Vacancy in Office: Senator Nancy Argenziano, who represented Senate District 3, resigned from office May 2, 2007, after accepting the Governor’s appointment to the Public Service Commission. A Special General election will be held June 26, 2007 to fill the vacancy.

PRAYER

The following prayer was offered by Pastor Mike Newman, Riverside Primitive Baptist Church, Jacksonville:

Mr. President, distinguished guests, senators, visitors in the galley, let us pray together.

Almighty God, our maker, our sustainer, we come before you today on this “National Day of Prayer” as we do daily, asking you for your blessings that we may be the recipients of your guidance, love, mercy and grace, and to ask your forgiveness as we fail thee and one another.

Lord, bless our President and the leaders of our land, that we may be a people at peace among ourselves and a blessing to other nations of the earth. *Lord, keep this nation under your care.*

To all who have executive authority and to all who have administrative authority, grant wisdom and grace in the exercise of their duties. *Give grace to your servants, O Lord.*

To those who make our laws give courage, wisdom, and foresight to provide for the needs of all our people. *Give grace to your servants, O Lord.*

To the officers of our courts give understanding and integrity, that human rights may be safeguarded and justice served. *Give grace to your servants, O Lord.*

Help us never to ridicule the time-honored values of our forefathers. Search us, O God, and know our hearts today.

Father, we ask that you intercede with wisdom and guidance on behalf of our Governor and his Cabinet, the judicial and executive branches, and all of our governmental agencies.

Remember, O God, our men and women who wear the uniform of a great and free nation and who stand upon the soil of this country and abroad defending our freedom. Bless them and their families who also make a great sacrifice.

We are truly grateful for all of our public servants. Now we pray for these Senators and for their deliberations, not only for today, but also for each opportunity of their work for this great State of Florida. Grant that they will always be open to thy guidance.

I pray, O Father, that they may remember the words of Nehemiah’s writings as they tell of his great love for his homeland. Thus, with a tremendous love for the people and the land of his people, he assembled the workers for the task that was before them and in fifty-two days the work was accomplished. *Nehemiah said, “So built we the wall; and all the wall was joined together unto the half thereof: for the people had a mind to work.”* Give our leaders vision, O Lord, for as the writer of Proverbs said, *“Where there is no vision, the people perish. . . .”*

We beseech thee, teach thy people to rely on your strength and to accept their responsibilities to their fellow citizens. Thank you for those who make the sacrifice to serve us. Reward them with the joy of servant-hood.

Search us, O God, and know our hearts today; cleanse us from every sin and set us free so that we can honor your holy name.

For yours is the kingdom, O Lord, and you are exalted as head above all. Amen.

PLEDGE

Senate Pages Amanda K. Lynn of Lynn Haven; John E. Webster, son of Senator Webster of Orlando; Arianna Knox of Quincy; and Christine Kessler of Tallahassee, led the Senate in the pledge of allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

The President recognized Dr. Dennis Saver of Vero Beach, sponsored by Senator Haridopolos, as doctor of the day. Dr. Saver specializes in Family Practice.

ADOPTION OF RESOLUTIONS

On motion by Senator Webster—

By Senator Webster—

SR 3084—A resolution recognizing the first day of Hurricane Season, June 1, 2007, as a day of prayer.

WHEREAS, throughout our history, our Nation has turned to prayer for strength and guidance in times of challenge and uncertainty, and

WHEREAS, past presidents, including Presidents George Washington, Abraham Lincoln, and others, have called for a day of prayer at times of crisis and disaster, and

WHEREAS, our first President wrote in 1790, “May the father of all mercies scatter light and not darkness in our paths ...” as we face the challenges of our times, God’s purpose continues to guide us, and we continue to trust in the goodness of His plans, and

WHEREAS, we have been warned by leading hurricane forecasters of the likelihood of a very active hurricane season, and

WHEREAS, our preparations can protect against hurricanes but cannot influence the strength or frequency with which they occur, and

WHEREAS, in addition to these preparations, the residents of this state are in need of protection, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That in recognition of the first day of Hurricane Season, June 1, 2007, the Senate calls upon the residents of this state to pray that God would have mercy on our state and protect us from harm.

—was introduced out of order and read by title. On motion by Senator Webster, **SR 3084** was read the second time in full and adopted.

At the request of Senator Joyner—

By Senator Joyner—

SR 2958—A resolution commending the Tampa Educational Cable Consortium and The Education Channel and recognizing October 1, 2007, as “Tampa Education Cable Consortium Day” in the State of Florida.

WHEREAS, Tampa Educational Cable Consortium, a nonprofit organization, and its service, The Education Channel, support the community through a variety of award-winning educational and thought-provoking local, national, and international television programs, and

WHEREAS, the Tampa Educational Cable Consortium (TECC) was incorporated as a nonprofit organization in this state on October 1, 1987, and

WHEREAS, TECC and The Education Channel were nationally recognized and awarded the Overall Excellence in Educational Access Award for the past 3 consecutive years, and

WHEREAS, this national award has been bestowed on TECC seven times since 1996 and is among the more than 100 programming awards that The Education Channel has received for producing educational television shows of interest to the Hillsborough County community, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Florida Senate congratulates the Tampa Educational Cable Consortium on the occasion of its 20th anniversary, commends it for achieving national stature in serving the countless, diverse educational needs of the residents of Hillsborough County and this state, and recognizes October 1, 2007, as “Tampa Education Cable Consortium Day” in the State of Florida.

BE IT FURTHER RESOLVED that a copy of this resolution, with the Seal of the Senate affixed, be presented to the Tampa Educational Cable Consortium as a tangible token of the sentiments of the Florida Senate.

—**SR 2958** was introduced, read and adopted by publication.

At the request of Senator Hill—

By Senator Hill—

SR 2972—A resolution recognizing April 28, 2007, as “Workers’ Memorial Day” in Florida.

WHEREAS, 35 years ago Congress passed the Occupational Safety and Health Act, promising every American worker the right to a safe job, and

WHEREAS, unions and their allies have fought hard to make that promise a reality, winning protections that have saved hundreds of thousands of lives and prevented millions of workplace injuries, and

WHEREAS, the toll of workplace injuries, illnesses, and death nonetheless remains enormous, with 60,000 American workers dying from job-related injuries each year and another 6 million workers injured on the job, and

WHEREAS, the unions of the AFL-CIO are committed to the continuing struggle to make workers’ safety a priority and to keep and create good jobs in America, for American workers, and

WHEREAS, America’s economy and the health and vigor of American society depend on the availability of decent jobs for American workers and on the safety of those jobs, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That April 28, 2007, is recognized as “Workers’ Memorial Day” in the State of Florida in honor of the many American workers who have suffered injury and death on the job, and in recognition of the work of the unions of the AFL-CIO to protect the safety of American workers and to secure the availability of decent jobs for Americans.

—**SR 2972** was introduced, read and adopted by publication.

At the request of Senator Hill—

By Senator Hill—

SR 3000—A resolution commending highly qualified teachers and education professionals on their efforts to fulfill the promise of public education and prepare every child in Florida for success.

WHEREAS, highest commendations are hereby extended to the highly qualified teachers and education professionals of Florida for their commitment to students and learning as well as for their efforts to fulfill the missions of public education, and

WHEREAS, public education is a cornerstone of our democracy, and

WHEREAS, public education’s core missions include preparing students for democratic citizenship, ensuring equal opportunity, and providing a high-quality education for all children, and

WHEREAS, the Florida Constitution supports these missions by requiring a uniform, safe, secure, and high-quality system of public schools, and

WHEREAS, Florida public schools are expected to fulfill the missions of public education, and

WHEREAS, well-prepared, highly qualified teachers provide students with the skills they need to become involved, informed, and engaged citizens, and prepare students for productive work and fulfilling lives, and

WHEREAS, research shows that teacher quality is the single most important school variable affecting student achievement and success, and

WHEREAS, education professionals are the backbone of Florida public schools and an indispensable part of the school community, taking care of our children every day and providing them with the tools they need to succeed in Florida’s schools and classrooms, and

WHEREAS, research shows education professionals directly affect student learning, and

WHEREAS, supporting and encouraging highly qualified teachers and education professionals is an important investment for our children, our neighborhood public schools, our communities, our state, and our collective future in the global marketplace, and

WHEREAS, it is both proper and fitting for the Senate to recognize Florida teachers and education professionals for their fundamental and vital work, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Florida Senate commends the accomplished teachers and education professionals of Florida on their commitment and dedication to public education and their efforts to improve student learning, raise achievement, and provide every student with a high-quality education.

—**SR 3000** was introduced, read and adopted by publication.

At the request of Senator Hill—

By Senator Hill—

SR 3002—A resolution commending the Habitat for Humanity of Jacksonville, Florida, for its service to the City of Jacksonville.

WHEREAS, in the spirit of providing affordable housing, nine visionaries in the Jacksonville community incorporated Habitat for Humanity of Jacksonville, Florida, better known as HabiJax, in 1988, and

WHEREAS, HabiJax is a community development program that involves local businesses, churches, and individuals who invest in the improvement of their community in Duval County, and its mission is to eliminate poverty and substandard housing conditions by working in cooperation with God’s people in need, without regard to race or religion, to create a better habitat in which to live and work, and

WHEREAS, since 1989, the inspiration and collaboration of many concerned Jacksonville residents have enabled HabiJax to build more than 1,400 homes which far surpasses any other local provider of affordable housing and any Habitat for Humanity affiliate in the country, and

WHEREAS, HabiJax has accomplished many milestones, such as the completion of 100 homes in 1994, the completion of 200 homes in 2000 during a Jimmy Carter Work Project that transformed a public housing site into the Fairway Oaks Community of 85 single-family homes in only 17 days, the celebration of the dedication of the 1,000th home in December 2002, and the building of 39 homes in honor of the City of Jacksonville serving as host to Super Bowl XXXIX in February, 2005, and

WHEREAS, in June, 2006, HabiJax partnered with the Northeast Florida Builders Association and 22 local member builders to complete 30 homes in McNair Park Villas in 7 days in recognition of HabiJax’s 30th anniversary, and

WHEREAS, in 2006 approximately 22 companies and organizations have partnered with HabiJax to build homes in the Jacksonville community with EverBank Financial Corp and Stein Mart, Inc., leading the way in numbers of homes sponsored, and

WHEREAS, support from HabiJax sponsors has helped build strong families, solid communities, and lasting partnerships wherein families have moved out of inadequate housing and into homes of their own which fosters a new sense of pride and independence, and

WHEREAS, building on faith, HabiJax and its partners will accomplish another milestone in 2007—the construction of the 1,500th house, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That Habitat for Humanity of Jacksonville, Florida, is commended for its outstanding accomplishments and devotion to its mission of providing affordable housing to those in need and eliminating poverty and substandard housing in Duval County for the past 19 years.

—**SR 3002** was introduced, read and adopted by publication.

At the request of Senator Webster—

By Senator Webster—

SR 3080—A resolution recognizing Samuel L. Brewer and Darrell Johnson, Sr., on their induction into the International Towing & Recovery 2006 Hall of Fame.

WHEREAS, Samuel L. Brewer of Sam’s Wrecker Service in Brooksville, Florida, and Darrell Johnson, Sr., of Johnson’s Wrecker Service, Inc., in Orlando, Florida, were two of nine individuals inducted this year into the International Towing & Recovery Hall of Fame in Chattanooga, Tennessee, and

WHEREAS, induction into the ITRHFM Hall of Fame recognizes an individual’s demonstrated years of dedication and hard work within the towing and recovery industry and his or her substantial contributions to the industry, and

WHEREAS, Samuel L. Brewer specializes in light and medium duty towing and has long been active in the Professional Wrecker Operators of Florida, serving as President of the organization for 6 years, as Chairman of its Legislative Committee for 8 years, and as a member of its executive board for 17 years, and

WHEREAS, currently Sam is also President of the Towing and Recovery Association of America, a trustee of the International Towing & Recovery Hall of Fame & Museum, and received the organization’s Citizen of the Year Award in 1998 and its Lifetime Leadership Award in 2003, and

WHEREAS, Darrell Johnson, Sr., holds certifications in light, medium, heavy, and ultra heavy duty towing through the Professional Wrecker Operators of Florida, was one of the founding members of that organization, and has worked to pass laws for the betterment of the towing and recovery industry, and

WHEREAS, his firm, Johnson’s Wrecker Service, Inc., specializes in law enforcement response and recovery work, and he is active as a sponsor of Little League teams and other organizations including The Russell Home, the American Cancer Society, Shops with Cops, Shriners, and Children’s Safety Village, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Senate recognizes and commends Samuel L. Brewer and Darrell Johnson, Sr., on their leadership, business success, public service, and induction into the International Towing & Recovery 2006 Hall of Fame.

BE IT FURTHER RESOLVED that copies of this resolution, with the Seal of the Senate affixed, be presented to Mr. Brewer and Mr. Johnson as a token of the sentiments of the Florida Senate.

MOTION

On motion by Senator Posey, the rules were waived to allow the following amendment to be considered:

Senator Posey moved the following amendment:

Amendment 1 (653900)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Paragraph (h) of subsection (7) of section 163.01, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, is amended to read:

163.01 Florida Interlocal Cooperation Act of 1969.—

(7)

(h)1. Notwithstanding the provisions of paragraph (c), any separate legal entity consisting of an alliance, as defined in s. 395.106(2)(a), created pursuant to this paragraph and controlled by and whose members consist of eligible entities comprised of special districts created pursuant to a special act and having the authority to own or operate one or more hospitals licensed in this state or hospitals licensed in this state that are owned, operated, or funded by a county or municipality, for the purpose of providing property insurance coverage as defined in s. 395.106(2)(b) s. ~~395.106(2)(e)~~, for such eligible entities, may exercise all powers under this subsection in connection with borrowing funds for such purposes, including, without limitation, the authorization, issuance, and sale of bonds, notes, or other obligations of indebtedness. Borrowed funds, including, but not limited to, bonds issued by such alliance shall be deemed issued on behalf of such eligible entities that enter into loan agreements with such separate legal entity as provided in this paragraph.

2. Any such separate legal entity shall have all the powers that are provided by the interlocal agreement under which the entity is created or that are necessary to finance, operate, or manage the alliance's property insurance coverage program. Proceeds of bonds, notes, or other obligations issued by such an entity may be loaned to any one or more eligible entities. Such eligible entities are authorized to enter into loan agreements with any separate legal entity created pursuant to this paragraph for the purpose of obtaining moneys with which to finance property insurance coverage or claims. Obligations of any eligible entity pursuant to a loan agreement as described in this paragraph may be validated as provided in chapter 75.

3. Any bonds, notes, or other obligations to be issued or incurred by a separate legal entity created pursuant to this paragraph shall be authorized by resolution of the governing body of such entity and bear the date or dates; mature at the time or times, not exceeding 30 years from their respective dates; bear interest at the rate or rates, which may be fixed or vary at such time or times and in accordance with a specified formula or method of determination; be payable at the time or times; be in the denomination; be in the form; carry the registration privileges; be executed in the manner; be payable from the sources and in the medium of payment and at the place; and be subject to redemption, including redemption prior to maturity, as the resolution may provide. The bonds, notes, or other obligations may be sold at public or private sale for such price as the governing body of the separate legal entity shall determine. The bonds may be secured by such credit enhancement, if any, as the governing body of the separate legal entity deems appropriate. The bonds may be secured by an indenture of trust or trust agreement. In addition, the governing body of the separate legal entity may delegate, to such officer or official of such entity as the governing body may select, the power to determine the time; manner of sale, public or private; maturities; rate or rates of interest, which may be fixed or may vary at such time or times and in accordance with a specified formula or method of determination; and other terms and conditions as may be deemed appropriate by the officer or official so designated by the governing body of such separate legal entity. However, the amounts and maturities of such bonds, the interest rate or rates, and the purchase price of such bonds shall be within the limits prescribed by the governing body of such

separate legal entity in its resolution delegating to such officer or official the power to authorize the issuance and sale of such bonds.

4. Bonds issued pursuant to this paragraph may be validated as provided in chapter 75. The complaint in any action to validate such bonds shall be filed only in the Circuit Court for Leon County. The notice required to be published by s. 75.06 shall be published in Leon County and in each county in which an eligible entity that is a member of an alliance is located. The complaint and order of the circuit court shall be served only on the State Attorney of the Second Judicial Circuit and on the state attorney of each circuit in each county in which an eligible entity receiving bond proceeds is located.

5. The accomplishment of the authorized purposes of a separate legal entity created under this paragraph is deemed in all respects for the benefit, increase of the commerce and prosperity, and improvement of the health and living conditions of the people of this state. Inasmuch as the separate legal entity performs essential public functions in accomplishing its purposes, the separate legal entity is not required to pay any taxes or assessments of any kind upon any property acquired or used by the entity for such purposes or upon any revenues at any time received by the entity. The bonds, notes, and other obligations of such separate legal entity, the transfer of and income from such bonds, notes, and other obligations, including any profits made on the sale of such bonds, notes, and other obligations, are at all times free from taxation of any kind of the state or by any political subdivision or other agency or instrumentality of the state. The exemption granted in this paragraph does not apply to any tax imposed by chapter 220 on interest, income, or profits on debt obligations owned by corporations.

6. The participation by any eligible entity in an alliance or a separate legal entity created pursuant to this paragraph may not be deemed a waiver of immunity to the extent of liability or any other coverage, and a contract entered regarding such alliance is not required to contain any provision for waiver.

Section 2. Paragraph (b) of subsection (4), paragraph (e) of subsection (5), paragraph (b) of subsection (6), and subsection (16) of section 215.555, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, are amended to read:

215.555 Florida Hurricane Catastrophe Fund.—

(4) REIMBURSEMENT CONTRACTS.—

(b)1. The contract shall contain a promise by the board to reimburse the insurer for 45 percent, 75 percent, or 90 percent of its losses from each covered event in excess of the insurer's retention, plus 5 percent of the reimbursed losses to cover loss adjustment expenses.

2. The insurer must elect one of the percentage coverage levels specified in this paragraph and may, upon renewal of a reimbursement contract, elect a lower percentage coverage level if no revenue bonds issued under subsection (6) after a covered event are outstanding, or elect a higher percentage coverage level, regardless of whether or not revenue bonds are outstanding. All members of an insurer group must elect the same percentage coverage level. Any joint underwriting association, risk apportionment plan, or other entity created under s. 627.351 must elect the 90-percent coverage level.

3. The contract shall provide that reimbursement amounts shall not be reduced by reinsurance paid or payable to the insurer from other sources.

4. Notwithstanding any other provision contained in this section, the board shall make available to insurers that *purchased coverage provided by this subparagraph participated* in 2006, insurers qualifying as limited apportionment companies under s. 627.351(6)(c) ~~which began writing property insurance in 2007~~, and insurers that were approved to participate in 2006 or that are approved in 2007 for the Insurance Capital Build-Up Incentive Program pursuant to s. 215.5595, a contract or contract addendum that provides an additional amount of reimbursement coverage of up to \$10 million. The premium to be charged for this additional reimbursement coverage shall be 50 percent of the additional reimbursement coverage provided, which shall include one prepaid reinstatement. The minimum retention level that an eligible participating insurer must retain associated with this additional coverage layer is 30 percent of the insurer's surplus as of December 31, 2006. This coverage shall be in addition to all other coverage that may be provided under this

section. The coverage provided by the fund under this *subparagraph subsection* shall be in addition to the claims-paying capacity as defined in subparagraph (c)1., but only with respect to those insurers that select the additional coverage option and meet the requirements of this *subparagraph subsection*. The claims-paying capacity with respect to all other participating insurers and limited apportionment companies that do not select the additional coverage option shall be limited to their reimbursement premium's proportionate share of the actual claims-paying capacity otherwise defined in subparagraph (c)1. and as provided for under the terms of the reimbursement contract. Coverage provided in the reimbursement contract will not be affected by the additional premiums paid by participating insurers exercising the additional coverage option allowed in this subparagraph. This subparagraph expires on May 31, 2008.

(5) REIMBURSEMENT PREMIUMS.—

(e) If Citizens Property Insurance Corporation assumes or otherwise provides coverage for policies of an insurer placed in liquidation under chapter 631 pursuant to s. 627.351(6), the corporation may, pursuant to conditions mutually agreed to between the corporation and the State Board of Administration, obtain coverage for such policies under its contract with the fund or accept an assignment of the liquidated insurer's contract with the fund. If Citizens Property Insurance Corporation elects to cover these policies under the corporation's contract with the fund, it shall notify the board of its insured values with respect to such policies within a specified time mutually agreed to between the corporation and the board, after such assumption or other coverage transaction, and the fund shall treat such policies as having been in effect as of June 30 of that year. In the event of an assignment, the fund shall apply that contract to such policies and treat Citizens Property Insurance Corporation as if the corporation were the liquidated insurer for the remaining term of the contract, and the corporation shall have all rights and duties of the liquidated insurer beginning on the date it provides coverage for such policies, but the corporation is not subject to any preexisting rights, liabilities, or duties of the liquidated insurer. The assignment, including any unresolved issues between the liquidated insurer and Citizens Property Insurance Corporation under the contract, shall be provided for in the liquidation order or otherwise determined by the court. However, if a covered event occurs before the effective date of the assignment, the corporation may not obtain coverage for such policies under its contract with the fund and shall accept an assignment of the liquidated insurer's contract as provided in this paragraph. ~~This paragraph expires on June 1, 2007.~~

(6) REVENUE BONDS.—

(b) Emergency assessments.—

1. If the board determines that the amount of revenue produced under subsection (5) is insufficient to fund the obligations, costs, and expenses of the fund and the corporation, including repayment of revenue bonds and that portion of the debt service coverage not met by reimbursement premiums, the board shall direct the Office of Insurance Regulation to levy, by order, an emergency assessment on direct premiums for all property and casualty lines of business in this state, including property and casualty business of surplus lines insurers regulated under part VIII of chapter 626, but not including any workers' compensation premiums or medical malpractice premiums. As used in this subsection, the term "property and casualty business" includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers by s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program. The assessment shall be specified as a percentage of direct written premium and is subject to annual adjustments by the board in order to meet debt obligations. The same percentage shall apply to all policies in lines of business subject to the assessment issued or renewed during the 12-month period beginning on the effective date of the assessment.

2. A premium is not subject to an annual assessment under this paragraph in excess of 6 percent of premium with respect to obligations arising out of losses attributable to any one contract year, and a premium is not subject to an aggregate annual assessment under this paragraph in excess of 10 percent of premium. An annual assessment under this paragraph shall continue as long as the revenue bonds issued with respect to which the assessment was imposed are outstanding, including

any bonds the proceeds of which were used to refund the revenue bonds, unless adequate provision has been made for the payment of the bonds under the documents authorizing issuance of the bonds.

3. Emergency assessments shall be collected from policyholders. Emergency assessments shall be remitted by insurers as a percentage of direct written premium for the preceding calendar quarter as specified in the order from the Office of Insurance Regulation. The office shall verify the accurate and timely collection and remittance of emergency assessments and shall report the information to the board in a form and at a time specified by the board. Each insurer collecting assessments shall provide the information with respect to premiums and collections as may be required by the office to enable the office to monitor and verify compliance with this paragraph.

4. With respect to assessments of surplus lines premiums, each surplus lines agent shall collect the assessment at the same time as the agent collects the surplus lines tax required by s. 626.932, and the surplus lines agent shall remit the assessment to the Florida Surplus Lines Service Office created by s. 626.921 at the same time as the agent remits the surplus lines tax to the Florida Surplus Lines Service Office. The emergency assessment on each insured procuring coverage and filing under s. 626.938 shall be remitted by the insured to the Florida Surplus Lines Service Office at the time the insured pays the surplus lines tax to the Florida Surplus Lines Service Office. The Florida Surplus Lines Service Office shall remit the collected assessments to the fund or corporation as provided in the order levied by the Office of Insurance Regulation. The Florida Surplus Lines Service Office shall verify the proper application of such emergency assessments and shall assist the board in ensuring the accurate and timely collection and remittance of assessments as required by the board. The Florida Surplus Lines Service Office shall annually calculate the aggregate written premium on property and casualty business, other than workers' compensation and medical malpractice, procured through surplus lines agents and insureds procuring coverage and filing under s. 626.938 and shall report the information to the board in a form and at a time specified by the board.

