent of the Legislature that section 212.07(9), Florida Statutes, created by this act, applies to all pending sales and use tax audits or other actions or inquiries, including those currently under protest or in litigation. Taxpayers in such pending audits or other actions or inquiries have until the later of the date provided by section 212.07(9)(b), Florida Statutes, or 90 days after the effective date of this act to apply for the treatment provided in such paragraph. This section does not create any right to refund for taxes previously assessed and paid in regard to audits or other actions or inquiries that are no longer pending.*

Section 17. Effective upon this act becoming a law and operating retroactively to July 1, 1996, paragraph (c) of subsection (5) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(c) Machinery and equipment used in production of electrical or steam energy.—

1. The purchase of machinery and equipment for use at a fixed location which machinery and equipment are necessary in the production of electrical or steam energy resulting from the burning of boiler fuels other than residual oil is exempt from the tax imposed by this chapter. Such electrical or steam energy must be primarily for use in manufacturing, processing, compounding, or producing for sale items of tangible personal property in this state. Use of a de minimis amount of residual fuel to facilitate the burning of nonresidual fuel shall not reduce the exemption otherwise available under this paragraph.

2. In facilities where machinery and equipment are necessary to burn both residual and nonresidual fuels, the exemption shall be prorated. Such proration shall be based upon the production of electrical or steam energy from nonresidual fuels as a percentage of electrical or steam energy from all fuels. If it is determined that 15 percent or less of all electrical or steam energy generated was produced by burning residual fuel, the full exemption shall apply. Purchasers claiming a partial exemption shall obtain such exemption by refund of taxes paid, or as otherwise provided in the department's rules.

3. The department may adopt rules that provide for implementation of this exemption. Purchasers of machinery and equipment qualifying

for the exemption provided in this paragraph shall furnish the ~~vendor~~ department with an affidavit stating that the item or items to be exempted are for the use designated herein. Any person furnishing a false affidavit to the vendor for the purpose of evading payment of any tax imposed under this chapter shall be subject to the penalty set forth in s. 212.085 and as otherwise provided by law. Purchasers with self-accrual authority shall maintain all documentation necessary to prove the exempt status of purchases.

Section 18. Effective July 1, 2002, paragraphs (b), (d), and (f) of subsection (5) of section 212.08, Florida Statutes, are amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(b) Machinery and equipment used to increase productive output.—

1. Industrial machinery and equipment purchased for exclusive use by a new business in spaceport activities as defined by s. 212.02 or for use in new businesses which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations are exempt from the tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used in a new business in this state. Such purchases must be made prior to the date the business first begins its productive operations, and delivery of the purchased item must be made within 12 months of that date.

2.a. Industrial machinery and equipment purchased for exclusive use by an expanding facility which is engaged in spaceport activities as defined by s. 212.02 or for use in expanding manufacturing facilities or plant units which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter in excess of \$50,000 per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such expanded facility or business by not less than 10 percent.

b. Notwithstanding any other provision of this section, industrial machinery and equipment purchased for use in expanding printing manufacturing facilities or plant units that manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such an expanded business by not less than 10 percent.

3.a. To receive an exemption provided by subparagraph 1. or subparagraph 2., a qualifying business entity shall apply to the department for a temporary tax exemption permit. The application shall state that a new business exemption or expanded business exemption is being sought. Upon a tentative affirmative determination by the department pursuant to subparagraph 1. or subparagraph 2., the department shall issue such permit.

b. The applicant shall be required to maintain all necessary books and records to support the exemption. Upon completion of purchases of qualified machinery and equipment pursuant to subparagraph 1. or subparagraph 2., the temporary tax permit shall be delivered to the department or returned to the department by certified or registered mail.

c. If, in a subsequent audit conducted by the department, it is determined that the machinery and equipment purchased as exempt under subparagraph 1. or subparagraph 2. did not meet the criteria mandated by this paragraph or if commencement of production did not occur, the amount of taxes exempted at the time of purchase shall immediately be due and payable to the department by the business entity, together with the appropriate interest and penalty, computed from the date of purchase, in the manner prescribed by this chapter.

d. In the event a qualifying business entity fails to apply for a temporary exemption permit or if the tentative determination by the depart-

ment required to obtain a temporary exemption permit is negative, a qualifying business entity shall receive the exemption provided in subparagraph 1. or subparagraph 2. through a refund of previously paid taxes. No refund may be made for such taxes unless the criteria mandated by subparagraph 1. or subparagraph 2. have been met and commencement of production has occurred.

4. The department shall ~~adopt~~ ~~promulgate~~ rules governing applications for, issuance of, and the form of temporary tax exemption permits; provisions for recapture of taxes; and the manner and form of refund applications and may establish guidelines as to the requisites for an affirmative showing of increased productive output, commencement of production, and qualification for exemption.

5. The exemptions provided in subparagraphs 1. and 2. do not apply to machinery or equipment purchased or used by electric utility companies, communications companies, oil or gas exploration or production operations, publishing firms that do not export at least 50 percent of their finished product out of the state, any firm subject to regulation by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation, or any firm which does not manufacture, process, compound, or produce for sale items of tangible personal property or which does not use such machinery and equipment in spaceport activities as required by this paragraph. The exemptions provided in subparagraphs 1. and 2. shall apply to machinery and equipment purchased for use in phosphate or other solid minerals severance, mining, or processing operations only by way of a prospective credit against taxes due under chapter 211 for taxes paid under this chapter on such machinery and equipment.

6. For the purposes of the exemptions provided in subparagraphs 1. and 2., these terms have the following meanings:

a. "Industrial machinery and equipment" means *tangible personal property or other property that has a depreciable life of 3 years or more and that is used as an integral part in the manufacturing, processing, compounding, or production of tangible personal property for sale or is exclusively used in spaceport activities. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment are replaced. Heating and air conditioning systems are not industrial machinery and equipment unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serve, to an insubstantial degree, nonproduction activities* ~~"section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code, provided "industrial machinery and equipment" shall be construed by regulations adopted by the Department of Revenue to mean tangible property used as an integral part of spaceport activities or of the manufacturing, processing, compounding, or producing for sale of items of tangible personal property. The~~ Such term includes parts and accessories only to the extent that the exemption thereof is consistent with the provisions of this paragraph.

b. "Productive output" means the number of units actually produced by a single plant or operation in a single continuous 12-month period, irrespective of sales. Increases in productive output shall be measured by the output for 12 continuous months immediately following the completion of installation of such machinery or equipment over the output for the 12 continuous months immediately preceding such installation. However, if a different 12-month continuous period of time would more accurately reflect the increase in productive output of machinery and equipment purchased to facilitate an expansion, the increase in productive output may be measured during that 12-month continuous period of time if such time period is mutually agreed upon by the Department of Revenue and the expanding business prior to the commencement of production; provided, however, in no case may such time period begin later than 2 years following the completion of installation of the new machinery and equipment. The units used to measure productive output shall be physically comparable between the two periods, irrespective of sales.

(d) Machinery and equipment used under federal procurement contract.—

1. Industrial machinery and equipment purchased by an expanding business which manufactures tangible personal property pursuant to

federal procurement regulations at fixed locations in this state are partially exempt from the tax imposed in this chapter on that portion of the tax which is in excess of \$100,000 per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the implicit productive output of the expanded business by not less than 10 percent. The percentage of increase is measured as deflated implicit productive output for the calendar year during which the installation of the machinery or equipment is completed or during which commencement of production utilizing such items is begun divided by the implicit productive output for the preceding calendar year. In no case may the commencement of production begin later than 2 years following completion of installation of the machinery or equipment.

2. The amount of the exemption allowed shall equal the taxes otherwise imposed by this chapter in excess of \$100,000 per calendar year on qualifying industrial machinery or equipment reduced by the percentage of gross receipts from cost-reimbursement type contracts attributable to the plant or operation to total gross receipts so attributable, accrued for the year of completion or commencement.

3. The exemption provided by this paragraph shall inure to the taxpayer only through refund of previously paid taxes. Such refund shall be made within 30 days of formal approval by the department of the taxpayer's application, which application may be made on an annual basis following installation of the machinery or equipment.

4. For the purposes of this paragraph, the term:

a. "Cost-reimbursement type contracts" has the same meaning as in 32 C.F.R. s. 3-405.

b. "Deflated implicit productive output" means the product of implicit productive output times the quotient of the national defense implicit price deflator for the preceding calendar year divided by the deflator for the year of completion or commencement.

c. "Eligible costs" means the total direct and indirect costs, as defined in 32 C.F.R. ss. 15-202 and 15-203, excluding general and administrative costs, selling expenses, and profit, defined by the uniform cost-accounting standards adopted by the Cost-Accounting Standards Board created pursuant to 50 U.S.C. s. 2168.

d. "Implicit productive output" means the annual eligible costs attributable to all contracts or subcontracts subject to federal procurement regulations of the single plant or operation at which the machinery or equipment is used.

e. "Industrial machinery and equipment" means *tangible personal property or other property that has a depreciable life of 3 years or more, that qualifies as an eligible cost under federal procurement regulations, and that is used as an integral part of the process of production of tangible personal property. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment are replaced. Heating and air conditioning systems are not industrial machinery and equipment unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serve, to an insubstantial degree, nonproduction activities* ~~"section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code, provided such industrial machinery and equipment qualified as an eligible cost under federal procurement regulations and are used as an integral part of the tangible personal property production process. The~~ Such term includes parts and accessories only to the extent that the exemption of such parts and accessories is consistent with the provisions of this paragraph.

f. "National defense implicit price deflator" means the national defense implicit price deflator for the gross national product as determined by the Bureau of Economic Analysis of the United States Department of Commerce.

5. The exclusions provided in subparagraph (b)5. apply to this exemption. This exemption applies only to machinery or equipment purchased pursuant to production contracts with the United States Department of Defense and Armed Forces, the National Aeronautics and Space

Administration, and other federal agencies for which the contracts are classified for national security reasons. In no event shall the provisions of this paragraph apply to any expanding business the increase in productive output of which could be measured under the provisions of subparagraph (b)6.b. as physically comparable between the two periods.

In addition, the term does not include equipment purchased or leased by television or radio broadcasting or cable companies licensed by the Federal Communications Commission. *Furthermore, a building and its structural components are not motion picture or video equipment and sound recording equipment unless the building or structural component is so closely related to the motion picture or video equipment and sound recording equipment that it houses or supports that the building or structural component can be expected to be replaced when the motion picture or video equipment and sound recording equipment are replaced. Heating and air conditioning systems are not motion picture or video equipment and sound recording equipment unless the sole justification for their installation is to meet the requirements of the production activities, even though the system may provide incidental comfort to employees or serve, to an insubstantial degree, nonproduction activities.*

b. “Production activities” means activities directed toward the preparation of a:

(2) *It is the purpose of the amendments made by this act to section 212.08(5)(b), (d), and (f), Florida Statutes, to replace specific references in such paragraphs to “section 38 property” as defined in section 48(a)(1)(A) and (B)(i) of the Internal Revenue Code with a general description of such property, and such new description shall have the same meaning as the former federal Internal Revenue Code regulation without limitation.*

(d) A business may not receive more than \$500,000 of tax credits *under this section* during any one calendar year ~~for its efforts in creating jobs~~.

Section 25. Subsection (5) is added to section 212.11, Florida Statutes, to read:

212.11 Tax returns and regulations.—

(5)(a) *Each dealer that claims any credits granted in this chapter against that dealer's sales and use tax liabilities shall submit to the department, upon request, documentation that provides all of the information required to verify the dealer's entitlement to such credits, excluding credits authorized pursuant to the provisions of s. 212.17. All information must be broken down as prescribed by the department and shall be submitted in a manner that enables the department to verify that the credits are allowable by law. With respect to any credit that is granted in the form of a refund of previously paid taxes, supporting documentation must be provided with the application for refund and the penalty provisions of paragraph (c) do not apply.*

(b) *The department shall adopt rules regarding the forms and documentation required to verify credits against sales and use tax liabilities and the format in which documentation is to be submitted, which format may include magnetic tape or other means of electronic transmission.*

(c) *The department shall disallow any credit that is not supported by the information required under this subsection. In addition, the disallowed credit or any part of the credit disallowed is subject to a mandatory penalty of 25 percent and interest as provided for in s. 212.12. A specific penalty of 25 percent of the otherwise available credit shall be applied to any credit for which the required information report is not received within 30 days after a written request from the department.*

Section 26. Subsection (14) is added to section 212.12, Florida Statutes, to read:

212.12 Dealer's credit for collecting tax; penalties for noncompliance; powers of Department of Revenue in dealing with delinquents; brackets applicable to taxable transactions; records required.—

(14) *If it is determined upon audit that a dealer has collected and remitted taxes by applying the applicable tax rate to each transaction as described in subsection (9) and rounding the tax due to the nearest whole cent rather than applying the appropriate bracket system provided by law or department rule, the dealer shall not be held liable for additional tax, penalty, and interest resulting from such failure if:*

(a) *The dealer acted in a good faith belief that rounding to the nearest whole cent was the proper method of determining the amount of tax due on each taxable transaction.*

(b) *The dealer timely reported and remitted all taxes collected on each taxable transaction.*

(c) *The dealer agrees in writing to future compliance with the laws and rules concerning brackets applicable to the dealer's transactions.*

Section 27. *It is the intent of the Legislature that the amendment made by this act to add subsection (14) to section 212.12, Florida Statutes, applies to all pending sales and use tax audits or other actions or inquiries, including those currently under protest or in litigation. The amendment made by this act to add subsection (14) to section 212.12, Florida Statutes, does not create any right to refund for taxes previously assessed and paid in regard to audits or other actions or inquiries that are no longer pending.*

Section 28. Effective January 1, 2003, paragraph (c) of subsection (6) of section 212.12, Florida Statutes, is amended to read:

212.12 Dealer's credit for collecting tax; penalties for noncompliance; powers of Department of Revenue in dealing with delinquents; brackets applicable to taxable transactions; records required.—

(6)

(c)1. If the records of a dealer are adequate but voluminous in nature and substance, the department may sample such records, except for fixed assets, and project the audit findings derived therefrom over the entire audit period to determine the proportion that taxable retail sales bear to total retail sales or the proportion that taxable purchases bear to total purchases. In order to conduct such a sample, the department must first make a good faith effort to reach an agreement with the dealer, which agreement provides for the means and methods to be used in the sampling process. In the event that no agreement is reached, the dealer is entitled to a review by the executive director.

2. For the purposes of sampling pursuant to subparagraph 1., the department shall project any deficiencies and overpayments derived therefrom over the entire audit period. In determining the dealer's compliance, the department shall reduce any tax deficiency as derived from the sample by the amount of any overpayment derived from the sample. In the event the department determines from the sample results that the dealer has a net tax overpayment, the department shall provide the findings of this overpayment to the Comptroller for repayment of funds paid into the State Treasury through error pursuant to s. 215.26.

3.a. A taxpayer is entitled, both in connection with an audit and in connection with an application for refund filed independently of any audit, to establish the amount of any refund or deficiency through statistical sampling when the taxpayer's records, other than those regarding fixed assets, are adequate but voluminous. Alternatively, a taxpayer is entitled to establish any refund or deficiency through any other sampling method agreed upon by the taxpayer and the department when the taxpayer's records, other than those regarding fixed assets, are adequate but voluminous. Whether done through statistical sampling or any other sampling method agreed upon by the taxpayer and the department, the completed sample must reflect both overpayments and underpayments of taxes due. The sample shall be conducted through:

(I) A taxpayer request to perform the sampling through the certified audit program pursuant to s. 213.285;

(II) Attestation by a certified public accountant as to the adequacy of the sampling method utilized and the results reached using such sampling method; or

(III) A sampling method that has been submitted by the taxpayer and approved by the department before a refund claim is submitted. This sub-subparagraph does not prohibit a taxpayer from filing a refund claim prior to approval by the department of the sampling method; however, a refund claim submitted before the sampling method has been approved by the department cannot be a complete refund application pursuant to s. 213.255 until the sampling method has been approved by the department.

b. The department shall prescribe by rule the procedures to be followed under each method of sampling. Such procedures shall follow generally accepted auditing procedures for sampling. The rule shall also set forth other criteria regarding the use of sampling, including, but not limited to, training requirements that must be met before a sampling method may be utilized and the steps necessary for the department and the taxpayer to reach agreement on a sampling method submitted by the taxpayer for approval by the department.

Section 29. Paragraph (a) of subsection (3) of section 212.18, Florida Statutes, is amended to read:

212.18 Administration of law; registration of dealers; rules.—

(3)(a) Every person desiring to engage in or conduct business in this state as a dealer, as defined in this chapter, or to lease, rent, or let or grant licenses in living quarters or sleeping or housekeeping accommodations in hotels, apartment houses, roominghouses, or tourist or trailer camps that are subject to tax under s. 212.03, or to lease, rent, or let or grant licenses in real property, as defined in this chapter, and every person who sells or receives anything of value by way of admissions, must file with the department an application for a certificate of registration for each place of business, showing the names of the persons who have interests in such business and their residences, the address of the business, and such other data as the department may reasonably require. However, owners and operators of vending machines or newspaper rack machines are required to obtain only one certificate of registration for each county in which such machines are located. The department, by rule, may authorize a dealer that uses independent sellers to sell its merchandise to remit tax on the retail sales price charged to the ultimate consumer in lieu of having the independent seller register as a dealer and remit the tax. The department may appoint the county tax collector as the department's agent to accept applications for registrations. The application must be made to the department before the person, firm, copartnership, or corporation may engage in such business, and it must be accompanied by a registration fee of \$5. However, a registration fee is not required to accompany an application to engage in or conduct business to make mail order sales. *The department may waive the registration fee for applications submitted through the department's Internet registration process.*

Section 30. Section 213.015, Florida Statutes, is amended to read:

(21) *The right to fair and consistent application of the tax laws of this state by the Department of Revenue.*

Section 31. Subsection (3) and paragraphs (n) and (r) of subsection (7) of section 213.053, Florida Statutes, are amended, and paragraph (w) is added to subsection (7) of said section, to read:

213.053 Confidentiality and information sharing.—

(3) The department shall permit a taxpayer, his or her authorized representative, or the personal representative of an estate to inspect the taxpayer's return and may furnish him or her an abstract of such return. A taxpayer may authorize the department in writing to divulge specific information concerning the taxpayer's account. *The department, while performing unemployment compensation tax collection services pursuant to a contract with the Agency for Workforce Innovation, may release unemployment tax rate information to the agent of an employer, which agent provides payroll services for more than 500 employers, pursuant to the terms of a memorandum of understanding. The memorandum of understanding shall state that the agent affirms, subject to the criminal penalties contained in ss. 443.171 and 443.1715, that the agent will retain the confidentiality of the information, that the agent has in effect a power of attorney from the employer which permits the agent to obtain unemployment tax rate information, and that the agent shall provide the department with a copy of the employer's power of attorney upon request.*

(7) Notwithstanding any other provision of this section, the department may provide:

(n) Information contained in returns, reports, accounts, or declarations to the Board of Accountancy in connection with a disciplinary proceeding conducted pursuant to chapter 473 when related to a certified public accountant participating in the certified audits project, or to the court in connection with a civil proceeding brought by the department relating to a claim for recovery of taxes due to negligence on the part of a certified public accountant participating in the certified audits project. In any judicial proceeding brought by the department, upon motion for protective order, the court shall limit disclosure of tax information when necessary to effectuate the purposes of this section. This paragraph is repealed on July 1, 2006 ~~2002~~.

(r) Information relative to the returns required by ss. 175.111 and 185.09 to the Department of Management Services in the conduct of its official duties. (w) *Tax registration information to the Agency for Workforce Innovation for use in the conduct of its official duties, which information may not be redisclosed by the Agency for Workforce Innovation.*

Disclosure of information under this subsection shall be pursuant to a written agreement between the executive director and the agency. Such agencies, governmental or nongovernmental, shall be bound by the same requirements of confidentiality as the Department of Revenue. Breach of confidentiality is a misdemeanor of the first degree, punishable as provided by s. 775.082 or s. 775.083.

Section 32. Effective July 1, 2002, paragraph (c) is added to subsection (4) of section 213.0535, Florida Statutes, to read:

213.0535 Registration Information Sharing and Exchange Program.—

(4) There are two levels of participation:

(c) *A level-two participant may disclose information as provided in paragraph (b) in response to a request for such information from any other level-two participant. Information relative to specific taxpayers shall be requested or disclosed under this paragraph only to the extent necessary in the administration of a tax or licensing provision as enumerated in paragraph (a). When a disclosure made under this paragraph involves confidential information provided to the participant by the Department of Revenue, the participant who provides the information shall maintain records of the disclosures, which records shall be subject to review by the Department of Revenue for a period of 5 years after the date of the disclosure.*

Section 33. Paragraph (a) of subsection (3) and subsection (8) of section 213.21, Florida Statutes, are amended, and subsections (9) and (10) are added to said section, to read:

213.21 Informal conferences; compromises.—

(3)(a) A taxpayer's liability for any tax or interest specified in s. 72.011(1) may be compromised by the department upon the grounds of doubt as to liability for or collectibility of such tax or interest. *A taxpayer's liability for interest under any of the chapters specified in s. 72.011(1) shall be settled or compromised in whole or in part whenever or to the extent that the department determines that the delay in the determination of the amount due is attributable to the action or inaction of the department.* A taxpayer's liability for penalties under any of the chapters specified in s. 72.011(1) may be settled or compromised if it is determined by the department that the noncompliance is due to reasonable cause and not to willful negligence, willful neglect, or fraud. *The facts and circumstances are subject to de novo review to determine the existence of reasonable cause in any administrative proceeding or judicial action challenging an assessment of penalty under any of the chapters specified in s. 72.011(1).* A taxpayer who establishes reasonable reliance on the written advice issued by the department to the taxpayer will be deemed to have shown reasonable cause for the noncompliance. In addition, a taxpayer's liability for penalties under any of the chapters specified in s. 72.011(1) in excess of 25 percent of the tax shall be settled or compromised if the department determines that the noncompliance is due to reasonable cause and not to willful negligence, willful neglect, or fraud. The department shall maintain records of all compromises, and the records shall state the basis for the compromise. The records of compromise under this paragraph shall not be subject to disclosure pursuant to s. 119.07(1) and shall be considered confidential information governed by the provisions of s. 213.053.