5. Any assessment authority not used for a particular contract year may be used for a subsequent contract year. If, for a subsequent contract year, the board determines that the amount of revenue produced under subsection (5) is insufficient to fund the obligations, costs, and expenses of the fund and the corporation, including repayment of revenue bonds and that portion of the debt service coverage not met by reimbursement premiums, the board shall direct the Office of Insurance Regulation to levy an emergency assessment up to an amount not exceeding the amount of unused assessment authority from a previous contract year or years, plus an additional 4 percent provided that the assessments in the aggregate do not exceed the limits specified in subparagraph 2.

6. The assessments otherwise payable to the corporation under this paragraph shall be paid to the fund unless and until the Office of Insurance Regulation and the Florida Surplus Lines Service Office have received from the corporation and the fund a notice, which shall be conclusive and upon which they may rely without further inquiry, that the corporation has issued bonds and the fund has no agreements in effect with local governments under paragraph (c). On or after the date of the notice and until the date the corporation has no bonds outstanding, the fund shall have no right, title, or interest in or to the assessments, except as provided in the fund's agreement with the corporation.

7. Emergency assessments are not premium and are not subject to the premium tax, to the surplus lines tax, to any fees, or to any commissions. An insurer is liable for all assessments that it collects and must treat the failure of an insured to pay an assessment as a failure to pay the premium. An insurer is not liable for uncollectible assessments.

8. When an insurer is required to return an unearned premium, it shall also return any collected assessment attributable to the unearned premium. A credit adjustment to the collected assessment may be made by the insurer with regard to future remittances that are payable to the fund or corporation, but the insurer is not entitled to a refund.

9. When a surplus lines insured or an insured who has procured coverage and filed under s. 626.938 is entitled to the return of an unearned premium, the Florida Surplus Lines Service Office shall provide a credit or refund to the agent or such insured for the collected assessment attributable to the unearned premium prior to remitting the emergency assessment collected to the fund or corporation.

10. The exemption of medical malpractice insurance premiums from emergency assessments under this paragraph is repealed May 31, 2010 2007, and medical malpractice insurance premiums shall be subject to emergency assessments attributable to loss events occurring in the contract years commencing on June 1, 2010 2007.

(16) TEMPORARY EMERGENCY OPTIONS FOR ADDITIONAL COVERAGE.—

(a) Findings and intent.—

1. The Legislature finds that:

a. Because of temporary disruptions in the market for catastrophic reinsurance, many property insurers were unable to procure reinsurance for the 2006 hurricane season with an attachment point below the insurers' respective Florida Hurricane Catastrophe Fund attachment points, were unable to procure sufficient amounts of such reinsurance, or were able to procure such reinsurance only by incurring substantially higher costs than in prior years.

b. The reinsurance market problems were responsible, at least in part, for substantial premium increases to many consumers and increases in the number of policies issued by the Citizens Property Insurance Corporation.

c. It is likely that the reinsurance market disruptions will not significantly abate prior to the 2007 hurricane season.

2. It is the intent of the Legislature to create a temporary emergency program, applicable to the 2007, 2008, and 2009 hurricane seasons, to address these market disruptions and enable insurers, at their option, to procure additional coverage from the Florida Hurricane Catastrophe Fund.

(b) Applicability of other provisions of this section.—All provisions of this section and the rules adopted under this section apply to the program created by this subsection unless specifically superseded by this subsection.

(c) Optional coverage.—For the contract year commencing June 1, 2007, and ending May 31, 2008, the contract year commencing June 1, 2008, and ending May 31, 2009, and the contract year commencing June 1, 2009, and ending May 31, 2010, the board shall offer for each of such years the optional coverage as provided in this subsection.

(d) Additional definitions.—As used in this subsection, the term:

1. "TEACO options" means the temporary emergency additional coverage options created under this subsection.

2. "TEACO insurer" means an insurer that has opted to obtain coverage under the TEACO options in addition to the coverage provided to the insurer under its reimbursement contract.

3. "TEACO reimbursement premium" means the premium charged by the fund for coverage provided under the TEACO options.

4. "TEACO retention" means the amount of losses below which a TEACO insurer is not entitled to reimbursement from the fund under the TEACO option selected. A TEACO insurer's retention options shall be calculated as follows:

a. The board shall calculate and report to each TEACO insurer the TEACO retention multiples. There shall be three TEACO retention multiples for defining coverage. Each multiple shall be calculated by dividing \$3 billion, \$4 billion, or \$5 billion by the total estimated *mandatory FHCF* TEACO reimbursement premium assuming all insurers selected that option. ~~Total estimated TEACO reimbursement premium for purposes of the calculation under this sub-subparagraph shall be calculated using the assumption that all insurers have selected a specific TEACO retention multiple option and have selected the 90-percent coverage level.~~

b. The TEACO retention multiples as determined under sub-subparagraph a. shall be adjusted to reflect the coverage level elected by the insurer. For insurers electing the 90-percent coverage level, the adjusted retention multiple is 100 percent of the amount determined under sub-subparagraph a. For insurers electing the 75-percent cover-

age level, the retention multiple is 120 percent of the amount determined under sub-subparagraph a. For insurers electing the 45-percent coverage level, the adjusted retention multiple is 200 percent of the amount determined under sub-subparagraph a.

c. An insurer shall determine its provisional TEACO retention by multiplying its *estimated mandatory FHCF* ~~provisional TEACO~~ reimbursement premium by the applicable adjusted TEACO retention multiple and shall determine its actual TEACO retention by multiplying its actual *mandatory FHCF* TEACO reimbursement premium by the applicable adjusted TEACO retention multiple.

d. For TEACO insurers who experience multiple covered events causing loss during the contract year, the insurer's full TEACO retention shall be applied to each of the covered events causing the two largest losses for that insurer. For other covered events resulting in losses, the TEACO option does not apply and the insurer's retention shall be one-third of the full retention as calculated under paragraph (2)(e).

5. "TEACO addendum" means an addendum to the reimbursement contract reflecting the obligations of the fund and TEACO insurers under the program created by this subsection.

6. "*FHCF*" means the *Florida Hurricane Catastrophe Fund*.

(e) TEACO addendum.—

1. The TEACO addendum shall provide for reimbursement of TEACO insurers for covered events occurring during the contract year, in exchange for the TEACO reimbursement premium paid into the fund under paragraph (f). Any insurer writing covered policies has the option of choosing to accept the TEACO addendum for any of the 3 contract years that the coverage is offered.

2. The TEACO addendum shall contain a promise by the board to reimburse the TEACO insurer for 45 percent, 75 percent, or 90 percent of its losses from each covered event in excess of the insurer's TEACO retention, plus 5 percent of the reimbursed losses to cover loss adjustment expenses. The percentage shall be the same as the coverage level selected by the insurer under paragraph (4)(b).

3. The TEACO addendum shall provide that reimbursement amounts shall not be reduced by reinsurance paid or payable to the insurer from other sources.

4. The TEACO addendum shall also provide that the obligation of the board with respect to all TEACO addenda shall not exceed an amount equal to two times the difference between the industry retention level calculated under paragraph (2)(e) and the \$3 billion, \$4 billion, or \$5 billion industry TEACO retention level options actually selected, but in no event may the board's obligation exceed the actual claims-paying capacity of the fund plus the additional capacity created in paragraph (g). If the actual claims-paying capacity and the additional capacity created under paragraph (g) fall short of the board's obligations under the reimbursement contract, each insurer's share of the fund's capacity shall be prorated based on the premium an insurer pays for its *mandatory normal* reimbursement coverage and the premium paid for its optional TEACO coverage as each such premium bears to the total premiums paid to the fund times the available capacity.

5. The priorities, schedule, and method of reimbursements under the TEACO addendum shall be the same as provided under subsection (4).

6. A TEACO insurer's maximum reimbursement for a single event shall be equal to the product of multiplying its *mandatory FHCF* premium by the difference between its *FHCF* retention multiple and its TEACO retention multiple under the TEACO option selected and by the coverage selected under paragraph (4)(b), plus an additional 5 percent for loss adjustment expenses. A TEACO insurer's maximum reimbursement under the TEACO option selected for a TEACO insurer's two largest events ~~addendum shall be twice its maximum reimbursement for a single event calculated by multiplying the insurer's share of the estimated total TEACO reimbursement premium as calculated under sub-subparagraph (d)4.a. by an amount equal to two times the difference between the industry retention level calculated under paragraph (2)(e) and the \$3 billion, \$4 billion, or \$5 billion industry TEACO retention level specified in sub-subparagraph (d)4.a. as selected by the TEACO insurer.~~

(f) TEACO reimbursement premiums.—

1. Each TEACO insurer shall pay to the fund, in the manner and at the time provided in the reimbursement contract for payment of reimbursement premiums, a TEACO reimbursement premium calculated as specified in this paragraph.

2. ~~The TEACO reimbursement premiums shall be calculated based on the assumption that, if all insurers entering into reimbursement contracts under subsection (4) also accepted the TEACO option:~~

a. ~~The insurer's industry TEACO reimbursement premium associated with the \$3 billion retention option shall would be equal to 85 percent of a TEACO insurer's maximum reimbursement for a single event as calculated under subparagraph (e)6. the difference between the industry retention level calculated under paragraph (2)(c) and the \$3 billion industry TEACO retention level.~~

b. ~~The TEACO reimbursement premium associated with the \$4 billion retention option shall would be equal to 80 percent of a TEACO insurer's maximum reimbursement for a single event as calculated under subparagraph (e)6. the difference between the industry retention level calculated under paragraph (2)(c) and the \$4 billion industry TEACO retention level.~~

e. ~~The TEACO premium associated with the \$5 billion retention option shall would be equal to 75 percent of a TEACO insurer's maximum reimbursement for a single event as calculated under subparagraph (e)6. the difference between the industry retention level calculated under paragraph (2)(c) and the \$5 billion industry TEACO retention level.~~

3. ~~Each insurer's TEACO premium shall be calculated based on its share of the total TEACO reimbursement premiums based on its coverage selection under the TEACO addendum.~~

(g) Effect on claims-paying capacity of the fund.—For the contract term commencing June 1, 2007, the contract year commencing June 1, 2008, and the contract term beginning June 1, 2009, the program created by this subsection shall increase the claims-paying capacity of the fund as provided in subparagraph (4)(c)1. by an amount equal to two times the difference between the industry retention level calculated under paragraph (2)(e) and the \$3 billion industry TEACO retention level specified in sub-subparagraph (d)4.a. The additional capacity shall apply only to the additional coverage provided by the TEACO option and shall not otherwise affect any insurer's reimbursement from the fund.

Section 3. Paragraphs (b), (c), and (g) of subsection (2) of section 215.5595, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, are amended, and paragraph (j) of that subsection is added, to read:

215.5595 Insurance Capital Build-Up Incentive Program.—

(2) The purpose of this section is to provide surplus notes to new or existing authorized residential property insurers under the Insurance Capital Build-Up Incentive Program administered by the State Board of Administration, under the following conditions:

(b) The insurer must contribute an amount of new capital to its surplus which is at least equal to the amount of the surplus note and must apply to the board by July 1, 2006. If an insurer applies after July 1, 2006, but before June 1, 2007, the amount of the surplus note is limited to one-half of the new capital that the insurer contributes to its surplus, *except for an insurer writing only manufactured housing policies or a domestic mutual insurer, for which the amount of the surplus note is equal to the amount of the new capital that the insurer contributes to its surplus.* For purposes of this section, new capital must be in the form of cash or cash equivalents as specified in s. 625.012(1).

(c) The insurer's surplus, new capital, and the surplus note must total at least \$50 million, except for insurers writing residential property insurance covering only manufactured housing or a domestic mutual insurer. The insurer's surplus, new capital, and the surplus note must total at least \$14 million for insurers writing only residential property insurance covering manufactured housing policies as provided in paragraph (a). *The surplus, new capital, and the surplus note for a domestic mutual insurer must total at least \$25 million.*

(g) The total amount of funds available for the program is limited to the amount appropriated by the Legislature for this purpose. If the amount of surplus notes requested by insurers exceeds the amount of funds available, the board may prioritize insurers that are eligible and approved, with priority for funding given to insurers writing only manufactured housing policies, regardless of the date of application, based on the financial strength of the insurer, the viability of its proposed business plan for writing additional residential property insurance in the state, and the effect on competition in the residential property insurance market. *Between insurers writing residential property insurance covering manufactured housing, priority shall be given to the insurer writing the highest percentage of its policies covering manufactured housing.*

(j) *As used in this section, "an insurer writing only manufactured housing policies" also includes:*

1. *A Florida domiciled insurer that begins writing personal lines residential manufactured housing policies in Florida after March 1, 2007, and which removes a minimum of 50,000 policies from Citizens Property Insurance Corporation without accepting a bonus, and if at least 25 percent of its policies cover manufactured housing. Such an insurer may count any funds above the minimum capital and surplus requirement that were contributed into the insurer after March 1, 2007, as new capital under this section.*

2. *A Florida domiciled insurer that writes at least 40 percent of its policies covering manufactured housing in Florida.*

Section 4. Subsection (1) of section 624.407, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, is amended to read:

624.407 Capital funds required; new insurers.—

(1) To receive authority to transact any one kind or combinations of kinds of insurance, as defined in part V of this chapter, an insurer applying for its original certificate of authority in this state after the effective date of this section shall possess surplus as to policyholders not less than the greater of:

(a) Five million dollars for a property and casualty insurer, or \$2.5 million for any other insurer;

(b) For life insurers, 4 percent of the insurer's total liabilities;

(c) For life and health insurers, 4 percent of the insurer's total liabilities, plus 6 percent of the insurer's liabilities relative to health insurance; or

(d) For all insurers other than life insurers and life and health insurers, 10 percent of the insurer's total liabilities;

however, a domestic insurer that transacts residential property insurance and is a wholly owned subsidiary of an insurer *domiciled authorized to do business* in any other state shall possess surplus as to policyholders of at least \$50 million, but no insurer shall be required under this subsection to have surplus as to policyholders greater than \$100 million.

Section 5. Paragraph (f) of subsection (3) of section 626.2815, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, is amended to read:

626.2815 Continuing education required; application; exceptions; requirements; penalties.—

(3)

(f) Compliance with continuing education requirements is a condition precedent to the issuance, continuation, reinstatement, or renewal of any appointment subject to this section. *An insurance licensee taking a continuing education course, regardless of whether it is a classroom, online, or home study course, may take the required final examination in a proctored location, via the online provider, or by open book if the course offered meets all requirements for continuing education.*

Section 6. Subsection (4) of section 626.914, Florida Statutes, is amended to read:

626.914 Definitions.—As used in this Surplus Lines Law, the term:

(4) “Diligent effort” means seeking coverage from and having been rejected by at least three authorized insurers currently writing this type of coverage and documenting these rejections. *However, in the event that the residential structure has a dwelling replacement cost of \$1 million or more, “diligent effort” means seeking coverage from and having been rejected by at least one authorized insurer currently writing this type of coverage and documenting this rejection.*

Section 7. Paragraph (e) is added to subsection (1) of section 626.916, Florida Statutes, to read:

626.916 Eligibility for export.—

(1) No insurance coverage shall be eligible for export unless it meets all of the following conditions:

(e) *For personal residential property risks, the retail or producing agent must advise the insured in writing that coverage may be available and may be less expensive from Citizens Property Insurance Corporation. The notice must include other information that states that Citizens’ assessments are higher and the coverage provided by Citizens may be less than the property’s existing coverage. If the notice is signed by the insured, it is presumed that the insured has been informed and knows that policies from Citizens Property Insurance Corporation may be less expensive, may provide less coverage, and will be accompanied by higher assessments.*

Section 8. Subsection (2) of section 626.9201, Florida Statutes, is amended to read:

626.9201 Notice of cancellation or nonrenewal.—

(2) An insurer issuing a policy providing coverage for property, casualty, surety, or marine insurance shall give the named insured written notice of cancellation or termination other than nonrenewal at least 45 days prior to the effective date of the cancellation or termination, including in the written notice the reason or reasons for the cancellation or termination, except that:

(a) When cancellation is for nonpayment of premium, at least 10 days’ written notice of cancellation accompanied by the reason therefor shall be given. *As used in this paragraph, the term “nonpayment of premium” means failure of the named insured to discharge when due any of his or her obligations in connection with the payment of premiums on a policy or any installment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit, or failure to maintain membership in an organization if such membership is a condition precedent to insurance coverage. The term “nonpayment of premium” also means the failure of a financial institution to honor an insurance applicant’s check after delivery to a licensed agent for payment of a premium, even if the agent has previously delivered or transferred the premium to the insurer. If a correctly dishonored check represents the initial premium payment, the contract and all contractual obligations shall be void ab initio unless the nonpayment is cured within the earlier of 5 days after actual notice by certified mail is received by the applicant or 15 days after notice is sent to the applicant by certified mail or registered mail, and, if the contract is void, any premium received by the insurer from a third party shall be refunded to that party in full; and*

(b) When such cancellation or termination occurs during the first 90 days during which the insurance is in force and the insurance is canceled or terminated for reasons other than nonpayment, at least 20 days’ written notice of cancellation or termination accompanied by the reason therefor shall be given except where there has been a material misstatement or misrepresentation or failure to comply with the underwriting requirements established by the insurer.

Section 9. Paragraph (i) of subsection (1) of section 626.9541, Florida Statutes, is amended to read:

626.9541 Unfair methods of competition and unfair or deceptive acts or practices defined.—

(1) **UNFAIR METHODS OF COMPETITION AND UNFAIR OR DECEPTIVE ACTS.—**The following are defined as unfair methods of competition and unfair or deceptive acts or practices:

(i) Unfair claim settlement practices.—

1. Attempting to settle claims on the basis of an application, when serving as a binder or intended to become a part of the policy, or any other material document which was altered without notice to, or knowledge or consent of, the insured;

2. A material misrepresentation made to an insured or any other person having an interest in the proceeds payable under such contract or policy, for the purpose and with the intent of effecting settlement of such claims, loss, or damage under such contract or policy on less favorable terms than those provided in, and contemplated by, such contract or policy; ~~or~~

3. *A violation of s. 627.70131(5), if the insurer’s handling of the claim is found to be dishonest or in reckless disregard for the rights of any insured;*

4. *Failing to pay undisputed amounts of partial or full benefits under first-party property insurance policies within 30 days after determining the amounts of partial or full benefits and agreeing to coverage; or*

5. ~~3.~~ Committing or performing with such frequency as to indicate a general business practice any of the following:

a. Failing to adopt and implement standards for the proper investigation of claims;

b. Misrepresenting pertinent facts or insurance policy provisions relating to coverages at issue;

c. Failing to acknowledge and act promptly upon communications with respect to claims;

d. Denying claims without conducting reasonable investigations based upon available information;

e. Failing to affirm or deny full or partial coverage of claims, and, as to partial coverage, the dollar amount or extent of coverage, or failing to provide a written statement that the claim is being investigated, upon the written request of the insured within 30 days after proof-of-loss statements have been completed;

f. Failing to promptly provide a reasonable explanation in writing to the insured of the basis in the insurance policy, in relation to the facts or applicable law, for denial of a claim or for the offer of a compromise settlement;

g. Failing to promptly notify the insured of any additional information necessary for the processing of a claim; or

h. Failing to clearly explain the nature of the requested information and the reasons why such information is necessary.

Section 10. Subsection (4) of section 627.0613, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, is amended to read:

627.0613 Consumer advocate.—The Chief Financial Officer must appoint a consumer advocate who must represent the general public of the state before the department and the office. The consumer advocate must report directly to the Chief Financial Officer, but is not otherwise under the authority of the department or of any employee of the department. The consumer advocate has such powers as are necessary to carry out the duties of the office of consumer advocate, including, but not limited to, the powers to:

(4) Prepare an annual report card for each authorized *personal residential* property insurer, on a form and using a letter-grade scale developed by the commission by rule, which grades each insurer based on the following factors:

(a) The number and nature of consumer complaints received by the department against the insurer.

(b) The disposition of all complaints received by the department.

(c) The average length of time for payment of claims by the insurer.

(d) Any other factors the commission identifies as assisting policyholders in making informed choices about homeowner’s insurance.

Section 11. Paragraph (a) of subsection (2) of section 627.062, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, is amended, and subsection (10) is added to that section, to read:

627.062 Rate standards.—

(2) As to all such classes of insurance:

(a) Insurers or rating organizations shall establish and use rates, rating schedules, or rating manuals to allow the insurer a reasonable rate of return on such classes of insurance written in this state. A copy of rates, rating schedules, rating manuals, premium credits or discount schedules, and surcharge schedules, and changes thereto, shall be filed with the office under one of the following procedures except as provided in subparagraph 3.:

1. If the filing is made at least 90 days before the proposed effective date and the filing is not implemented during the office's review of the filing and any proceeding and judicial review, then such filing shall be considered a "file and use" filing. In such case, the office shall finalize its review by issuance of a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing. The notice of intent to approve and the notice of intent to disapprove constitute agency action for purposes of the Administrative Procedure Act. Requests for supporting information, requests for mathematical or mechanical corrections, or notification to the insurer by the office of its preliminary findings shall not toll the 90-day period during any such proceedings and subsequent judicial review. The rate shall be deemed approved if the office does not issue a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing.

2. If the filing is not made in accordance with the provisions of subparagraph 1., such filing shall be made as soon as practicable, but no later than 30 days after the effective date, and shall be considered a "use and file" filing. An insurer making a "use and file" filing is potentially subject to an order by the office to return to policyholders portions of rates found to be excessive, as provided in paragraph (h).

3. For all filings made or submitted on or after January 25, 2007, but on or before December 31, 2008, an insurer seeking a rate that is greater than the rate most recently approved by the office shall make a "file and use" filing. *This subparagraph applies to property insurance only. For purposes of this subparagraph, automobile collision and comprehensive coverages are not considered to be property coverages.*

The provisions of this subsection shall not apply to workers' compensation and employer's liability insurance and to motor vehicle insurance.

(10) *Any interest paid pursuant to s. 627.70131(5) may not be included in the insurer's rate base and may not be used to justify a rate or rate change.*

Section 12. Section 627.0655, Florida Statutes, as created by chapter 2007-1, Laws of Florida, is amended, to read:

627.0655 Policyholder loss or expense-related premium discounts.— An insurer or person authorized to engage in the business of insurance in this state may include, in the premium charged an insured for any policy, contract, or certificate of insurance, a discount based on the fact that another policy, contract, or certificate of any type has been purchased by the insured from the same insurer or insurer group.

Section 13. Paragraphs (a), (b), (c), (d), (j), (m), (n), (r), and (v) of subsection (6) of section 627.351, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, are amended, and paragraph (ff) is added to that subsection, to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(a)1. *It is the public purpose of this subsection to ensure the existence of an orderly market for property insurance for Florida's residents and businesses. The Legislature finds that actual and threatened catastrophic losses to property in this state from hurricanes have caused insurers to be unwilling or unable to provide affordable property insurance coverage in this state to the extent sought and needed. The absence of affordable property insurance threatens the public health, safety, and welfare and likewise threatens the economic health of this state. The state therefore has a compelling public interest and*

a public purpose to assist in assuring that property in the state is insured so as to facilitate the remediation, reconstruction, and replacement of damaged or destroyed property in order to reduce or avoid the negative effects otherwise resulting to the public health, safety, and welfare; to the economy of the state; and to the revenues of the state and local governments needed to provide for the public welfare. It is necessary, therefore, to provide *affordable* property insurance to applicants who are in good faith entitled to procure insurance through the voluntary market but are unable to do so. The Legislature intends by this subsection that property insurance be provided and that it continues to be provided, as long as necessary, through *Citizens Property Insurance Corporation, a government entity that is an integral part of the state and that is not a private insurance company. To that end, the corporation shall strive to increase the availability and affordability of property insurance in this state while achieving an entity organized to achieve* efficiencies and economies, and while providing service to policyholders, applicants, and agents *which that is no less than the quality generally provided in the voluntary market, for all toward the achievement of the foregoing public purposes. Because it is essential for this government entity the corporation to have the maximum financial resources to pay claims following a catastrophic hurricane, it is the intent of the Legislature that Citizens Property Insurance Corporation continues to be an integral part of the state and that the income of the corporation be exempt from federal income taxation and that interest on the debt obligations issued by the corporation be exempt from federal income taxation.*

2. The Residential Property and Casualty Joint Underwriting Association originally created by this statute shall be known, as of July 1, 2002, as the Citizens Property Insurance Corporation. The corporation shall provide insurance for residential and commercial property, for applicants who are in good faith entitled, but are unable, to procure insurance through the voluntary market. The corporation shall operate pursuant to a plan of operation approved by order of the Financial Services Commission. The plan is subject to continuous review by the commission. The commission may, by order, withdraw approval of all or part of a plan if the commission determines that conditions have changed since approval was granted and that the purposes of the plan require changes in the plan. The corporation shall continue to operate pursuant to the plan of operation approved by the Office of Insurance Regulation until October 1, 2006. For the purposes of this subsection, residential coverage includes both personal lines residential coverage, which consists of the type of coverage provided by homeowner's, mobile home owner's, dwelling, tenant's, condominium unit owner's, and similar policies, and commercial lines residential coverage, which consists of the type of coverage provided by condominium association, apartment building, and similar policies.

3. For the purposes of this subsection, the term "homestead property" means:

a. Property that has been granted a homestead exemption under chapter 196;

b. Property for which the owner has a current, written lease with a renter for a term of at least 7 months and for which the dwelling is insured by the corporation for \$200,000 or less;

c. An owner-occupied mobile home or manufactured home, as defined in s. 320.01, which is permanently affixed to real property, is owned by a Florida resident, and has been granted a homestead exemption under chapter 196 or, if the owner does not own the real property, the owner certifies that the mobile home or manufactured home is his or her principal place of residence;

d. Tenant's coverage;

e. Commercial lines residential property; or

f. Any county, district, or municipal hospital; a hospital licensed by any not-for-profit corporation qualified under s. 501(c)(3) of the United States Internal Revenue Code; or a continuing care retirement community that is certified under chapter 651 and that receives an exemption from ad valorem taxes under chapter 196.

4. For the purposes of this subsection, the term "nonhomestead property" means property that is not homestead property.

5. Effective July 1, 2008, a personal lines residential structure that has a dwelling replacement cost of \$1 million or more, or a single condominium unit that has a combined dwelling and content replacement cost of \$1 million or more is not eligible for coverage by the corporation. Such dwellings insured by the corporation on June 30, 2008, may continue to be covered by the corporation until the end of the policy term. However, such dwellings that are insured by the corporation and become ineligible for coverage due to the provisions of this subparagraph may reapply and obtain coverage in the high-risk account and be considered "nonhomestead property" if the property owner provides the corporation with a sworn affidavit from one or more insurance agents, on a form provided by the corporation, stating that the agents have made their best efforts to obtain coverage and that the property has been rejected for coverage by at least one authorized insurer and at least three surplus lines insurers. If such conditions are met, the dwelling may be insured by the corporation for up to 3 years, after which time the dwelling is ineligible for coverage. The office shall approve the method used by the corporation for valuing the dwelling replacement cost for the purposes of this subparagraph. If a policyholder is insured by the corporation prior to being determined to be ineligible pursuant to this subparagraph and such policyholder files a lawsuit challenging the determination, the policyholder may remain insured by the corporation until the conclusion of the litigation.

6. For properties constructed on or after January 1, 2009, the corporation may not insure any property located within 2,500 feet landward of the coastal construction control line created pursuant to s. 161.053 unless the property meets the requirements of the code-plus building standards developed by the Florida Building Commission.

7. It is the intent of the Legislature that policyholders, applicants, and agents of the corporation receive service and treatment of the highest possible level but never less than that generally provided in the voluntary market. It also is intended that the corporation be held to service standards no less than those applied to insurers in the voluntary market by the office with respect to responsiveness, timeliness, customer courtesy, and overall dealings with policyholders, applicants, or agents of the corporation.

(b)1. All insurers authorized to write one or more subject lines of business in this state are subject to assessment by the corporation and, for the purposes of this subsection, are referred to collectively as "assessable insurers." Insurers writing one or more subject lines of business in this state pursuant to part VIII of chapter 626 are not assessable insurers, but insureds who procure one or more subject lines of business in this state pursuant to part VIII of chapter 626 are subject to assessment by the corporation and are referred to collectively as "assessable insureds." An authorized insurer's assessment liability shall begin on the first day of the calendar year following the year in which the insurer was issued a certificate of authority to transact insurance for subject lines of business in this state and shall terminate 1 year after the end of the first calendar year during which the insurer no longer holds a certificate of authority to transact insurance for subject lines of business in this state.

2.a. All revenues, assets, liabilities, losses, and expenses of the corporation shall be divided into three separate accounts as follows:

(I) A personal lines account for personal residential policies issued by the corporation or issued by the Residential Property and Casualty Joint Underwriting Association and renewed by the corporation that provide comprehensive, multiperil coverage on risks that are not located in areas eligible for coverage in the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for such policies that do not provide coverage for the peril of wind on risks that are located in such areas;

(II) A commercial lines account for commercial residential and commercial nonresidential policies issued by the corporation or issued by the Residential Property and Casualty Joint Underwriting Association and renewed by the corporation that provide coverage for basic property perils on risks that are not located in areas eligible for coverage in the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for such policies that do not provide coverage for the peril of wind on risks that are located in such areas; and

(III) A high-risk account for personal residential policies and commercial residential and commercial nonresidential property policies issued by the corporation or transferred to the corporation that provide

coverage for the peril of wind on risks that are located in areas eligible for coverage in the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002. Subject to the approval of a business plan by the Financial Services Commission and Legislative Budget Commission as provided in this sub-sub-subparagraph, but no earlier than March 31, 2007, the corporation may offer policies that provide multiperil coverage and the corporation shall continue to offer policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage in the high-risk account. In issuing multiperil coverage, the corporation may use its approved policy forms and rates for the personal lines account. An applicant or insured who is eligible to purchase a multiperil policy from the corporation may purchase a multiperil policy from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides coverage only for the peril of wind from the corporation. An applicant or insured who is eligible for a corporation policy that provides coverage only for the peril of wind may elect to purchase or retain such policy and also purchase or retain coverage excluding wind from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides multiperil coverage from the corporation. It is the goal of the Legislature that there would be an overall average savings of 10 percent or more for a policyholder who currently has a wind-only policy with the corporation, and an ex-wind policy with a voluntary insurer or the corporation, and who then obtains a multiperil policy from the corporation. It is the intent of the Legislature that the offer of multiperil coverage in the high-risk account be made and implemented in a manner that does not adversely affect the tax-exempt status of the corporation or creditworthiness of or security for currently outstanding financing obligations or credit facilities of the high-risk account, the personal lines account, or the commercial lines account. By March 1, 2007, the corporation shall prepare and submit for approval by the Financial Services Commission and Legislative Budget Commission a report detailing the corporation's business plan for issuing multiperil coverage in the high-risk account. The business plan shall be approved or disapproved within 30 days after receipt, as submitted or modified and resubmitted by the corporation. The business plan must include: the impact of such multiperil coverage on the corporation's financial resources, the impact of such multiperil coverage on the corporation's tax-exempt status, the manner in which the corporation plans to implement the processing of applications and policy forms for new and existing policyholders, the impact of such multiperil coverage on the corporation's ability to deliver customer service at the high level required by this subsection, the ability of the corporation to process claims, the ability of the corporation to quote and issue policies, the impact of such multiperil coverage on the corporation's agents, the impact of such multiperil coverage on the corporation's existing policyholders, and the impact of such multiperil coverage on rates and premium. The high-risk account must also include quota share primary insurance under subparagraph (c)2. The area eligible for coverage under the high-risk account also includes the area within Port Canaveral, which is bordered on the south by the City of Cape Canaveral, bordered on the west by the Banana River, and bordered on the north by Federal Government property.

b. The three separate accounts must be maintained as long as financing obligations entered into by the Florida Windstorm Underwriting Association or Residential Property and Casualty Joint Underwriting Association are outstanding, in accordance with the terms of the corresponding financing documents. When the financing obligations are no longer outstanding, in accordance with the terms of the corresponding financing documents, the corporation may use a single account for all revenues, assets, liabilities, losses, and expenses of the corporation. Consistent with the requirement of this subparagraph and prudent investment policies that minimize the cost of carrying debt, the board shall exercise its best efforts to retire existing debt or to obtain approval of necessary parties to amend the terms of existing debt, so as to structure the most efficient plan to consolidate the three separate accounts into a single account. By February 1, 2007, the board shall submit a report to the Financial Services Commission, the President of the Senate, and the Speaker of the House of Representatives which includes an analysis of consolidating the accounts, the actions the board has taken to minimize the cost of carrying debt, and its recommendations for executing the most efficient plan.

c. Creditors of the Residential Property and Casualty Joint Underwriting Association and of the accounts referenced in sub-sub-subparagraph a.(I) and (II) may ~~shall~~ have a claim against, and recourse to, the accounts referred to in sub-sub-subparagraphs a.(I) and (II) and

shall have no claim against, or recourse to, the account referred to in sub-sub-paragraph a.(III). Creditors of the Florida Windstorm Underwriting Association shall have a claim against, and recourse to, the account referred to in sub-sub-paragraph a.(III) and shall have no claim against, or recourse to, the accounts referred to in sub-sub-paragraphs a.(I) and (II).

d. Revenues, assets, liabilities, losses, and expenses not attributable to particular accounts shall be prorated among the accounts.

e. The Legislature finds that the revenues of the corporation are revenues that are necessary to meet the requirements set forth in documents authorizing the issuance of bonds under this subsection.

f. No part of the income of the corporation may inure to the benefit of any private person.

3. With respect to a deficit in an account:

a. When the deficit incurred in a particular calendar year is not greater than 10 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the entire deficit shall be recovered through regular assessments of assessable insurers under paragraph (p) and assessable insureds.

b. When the deficit incurred in a particular calendar year exceeds 10 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the corporation shall levy regular assessments on assessable insurers under paragraph (p) and on assessable insureds in an amount equal to the greater of 10 percent of the deficit or 10 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year. Any remaining deficit shall be recovered through emergency assessments under sub-subparagraph d.

c. Each assessable insurer's share of the amount being assessed under sub-subparagraph a. or sub-subparagraph b. shall be in the proportion that the assessable insurer's direct written premium for the subject lines of business for the year preceding the assessment bears to the aggregate statewide direct written premium for the subject lines of business for that year. The assessment percentage applicable to each assessable insured is the ratio of the amount being assessed under sub-subparagraph a. or sub-subparagraph b. to the aggregate statewide direct written premium for the subject lines of business for the prior year. Assessments levied by the corporation on assessable insurers under sub-subparagraphs a. and b. shall be paid as required by the corporation's plan of operation and paragraph (p). Notwithstanding any other provision of this subsection, the aggregate amount of a regular assessment for a deficit incurred in a particular calendar year shall be reduced by the estimated amount to be received by the corporation from the Citizens policyholder surcharge under subparagraph (c)11. and the amount collected or estimated to be collected from the assessment on Citizens policyholders pursuant to sub-subparagraph i. Assessments levied by the corporation on assessable insureds under sub-subparagraphs a. and b. shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and shall be paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to the Florida Surplus Lines Service Office. Upon receipt of regular assessments from surplus lines agents, the Florida Surplus Lines Service Office shall transfer the assessments directly to the corporation as determined by the corporation.

d. Upon a determination by the board of governors that a deficit in an account exceeds the amount that will be recovered through regular assessments under sub-subparagraph a. or sub-subparagraph b., the board shall levy, after verification by the office, emergency assessments, for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance policies. The amount of the emergency assessment collected in a particular year shall be a uniform percentage of that year's direct written premium for subject lines of business and all accounts of the corporation, excluding National Flood Insurance Program policy premiums, as annually determined by the board and verified by the office. The office shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. Notwithstanding any other provision of law, the corporation and each as-

sessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and shall be paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to the Florida Surplus Lines Service Office. The emergency assessments so collected shall be transferred directly to the corporation on a periodic basis as determined by the corporation and shall be held by the corporation solely in the applicable account. The aggregate amount of emergency assessments levied for an account under this sub-subparagraph in any calendar year may not exceed the greater of 10 percent of the amount needed to cover the original deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing of the original deficit, or 10 percent of the aggregate statewide direct written premium for subject lines of business and for all accounts of the corporation for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit.

e. The corporation may pledge the proceeds of assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other insurance and reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as the source of revenue for and to secure bonds issued under paragraph (p), bonds or other indebtedness issued under subparagraph (c)3., or lines of credit or other financing mechanisms issued or created under this subsection, or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the board determines will efficiently recover such deficits. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this subsection, the term "assessments" includes regular assessments under sub-subparagraph a., sub-subparagraph b., or subparagraph (p)1. and emergency assessments under sub-subparagraph d. Emergency assessments collected under sub-subparagraph d. are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments under sub-subparagraph d. shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or other indebtedness.

f. As used in this subsection for purposes of any deficit incurred on or after January 25, 2007, the term "subject lines of business" means insurance written by assessable insurers or procured by assessable insureds for all property and casualty lines of business in this state, but not including workers' compensation or medical malpractice. As used in the sub-subparagraph, the term "property and casualty lines of business" includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers by s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program or the Federal Crop Insurance Program. For purposes of this sub-subparagraph, the term "workers' compensation" includes both workers' compensation insurance and excess workers' compensation insurance.

g. The Florida Surplus Lines Service Office shall determine annually the aggregate statewide written premium in subject lines of business procured by assessable insureds and shall report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this subsection and the corporation's financing obligations.

h. The Florida Surplus Lines Service Office shall verify the proper application by surplus lines agents of assessment percentages for regular assessments and emergency assessments levied under this subparagraph on assessable insureds and shall assist the corporation in ensuring the accurate, timely collection and payment of assessments by surplus lines agents as required by the corporation.

i. If a deficit is incurred in any account in 2008 or thereafter, the board of governors shall levy an immediate assessment against the

premium of each nonhomestead property policyholder in all accounts of the corporation, as a uniform percentage of the premium of the policy of up to 10 percent of such premium, which funds shall be used to offset the deficit. If this assessment is insufficient to eliminate the deficit, the board of governors shall levy an additional assessment against all policyholders of the corporation, which shall be collected at the time of issuance or renewal of a policy, as a uniform percentage of the premium for the policy of up to 10 percent of such premium, which funds shall be used to further offset the deficit.

j. The board of governors shall maintain separate accounting records that consolidate data for nonhomestead properties, including, but not limited to, number of policies, insured values, premiums written, and losses. The board of governors shall annually report to the office and the Legislature a summary of such data.

(c) The plan of operation of the corporation:

1. Must provide for adoption of residential property and casualty insurance policy forms and commercial residential and nonresidential property insurance forms, which forms must be approved by the office prior to use. The corporation shall adopt the following policy forms:

a. Standard personal lines policy forms that are comprehensive multiperil policies providing full coverage of a residential property equivalent to the coverage provided in the private insurance market under an HO-3, HO-4, or HO-6 policy.

b. Basic personal lines policy forms that are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which coverage is more limited than the coverage under a standard policy.

c. Commercial lines residential and nonresidential policy forms that are generally similar to the basic perils of full coverage obtainable for commercial residential structures and commercial nonresidential structures in the admitted voluntary market.

d. Personal lines and commercial lines residential property insurance forms that cover the peril of wind only. The forms are applicable only to residential properties located in areas eligible for coverage under the high-risk account referred to in sub-subparagraph (b)2.a.

e. Commercial lines nonresidential property insurance forms that cover the peril of wind only. The forms are applicable only to nonresidential properties located in areas eligible for coverage under the high-risk account referred to in sub-subparagraph (b)2.a.

f. The corporation may adopt variations of the policy forms listed in sub-subparagraphs a.-e. that contain more restrictive coverage.

2.a. Must provide that the corporation adopt a program in which the corporation and authorized insurers enter into quota share primary insurance agreements for hurricane coverage, as defined in s. 627.4025(2)(a), for eligible risks, and adopt property insurance forms for eligible risks which cover the peril of wind only. As used in this subsection, the term:

(I) "Quota share primary insurance" means an arrangement in which the primary hurricane coverage of an eligible risk is provided in specified percentages by the corporation and an authorized insurer. The corporation and authorized insurer are each solely responsible for a specified percentage of hurricane coverage of an eligible risk as set forth in a quota share primary insurance agreement between the corporation and an authorized insurer and the insurance contract. The responsibility of the corporation or authorized insurer to pay its specified percentage of hurricane losses of an eligible risk, as set forth in the quota share primary insurance agreement, may not be altered by the inability of the other party to the agreement to pay its specified percentage of hurricane losses. Eligible risks that are provided hurricane coverage through a quota share primary insurance arrangement must be provided policy forms that set forth the obligations of the corporation and authorized insurer under the arrangement, clearly specify the percentages of quota share primary insurance provided by the corporation and authorized insurer, and conspicuously and clearly state that neither the authorized insurer nor the corporation may be held responsible beyond its specified percentage of coverage of hurricane losses.

(II) "Eligible risks" means personal lines residential and commercial lines residential risks that meet the underwriting criteria of the corpora-

tion and are located in areas that were eligible for coverage by the Florida Windstorm Underwriting Association on January 1, 2002.

b. The corporation may enter into quota share primary insurance agreements with authorized insurers at corporation coverage levels of 90 percent and 50 percent.

c. If the corporation determines that additional coverage levels are necessary to maximize participation in quota share primary insurance agreements by authorized insurers, the corporation may establish additional coverage levels. However, the corporation's quota share primary insurance coverage level may not exceed 90 percent.

d. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation must provide for a uniform specified percentage of coverage of hurricane losses, by county or territory as set forth by the corporation board, for all eligible risks of the authorized insurer covered under the quota share primary insurance agreement.

e. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation is subject to review and approval by the office. However, such agreement shall be authorized only as to insurance contracts entered into between an authorized insurer and an insured who is already insured by the corporation for wind coverage.

f. For all eligible risks covered under quota share primary insurance agreements, the exposure and coverage levels for both the corporation and authorized insurers shall be reported by the corporation to the Florida Hurricane Catastrophe Fund. For all policies of eligible risks covered under quota share primary insurance agreements, the corporation and the authorized insurer shall maintain complete and accurate records for the purpose of exposure and loss reimbursement audits as required by Florida Hurricane Catastrophe Fund rules. The corporation and the authorized insurer shall each maintain duplicate copies of policy declaration pages and supporting claims documents.

g. The corporation board shall establish in its plan of operation standards for quota share agreements which ensure that there is no discriminatory application among insurers as to the terms of quota share agreements, pricing of quota share agreements, incentive provisions if any, and consideration paid for servicing policies or adjusting claims.

h. The quota share primary insurance agreement between the corporation and an authorized insurer must set forth the specific terms under which coverage is provided, including, but not limited to, the sale and servicing of policies issued under the agreement by the insurance agent of the authorized insurer producing the business, the reporting of information concerning eligible risks, the payment of premium to the corporation, and arrangements for the adjustment and payment of hurricane claims incurred on eligible risks by the claims adjuster and personnel of the authorized insurer. Entering into a quota sharing insurance agreement between the corporation and an authorized insurer shall be voluntary and at the discretion of the authorized insurer.

3. May provide that the corporation may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The corporation shall have the power to borrow funds, by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection, including, without limitation, the power to issue bonds and incur other indebtedness in order to refinance outstanding bonds or other indebtedness. The corporation may, but is not required to, seek judicial validation of its bonds or other indebtedness under chapter 75. The corporation may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (g)2., in the absence of a hurricane or other weather-related event, upon a determination by the corporation, subject to approval by the office, that such action would enable it to efficiently meet the financial obligations of the corporation and that such financings are reasonably necessary to effectuate the requirements of this subsection. The corporation is authorized to take all actions needed to facilitate tax-free status for any such bonds or indebtedness, including formation of trusts or other affiliated entities. The corporation shall have the authority to pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, market equalization and other surcharges,

and other funds available to the corporation as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4.a. Must require that the corporation operate subject to the supervision and approval of a board of governors consisting of eight individuals who are residents of this state, from different geographical areas of this state. The Governor, the Chief Financial Officer, the President of the Senate, and the Speaker of the House of Representatives shall each appoint two members of the board. At least one of the two members appointed by each appointing officer must have demonstrated expertise in insurance. The Chief Financial Officer shall designate one of the appointees as chair. All board members serve at the pleasure of the appointing officer. All members of the board of governors are subject to removal at will by the officers who appointed them. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan. Any board vacancy shall be filled for the unexpired term by the appointing officer. The Chief Financial Officer shall appoint a technical advisory group to provide information and advice to the board of governors in connection with the board's duties under this subsection. The executive director and senior managers of the corporation shall be engaged by the board and serve at the pleasure of the board. Any executive director appointed on or after July 1, 2006, is subject to confirmation by the Senate. The executive director is responsible for employing other staff as the corporation may require, subject to review and concurrence by the board.

b. The board shall create a Market Accountability Advisory Committee to assist the corporation in developing awareness of its rates and its customer and agent service levels in relationship to the voluntary market insurers writing similar coverage. The members of the advisory committee shall consist of the following 11 persons, one of whom must be elected chair by the members of the committee: four representatives, one appointed by the Florida Association of Insurance Agents, one by the Florida Association of Insurance and Financial Advisors, one by the Professional Insurance Agents of Florida, and one by the Latin American Association of Insurance Agencies; three representatives appointed by the insurers with the three highest voluntary market share of residential property insurance business in the state; one representative from the Office of Insurance Regulation; one consumer appointed by the board who is insured by the corporation at the time of appointment to the committee; one representative appointed by the Florida Association of Realtors; and one representative appointed by the Florida Bankers Association. All members must serve for 3-year terms and may serve for consecutive terms. The committee shall report to the corporation at each board meeting on insurance market issues which may include rates and rate competition with the voluntary market; service, including policy issuance, claims processing, and general responsiveness to policyholders, applicants, and agents; and matters relating to depopulation.

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. Subject to the provisions of s. 627.3517, with respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under either a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the office, a basic policy including wind coverage, for a new application to the corporation for coverage, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 25 percent greater than the premium for comparable coverage from the corporation. If the risk is not able to obtain any such offer, the risk is eligible for either a standard policy including wind coverage or a basic policy including wind coverage issued by the corporation; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk shall be eligible for a basic policy including wind coverage unless rejected under subparagraph 8. However, with regard to a policyholder of the corporation or a policyholder removed from the corporation through an assumption agreement until the end of the assumption period, the policyholder remains eligible for coverage from the corporation regardless of any offer of coverage from an authorized insurer or surplus lines insurer. The corporation shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices.

(I) If the risk accepts an offer of coverage through the market assistance plan or an offer of coverage through a mechanism established by the corporation before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or to the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A).

(II) When the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record of the corporation policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the corporation policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A).

b. With respect to commercial lines residential risks, for a new application to the corporation for coverage, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 25 percent greater than the premium for comparable coverage from the corporation. If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the corporation. However, with regard to a policyholder of the corporation or a policyholder removed from the corporation through an assumption agreement until the end of the assumption period, the policyholder remains eligible for coverage from the corporation regardless of any offer of coverage from an authorized insurer or surplus lines insurer.