(8) In order to determine whether certified audits are an effective tool in the overall state tax collection effort, the executive director of the department or the executive director's designee shall settle or compromise penalty liabilities of taxpayers who participate in the certified audits project. As further incentive for participating in the program, the department shall abate the first \$25,000 of any interest liability and 25 percent of any interest due in excess of the first \$25,000. A settlement or compromise of penalties or interest pursuant to this subsection shall not be subject to the provisions of paragraph (3)(a), except for the requirement relating to confidentiality of records. The department may consider an additional compromise of tax or interest pursuant to the provisions of paragraph (3)(a). This subsection does not apply to any liability related to taxes collected but not remitted to the department. This subsection is repealed on July 1, 2006 ~~2002~~.

(9) *A penalty for failing to collect a tax imposed by chapter 212 shall be settled or compromised upon payment of tax and interest if a taxpayer failed to collect the tax due to a good faith belief that tax was not due on the transaction and, because of that good faith belief, the taxpayer is now unable to charge and collect the tax from the taxpayer's purchaser. The Department of Revenue shall adopt rules necessary to implement and administer this subsection, including rules establishing procedures and forms.*

(10)(a) *Effective July 1, 2003, notwithstanding any other provision of law and solely for the purpose of administering the tax imposed by chapter 212, under the circumstances set forth in this subsection, the department shall settle or compromise a taxpayer's liability for penalty without requiring the taxpayer to submit a written request for compromise or settlement.*

(b) For taxpayers who file returns and remit tax on a monthly basis:

1. Any penalty related to a noncompliant filing event shall be settled or compromised if the taxpayer has:

a. No noncompliant filing event in the immediately preceding 12-month period and no unresolved chapter 212 liability resulting from a noncompliant filing event; or

b. One noncompliant filing event in the immediately preceding 12-month period, resolution of the current noncompliant filing event through payment of tax and interest and the filing of a return within 30 days after notification by the department, and no unresolved chapter 212 liability resulting from a noncompliant filing event.

2. If a taxpayer has two or more noncompliant filing events in the immediately preceding 12-month period, the taxpayer shall be liable, absent a showing by the taxpayer that the noncompliant filing event was due to extraordinary circumstances, for the penalties provided in s. 212.12, including loss of collection allowance, and shall be reported to a credit bureau.

(c) For taxpayers who file returns and remit tax on a quarterly basis, any penalty related to a noncompliant filing event shall be settled or compromised if the taxpayer has no noncompliant filing event in the immediately preceding 12-month period and no unresolved chapter 212 liability resulting from a noncompliant filing event.

(d) For purposes of this subsection:

1. "Noncompliant filing event" means a failure to timely file a complete and accurate return required under chapter 212 or a failure to timely pay the amount of tax reported on a return required by chapter 212.

2. "Extraordinary circumstances" means the occurrence of events beyond the control of the taxpayer, such as, but not limited to, the death of the taxpayer, acts of war or terrorism, natural disasters, fire, or other casualty, or the nonfeasance or misfeasance of the taxpayer's employees or representatives responsible for compliance with the provisions of chapter 212. With respect to the acts of an employee or representative, the taxpayer must show that the principals of the business lacked actual knowledge of the noncompliance and that the noncompliance was resolved within 30 days after actual knowledge.

Section 34. Subsection (2) of section 213.24, Florida Statutes, is amended to read:

213.24 Accrual of penalties and interest on deficiencies; deficiency billing costs.—

(2)(a) Billings for deficiencies or automated refunds of tax, penalty, or interest shall not be issued for any amount less than the actual costs incurred by the department to produce a billing or automated refund.

(b) The cost of issuing billings or automated refunds for any tax enumerated in s. 213.05 shall be computed in a study performed by the inspector general of the department. The study shall be conducted every 3 years and at such other times as deemed necessary by the inspector general. A minimum billing and automated refund amount shall be established and adjusted in accordance with the results of such study.

(c) Any change in minimum billing or automated refund amounts ~~amount~~ shall be made effective on July 1 following the completion of the study.

Section 35. Subsection (4) of section 213.255, Florida Statutes, is amended to read:

213.255 Interest.—Interest shall be paid on overpayments of taxes, payment of taxes not due, or taxes paid in error, subject to the following conditions:

(4) Interest shall not commence until 90 days after a complete refund application has been filed and the amount of overpayment has not been refunded to the taxpayer or applied as a credit to the taxpayer's account. However, if there is a prohibition against refunding a tax overpayment before the first day of the state fiscal year, interest on the tax overpayment shall not commence until August 1 of the year the tax was due. If the

department and the taxpayer mutually agree that an audit or verification is necessary in order to determine the taxpayer's entitlement to the refund, interest shall not commence until the audit or verification of the claim is final.

Section 36. Paragraph (c) of subsection (2) of section 213.285, Florida Statutes, is amended to read:

213.285 Certified audits.—

(2)

(c) The certified audits project is repealed on July 1, 2006 ~~2002~~, or upon completion of the project as determined by the department, whichever occurs first.

Section 37. Subsection (3) is added to section 213.30, Florida Statutes, to read:

213.30 Compensation for information relating to a violation of the tax laws.—

(3) Notwithstanding any other provision of law, this section is the sole means by which any person may seek or obtain any moneys as the result of, in relation to, or founded upon the failure by another person to comply with the tax laws of this state. A person's use of any other law to seek or obtain moneys for such failure is in derogation of this section and conflicts with the state's duty to administer the tax laws.

Section 38. Effective January 1, 2003, section 213.755, Florida Statutes, is amended to read:

213.755 Filing of returns and payment of taxes by electronic means ~~funds transfer~~.—

(1) The executive director of the Department of Revenue shall have authority to require a taxpayer to file returns and remit payments ~~taxes~~ by electronic means ~~funds transfer~~ where the taxpayer, ~~including consolidated filers~~, is subject to tax and has paid that tax in the prior state fiscal year in an amount of \$30,000 ~~\$50,000~~ or more. Any taxpayer who operates two or more places of business for which returns are required to be filed with the department shall combine the tax payments for all such locations in order to determine whether they are obligated under this section. This subsection does not override additional requirements in any provision of a revenue law which the department has the responsibility for regulating, controlling, and administering.

(2) As used in any revenue law administered by the department, the term:

(a) "Payment" means any payment or remittance required to be made or paid within a prescribed period or on or before a prescribed date under the authority of any provision of a revenue law which the department has the responsibility for regulating, controlling, and administering. The term does not include any remittance unless the amount of the remittance is actually received by the department.

(b) "Return" means any report, claim, statement, notice, application, affidavit, or other document required to be filed within a prescribed period or on or before a prescribed date under the authority of any provision of a revenue law which the department has the responsibility for regulating, controlling, and administering.

(c) "Electronic means" includes, but is not limited to, electronic data interchange; electronic funds transfer; or use of the Internet, telephone, or other technology specified by the department.

(3) Solely for the purposes of administering this section:

(a) Taxes levied under parts I and II of chapter 206 shall be considered a single tax.

(b) A person required to remit a tax acting as a collection agent or dealer for the state shall nonetheless be considered the taxpayer.

(4) The executive director may require a taxpayer to file by electronic means returns for which no tax is due for the specific taxing period.

(5) Beginning January 1, 2003, consolidated filers shall file returns and remit taxes by electronic means.

(6) A taxpayer required to file returns by electronic means shall also remit payments by electronic means. A taxpayer who fails to file returns pursuant to this section is liable for a penalty of \$10 for each report submitted, which is in addition to any other penalty that may be applicable, unless the taxpayer has first obtained a waiver of such requirement from the department. A taxpayer who fails to remit payments pursuant to this section is liable for a penalty of \$10 for each remittance submitted, which is in addition to any other penalty that may be applicable.

(7) The department shall give due regard to developing uniform standards for formats as adopted by the American National Standards Institute for encryption and taxpayer authentication to ensure that the return and payment information is kept confidential. The department shall also provide several options for filing reports and remitting payments by electronic means in order to make compliance with the requirements of this section as simple as possible for the taxpayer.

(8) The department shall prescribe by rule the format and instructions necessary for filing returns and reports and for remitting payments in accordance with this section to ensure a full collection of taxes, interest, and penalties due. The acceptable method of transfer; the method, form, and content of the electronic filing of returns or remittance of payments of tax, penalty, or interest; and the means, if any, by which the taxpayer will be provided with an acknowledgment of receipt shall be prescribed by the department.

(9) The department may waive the requirement to file a return by electronic means for taxpayers that are unable to comply despite good faith efforts or due to circumstances beyond the taxpayer's reasonable control.

(a) As prescribed by the department, grounds for approving the waiver include, but are not limited to, circumstances in which the taxpayer, the owner, or an officer of the business, or the taxpayer's accountant or bookkeeper, does not:

1. Currently file information or data electronically with any business or government agency; or

2. Have a compatible computer that meets or exceeds the department's minimum standards.

(b) The department shall accept other reasons for requesting a waiver from the requirement to submit a return by electronic means, including, but not limited to:

1. That the taxpayer needs additional time to program his or her computer;

2. That complying with this requirement causes the taxpayer financial hardship; or

3. That complying with this requirement conflicts with the taxpayer's business procedures.

(c) The department may establish by rule the length of time a waiver is valid and may determine whether subsequent waivers will be authorized, based on the provisions of this subsection.

Section 39. Paragraphs (q) and (gg) of subsection (1) of section 220.03, Florida Statutes, is amended to read:

220.03 Definitions.—

The owner or operator of the facility shall pay the registration fee to the Department of Revenue. *The department may waive the registration fee for applications submitted through the department's Internet registration process.*

Section 50. Subsection (1) and paragraph (e) of subsection (3) of section 443.131, Florida Statutes, are amended to read:

443.131 Contributions.—

(1) WHEN PAYABLE.—Contributions shall accrue and become payable by each employer for each calendar quarter in which he or she is subject to this chapter, with respect to wages paid during such calendar quarter for employment. Such contributions shall become due and be paid by each employer to the *Agency for Workforce Innovation or its designee division* for the fund, in accordance with such rules as the *Agency for Workforce Innovation or its designee division* may prescribe. However, nothing in this subsection shall be construed to prohibit the *Agency for Workforce Innovation or its designee division* from allowing,

~~on a limited basis, at the request of the employer, certain employers of employees performing domestic services, as defined in s. 443.036(21)(g) and by rule of the division, to pay contributions or report wages at intervals other than quarterly when such payment or reporting is to the advantage of the Agency for Workforce Innovation or its designee division and the employers, and when such nonquarterly payment and reporting is authorized under federal law. This provision gives employers of employees performing domestic services the option to elect to report wages and pay taxes annually, with a due date of January April 1 and a delinquency date of February 1 April 30. In order to qualify for this election, the employer must employ have only employees who perform domestic services employees, be eligible for a variation from the standard rate as computed pursuant to subsection (3) in good standing, apply to this program no later than December 1 30 of the preceding calendar year, and agree to provide the Agency for Workforce Innovation or its designee division with any special reports which might be requested, as required by rule 60BB-2.025(5) 38B-2.025(5), including copies of all federal employment tax forms. Failure to timely furnish any wage information when required by the Agency for Workforce Innovation or its designee shall may result in the employer's loss of the privilege to elect participation in this program, effective the calendar quarter immediately following the calendar quarter in which such failure occurred. The employer is eligible to reapply for annual reporting after 1 complete calendar year has elapsed since the employer's disqualification if the employer timely furnished any requested wage information during the period in which annual reporting was denied. Contributions shall not be deducted, in whole or in part, from the wages of individuals in such employer's employ. In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to 1 cent.~~

(3) CONTRIBUTION RATES BASED ON BENEFIT EXPERIENCE.—

(e)1. Variations from the standard rate of contributions shall be assigned with respect to each calendar year to employers eligible therefor. In determining the contribution rate, varying from the standard rate to be assigned each employer, adjustment factors provided for in sub-subparagraphs a.-c. will be added to the benefit ratio. This addition will be accomplished in two steps by adding a variable adjustment factor and a final adjustment factor as defined below. The sum of these adjustment factors provided for in sub-subparagraphs a.-c. will first be algebraically summed. The sum of these adjustment factors will then be divided by a gross benefit ratio to be determined as follows: Total benefit payments for the previous 3 years, as defined in subparagraph (b)1., charged to employers eligible to be assigned a contribution rate different from the standard rate minus excess payments for the same period divided by taxable payroll entering into the computation of individual benefit ratios for the calendar year for which the contribution rate is being computed. The ratio of the sum of the adjustment factors provided for in sub-subparagraphs a.-c. to the gross benefit ratio will be multiplied by each individual benefit ratio below the maximum tax rate to obtain variable adjustment factors; except that in any instance in which the sum of an employer's individual benefit ratio and variable adjustment factor exceeds the maximum tax rate, the variable adjustment factor will be reduced so that the sum equals the maximum tax rate. The variable adjustment factor of each such employer will be multiplied by his or her taxable payroll entering into the computation of his or her benefit ratio. The sum of these products will be divided by the taxable payroll of such employers that entered into the computation of their benefit ratios. The resulting ratio will be subtracted from the sum of the adjustment factors provided for in sub-subparagraphs a.-c. to obtain the final adjustment factor. The variable adjustment factors and the final adjustment factor will be computed to five decimal places and rounded to the fourth decimal place. This final adjustment factor will be added to the variable adjustment factor and benefit ratio of each employer to obtain each employer's contribution rate; however, at no time shall an employer's contribution rate be rounded to less than 0.1 percent.

a. An adjustment factor for noncharge benefits will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the amount of benefit payments noncharged in the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the taxable payrolls for the 3 years ending June 30 of the current calendar year that had been reported to the division by

September 30 of the same calendar year. Noncharge benefits for the purpose of this section shall be defined as benefit payments to an individual which were paid from the Unemployment Compensation Trust Fund but which were not charged to the unemployment record of any employer.

b. An excess payments adjustment factor will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the total excess payments during the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the same as used in computing the noncharge adjustment factor as described in sub-subparagraph a. The term "excess payments" for the purpose of this section is defined as the amount of benefit payments charged to the employment record of an employer during the 3 preceding years, as defined in subparagraph (b)1., less the product of the maximum contribution rate and his or her taxable payroll for the 3 years ending June 30 of the current calendar year that had been reported to the division by September 30 of the same calendar year. The term "total excess payments" is defined as the sum of the individual employer excess payments for those employers that were eligible to be considered for assignment of a contribution rate different from the standard rate.

c. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the calendar year immediately preceding the calendar year for which the contribution rate is being computed is less than 3.74 percent of the taxable payrolls for the year ending June 30 as reported to the division by September 30 of that calendar year, a positive adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of such calendar year and the sum of 4.75 percent of the total taxable payrolls for that year. Such adjustment factor will remain in effect in subsequent years until a balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the effective date of such contribution rate equals or exceeds 3.74 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the calendar year for which the contribution rate is being computed exceeds 4.75 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year, a negative adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of the current calendar year and 4.75 percent of the total taxable payrolls of such year. Such adjustment factor will remain in effect in subsequent years until the balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the effective date of such contribution rate is less than 4.75 percent but more than 3.74 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year.

d. The maximum contribution rate that can be assigned to any employer shall be 5.4 percent, except those employers participating in an approved short-time compensation plan in which case the maximum shall be 1 percent above the current maximum contribution rate, with respect to any calendar year in which short-time compensation benefits are in the employer's employment record.

2. In the event of the transfer of employment records to an employing unit pursuant to paragraph (g) which, prior to such transfer, was an employer, the division shall recompute a benefit ratio for the successor employer on the basis of the combined employment records and reassign an appropriate contribution rate to such successor employer as of the beginning of the calendar quarter immediately following the effective date of such transfer of employment records.

Section 51. Effective upon this act becoming a law and operating retroactively to December 21, 2000, section 443.1315, Florida Statutes, is created to read:

(b) *Indian tribes electing to make payments in lieu of contributions must make such election in the same manner and under the same conditions as provided by s. 443.131 for state and local governments and nonprofit organizations subject to this chapter. Indian tribes shall determine whether reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units thereof, or by combinations of individual tribal units.*

(c) *Indian tribes or tribal units thereof shall be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.*

(d) *At the discretion of the director of the Agency for Workforce Innovation or his or her designee, any Indian tribe or tribal unit thereof that elects to become liable for payments in lieu of contributions shall be required, within 90 days after the effective date of such election, to:*

1. *Execute and file with the director or his or her designee a surety bond approved by the director or his or her designee; or*

2. *Any Indian tribe that loses the option to make payments in lieu of contributions due to late payment or nonpayment pursuant to subparagraph 1. shall have such option reinstated if, after a period of 1 year, all contributions have been made timely, provided no contributions, payments in lieu of contributions for benefits paid, penalties, or interest remain outstanding.*

(b)1. *Failure of the Indian tribe or any tribal unit thereof to make required payments, including assessments of interest and penalty, after all collection activities deemed necessary by the director of the Agency for Workforce Innovation or his or her designee have been exhausted will cause services performed for such tribe to not be treated as employment for purposes of paragraph (1)(b).*

2. *The director or his or her designee may determine that any Indian tribe that loses coverage under subparagraph 1. may have services performed for such tribe again included as employment for purposes of paragraph (1)(b) if all contributions, payments in lieu of contributions, penalties, and interest have been paid.*

(c) *If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within 90 days*

(a) Will cause the Indian tribe to be liable for taxes under the Federal Unemployment Tax Act.

(b) Will cause the Indian tribe to lose the option to make payments in lieu of contributions.

(c) Could cause the Indian tribe to be excepted from the definition of "employer" provided in paragraph (1)(a) and services in the employ of the Indian tribe provided in paragraph (1)(b) to be excepted from employment.

(6) Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the Federal Government shall be financed in their entirety by such Indian tribe.

(7) The Agency for Workforce Innovation shall adopt any rules necessary to administer this section.

Section 1. Paragraph (c) is added to subsection (3) of section 316.006, Florida Statutes, to read:

316.006 Jurisdiction.—Jurisdiction to control traffic is vested as follows:

(3) COUNTIES.—

(c) *If the governing body of a county abandons the roads and rights-of-way dedicated in a recorded residential subdivision, and simultaneously conveys the county’s interest therein to a homeowners’ association*

for the subdivision in the manner prescribed in s. 316.00825, that county's traffic control jurisdiction over the abandoned and conveyed roads ceases unless the requirements of paragraph (b) are met.

Notwithstanding the provisions of subsection (2), each county shall have original jurisdiction to regulate parking, by resolution of the board of county commissioners and the erection of signs conforming to the manual and specifications of the Department of Transportation, in parking areas located on property owned or leased by the county, whether or not such areas are located within the boundaries of chartered municipalities.

Section 2. Section 316.00825, Florida Statutes, is created to read:

316.00825 Closing and abandonment of roads; optional conveyance to homeowners' association; traffic control jurisdiction.—

(1)(a) In addition to the authority provided in s. 336.12, the governing body of the county may abandon the roads and rights-of-way dedicated in a recorded residential subdivision plat and simultaneously convey the county's interest in such roads, rights-of-way, and appurtenant drainage facilities to a homeowners' association for the subdivision, if the following conditions have been met:

1. The homeowners' association has requested the abandonment and conveyance in writing for the purpose of converting the subdivision to a gated neighborhood with restricted public access.

2. No fewer than four-fifths of the owners of record of property located in the subdivision have consented in writing to the abandonment and simultaneous conveyance to the homeowners' association.

3. The homeowners' association is both a corporation not for profit organized and in good standing under chapter 617, and a "homeowners' association" as defined in s. 720.301(7) with the power to levy and collect assessments for routine and periodic major maintenance and operation of street lighting, drainage, sidewalks, and pavement in the subdivision.

4. The homeowners' association has entered into and executed such agreements, covenants, warranties, and other instruments; has provided, or has provided assurance of, such funds, reserve funds, and funding sources; and has satisfied such other requirements and conditions as may be established or imposed by the county with respect to the ongoing operation, maintenance, and repair and the periodic reconstruction or replacement of the roads, drainage, street lighting, and sidewalks in the subdivision after the abandonment by the county.

(b) The homeowners' association shall install, operate, maintain, repair, and replace all signs, signals, markings, striping, guardrails, and other traffic control devices necessary or useful for the private roads unless an agreement has been entered into between the county and the homeowners' association, as authorized under s. 316.006(3)(b), expressly providing that the county has traffic control jurisdiction.

(2) Upon abandonment of the roads and rights-of-way and the conveyance thereof to the homeowners' association, the homeowners' association shall have all the rights, title, and interest in the roads and rights-of-way, including all appurtenant drainage facilities, as were previously vested in the county. Thereafter, the homeowners' association shall hold the roads and rights-of-way in trust for the benefit of the owners of the property in the subdivision, and shall operate, maintain, repair, and, from time to time, replace and reconstruct the roads, street lighting, sidewalks, and drainage facilities as necessary to ensure their use and enjoyment by the property owners, tenants, and residents of the subdivision and their guests and invitees. thereby. Such removal is applicable when such a motor vehicle crash results only in damage to a vehicle or other property, and when such removal can be accomplished safely and will result in the improved safety or convenience of travel upon the road. The driver or any other person who has removed a motor vehicle from the main traveled way of the road as provided in this section shall not be considered liable or at fault regarding the cause of the accident solely by reason of moving the vehicle.

(c) This chapter does not apply to anyone who removes, possesses, or replaces a manufacturer's or *state-assigned* identification number plate, in the course of performing repairs on a vehicle, that require such removal or replacement. If the repair requires replacement of a vehicle part that contains the manufacturer's or *state-assigned* identification number plate, the manufacturer's or *state-assigned* identification number plate that is assigned to the vehicle being repaired will be installed on the replacement part. The manufacturer's or *state-assigned* identification number plate that was removed from this replacement part will be installed on the part that was removed from the vehicle being repaired.

(2) *The results of the assessment described in subsection (1) and the actions taken as a result of the assessment must be included in the next judicial review of the child. At each subsequent judicial review, the court must be advised in writing of the status of the child's placement, with special reference regarding the stability of the placement and the permanency planning for the child.*

(3) *Any residential group care facility that receives children under the provisions of this subsection shall establish special permanency teams dedicated to overcoming the special permanency challenges presented by this population of children. Each facility shall report to the department its success in achieving permanency for children placed by the department in its care at intervals that allow the current information to be provided to the court at each judicial review for the child.*

(4) *This section does not prohibit the department from assessing and placing children who do not meet the criteria in subsection (1) in residential group care if such placement is the most appropriate placement for such children.*

(5)(a) *By December 1 of each year, the department shall report to the Legislature on the placement of children in licensed residential group care during the year, including the criteria used to determine the placement of children, the number of children who were evaluated for placement, the number of children who were placed based upon the evaluation, and the number of children who were not placed. The department shall maintain data specifying the number of children who were referred to licensed residential child care for whom placement was unavailable and the counties in which such placement was unavailable. The department shall include this data in its report to the Legislature due on December 1, so that the Legislature may consider this information in developing the General Appropriations Act.*

(b) *As part of the report required in paragraph (a), the department shall also provide a detailed account of the expenditures incurred for "Special Categories: Grants and Aids – Specialized Residential Group Care Services" for the fiscal year immediately preceding the date of the report. This section of the report must include whatever supporting data is necessary to demonstrate full compliance with paragraph (6)(c). The document must present the information by district and must specify, at a minimum, the number of additional beds, the average rate per bed, the number of additional persons served, and a description of the enhanced and expanded services provided.*

(6)(a) *The provisions of this section shall be implemented to the extent of available appropriations contained in the annual General Appropriations Act for such purpose.*

(b) *Each year, funds included in the General Appropriations Act for Enhanced Residential Group Care as provided for in s. 409.1676, shall be appropriated in a separately identified special category that is designated in the act as "Special Categories: Grants and Aids – Specialized Residential Group Care Services."*

(c) *Each fiscal year, all funding increases for Enhanced Residential Group Care as provided in s. 409.1676, which are included in the General Appropriations Act shall be appropriated in a lump-sum category as defined in s. 216.011(1)(aa). In accordance with s. 216.181(6)(a), the Executive Office of the Governor shall require the department to submit a spending plan that identifies the residential group care bed capacity shortage throughout the state and proposes a distribution formula by district which addresses the reported deficiencies. The spending plan must have as its first priority the reduction or elimination of any bed shortage identified and must also provide for program enhancements to ensure that residential group care programs meet a minimum level of expected performance and provide for expansion of the comprehensive residential group care services described in s. 409.1676. Annual appropriation increases appropriated in the lump-sum appropriation must be used in accordance with the provisions of the spending plan.*

(d) *Funds from "Special Categories: Grants and Aids – Specialized Residential Group Care Services" may be used as one-time startup funding for residential group care purposes that include, but are not limited to, remodeling or renovation of existing facilities, construction costs, leasing costs, purchase of equipment and furniture, site development, and other necessary and reasonable costs associated with the startup of facilities or programs upon the recommendation of the lead community-based provider if one exists and upon specific approval of the terms and conditions by the secretary of the department.*

Section 3. Subsection (5) of section 39.407, Florida Statutes, is amended to read:

39.407 Medical, psychiatric, and psychological examination and treatment of child; physical or mental examination of parent or person requesting custody of child.—

(5) Children who are in the legal custody of the department may be placed by the department, *without prior approval of the court*, in a residential treatment center licensed under s. 394.875 or a hospital licensed under chapter 395 for residential mental health treatment only pursuant to this section or may be placed by the court in accordance with an order of involuntary examination or involuntary placement entered pursuant to s. 394.463 or s. 394.467. All children placed in a residential treatment program under this subsection must have a guardian ad litem appointed.

(a) As used in this subsection, the term:

1. "Residential treatment" means placement for observation, diagnosis, or treatment of an emotional disturbance in a residential treatment center licensed under s. 394.875 or a hospital licensed under chapter 395.

2. "Least restrictive alternative" means the treatment and conditions of treatment that, separately and in combination, are no more intrusive or restrictive of freedom than reasonably necessary to achieve a substantial therapeutic benefit or to protect the child or adolescent or others from physical injury.

3. "Suitable for residential treatment" or "suitability" means a determination concerning a child or adolescent with an emotional disturbance as defined in s. 394.492(5) or a serious emotional disturbance as defined in s. 394.492(6) that each of the following criteria is met:

a. The child requires residential treatment.

b. The child is in need of a residential treatment program and is expected to benefit from mental health treatment.

c. An appropriate, less restrictive alternative to residential treatment is unavailable.

(b) Whenever the department believes that a child in its legal custody is emotionally disturbed and may need residential treatment, an examination and suitability assessment must be conducted by a qualified evaluator who is appointed by the Agency for Health Care Administration. This suitability assessment must be completed before the placement of the child in a residential treatment center for emotionally disturbed children and adolescents or a hospital. The qualified evaluator must be a psychiatrist or a psychologist licensed in Florida who has at least 3 years of experience in the diagnosis and treatment of serious emotional disturbances in children and adolescents and who has no actual or perceived conflict of interest with any inpatient facility or residential treatment center or program.

(c) Before a child is admitted under this subsection, the child shall be assessed for suitability for residential treatment by a qualified evaluator who has conducted a personal examination and assessment of the child and has made written findings that:

1. The child appears to have an emotional disturbance serious enough to require residential treatment and is reasonably likely to benefit from the treatment.

2. The child has been provided with a clinically appropriate explanation of the nature and purpose of the treatment.

3. All available modalities of treatment less restrictive than residential treatment have been considered, and a less restrictive alternative that would offer comparable benefits to the child is unavailable.

A copy of the written findings of the evaluation and suitability assessment must be provided to the department and to the guardian ad litem, who shall have the opportunity to discuss the findings with the evaluator.

(d) Immediately upon placing a child in a residential treatment program under this section, the department must notify the guardian ad litem and the court having jurisdiction over the child and must provide

the guardian ad litem and the court with a copy of the assessment by the qualified evaluator.

(e) Within 10 days after the admission of a child to a residential treatment program, the director of the residential treatment program or the director's designee must ensure that an individualized plan of treatment has been prepared by the program and has been explained to the child, to the department, and to the guardian ad litem, and submitted to the department. The child must be involved in the preparation of the plan to the maximum feasible extent consistent with his or her ability to understand and participate, and the guardian ad litem and the child's foster parents must be involved to the maximum extent consistent with the child's treatment needs. The plan must include a preliminary plan for residential treatment and aftercare upon completion of residential treatment. The plan must include specific behavioral and emotional goals against which the success of the residential treatment may be measured. A copy of the plan must be provided to the child, to the guardian ad litem, and to the department.

(f) Within 30 days after admission, the residential treatment program must review the appropriateness and suitability of the child's placement in the program. The residential treatment program must determine whether the child is receiving benefit towards the treatment goals and whether the child could be treated in a less restrictive treatment program. The residential treatment program shall prepare a written report of its findings and submit the report to the guardian ad litem and to the department. The department must submit the report to the court. The report must include a discharge plan for the child. The residential treatment program must continue to evaluate the child's treatment progress every 30 days thereafter and must include its findings in a written report submitted to the department. The department may not reimburse a facility until the facility has submitted every written report that is due.

(g)1. The department must submit, at the beginning of each month, to the court having jurisdiction over the child, a written report regarding the child's progress towards achieving the goals specified in the individualized plan of treatment.

2. The court must conduct a hearing to review the status of the child's residential treatment plan no later than 3 months after the child's admission to the residential treatment program. An independent review of the child's progress towards achieving the goals and objectives of the treatment plan must be completed by a qualified evaluator and submitted to the court before its 3-month review.

3. For any child in residential treatment at the time a judicial review is held pursuant to s. 39.701, the child's continued placement in residential treatment must be a subject of the judicial review.

4. If at any time the court determines that the child is not suitable for continued residential treatment, the court shall order the department to place the child in the least restrictive setting that is best suited to meet his or her needs.

(h) After the initial 3-month review, the court must conduct a review of the child's residential treatment plan every 90 days.

(i) The department must adopt rules for implementing timeframes for the completion of suitability assessments by qualified evaluators and a procedure that includes timeframes for completing the 3-month independent review by the qualified evaluators of the child's progress towards achieving the goals and objectives of the treatment plan which review must be submitted to the court. The Agency for Health Care Administration must adopt rules for the registration of qualified evaluators, the procedure for selecting the evaluators to conduct the reviews required under this section, and a reasonable, cost-efficient fee schedule for qualified evaluators.

Section 4. Section 409.1671, Florida Statutes, is amended to read:

409.1671 Foster care and related services; privatization.—

(1)(a) It is the intent of the Legislature that the Department of Children and Family Services shall privatize the provision of foster care and related services statewide. It is further the Legislature's intent to encourage communities and other stakeholders in the well-being of children to participate in assuring that children are safe and well-nurtured. However, while recognizing that some local governments are presently

funding portions of certain foster care and related services programs and may choose to expand such funding in the future, the Legislature does not intend by its privatization of foster care and related services that any county, municipality, or special district be required to assist in funding programs that previously have been funded by the state. Nothing in this paragraph prohibits any county, municipality, or special district from future voluntary funding participation in foster care and related services. As used in this section, the term "privatize" means to contract with competent, community-based agencies. The department shall submit a plan to accomplish privatization statewide, through a competitive process, phased in over a 3-year period beginning January 1, 2000. This plan must be developed with local community participation, including, but not limited to, input from community-based providers that are currently under contract with the department to furnish community-based foster care and related services, and must include a methodology for determining and transferring all available funds, including federal funds that the provider is eligible for and agrees to earn and that portion of general revenue funds which is currently associated with the services that are being furnished under contract. The methodology must provide for the transfer of funds appropriated and budgeted for all services and programs that have been incorporated into the project, including all management, capital (including current furniture and equipment), and administrative funds to accomplish the transfer of these programs. This methodology must address expected workload and at least the 3 previous years' experience in expenses and workload. With respect to any district or portion of a district in which privatization cannot be accomplished within the 3-year timeframe, the department must clearly state in its plan the reasons the timeframe cannot be met and the efforts that should be made to remediate the obstacles, which may include alternatives to total privatization, such as public-private partnerships. As used in this section, the term "related services" includes, but is not limited to, family preservation, independent living, emergency shelter, residential group care, foster care, therapeutic foster care, intensive residential treatment, foster care supervision, case management, postplacement supervision, permanent foster care, and family reunification. Unless otherwise provided for, beginning in fiscal year 1999-2000, either the state attorney or the Office of the Attorney General shall provide child welfare legal services, pursuant to chapter 39 and other relevant provisions, in Sarasota, Pinellas, Pasco, Broward, and Manatee Counties. Such legal services shall commence and be effective, as soon as determined reasonably feasible by the respective state attorney or the Office of the Attorney General, after the privatization of associated programs and child protective investigations has occurred. When a private nonprofit agency has received case management responsibilities, transferred from the state under this section, for a child who is sheltered or found to be dependent and who is assigned to the care of the privatization project, the agency may act as the child's guardian for the purpose of registering the child in school if a parent or guardian of the child is unavailable and his or her whereabouts cannot reasonably be ascertained. The private nonprofit agency may also seek emergency medical attention for such a child, but only if a parent or guardian of the child is unavailable, his or her whereabouts cannot reasonably be ascertained, and a court order for such emergency medical services cannot be obtained because of the severity of the emergency or because it is after normal working hours. However, the provider may not consent to sterilization, abortion, or termination of life support. If a child's parents' rights have been terminated, the nonprofit agency shall act as guardian of the child in all circumstances.

(b) *It is the intent of the Legislature that the department will continue to work towards full privatization by initiating the competitive procurement process in each county by January 1, 2003. In order to provide for an adequate transition period to develop the necessary administrative and service delivery capacity in each community, the full transfer of all foster care and related services must be completed statewide by December 31, 2004.*

(c)(b) As used in this section, the term "eligible lead community-based provider" means a single agency with which the department shall contract for the provision of child protective services in a community that is no smaller than a county. The secretary of the department may authorize more than one eligible lead community-based provider within a single county when to do so will result in more effective delivery of foster care and related services. To compete for a privatization project, such agency must have:

1. The ability to coordinate, integrate, and manage all child protective services in the designated community in cooperation with child protective investigations.

2. The ability to ensure continuity of care from entry to exit for all children referred from the protective investigation and court systems.

3. The ability to provide directly, or contract for through a local network of providers, all necessary child protective services.

4. The willingness to accept accountability for meeting the outcomes and performance standards related to child protective services established by the Legislature and the Federal Government.

5. The capability and the willingness to serve all children referred to it from the protective investigation and court systems, regardless of the level of funding allocated to the community by the state, provided all related funding is transferred.

6. The willingness to ensure that each individual who provides child protective services completes the training required of child protective service workers by the Department of Children and Family Services.

7. The ability to maintain eligibility to receive all federal child welfare funds, including Title IV-E and IV-A funds, currently being used by the Department of Children and Family Services.

8. *Written agreements with Healthy Families Florida lead entities in their community, pursuant to s. 409.153, to promote cooperative planning for the provision of prevention and intervention services.*

(d)(e)1. If attempts to competitively procure services through an eligible lead community-based provider as defined in paragraph (c)(b) do not produce a capable and willing agency, the department shall develop a plan in collaboration with the local community alliance. The plan must detail how the community will continue to implement privatization, *to be accomplished by December 31, 2004*, through competitively procuring either the specific components of foster care and related services or comprehensive services for defined eligible populations of children and families from qualified licensed agencies as part of its efforts to develop the local capacity for a community-based system of coordinated care. The plan must ensure local control over the management and administration of the service provision in accordance with the intent of this section and may include recognized best business practices, including some form of public or private partnerships. In the absence of a community alliance, the plan must be submitted to the President of the Senate and the Speaker of the House of Representatives for their comments.

2. The Legislature finds that the state has traditionally provided foster care services to children who have been the responsibility of the state. As such, foster children have not had the right to recover for injuries beyond the limitations specified in s. 768.28. The Legislature has determined that foster care and related services need to be privatized pursuant to this section and that the provision of such services is of paramount importance to the state. The purpose for such privatization is to increase the level of safety, security, and stability of children who are or become the responsibility of the state. One of the components necessary to secure a safe and stable environment for such children is that private providers maintain liability insurance. As such, insurance needs to be available and remain available to nongovernmental foster care and related services providers without the resources of such providers being significantly reduced by the cost of maintaining such insurance.

3. The Legislature further finds that, by requiring the following minimum levels of insurance, children in privatized foster care and related services will gain increased protection and rights of recovery in the event of injury than provided for in s. 768.28.

(e) *In any county in which a service contract has not been executed by December 31, 2004, the department shall ensure access to a model comprehensive residential services program as described in s. 409.1677 which, without imposing undue financial, geographic, or other barriers, ensures reasonable and appropriate participation by the family in the child's program.*

1. *In order to ensure that the program is operational by December 31, 2004, the department must, by December 31, 2003, begin the process of establishing access to a program in any county in which the department has not either entered into a transition contract or approved a community plan, as described in paragraph (d), which ensures full privatization by the statutory deadline.*

2. *The program must be procured through a competitive process.*

3. *The Legislature does not intend for the provisions of this paragraph to substitute for the requirement that full conversion to community-based care be accomplished.*

(f)(d) Other than an entity to which s. 768.28 applies, any eligible lead community-based provider, as defined in paragraph (c)(b), or its employees or officers, except as otherwise provided in paragraph (g)(e), must, as a part of its contract, obtain a minimum of \$1 million per claim/\$3 million per incident in general liability insurance coverage. *The eligible lead community-based provider must also require that staff who transport client children and families in their personal automobiles in order to carry out their job responsibilities obtain minimum bodily injury liability insurance in the amount of \$100,000 per claim, \$300,000 per incident, on their personal automobiles.* In any tort action brought against such an eligible lead community-based provider or employee, net economic damages shall be limited to \$1 million per liability claim and \$100,000 per automobile claim, including, but not limited to, past and future medical expenses, wage loss, and loss of earning capacity, offset by any collateral source payment paid or payable. In any tort action brought against such an eligible lead community-based provider, noneconomic damages shall be limited to \$200,000 per claim. A claims bill may be brought on behalf of a claimant pursuant to s. 768.28 for any amount exceeding the limits specified in this paragraph. Any offset of collateral source payments made as of the date of the settlement or judgment shall be in accordance with s. 768.76. The lead community-based provider shall not be liable in tort for the acts or omissions of its subcontractors or the officers, agents, or employees of its subcontractors.

(g)(e) The liability of an eligible lead community-based provider described in this section shall be exclusive and in place of all other liability of such provider. The same immunities from liability enjoyed by such providers shall extend as well to each employee of the provider when such employee is acting in furtherance of the provider's business, *including the transportation of clients served, as described in this subsection, in privately owned vehicles.* Such immunities shall not be applicable to a provider or an employee who acts in a culpably negligent manner or with willful and wanton disregard or unprovoked physical aggression when such acts result in injury or death or such acts proximately cause such injury or death; nor shall such immunities be applicable to employees of the same provider when each is operating in the furtherance of the provider's business, but they are assigned primarily to unrelated works within private or public employment. The same immunity provisions enjoyed by a provider shall also apply to any sole proprietor, partner, corporate officer or director, supervisor, or other person who in the course and scope of his or her duties acts in a managerial or policymaking capacity and the conduct that caused the alleged injury arose within the course and scope of those managerial or policymaking duties. Culpable negligence is defined as reckless indifference or grossly careless disregard of human life.

(h)(f) Any subcontractor of an eligible lead community-based provider, as defined in paragraph (c)(b), which is a direct provider of foster care and related services to children and families, and its employees or officers, except as otherwise provided in paragraph (g)(e), must, as a part of its contract, obtain a minimum of \$1 million per claim/\$3 million per incident in general liability insurance coverage. *The subcontractor of an eligible lead community-based provider must also require that staff who transport client children and families in their personal automobiles in order to carry out their job responsibilities obtain minimum bodily injury liability insurance in the amount of \$100,000 per claim, \$300,000 per incident, on their personal automobiles.* In any tort action brought against such subcontractor or employee, net economic damages shall be limited to \$1 million per liability claim and \$100,000 per automobile claim, including, but not limited to, past and future medical expenses, wage loss, and loss of earning capacity, offset by any collateral source payment paid or payable. In any tort action brought against such subcontractor, noneconomic damages shall be limited to \$200,000 per claim. A claims bill may be brought on behalf of a claimant pursuant to s. 768.28 for any amount exceeding the limits specified in this paragraph. Any offset of collateral source payments made as of the date of the settlement or judgment shall be in accordance with s. 768.76.

(i)(g) The liability of a subcontractor of an eligible lead community-based provider that is a direct provider of foster care and related services as described in this section shall be exclusive and in place of all other liability of such provider. The same immunities from liability enjoyed by

such subcontractor provider shall extend as well to each employee of the subcontractor when such employee is acting in furtherance of the subcontractor's business, *including the transportation of clients served, as described in this subsection, in privately owned vehicles.* Such immunities shall not be applicable to a subcontractor or an employee who acts in a culpably negligent manner or with willful and wanton disregard or unprovoked physical aggression when such acts result in injury or death or such acts proximately cause such injury or death; nor shall such immunities be applicable to employees of the same subcontractor when each is operating in the furtherance of the subcontractor's business, but they are assigned primarily to unrelated works within private or public employment. The same immunity provisions enjoyed by a subcontractor shall also apply to any sole proprietor, partner, corporate officer or director, supervisor, or other person who in the course and scope of his or her duties acts in a managerial or policymaking capacity and the conduct that caused the alleged injury arose within the course and scope of those managerial or policymaking duties. Culpable negligence is defined as reckless indifference or grossly careless disregard of human life.

(j)(h) The Legislature is cognizant of the increasing costs of goods and services each year and recognizes that fixing a set amount of compensation actually has the effect of a reduction in compensation each year. Accordingly, the conditional limitations on damages in this section shall be increased at the rate of 5 percent each year, prorated from the effective date of this paragraph to the date at which damages subject to such limitations are awarded by final judgment or settlement.

(2)(a) The department may contract for the delivery, administration, or management of protective services, the services specified in subsection (1) relating to foster care, and other related services or programs, as appropriate. The department shall retain responsibility for the quality of contracted services and programs and shall ensure that services are delivered in accordance with applicable federal and state statutes and regulations. *The department must adopt written policies and procedures for monitoring the contract for delivery of services by lead community-based providers. These policies and procedures must, at a minimum, address the evaluation of fiscal accountability and program operations, including provider achievement of performance standards, provider monitoring of subcontractors, and timely followup of corrective actions for significant monitoring findings related to providers and subcontractors. These policies and procedures must also include provisions for reducing the duplication of the department's program monitoring activities both internally and with other agencies, to the extent possible. The department's written procedures must ensure that the written findings, conclusions, and recommendations from monitoring the contract for services of lead community-based providers are communicated to the director of the provider agency as expeditiously as possible.*

(b) Persons employed by the department in the provision of foster care and related services whose positions are being privatized pursuant to this statute shall be given hiring preference by the provider, if provider qualifications are met.

(3)(a) In order to help ensure a seamless child protection system, the department shall ensure that contracts entered into with community-based agencies pursuant to this section include provisions for a case-transfer process to determine the date that the community-based agency will initiate the appropriate services for a child and family. This case-transfer process must clearly identify the closure of the protective investigation and the initiation of service provision. At the point of case transfer, and at the conclusion of an investigation, the department must provide a complete summary of the findings of the investigation to the community-based agency.

(b) The contracts must also ensure that each community-based agency shall furnish *information on its activities in all cases in client case records regular status reports of its cases to the department as specified in the contract.* A provider may not discontinue services on any voluntary case without prior written notification to the department 30 days before planned case closure. *If the department disagrees with the recommended case closure date, written notification to the provider must be provided before the case closure date.* ~~without prior written notification to the department. After discontinuing services to a child or a child and family, the community-based agency must provide a written case summary, including its assessment of the child and family, to the department.~~

(c) The contract between the department and community-based agencies must include provisions that specify the procedures to be used

by the parties to resolve differences in interpreting the contract or to resolve disputes as to the adequacy of the parties' compliance with their respective obligations under the contract.