(I) If the risk accepts an offer of coverage through the market assistance plan or an offer of coverage through a mechanism established by the corporation before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A).

(II) When the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record of the corporation policy, for the first year, an amount that is the greater of the insurer's usual and

customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the corporation to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-paragraph (A).

c. For purposes of determining comparable coverage under sub-paragraphs a. and b., the comparison shall be based on those forms and coverages that are reasonably comparable. The corporation may rely on a determination of comparable coverage and premium made by the producing agent who submits the application to the corporation made in its capacity as the corporation's agent. It is acceptable to make a comparison solely of the premium with respect to the main building or structure only, on the following basis: the same coverage A or other building limits; the same percentage hurricane deductible that applies on an annual basis or that applies to each hurricane for commercial residential property; the same percentage of ordinance and law coverage, if the same limit is offered by both the corporation and the authorized insurer; the same mitigation credits, to the extent the same types of credits are offered both by the corporation and the authorized insurer; the same method for loss payment, such as replacement cost or actual cash value, if the same method is offered both by the corporation and the authorized insurer in accordance with underwriting rules; and any other form or coverage that is reasonably comparable as determined by the board. If an application is submitted to the corporation for wind-only coverage in the high-risk account, the premium for the corporation's wind-only policy plus the premium for the ex-wind policy that is offered by an authorized insurer to the applicant shall be compared to the premium for multi-peril coverage offered by an authorized insurer, subject to the standards for comparison specified in this subparagraph. If the corporation or the applicant requests from the authorized insurer a breakdown of the premium of the offer by types of coverage so that a comparison may be made by the corporation or its agent and the authorized insurer refuses or is unable to provide such information, the corporation may treat the offer as not being an offer of coverage from an authorized insurer at the insurer's approved rate.

~~6. Must provide by July 1, 2007, that an application for coverage for a new policy is subject to a waiting period of 10 days before coverage is effective, during which time the corporation shall make such application available for review by general lines agents and authorized property and casualty insurers. The board shall approve an exception that allows for coverage to be effective before the end of the 10-day waiting period, for coverage issued in conjunction with a real estate closing. The board may approve such other exceptions as the board determines are necessary to prevent lapses in coverage.~~

6.7. Must include rules for classifications of risks and rates therefor.

7.8. Must provide that if premium and investment income for an account attributable to a particular calendar year are in excess of projected losses and expenses for the account attributable to that year, such excess shall be held in surplus in the account. Such surplus shall be available to defray deficits in that account as to future years and shall be used for that purpose prior to assessing assessable insurers and assessable insureds as to any calendar year.

8.9. Must provide objective criteria and procedures to be uniformly applied for all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following shall be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the corporation shall be construed as the private placement of insurance, and the provisions of chapter 120 shall not apply.

9.10. Must provide that the corporation shall make its best efforts to procure catastrophe reinsurance at reasonable rates, to cover its projected 100-year probable maximum loss as determined by the board of governors.

10.11. Must provide that in the event of regular deficit assessments under sub-subparagraph (b)3.a. or sub-subparagraph (b)3.b., in the personal lines account, the commercial lines residential account, or the high-risk account, the corporation shall levy upon corporation policyholders in its next rate filing, or by a separate rate filing solely for this purpose, a Citizens policyholder surcharge arising from a regular assessment in such account in a percentage equal to the total amount of such regular assessments divided by the aggregate statewide direct written premium for subject lines of business for the prior calendar year. For purposes of calculating the Citizens policyholder surcharge to be levied under this subparagraph, the total amount of the regular assessment to which this surcharge is related shall be determined as set forth in subparagraph (b)3., without deducting the estimated Citizens policyholder surcharge. Citizens policyholder surcharges under this subparagraph are not considered premium and are not subject to commissions, fees, or premium taxes; however, failure to pay a market equalization surcharge shall be treated as failure to pay premium.

11.12. The policies issued by the corporation must provide that, if the corporation or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates, the risk is no longer eligible for renewal through the corporation, except as otherwise provided in this subsection.

12.13. Corporation policies and applications must include a notice that the corporation policy could, under this section, be replaced with a policy issued by an authorized insurer that does not provide coverage identical to the coverage provided by the corporation. The notice shall also specify that acceptance of corporation coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

13.14. May establish, subject to approval by the office, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes to the eligibility requirements and operational procedures are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods would continue to have access to coverage from the corporation. When coverage is sought in connection with a real property transfer, such requirements and procedures shall not provide for an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

14.15. Must provide that, with respect to the high-risk account, any assessable insurer with a surplus as to policyholders of \$25 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A regular assessment levied by the corporation on a limited apportionment company for a deficit incurred by the corporation for the high-risk account in 2006 or thereafter may be paid to the corporation on a monthly basis as the assessments are collected by the limited apportionment company from its insureds pursuant to s. 627.3512, but the regular assessment must be paid in full within 12 months after being levied by the corporation. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)3.d. The plan shall provide that, if the office determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the office may direct that all or part of such assessment be deferred as provided in subparagraph (g)4. However, there shall be no limitation or deferment of an emergency assessment to be collected from policyholders under sub-subparagraph (b)3.d.

15.16. Must provide that the corporation appoint as its licensed agents only those agents who also hold an appointment as defined in s. 626.015(3) with an insurer who at the time of the agent's initial appointment by the corporation is authorized to write and is actually writing personal lines residential property coverage, commercial residential property coverage, or commercial nonresidential property coverage within the state.

16.17. Must provide, by July 1, 2007, a premium payment plan option to its policyholders which allows *at a minimum* for quarterly and semiannual payment of premiums. *A monthly payment plan may, but is not required to, be offered.*

17.18. Must provide, effective June 1, 2007, that the corporation contract with each insurer providing the non-wind coverage for risks insured by the corporation in the high-risk account, requiring that the insurer provide claims adjusting services for the wind coverage provided by the corporation for such risks. An insurer is required to enter into this contract as a condition of providing non-wind coverage for a risk that is insured by the corporation in the high-risk account unless the board *approves an exemption for good cause finds, after a hearing, that the insurer is not capable of providing adjusting services at an acceptable level of quality to corporation policyholders.* The terms and conditions of such contracts must be substantially the same as the contracts that the corporation executed with insurers under the "adjust-your-own" program in 2006, except as may be mutually agreed to by the parties and except for such changes that the board determines are necessary to ensure that claims are adjusted appropriately. The corporation shall provide a process for neutral arbitration of any dispute between the corporation and the insurer regarding the terms of the contract. The corporation shall review and monitor the performance of insurers under these contracts.

18.19. Must limit coverage on mobile homes or manufactured homes built prior to 1994 to actual cash value of the dwelling rather than replacement costs of the dwelling.

19.20. May provide such limits of coverage as the board determines, consistent with the requirements of this subsection.

20.21. May require commercial property to meet specified hurricane mitigation construction features as a condition of eligibility for coverage.

(d)1. All prospective employees for senior management positions, as defined by the plan of operation, are subject to background checks as a prerequisite for employment. The office shall conduct background checks on such prospective employees pursuant to ss. 624.34, 624.404(3), and 628.261.

2. On or before July 1 of each year, employees of the corporation are required to sign and submit a statement attesting that they do not have a conflict of interest, as defined in part III of chapter 112. As a condition of employment, all prospective employees are required to sign and submit to the corporation a conflict-of-interest statement.

3. Senior managers and members of the board of governors are subject to the provisions of ss. 112.313, 112.3135, 112.3143, 112.3145, 112.316, and 112.317 *which apply to political subdivisions of the state part III of chapter 112, including, but not limited to, the code of ethics and public disclosure and reporting of financial interests, pursuant to s. 112.3145. For purposes of the filing requirements in s. 112.3145, senior managers and board members are also required to file such disclosures with the Commission on Ethics and the Office of Insurance Regulation. The executive director of the corporation or his or her designee shall notify each newly appointed and existing appointed member of the board of governors and senior managers of their duty to comply with the reporting requirements of s. 112.3145 part III of chapter 112. At least quarterly, the executive director or his or her designee shall submit to the Commission on Ethics a list of names of the senior managers and members of the board of governors who are subject to the public disclosure requirements under s. 112.3145. Notwithstanding s. 112.313, if a member of the board of governors has been appointed by his or her appointing officer because of demonstrated expertise in insurance, such member may be an employee, officer, owner, or director of an insurance agency or insurance company or other insurance entity that has a contractual relationship with the corporation. Such board member may participate in and vote on a matter if the applicable provisions of s. 112.3143 are met and if the insurance entity would not obtain a special or unique benefit that would not apply to other similar insurance entities that have a contractual relationship with the corporation. For purposes of the applicable sections of chapter 112 cited in this subparagraph, senior managers of the corporation are subject to those provisions applicable to employees of political subdivisions of the state and board members are subject to those provisions applicable to appointed public officers or public officials of political subdivisions of the state and, for purposes of s. 112.3143(2), board members are considered state public officers.*

4. Notwithstanding s. 112.3148 or s. 112.3149, or any other provision of law, an employee or board member may not knowingly accept, directly or indirectly, any gift or expenditure from a person or entity, or an employee or representative of such person or entity, that has a contractual relationship with the corporation or who is under consideration for a contract. An employee or board member who fails to comply with *subparagraph 3. or this subparagraph is subject to penalties provided under s. ss. 112.317 and 112.3173.*

5. Any senior manager of the corporation who is employed on or after January 1, 2007, regardless of the date of hire, who subsequently retires or terminates employment is prohibited from representing another person or entity before the corporation for 2 years after retirement or termination of employment from the corporation.

6. Any senior manager ~~employee~~ of the corporation who is employed on or after January 1, 2007, regardless of the date of hire, who subsequently retires or terminates employment is prohibited from having any employment or contractual relationship for 2 years with an insurer that has received a take-out bonus *agreement with* ~~from~~ the corporation.

(j)1. The corporation shall establish and maintain a unit or division to investigate possible fraudulent claims by insureds or by persons making claims for services or repairs against policies held by insureds; or it may contract with others to investigate possible fraudulent claims for services or repairs against policies held by the corporation pursuant to s. 626.9891. The corporation must comply with reporting requirements of s. 626.9891. An employee of the corporation shall notify the *Corporation's Office of the Internal Auditor and the Division of Insurance Fraud* within 48 hours after having information that would lead a reasonable person to suspect that fraud may have been committed by any employee of the corporation.

2. The corporation shall establish a unit or division responsible for receiving and responding to consumer complaints, which unit or division is the sole responsibility of a senior manager of the corporation.

(m)1. Rates for coverage provided by the corporation shall be actuarially sound and subject to the requirements of s. 627.062, except as otherwise provided in this paragraph. The corporation shall file its recommended rates with the office at least annually. The corporation shall provide any additional information regarding the rates which the office requires. The office shall consider the recommendations of the board and issue a final order establishing the rates for the corporation within 45 days after the recommended rates are filed. The corporation may not pursue an administrative challenge or judicial review of the final order of the office.

2. In addition to the rates otherwise determined pursuant to this paragraph, the corporation shall impose and collect an amount equal to the premium tax provided for in s. 624.509 to augment the financial resources of the corporation.

3. After the public hurricane loss-projection model under s. 627.06281 has been found to be accurate and reliable by the Florida Commission on Hurricane Loss Projection Methodology, that model shall serve as the minimum benchmark for determining the windstorm portion of the corporation's rates. This subparagraph does not require or allow the corporation to adopt rates lower than the rates otherwise required or allowed by this paragraph.

4. The rate filings for the corporation which were approved by the office and which took effect January 1, 2007, are rescinded, except for those rates that were lowered. As soon as possible, the corporation shall begin using the lower rates that were in effect on December 31, 2006, and shall provide refunds to policyholders who have paid higher rates as a result of that rate filing. The rates in effect on December 31, 2006, shall remain in effect *through at least December 31, 2007, for the 2007 calendar year* except for any rate change that results in a lower rate. The next rate change that may increase rates shall *be filed with the office by take effect January 1, 2008, pursuant to a new rate filing recommended by the corporation and established by the office,* subject to the requirements of this paragraph.

(n) If coverage in an account is deactivated pursuant to paragraph (f), coverage through the corporation shall be reactivated by order of the office only under one of the following circumstances:

1. If the market assistance plan receives a minimum of 100 applications for coverage within a 3-month period, or 200 applications for coverage within a 1-year period or less for residential coverage, unless the market assistance plan provides a quotation from admitted carriers at their filed rates for at least 90 percent of such applicants. Any market assistance plan application that is rejected because an individual risk is so hazardous as to be uninsurable using the criteria specified in subparagraph (c)8. shall not be included in the minimum percentage calculation provided herein. In the event that there is a legal or administrative challenge to a determination by the office that the conditions of this subparagraph have been met for eligibility for coverage in the corporation, any eligible risk may obtain coverage during the pendency of such challenge.

2. In response to a state of emergency declared by the Governor under s. 252.36, the office may activate coverage by order for the period of the emergency upon a finding by the office that the emergency significantly affects the availability of residential property insurance.

(r)1. There shall be no liability on the part of, and no cause of action of any nature shall arise against, any assessable insurer or its agents or employees, the corporation or its agents or employees, members of the board of governors or their respective designees at a board meeting, corporation committee members, or the office or its representatives, for any action taken by them in the performance of their duties or responsibilities under this subsection. Such immunity does not apply to:

- a.1. Any of the foregoing persons or entities for any willful tort;
- b.2. The corporation or its producing agents for breach of any contract or agreement pertaining to insurance coverage;
- c.3. The corporation with respect to issuance or payment of debt; or
- d.4. Any assessable insurer with respect to any action to enforce an assessable insurer's obligations to the corporation under this subsection; or:

e. *The corporation in any pending or future action for breach of contract or for benefits under a policy issued by the corporation; in any such action, the corporation shall be liable to the policyholders and beneficiaries for attorney's fees under s. 627.428.*

2. *The corporation shall manage its claim employees, independent adjusters, and others who handle claims to ensure they carry out the corporation's duty to its policyholders to handle claims carefully, timely, diligently, and in good faith, balanced against the corporation's duty to the state to manage its assets responsibly to minimize its assessment potential.*

(v) Notwithstanding any other provision of law:

1. The pledge or sale of, the lien upon, and the security interest in any rights, revenues, or other assets of the corporation created or purported to be created pursuant to any financing documents to secure any bonds or other indebtedness of the corporation shall be and remain valid and enforceable, notwithstanding the commencement of and during the continuation of, and after, any rehabilitation, insolvency, liquidation, bankruptcy, receivership, conservatorship, reorganization, or similar proceeding against the corporation under the laws of this state.

2. No such proceeding shall relieve the corporation of its obligation, or otherwise affect its ability to perform its obligation, to continue to collect, or levy and collect, assessments, market equalization or other surcharges under subparagraph (c)10., or any other rights, revenues, or other assets of the corporation pledged pursuant to any financing documents.

3. Each such pledge or sale of, lien upon, and security interest in, including the priority of such pledge, lien, or security interest, any such assessments, market equalization or other surcharges, or other rights, revenues, or other assets which are collected, or levied and collected, after the commencement of and during the pendency of, or after, any such proceeding shall continue unaffected by such proceeding. As used in this subsection, the term "financing documents" means any agreement or agreements, instrument or instruments, or other document or documents now existing or hereafter created evidencing any bonds or other indebtedness of the corporation or pursuant to which any such bonds or other indebtedness has been or may be issued and pursuant to

which any rights, revenues, or other assets of the corporation are pledged or sold to secure the repayment of such bonds or indebtedness, together with the payment of interest on such bonds or such indebtedness, or the payment of any other obligation or financial product, as defined in the plan of operation of the corporation related to such bonds or indebtedness.

4. Any such pledge or sale of assessments, revenues, contract rights, or other rights or assets of the corporation shall constitute a lien and security interest, or sale, as the case may be, that is immediately effective and attaches to such assessments, revenues, or contract rights or other rights or assets, whether or not imposed or collected at the time the pledge or sale is made. Any such pledge or sale is effective, valid, binding, and enforceable against the corporation or other entity making such pledge or sale, and valid and binding against and superior to any competing claims or obligations owed to any other person or entity, including policyholders in this state, asserting rights in any such assessments, revenues, or contract rights or other rights or assets to the extent set forth in and in accordance with the terms of the pledge or sale contained in the applicable financing documents, whether or not any such person or entity has notice of such pledge or sale and without the need for any physical delivery, recordation, filing, or other action.

5. As long as the corporation has any bonds outstanding, the corporation may not file a voluntary petition under chapter 9 of the federal Bankruptcy Code or such corresponding chapter or sections as may be in effect, from time to time, and a public officer or any organization, entity, or other person may not authorize the corporation to be or become a debtor under chapter 9 of the federal Bankruptcy Code or such corresponding chapter or sections as may be in effect, from time to time, during any such period.

6. If ordered by a court of competent jurisdiction, the corporation may assume policies or otherwise provide coverage for policyholders of an insurer placed in liquidation under chapter 631, under such forms, rates, terms, and conditions as the corporation deems appropriate, subject to approval by the office.

(ff) *The office may establish a pilot program to offer optional sinkhole coverage in one or more counties or other territories of the corporation for the purpose of implementing s. 627.706, as amended by s. 30 of chapter 2007-1, Laws of Florida. Under the pilot program, the corporation is not required to issue a notice of nonrenewal to exclude sinkhole coverage upon the renewal of existing policies, but may exclude such coverage using a notice of coverage change.*

Section 14. Subsection (4) of section 627.3511, Florida Statutes, is amended to read:

627.3511 Depopulation of Citizens Property Insurance Corporation.—

(4) AGENT BONUS.—When the corporation enters into a contractual agreement for a take-out plan that provides a bonus to the insurer, the producing agent of record of the corporation policy is entitled to retain any unearned commission on such policy, and the insurer shall either:

(a) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(b) Offer to allow the producing agent of record of the corporation policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with paragraph (a). The requirement of this subsection that the producing agent of record is entitled to retain the unearned commission on an association policy does not apply to a policy for which coverage has been provided in the association for 30 days or less or for which a cancellation notice has been issued pursuant to s. 627.351(6)(c)12. ~~s. 627.351(6)(e)11.~~ during the first 30 days of coverage.

Section 15. Paragraph (a) of subsection (3) of section 627.3515, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, is amended to read:

627.3515 Market assistance plan; property and casualty risks.—

(3)(a) The plan and the corporation shall develop a business plan and present it to the Financial Services Commission for approval by September 1, 2007, to provide for the implementation of an electronic database for the purpose of confirming eligibility pursuant to s. 627.351(6). *The business plan may provide that authorized insurers or agents of authorized insurers may submit to the plan or the corporation in electronic form, as determined by the plan or the corporation, information determined necessary by the plan or the corporation to deny coverage to risks ineligible for coverage by the corporation. Any authorized insurer submitting such information that results in a risk being denied coverage by the corporation is required to offer coverage to the risk at its approved rates, for the coverage and premium quoted, for at least 1 year.*

Section 16. Section 627.3517, Florida Statutes, is amended to read:

627.3517 Consumer choice.—

~~(1) Except as provided in subsection (2),~~ No provision of s. 627.351, s. 627.3511, or s. 627.3515 shall be construed to impair the right of any insurance risk apportionment plan policyholder, upon receipt of any keepout or take-out offer, to retain his or her current agent, so long as that agent is duly licensed and appointed by the insurance risk apportionment plan or otherwise authorized to place business with the insurance risk apportionment plan. This right shall not be canceled, suspended, impeded, abridged, or otherwise compromised by any rule, plan of operation, or depopulation plan, whether through keepout, take-out, midterm assumption, or any other means, of any insurance risk apportionment plan or depopulation plan, including, but not limited to, those described in s. 627.351, s. 627.3511, or s. 627.3515. The commission shall adopt any rules necessary to cause any insurance risk apportionment plan or market assistance plan under such sections to demonstrate that the operations of the plan do not interfere with, promote, or allow interference with the rights created under this section. If the policyholder's current agent is unable or unwilling to be appointed with the insurer making the take-out or keepout offer, the policyholder shall not be disqualified from participation in the appropriate insurance risk apportionment plan because of an offer of coverage in the voluntary market. An offer of full property insurance coverage by the insurer currently insuring either the ex-wind or wind-only coverage on the policy to which the offer applies shall not be considered a take-out or keepout offer. Any rule, plan of operation, or plan of depopulation, through keepout, take-out, midterm assumption, or any other means, of any property insurance risk apportionment plan under s. 627.351(2) or (6) is subject to ss. 627.351(2)(b) and (6)(c) and 627.3511(4).

~~(2) This section does not apply during the first 10 days after a new application for coverage has been submitted to Citizens Property Insurance Corporation under s. 627.351(6), whether or not coverage is bound during this period.~~

Section 17. Subsection (1) of section 627.4035, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, is amended to read:

627.4035 Cash payment of premiums; claims.—

(1) The premiums for insurance contracts issued in this state or covering risk located in this state shall be paid in cash consisting of coins, currency, checks, or money orders or by using a debit card, credit card, automatic electronic funds transfer, or payroll deduction plan. By July 1, 2007, insurers issuing personal lines residential and commercial property policies shall provide a premium payment plan option to their policyholders which allows for a *minimum* of quarterly and semiannual payment of premiums. *Insurers may, but are not required to, offer monthly payment plans.* Insurers issuing such policies must submit their premium payment plan option to the office for approval before use.

Section 18. Paragraph (b) of subsection (2) of section 627.4133, Florida Statutes, is amended, and subsection (7) is added to that section to read:

627.4133 Notice of cancellation, nonrenewal, or renewal premium.—

(2) With respect to any personal lines or commercial residential property insurance policy, including, but not limited to, any homeowner's, mobile home owner's, farmowner's, condominium association, condominium unit owner's, apartment building, or other policy covering a residential structure or its contents:

(b) The insurer shall give the named insured written notice of nonrenewal, cancellation, or termination at least 100 days prior to the effective date of the nonrenewal, cancellation, or termination. However, the insurer shall give at least 100 days' written notice, or written notice by June 1, whichever is earlier, for any nonrenewal, cancellation, or termination that would be effective between June 1 and November 30. The notice must include the reason or reasons for the nonrenewal, cancellation, or termination, except that:

1. When cancellation is for nonpayment of premium, at least 10 days' written notice of cancellation accompanied by the reason therefor shall be given. As used in this subparagraph, the term "nonpayment of premium" means failure of the named insured to discharge when due any of her or his obligations in connection with the payment of premiums on a policy or any installment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit, or failure to maintain membership in an organization if such membership is a condition precedent to insurance coverage. "Nonpayment of premium" also means the failure of a financial institution to honor an insurance applicant's check after delivery to a licensed agent for payment of a premium, even if the agent has previously delivered or transferred the premium to the insurer. If a dishonored check represents the initial premium payment, the contract and all contractual obligations shall be void ab initio unless the nonpayment is cured within the earlier of 5 days after actual notice by certified mail is received by the applicant or 15 days after notice is sent to the applicant by certified mail or registered mail, and if the contract is void, any premium received by the insurer from a third party shall be refunded to that party in full.

2. When such cancellation or termination occurs during the first 90 days during which the insurance is in force and the insurance is canceled or terminated for reasons other than nonpayment of premium, at least 20 days' written notice of cancellation or termination accompanied by the reason therefor shall be given except where there has been a material misstatement or misrepresentation or failure to comply with the underwriting requirements established by the insurer.

3. *The requirement for providing written notice of nonrenewal by June 1 of any nonrenewal that would be effective between June 1 and November 30 does not apply to the following situations, but the insurer remains subject to the requirement to provide such notice at least 100 days prior to the effective date of nonrenewal:*

a. *A policy that is nonrenewed due to a revision in the coverage for sinkhole losses and catastrophic ground cover collapse pursuant to s. 627.706, as amended by s. 30 of chapter 2007-1, Laws of Florida.*

b. *A policy that is nonrenewed by Citizens Property Insurance Corporation, pursuant to s. 627.351(6), for a policy that has been assumed by an authorized insurer offering replacement or renewal coverage to the policyholder.*

After the policy has been in effect for 90 days, the policy shall not be canceled by the insurer except when there has been a material misstatement, a nonpayment of premium, a failure to comply with underwriting requirements established by the insurer within 90 days of the date of effectuation of coverage, or a substantial change in the risk covered by the policy or when the cancellation is for all insureds under such policies for a given class of insureds. This paragraph does not apply to individually rated risks having a policy term of less than 90 days.