(4)(a) The department shall establish a quality assurance program for privatized services. The quality assurance program shall be based on standards established by a national accrediting organization such as the Council on Accreditation of Services for Families and Children, Inc. (COA) or CARF—the Rehabilitation Accreditation Commission. The department may develop a request for proposal for such oversight. This program must be developed and administered at a statewide level. The Legislature intends that the department be permitted to have limited flexibility to use funds for improving quality assurance. To this end, effective January 1, 2000, the department may transfer up to 0.125 percent of the total funds from categories used to pay for these contractually provided services, but the total amount of such transferred funds may not exceed \$300,000 in any fiscal year. When necessary, the department may establish, in accordance with s. 216.177, additional positions that will be exclusively devoted to these functions. Any positions required under this paragraph may be established, notwithstanding ss. 216.262(1)(a) and 216.351. The department, in consultation with the community-based agencies that are undertaking the privatized projects, shall establish minimum thresholds for each component of service, consistent with standards established by the Legislature. Each program operated under contract with a community-based agency must be evaluated annually by the department. The department shall submit an annual report regarding quality performance, outcome measure attainment, and cost efficiency to the President of the Senate, the Speaker of the House of Representatives, the minority leader of each house of the Legislature, and the Governor no later than January 31 of each year for each project in operation during the preceding fiscal year.

(b) The department shall use these findings in making recommendations to the Governor and the Legislature for future program and funding priorities in the child welfare system.

(5)(a) The community-based agency must comply with statutory requirements and agency rules in the provision of contractual services. Each foster home, therapeutic foster home, emergency shelter, or other placement facility operated by the community-based agency or agencies must be licensed by the Department of Children and Family Services under chapter 402 or this chapter. Each community-based agency must be licensed as a child-caring or child-placing agency by the department under this chapter. The department, in order to eliminate or reduce the number of duplicate inspections by various program offices, shall coordinate inspections required pursuant to licensure of agencies under this section.

(b) Substitute care providers who are licensed under s. 409.175 and have contracted with a lead agency authorized under this section shall also be authorized to provide registered or licensed family day care under s. 402.313, if consistent with federal law and if the home has met:

1. the requirements of s. 402.313; ~~and~~

2. ~~The requirements of s. 402.281 and has received Gold Seal Quality Care designation.~~

(c) A dually licensed home under this section shall be eligible to receive both *an out-of-home care payment and a subsidized child care payment for the same child pursuant to federal law.* ~~The department may adopt administrative rules necessary to administer this paragraph the foster care board rate and the subsidized child care rate for the same child only if care is provided 24 hours a day. The subsidized child care rate shall be no more than the approved full-time rate.~~

(6) Beginning January 1, 1999, and continuing at least through June 30, 2000, the Department of Children and Family Services shall privatize all foster care and related services in district 5 while continuing to contract with the current model programs in districts 1, 4, and 13, and in subdistrict 8A, and shall expand the subdistrict 8A pilot program to incorporate Manatee County. Planning for the district 5 privatization shall be done by providers that are currently under contract with the department for foster care and related services and shall be done in consultation with the department. A lead provider of the district 5 program shall be competitively selected, must demonstrate the ability to provide necessary comprehensive services through a local network of providers, and must meet criteria established in this section. Contracts with organizations responsible for the model programs must include the

management and administration of all privatized services specified in subsection (1). However, the department may use funds for contract management only after obtaining written approval from the Executive Office of the Governor. The request for such approval must include, but is not limited to, a statement of the proposed amount of such funds and a description of the manner in which such funds will be used. If the community-based organization selected for a model program under this subsection is not a Medicaid provider, the organization shall be issued a Medicaid provider number pursuant to s. 409.907 for the provision of services currently authorized under the state Medicaid plan to those children encompassed in this model and in a manner not to exceed the current level of state expenditure.

(7) The department, in consultation with existing lead agencies, shall develop a proposal regarding the long-term use and structure of a statewide shared earnings program which addresses ~~is authorized to establish and administer a risk pool to reduce the financial risk to eligible lead~~ community-based providers resulting from unanticipated caseload growth or from significant changes in client mixes or services eligible for federal reimbursement. The recommendations in the statewide proposal must also be available to entities of the department until the conversion to community-based care takes place. At a minimum, the proposal must allow for use of federal earnings received from child welfare programs, which earnings are determined by the department to be in excess of the amount appropriated in the General Appropriations Act, to be used for specific purposes. These purposes include, but are not limited to:

- (a) Significant changes in the number or composition of clients eligible to receive services.
- (b) Significant changes in the services that are eligible for reimbursement.
- (c) Significant changes in the availability of federal funds.
- (d) Shortfalls in state funds available for eligible or ineligible services.
- (e) Significant changes in the mix of available funds.
- (f) Scheduled or unanticipated, but necessary, advances to providers or other cash-flow issues.
- (g) Proposals to participate in optional Medicaid services or other federal grant opportunities.
- (h) Appropriate incentive structures.
- (i) Continuity of care in the event of lead agency failure, discontinuance of service, or financial misconduct.

The department shall further specify the necessary steps to ensure the financial integrity of these dollars and their continued availability on an ongoing basis. The final proposal shall be submitted to the Legislative Budget Commission for formal adoption before December 31, 2002. If the Legislative Budget Commission refuses to concur with the adoption of the proposal, the department shall present its proposal in the form of recommended legislation to the President of the Senate and the Speaker of the House of Representatives before the commencement of the next legislative session. For fiscal year 2003-2004 and annually thereafter, the Department of Children and Family Services may request in its legislative budget request, and the Governor may recommend, the funding necessary to carry out paragraph (i) from excess federal earnings. The General Appropriations Act shall include any funds appropriated for this purpose in a lump sum in the Administered Funds Program, which funds constitute partial security for lead agency contract performance. The department shall use this appropriation to offset the need for a performance bond for that year after a comparison of risk to the funds available. In no event shall this performance bond exceed 2.5 percent of the annual contract value. The department may separately require a bond to mitigate the financial consequences of potential acts of malfeasance, misfeasance, or criminal violations by the provider. Prior to the release of any funds in the lump sum, the department shall submit a detailed operational plan, which must identify the sources of specific trust funds to be used. The release of the trust fund shall be subject to the notice and review provisions of s. 216.177. However, the release shall not require approval of the Legislative Budget Commission.

(8) Notwithstanding the provisions of s. 215.425, all documented federal funds earned for the current fiscal year by the department and

community-based agencies which exceed the amount appropriated by the Legislature shall be distributed to all entities that contributed to the excess earnings based on a schedule and methodology developed by the department and approved by the Executive Office of the Governor. Distribution shall be pro rata based on total earnings and shall be made only to those entities that contributed to excess earnings. Excess earnings of community-based agencies shall be used only in the service district in which they were earned. Additional state funds appropriated by the Legislature for community-based agencies or made available pursuant to the budgetary amendment process described in s. 216.177 shall be transferred to the community-based agencies. The department shall amend a community-based agency's contract to permit expenditure of the funds. The distribution program applies only to entities that were under privatization contracts as of July 1, 2002 1999. ~~This program is authorized for a period of 3 years beginning July 1, 1999, and ending June 30, 2002. The Office of Program Policy Analysis and Government Accountability shall review this program and report to the President of the Senate and the Speaker of the House of Representatives by December 31, 2001. The review shall assess the program to determine how the additional resources were used, the number of additional clients served, the improvements in quality of service attained, the performance outcomes associated with the additional resources, and the feasibility of continuing or expanding this program.~~

(9) Each district and subdistrict that participates in the model program effort or any future privatization effort as described in this section must thoroughly analyze and report the complete direct and indirect costs of delivering these services through the department and the full cost of privatization, including the cost of monitoring and evaluating the contracted services.

Section 5. Section 409.1676, Florida Statutes, is amended to read:

409.1676 Comprehensive residential group care services to children who have extraordinary needs.—

(1) It is the intent of the Legislature to provide comprehensive residential group care services, including residential care, case management, and other services, to children in the child protection system who have extraordinary needs, ~~such as serious behavioral problems or having been determined to be without the options of either reunification with family or adoption.~~ These services are to be provided in a residential group care setting by a not-for-profit corporation or a local government entity under a contract with the Department of Children and Family Services or by a lead agency as described in s. 409.1671. These contracts should be designed to provide an identified number of children with access to a full array of services for a fixed price. *Further, it is the intent of the Legislature that the Department of Children and Family Services and the Department of Juvenile Justice establish an interagency agreement by December 1, 2002, which describes respective agency responsibilities for referral, placement, service provision, and service coordination for dependent and delinquent youth who are referred to these residential group care facilities. The agreement must require interagency collaboration in the development of terms, conditions, and performance outcomes for residential group care contracts serving the youth referred who have been adjudicated both dependent and delinquent.*

(2) As used in this section, the term:

(a) "Child with extraordinary needs" means a dependent child who has serious behavioral problems or who has been determined to be without the options of either reunification with family or adoption.

(b)(a) "Residential group care" means a living environment for children who have been adjudicated dependent and are expected to be in foster care for at least 6 months with 24-hour-awake staff or live-in group home parents or staff. *Each facility Beginning July 1, 2001, all facilities must be appropriately licensed in this state as a residential child caring agency as defined in s. 409.175(2)(j), and they must be accredited by July 1, 2005. A residential group care facility serving children having a serious behavioral problem as defined in this section must have available staff or contract personnel with the clinical expertise, credentials, and training to provide services identified in subsection (4).*

(c)(b) "Serious behavioral problems" means behaviors of children who have been assessed by a licensed master's-level human-services professional to need at a minimum intensive services but who do not meet the criteria of s. 394.492(6) or (7). A child with an emotional disturbance as defined in s. 394.492(5) or (6) may be served in residential

group care unless a determination is made by a mental health professional that such a setting is inappropriate. *A child having a serious behavioral problem must have been determined in the assessment to have at least one of the following risk factors:*

1. *An adjudication of delinquency and be on conditional release status with the Department of Juvenile Justice.*
2. *A history of physical aggression or violent behavior toward self or others, animals, or property within the past year.*
3. *A history of setting fires within the past year.*
4. *A history of multiple episodes of running away from home or placements within the past year.*
5. *A history of sexual aggression toward other youth.*

(3) The department, in accordance with a specific appropriation for this program, shall contract with a not-for-profit corporation, a local government entity, or the lead agency that has been established in accordance with s. 409.1671 for the performance of residential group care services described in this section in, ~~at a minimum, districts 4, 11, 12, and the Suncoast Region of the Department of Children and Family Services and with a not-for-profit entity serving children from multiple districts.~~ A lead agency that is currently providing residential care may provide this service directly with the approval of the local community alliance. The department or a lead agency may contract for more than one site in a county if that is determined to be the most effective way to achieve the goals set forth in this section.

(4) The lead agency, the contracted not-for-profit corporation, or the local government entity is responsible for a comprehensive assessment, residential care, transportation, *access* to behavioral health services, recreational activities, clothing, supplies, and miscellaneous expenses associated with caring for these children; for necessary arrangement for or provision of educational services; and for assuring necessary and appropriate health and dental care.

(5) The department may transfer all casework responsibilities for children served under this program to the entity that provides this service, including case management and development and implementation of a case plan in accordance with current standards for child protection services. When the department establishes this program in a community that has a lead agency as described in s. 409.1671, the casework responsibilities must be transferred to the lead agency.

(6) This section does not prohibit any provider of these services from appropriately billing Medicaid for services rendered, from contracting with a local school district for educational services, or from earning federal or local funding for services provided, as long as two or more funding sources do not pay for the same specific service that has been provided to a child.

(7) The lead agency, not-for-profit corporation, or local government entity has the legal authority for children served under this program, as provided in chapter 39 or this chapter, as appropriate, to enroll the child in school, to sign for a driver's license for the child, to cosign loans and insurance for the child, to sign for medical treatment, and to authorize other such activities.

(8) The department shall provide technical assistance as requested and contract management services.

(9) The provisions of this section shall be implemented to the extent of available appropriations contained in the annual General Appropriations Act for such purpose.

(10) *The department may adopt rules necessary to administer this section.*

Section 6. Paragraph (e) of subsection (2) of section 409.175, Florida Statutes, is amended, present subsections (3) through (15) of said section are renumbered as subsections (4) through (16), respectively, present subsections (5), (8), (9), and (11) are amended, and a new subsection (3) is added to said section, to read:

409.175 Licensure of family foster homes, residential child-caring agencies, and child-placing agencies.—

(2) As used in this section, the term:

(e) "Family foster home" means a private residence in which children who are unattended by a parent or legal guardian are provided 24-hour care. Such homes include emergency shelter family homes, ~~family foster group homes,~~ and specialized foster homes for children with special needs. A person who cares for a child of a friend for a period not to exceed 90 days, a relative who cares for a child and does not receive reimbursement for such care from the state or federal government, or an adoptive home which has been approved by the department or by a licensed child-placing agency for children placed for adoption is not considered a family foster home.

(3)(a) *The total number of children placed in each family foster home shall be based on the recommendation of the department, or the community-based care lead agency where one is providing foster care and related services, based on the needs of each child in care, the ability of the foster family to meet the individual needs of each child, including any adoptive or biological children living in the home, the amount of safe physical plant space, the ratio of active and appropriate adult supervision, and the background, experience, and skill of the family foster parents.*

(b) *If the total number of children in a family foster home will exceed five, including the family's own children, a comprehensive behavioral health assessment of each child to be placed in the home must be completed prior to placement of any additional children in the home. The comprehensive behavioral health assessment must comply with Medicaid rules and regulations, assess and document the mental, physical, and psychosocial needs of the child, and recommend the maximum number of children in a family foster home that will allow the child's needs to be met.*

(c) *For any licensed family foster home, the appropriateness of the number of children in the home must be reassessed annually as part of the relicensure process. For a home with more than five children, if it is determined by the licensure study at the time of relicensure that the total number of children in the home is appropriate and that there have been no substantive licensure violations and no indications of child maltreatment or child-on-child sexual abuse within the past 12 months, the relicensure of the home shall not be denied based on the total number of children in the home.*

(6)(5)(a) An application for a license shall be made on forms provided, and in the manner prescribed, by the department. The department shall make a determination as to the good moral character of the applicant based upon screening.

(b) Upon application, the department shall conduct a licensing study based on its licensing rules; shall inspect the home or the agency and the records, including financial records, of the agency; and shall interview the applicant. The department may authorize a licensed child-placing agency to conduct the licensing study of a family foster home to be used exclusively by that agency and to verify to the department that the home meets the licensing requirements established by the department. Upon certification by a licensed child-placing agency that a family foster home meets the licensing requirements, the department shall issue the license.

(c) A licensed family foster home, child-placing agency, or residential child-caring agency which applies for renewal of its license shall submit to the department a list of personnel who have worked on a continuous basis at the applicant family foster home or agency since submitting fingerprints to the department, identifying those for whom a written assurance of compliance was provided by the department and identifying those personnel who have recently begun working at the family foster home or agency and are awaiting the results of the required fingerprint check, along with the date of the submission of those fingerprints for processing. The department shall by rule determine the frequency of requests to the Department of Law Enforcement to run state criminal records checks for such personnel except for those personnel awaiting the results of initial fingerprint checks for employment at the applicant family foster home or agency.

(d)1. The department may pursue other remedies provided in this section in addition to denial or revocation of a license for failure to comply with the screening requirements. The disciplinary actions determination to be made by the department and the procedure for hearing for applicants and licensees shall be in accordance with chapter 120.

2. When the department has reasonable cause to believe that grounds for denial or termination of employment exist, it shall notify, in writing, the applicant, licensee, or summer or recreation camp, and the personnel affected, stating the specific record which indicates noncompliance with the screening requirements.

3. Procedures established for hearing under chapter 120 shall be available to the applicant, licensee, summer day camp, or summer 24-hour camp, and affected personnel, in order to present evidence relating either to the accuracy of the basis for exclusion or to the denial of an exemption from disqualification.

4. Refusal on the part of an applicant to dismiss personnel who have been found not to be in compliance with the requirements for good moral character of personnel shall result in automatic denial or revocation of license in addition to any other remedies provided in this section which may be pursued by the department.

(e) At the request of the department, the local county health department shall inspect a home or agency according to the licensing rules promulgated by the department. Inspection reports shall be furnished to the department within 30 days of the request. Such an inspection shall only be required when called for by the licensing agency.

(f) All residential child-caring agencies must meet firesafety standards for such agencies adopted by the Division of State Fire Marshal of the Department of Insurance and must be inspected annually. At the request of the department, firesafety inspections shall be conducted by the Division of State Fire Marshal or a local fire department official who has been certified by the division as having completed the training requirements for persons inspecting such agencies. Inspection reports shall be furnished to the department within 30 days of a request.

(g) In the licensing process, the licensing staff of the department shall provide consultation on request.

(h) Upon determination that the applicant meets the state minimum licensing requirements, the department shall issue a license without charge to a specific person or agency at a specific location. A license may be issued if all the screening materials have been timely submitted; however, a license may not be issued or renewed if any person at the home or agency has failed the required screening. The license is non-transferable. A copy of the license shall be displayed in a conspicuous place. Except as provided in paragraph (j), the license is valid for 1 year from the date of issuance, unless the license is suspended or revoked by the department or is voluntarily surrendered by the licensee. The license is the property of the department.

(i) A license issued for the operation of a family foster home or agency, unless sooner suspended, revoked, or voluntarily returned, will expire automatically 1 year from the date of issuance except as provided in paragraph (j). Ninety days prior to the expiration date, an application for renewal shall be submitted to the department by a licensee who wishes to have the license renewed. A license shall be renewed upon the filing of an application on forms furnished by the department if the applicant has first met the requirements established under this section and the rules promulgated hereunder.

(j) *Except for a family foster group home having a licensed capacity for more than five children*, the department may issue a license that is valid for longer than 1 year but no longer than 3 years to a family foster home that:

1. Has maintained a license with the department as a family foster home for at least the 3 previous consecutive years;
2. Remains in good standing with the department; and
3. Has not been the subject of a report of child abuse or neglect with any findings of maltreatment.

A family foster home that has been issued a license valid for longer than 1 year must be monitored and visited as frequently as one that has been issued a 1-year license. The department reserves the right to reduce a licensure period to 1 year at any time.

(k) The department may not license summer day camps or summer 24-hour camps. However, the department shall have access to the personnel records of such facilities to ensure compliance with the screening requirements.

(9)(8)(a) The department may deny, suspend, or revoke a license.

(b) Any of the following actions by a home or agency or its personnel is a ground for denial, suspension, or revocation of a license:

1. An intentional or negligent act materially affecting the health or safety of children in the home or agency.

2. A violation of the provisions of this section or of licensing rules promulgated pursuant to this section.

3. Noncompliance with the requirements for good moral character as specified in paragraph (5)(4)(a).

4. Failure to dismiss personnel found in noncompliance with requirements for good moral character.

(10)(9)(a) The department may institute injunctive proceedings in a court of competent jurisdiction to:

1. Enforce the provisions of this section or any license requirement, rule, or order issued or entered into pursuant thereto; or

2. Terminate the operation of an agency in which any of the following conditions exist:

- a. The licensee has failed to take preventive or corrective measures in accordance with any order of the department to maintain conformity with licensing requirements.

- b. There is a violation of any of the provisions of this section, or of any licensing requirement promulgated pursuant to this section, which violation threatens harm to any child or which constitutes an emergency requiring immediate action.

3. Terminate the operation of a summer day camp or summer 24-hour camp providing care for children when such camp has willfully and knowingly refused to comply with the screening requirements for personnel or has refused to terminate the employment of personnel found to be in noncompliance with the requirements for good moral character as determined in paragraph (5)(4)(a).

(b) If the department finds, within 30 days after written notification by registered mail of the requirement for licensure, that a person or agency continues to care for or to place children without a license or, within 30 days after written notification by registered mail of the requirement for screening of personnel and compliance with paragraph (5)(4)(a) for the hiring and continued employment of personnel, that a summer day camp or summer 24-hour camp continues to provide care for children without complying, the department shall notify the appropriate state attorney of the violation of law and, if necessary, shall institute a civil suit to enjoin the person or agency from continuing the placement or care of children or to enjoin the summer day camp or summer 24-hour camp from continuing the care of children.

(c) Such injunctive relief may be temporary or permanent.

(12)(11)(a) It is unlawful for any person or agency to:

1. Provide continuing full-time care for or to receive or place a child apart from her or his parents in a residential group care facility, family foster home, or adoptive home without a valid license issued by the department if such license is required by subsection (5)(4); or

2. Make a willful or intentional misstatement on any license application or other document required to be filed in connection with an application for a license.

(b) It is unlawful for any person, agency, summer day camp, or summer 24-hour camp providing care for children to:

1. Willfully or intentionally fail to comply with the requirements for the screening of personnel or the dismissal of personnel found not to be in compliance with the requirements for good moral character as specified in paragraph (5)(4)(a).

2. Use information from the criminal records obtained under this section for any purpose other than screening a person for employment as specified in this section or to release such information to any other

person for any purpose other than screening for employment as specified in this section.

(c) It is unlawful for any person, agency, summer day camp, or summer 24-hour camp providing care for children to use information from the juvenile records of any person obtained under this section for any purpose other than screening for employment as specified in this section or to release information from such records to any other person for any purpose other than screening for employment as specified in this section.

(d)1. A first violation of paragraph (a) or paragraph (b) is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

2. A second or subsequent violation of paragraph (a) or paragraph (b) is a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.

The Honorable John M. McKay, President

I am directed to inform the Senate that the House of Representatives has passed CS for SB 1246, with amendment(s), and requests the concurrence of the Senate.

John B. Phelps, Clerk

CS for SB 1246—A bill to be entitled An act relating to continuing care retirement communities; amending s. 651.015, F.S.; authorizing the Department of Insurance to accept certain documents and information relating to continuing care contracts electronically or by facsimile; authorizing the department to adopt rules; amending s. 651.035, F.S.; revising minimum liquid reserve requirements for continuing care providers; amending s. 651.118, F.S.; authorizing certain sharing of facilities and services between sheltered beds used for extended congregate care and nursing home beds in a continuing care facility; providing an effective date.

House Amendment 1 (560717)(with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Subsection (1) of section 651.015, Florida Statutes, is amended to read:

651.015 Administration; forms; fees; rules; fines.—The administration of this chapter is vested in the department, which shall:

(1) Prepare and furnish all forms necessary under the provisions of this chapter in relation to applications for provisional certificates of authority, certificates of authority or renewals thereof, statements, examinations, and other required reports. *The department is authorized to accept any application statement, report, or information submitted electronically or by facsimile to comply with requirements in this chapter or rules adopted under this section. The department may adopt rules to implement the provisions of this subsection.*

Section 2. Paragraph (d) of subsection (1) of section 651.033, Florida Statutes, is amended to read:

651.033 Escrow accounts.—

(1) When funds are required to be deposited in an escrow account pursuant to s. 651.022, s. 651.023, s. 651.035, or s. 651.055:

(d) All funds deposited in an escrow account, if invested, shall be invested as set forth in part II of chapter 625; however, such investment shall not diminish the funds held in escrow below the amount required by this chapter. All funds deposited in an escrow account shall not be subject to any charges by the escrow agent except escrow agent fees associated with administering the accounts, or subject to any liens, judgments, garnishments, creditor's claims, or other encumbrances against the provider or facility except as provided in s. 651.035(2)(4).

Section 3. Subsections (1) and (2) of section 651.035, Florida Statutes, are amended to read:

651.035 Minimum liquid reserve requirements.—

(1) *A provider shall maintain in escrow a minimum liquid reserve consisting of the applicable reserves specified in subsection (2).*

(2)(a) *A provider shall maintain in escrow as a debt service reserve and as a minimum liquid reserve an amount equal to the aggregate amount of all principal and interest payments due during the fiscal year on any mortgage loan or other long-term financing of the facility, including taxes and insurance as recorded in the audited financial statements required under s. 651.026. The amount shall include any leasehold payments and all costs related to same. If principal payments are not due during the fiscal year, the provider shall maintain in escrow as a minimum liquid reserve an amount equal to interest payments due during the next 12 months on any mortgage loan or other long-term financing of the facility, including taxes and insurance. For the purpose of this paragraph, the amount of property insurance premiums used in calculating the debt service reserve shall not exceed the amount paid in calendar year 1999. For providers initially licensed during or after calendar year 1999, the amount of property insurance premiums used in calculating the debt service reserve shall not exceed the amount paid during the first 12 months of facility operation. However, beginning January 1, 2006, and each year thereafter, until the amount maintained in escrow attributable to property insurance equals 100 percent of the premium, the provider shall increase the amount maintained in escrow for property insurance by 10 percent of the premium paid that year.*

(b) A provider which has outstanding indebtedness which requires what is normally referred to as a "debt service reserve" to be held in escrow pursuant to a trust indenture or mortgage lien on the facility and for which the debt service reserve may only be used to pay principal and interest payments on the debt which the debtor is obligated to pay, and which may include taxes and insurance, may include such debt service reserve in its computation of its minimum liquid reserve to satisfy this subsection, provided that the provider furnishes to the Department of Insurance a copy of the agreement under which such debt service is held, together with a statement of the amount being held in escrow for the debt service reserve, certified by the lender or trustee and the provider to be correct. The trustee shall provide the department with any information concerning the debt service reserve account upon request of the provider or the department.

(c)(2)(a) Each provider shall maintain in escrow an operating reserve in an amount equal to 30 percent of the total operating expenses projected in the feasibility study required by s. 651.023 for the first 12 months of operation. Thereafter, each provider shall maintain in escrow an operating reserve in an amount equal to 15 percent of the total operating expenses in the annual report filed pursuant to s. 651.026. Where a provider has been in operation for more than 12 months, the total annual operating expenses shall be determined by averaging the total annual operating expenses reported to the department by the number of annual reports filed with the department within the immediate preceding 3-year period subject to adjustment in the event there is a change in the number of facilities owned. For purposes of this subsection, total annual operating expenses shall include all expenses of the facility except: depreciation and amortization; interest, insurance and taxes included in subsection (1); extraordinary expenses which are adequately explained and documented in accordance with generally accepted accounting principles; *liability insurance premiums in excess of those paid in calendar year 1999; and changes in the obligation to provide future services to current residents. For providers initially licensed during or after calendar year 1999, liability insurance shall be included in the total operating expenses in an amount not to exceed the premium*

paid during the first 12 months of facility operation. Beginning January 1, 1993, the operating reserves required under this subsection shall be in an unencumbered account held in escrow for the benefit of the residents. Such funds may not be encumbered or subject to any liens or charges by the escrow agent or judgments, garnishments, or creditors' claims against the provider or facility. However, if a facility had a lien, mortgage, trust indenture, or similar debt instrument in place prior to January 1, 1993, which encumbered all or any part of the reserves required by this subsection and such funds were used to meet the requirements of this subsection, then such arrangement may be continued, unless a refinancing or acquisition has occurred, and the provider shall be in compliance with this subsection.

(d)(b) Each provider shall maintain in escrow a renewal and replacement reserve in an amount equal to 15 percent of the total accumulated depreciation based on the audited financial statement required to be filed pursuant to s. 651.026, not to exceed 15 percent of the facility's average operating expenses for the past 3 fiscal years based on the audited financial statements for each of such years. For a provider who is an operator of a facility but is not the owner and depreciation is not included as part of the provider's financial statement, the renewal and replacement reserve required by this paragraph shall equal 15 percent of the total operating expenses of the provider, as described in this section. Each provider licensed prior to October 1, 1983, shall be required to fully fund the renewal and replacement reserve by October 1, 2003, by multiplying the difference between the former escrow requirement and the present escrow requirement by the number of years the facility has been in operation after October 1, 1983.

Section 4. Subsection (8) of section 651.118, Florida Statutes, is amended, and subsection (13) is added to said section, to read:

651.118 Agency for Health Care Administration; certificates of need; sheltered beds; community beds.—

(8) A provider may petition the Agency for Health Care Administration to use a designated number of sheltered nursing home beds to provide extended congregate care as defined in s. 400.402 if the beds are in a distinct area of the nursing home which can be adapted to meet the requirements for extended congregate care. The provider may subsequently use such beds as sheltered beds after notifying the agency of the intended change. *Any sheltered beds used to provide extended congregate care pursuant to this subsection may not qualify for funding under the Medicaid waiver. Any sheltered beds used to provide extended congregate care pursuant to this subsection may share common areas, services, and staff with beds designated for nursing home care, provided that all of the beds are under common ownership. For the purposes of this subsection, fire and life safety codes applicable to nursing home facilities shall apply.*

(13) *Residents, as defined in this chapter, are not considered new admissions for the purpose of s. 400.141(15)(d).*

Section 5. This act shall take effect July 1, 2002.

And the title is amended as follows:

On page , remove: the entire title and insert: A bill to be entitled An act relating to continuing care retirement communities; amending s. 651.015, F.S.; authorizing the Department of Insurance to accept certain documents and information relating to continuing care contracts electronically or by facsimile; authorizing the department to adopt rules; amending s. 651.033, F.S.; correcting a cross-reference; amending s. 651.035, F.S.; revising minimum liquid reserve requirements for continuing care providers; amending s. 651.118, F.S.; providing a funding limitation on sheltered beds used to provide extended congregate care in a continuing care facility; authorizing certain sharing of facilities and services between such sheltered beds and nursing home beds in such facilities; exempting continuing care facility residents from certain calculations relating to moratoriums on new nursing home admissions; providing an effective date.

psychological treatment in the past for abuse, protection from abuse, or shelter from abuse, or that a claim was caused in the past by, or might occur as a result of, any future assault, battery, or sexual assault by a family or household member upon another family or household member as defined in s. 741.28(2). A health insurer, life insurer, disability insurer, or managed care provider may refuse to underwrite, issue, or renew a policy based on the applicant's medical condition, but shall not consider whether such condition was caused by an act of abuse. The request for reimbursement shall be submitted in the form and manner prescribed by the Office of the State Courts Administrator. From this reimbursement, the clerk shall pay any law enforcement agency serving the injunction the fee requested by the law enforcement agency; however, this fee shall not exceed \$20. Notwithstanding any other provision of law, the total charge, including any administration fees, law enforcement agency charges, and court costs or service charges, for any court to issue an injunction concerning domestic violence under chapter 741 or chapter 784 shall not exceed \$50. The total charge by any law enforcement agency to serve an injunction or restraining order concerning violence shall not exceed \$20. The child may not be held in secure detention under this subparagraph for more than 48 hours unless ordered by the court. After 48 hours, the court shall hold a hearing if the state attorney or victim requests that secure detention be continued. The child may continue to be held in detention care if the court makes a specific, written finding that detention care is necessary to protect the victim from injury. However, the child may not be held in detention care beyond the time limits set forth in s. 985.215.

4. For a child who is under the supervision of the department through probation, home detention, nonsecure detention, conditional release, postcommitment probation, or commitment and who is charged with committing a new offense, the risk assessment instrument may be completed and scored based on the underlying charge for which the child was placed under the supervision of the department and the new offense.

Section 17. Paragraph (d) of subsection (2) of section 985.215, Florida Statutes, is amended to read:

985.215 Detention.—

(2) Subject to the provisions of subsection (1), a child taken into custody and placed into nonsecure or home detention care or detained in secure detention care prior to a detention hearing may continue to be detained by the court if:

(d) The child is charged with committing an offense of domestic violence as defined in s. 741.28(4) and is detained as provided in s. 985.213(2)(b)3.

A child who meets any of these criteria and who is ordered to be detained pursuant to this subsection shall be given a hearing within 24 hours after being taken into custody. The purpose of the detention hearing is to determine the existence of probable cause that the child has committed the delinquent act or violation of law with which he or she is charged and the need for continued detention. Unless a child is detained under paragraph (d) or paragraph (e), the court shall utilize the results of the risk assessment performed by the juvenile probation officer and, based on the criteria in this subsection, shall determine the need for continued detention. A child placed into secure, nonsecure, or home detention care may continue to be so detained by the court pursuant to this subsection. If the court orders a placement more restrictive than indicated by the results of the risk assessment instrument, the court shall state, in writing, clear and convincing reasons for such placement. Except as provided in s. 790.22(8) or in subparagraph (10)(a)2., paragraph (10)(b), paragraph (10)(c), or paragraph (10)(d), when a child is placed into secure or nonsecure detention care, or into a respite home or other placement pursuant to a court order following a hearing, the court order must include specific instructions that direct the release of the child from such placement no later than 5 p.m. on the last day of the detention period specified in paragraph (5)(b) or paragraph (5)(c), or subparagraph (10)(a)1., whichever is applicable, unless the requirements of such applicable provision have been met or an order of continuance has been granted pursuant to paragraph (5)(f).

Section 18. Effective July 1, 2002, subsection (1) of section 938.01, Florida Statutes, as amended by section 29 of chapter 2001-254, Laws of Florida, section 19 of chapter 2001-122, Laws of Florida, section 1 of chapter 2001-184, Laws of Florida, section 3 of chapter 2001-232, Laws of Florida, and section 30 of chapter 2001-254, Laws of Florida, is amended to read:

938.01 Additional Court Cost Clearing Trust Fund.—

(Substantial rewording of subsection. See s. 938.01(1), F.S., for present text.)

(1) All courts created by Art. V of the State Constitution shall, in addition to any fine or other penalty, assess \$3 as a court cost against every person convicted for violation of a state penal or criminal statute or convicted for violation of a municipal or county ordinance. Any person whose adjudication is withheld pursuant to the provisions of s. 318.14(9) or (10) shall also be assessed such cost. In addition, \$3 from every bond estreature or forfeited bail bond related to such penal statutes or penal ordinances shall be remitted to the Department of Revenue as described in this subsection. However, no such assessment may be made against any person convicted for violation of any state statute, municipal ordinance, or county ordinance relating to the parking of vehicles.

(a) All costs collected by the courts pursuant to this subsection shall be remitted to the Department of Revenue in accordance with administrative rules adopted by the executive director of the Department of Revenue for deposit in the Additional Court Cost Clearing Trust Fund. These funds and the funds deposited in the Additional Court Cost Clearing Trust Fund pursuant to s. 318.21(2)(c) shall be distributed as follows:

2. Six and three-tenths percent to the Department of Law Enforcement Operating Trust Fund for the Criminal Justice Grant Program.

3. One and seven-tenths percent to the Department of Children and Family Services Domestic Violence Trust Fund for the domestic violence program pursuant to s. 39.903(3).

(b) The funds deposited in the Department of Law Enforcement Criminal Justice Standards and Training Trust Fund, the Department of Law

Enforcement Operating Trust Fund, and the Department of Children and Family Services Domestic Violence Trust Fund may be invested. Any interest earned from investing such funds and any unencumbered funds remaining at the end of the budget cycle shall remain in the respective trust fund.

(c) *All funds in the Department of Law Enforcement Criminal Justice Standards and Training Trust Fund shall be disbursed only in compliance with s. 943.25(9).*

Section 19. Subsection (2) of section 4 of chapter 2001-184, Laws of Florida, and subsection (2) of section 7 of chapter 2001-232, Laws of Florida, are repealed.

Section 20. Section 741.466, Florida Statutes, is repealed.

Section 21. Effective January 1, 2003, section 784.046, Florida Statutes, is amended to read:

784.046 Action by victim of repeat violence or dating violence for protective injunction; powers and duties of court and clerk of court; filing and form of petition; notice and hearing; temporary injunction; issuance; statewide verification system; enforcement.—

(1) As used in this section, the term:

(a) “Violence” means any assault, *aggravated assault*, battery, *aggravated battery*, sexual assault, sexual battery, or stalking, *aggravated stalking*, kidnapping, or false imprisonment, or any criminal offense resulting in physical injury or death, by a person against any other person.

(b) “Repeat violence” means two incidents of violence or stalking committed by the respondent, one of which must have been within 6 months of the filing of the petition, which are directed against the petitioner or the petitioner’s immediate family member.

(c) “Dating violence” means violence between individuals who have or have had a continuing and significant relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on the consideration of the following factors:

1. A dating relationship must have existed within the past 6 months;
2. The nature of the relationship must have been characterized by the expectation of affection or sexual involvement between the parties; and
3. The frequency and type of interaction between the persons involved in the relationship must have included that the persons have been involved over time and on a continuous basis during the course of the relationship.

The term does not include violence in a casual acquaintanceship or violence between individuals who only have engaged in ordinary fraternization in a business or social context.

(2) There is created a cause of action for an injunction for protection in cases of repeat violence and there is created a separate cause of action for an injunction for protection in cases of dating violence.

(a) Any person who is the victim of repeat violence or the parent or legal guardian of any minor child who is living at home and who seeks an injunction for protection against repeat violence on behalf of the minor child has standing in the circuit court to file a sworn petition for an injunction for protection against repeat violence.

(b) Any person who is the victim of dating violence and has reasonable cause to believe he or she is in imminent danger of becoming the victim of another act of dating violence, or any person who has reasonable cause to believe he or she is in imminent danger of becoming the victim of an act of dating violence, or the parent or legal guardian of any minor child who is living at home and who seeks an injunction for protection against dating violence on behalf of that minor child, has standing in the circuit court to file a sworn petition for an injunction for protection against dating violence.

(c)(b) This cause of action for an injunction may be sought whether or not any other petition, complaint, or cause of action is currently available or pending between the parties.

(d)(e) This cause of action for an injunction shall not require that the petitioner be represented by an attorney.

(3)(a) The clerk of the court shall provide a copy of this section, simplified forms, and clerical assistance for the preparation and filing of such a petition by any person who is not represented by counsel.

(b) In the event the person desiring to file for an injunction pursuant to this section does not have sufficient funds with which to pay filing fees to the clerk of the court or service fees to the sheriff or law enforcement agency and signs an affidavit so stating, the fees shall be waived by the clerk of the court or the sheriff or law enforcement agency to the extent necessary to process the petition and serve the injunction, subject to a subsequent order of the court relative to the payment of such fees.

(c) No bond shall be required by the court for the entry of an injunction.

(d) The clerk of the court shall provide the petitioner with a certified copy of any injunction for protection against repeat violence or dating violence entered by the court.

(4)(a) The sworn petition shall allege the incidents of repeat violence or dating violence and shall include the specific facts and circumstances which form the basis upon which relief is sought. With respect to a minor child who is living at home, the parent or legal guardian of the minor child must have been an eyewitness to, or have direct physical evidence or affidavits from eyewitnesses of, the specific facts and circumstances which form the basis upon which relief is sought.

(b) The sworn petition shall be in substantially the following form:

PETITION FOR INJUNCTION FOR PROTECTION AGAINST REPEAT VIOLENCE OR DATING VIOLENCE

Before me, the undersigned authority, personally appeared Petitioner (Name), who has been sworn and says that the following statements are true:

1. Petitioner resides at (address)

2. Respondent resides at (address)

3.a. Petitioner has suffered repeat violence as demonstrated by the fact that the respondent has: (enumerate incidents of violence)

.....
.....
.....

b. Petitioner is a victim of dating violence and has reasonable cause to believe that he or she is in imminent danger of becoming the victim of another act of dating violence or has reasonable cause to believe that he or she is in imminent danger of becoming a victim of dating violence, as demonstrated by the fact that the respondent has: (list the specific incident or incidents of violence and describe the length of time of the relationship, whether it has been in existence during the last 6 months, the nature of the relationship of a romantic or intimate nature, the frequency and type of interaction, and any other facts that characterize the relationship.)

.....
.....
.....

4. Petitioner genuinely fears repeat violence by the respondent.

5. Petitioner seeks: an immediate injunction against the respondent, enjoining him or her from committing any further acts of repeat violence; an injunction enjoining the respondent from committing any further acts of repeat violence; and an injunction providing any terms the court deems necessary for the protection of the petitioner and the petitioner’s immediate family, including any injunctions or directives to law enforcement agencies.

(5) Upon the filing of the petition, the court shall set a hearing to be held at the earliest possible time. The respondent shall be personally served with a copy of the petition, notice of hearing, and temporary injunction, if any, prior to the hearing.

(6)(a) When it appears to the court that an immediate and present danger of repeat violence exists, the court may grant a temporary injunction which may be granted in an ex parte hearing, pending a full hearing, and may grant such relief as the court deems proper, including an

injunction enjoining the respondent from committing any acts of repeat violence.

(b) In a hearing ex parte for the purpose of obtaining such temporary injunction, no evidence other than the verified pleading or affidavit shall be used as evidence, unless the respondent appears at the hearing or has received reasonable notice of the hearing.

(c) Any such ex parte temporary injunction shall be effective for a fixed period not to exceed 15 days. A full hearing, as provided by this section, shall be set for a date no later than the date when the temporary injunction ceases to be effective. The court may grant a continuance of the ex parte injunction and the full hearing before or during a hearing, for good cause shown by any party.

(7) Upon notice and hearing, the court may grant such relief as the court deems proper, including an injunction:

(a) Enjoining the respondent from committing any acts of violence.

(b) Ordering such other relief as the court deems necessary for the protection of the petitioner, including injunctions or directives to law enforcement agencies, as provided in this section.

(c) The terms of the injunction shall remain in full force and effect until modified or dissolved. Either party may move at any time to modify or dissolve the injunction. Such relief may be granted in addition to other civil or criminal remedies.

(d) A temporary or final judgment on injunction for protection against repeat violence or *dating violence* entered pursuant to this section shall, on its face, indicate that:

1. The injunction is valid and enforceable in all counties of the State of Florida.

2. Law enforcement officers may use their arrest powers pursuant to s. 901.15(6) to enforce the terms of the injunction.

3. The court had jurisdiction over the parties and matter under the laws of Florida and that reasonable notice and opportunity to be heard was given to the person against whom the order is sought sufficient to protect that person's right to due process.

4. The date that the respondent was served with the temporary or final order, if obtainable.

(8)(a)1. The clerk of the court shall furnish a copy of the petition, notice of hearing, and temporary injunction, if any, to the sheriff or a law enforcement agency of the county where the respondent resides or can be found, who shall serve it upon the respondent as soon thereafter as possible on any day of the week and at any time of the day or night. The clerk of the court shall be responsible for furnishing to the sheriff such information on the respondent's physical description and location as is required by the department to comply with the verification procedures set forth in this section. Notwithstanding any other provision of law to the contrary, the chief judge of each circuit, in consultation with the appropriate sheriff, may authorize a law enforcement agency within the chief judge's jurisdiction to effect this type of service and to receive a portion of the service fee. No person shall be authorized or permitted to serve or execute an injunction issued under this section unless the person is a law enforcement officer as defined in chapter 943.

2. When an injunction is issued, if the petitioner requests the assistance of a law enforcement agency, the court may order that an officer from the appropriate law enforcement agency accompany the petitioner and assist in the execution or service of the injunction. A law enforcement officer shall accept a copy of an injunction for protection against repeat violence or *dating violence*, certified by the clerk of the court, from the petitioner and immediately serve it upon a respondent who has been located but not yet served.

(b) There shall be created a Domestic, *Dating*, and Repeat Violence Injunction Statewide Verification System within the Department of Law Enforcement. The department shall establish, implement, and maintain a statewide communication system capable of electronically transmitting information to and between criminal justice agencies relating to domestic violence injunctions, *dating violence injunctions*, and repeat violence injunctions issued by the courts throughout the state. Such

information must include, but is not limited to, information as to the existence and status of any injunction for verification purposes.

(c)1. Within 24 hours after the court issues an injunction for protection against repeat violence or *dating violence* or changes or vacates an injunction for protection against repeat violence or *dating violence*, the clerk of the court must forward a copy of the injunction to the sheriff with jurisdiction over the residence of the petitioner.

2. Within 24 hours after service of process of an injunction for protection against repeat violence or *dating violence* upon a respondent, the law enforcement officer must forward the written proof of service of process to the sheriff with jurisdiction over the residence of the petitioner.

3. Within 24 hours after the sheriff receives a certified copy of the injunction for protection against repeat violence or *dating violence*, the sheriff must make information relating to the injunction available to other law enforcement agencies by electronically transmitting such information to the department.

4. Within 24 hours after the sheriff or other law enforcement officer has made service upon the respondent and the sheriff has been so notified, the sheriff must make information relating to the service available to other law enforcement agencies by electronically transmitting such information to the department.

5. Within 24 hours after an injunction for protection against repeat violence or *dating violence* is lifted, terminated, or otherwise rendered no longer effective by ruling of the court, the clerk of the court must notify the sheriff or local law enforcement agency receiving original notification of the injunction as provided in subparagraph 2. That agency shall, within 24 hours after receiving such notification from the clerk of the court, notify the department of such action of the court.

(9)(a) The court shall enforce, through a civil or criminal contempt proceeding, a violation of an injunction for protection. The court may enforce the respondent's compliance with the injunction by imposing a monetary assessment. The clerk of the court shall collect and receive such assessments. On a monthly basis, the clerk shall transfer the moneys collected pursuant to this paragraph to the State Treasury for deposit in the Crimes Compensation Trust Fund established in s. 960.21.