(7)(a) *Effective August 1, 2007, with respect to any residential property insurance policy, every notice of renewal premium must specify:*

1. *The dollar amounts recouped for assessments by the Florida Hurricane Catastrophe Fund, the Citizens Property Insurance Corporation, and the Florida Insurance Guaranty Association. The actual names of the entities must appear next to the dollar amounts.*

2. *The dollar amount of any premium increase that is due to a rate increase and the total dollar amount that is due to coverage changes.*

(b) *The Financial Services Commission may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement this subsection.*

Section 19. Paragraphs (a) and (c) of subsection (3) and paragraph (d) of subsection (4) of section 627.701, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, are amended, to read:

627.701 Liability of insureds; coinsurance; deductibles.—

(3)(a) Except as otherwise provided in this subsection, prior to issuing a personal lines residential property insurance policy, the insurer must offer alternative deductible amounts applicable to hurricane losses equal to \$500, 2 percent, 5 percent, and 10 percent of the policy dwelling limits, unless the specific percentage deductible is less than \$500. The written notice of the offer shall specify the hurricane ~~or wind~~ deductible to be applied in the event that the applicant or policyholder fails to affirmatively choose a hurricane deductible. The insurer must provide such policyholder with notice of the availability of the deductible amounts specified in this paragraph in a form approved by the office in conjunction with each renewal of the policy. The failure to provide such notice constitutes a violation of this code but does not affect the coverage provided under the policy.

(c) With respect to a policy covering a risk with dwelling limits of at least \$100,000, but less than \$250,000, the insurer may, in lieu of offering a policy with a \$500 hurricane ~~or wind~~ deductible as required by paragraph (a), offer a policy that the insurer guarantees it will not nonrenew for reasons of reducing hurricane loss for one renewal period and that contains up to a 2 percent hurricane ~~or wind~~ deductible as required by paragraph (a).

(4)

(d)1. A personal lines residential property insurance policy covering a risk valued at less than \$500,000 may not have a hurricane deductible in excess of 10 percent of the policy dwelling limits, unless the following conditions are met:

a. The policyholder must personally write and provide to the insurer the following statement in his or her own handwriting and sign his or her name, which must also be signed by every other named insured on the policy, and dated: “I do not want the insurance on my home to pay for the first (specify dollar value) of damage from hurricanes. I will pay those costs. My insurance will not.”

b. If the structure insured by the policy is subject to a mortgage or lien, the policyholder must provide the insurer with a written statement from the mortgageholder or lienholder indicating that the mortgageholder or lienholder approves the policyholder electing to have the specified deductible.

2. A deductible subject to the requirements of this paragraph applies for the term of the policy and for each renewal thereafter ~~unless the policyholder elects otherwise. Changes to the deductible percentage may be implemented only as of the date of renewal.~~

3. An insurer shall keep the original copy of the signed statement required by this paragraph, *electronically or otherwise*, and provide a copy to the policyholder providing the signed statement. A signed statement meeting the requirements of this paragraph creates a presumption that there was an informed, knowing election of coverage.

4. The commission shall adopt rules providing appropriate alternative methods for providing the statements required by this section for policyholders who have a handicapping or disabling condition that prevents them from providing a handwritten statement.

Section 20. Subsections (4) and (5) of section 627.70131, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, are amended to read:

627.70131 Insurer's duty to acknowledge communications regarding claims; investigation.—

(4) For purposes of this section, the term “claim” means any of the following:

(a) A claim under an insurance policy providing residential coverage as defined in s. 627.4025(1);

(b) A claim for structural or contents coverage under a commercial property insurance policy if the insured structure is 10,000 square feet or less; or

(c) A claim for contents coverage under a commercial tenants policy if the insured premises is 10,000 square feet or less. ~~“insurer” means any residential property insurer.~~

(5) Within 90 days after an insurer receives notice of a ~~property insurance~~ claim from a policyholder under a policy providing residential coverage as defined in s. 627.4025, the insurer shall pay or deny such claim or a portion of the claim unless the failure to pay such claim or a portion of the claim is caused by factors beyond the control of the insurer which reasonably prevent such payment. Any payment of a claim or portion of a claim paid 90 days after the insurer receives notice of the claim, or paid more than 15 days after there are no longer factors beyond the control of the insurer which reasonably prevented such payment, whichever is later, shall bear interest at the rate set forth in s. 55.03. Interest begins to accrue from the date the insurer receives notice of the claim. The provisions of this subsection may not be waived, voided, or nullified by the terms of the insurance policy. If there is a right to prejudgment interest, the insured shall select whether to receive prejudgment interest or interest under this subsection. Interest is payable when the claim or portion of the claim is paid. Failure to comply with this subsection constitutes a violation of this code.

Section 21. Subsections (2), (3), (4), and (5) of section 627.712, Florida Statutes, as created by chapter 2007-1, Laws of Florida, are amended to read:

627.712 Residential hurricane coverage required; availability of exclusions for windstorm or contents.—

(1) An insurer issuing a residential property insurance policy must provide ~~hurricane or~~ windstorm coverage as defined in s. 627.4025. This subsection does not apply with respect to risks that are eligible for wind-only coverage from Citizens Property Insurance Corporation under s. 627.351(6).

(2) A ~~property~~ An insurer that is subject to subsection (1) must make available, at the option of the policyholder, an exclusion of hurricane coverage or windstorm coverage as provided within the applicable policy. The coverage may be excluded only if:

(a)1. When the policyholder is a natural person, the policyholder personally writes and provides to the insurer the following statement in his or her own handwriting and signs his or her name, which must also be signed by every other named insured on the policy, and dated: “I do not want the insurance on my (home/mobile home/condominium unit) to pay for damage from windstorms or hurricanes. I will pay those costs. My insurance will not.”

2. When the policyholder is other than a natural person, the policyholder provides to the insurer on the policyholder's letterhead the following statement that must be signed by the policyholder's authorized representative and dated: “(Name of entity) does not want the insurance on its (type of structure) to pay for damage from windstorms or hurricanes. (Name of entity) will be responsible for these costs. (Name of entity's) insurance will not.”

(b) If the structure insured by the policy is subject to a mortgage or lien, the policyholder must provide the insurer with a written statement from the mortgageholder or lienholder indicating that the mortgageholder or lienholder approves the policyholder electing to exclude windstorm coverage or hurricane coverage from his or her or its residential property insurance policy.

(3) An insurer issuing a residential property insurance policy, except for a condominium unit owner's policy or a tenant's policy, must make available, at the option of the policyholder, an exclusion of coverage for the contents. The coverage may be excluded only if the policyholder personally writes and provides to the insurer the following statement in his or her own handwriting and signs his or her signature, which must also be signed by every other named insured on the policy, and dated: “I do not want the insurance on my (home/mobile home) to pay for the costs to repair or replace any contents that are damaged. I will pay those costs. My insurance will not.”

(4) An insurer shall keep the original copy of a signed statement required by this section, *electronically or otherwise*, and provide a copy to the policyholder providing the signed statement. A signed statement meeting the requirements of this section creates a presumption that there was an informed, knowing rejection of coverage.

(5) The exclusions authorized by this section apply for the term of the policy and for each renewal thereafter. Changes to the exclusions authorized by this section may be implemented only as of the date of renewal.

~~The exclusions authorized by this section are valid for the term of the contract and for each renewal unless the policyholder elects otherwise.~~

Section 22. Section 627.713, Florida Statutes, as created by chapter 2007-1, Laws of Florida, is amended to read:

627.713 Report of hurricane loss data.—

(1) The office may require property insurers to report data regarding hurricane claims and underwriting costs, including, but not limited to:

- ~~(a)(1)~~ Number of claims.
- ~~(b)(2)~~ Amount of claim payments made.
- ~~(c)(3)~~ Number and amount of total-loss claims.
- ~~(d)(4)~~ Amount and percentage of losses covered by reinsurance or other loss-transfer agreements.
- ~~(e)(5)~~ Amount of losses covered under specified deductibles.
- ~~(f)(6)~~ Claims and payments for specified insured values.
- ~~(g)(7)~~ Claims and payments for specified dollar values.
- ~~(h)(8)~~ Claims and payments for specified types of construction or mitigation features.
- ~~(i)(9)~~ Claims and payments for policies under specified underwriting criteria.
- ~~(j)(10)~~ Claims and payments for contents, additional living expense, and other specified coverages.
- ~~(k)(11)~~ Claims and payments by county for the information specified in this section.
- ~~(l)(12)~~ Any other data that the office requires.

(2) *The office may not require a property insurer to report the data specified in paragraphs (1)(f), (g), (h), or (i) for a particular year until January of the following year or later.*

Section 23. Subsections (4) and (5) of section 627.7277, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, are amended to read:

627.7277 Notice of renewal premium.—

- ~~(4) Every notice of renewal premium must specify:~~
 - ~~(a) The dollar amounts recouped for assessments by the Florida Hurricane Catastrophe Fund, the Citizens Property Insurance Corporation, and the Florida Insurance Guaranty Association. The actual names of the entities must appear next to the dollar amounts.~~
 - ~~(b) The dollar amount of any premium increase that is due to a rate increase and the dollar amounts that are due to coverage changes.~~
- ~~(5) The Financial Services Commission may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement this section.~~

Section 24. Section 631.52, Florida Statutes, is amended to read:

631.52 Scope.—This part shall apply to all kinds of direct insurance, except:

- (1) Life, annuity, health, or disability insurance;
- (2) Mortgage guaranty, financial guaranty, or other forms of insurance offering protection against investment risks;
- (3) Fidelity or surety bonds, or any other bonding obligations;
- (4) Credit insurance, vendors' single interest insurance, or collateral protection insurance or any similar insurance protecting the interests of a creditor arising out of a creditor-debtor transaction;
- (5) Warranty, including motor vehicle service, home warranty, or service warranty;

(6) Ambulance service, health care service, or preneed funeral merchandise or service;

(7) Optometric service plan, pharmaceutical service plan, or dental service plan;

- (8) Legal expense;
- (9) Health maintenance, prepaid health clinic, or continuing care;
- (10) Ocean marine or wet marine insurance;
- (11) Self-insurance and any kind of self-insurance fund, liability pool, or risk management fund;
- (12) Title insurance;
- (13) Surplus lines;
- (14) Workers' compensation;
- (15) Any transaction or combination of transactions between a person, including affiliates of such person, and an insurer, including affiliates of such insurer, which involves the transfer of investment or credit risk unaccompanied by the transfer of insurance risk; or
- (16) Any insurance provided by or guaranteed by government.

Section 25. Paragraph (e) of subsection (3) of section 631.57, Florida Statutes, as amended by chapter 2007-1, Laws of Florida, is amended to read:

631.57 Powers and duties of the association.—

- (3)
 - (e)1.a. In addition to assessments otherwise authorized in paragraph (a) and to the extent necessary to secure the funds for the account specified in s. 631.55(2)(c) for the direct payment of covered claims of ~~insurers rendered insolvent by the effects of a hurricane homeowners' insurers~~ and to pay the reasonable costs to administer such claims, or to retire indebtedness, including, without limitation, the principal, redemption premium, if any, and interest on, and related costs of issuance of, bonds issued under s. 631.695 and the funding of any reserves and other payments required under the bond resolution or trust indenture pursuant to which such bonds have been issued, the office, upon certification of the board of directors, shall levy emergency assessments upon insurers holding a certificate of authority. The emergency assessments payable under this paragraph by any insurer shall not exceed in any single year more than 2 percent of that insurer's direct written premiums, net of refunds, in this state during the preceding calendar year for the kinds of insurance within the account specified in s. 631.55(2)(c).

b. Any emergency assessments authorized under this paragraph shall be levied by the office upon insurers referred to in subparagraph a., upon certification as to the need for such assessments by the board of directors. In the event the board of directors participates in the issuance of bonds in accordance with s. 631.695, emergency assessments shall be levied in each year that bonds issued under s. 631.695 and secured by such emergency assessments are outstanding, in such amounts up to such 2-percent limit as required in order to provide for the full and timely payment of the principal of, redemption premium, if any, and interest on, and related costs of issuance of, such bonds. The emergency assessments provided for in this paragraph are assigned and pledged to the municipality, county, or legal entity issuing bonds under s. 631.695 for the benefit of the holders of such bonds, in order to enable such municipality, county, or legal entity to provide for the payment of the principal of, redemption premium, if any, and interest on such bonds, the cost of issuance of such bonds, and the funding of any reserves and other payments required under the bond resolution or trust indenture pursuant to which such bonds have been issued, without the necessity of any further action by the association, the office, or any other party. To the extent bonds are issued under s. 631.695 and the association determines to secure such bonds by a pledge of revenues received from the emergency assessments, such bonds, upon such pledge of revenues, shall be secured by and payable from the proceeds of such emergency assessments, and the proceeds of emergency assessments levied under this paragraph shall be remitted directly to and administered by the trustee or custodian appointed for such bonds.

c. Emergency assessments under this paragraph may be payable in a single payment or, at the option of the association, may be payable in 12 monthly installments with the first installment being due and payable at the end of the month after an emergency assessment is levied and subsequent installments being due not later than the end of each succeeding month.

d. If emergency assessments are imposed, the report required by s. 631.695(7) shall include an analysis of the revenues generated from the emergency assessments imposed under this paragraph.

e. If emergency assessments are imposed, the references in subparagraph (1)(a)3.b. and s. 631.695(2) and (7) to assessments levied under paragraph (a) shall include emergency assessments imposed under this paragraph.

2. In order to ensure that insurers paying emergency assessments levied under this paragraph continue to charge rates that are neither inadequate nor excessive, within 90 days after being notified of such assessments, each insurer that is to be assessed pursuant to this paragraph shall submit a rate filing for coverage included within the account specified in s. 631.55(2)(c) and for which rates are required to be filed under s. 627.062. If the filing reflects a rate change that, as a percentage, is equal to the difference between the rate of such assessment and the rate of the previous year's assessment under this paragraph, the filing shall consist of a certification so stating and shall be deemed approved when made. Any rate change of a different percentage shall be subject to the standards and procedures of s. 627.062.

3. In the event the board of directors participates in the issuance of bonds in accordance with s. 631.695, an annual assessment under this paragraph shall continue while the bonds issued with respect to which the assessment was imposed are outstanding, including any bonds the proceeds of which were used to refund bonds issued pursuant to s. 631.695, unless adequate provision has been made for the payment of the bonds in the documents authorizing the issuance of such bonds.

4. Emergency assessments under this paragraph are not premium and are not subject to the premium tax, to any fees, or to any commissions. An insurer is liable for all emergency assessments that the insurer collects and shall treat the failure of an insured to pay an emergency assessment as a failure to pay the premium. An insurer is not liable for uncollectible emergency assessments.

Section 26. Paragraphs (g), (h), and (i) of subsection (1), and subsections (2) and (6) of section 631.695, Florida Statutes, are amended to read:

631.695 Revenue bond issuance through counties or municipalities.—

(1) The Legislature finds:

(g) To achieve the foregoing purposes, it is proper to authorize municipalities and counties of this state ~~substantially affected by the landfall of a hurricane~~ to issue bonds to assist the Florida Insurance Guaranty Association in expediting the handling and payment of covered claims of insolvent insurers.

(h) In order to avoid the needless and indiscriminate proliferation, duplication, and fragmentation of such assistance programs, it is in the best interests of the residents of this state to authorize municipalities and counties ~~severely affected by a hurricane~~ to provide for the payment of covered claims beyond their territorial limits in the implementation of such programs.

(i) It is a paramount public purpose for municipalities and counties ~~substantially affected by the landfall of a hurricane~~ to be able to issue bonds for the purposes described in this section. Such issuance shall provide assistance to residents of those municipalities and counties as well as to other residents of this state.

(2) The governing body of any municipality or county, ~~the residents of which have been substantially affected by a hurricane~~, may issue bonds to fund an assistance program in conjunction with, and with the consent of, the Florida Insurance Guaranty Association for the purpose of paying claimants' or policyholders' covered claims, as defined in s. 631.54, arising through the insolvency of an insurer, which insolvency is determined by the Florida Insurance Guaranty Association to have

been a result of a hurricane, regardless of whether the claimants or policyholders are residents of such municipality or county or the property to which the claim relates is located within or outside the territorial jurisdiction of the municipality or county. The power of a municipality or county to issue bonds, as described in this section, is in addition to any powers granted by law and may not be abrogated or restricted by any provisions in such municipality's or county's charter. A municipality or county issuing bonds for this purpose shall enter into such contracts with the Florida Insurance Guaranty Association or any entity acting on behalf of the Florida Insurance Guaranty Association as are necessary to implement the assistance program. Any bonds issued by a municipality or county or a combination thereof under this subsection shall be payable from and secured by moneys received by or on behalf of the municipality or county from assessments levied under s. 631.57(3)(a) and assigned and pledged to or on behalf of the municipality or county for the benefit of the holders of the bonds in connection with the assistance program. The funds, credit, property, and taxing power of the state or any municipality or county shall not be pledged for the payment of such bonds.

(6) Two or more municipalities or counties, ~~the residents of which have been substantially affected by a hurricane~~, may create a legal entity pursuant to s. 163.01(7)(g) to exercise the powers described in this section as well as those powers granted in s. 163.01(7)(g). References in this section to a municipality or county includes such legal entity.

Section 27. *Notwithstanding section 9 of chapter 2007-1, Laws of Florida, the internal design option provided in Section 1609.1.4.1, Florida Building Code, Building Volume, and Section R301.2.1.2, Florida Building Code, Residential Volume, shall remain in effect until June 1, 2007, for a building permit application made before that date.*

Section 28. *Section 27 of this act shall take effect upon becoming a law and applies retroactively to January 25, 2007, the effective date of chapter 2007-1, Laws of Florida. Section 27 of this act applies to any action taken with respect to a building permit affected by section 9 of chapter 2007-1, Laws of Florida, including any actions, legal or ministerial, pertaining to the issuance, revocation, or modifications of any building permit initiated or issued before, on, or after January 25, 2007, or pending as of January 25, 2007. If the retroactivity of any provision of Section 27 of this act or its retroactive application to any person or circumstance is held invalid, the invalidity does not affect the retroactivity or retroactive application of other provisions of Section 27 of this act.*

Section 29. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to hurricane preparedness and insurance; amending s. 163.01, F.S.; correcting a cross-reference; amending s. 215.555, F.S., relating to the Florida Hurricane Catastrophe Fund; revising certain requirements for reimbursement contracts; authorizing limited apportionment companies to purchase additional coverage from the fund; continuing procedures for Citizens Property Insurance Corporation to obtain coverage for policies of an insurer placed in liquidation; postponing the repeal of the exemption from emergency assessments for medical malpractice insurance premiums; revising criteria, requirements, and limitations on temporary emergency options for additional coverage under the Florida Hurricane Catastrophe Fund; amending s. 215.5595, F.S.; providing eligibility of certain insurers for a surplus note from the Insurance Capital Build-Up Incentive Program; providing an aggregate requirement; revising a definition; amending s. 624.407, F.S.; revising an insurer criterion for capital funds requirements for new insurers; amending s. 626.2815, F.S.; authorizing a licensee to take the final examination for continuing education courses by various specified methods; amending s. 626.914, F.S.; revising the definition of the term "diligent effort"; amending s. 626.916, F.S.; providing requirements for insurance coverage eligible for export for residential property risks; requiring that the insured be notified that coverage may be available from Citizens Property Insurance Corporation; amending s. 626.9201, F.S.; defining the term "nonpayment of premium"; providing additional criterion for cancellation for nonpayment of premium; amending s. 626.9541, F.S.; providing that certain violations of state law and the failure to pay undisputed amounts of partial or full benefits under first-party property insurance policies within a specified period constitute unfair claim settlement practices; amending s. 627.0613, F.S.; limiting application of certain annual report card preparation powers of the consumer advocate

to personal residential property insurers; amending s. 627.062, F.S.; specifying an effective date of application of certain “file and use” requirements for rate filing for certain insurers; prohibiting an insurer from including certain interest paid in the insurer’s rate base; DISCLOSURE

I am disclosing that I am “of counsel” to Akerman Senterfitt, a large law firm with 500 or so attorneys and consultants that provide legal services to clients from 10 offices around the United States.

One of the firm’s clients is Flagler Dog Track. Flagler is one of a small group of Florida pari-mutuel entities that could be specially and beneficially affected by any number of pari-mutual bills that are on the calendar during the final two days of this regular session.

I believe that because the class benefited by the legislation is so small, that, in an abundance of caution, I am well advised to take the prudent course and make this disclosure as provided in Senate Rule 1.39.

Senator Webster moved the following amendment which was adopted by two-thirds vote:

Amendment 1 (365766)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Section 320.20, Florida Statutes, is amended to read:

320.20 Disposition of license tax moneys.—The revenue derived from the registration of motor vehicles, including any delinquent fees and excluding those revenues collected and distributed under the provisions of s. 320.081, must be distributed monthly, as collected, as follows:

(1) The first proceeds, to the extent necessary to comply with the provisions of s. 18, Art. XII of the State Constitution of 1885, as adopted by s. 9(d), Art. XII, 1968 revised constitution, and the additional provisions of s. 9(d) and s. 1010.57, must be deposited in the district Capital Outlay and Debt Service School Trust Fund.

(2) Twenty-five million dollars per year of such revenues must be deposited in the State Transportation Trust Fund, with priority use assigned to completion of the interstate highway system. However, any excess funds may be utilized for general transportation purposes, consistent with the Department of Transportation's legislatively approved objectives.

(3) Notwithstanding any other provision of law except subsections (1) and (2), on July 1, 1996, and annually thereafter, \$15 million shall be deposited in the State Transportation Trust Fund solely for the purposes of funding the Florida Seaport Transportation and Economic Development Program as provided for in chapter 311. Upon the issuance of bonds pursuant to s. 311.23 which legally defease all outstanding Florida Ports Financing Commission Series 1996 Bonds, such deposit shall be subject to appropriation. Such revenues shall be distributed to any port listed in s. 311.09(1), to be used for funding projects as follows:

(a) For any seaport intermodal access projects that are identified in the tentative work program of the Department of Transportation for the 2007-2008 to 2011-2012 fiscal years, up to the amounts needed to offset the funding requirements of this section.

(b) For seaport intermodal access projects as described in s. 341.053(6) which are identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3), funding shall require at least a 25

percent match of the funds received pursuant to this subsection. Matching funds shall come from any port funds, federal funds, local funds, or private funds.

(c) For seaport projects as described in s. 311.07(3)(b), funds shall be provided on a 50-50 matching basis.

(d) For seaport intermodal access projects that involve the dredging or deepening of channels, turning basins, or harbors, or the construction or rehabilitation of wharves, docks, or similar structures, funding shall require at least a 25 percent match of the funds received pursuant to this subsection. Matching funds shall come from any port funds, federal funds, local funds, or private funds. ~~on a 50-50 matching basis to any port listed in s. 311.09(1) to be used for funding projects as described in s. 311.07(3)(b).~~

Such revenues may be assigned, pledged, or set aside as a trust for the payment of principal or interest on bonds issued pursuant to s. 311.23, ~~tax anticipation certificates, or any other form of indebtedness issued by an individual port or appropriate local government having jurisdiction thereof, or collectively by interlocal agreement among any of the ports, or used to purchase credit support to permit such borrowings.~~ However, such debt shall not constitute a general obligation of the State of Florida. The state does hereby covenant with holders of such revenue bonds or other instruments of indebtedness issued hereunder that it will not repeal or impair or amend in any manner that which will materially and adversely affects affect the rights of such holders so long as bonds authorized by this section are outstanding. Any revenues which are not pledged to the repayment of bonds as authorized by this section may be utilized for purposes authorized under the Florida Seaport Transportation and Economic Development Program. This revenue source is in addition to any amounts provided for and appropriated in accordance with s. 311.07. The Florida Seaport Transportation and Economic Development Council shall submit to the Department of Transportation a list of strategic transportation, economic development, and freight mobility projects that contribute to the economic growth of the state and that ~~approve distribution of funds to ports for projects which~~ have been approved pursuant to s. 311.09(5)-(9). The council and the Department of Transportation shall mutually agree upon the prioritization and selection of projects for funding. The Department of Transportation shall include the selected projects for funding in the tentative work program developed pursuant to s. 339.135. The council and the Department of Transportation are authorized to perform such acts as are required to facilitate and implement the provisions of this subsection, including the funding of approved projects through the use of other state funding programs, local contributions from seaports, and the creative use of federal funds. To better enable the ports to cooperate for to their mutual advantage, the governing body of each port may exercise powers provided to municipalities or counties in s. 163.01(7)(d) subject to the provisions of chapter 311 and special acts, if any, pertaining to a port. The use of funds provided pursuant to this subsection are limited to eligible projects listed in this subsection. Income derived from a project completed with the use of program funds, beyond operating costs and debt service, shall be restricted to furthering further port capital improvements consistent with maritime purposes and for no other purpose. Use of such income for nonmaritime purposes is prohibited. The provisions of s. 311.07(4) do not apply to any funds received pursuant to this subsection. The Department of Transportation is authorized, pursuant to s. 311.23, to request the issuance of bonds pledging the revenues provided in this subsection and subsectionS (4) and (5) including bonds issued to refund the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds. All bonds issued pursuant to this subsection shall mature by June 1, 2037. ~~The revenues available under this subsection shall not be pledged to the payment of any bonds other than the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds currently outstanding; provided, however, such revenues may be pledged to secure payment of refunding bonds to refinance the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds. No Refunding bonds secured by revenues available under this subsection may not be issued with a final maturity later than the final maturity of the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds or which provide for higher debt service in any year than is currently payable on such bonds. Any revenue bonds or other indebtedness issued after July 1, 2000, other than refunding bonds shall be issued by the Division of Bond Finance at the request of the Department of Transportation pursuant to the State Bond Act.~~

(4) Notwithstanding any other provision of law except subsections (1), (2), and (3), on July 1, 1999, and annually thereafter, \$10 million

shall be deposited *annually into* in the State Transportation Trust Fund solely for the purposes of funding the Florida Seaport Transportation and Economic Development Program as provided in chapter 311 and for funding seaport intermodal access projects of statewide significance as provided in s. 341.053. *Upon the issuance of bonds pursuant to s. 311.23 which legally defease all outstanding Florida Ports Financing Commission Series 1999 Bonds, such deposit shall be subject to appropriation.* Such revenues shall be distributed to any port listed in s. 311.09(1), to be used for funding projects as follows:

(a) For any seaport intermodal access projects that are identified in the 1997-1998 Tentative Work Program of the Department of Transportation, up to the amounts needed to offset the funding requirements of this section.

(b) For seaport intermodal access projects as described in s. 341.053(5) that are identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3). Funding for such projects shall be on a matching basis as mutually determined by the Florida Seaport Transportation and Economic Development Council and the Department of Transportation, provided a minimum of 25 percent of total project funds *comes shall come* from any port funds, local funds, private funds, or specifically earmarked federal funds.

(c) On a 50-50 matching basis for projects as described in s. 311.07(3)(b).

(d) For seaport intermodal access projects that involve the dredging or deepening of channels, turning basins, or harbors, or the construction or rehabilitation of wharves, docks, or similar structures. Funding for such projects shall require a 25-percent match of the funds received pursuant to this subsection. Matching funds *must shall* come from any port funds, federal funds, local funds, or private funds.

Such revenues may be assigned, pledged, or set aside as a trust for the payment of principal or interest on bonds *issued pursuant to s. 311.23; tax anticipation certificates, or any other form of indebtedness issued by an individual port or appropriate local government having jurisdiction thereof, or collectively by interlocal agreement among any of the ports, or used to purchase credit support to permit such borrowings.* However, such debt *does shall* not constitute a general obligation of the state. This state does hereby covenant with holders of such revenue bonds or other instruments of indebtedness issued hereunder that it will not repeal or impair or amend this subsection in any manner *that which will* materially and adversely *affects affect* the rights of holders so long as bonds authorized by this subsection are outstanding. Any revenues that are not pledged to the repayment of bonds *as authorized by this section* may be *used utilized* for purposes authorized under the Florida Seaport Transportation and Economic Development Program. This *revenue source* is in addition to any amounts provided for and appropriated in accordance with s. 311.07 and subsection (3). The Florida Seaport Transportation and Economic Development Council shall *submit to the Department of Transportation a list of strategic transportation, economic development, and freight mobility projects that contribute to the economic growth of the state and approve distribution of funds to ports for projects that have been approved pursuant to s. 311.09(5)-(9), or that have been approved for seaport intermodal access projects identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3) and mutually agreed upon by the FSTED Council and the Department of Transportation.* The council and the Department of transportation shall mutually agree upon the prioritization and selection of projects for funding. The Department of Transportation shall include the selected projects for funding in the tentative work program developed pursuant to s. 339.135. All contracts for actual construction of projects authorized by this subsection must include a provision encouraging employment of participants in the welfare transition program. The goal for employment of participants in the welfare transition program is 25 percent of all new employees employed specifically for the project, unless the Department of Transportation and the Florida Seaport Transportation and Economic Development Council demonstrate that such a requirement would severely hamper the successful completion of the project. In such an instance, Workforce Florida, Inc., shall establish an appropriate percentage of employees that must be participants in the welfare transition program. The council and the Department of Transportation are authorized to perform such acts as are required to facilitate and implement the provisions of this subsection, *including the funding of approved projects through the use of other state funding programs, local contributions from seaports, and the creative use of federal funds.* To better enable the ports to cooperate *for to* their mutual advantage, the governing body of each

port may exercise powers provided to municipalities or counties in s. 163.01(7)(d) subject to the provisions of chapter 311 and special acts, if any, pertaining to a port. The use of funds provided pursuant to this subsection is limited to eligible projects listed in this subsection. The provisions of s. 311.07(4) do not apply to any funds received pursuant to this subsection. *The Department of Transportation is authorized, pursuant to s. 311.23, to request the issuance of bonds pledging the revenues provided in subsections (3) and (5) and this subsection, including bonds issued to refund the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds. All bonds issued pursuant to this subsection shall mature by June 1, 2037. The revenues available under this subsection shall not be pledged to the payment of any bonds other than the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds currently outstanding; provided, however, such revenues may be pledged to secure payment of refunding bonds to refinance the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds.* No refunding bonds secured by revenues available under this subsection may be issued with a final maturity later than the final maturity of the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds or which provide for higher debt service in any year than is currently payable on such bonds. *Any revenue bonds or other indebtedness issued after July 1, 2000, other than refunding bonds shall be issued by the Division of Bond Finance at the request of the Department of Transportation pursuant to the State Bond Act.*

(5) *Notwithstanding any other provision of law except subsections (1), (2), (3), and (4), on July 1, 2008, and annually thereafter, \$3 million shall be deposited into the State Transportation Trust Fund solely to fund the Florida Seaport Transportation and Economic Development Program as provided in chapter 311 and to fund seaport intermodal access projects of statewide significance as provided in s. 341.053. Such deposit shall be subject to appropriation. The revenues shall be distributed to any port listed in s. 311.09(1), to be used for funding projects as follows:*

(a) For any seaport intermodal access projects that are identified in the tentative work program of the Department of Transportation for the 2007-2008 to 2011-2012 fiscal years, up to the amounts needed to offset the funding requirements of this section.

(b) For seaport intermodal access projects described in s.341.053(6) which are identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3), funding shall require at least a 25 percent match of the funds received pursuant to this subsection. Matching funds must come from any port funds, federal funds, local funds, or private funds.

(c) On a 50-50 matching basis for projects described in s. 311.07(3)(b).

(d) For seaport intermodal access projects that involve the dredging or deepening of channels, turning basins, or harbors, or the construction or rehabilitation of wharves, docks, or similar structures, funding shall require at least a 25 percent match of the funds received pursuant to this subsection. Matching funds must come from any port funds, federal funds, local funds, or private funds.

Such revenues may be assigned, pledged, or set aside as a trust for the payment of principal or interest on bonds issued pursuant to s. 311.23. However, such debt does not constitute a general obligation of the state. The state covenants with holders of such bonds that it will not repeal or impair or amend this subsection in any manner that materially and adversely affects the rights of holders so long as bonds authorized by this subsection are outstanding. Any revenues that are not pledged for the repayment of bonds may be used for purposes authorized under the Florida Seaport Transportation and Economic Development Program. This is in addition to any amounts provided for and appropriated in accordance with s. 311.07 and subsections (3) and (4). The Florida Seaport Transportation and Economic Development Council shall submit to the Department of Transportation a list of strategic transportation, economic development, and freight mobility projects that contribute to the economic growth of the state and that have been approved pursuant to s. 311.09(5)-(9), or that have been approved for seaport intermodal access projects identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3). The council and the Department of Transportation shall mutually agree upon the prioritization and selection of projects for funding. The Department of Transportation shall include the selected projects for funding in the tentative work program developed pursuant to s. 339.135. The council and the Department of Transportation may perform such acts as are required to facilitate and implement this subsection, *including the funding of approved projects through the use of other*

state funding programs, local contributions from seaports, and the creative use of federal funds. To better enable the ports to cooperate for their mutual advantage, the governing body of each port may exercise powers provided to municipalities or counties in s. 163.01(7)(d), subject to chapter 311 and any special acts pertaining to the port. The use of funds provided under this subsection is limited to eligible projects listed in this subsection. The Department of Transportation is authorized, pursuant to s. 311.23, to request the issuance of bonds pledging the revenues provided in subsections (3), (4), and (5). All bonds secured by revenues under subsection (5) shall mature by July 1, 2037.

(6)(5)(a) Except as provided in paragraph (c), the remainder of such revenues must be deposited in the State Transportation Trust Fund.

(b) ~~Each month~~ the Chief Financial Officer ~~each month~~ shall deposit in the State Transportation Trust Fund an amount, drawn from other funds in the State Treasury which are not immediately needed or are otherwise in excess of the amount necessary to meet the requirements of the State Treasury, which when added to such remaining revenues each month will equal one-twelfth of the amount of the anticipated annual revenues to be deposited in the State Transportation Trust Fund under paragraph (a) as determined by the Chief Financial Officer after consultation with the revenue estimating conference held pursuant to s. 216.136(3). The required transfers ~~required thereunder~~ may be suspended by action of the Legislative Budget Commission in the event of a significant shortfall of state revenues.

(c) In any month in which the remaining revenues derived from the registration of motor vehicles exceed one-twelfth of those anticipated annual remaining revenues as determined by the Chief Financial Officer after consultation with the revenue estimating conference, the excess shall be credited to those state funds in the State Treasury from which the amount was originally drawn, up to the amount which was deposited in the State Transportation Trust Fund under paragraph (b). A final adjustment must be made in the last months of a fiscal year so that the total revenue deposited in the State Transportation Trust Fund each year equals the amount derived from the registration of motor vehicles, less the amount distributed under subsection (1). For the purposes of this paragraph and paragraph (b), the term "remaining revenues" means all revenues deposited into the State Transportation Trust Fund under paragraph (a) and subsections (2) and (3). In order for ~~that~~ interest earnings to continue to accrue to the General Revenue Fund, the Department of Transportation may not invest an amount equal to the cumulative amount of funds deposited in the State Transportation Trust Fund under paragraph (b) less funds credited under this paragraph as computed on a monthly basis. The amounts to be credited under this and the preceding paragraph must be calculated and certified to the Chief Financial Officer by the Executive Office of the Governor.

Section 2. Section 311.23, Florida Statutes, is created to read:

311.23 Florida Seaport Finance Corporation.—*There is created a public benefits corporation, which is an instrumentality of the state, to be known as the Florida Seaport Finance Corporation.*

(1) *The corporation shall operate under a five-member board of directors consisting of the Governor or a designee, the Chief Financial Officer or a designee, the Attorney General or a designee, the Director of the Division of Bond Finance of the State Board of Administration, and the Secretary of the Department of Transportation. The Director of the Division of Bond Finance shall be the chief executive officer of the corporation, shall direct and supervise the administrative affairs of the corporation and shall control, direct, and supervise the operation of the corporation. The corporation shall also have such other officers as are determined by the board of directors.*

(2) *The corporation shall have all the powers of a corporate body under the laws of the state, including, but not limited to, chapters 607 and 617, to the extent not inconsistent with or restricted by the provisions of this section, including, but not limited to, the power to:*

(a) *Adopt, amend, and repeal bylaws not inconsistent with this section.*

(b) *Sue and be sued.*

(c) *Adopt and use a common seal.*

(d) *Acquire, purchase, hold, lease, and convey such real and personal property as is proper or expedient to carry out the purposes of the corporation and this section, and to sell, lease, or otherwise dispose of such property.*

(e) *Elect or appoint and employ such officers, agents, and employees as the corporation deems advisable to operate and manage the affairs of the corporation, which officers, agents, and employees may be officers or employees of the Department of Transportation and the state agencies represented on the board of directors of the corporation.*

(f) *At the request of the Department of Transportation, issue bonds for the purpose of financing or refinancing fixed capital outlay seaport projects as provided in s. 320.20(3) and (4).*

(g) *Make and execute any and all contracts, trust agreements, and other instruments and agreements necessary or convenient to accomplish the purposes of the corporation and this section.*

(h) *Select, retain, and employ professionals, contractors, or agents, which may include the Division of Bond Finance, as necessary or convenient to enable or assist the corporation in carrying out the purposes of the corporation and this section.*

(i) *Do any act or thing necessary or convenient to carry out the purposes of the corporation and this section and the powers provided in this section.*

(3) *The corporation is authorized to enter into one or more contracts with the Department of Transportation pursuant to which the corporation shall finance or refinance fixed capital outlay seaport projects as provided in s. 320.20(3), (4), and (5). The Department of Transportation may enter into one or more such contracts with the corporation and provide for payments under such contracts pursuant s. 320.20(3), (4), and (5) subject to annual appropriation by the Legislature. The proceeds from such contracts may be used for the administrative costs and expenses of the corporation after making payments as provided in subsection (4). In compliance with s. 287.0641 and other applicable provisions of law, the obligations of the Department of Transportation under such contracts do not constitute a general obligation of the state or a pledge of the faith and credit or taxing power of the state, and such obligations are not obligations of the State Board of Administration or the Department of Transportation, except as provided in this section, but shall be payable solely from amounts received pursuant to s. 320.20(3), (4), and (5), subject to annual appropriation by the Legislature. In compliance with this subsection and s. 287.0582, the contract must expressly include the following statement: "The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature."*

(4) *The corporation may issue bonds payable from and secured by amounts payable to the corporation by the Department of Transportation under a contract entered into pursuant to subsection (3) for the purpose of financing or refinancing fixed capital outlay seaport projects as provided in s. 320.20(3), (4), and (5). Any such indebtedness of the corporation does not constitute a debt or obligation of the state or a pledge of the faith and credit or taxing power of the state, but is payable from and secured by payments made by the Department of Transportation under the contract. Bonds issued pursuant to this section are payable from, and secured by a first lien on, funds available pursuant to s. 320.20(3), (4), and (5), subject to annual appropriation. The bonds are subject to the provisions of s. 320.20(3), (4), and (5). Such funds may be assigned and pledged as security and deposited in trust with the State Board of Administration pursuant to the terms of an agreement entered into among the Department of Transportation, the Division of Bond Finance, and the State Board of Administration.*

(5) *The fulfillment of the purposes of the corporation promotes the health, safety, and general welfare of the people of the state and serves as essential governmental functions and a paramount public purpose.*

(6) *The corporation is exempt from taxation and assessments of any nature whatsoever upon its income and any property, assets, or revenues acquired, received, or used in the furtherance of the purposes provided in this chapter. The bonds of the corporation incurred pursuant to subsection (4) and the interest and income thereon and all security agreements, letters of credit, liquidity facilities, or other obligations or instruments arising out of, entered into in connection therewith, or given to secure payment thereof are exempt from all taxation, provided such exemption*

does not apply to any tax imposed by chapter 220 on the interest, income, or profits on debt obligations owned by corporations.

(7) The corporation may validate bonds issued pursuant to this section and the validity and enforceability of any contracts providing for payments pledged to the payment thereof by proceedings under chapter 75. The validation complaint shall be filed only in the Circuit Court for Leon County. The notice required to be published by s. 75.06 must be published in Leon County, and the complaint and order of the circuit court shall be served only on the State Attorney for the Second Judicial Circuit. Sections 75.04(2) and 75.06(2) do not apply to a complaint for validation filed under this subsection. The first bonds issued pursuant to this section shall be validated.

(8) The corporation is not a special district for purposes of chapter 189 or a unit of local government for purposes of part III of chapter 218. The provisions of chapters 120 and 215, except the limitation on interest rates provided by s. 215.84 which applies to obligations of the corporation issued pursuant to this section, and part I of chapter 287, except ss. 287.0582 and 287.0641, do not apply to this section, the corporation, the contracts entered into pursuant to this section, or to bonds issued by the corporation as contemplated in this section.

(9) In no event shall any of the benefits or earnings of the corporation inure to the benefit of any private person.

(10) Upon dissolution of the corporation, title to all property owned by the corporation shall revert to the state.

(11) The corporation may contract with the State Board of Administration to serve as trustee with respect to bonds issued by the corporation as contemplated by this section and to hold, administer, and invest proceeds of such bonds and other funds of the corporation and to perform other services required by the corporation. The State Board of Administration may perform such services and may contract with others to provide all or a part of such services and to recover its and such other costs and expenses thereof.

(12) The Department of Transportation and any participating port that is governed by a public body, local governments, or local governments collectively by interlocal agreement having jurisdiction of a seaport project may enter into an interlocal agreement with the Department of Transportation to promote the efficient and cost-effective financing or refinancing of approved projects pursuant to this section. The terms of such interlocal agreements must include provisions for the Department of Transportation to request the issuance by the corporation of the bonds on behalf of the ports or local governments described above; may provide that each party to the agreement is contractually liable for a share of funding an amount equal to the debt service requirements of such bonds; and must include any other terms, provisions, or covenants necessary for full performance under such interlocal agreement. Repayments made to the Department of Transportation under any interlocal agreement are not pledged to the repayment of bonds issued under this section, and failure of the local governmental authority to make such payment does not affect the obligation of the Department of Transportation to make payment on any contract with the corporation.

(13) There is no liability on the part of, and no cause of action shall arise against, any board members or employees of the corporation for any actions taken by them in the performance of their duties under this section.

Section 3. The provisions of sections 7 and 8 of this act do not affect the validity of the Florida Ports Financing Commission Series 1996 and 1999 Bonds.

Section 4. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to transportation; amending s. 320.20, F.S.; prescribing when certain funds will become subject to appropriation; revising the distribution of license tax moneys deposited in the State Transportation Trust Fund for the funding of the Florida Seaport Transportation and Economic Development Program and certain seaport intermodal access projects; requiring the Florida Seaport Transportation and Economic Development Council to submit a list of certain freight mobility projects to the Department of Transportation; requiring that

the council and the department agree upon the projects selected for funding; requiring the department to include the selected projects for funding in the tentative work program; providing that specified bonds shall be issued by the Division of Bond Finance at the request of the department; providing for funding the construction of wharves and docks; providing for funding certain seaport intermodal access projects; requiring match; providing for the issuance of bonds for such projects; creating s. 311.23, F.S.; creating the Florida Seaport Finance Corporation; providing for membership of its board of directors; providing its powers and duties; authorizing the issuance and validation of bonds; exempting the corporation from taxation; declaring that the corporation is not a special district; authorizing interlocal agreements; exempting board members and employees of the corporation from liability for certain acts; providing that certain provisions of this act do not affect the validity of specified Florida Ports Financing Commission bonds; providing an effective date.

Kinsey Street, Lawrence Callahan Highway, Bernard Wilkes Highway, Sarah Hayes Rice Road, and the James Weldon Johnson Memorial Highway in Duval County; directing the Department of Transportation to erect suitable markers; designating Robert L. Blum Bridge in Miami-Dade County; designating George W. Harris, Jr. Boulevard in Polk County; designating Angel Manuel De La Portilla Way, Dennis Pastrana Avenue, Luis Conte Aguero Way, Estrella Rubio Way, Rafael Diaz Balart Road, Ambassador Armando Valladares Drive, Fred Havenick Way, and Isadore Hecht Street; erecting markers in memory of Aristides Sastre in Miami-

Dade County; designating the Sheriff Chris Daniels fountain; and designating Victor Hernandez, Sr. Way in Miami-Dade County; providing an effective date.

House Amendment 1 (442341)(with title amendment)—

On page 7, line 29 through page 8, line 6, remove: All of those lines and insert:

Section 21. *Raul L. Martinez/Jose Abreu Pass designated; Department of Transportation to erect suitable markers.—*

(1) *That portion of Okeechobee Road, U.S. Highway 27/State Road 25, between W. 12th Street and W. 19th Street in Miami-Dade County is designated as “Raul L. Martinez/Jose Abreu Pass.”*

(2) *The Department of Transportation is directed to erect suitable markers designating Raul L. Martinez/Jose Abreu Pass as described in subsection (1).*

Section 22. *Mayor Raul L. Martinez Street designated; Department of Transportation to erect suitable markers.—*

(1) *That portion of 49th Street within the boundaries of the City of Hialeah in Miami-Dade County is designated as “Mayor Raul L. Martinez Street.”*

(2) *The Department of Transportation is directed to erect suitable markers designating Mayor Raul L. Martinez Street as described in subsection (1).*

Section 23. *Dr. Vicente Grau-Imperatori Street designated; Department of Transportation to erect suitable markers.—*

(1) *That portion of S.W. 8th Street between S.W. 67th Avenue and S.W. 72nd Avenue in Miami-Dade County is designated as “Dr. Vicente Grau-Imperatori Street.”*

(2) *The Department of Transportation is directed to erect suitable markers designating Dr. Vicente Grau-Imperatori Street as described in subsection (1).*

Section 24. *William Nathey Bridge designated; Department of Transportation to erect suitable markers.—*

(1) *That bridge, number 570125, on State Road 85, which crosses Boggy Bayou in Okaloosa County, is designated as “William Nathey Bridge.”*

(2) *The Department of Transportation is directed to erect suitable markers designating William Nathey Bridge as described in subsection (1).*

Section 25. *Sergeant Nicholas Sottile honored; Department of Transportation to erect suitable markers.—*

(1) *That portion of State Road 70 near U.S. Highway 27 in Highlands County is dedicated to the memory of Highway Patrol Sergeant Nicholas Sottile.*

(2) *The Department of Transportation is directed to erect suitable signage, pursuant to subsection (1), bearing the inscription, “In Memory of Sergeant Nicholas Sottile of the Florida Highway Patrol, who was killed in the line of duty during a traffic stop.”*

Section 26. (1) *That portion of Brickell Avenue situated within the corporate limits of the City of Miami and lying between S.E. 25th Street and the south shoreline of the Miami River is designated as a state historic road. No state funds shall be expended by any public body or agency to alter its location whether by extension of its boundaries or the extension of the name Brickell Avenue.*

(2) *Nothing in this section shall be construed to prevent the ordinary maintenance and repair of that portion of Brickell Avenue situated within the corporate limits of the City of Miami and lying between S.E. 25th Street and the south shoreline of the Miami River, provided the location of the historic road is preserved; to prevent the removal or replacement of any landscaping, including any hammock, banyan, or mahogany trees located on either side of the paved surface of the road or in the central media of the road; to prevent any work that is necessary for*

the public health or safety as determined by the agency having jurisdiction over that portion of Brickell Avenue described in subsection (1); to prevent the removal of invasive plant species on the roadway or right-of-way; to prevent such action deemed necessary to clear or maintain the road subsequent to a natural disaster such as a hurricane; to limit widening or physical changes to Brickell Avenue to improve vehicular or pedestrian movement; or to limit the commercial development adjacent to the roadway. The term “ordinary maintenance” means those activities necessary to preserve the existing traffic patterns and to accommodate the volume of traffic operating on that portion of Brickell Avenue described in subsection (1) as of July 1, 2007. However, the preservation of that portion of Brickell Avenue described in subsection (1) takes priority over considerations of traffic management, and the public safety shall not be construed to require alterations in that portion of Brickell Avenue described in subsection (1) or its landscaping when alternative means of promoting safety, including more restrictive regulations, are available.