(b) If the respondent is arrested by a law enforcement officer under s. 901.15(10) for committing an act of repeat violence or *dating violence* in violation of a repeat or *dating violence* injunction for protection, the respondent shall be held in custody until brought before the court as expeditiously as possible for the purpose of enforcing the injunction and for admittance to bail in accordance with chapter 903 and the applicable rules of criminal procedure, pending a hearing.

(10) The petitioner or the respondent may move the court to modify or dissolve an injunction at any time.

(11) A law enforcement officer acting in good faith under this section and the officer's employing agency shall be immune from all liability, civil or criminal, that might otherwise be incurred or imposed by reason of the officer's or agency's actions in carrying out the provisions of this section.

Section 22. Section 784.047, Florida Statutes, is amended to read:

784.047 Penalties for violating protective injunction against repeat violators.—A person who willfully violates an injunction for protection against repeat violence or *dating violence*, issued pursuant to s. 784.046, or a foreign protection order accorded full faith and credit pursuant to s. 741.315 by:

If any individual holding an active certification from the Criminal Justice Standards and Training Commission as a "law enforcement officer," a "correctional officer," or a "correctional probation officer" as defined in s. 943.10(1), (2), (3), (6), (7), (8), or (9) wishes to receive a concealed weapons or firearms license, such person is exempt from the background investigation and all background investigation fees, but shall pay the current license fees regularly required to be paid by nonexempt applicants. Further, a law enforcement officer, a correctional officer, or a correctional probation officer as defined in s. 943.10(1), (2), or (3) is exempt from the required fees and background investigation for a period of 1 year subsequent to the date of retirement of said officer as a law enforcement officer, a correctional officer, or a correctional probation officer.

(6)(a) The Department of *Agriculture and Consumer Services State*, upon receipt of the items listed in subsection (5), shall forward the full

set of fingerprints of the applicant to the Department of Law Enforcement for state and federal processing, provided the federal service is available, to be processed for any criminal justice information as defined in s. 943.045. The cost of processing such fingerprints shall be payable to the Department of Law Enforcement by the Department of *Agriculture and Consumer Services State*.

(b) The sheriff's office shall provide fingerprinting service if requested by the applicant and may charge a fee not to exceed \$5 for this service.

(c) The Department of *Agriculture and Consumer Services State* shall, within 90 days after the date of receipt of the items listed in subsection (5):

1. Issue the license; or

2. Deny the application based solely on the ground that the applicant fails to qualify under the criteria listed in subsection (2) or subsection (3). If the Department of *Agriculture and Consumer Services State* denies the application, it shall notify the applicant in writing, stating the ground for denial and informing the applicant of any right to a hearing pursuant to chapter 120.

3. In the event the department receives criminal history information with no final disposition on a crime which may disqualify the applicant, the time limitation prescribed by this paragraph may be suspended until receipt of the final disposition or proof of restoration of civil and firearm rights.

(d) In the event a legible set of fingerprints, as determined by the Department of *Agriculture and Consumer Services State* or the Federal Bureau of Investigation, cannot be obtained after two attempts, the Department of *Agriculture and Consumer Services State* shall determine eligibility based upon the name checks conducted by the Florida Department of Law Enforcement.

(e) A consular security official of a foreign government that maintains diplomatic relations and treaties of commerce, friendship, and navigation with the United States and is certified as such by the foreign government and by the appropriate embassy in this country must be issued a license within 20 days after the date of the receipt of a completed application, certification document, color photograph as specified in paragraph (5)(e), and a nonrefundable license fee of \$300. Consular security official licenses shall be valid for 1 year and may be renewed upon completion of the application process as provided in this section.

(7) The Department of *Agriculture and Consumer Services State* shall maintain an automated listing of licenseholders and pertinent information, and such information shall be available on-line, upon request, at all times to all law enforcement agencies through the Florida Crime Information Center.

(8) Within 30 days after the changing of a permanent address, or within 30 days after having a license lost or destroyed, the licensee shall notify the Department of *Agriculture and Consumer Services State* of such change. Failure to notify the Department of *Agriculture and Consumer Services State* pursuant to the provisions of this subsection shall constitute a noncriminal violation with a penalty of \$25.

(9) In the event that a concealed weapon or firearm license is lost or destroyed, the license shall be automatically invalid, and the person to whom the same was issued may, upon payment of \$15 to the Department of *Agriculture and Consumer Services State*, obtain a duplicate, or substitute thereof, upon furnishing a notarized statement to the Department of *Agriculture and Consumer Services State* that such license has been lost or destroyed.

(10) A license issued under this section shall be suspended or revoked pursuant to chapter 120 if the licensee:

(a) Is found to be ineligible under the criteria set forth in subsection (2);

(b) Develops or sustains a physical infirmity which prevents the safe handling of a weapon or firearm;

(c) Is convicted of a felony which would make the licensee ineligible to possess a firearm pursuant to s. 790.23;

(d) Is found guilty of a crime under the provisions of chapter 893, or similar laws of any other state, relating to controlled substances;

(e) Is committed as a substance abuser under chapter 397, or is deemed a habitual offender under s. 856.011(3), or similar laws of any other state;

(f) Is convicted of a second violation of s. 316.193, or a similar law of another state, within 3 years of a previous conviction of such section, or similar law of another state, even though the first violation may have occurred prior to the date on which the application was submitted;

(g) Is adjudicated an incapacitated person under s. 744.331, or similar laws of any other state; or

(h) Is committed to a mental institution under chapter 394, or similar laws of any other state.

(11) No less than 90 days prior to the expiration date of the license, the Department of Agriculture and Consumer Services State shall mail to each licensee a written notice of the expiration and a renewal form prescribed by the Department of Agriculture and Consumer Services State. The licensee must renew his or her license on or before the expiration date by filing with the Department of Agriculture and Consumer Services State the renewal form containing a notarized affidavit stating that the licensee remains qualified pursuant to the criteria specified in subsections (2) and (3), a color photograph as specified in paragraph (5)(e), and the required renewal fee. Out-of-state residents must also submit a completed fingerprint card and fingerprint processing fee. The license shall be renewed upon receipt of the completed renewal form, color photograph, appropriate payment of fees, and, if applicable, a completed fingerprint card. Additionally, a licensee who fails to file a renewal application on or before its expiration date must renew his or her license by paying a late fee of \$15. No license shall be renewed 6 months or more after its expiration date, and such license shall be deemed to be permanently expired. A person whose license has been permanently expired may reapply for licensure; however, an application for licensure and fees pursuant to subsection (5) must be submitted, and a background investigation shall be conducted pursuant to the provisions of this section. Persons who knowingly file false information pursuant to this subsection shall be subject to criminal prosecution under s. 837.06.

(12) No license issued pursuant to this section shall authorize any person to carry a concealed weapon or firearm into any place of nuisance as defined in s. 823.05; any police, sheriff, or highway patrol station; any detention facility, prison, or jail; any courthouse; any courtroom, except that nothing in this section would preclude a judge from carrying a concealed weapon or determining who will carry a concealed weapon in his or her courtroom; any polling place; any meeting of the governing body of a county, public school district, municipality, or special district; any meeting of the Legislature or a committee thereof; any school, college, or professional athletic event not related to firearms; any school administration building; any portion of an establishment licensed to dispense alcoholic beverages for consumption on the premises, which portion of the establishment is primarily devoted to such purpose; any elementary or secondary school facility; any area technical center; any college or university facility unless the licensee is a registered student, employee, or faculty member of such college or university and the weapon is a stun gun or nonlethal electric weapon or device designed solely for defensive purposes and the weapon does not fire a dart or projectile; inside the passenger terminal and sterile area of any airport, provided that no person shall be prohibited from carrying any legal firearm into the terminal, which firearm is encased for shipment for purposes of checking such firearm as baggage to be lawfully transported on any aircraft; or any place where the carrying of firearms is prohibited by federal law. Any person who willfully violates any provision of this subsection commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(13) All moneys collected by the department pursuant to this section shall be deposited in the Division of Licensing Trust Fund, and the Legislature shall appropriate from the fund those amounts deemed necessary to administer the provisions of this section. All revenues collected, less those costs determined by the Department of Agriculture and Consumer Services State to be nonrecurring or one-time costs, shall be deferred over the 3-year licensure period. Notwithstanding the provisions of s. 493.6117, all moneys collected pursuant to this section shall not revert to the General Revenue Fund; however, this shall not abro-

gate the requirement for payment of the service charge imposed pursuant to chapter 215.

(14) All funds received by the sheriff pursuant to the provisions of this section shall be deposited into the general revenue fund of the county and shall be budgeted to the sheriff.

(15) The Legislature finds as a matter of public policy and fact that it is necessary to provide statewide uniform standards for issuing licenses to carry concealed weapons and firearms for self-defense and finds it necessary to occupy the field of regulation of the bearing of concealed weapons or firearms for self-defense to ensure that no honest, law-abiding person who qualifies under the provisions of this section is subjectively or arbitrarily denied his or her rights. The Department of Agriculture and Consumer Services State shall implement and administer the provisions of this section. The Legislature does not delegate to the Department of Agriculture and Consumer Services State the authority to regulate or restrict the issuing of licenses provided for in this section, beyond those provisions contained in this section. Subjective or arbitrary actions or rules which encumber the issuing process by placing burdens on the applicant beyond those sworn statements and specified documents detailed in this section or which create restrictions beyond those specified in this section are in conflict with the intent of this section and are prohibited. This section shall be liberally construed to carry out the constitutional right to bear arms for self-defense. This section is supplemental and additional to existing rights to bear arms, and nothing in this section shall impair or diminish such rights.

(16) The Department of Agriculture and Consumer Services State shall maintain statistical information on the number of licenses issued, revoked, suspended, and denied.

(17) As amended by chapter 87-24, Laws of Florida, this section shall be known and may be cited as the "Jack Hagler Self Defense Act."

Notwithstanding s. 367.171(7), any separate legal entity created under this paragraph is not subject to commission jurisdiction and may not provide utility services within the service area of an existing utility system unless it has received the consent of the utility. The entity may finance or refinance the acquisition, construction, expansion, and improvement of *such facilities relating to a governmental function or purpose* the public facility through the issuance of its bonds, notes, or other obligations under this section or as otherwise authorized by law. The entity has all the powers provided by the interlocal agreement under which it is created or which are necessary to *finance*, own, operate, or manage the public facility, including, without limitation, the power to establish rates, charges, and fees for products or services provided by it, the power to levy special assessments, the power to sell or *finance* all or a portion of *such its* facility, and the power to contract with a public or private entity to manage and operate *such its* facilities or to provide or receive facilities, services, or products. Except as may be limited by the interlocal agreement under which the entity is created, all of the privileges, benefits, powers, and terms of s. 125.01, relating to counties, and s. 166.021, relating to municipalities, are fully applicable to the entity. However, neither the entity nor any of its members on behalf of the entity may exercise the power of eminent domain over the facilities or property of any existing water or wastewater plant utility system, nor may the entity acquire title to any water or wastewater plant utility facilities, *other facilities*, or property which was acquired by the use of eminent domain after the effective date of this act. Bonds, notes, and other obligations issued by the entity are issued on behalf of the public agencies that are members of the entity.

2. Any entity created under this section may also issue bond anticipation notes in connection with the authorization, issuance, and sale of bonds. The bonds may be issued as serial bonds or as term bonds or both. Any entity may issue capital appreciation bonds or variable rate bonds. If any officer whose signature, or a facsimile of whose signature, appears

on any bonds, notes, or other obligations ceases to be an officer before the delivery of the bonds, notes, or other obligations, the signature or facsimile is valid and sufficient for all purposes as if he or she had remained in office until the delivery. The bonds, notes, or other obligations may be sold at public or private sale for such price as the governing body of the entity shall determine. Pending preparation of the definitive bonds, the entity may issue interim certificates, which shall be exchanged for the definitive bonds. In addition, the governing body of the legal entity may delegate, to an officer, official, or agent of the legal entity as the governing body of the legal entity may select, the power to determine the time; manner of sale, public or private; maturities; rate of interest, which may be fixed or may vary at the time and in accordance with a specified formula or method of determination; and other terms and conditions as may be deemed appropriate by the officer, official, or agent so designated by the governing body of the legal entity. However, the amount and maturity of the bonds, notes, or other obligations and the interest rate of the bonds, notes, or other obligations must be within the limits prescribed by the governing body of the legal entity and its resolution delegating to an officer, official, or agent the power to authorize the issuance and sale of the bonds, notes, or other obligations.

3. Bonds, notes, or other obligations issued under subparagraph 1. may be validated as provided in chapter 75. Section 75.04(2) does not apply to a complaint for validation brought by the legal entity.

4. The accomplishment of the authorized purposes of a legal entity created under this paragraph is in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions. Since the legal entity will perform essential governmental functions in accomplishing its purposes, the legal entity is not required to pay any taxes or assessments of any kind whatsoever upon any property acquired or used by it for such purposes or upon any revenues at any time received by it. The bonds, notes, and other obligations of an entity, their transfer and the income therefrom, including any profits made on the sale thereof, are at all times free from taxation of any kind by the state or by any political subdivision or other agency or instrumentality thereof. The exemption granted in this subparagraph is not applicable to any tax imposed by chapter 220 on interest, income, or profits on debt obligations owned by corporations.

The President referred the point of order and the amendment to Senator Lee, Chairman of the Committee on Rules and Calendar.

Amendment 12 (821488)(with title amendment)—On page 45, between lines 11 and 12, insert:

Section 44. Paragraph (a) of subsection (6) of section 163.3177, Florida Statutes, is amended to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(6) In addition to the requirements of subsections (1)-(5), the comprehensive plan shall include the following elements:

(a) A future land use plan element designating proposed future general distribution, location, and extent of the uses of land for residential uses, commercial uses, industry, agriculture, recreation, conservation, education, public buildings and grounds, other public facilities, and other categories of the public and private uses of land. *Each* The future land use *category plan* shall be defined in terms of uses included, and shall include standards to be followed in the control and distribution of population densities and building and structure intensities. The proposed distribution, location, and extent of the various categories of land use shall be shown on a land use map or map series which shall be supplemented by goals, policies, and measurable objectives. ~~Each land use category shall be defined in terms of the types of uses included and specific standards for the density or intensity of use.~~ The future land use plan shall be based upon surveys, studies, and data regarding the area, including the amount of land required to accommodate anticipated growth; the projected population of the area; the character of undeveloped land; the availability of public services; the need for redevelopment, including the renewal of blighted areas and the elimination of nonconforming uses which are inconsistent with the character of the community; and, in rural communities, the need for job creation, capital investment, and economic development that will strengthen and diversify the community's economy. The future land use plan may designate areas for future planned development use involving combinations of types of uses for which special regulations may be necessary to ensure development in accord with the principles and standards of the comprehensive plan and this act. In addition, for rural communities, the amount of land designated for future planned industrial use shall be based upon surveys and studies that reflect the need for job creation, capital investment, and the necessity to strengthen and diversify the local economies, and shall not be limited solely by the projected population of the rural community. The future land use plan of a county may also designate areas for possible future municipal incorporation. The land use maps or map series shall generally identify and depict historic district boundaries and shall designate historically significant properties meriting protection. The future land use element must clearly identify the land use categories in which public schools are an allowable use. When delineating the land use categories in which public schools are an allowable use, a local government shall include in the categories sufficient land proximate to residential development to meet the projected needs for schools in coordination with public school boards and may establish differing criteria for schools of different type or size. Each local government shall include lands contiguous to existing school sites, to the maximum extent possible, within the land use categories in which public schools are an allowable use. All comprehensive plans must comply with the school siting requirements of this paragraph no later than October 1, 1999. The failure by a local government to comply with these school siting requirements by October 1, 1999, will result in the prohibition of the local government's ability to amend the local comprehensive plan, except for plan amendments described in s. 163.3187(1)(b), until the school siting requirements are met. An amendment proposed by a local government for purposes of identifying the land use categories in which public schools are an allowable use is exempt from the limitation on the frequency of plan amendments contained in s. 163.3187. The future land use element shall include criteria which encourage the location of schools proximate to urban residential areas to the extent possible and shall require that the local government seek to collocate public facilities, such as parks, libraries, and community centers, with schools to the extent possible. For schools serving predominantly rural counties, defined as a county with a population of 100,000 or fewer, an agricultural land use category shall be eligible for the location of public school facilities if the local comprehensive plan contains school siting criteria and the location is consistent with such criteria.

and approved by a majority of the electors of the county voting in a referendum on the surtax. If the governing bodies of the municipalities representing a majority of the county's population adopt uniform resolutions establishing the rate of the surtax and calling for a referendum on the surtax, the levy of the surtax shall be placed on the ballot and shall take effect if approved by a majority of the electors of the county voting in the referendum on the surtax.

2. If the surtax was levied pursuant to a referendum held before July 1, 1993, the surtax may not be levied beyond the time established in the ordinance, or, if the ordinance did not limit the period of the levy, the surtax may not be levied for more than 15 years. The levy of such surtax may be extended only by approval of a majority of the electors of the county voting in a referendum on the surtax *or pursuant to ordinance enacted by a two-thirds vote of the members of the county governing authority.*

Any use of such proceeds or interest for purposes of retiring or servicing indebtedness incurred for such refunding bonds prior to July 1, 1999, is ratified.

2. *The proceeds of the surtax where the surtax is levied by a two-thirds vote of the governing body of the county and any interest accrued thereto shall be expended by the school district or within the county and municipalities within the county for infrastructure located within the urban service area that is identified in the local government comprehensive plan of the county or municipality and is identified in that local government's capital improvements element adopted pursuant to s. 163.3177(3) or that is identified in the school district's educational facilities plan adopted pursuant to s. 235.185.*

3.2- For the purposes of this paragraph, "infrastructure" means:

a. Any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction, or improvement of public facilities which have a life expectancy of 5 or more years and any land acquisition, land improvement, design, and engineering costs related thereto.

b. A fire department vehicle, an emergency medical service vehicle, a sheriff's office vehicle, a police department vehicle, or any other vehicle, and such equipment necessary to outfit the vehicle for its official use or equipment that has a life expectancy of at least 5 years.

4.3- Notwithstanding any other provision of this subsection, a discretionary sales surtax imposed or extended after the effective date of this act may provide for an amount not to exceed 15 percent of the local option sales surtax proceeds to be allocated for deposit to a trust fund within the county's accounts created for the purpose of funding economic development projects of a general public purpose targeted to improve local economies, including the funding of operational costs and incentives related to such economic development. *If applicable*, the ballot statement must indicate the intention to make an allocation under the authority of this subparagraph.

(6) SCHOOL CAPITAL OUTLAY SURTAX.—

(a) The school board in each county may levy, pursuant to resolution conditioned to take effect only upon approval by a majority vote of the

electors of the county voting in a referendum, a discretionary sales surtax at a rate that may not exceed 0.5 percent.

2. *The district school board has adopted a district educational facilities plan pursuant to s. 235.185; and*

3. *The district's use of surtax proceeds for new construction must not exceed the cost-per-student criteria established for the SIT Program in s. 235.216(2).*

(d)(e) The resolution providing for the imposition of the surtax shall set forth a plan for use of the surtax proceeds for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses which have a useful life expectancy of 5 or more years, and any land acquisition, land improvement, design, and engineering costs related thereto. Additionally, the plan shall include the costs of retrofitting and providing for technology implementation, including hardware and software, for the various sites within the school district. Surtax revenues may be used for the purpose of servicing bond indebtedness to finance projects authorized by this subsection, and any interest accrued thereto may be held in trust to finance such projects. Neither the proceeds of the surtax nor any interest accrued thereto shall be used for operational expenses. If the district school board has been recognized by the State Board of Education as having a Florida Frugal Schools Program, the district's plan for use of the surtax proceeds must be consistent with this subsection and with uses assured under the Florida Frugal Schools Program.

(e)(d) Any school board imposing the surtax shall implement a freeze on noncapital local school property taxes, at the millage rate imposed in the year prior to the implementation of the surtax, for a period of at least 3 years from the date of imposition of the surtax. This provision shall not apply to existing debt service or required state taxes.

Senator Laurent moved the following amendment to **Amendment 1** which was adopted:

Amendment 1B (743424)(with title amendment)—On page 1, between lines 16 and 17, insert:

Section 1. Section 341.8201, Florida Statutes, is created to read:

341.8201 *Short title.*—Sections 341.8201-341.843 may be cited as the "Florida High-Speed Rail Authority Act."

Section 2. Section 341.8202, Florida Statutes, is created to read:

341.8202 Legislative findings, policy, purpose, and intent.—

(1) *The intent of this act is to implement the purpose of s. 19, Art. X of the State Constitution, which directs the Legislature, the Cabinet and the Governor to proceed with the development, either by the state or an approved private entity, of a high-speed monorail, fixed guideway, or magnetic levitation system, capable of speeds in excess of 120 miles per hour. The development of such a system, which will link Florida's five largest urban areas as defined in this act, includes acquisition of right-of-way and the financing of design and construction with construction beginning on or before November 1, 2003. Further, this act promotes the various growth management and environmental protection laws enacted by the Legislature and encourages and enhances the establishment of a high-speed rail system. The Legislature further finds that:*

(a) *The implementation of a high-speed rail system in the state will result in overall social and environmental benefits, improvements in ambient air quality, better protection of water quality, greater preservation of wildlife habitat, less use of open space, and enhanced conservation of natural resources and energy.*

(b) *A high-speed rail system, when developed in conjunction with sound land use planning, becomes an integral part in achieving growth management goals and encourages the use of public transportation to augment and implement land use and growth management goals and objectives.*

(c) *Development and utilization of a properly designed, constructed, and financed high-speed rail system and associated development can act as a catalyst for economic growth and development, mitigate unduly long and traffic-congested commutes for day-to-day commuters, create new employment opportunities, serve as a positive growth management system for building a better and more environmentally secure state, and serve a paramount public purpose by promoting the health, safety, and welfare of the citizens of the state.*

(d) *Transportation benefits of a high-speed rail system include improved travel times and more reliable travel, which will increase productivity and energy efficiency in the state.*

(2) *The Legislature further finds that:*

(a) *Access to timely and efficient modes of passenger transportation is necessary for travelers, visitors, and day-to-day commuters, to the quality of life in the state, and to the economy of the state.*

(b) *Technological advances in the state's transportation system can significantly and positively affect the ability of the state to attract and provide efficient services for domestic and international tourists and therefore increase revenue of the state.*

(c) *The geography of the state is suitable for the construction and efficient operation of a high-speed rail system.*

(d) *The public use of the high-speed rail system must be encouraged and assured in order to achieve the public purpose and objectives set forth in this act. In order to encourage the public use of the high-speed rail system and to protect the public investment in the system, it is necessary to provide an environment surrounding each high-speed rail station which will allow the development of associated development for the purpose of creating revenue in support of and for the high-speed rail system, enhance the safe movement of pedestrians and traffic into and out of the area, ensure the personal safety of high-speed rail system and related facility users and their personal property while the users are in the area of each station, and eliminate all conditions in the vicinity which constitute economic and social impediments and barriers to the use of the high-speed rail system and associated development.*

(e) *Areas surrounding certain proposed high-speed rail stations can, as a result of existing conditions, crime, and traffic congestion, pose a serious threat to the use of the high-speed rail system, reduce revenue from users, discourage pedestrian and traffic ingress and egress, retard sound growth and development, impair public investment, and consume an excessive amount of public revenues in the employment of police and other forms of public protection to adequately safeguard the high-speed rail system and its users. Such areas may require redevelopment, acquisition, clearance, or disposition, or joint public and private development to*

provide parking facilities, retail establishments, restaurants, hotels, or office facilities associated with or ancillary to the high-speed rail system and rail stations and to otherwise provide for an environment that will encourage the use of, and safeguard, the system.

(f) *The powers conferred by this act are for public uses and purposes as established by s. 19, Art. X of the State Constitution for which public funds may be expended, and the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination to implement the intent of s. 19, Art. X of the State Constitution.*

(g) *Urban and social benefits include revitalization of economically depressed areas, the redirection of growth in a carefully and comprehensively planned manner, and the creation of numerous employment opportunities within inner-city areas.*

(h) *The provisions contained in this act are a declaration of legislative intent that the state develop a high-speed rail system to help solve transportation problems and eliminate their negative effect on the citizens of this state, and therefore serves a public purpose.*

(i) *Joint development is a necessary planning, financing, management, operation, and construction mechanism to ensure the continued future development of an efficient and economically viable high-speed rail system in this state.*

(3) *It is the intent of the Legislature to authorize the authority to implement innovative mechanisms required to effect the joint public-private venture approach to planning, locating, permitting, managing, financing, constructing, operating, and maintaining a high-speed rail system for the state, including providing incentives for revenue generation, operation, construction, and management by the private sector.*

to this act shall be deposited into the Florida Preservation 2000 Trust Fund created by s. 375.045. *Beginning in fiscal year 2002-2003, funds from the unencumbered cash balance less approved commitments remaining in the agency subaccounts in the Preservation 2000 Trust Fund may be used by those agencies to fund projects described in paragraphs (3)(a)-(h) of s. 259.105 which meet the criteria for funding pursuant to the Florida Forever Program or the Florida Preservation 2000 Program.* Starting in fiscal year 2001-2002, from the cash balance less approved commitments encumbered that is remaining in the Florida Preservation 2000 Trust Fund, the Legislature shall appropriate up to \$75 million from the Florida Preservation 2000 Trust Fund to the Save Our Everglades Trust Fund to be used for the acquisition of lands needed for restoration of the Florida Everglades pursuant to s. 373.470. Furthermore, the remaining cash balances available for the Preservation 2000 programs described in paragraphs (a)-(g) shall be adjusted pro rata for the amount appropriated by the Legislature. Additionally, any cash balances less approved commitments encumbered available to the programs described in paragraphs (a)-(g) at the time the first series of Florida Forever Program bonds is issued and proceeds are deposited into the Florida Forever Trust Fund shall be reserved and remain unavailable for expenditure for projects pursuant to the Florida Preservation 2000 Program until and unless the programs receiving an allocation under the Florida Forever Program described in paragraphs (3)(a)-(h) of s. 259.105, respectively, have encumbered all funds available from the first Florida Forever Program bond issue. Section 6. Section 373.2505, Florida Statutes, is created to read:

373.2505 Permitting requirements for alternative water facilities and electric power plants.—

(1) The Legislature finds that the recent increase in proposed electric power plants that are not subject to the regulatory-review requirements of the Florida Electrical Power Plant Siting Act creates both potential problems and water-supply opportunities. The continued proliferation of inland plants may result in environmental and growth-management problems for the counties in which they are located and can affect the patterns of urban development and demands on water resources if improperly located and inadequately regulated.

(2)(a) Electric power plants of any generating technology are encouraged to locate in coastal counties where they can be colocated with reverse-osmosis facilities or other similar technologies to desalinate water resources to help meet potable-water-supply needs. Entities having existing electric power plant sites located in coastal counties are encouraged to evaluate modifications, expansions, or additions that would be colocated with reverse-osmosis or other similar technologies to desalinate water resources to help meet potable-water-supply needs.

(b) Reverse-osmosis facilities or other similar desalination technologies that are proposed to be colocated with electric power plants are eligible to receive cooperative funding assistance from water management districts created under chapter 373 for those that have cooperative-funding assistance programs for activities designed to promote alternative water supplies.

(3) Notwithstanding other permitting requirements imposed by law, construction permit applications for a new electric plant unrelated to an existing electric power plant site located anywhere within the interior counties immediately contiguous to the most impacted area within the Eastern Tampa Bay water caution area must demonstrate that the sole source of its cooling water will be provided by the reuse of reclaimed wastewater or another nonpotable water source in order to assure protection of groundwater and surface water resources.

Amendment 8 (973448)(with title amendment)—On page 14, between lines 14 and 15, insert:

Section 12. Subsection (1) of section 373.114, Florida Statutes, is amended to read:

373.114 Land and Water Adjudicatory Commission; review of district rules and orders; department review of district rules.—

(1) Except as provided in subsection (2), the Governor and Cabinet, sitting as the Land and Water Adjudicatory Commission, have the exclusive authority to review any order or rule of a water management district, other than a rule relating to an internal procedure of the district or a final order resulting from an evidentiary hearing held under s. 120.569 or s. 120.57 or a rule that has been adopted after issuance of a final order resulting from an evidentiary hearing held under s. 120.56, to ensure consistency with the provisions and purposes of this chapter.

Subsequent to the legislative ratification of the delineation methodology pursuant to s. 373.421(1), this subsection also shall apply to an order of the department, or a local government exercising delegated authority, pursuant to ss. 373.403-373.443, except an order pertaining to activities or operations subject to conceptual plan approval pursuant to chapter 378 or a final order resulting from an evidentiary hearing held under s. 120.569 or s. 120.57.

(a) Such review may be initiated by the department or by a party to the proceeding below by filing a request for review with the Land and Water Adjudicatory Commission and serving a copy on the department and on any person named in the rule or order within 20 days after adoption of the rule or the rendering of the order. For the purposes of this section, the term "party" means any affected person who submitted oral or written testimony, sworn or unsworn, of a substantive nature which stated with particularity objections to or support for the rule or order that are cognizable within the scope of the provisions and purposes of this chapter, ~~or any person who participated as a party in a proceeding instituted pursuant to chapter 120.~~ In order for the commission to accept a request for review initiated by a party below, with regard to a specific order, ~~three~~ ~~four~~ members of the commission must determine on the basis of the record below that the activity authorized by the order would substantially affect natural resources of statewide or regional significance. Review of an order may also be accepted if ~~three~~ ~~four~~ members of the commission determine that the order raises issues of policy, statutory interpretation, or rule interpretation that have regional or statewide significance from the standpoint of agency precedent. The party requesting the commission to review an order must allege with particularity, and the commission must find, that:

1. The order is in conflict with statutory requirements; or
2. The order is in conflict with the requirements of a duly adopted rule.

(b) Review by the Land and Water Adjudicatory Commission is appellate in nature and shall be based solely on the record below *unless the commission determines that a remand for a formal evidentiary proceeding is necessary to develop additional findings of fact.* If there is ~~was~~ no evidentiary administrative proceeding resulting from a remand or referral for findings of fact by the commission, ~~then below,~~ the facts contained in the proposed agency action or proposed water management district action, including any technical staff report, shall be deemed undisputed. The matter shall be heard by the commission not more than 60 days after receipt of the request for review, unless waived by the parties; *provided, however, such time limit shall be tolled by a referral or remand pursuant to this paragraph. The commission may refer a request for review to the Division of Administrative Hearings for the production of findings of fact, limited to those needed to render the decision requested, to supplement the record, if a majority of the commission determines that supplementary findings of fact are essential to determine the consistency of a rule or order with the provisions and purposes of this chapter. Alternatively, the commission may remand the matter to the agency below for additional findings of fact, limited to those needed to render the decision requested, to supplement the record, if a majority of the commission determines that supplementary findings of fact are essential to determine the consistency of a rule or order with the provisions and purposes of this chapter. Such proceedings must be conducted and the findings transmitted to the commission within 90 days of the remand or referral.*

(c) If the Land and Water Adjudicatory Commission determines that a rule of a water management district is not consistent with the provisions and purposes of this chapter, it may require the water management district to initiate rulemaking proceedings to amend or repeal the rule. If the commission determines that an order is not consistent with the provisions and purposes of this chapter, the commission may rescind or modify the order or remand the proceeding for further action consistent with the order of the Land and Water Adjudicatory Commission only if the commission determines that the activity authorized by the order would substantially affect natural resources of statewide or regional significance. In the case of an order which does not itself substantially affect natural resources of statewide or regional significance, but which raises issues of policy that have regional or statewide significance from the standpoint of agency precedent, the commission may direct the district to initiate rulemaking to amend its rules to assure that future actions are consistent with the provisions and purposes of this chapter without modifying the order.

(d) In a review under this section of a construction permit issued pursuant to a conceptual permit under part IV, which conceptual permit is issued after July 1, 1993, a party to the review may not raise an issue which was or could have been raised in a review of the conceptual permit under this section.

(e) A request for review under this section shall not be a precondition to the seeking of judicial review pursuant to s. 120.68 or the seeking of an administrative determination of rule validity pursuant to s. 120.56.

(f) The Florida Land and Water Adjudicatory Commission may adopt rules to set forth its procedures for reviewing an order or rule of a water management district consistent with the provisions of this section.

(g) For the purpose of this section, it shall be presumed that activity authorized by an order will not affect resources of statewide or regional significance if the proposed activity:

1. Occupies an area less than 10 acres in size, and
2. Does not create impervious surfaces greater than 2 acres in size, and
3. Is not located within 550 feet of the shoreline of a named body of water designated as Outstanding Florida Waters, and
4. Does not adversely affect threatened or endangered species.

This paragraph shall not operate to hold that any activity that exceeds these limits is presumed to affect resources of statewide or regional significance. The determination of whether an activity will substantially affect resources of statewide or regional significance shall be made on a case-by-case basis, based upon facts contained in the record below.

Section 13. Subsection (5) of section 403.412, Florida Statutes, is amended, present subsection (6) is renumbered as subsection (8), and new subsections (6) and (7) are added to said section to read:

403.412 Environmental Protection Act.—

(5) In any administrative, licensing, or other proceedings authorized by law for the protection of the air, water, or other natural resources of the state from pollution, impairment, or destruction, the Department of Legal Affairs, a political subdivision or municipality of the state, or a citizen of the state shall have standing to intervene as a party on the filing of a verified pleading asserting that the activity, conduct, or product to be licensed or permitted has or will have the effect of impairing, polluting, or otherwise injuring the air, water, or other natural resources of the state. *As used in this section and as it relates to citizens, the term "intervene" means to join an ongoing s. 120.569 or s. 120.57 proceeding; this section does not authorize a citizen to institute, initiate, petition for, or request a proceeding under s. 120.569 or s. 120.57. Nothing herein limits or prohibits a citizen whose substantial interests will be determined or affected by a proposed agency action from initiating a formal administrative proceeding under s. 120.569 or s. 120.57. A citizen's substantial interests will be considered to be determined or affected if the party demonstrates it may suffer an injury in fact which is of sufficient immediacy and is of the type and nature intended to be protected by this chapter. No demonstration of special injury different in kind from the general public at large is required. A sufficient demonstration of a substantial interest may be made by a petitioner who establishes that the proposed activity, conduct, or product to be licensed or permitted affects the petitioner's use or enjoyment of air, water, or natural resources protected by this chapter.*

(6) *Any Florida corporation not for profit which has at least 25 current members residing within the county where the activity is proposed, and which was formed for the purpose of the protection of the environment, fish and wildlife resources, and protection of air and water quality, may initiate a hearing pursuant to s. 120.569 or s. 120.57, provided that the Florida corporation not for profit was formed at least one year prior to the date of the filing of the application for a permit, license, or authorization that is the subject of the notice of proposed agency action.*

(7) *In a matter pertaining to a federally delegated or approved program, a citizen of the state may initiate an administrative proceeding under this subsection if the citizen meets the standing requirements for judicial review of a case or controversy pursuant to Article III of the United States Constitution.*

—a companion measure, was substituted for **CS for CS for SB 556** as amended and by two-thirds vote read the second time by title.

Senators Posey and Smith offered the following amendment which was moved by Senator Smith and adopted:

Amendment 1 (243252)(with title amendment)—On page 49, between lines 14 and 15, insert:

Section 16. Subsection (2) of section 370.12, Florida Statutes, is amended to read:

370.12 Marine animals; regulation.—

(2) PROTECTION OF MANATEES OR SEA COWS.—

(a) This subsection shall be known and may be cited as the “Florida Manatee Sanctuary Act.”

(b) The State of Florida is hereby declared to be a refuge and sanctuary for the manatee, the “Florida state marine mammal.” *The protections extended to and authorized on behalf of the manatee by this act are independent of, and therefore are not contingent upon, its status as a state or federal listed species.*

(c) Whenever the Fish and Wildlife Conservation Commission is satisfied that the interest of science will be subserved, and that the application for a permit to possess a manatee or sea cow (*Trichechus manatus*) is for a scientific or propagational purpose and should be granted, and after concurrence by the United States Department of the Interior, the commission may grant to any person making such application a special permit to possess a manatee or sea cow, which permit shall specify the exact number which shall be maintained in captivity.

(d) Except as may be authorized by the terms of a valid state permit issued pursuant to paragraph (c) or by the terms of a valid federal permit, it is unlawful for any person at any time, by any means, or in any manner intentionally or negligently to annoy, molest, harass, or disturb or attempt to molest, harass, or disturb any manatee; injure or harm or attempt to injure or harm any manatee; capture or collect or attempt to capture or collect any manatee; pursue, hunt, wound, or kill or attempt to pursue, hunt, wound, or kill any manatee; or possess, literally or constructively, any manatee or any part of any manatee.

(e) Any gun, net, trap, spear, harpoon, boat of any kind, aircraft, automobile of any kind, other motorized vehicle, chemical, explosive,

electrical equipment, scuba or other subaquatic gear, or other instrument, device, or apparatus of any kind or description used in violation of any provision of paragraph (d) may be forfeited upon conviction. The foregoing provisions relating to seizure and forfeiture of vehicles, vessels, equipment, or supplies do not apply when such vehicles, vessels, equipment, or supplies are owned by, or titled in the name of, innocent parties; and such provisions shall not vitiate any valid lien, retain title contract, or chattel mortgage on such vehicles, vessels, equipment, or supplies if such lien, retain title contract, or chattel mortgage is property of public record at the time of the seizure.

(f)1. Except for emergency rules adopted under s. 120.54, all proposed rules of the commission for which a notice of intended agency action is filed proposing to govern the speed and operation of motorboats for purposes of manatee protection shall be submitted to the counties in which the proposed rules will take effect for review by local rule review committees.

2. No less than 60 days prior to filing a notice of rule development in the Florida Administrative Weekly, as provided in s. 120.54(3)(a), the commission shall notify the counties for which a rule to regulate the speed and operation of motorboats for the protection of manatees is proposed. A county so notified shall establish a rule review committee or several counties may combine rule review committees.

3. The county commission of each county in which a rule to regulate the speed and operation of motorboats for the protection of manatees is proposed shall designate a rule review committee. The designated voting membership of the rule review committee must be comprised of waterway users, such as fishers, boaters, water skiers, other waterway users, as compared to the number of manatee and other environmental advocates. A county commission may designate an existing advisory group as the rule review committee. With regard to each committee, fifty percent of the voting members shall be manatee advocates and other environmental advocates, and fifty percent of the voting members shall be waterway users.

4. The county shall invite other state, federal, county, municipal, or local agency representatives to participate as nonvoting members of the local rule review committee.

5. The county shall provide logistical and administrative staff support to the local rule review committee and may request technical assistance from commission staff.

6. Each local rule review committee shall elect a chair and recording secretary from among its voting members.

7. Commission staff shall submit the proposed rule and supporting data used to develop the rule to the local rule review committees.

8. The local rule review committees shall have 60 days from the date of receipt of the proposed rule to submit a written report to commission members and staff. The local rule review committees may use supporting data supplied by the commission, as well as public testimony which may be collected by the committee, to develop the written report. The report may contain recommended changes to proposed manatee protection zones or speed zones, including a recommendation that no rule be adopted, if that is the decision of the committee.

9. Prior to filing a notice of proposed rulemaking in the Florida Administrative Weekly as provided in s. 120.54(3)(a), the commission staff shall provide a written response to the local rule review committee reports to the appropriate counties, to the commission members, and to the public upon request.

10. In conducting a review of the proposed manatee protection rule, the local rule review committees may address such factors as whether the best available scientific information supports the proposed rule, whether seasonal zones are warranted, and such other factors as may be necessary to balance manatee protection and public access to and use of the waters being regulated under the proposed rule.

11. The written reports submitted by the local rule review committees shall contain a majority opinion. If the majority opinion is not unanimous, a minority opinion shall also be included.

12. The members of the commission shall fully consider any timely submitted written report submitted by a local rule review committee prior

to authorizing commission staff to move forward with proposed rulemaking and shall fully consider any timely submitted subsequent reports of the committee prior to adoption of a final rule. The written reports of the local rule review committees and the written responses of the commission staff shall be part of the rulemaking record and may be submitted as evidence regarding the committee's recommendations in any proceeding relating to a rule proposed or adopted pursuant to this subsection.

13. The commission is relieved of any obligations regarding the local rule review committee process created in this paragraph if a timely noticed county commission fails to timely designate the required rule review committee.

(h)(g) The Fish and Wildlife Conservation Commission shall adopt rules pursuant to chapter 120 regulating the operation and speed of motorboat traffic only where manatee sightings are frequent and *the best available scientific information, as well as other available, relevant, and reliable information, which may include but is not limited to, manatee surveys, observations, available studies of food sources, and water depths, supports the conclusion that manatees it can be generally assumed that they inhabit these areas on a regular or continuous basis* within that portion of the Indian River between the St. Lucie Inlet in Martin County and the Jupiter Inlet in Palm Beach County and. In addition, the commission shall adopt rules pursuant to chapter 120 regulating the operation and speed of motorboat traffic only where manatee sightings are frequent and it can be generally assumed that they inhabit these areas on a regular or continuous basis within the Loxahatchee River in Palm Beach and Martin Counties, including the north and southwest forks thereof. A limited lane or corridor providing for reasonable motorboat speeds may be identified and designated within this area.

(i)(h) The commission shall adopt rules pursuant to chapter 120 regulating the operation and speed of motorboat traffic only where manatee sightings are frequent and *the best available scientific information, as well as other available, relevant, and reliable information, which may include but is not limited to, manatee surveys, observations, available studies of food sources, and water depths, supports the conclusion that manatees it can be generally assumed that they inhabit these areas on a regular or continuous basis* within the Withlacoochee River and its tributaries in Citrus and Levy Counties. The specific areas to be regulated include the Withlacoochee River and the U.S. 19 bridge westward to a line between U.S. Coast Guard markers number 33 and number 34 at the mouth of the river, including all side channels and coves along that portion of the river; Bennets' Creek from its beginning to its confluence with the Withlacoochee River; Bird's Creek from its beginning to its confluence with the Withlacoochee River; and the two dredged canal systems on the north side of the Withlacoochee River southwest of Yankeetown. A limited lane or corridor providing for reasonable motorboat speeds may be identified and designated within this area.

(j)(i) If any new power plant is constructed or other source of warm water discharge is discovered within the state which attracts a concentration of manatees or sea cows, the Fish and Wildlife Conservation commission is directed to adopt rules pursuant to chapter 120 regulating the operation and speed of motorboat traffic within the area of such discharge. Such rules shall designate a zone which is sufficient in size, and which shall remain in effect for a sufficient period of time, to protect the manatees or sea cows.

(k)(j) It is the intent of the Legislature through adoption of this paragraph to allow the Fish and Wildlife Conservation Commission to post and regulate boat speeds only where *the best available scientific information, as well as other available, relevant, and reliable information, which may include but is not limited to, manatee surveys, observations, available studies of food sources, and water depth, supports the conclusion that manatees manatee sightings are frequent and it can be generally assumed that they inhabit these areas on a periodic regular or continuous basis*. It is not the intent of the Legislature to permit the commission to post and regulate boat speeds generally throughout the waters of the state in the above described inlets, bays, rivers, creeks, thereby unduly interfering with the rights of fishers, boaters, and water skiers using the areas for recreational and commercial purposes. The Legislature further intends that the commission may identify and designate limited lanes or corridors providing for reasonable motorboat speeds within waters of the state whenever such lanes and corridors are consistent with manatee protection may be identified and designated within these areas.

(l)(k) The commission shall adopt rules pursuant to chapter 120 regulating the operation and speed of motorboat traffic all year around within Turkey Creek and its tributaries and within Manatee Cove in Brevard County. The specific areas to be regulated consist of:

1. A body of water which starts at Melbourne-Tillman Drainage District structure MS-1, section 35, township 28 south, range 37 east, running east to include all natural waters and tributaries of Turkey Creek, section 26, township 28 south, range 37 east, to the confluence of Turkey Creek and the Indian River, section 24, township 28 south, range 37 east, including all lagoon waters of the Indian River bordered on the west by Palm Bay Point, the north by Castaway Point, the east by the four immediate spoil islands, and the south by Cape Malabar, thence northward along the shoreline of the Indian River to Palm Bay Point.