Section 27. Subsection (26) of section 334.044, Florida Statutes, is amended to read:

334.044 Department; powers and duties.—The department shall have the following general powers and duties:

(26) To provide for the conservation of natural roadside growth and scenery and for the implementation and maintenance of roadside beautification programs.—~~To accomplish this, for fiscal years 1999-2000, 2000-2001, and 2001-2002 no less than 1 percent, and for subsequent fiscal years no less than 1.5 percent of the amount contracted for construction projects shall be allocated by the department to beautification programs. Except where prohibited by federal law or federal regulation and to the extent practical, a minimum of 50 percent of these funds shall be used to purchase large plant materials with the remaining funds for other plant materials. All such plant and these materials shall be purchased from Florida-based nurseryman stock on a uniform competitive bid basis. The department will develop grades and standards for landscaping materials purchased through this process. To accomplish these activities, the department may contract with nonprofit organizations having the primary purpose of developing youth employment opportunities.~~

And the title is amended as follows:

On page 1, lines 2-8,

remove: All of said lines

and insert:

An act relating to transportation facilities; designating John F. Cosgrove Highway, Arnold M. Velazquez Boulevard, Marilyn Culp Way, Dr. Leonard Cherdack Memorial Highway, Athalie Range Boulevard, Sigmund Zilber Memorial Highway, Raul L. Martinez/Jose Abreu Pass, Mayor Raul L. Martinez Street, and Dr. Vicente Grau-Imperatori Street in Miami-Dade County; designating William Nathey Bridge in Okaloosa County; directing the Department of Transportation to erect signage in Highlands County to honor Sergeant Nicholas Sottile; designating a portion of Brickell Avenue as a state historic road in Miami-Dade County; restricting certain alterations; amending s. 334.044, F.S.; revising provisions for the purchase of plant materials by the Department of Transportation for certain beautification programs;

On motion by Senator Bullard, the Senate concurred in the House amendment.

CS for SB 464—A bill to be entitled An act relating to Three Kings Day; creating s. 683.33, F.S.; designating January 6 as “Three Kings Day” and authorizing local governments to issue proclamations commemorating the occasion; providing an effective date.

House Amendment 1 (850651)(with title amendment)—

On page 2, between lines 5 and 6, insert:

Section 1. Section 683.26, Florida Statutes, is created to read:

683.26 Ronald Reagan Day.—

(1) February 6 of each year is designated as “Ronald Reagan Day.”

(2) The Governor may issue annually a proclamation designating February 6 as “Ronald Reagan Day.” Public officials, schools, private organizations, and all citizens are encouraged to honor the legacy of opportunity and optimism left by America’s 40th President by commemorating Ronald Reagan Day on February 6 of each year.

And the title is amended as follows:

On page 1, lines 2-8, remove: all of said lines and insert:

An act relating to legal holidays and special observances; creating s. 683.26, F.S.; designating February 6 as “Ronald Reagan Day”; authorizing the Governor to issue proclamations commemorating the occasion; creating s. 683.33, F.S.; designating January 6 as “Three Kings Day” and authorizing local governments to issue proclamations commemorating the occasion; providing an effective date.

WHEREAS, President Ronald Wilson Reagan, a man of humble background, worked throughout his life serving freedom and advancing the public good, having distinguished himself during his professional life as an entertainer, union leader, and corporate spokesman before being elected Governor of California and then President of the United States of America, and

WHEREAS, Ronald Reagan served with honor and distinction for two terms as the 40th President of the United States of America, earning the distinction of being elected to his second term of office by three-fifths of the electorate and by 49 of the 50 states in the union, a record unsurpassed in the history of American presidential elections, and

WHEREAS, in 1981, when Ronald Reagan was inaugurated as President, he inherited a disillusioned nation that was shackled by rampant inflation and high unemployment, and

WHEREAS, despite the difficult circumstances he inherited, Ronald Reagan’s approach to leading the nation was to exemplify an unwavering faith in American ideals, most memorably by invoking his long-held vision of America as “a shining city on a hill,” destined to realize an ever brighter future, and

WHEREAS, during his presidency, Ronald Reagan worked in a bipartisan manner to enact his bold agenda of restoring accountability and common sense to the Federal Government, which led to an unprecedented economic expansion and opportunity for millions of Americans, and

WHEREAS, President Reagan’s commitment to an active social policy agenda for the nation’s children helped to lower crime and reduce drug use in our neighborhoods, and

WHEREAS, President Reagan’s commitment to our armed forces contributed to the restoration of pride in America and its values and those cherished by the free world and prepared the nation’s armed forces to meet the challenges of the 21st century, and

WHEREAS, President Reagan’s vision of “peace through strength” led to the end of the Cold War and the ultimate demise of the Soviet Union, thus guaranteeing basic human rights for millions of people, and

WHEREAS, February 6, 2007, was the 96th anniversary of Ronald Reagan’s birth, and June 5, 2007, will mark the third anniversary of his passing, which generated an outpouring of love and respect unprecedented in a generation, and

WHEREAS, the Hispanic history of this state began in

Section 2. Subsections (1) and (4) of section 205.0535, Florida Statutes, are amended to read:

205.0535 Reclassification and rate structure revisions.—

(1) By October 1, 2008 ~~1995~~, any municipality that has adopted by ordinance a local business tax after October 1, 1995, or county may, by ordinance, reclassify businesses, professions, and occupations and may establish new rate structures, if the conditions specified in subsections (2) and (3) are met. A person who is engaged in the business of providing

local exchange telephone service or a pay telephone service in a municipality or in the unincorporated area of a county and who pays the business tax under the category designated for telephone companies or a pay telephone service provider certified pursuant to s. 364.3375 is deemed to have but one place of business or business location in each municipality or unincorporated area of a county. Pay telephone service providers may not be assessed a business tax on a per-instrument basis.

(4) After the conditions specified in subsections (2) and (3) are met, municipalities and counties may, every other year thereafter, increase or decrease by ordinance the rates of business taxes by up to 5 percent. An increase, however, may not be enacted by less than a majority plus one vote of the governing body. Nothing in this chapter shall be construed to prohibit a municipality or county from decreasing or repealing any business tax authorized under this chapter.

CS for SM 1506—Senate Memorial A memorial to the Congress of the United States, urging Congress to timely reauthorize the State Children’s Health Insurance Program to assure federal funding for the Florida KidCare Program.

WHEREAS, the Senate of the State of Florida recognizes the health of the state’s children to be of paramount importance to families in this state, and

WHEREAS, the Senate of the State of Florida regards poor child health as a threat to the educational achievement and the social and psychological well-being of the children of this state, and

WHEREAS, the Senate of the State of Florida considers protecting the health of its children to be essential to the well-being of the youngest citizens and the quality of life in this state, and

WHEREAS, the Senate considers the Florida KidCare Program, which was created in 1998 and currently has 1,388,520 children enrolled, to be an integral part of the arrangements for health benefits for the children of the State of Florida, and

WHEREAS, the Senate recognizes the value of the Florida KidCare Program in preserving child wellness, preventing and treating childhood disease, improving health outcomes, and reducing overall health costs, and

WHEREAS, the Senate of the State of Florida considers the federal funding available for the Florida KidCare Program to be indispensable to providing health benefits for children of modest means, NOW, THEREFORE,

and insert:

(1) Any state agency, county, municipality, special district, community college, or district school board which provides life, health, accident, hospitalization, or annuity insurance, or all of any kinds of such insurance, for its officers and employees and their dependents upon a group insurance plan or self-insurance plan shall allow all former personnel who have retired prior to October 1, 1987, as well as those who retire on or after such date, and their eligible dependents, the option of continuing to participate in such group insurance plan or self-insurance plan. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. For the retired employees and their eligible dependents, the cost of any such continued participation in any type of plan or any of the cost thereof may be paid by the employer or by the retired employees. To determine health and hospitalization plan costs, the employer shall commingle the claims experience of the retiree group with the claims experience of the active employees; and, for other types of coverage, the employer may commingle the claims experience of the retiree group with the claims experience of active employees. Retirees covered under Medicare may be experience-rated separately from the retirees not covered by Medicare and from active employees, provided that the total premium does not exceed that of the active group and coverage is basically the same as for the active group.

(2) For purposes of this section, “retiree” means any officer or employee who retires under a state retirement system or a state optional annuity or retirement program or is placed on disability retirement and who begins receiving retirement benefits immediately after retirement from employment. In addition to these requirements, any officer or employee who retires under the Public Employee Optional Retirement Program established under part II of chapter 121 shall be considered a “retired officer or employee” or “retiree” as used in this section if he or she:

(a) Meets the age and service requirements to qualify for normal retirement as set forth in s. 121.021(29); or

(b) Has attained the age specified by s. 72(t)(2)(A)(i) of the Internal Revenue Code and has 6 years of creditable service.

Section 38. *Reimbursement of ad valorem taxes levied on residential property rendered uninhabitable due to tornadoes.—*

(1) *If a house or other residential building or structure that has been granted the homestead exemption under s. 196.031, Florida Statutes, is damaged so that it is rendered uninhabitable due to a tornado on February 2, 2007, the ad valorem taxes levied for that house or other residential building for the 2007 tax year shall be partially reimbursed in the following manner:*

(a) *An application must be filed by the owner, on or before February 1 of the year following the year in which the tornado occurred, with the property appraiser in the county where the property is located. Failure to file such application on or before the applicable deadline constitutes a waiver of any claim for partial reimbursement under this section. The application must be filed in the manner and form prescribed by the property appraiser.*

(b) *The application, attested to under oath, must identify the property rendered uninhabitable by a tornado, the date the damage occurred, and the number of days the property was uninhabitable after the damage occurred. Documentation supporting the claim that the property was uninhabitable must accompany the application. Such documentation may include, but is not limited to, utility bills, insurance information, contractors' statements, building permit applications, or building inspection certificates of occupancy.*

(c) *Upon receipt of the application, the property appraiser shall investigate the statements contained in the application to determine whether the applicant is entitled to a partial reimbursement under this section. If the property appraiser determines that the applicant is entitled to such reimbursement, the property appraiser shall calculate the reimbursement amount. The reimbursement shall be an amount equal to the total ad valorem taxes levied on the homestead property for the applicable tax year, multiplied by a ratio equal to the number of days the property was uninhabitable after the damage occurred in the applicable year divided by 365. However, the amount of reimbursement may not exceed \$1,500.*

(d) *The property appraiser shall compile a list of property owners entitled to a partial reimbursement. The list shall be submitted to the Department of Revenue no later than March 1 of the year following the year in which the tornado occurred through an electronic, web-based application provided by the department.*

(e) *Upon receipt of the reimbursement lists from the property appraisers, the department shall disburse reimbursement checks from its Administrative Trust Fund in the amounts and to the persons indicated in the reimbursement lists received from the property appraisers. Before disbursing any reimbursement checks, the department shall determine the total amount of all reimbursement requests submitted by the property appraisers. If the total amount of reimbursements requested exceeds the amount available for that purpose, the department shall reduce all reimbursement checks by a percentage sufficient to reduce total reimbursement payments to an amount equal to the appropriation, less any amount retained pursuant to paragraph (2)(c).*

(f) *As used in this section, the term "uninhabitable" means a building or structure cannot be used during a period of 60 days or more for the purpose for which it was constructed. However, if a property owner is living in an uninhabitable structure because alternative living quarters are unavailable, the owner is eligible for reimbursement as provided in this section.*

(2)(a) *The property appraiser shall notify the applicant by mail if the property appraiser determines that the applicant is not entitled to receive the reimbursement that he or she applied for under this section. Such notification shall be made on or before March 1 of the year following the*

year in which the tornado occurred. If an applicant's application for reimbursement is not fully granted, the applicant may file a petition with the value adjustment board for review of that decision. The petition must be filed with the value adjustment board on or before the 30th day after the mailing of the notice by the property appraiser.

(b) *The value adjustment board shall consider these petitions as expeditiously as possible.*

(c) *By April 1 of the year following the year in which the tornado occurred, the property appraiser shall notify the department of the total amount of reimbursements denied for which a petition with the value adjustment board has been filed. The department shall retain an amount equal to the total amount of claims for which petitions had been filed with the value adjustment board or \$922,500, whichever is less. The retained amount shall be used for the purpose of paying those claims that were denied by the property appraiser but granted by a value adjustment board. The department shall distribute the remaining funds in accordance with the provisions of paragraph (1)(e) to those property owners whose applications for reimbursement were granted by the property appraiser.*

(d) *The department may not pay claims for reimbursement from the retained funds until all appeals to the value adjustment board have become final. The property appraiser for each county submitting a list of homeowners entitled to reimbursement under this section shall notify the department after all appeals to the value adjustment board of that county have become final. If reimbursements made under paragraph (1)(e) were reduced by the department, reimbursements granted by value adjustment boards shall be reduced by the same percentage.*

(3) *Any person who knowingly and willfully gives false information for the purpose of claiming reimbursement under this section commits a misdemeanor of the first degree, punishable as provided in s. 775.082, Florida Statutes, or by a fine not exceeding \$5,000, or both.*

Section 39. *Reimbursement for sales taxes paid on mobile homes purchased to replace mobile homes damaged by a tornado.—*

(1) *If a mobile home is purchased to replace a mobile home that experienced major damage from a tornado that occurred on December 25, 2006, or February 2, 2007, and if the damaged mobile home was the permanent residence of a permanent resident of this state, the state sales tax paid on the purchase of the replacement mobile home shall be reimbursed in the following manner:*

(a) *An application must be filed on or before October 1, 2007, by the owner with the property appraiser in the county where the damaged mobile home was located. Failure to file such application on or before October 1, 2007, constitutes a waiver of any claim for reimbursement under this section. The application must be filed in the manner and form prescribed by the property appraiser.*

(b) *The application, attested to under oath, must identify the mobile home that experienced major damage from a tornado that occurred on December 25, 2006, or February 2, 2007, and the date the damage occurred. Documentation of major damage and a copy of the invoice for the replacement mobile home must accompany the application. Such documentation may include, but is not limited to, insurance information or information from the Federal Emergency Management Agency or the American Red Cross attesting to the major damage of the mobile home.*

(c) *Upon receipt of the application, the property appraiser shall investigate the statements contained in the application to determine whether the applicant is entitled to reimbursement under this section. If the property appraiser determines that the applicant is entitled to reimbursement, the property appraiser shall calculate the reimbursement amount. The reimbursement shall be an amount equal to the state sales tax paid on the purchase price of the replacement mobile home, as determined by the tax tables of the Department of Revenue, which amount may not exceed \$1,500.*

(d) *The property appraiser shall compile a list of mobile home owners entitled to reimbursement under this section. The list shall be submitted to the Department of Revenue by November 1, 2007, through an electronic, web-based application provided by the department.*

(e) *Upon receipt of the reimbursement lists from the property appraisers, the department shall disburse reimbursement checks from its Admin-*

istrative Trust Fund in the amounts and to the persons indicated in the reimbursement lists received from the property appraisers. Before disbursing any reimbursement checks, the department shall determine the total amount of all reimbursement requests submitted by the property appraisers. If the total amount of reimbursements requested exceeds the amount available for that purpose, the department shall reduce all reimbursement checks by a percentage sufficient to reduce total reimbursement payments to an amount equal to the appropriation, less any amount retained pursuant to paragraph (2)(c).

(f) As used in this section, the term:

1. "Major damage" means that a mobile home is more than 50-percent destroyed or that a mobile home cannot be inhabited and cannot be repaired for less than the amount of its value before the December 25, 2006, or February 2, 2007, tornado.

2. "Mobile home" means a mobile home as defined in s. 320.01(2)(a), Florida Statutes, a manufactured home as defined in s. 320.01(2)(b), Florida Statutes, or a trailer as defined in s. 320.08(10), Florida Statutes.

3. "Permanent residence" and "permanent resident" have the same meanings as provided in s. 196.012, Florida Statutes.

(2)(a) The property appraiser shall notify the applicant by mail if the property appraiser determines that the applicant is not entitled to receive the reimbursement that he or she applied for under this section. Such notification shall be made on or before November 1, 2007. If an applicant's application for reimbursement is not fully granted, the applicant may file a petition with the value adjustment board for review of that decision. The petition must be filed with the value adjustment board on or before the 30th day after the mailing of the notice by the property appraiser.

(b) The value adjustment board shall consider these petitions as expeditiously as possible.

(c) By December 1, 2007, the property appraiser shall notify the department of the total amount of reimbursements denied for which a petition with the value adjustment board has been filed. The department shall retain an amount equal to the total amount of claims for which petitions had been filed with the value adjustment board, or \$309,000, whichever is less. The retained amount shall be used for the purpose of paying claims that were denied by the property appraiser but granted by a value adjustment board. The department shall distribute the remaining funds in accordance with the provisions of paragraph (1)(e) to mobile home owners whose applications for reimbursement were granted by the property appraiser.

(d) The department may not pay claims for reimbursement from the retained funds until all appeals to the value adjustment board have become final. The property appraiser for each county submitting a list of homeowners entitled to reimbursement under this section shall notify the department after all appeals to the value adjustment board of that county have become final. If reimbursements made under paragraph (1)(e) were reduced by the department, reimbursements granted by value adjustment boards shall be reduced by the same percentage.

(3) Any person who claims reimbursement under section 38 of this act is not eligible for the reimbursement provided by this section.

(4) Any person who knowingly and willfully gives false information for the purpose of claiming a reimbursement under this section commits a misdemeanor of the first degree, punishable as provided in s. 775.082, Florida Statutes, or by a fine not exceeding \$5,000, or both.

Section 40. Notwithstanding the provisions of s. 216.301, Florida Statutes, and in accordance with s. 216.351, Florida Statutes, the Executive Office of the Governor shall, on July 1, 2008, certify forward all unexpended funds appropriated pursuant to this act.

Section 41. It is the intent of the Legislature that payments made to residents under sections 38 and 39 of this act shall be considered disaster-relief assistance within the meaning of s. 139 of the Internal Revenue Code.

Section 42. (1) The sum of \$922,500 is appropriated from the General Revenue Fund to the Administrative Trust Fund of the Department of Revenue for purposes of paying a partial reimbursement of property taxes as provided in section 38 of this act.

(2) The sum of \$309,000 is appropriated from the General Revenue Fund to the Administrative Trust Fund of the Department of Revenue for the purposes of paying sales tax reimbursements as provided in section 39 of this act.

(14) The effect of federal intervention or loss of federal funds if the agency, program, or activity is abolished.

(15) A list of all advisory committees, including those established in statute and those established by managerial initiative; their purpose, activities, composition, and related expenses; the extent to which their purposes have been achieved; and the rationale for continuing or eliminating each advisory committee.

(16) Agency programs or functions that are performed without specific statutory authority.

(17) Other information requested by the *Legislature committee*.

Information and data reported by the agency shall be validated by its agency head and inspector general before submission to the *Legislature committee*.

Section 7. Section 11.907, Florida Statutes, is amended to read:

11.907 Legislative review.—Upon receipt of an agency report pursuant to s. 11.906, *the joint committee may and the appropriate committee shall conduct a review of the agency and may direct the Office of Program Policy Analysis and Government Accountability to shall conduct a program evaluation and justification review, as defined in s. 11.513, of the agency and its advisory committees, including an examination of the cost of each agency program, an evaluation of best practices and alternatives that would result in the administration of the agency in a more efficient or effective manner, and examination of the viability of privatization or a different state agency performing the functions, and an evaluation of the cost and consequences of discontinuing the agency.* The reviews review shall be comprehensive in its scope and shall consider the information provided by the agency report in addition to information deemed necessary by the office and the *appropriate Legislative Sunset Advisory committee or the joint committee.* The Office of Program Policy Analysis and Government Accountability shall submit its report to the *Legislature in a timeframe prescribed by the committee requesting the review committee and to the President of the Senate and the Speaker of the House of Representatives by October 31 of the year in which the agency submits its report.* The Office of Program Policy Analysis and Government Accountability shall include in its *reports report* recommendations for consideration by the *Legislature committee*.

Section 8. Section 11.908, Florida Statutes, is amended to read:

11.908 Committee duties.—No later than March 1 of the year in which a state agency or its advisory committees are scheduled to be reviewed, the committee shall *and the joint committee may*:

(1) Review the information submitted by the agency and the *reports of any independent reviews directed by the committee, including those conducted by report* of the Office of Program Policy Analysis and Government Accountability.

(2) Consult with the Legislative Budget Commission, relevant substantive and appropriations committees of the Senate and the House of Representatives, the Governor's Office of Policy and Budgeting, the Auditor General, and the Chief Financial Officer, or their successors, *relating to the review of on the application to* the agency and its advisory committees of the *criteria provided in s. 11.910.*

(3) Hold public hearings to consider this information as well as other information and testimony that the committee *or joint committee* deems necessary.

(4) Present to the President of the Senate and the Speaker of the House of Representatives a report on the agencies and advisory committees scheduled to be reviewed that year by the *Legislature committee*. In the report, the committee shall include its specific findings and recommendations regarding each of the *information considered pursuant to criteria prescribed by s. 11.910, and shall also make recommendations*

as described in s. 11.911, *and propose legislation as it considers necessary. In the joint committee report, the joint committee shall include its specific findings and recommendations regarding the information considered pursuant to s. 11.90 and make recommendations as described in s. 11.911.*

Section 9. Section 11.910, Florida Statutes, is amended to read:

11.910 *Information Criteria* for review.—The committee *may shall* consider *information submitted pursuant to s. 11.906 as well as any additional information it considers relevant the following criteria* in determining whether a public need exists for the continuation of a state agency or its advisory committees or for the performance of *any* of the functions of the agency or its advisory committees.:

~~(1) Agency compliance with the accountability measures, as analyzed by the Auditor General, the Office of Program Policy Analysis and Government Accountability, and the Office of Policy and Budget within the Executive Office of the Governor, pursuant to ss. 216.013 and 216.023(4) and (5).~~

~~(2) The efficiency with which the agency or advisory committee operates.~~

~~(3) The statutory objectives of the agency or advisory committee and the problem or need that the agency or advisory committee is intended to address, the extent to which the objectives have been achieved, and any activities of the agency in addition to those granted by statute and the authority for these activities.~~

~~(4) An assessment of less restrictive or alternative methods of providing any regulatory function for which the agency is responsible while adequately protecting the public.~~

~~(5) The extent to which the advisory committee is needed and is used.~~

~~(6) The extent to which the jurisdiction of the agency and the programs administered by the agency overlap or duplicate those of other agencies and the extent to which the programs administered by the agency can be consolidated with the programs of other state agencies.~~

~~(7) Whether the agency has recommended to the Legislature statutory changes calculated to be of benefit to the public rather than to an occupation, business, or institution that the agency regulates.~~

~~(8) The promptness and effectiveness with which the agency disposes of complaints concerning persons affected by the agency.~~

~~(9) The extent to which the agency has encouraged participation by the public in making its rules and decisions as opposed to participation solely by those it regulates and the extent to which the public participation has resulted in rules compatible with the objectives of the agency.~~

~~(10) The extent to which the agency has complied with applicable requirements of state law and applicable rules of any state agency regarding purchasing goals and programs for historically underutilized businesses.~~

~~(11) The extent to which changes are necessary in the enabling statutes of the agency so that the agency can adequately comply with the criteria listed in this section.~~

~~(12) The extent to which the agency adopts and enforces rules relating to potential conflicts of interest of its employees.~~

~~(13) The extent to which the agency complies with public records and public meetings requirements under chapters 119 and 287 and s. 24, Art. I of the State Constitution and follows records management practices that enable the agency to respond efficiently to requests for public information.~~

~~(14) The extent to which the agency accurately reports performance measures used to justify state spending on each of its activities, services, and programs.~~

~~(15) The effect of federal intervention or loss of federal funds if the agency is abolished.~~

~~(16) Whether any advisory committee or any other part of the agency exercises its powers and duties independently of the direct supervision of the agency head in violation of s. 6, Art. IV of the State Constitution.~~

11.911 *Committee recommendations.*—

(1) In its report on a state agency, the committee shall:

(a) ~~(1)~~ Make recommendations on the abolition, continuation, or reorganization of each state agency and its advisory committees and on the need for the performance of the functions of the agency and its advisory committees.