2. A triangle-shaped body of water forming a cove (commonly referred to as Manatee Cove) on the east side of the Banana River, with northern boundaries beginning and running parallel to the east-west cement bulkhead located 870 feet south of SR 520 Relief Bridge in Cocoa Beach and with western boundaries running in line with the City of Cocoa Beach channel markers 121 and 127 and all waters east of these boundaries in section 34, township 24 south, range 37 east; the center coordinates of this cove are 28°20'14" north, 80°35'17" west.

(m)(l) The commission shall promulgate regulations pursuant to chapter 120 relating to the operation and speed of motor boat traffic in port waters with due regard to the safety requirements of such traffic and the navigational hazards related to the movement of commercial vessels.

(n)(m) The commission may designate by rule adopted pursuant to chapter 120 other portions of state waters where manatees are frequently sighted and *the best available scientific information, as well as other available, relevant, and reliable information, which may include but is not limited to, manatee surveys, observations, available studies of food sources, and water depths, supports the conclusion that it can be assumed that manatees inhabit such waters periodically or continuously*. Upon designation of such waters, the commission shall adopt rules pursuant to chapter 120 to regulate motorboat speed and operation which are necessary to protect manatees from harmful collisions with motorboats and from harassment. The commission may adopt rules pursuant to chapter 120 to protect manatee habitat, such as seagrass beds, within such waters from destruction by boats or other human activity. Such rules shall not protect noxious aquatic plants subject to control under s. 369.20.

(o)(n) The commission may designate, by rule adopted pursuant to chapter 120, limited areas as a safe haven for manatees to rest, feed, reproduce, give birth, or nurse undisturbed by human activity. Access by motor boat to private residences, boat houses, and boat docks through these areas by residents, and their authorized guests, who must cross one of these areas to have water access to their property is permitted when the motorboat is operated at idle speed, no wake.

(p)(o) Except in the marked navigation channel of the Florida Intracoastal Waterway as defined in s. 327.02 and the area within 100 feet of such channel, a local government may regulate, by ordinance, motorboat speed and operation on waters within its jurisdiction *where the best available scientific information, as well as other available, relevant, and reliable information, which may include but is not limited to, manatee surveys, observations, available studies of food sources, and water depths, supports the conclusion that manatees inhabit these areas on a regular basis where manatees are frequently sighted and can be generally assumed to inhabit periodically or continuously*. However, such an ordinance may not take effect until it has been reviewed and approved by the commission. If the commission and a local government disagree on the provisions of an ordinance, a local manatee protection committee must be formed to review the technical data of the commission and the United States Fish and Wildlife Service, and to resolve conflicts regarding the ordinance. The manatee protection committee must be comprised of:

1. A representative of the commission;
2. A representative of the county;
3. A representative of the United States Fish and Wildlife Service;

4. A representative of a local marine-related business;
5. A representative of the Save the Manatee Club;
6. A local fisher;
7. An affected property owner; and
8. A representative of the Florida Marine Patrol.

If local and state regulations are established for the same area, the more restrictive regulation shall prevail.

(g)(~~h~~) The commission shall evaluate the need for use of fenders to prevent crushing of manatees between vessels (100' or larger) and bulkheads or wharves in counties where manatees have been crushed by such vessels. For areas in counties where evidence indicates that manatees have been crushed between vessels and bulkheads or wharves, the commission shall:

1. Adopt rules pursuant to chapter 120 requiring use of fenders for construction of future bulkheads or wharves; and
2. Implement a plan and time schedule to require retrofitting of existing bulkheads or wharves consistent with port bulkhead or wharf repair or replacement schedules.

The fenders shall provide sufficient standoff from the bulkhead or wharf under maximum operational compression to ensure that manatees cannot be crushed between the vessel and the bulkhead or wharf.

(r)(~~q~~) Any violation of a restricted area established by this subsection, or established by rule pursuant to chapter 120 or ordinance pursuant to this subsection, shall be considered a violation of the boating laws of this state and shall be charged on a uniform boating citation as provided in s. 327.74, except as otherwise provided in paragraph (s). Any person who refuses to post a bond or accept and sign a uniform boating citation shall, as provided in s. 327.73(3), be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(s)(~~r~~) Except as otherwise provided in this paragraph, any person violating the provisions of this subsection or any rule or ordinance adopted pursuant to this subsection shall be guilty of a misdemeanor, punishable as provided in s. 370.021(1)(a) or (b).

1. Any person operating a vessel in excess of a posted speed limit shall be guilty of a civil infraction, punishable as provided in s. 327.73, except as provided in subparagraph 2.

2. This paragraph does not apply to persons violating restrictions governing "No Entry" zones or "Motorboat Prohibited" zones, who, if convicted, shall be guilty of a misdemeanor, punishable as provided in s. 370.021(1)(a) or (b), or, if such violation demonstrates blatant or willful action, may be found guilty of harassment as described in paragraph (d).

(t)1. *In order to protect manatees and manatee habitat, the counties identified in the Governor and Cabinet's October 1989 Policy Directive shall develop manatee protection plans consistent with commission criteria based upon "Schedule K" of the directive, and shall submit such protection plans for review and approval by the commission. Any manatee protection plans not submitted by July 1, 2004 and any plans not subsequently approved by the commission shall be addressed pursuant to subparagraph 2.*

2. *No later than January 1, 2005, the Fish and Wildlife Conservation Commission shall designate any county it has identified as a substantial risk county for manatee mortality as a county that must complete a manatee protection plan by July 1, 2006. The commission is authorized to adopt rules pursuant to s. 120.54 for identifying substantial risk counties and establishing criteria for approval of manatee protection plans for counties so identified. Manatee protection plans shall include the following elements at a minimum: education about manatees and manatee habitat; boater education; an assessment of the need for new or revised manatee protection speed zones; local law enforcement; and a boat facility siting plan to address expansion of existing and the development of new marinas, boat ramps, and other multislip boating facilities.*

3. *Counties required to adopt manatee protection plans under this paragraph shall incorporate the boating facility siting element of those protection plans within their respective comprehensive plans.*

4. *Counties that have already adopted approved manatee protection plans, or that adopt subsequently approved manatee protection plans by the effective date of this act, are in compliance with the provisions of this paragraph so long as they incorporate their approved Boat Facility Siting Plan into the appropriate element of their local Comprehensive Plan no later than July 1, 2003.*

Section 17. Subsection (6) is added to section 372.072, Florida Statutes, to read:

372.072 Endangered and Threatened Species Act.—

(6) **MEASURABLE BIOLOGICAL GOALS.**—*No later than February 15, 2003, the commission, working in conjunction with the United States Fish and Wildlife Service, shall develop measurable biological goals that define manatee recovery. These measurable biological goals shall be used by the commission in its development of management plans or work plans. In addition to other criteria, these measurable biological goals shall be used by the commission when evaluating existing and proposed protection rules, and in determining progress in achieving manatee recovery.*

Section 18. Subsection (2) of section 327.41, Florida Statutes, is amended to read:

327.41 Uniform waterway regulatory markers.—

(2) Any county or municipality which has been granted a restricted area designation, pursuant to s. 327.46, for a portion of the Florida Intracoastal Waterway within its jurisdiction or which has adopted a restricted area by ordinance pursuant to s. 327.22, s. 327.60, or s. 370.12(2)(p) ~~s. 370.12(2)(e)~~, or any other governmental entity which has legally established a restricted area, may apply to the commission for permission to place regulatory markers within the restricted area.

Section 19. *It is the intent of the Legislature that the commission request the necessary funding and staffing through a general revenue budget request to ensure that manatees receive the maximum protection possible. The Legislature recognizes that strong manatee protection depends upon consistently achieving a high degree of compliance with existing and future rules. The commission shall conduct standardized studies to determine levels of public compliance with manatee protection rules, and shall use the results of the studies, together with other relevant information, to develop and implement strategic law enforcement initiatives and boater education plans. Drawing upon information obtained from the compliance studies and the implementation of enforcement initiatives together with boater education plans, the commission shall identify any impediments in consistently achieving high levels of compliance, and adjust their enforcement and boater education efforts accordingly.*

Section 20. *The Legislature intends that the provisions of this act may not be retroactively applied to manatee protection rules existing or in the process of being adopted on the effective date of this act unless the Fish and Wildlife Conservation Commission proposes to amend or revise such rules after this act takes effect. Proposed rules that are currently subject to an administrative challenge pending as of February 12, 2002, are not subject to the provisions of this act unless a court or administrative hearing officer finds such proposed rule to be invalid and all appeals have been exhausted. Once such rules become final, any revisions or amendments of such rules shall be conducted pursuant to the provisions of this act.*

(Redesignate subsequent sections.)

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 1 of Article VIII of the State Constitution is agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

ARTICLE VIII LOCAL GOVERNMENT

SECTION 1. Counties.—

(a) **POLITICAL SUBDIVISIONS.** The state shall be divided by law into political subdivisions called counties. Counties may be created, abolished or changed by law, with provision for payment or apportionment of the public debt.

(b) **COUNTY FUNDS.** The care, custody and method of disbursing county funds shall be provided by general law.

(c) **GOVERNMENT.** Pursuant to general or special law, a county government may be established by charter which shall be adopted,

amended or repealed only upon vote of the electors of the county in a special election called for that purpose.

(d) **COUNTY OFFICERS.** There shall be elected by the electors of each county, for terms of four years, a sheriff, a tax collector, a property appraiser, a supervisor of elections, and a clerk of the circuit court; except, when provided by county charter or special law approved by vote of the electors of the county, any county officer, *other than the supervisor of elections*, may be chosen in another manner therein specified, or any county office may be abolished when all the duties of the office prescribed by general law are transferred to another office. *The supervisor of elections in each county, including counties referred to in section 6 of this article, shall be elected in a nonpartisan election.* When not otherwise provided by county charter or special law approved by vote of the electors, the clerk of the circuit court shall be ex officio clerk of the board of county commissioners, auditor, recorder and custodian of all county funds.

(e) **COMMISSIONERS.** Except when otherwise provided by county charter, the governing body of each county shall be a board of county commissioners composed of five or seven members serving staggered terms of four years. One commissioner residing in each district shall be elected as provided by law.

(f) **NON-CHARTER GOVERNMENT.** Counties not operating under county charters shall have such power of self-government as is provided by general or special law. The board of county commissioners of a county not operating under a charter may enact, in a manner prescribed by general law, county ordinances not inconsistent with general or special law, but an ordinance in conflict with a municipal ordinance shall not be effective within the municipality to the extent of such conflict.

(g) **CHARTER GOVERNMENT.** Counties operating under county charters shall have all powers of local self-government not inconsistent with general law, or with special law approved by vote of the electors. The governing body of a county operating under a charter may enact county ordinances not inconsistent with general law. The charter shall provide which shall prevail in the event of conflict between county and municipal ordinances.

(h) **TAXES; LIMITATION.** Property situate within municipalities shall not be subject to taxation for services rendered by the county exclusively for the benefit of the property or residents in unincorporated areas.

(i) **COUNTY ORDINANCES.** Each county ordinance shall be filed with the custodian of state records and shall become effective at such time thereafter as is provided by general law.

(j) **VIOLATION OF ORDINANCES.** Persons violating county ordinances shall be prosecuted and punished as provided by law.

(k) **COUNTY SEAT.** In every county there shall be a county seat at which shall be located the principal offices and permanent records of all county officers. The county seat may not be moved except as provided by general law. Branch offices for the conduct of county business may be established elsewhere in the county by resolution of the governing body of the county in the manner prescribed by law. No instrument shall be deemed recorded until filed at the county seat, or a branch office designated by the governing body of the county for the recording of instruments, according to law.

CS for SB 1822—A bill to be entitled An act relating to insurance guaranty associations; amending s. 631.904, F.S.; redefining the term “covered claim”; defining the term “net direct written premiums”; amending s. 631.913, F.S.; revising powers and duties of the corporation with respect to payments to a claimant; amending s. 631.929, F.S.; providing certain limitations with respect to the election of remedies; providing an effective date.

—was read the second time by title.

Senator Holzendorf moved the following amendment:

Amendment 1 (145300)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Paragraph (c) of subsection (2) of section 215.555, Florida Statutes, is amended to read:

215.555 Florida Hurricane Catastrophe Fund.—

(2) **DEFINITIONS.**—As used in this section:

(c) “Covered policy” means any insurance policy covering residential property in this state, including, but not limited to, any homeowner’s, mobile home owner’s, farm owner’s, condominium association, condominium unit owner’s, tenant’s, or apartment building policy, or any other policy covering a residential structure or its contents issued by any authorized insurer, including any joint underwriting association or similar entity created pursuant to law. *The term “covered policy” includes any collateral protection insurance policy covering personal residences which protects both the borrower’s and the lender’s financial interests, in an amount at least equal to the coverage for the dwelling in place under the lapsed homeowner’s policy, if such policy can be accurately reported as required in subsection (5).* Additionally, covered policies include policies covering the peril of wind removed from the Florida Residential Property and Casualty Joint Underwriting Association, created pursuant to s. 627.351(6), or from the Florida Windstorm Underwriting Association, created pursuant to s. 627.351(2), by an authorized insurer under the terms and conditions of an executed assumption agreement between the authorized insurer and either such association. Each assumption agreement between either association and such authorized insurer must be approved by the Florida Department of Insurance prior to the effective date of the assumption, and the Department of Insurance must provide written notification to the board within 15 working days after such approval. “Covered policy” does not include any policy that excludes wind coverage or hurricane coverage or any reinsurance agreement and does not include any policy otherwise meeting this definition which is issued by a surplus lines insurer or a reinsurer.

Section 2. Subsection (2) of section 631.904, Florida Statutes, is amended to read:

631.904 Definitions.—As used in this part, the term:

(2) “Covered claim” means an unpaid claim, including a claim for return of unearned premiums, which arises out of, is within the coverage of, and is not in excess of the applicable limits of, an insurance policy to which this part applies, which policy was issued by an insurer and which claim is made on behalf of a claimant or insured who was a resident of this state at the time of the injury. The term “covered claim” does not include *any amount sought as a return of premium under any retrospective rating plan; any amount due any reinsurer, insurer, insurance pool, or underwriting association, as subrogation recoveries or otherwise; or any return of premium resulting from a policy that was not in force on the date of the final order of liquidation.* Member insurers have no right of subrogation against the insured of any insolvent insurer. This provision shall be applied retroactively to cover claims of an insolvent self-insurance fund resulting from accidents or losses incurred prior to January 1, 1994, regardless of the date the Department of Insurance filed a petition in circuit court alleging insolvency and the date the court entered an order appointing a receiver.

Section 3. Effective upon becoming a law and operating retroactively to January 1, 2002, subsection (5) is added to section 625.041, Florida Statutes, to read:

625.041 Liabilities, in general.—In any determination of the financial condition of an insurer, liabilities to be charged against its assets shall include:

(5) *Any insurer in this state which writes workers’ compensation insurance shall accrue a liability on its financial statements for all Special Disability Trust Fund assessments that are due within the current calendar year. In addition, such insurers shall also disclose in the notes to the financial statements required to be filed pursuant to s. 624.424 an estimate of future Special Disability Trust Fund assessments, if such assessments are likely to occur and can be estimated with reasonable certainty.*

Section 4. Subsection (15) of section 641.35, Florida Statutes, is amended to read:

641.35 Assets, liabilities, and investments.—

(15) ~~SPECIAL CONSENT INVESTMENT OF EXCESS FUNDS.~~—

(a) *After satisfying the requirements of this part, any funds of a health maintenance organization in excess of its statutorily required reserves and surplus may be invested:*

1. *Without limitation in any investments otherwise authorized by this part; or*

2. *In such other investments not specifically authorized by this part provided such investments do not exceed the lesser 5 percent of the health maintenance organization’s admitted assets or 25 percent of the amount by which a health maintenance organization’s surplus exceeds its statutorily required minimum surplus. A health maintenance organization may exceed the limitations of this subparagraph only with the prior written approval of the department.*

(b) *Nothing in this subsection authorizes a health maintenance organization to:*

1. *Invest any funds in excess of the amount by which its actual surplus exceeds its statutorily required minimum surplus; or*

2. *Make any investment prohibited by this code* ~~Any investment of the health maintenance organization’s funds not enumerated in this part requires the prior approval of the department.~~

Section 5. Section 624.4072, Florida Statutes, is amended to read:

624.4072 Minority-owned property and casualty insurers; limited exemption for taxation and assessments.—

(1) A minority business that is at least 51 percent owned by minority persons, as defined in s. 288.703(3), initially issued a certificate of authority in this state as an authorized insurer after May 1, 1998, *and before January 1, 2002*, to write property and casualty insurance shall be exempt, for a period not to exceed 10 5 years from the date of receiving its certificate of authority, from the following taxes and assessments:

(a) Taxes imposed under ss. 175.101, 185.08, and 624.509;

(b) Assessments by the Florida Residential Property and Casualty Joint Underwriting Association or by the Florida Windstorm Underwriting Association, as provided under s. 627.351, except for emergency assessments collected from policyholders pursuant to s. 627.351(2)(b)2.d.(III) and (6)(b)3.d. Any such insurer shall be a member insurer of the Florida Windstorm Underwriting Association and the Florida Residential Property and Casualty Joint Underwriting Association. The premiums of such insurer shall be included in determining, for the Florida Windstorm Underwriting Association, the aggregate statewide direct written premium for property insurance and in determining, for the Florida Residential Property and Casualty Joint Underwriting Association, the aggregate statewide direct written premium for the subject lines of business for all member insurers.

(2) Subsection (1) applies only to personal lines and commercial lines residential property insurance policies as defined in s. 627.4025, and applies only to an insurer that has employees in this state and has a home office or a regional office in this state. With respect to any tax year or assessment year, the exemptions provided by subsection (1) apply only if during the year an average of at least 10 percent of the insurer’s Florida residential property policies in force covered properties located in enterprise zones designated pursuant to s. 290.0065.

(3) The provision of the definition of “minority person” in s. 288.703(3) that requires residency in Florida shall not apply to the term “minority person” as used in this section or s. 627.3511.

(4) This section is repealed effective *December 31, 2010* ~~July 1, 2003~~, and the tax and assessment exemptions authorized by this section shall terminate on such date.

Section 6. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2002.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to insurance; amending s. 215.555, F.S.; redefining the term "covered policy"; amending s. 631.904, F.S.; redefining the term "covered claim"; amending s. 625.041, F.S.; revising the liabilities that a workers' compensation insurer must include on its financial statements; providing retroactive application; amending s. 641.35, F.S.; authorizing investment of funds of a health maintenance organization in excess of certain reserves and surplus under certain circumstances; providing a limitation; amending s. 624.4072, F.S.; extending the term of the exemption from taxes and assessments on minority-owned property and casualty insurers; postponing the scheduled repeal of the law; providing effective dates.

Senator Garcia moved the following amendment to **Amendment 1** which was adopted:

Amendment 1A (234370)(with title amendment)—On page 6, between lines 6 and 7, insert:

Section 6. Effective July 1, 2002, and contingent upon SB 1418 becoming a law, paragraph (k) of subsection (6) of section 627.351, Florida Statutes, is amended and paragraph (p) is added to that subsection, to read:

(6) ~~CITIZENS RESIDENTIAL PROPERTY INSURANCE CORPORATION AND CASUALTY JOINT UNDERWRITING ASSOCIATION.~~—

(k) Upon a determination by the ~~department board of governors~~ that the conditions giving rise to the establishment and activation of the ~~corporation association~~ no longer exist, ~~and upon the consent thereto by order of the department~~, the ~~corporation association~~ is dissolved. Upon dissolution, the assets of the association shall be applied first to pay all debts, liabilities, and obligations of the ~~corporation association~~, including the establishment of reasonable reserves for any contingent liabilities or obligations, and all remaining assets of the ~~corporation association~~ shall become property of the state and deposited in the Florida Hurricane Catastrophe Fund. *However, no dissolution shall take effect as long as the corporation has bonds or other financial obligations outstanding unless adequate provision has been made for the payment of the bonds or other financial obligations pursuant to the documents authorizing the issuance of the bonds or other financial obligations.*

(p) *In enacting the provisions of this section, the Legislature recognizes that both the Florida Windstorm Underwriting Association and the Residential Property and Casualty Joint Underwriting Association have entered into financing arrangements that obligate each entity to service its debts and maintain the capacity to repay funds secured under these financing arrangements. It is the intent of the Legislature that nothing in this section be construed to compromise, diminish, or interfere with the rights of creditors under such financing arrangements. It is further the intent of the Legislature to preserve the obligations of the Florida Windstorm Underwriting Association and Residential Property and Casualty Joint Underwriting Association with regard to outstanding financing arrangements, with such obligations passing entirely and unchanged to the corporation and, specifically, to the applicable account of the corporation. So long as any bonds, notes, indebtedness, or other financing obligations of the Florida Windstorm Underwriting Association or the Residential Property and Casualty Joint Underwriting Association are outstanding, under the terms of the financing documents pertaining to them, the governing board of the corporation shall have and shall exercise the authority to levy, charge, collect, and receive all premiums, assessments, surcharges, charges, revenues and receipts that the associations had authority to levy, charge, collect, or receive under the provisions of subsection (2) and subsection (6), respectively, as they existed on January 1, 2002, to provide moneys, without exercise of the authority provided by this subsection, in at least the amounts, and by the times, as would be provided under those former provisions of subsection (2) or subsection (6), respectively, so that the value, amount, and collectability of any assets, revenues, or revenue source pledged or committed to, or any lien thereon*

securing such outstanding bonds, notes, indebtedness, or other financing obligations will not be diminished, impaired, or adversely affected by the amendments made by this act and to permit compliance with all provisions of financing documents pertaining to such bonds, notes, indebtedness, or other financing obligations, or the security or credit enhancement for them, and any reference in this subsection to bonds, notes, indebtedness, financing obligations, or similar obligations, of the corporation shall include like instruments or contracts of the Florida Windstorm Underwriting Association and the Residential Property and Casualty Joint Underwriting Association to the extent not inconsistent with the provisions of the financing documents pertaining to them.

Section 7. *The amendments to section 627.351, Florida Statutes, in this act prevail over any conflicting amendments to that section contained in SB 1418.*

(Redesignate subsequent sections.)

And the title is amended as follows:

On page 7, line 1, after the semicolon (;) insert: amending s. 627.351, F.S.; revising provisions governing financing arrangements and dissolutions; providing legislative intent;