(b) ~~(2)~~ Make recommendations on the consolidation, transfer, or reorganization of programs within state agencies not under review when the programs duplicate functions performed in agencies under review.

(c) ~~(3)~~ Propose ~~include drafts of~~ legislation necessary to carry out the committee's recommendations under *paragraph (a) or paragraph (b) subsection (1) or subsection (2)*.

(2) *In its report on a state agency, the joint committee shall:*

(a) *Make recommendations on the abolition, continuation, or reorganization of each state agency and its advisory committees and on the need for the performance of the functions of the agency and its advisory committees.*

(b) *Make recommendations on the consolidation, transfer, or reorganization of programs within state agencies not under review when the programs duplicate functions performed in agencies under review.*

Section 11. Section 11.918, Florida Statutes, is amended to read:

11.918 *Joint Legislative Sunset Committee; powers; assistance of state agencies* ~~Subpoena power.~~—

(1) ~~The Joint Any~~ Legislative Sunset ~~Advisory~~ Committee may take under investigation any matter within the scope of a sunset review either completed or then being conducted by the *joint* committee, and, in connection with such investigation, may exercise the powers of subpoena by law *and any other powers* vested in a standing committee of the Legislature pursuant to s. 11.143.

(2) *The joint committee may access or request information and request assistance of state agencies and officers. When assistance is requested, a state agency or officer shall assist the joint committee.*

Section 12. Subsection (1) of section 11.919, Florida Statutes, is amended to read:

11.919 Assistance of and access to state agencies.—

(1) The committee may *access or request information and request* the assistance of state agencies and officers. When assistance is requested, a state agency or officer shall assist the committee.

Section 13. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to the Florida Government Accountability Act; amending s. 11.902, F.S.; redefining the term "committee" and defining the term "joint committee" for purposes of the act; amending s. 11.903, F.S.; authorizing the Senate and the House of Representatives to appoint Legislative Sunset Review Committees to conduct independent reviews for each house; requiring the Senate and the House of Representatives to jointly appoint a Legislative Sunset Committee to oversee the review process required under the act and make recommendations to the Legislature; providing terms of office for commission members; providing for membership and terms of office; amending s. 11.904, F.S.; providing for staff of the joint committee; requiring the Auditor General to assist review committees and the joint committee upon request; amending s. 11.905, F.S.; revising the schedule for reviewing state agencies and advisory committees; amending s. 11.9055, F.S.; providing duties of an agency or advisory committee if the Legislature fails to take action to continue the agency or committee by the required date; amending s.

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

The Honorable Ken Pruitt, President

I am directed to inform the Senate that the House of Representatives has passed CS for SB 420, with amendment(s), and requests the concurrence of the Senate.

William S. Pittman III, Chief Clerk

CS for SB 420—A bill to be entitled An act relating to state retirement programs; amending s. 121.051, F.S.; revising conditions for membership in the State Community College System Optional Retirement Program; amending s. 121.35, F.S.; revising conditions for membership in the State University System Optional Retirement Program; authorizing transfer of funds for specified earned credit between the Florida Retirement System and such optional retirement program; authorizing a transfer of membership between the State University System Optional Retirement Program and the Florida Retirement System; amending s. 121.4501, F.S.; redefining the term "eligible employee" for purposes of the Public Employee Optional Retirement Program; revising conditions for participation in the Public Employee Optional Retirement Program; providing an effective date.

House Amendment 1 (976363)(with title amendment)—

On page 1, between lines 23 and 24, insert:

Section 1. Section 112.0801, Florida Statutes, is amended to read:

112.0801 Group insurance; participation by retired employees.—

(1) Any state agency, county, municipality, special district, community college, or district school board which provides life, health, accident, hospitalization, or annuity insurance, or all of any kinds of such insurance, for its officers and employees and their dependents upon a group insurance plan or self-insurance plan shall allow all former personnel who have retired prior to October 1, 1987, as well as those who retire on or after such date, and their eligible dependents, the option of continuing to participate in such group insurance plan or self-insurance plan. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. For the retired employees and their eligible dependents, the cost of any such continued participation in any type of plan or any of the cost thereof may be paid by the employer or by the retired employees. To determine health and hospitalization plan costs, the employer shall commingle the claims experience of the retiree group with the claims experience of the active employees; and, for other types of coverage, the employer may commingle the claims experience of the retiree group with the claims experience of active employees. Retirees covered under Medicare may be experience-rated separately from the retirees not covered by Medicare and from active employees, provided that the total premium does not exceed that of the active group and coverage is basically the same as for the active group.

(2) *For purposes of this section "retiree" means any officer or employee who retires under a state retirement system or a state optional annuity*

or retirement program or is placed on disability retirement and who begins receiving retirement benefits immediately after retirement from employment. In addition to these requirements, any officer or employee who retires under the Public Employee Optional Retirement Program established under part II of chapter 121 shall be considered a "retired officer or employee" or "retiree" as used in this section if he or she:

(a) Meets the age and service requirements to qualify for normal retirement as set forth in s. 121.021(29); or

(b) Has attained the age specified by s. 72(t)(2)(A)(i) of the Internal Revenue Code and has 6 years of creditable service.

And the title is amended as follows:

On page 1, remove line 2 and insert:

An act relating to retirement; amending s. 112.0801, F.S.; providing a definition for the term "retiree" for purposes of participation in group insurance;

House Amendment 2 (070557)(with title amendment)—

On page 14, line 3, remove: all of said line and insert:

Section 4. Paragraph (g) of subsection (3) of section 1012.33, Florida Statutes, is amended to read:

1012.33 Contracts with instructional staff, supervisors, and school principals.—

(3)

(g) Beginning July 1, 2001, for each employee who enters into a written contract, ~~under pursuant to~~ this section, in a school district in which the employee was not employed as of June 30, 2001, or was employed as of June 30, 2001, but has since broken employment with that district for 1 school year or more, for purposes of pay, a district school board must recognize and accept each year of full-time public school teaching service earned in the State of Florida or outside the state and for which the employee received a satisfactory performance evaluation. Instructional personnel employed ~~under pursuant to~~ s. 121.091(9)(b)3. , or receiving retirement benefits for any full-time public school teaching service earned outside the state, are exempt from ~~the provisions of~~ this paragraph.

Section 5. This act shall take effect July 1, 2007.

And the title is amended as follows:

On page 1, line 19,

remove: all of said line

and insert:

Employee Optional Retirement Program; amending s. 1012.33, F.S.; exempting certain instructional personnel from requirements that a district school board recognize and accept each year of full-time public school teaching service; providing

The Honorable Ken Pruitt, President

I am directed to inform the Senate that the House of Representatives has passed CS for CS for SB 770, with amendment(s), and requests the concurrence of the Senate.

William S. Pittman III, Chief Clerk

CS for CS for SB 770—A bill to be entitled An act relating to the physician workforce; creating s. 381.4018, F.S.; providing legislative intent; creating the Office of Physician Workforce Assessment and Development within the Division of Health Access and Tobacco of the Department of Health; requiring that the office serve as a coordinating and planning body to assess the state's future workforce needs for physicians; requiring the office to develop strategies for addressing the current and projected workforce needs; specifying additional functions of the office; requiring each allopathic and osteopathic physician in the state to complete a survey concerning the physician's practice as a condition of license renewal; specifying the information to be furnished to the Department of Health in the physician survey; providing for a nondisciplinary citation to be issued to a physician or osteopathic physician who fails to complete the required survey; requiring the department to provide notice of the applicable penalty; requiring the Office of Physician Workforce Assessment and Development to annually analyze and evaluate the results of the survey; requiring the office to report its findings to the Governor and the Legislature; creating the Physician Workforce Advisory Council within the Department of Health to assist the department with respect to physician workforce issues; providing for the membership of the advisory council and terms of office; providing for members of the council to be reimbursed for travel and per diem expenses; providing an effective date.

House Amendment 1 (904139)(with title amendment)—

Remove everything after the enacting clause and insert:

Section 1. Section 381.4018, Florida Statutes, is created to read:

381.4018 Physician workforce assessment and development.—

(1) **LEGISLATIVE INTENT.**—*The Legislature recognizes that physician workforce planning is an essential component of ensuring that there is an adequate and appropriate supply of well-trained physicians to meet this state's future health care service needs as the general population and elderly population of the state increase. The Legislature finds that items to consider relative to assessing the physician workforce may include physician practice status; specialty mix; geographic distribution; demographic information, including, but not limited to, age, gender, race, and cultural considerations; and needs of current or projected medically underserved areas in the state. Long-term strategic planning is essential as the period from the time a medical student enters medical school to completion of graduate medical education may range from 7 to 10 years or longer. The Legislature recognizes that strategies to provide for a well-trained supply of physicians must include ensuring the availability and capacity of quality graduate medical schools in this state, as well as using new or existing state and federal programs providing incentives for physicians to practice in needed specialties and in underserved areas in a manner that addresses projected needs for physician manpower.*

(2) **PURPOSE.**—*The Department of Health shall serve as a coordinating and strategic planning body to actively assess the state's current and future physician workforce needs and work with multiple stakeholders to develop strategies and alternatives to address current and projected physician workforce needs.*

(3) **GENERAL FUNCTIONS.**—*The department shall maximize the use of existing programs under the jurisdiction of the department and other state agencies and coordinate governmental and nongovernmental stakeholders and resources in order to develop a state strategic plan and assess the implementation of such strategic plan. In developing the state strategic plan, the department shall:*

(a) Monitor, evaluate, and report on the supply and distribution of physicians licensed under chapter 458 or chapter 459. The department shall maintain a database to serve as a statewide source of data concerning the physician workforce.

(b) Develop a model and quantify, on an ongoing basis, the adequacy of the state's current and future physician workforce as reliable data becomes available. Such model must take into account demographics, physician practice status, place of education and training, generational changes, population growth, economic indicators, and issues concerning the "pipeline" into medical education.

(c) Develop and recommend strategies to determine whether the number of qualified medical school applicants who might become competent, practicing physicians in this state will be sufficient to meet the capacity of the state's medical schools. If appropriate, the department shall, working with representatives of appropriate governmental and nongovernmental entities, develop strategies and recommendations and identify best-practice programs that introduce health care as a profession and strengthen skills needed for medical school admission for elementary, middle, and high school students, and improve premedical education at the precollege and college level in order to increase this state's potential pool of medical students.

(d) Develop strategies to ensure that the number of graduates from the state's public and private allopathic and osteopathic medical schools are adequate to meet physician workforce needs, based on the analysis of the physician workforce data, so as to provide a high-quality medical education to students in a manner that recognizes the uniqueness of each new and existing medical school in this state.

(e) Pursue strategies and policies to create, expand, and maintain graduate medical education positions in the state based on the analysis of the physician workforce data. Such strategies and policies must take into account the effect of federal funding limitations on the expansion and creation of positions in graduate medical education. The department shall develop options to address such federal funding limitations. The department shall consider options to provide direct state funding for graduate medical education positions in a manner that addresses requirements and needs relative to accreditation of graduate medical education programs. The department shall consider funding residency positions as a means of addressing needed physician specialty areas, rural areas having a shortage of physicians, and areas of ongoing critical need, and as a means of addressing the state's physician workforce needs based on an ongoing analysis of physician workforce data.

(f) Develop strategies to maximize federal and state programs that provide for the use of incentives to attract physicians to this state or retain physicians within the state. Such strategies should explore and maximize federal-state partnerships that provide incentives for physicians to practice in federally designated shortage areas. Strategies shall also consider the use of state programs, such as the Florida Health Service Corps established pursuant to s. 381.0302 and the Medical Education Reimbursement and Loan Repayment Program pursuant to s. 1009.65, which provide for education loan repayment or loan forgiveness and provide monetary incentives for physicians to relocate to underserved areas of the state.

(g) Coordinate and enhance activities relative to physician workforce needs, undergraduate medical education, and graduate medical education provided by the Division of Medical Quality Assurance, the Community Hospital Education Program and the Graduate Medical Education Committee established pursuant to s. 381.0403, area health education center networks established pursuant to s. 381.0402, and other offices and programs within the Department of Health as designated by the secretary.

(h) Work in conjunction with and act as a coordinating body for governmental and nongovernmental stakeholders to address matters relating to the state's physician workforce assessment and development for the purpose of ensuring an adequate supply of well-trained physicians to meet the state's future needs. Such governmental stakeholders shall include, but need not be limited to, the Secretary of Health or his or her designee, the Commissioner of Education or his or her designee, the Secretary of Health Care Administration or his or her designee, and the Chancellor of the State University System or his or her designee from the Board of Governors of the State University System, and, at the discretion of the department, other representatives of state and local agencies that

are involved in assessing, educating, or training the state's current or future physicians. Other stakeholders shall include, but need not be limited to, organizations representing the state's public and private allopathic and osteopathic medical schools; organizations representing hospitals and other institutions providing health care, particularly those that have an interest in providing accredited medical education and graduate medical education to medical students and medical residents; organizations representing allopathic and osteopathic practicing physicians; and, at the discretion of the department, representatives of other organizations or entities involved in assessing, educating, or training the state's current or future physicians.

(i) Serve as a liaison with other states and federal agencies and programs in order to enhance resources available to the state's physician workforce and medical education continuum.

(j) Act as a clearinghouse for collecting and disseminating information concerning the physician workforce and medical education continuum in this state.

Section 2. (1) Each person who applies for licensure renewal as a physician under chapter 458 or chapter 459, Florida Statutes, must, in conjunction with the renewal of such license under procedures adopted by the Department of Health and in addition to any other information that may be required from the applicant, furnish the following to the Department of Health in a physician survey:

(a) Licensee information, including, but not limited to:

1. Frequency and geographic location of practice within the state.
2. Practice setting.
3. Percentage of time spent in direct-patient care.
4. Anticipated change to license or practice status.
5. Areas of specialty or certification.

(b) Availability and trends relating to critically needed services, including, but not limited to:

1. Obstetric care and services, including incidents of deliveries.
2. Radiological services, particularly performance of mammograms and breast-imaging services.
3. Physician services for hospital emergency departments and trauma centers, including on-call hours.
4. Other critically-needed specialty areas, as determined by the department.

(2) Such information furnished must include a statement submitted by the physician that the information provided is true and accurate to the best of his or her knowledge and the submission does not contain any knowingly false information.

(3)(a) The Department of Health shall issue a nondisciplinary citation to any physician licensed under chapter 458 or chapter 459, Florida Statutes, who fails to complete the survey within 90 days after the renewal of his or her license to practice as a physician.

(b) The citation must notify a physician who fails to complete the survey required by this section that his or her license will not be renewed for any subsequent license renewal unless the physician completes the survey.

(c) In conjunction with issuing the license-renewal notice required by s. 456.038, Florida Statutes, the Department of Health shall notify each physician licensed under 458 or chapter 459, Florida Statutes, who has failed to complete the survey at the licensee's last known address of record with the Department of Health of the requirement that the physician survey be completed prior to the subsequent license renewal. At any subsequent license renewal, the Department of Health may not renew the license of any physician licensed under chapter 458 or chapter 459, Florida Statutes, until the survey required under this section is completed by the licensee.

Section 3. (1) Each year, the department shall analyze the results of the physician survey required by section 2 of this act and determine by geographic area and specialty the number of physicians who:

- (a) Perform deliveries of children in Florida.
- (b) Read mammograms and perform breast-imaging-guided procedures in Florida.
- (c) Perform emergency care on a on-call basis for a hospital emergency department.
- (d) Plan to reduce or increase emergency on-call hours in a hospital emergency department.
- (e) Plan to relocate their allopathic or osteopathic practice outside the state.

(2) The department must report its findings to the Governor, the President of Senate, and the Speaker of the House of Representatives by November 1 each year.

Section 4. It is the intent of the Legislature that the department implement the provisions of this act within existing resources.

Section 5. This act shall take effect upon becoming a law.

And the title is amended as follows:

Remove the entire title and insert:

The Honorable Ken Pruitt, President

I am directed to inform the Senate that the House of Representatives has passed CS for SB 900, with amendment(s), and requests the concurrence of the Senate.

William S. Pittman III, Chief Clerk

CS for SB 900—A bill to be entitled An act relating to initiative petitions; providing a short title; amending s. 100.371, F.S.; requiring initiative petition forms to be signed by the constitutionally required distribution of electors; prescribing a time period within which a signed petition form must be submitted to the supervisor of elections to be verified as valid; providing procedures for revocation of a signature on a petition form; providing an effective date.

House Amendment 1 (501657)(with title amendment)—

Remove everything after the enacting clause and insert:

Section 1. Effective August 1, 2007, subsections (1), (3), and (4) of section 99.097, Florida Statutes, are amended to read:

99.097 Verification of signatures on petitions.—

(1) As determined by each supervisor, based upon local conditions, the verifying checking of signatures names on petitions may be based on the most inexpensive and administratively feasible of either of the following methods of verification:

(a) A name-by-name, signature-by-signature check of the number of valid authorized signatures on the petitions; or

(b) A check of a random sample, as provided by the Department of State, of names and signatures on the petitions. The sample must be

such that a determination can be made as to whether or not the required number of *valid* signatures ~~has~~ been obtained with a reliability of at least 99.5 percent. Rules and guidelines for this method of petition verification shall be promulgated by the Department of State, which may include a requirement that petitions bear an additional number of names and signatures, not to exceed 15 percent of the names and *valid* signatures otherwise required. If the petitions do not meet such criteria, then the use of the verification method described in this paragraph shall not be available to supervisors.

Notwithstanding subsection (2) or any other provision of law, petitions to secure ballot placement for an initiative and petition revocations directed thereto pursuant to s. 100.371 must be verified by the method provided in paragraph (a).

(3)(a) A signature ~~name~~ on a petition of ~~a~~, ~~which~~ name ~~that~~ is not in substantially the same form as a name on the voter registration books, shall be counted as a valid signature if, after comparing the signature on the petition with the signature of the alleged signer as shown on the registration books, the supervisor determines that the person signing the petition and the person who registered to vote are one and the same. In any situation in which this code requires the form of the petition to be prescribed by the division, no signature shall be counted toward the number of signatures required unless it is on a petition form prescribed by the division.

(b) If a voter signs a petition and lists an address other than the legal residence where the voter is registered, the supervisor shall treat the signature as if the voter had listed the address where the voter is registered.

(4)(a) The supervisor shall be paid in advance the sum of 10 cents for each signature ~~verified~~ ~~checked~~ or the actual cost of ~~verifying~~ ~~checking~~ such signature, whichever is less, by the candidate or, in the case of a petition to have an issue placed on the ballot *by initiative*, by the *initiative sponsor* ~~person or organization~~ submitting the petition. However, if a candidate or *initiative sponsor*, ~~person, or organization~~ seeking to have an issue placed upon the ballot cannot pay such charges without imposing an undue burden on personal resources or upon the resources otherwise available to such candidate or *initiative sponsor*, ~~person, or organization~~ shall, upon written certification of such inability given under oath to the supervisor, be entitled to have the signatures verified at no charge. In the event a candidate or *initiative sponsor*, ~~person, or organization~~ submitting a petition to have an issue placed upon the ballot is entitled to have the signatures verified at no charge, the supervisor of elections of each county in which the signatures are verified at no charge shall submit the total number of such signatures checked in the county to the Chief Financial Officer no later than December 1 of the general election year, and the Chief Financial Officer shall cause such supervisor of elections to be reimbursed from the General Revenue Fund in an amount equal to 10 cents for each *signature verified* ~~name checked~~ or the actual cost of ~~verifying~~ ~~checking~~ such signatures, whichever is less. In no event shall such reimbursement of costs be deemed or applied as extra compensation for the supervisor. Petitions shall be retained by the supervisors for a period of 1 year following the election for which the petitions were circulated.

(b) *An initiative sponsor that has filed a certification of undue burden under paragraph (a) may not provide compensation to any paid petition circulator, as defined in s. 100.371, unless the initiative sponsor first pays all supervisors for each signature verified or reimburses the General Revenue Fund for such costs. If an initiative sponsor subject to this paragraph provides compensation to a paid petition circulator before the date the initiative sponsor pays all supervisors for each signature verified or reimburses the General Revenue Fund for such costs, no signature on a petition circulated by the paid petition circulator before that date may be counted toward the number of valid signatures required for ballot placement until the initiative sponsor pays all supervisors for each signature verified or reimburses the General Revenue Fund for such costs.*

Section 2. Effective August 1, 2007, subsections (1) and (3) of section 100.371, Florida Statutes, are amended, subsection (6) is renumbered as subsection (10) and amended, and new subsections (6) through (9) are added to that section, to read:

100.371 Initiatives; procedure for placement on ballot; private property rights.—

(1) Constitutional amendments proposed by initiative shall be placed on the ballot for the general election, provided the initiative *petition* has been filed with the Secretary of State no later than February 1 of the year the general election is held. A petition shall be deemed to be filed with the Secretary of State upon the date the secretary determines that *valid and verified* ~~the~~ *petition forms* ~~have~~ been signed by the constitutionally required number and distribution of electors *pursuant to this code, subject to the right of revocation established in this section.*

(3)(a) Each signature shall be dated when made and shall be valid for a period of 4 years ~~after following~~ such date, provided all other requirements of law are met. The sponsor shall submit signed and dated forms to the appropriate supervisor of elections for verification as to the number of registered electors whose valid signatures appear thereon. The supervisor shall promptly verify the signatures *within 30 days after receipt of the petition forms and upon* payment of the fee required by s. 99.097. The supervisor shall promptly record ~~each valid signature~~ in the statewide voter registration system, in the manner prescribed by the Secretary of State, *the date each form is received by the supervisor and the date the signature on the form is verified as valid. The supervisor shall verify that the signature on a form is valid only if the form complies with the following:*

1. *The form shall contain the original signature of the purported elector.*

2. *The purported elector shall accurately record on the form the date on which he or she signed the form.*

3. *The date the purported elector signed the form, as recorded by the purported elector, shall be no more than 30 days before the date the form is received by the supervisor of elections.*

4. *The form shall accurately set forth the purported elector's name, legal residence address, county, and voter registration number or date of birth.*

5. *The purported elector shall be, at the time he or she signs the form, a duly qualified and registered elector authorized to vote in the county in which his or her signature is submitted.*

(b) The supervisor shall retain the signature forms for at least 1 year ~~after following~~ the election in which the issue appeared on the ballot or until the Division of Elections notifies the supervisors of elections that the committee which circulated the petition is no longer seeking to obtain ballot position.

(6)(a) *An elector's signature on a petition form may be revoked by submitting to the appropriate supervisor of elections a signed petition-revocation form adopted by rule for this purpose by the division.*

(b) *The petition-revocation form and the manner in which signatures are obtained, submitted, and verified shall be subject to the same relevant requirements and timeframes as the corresponding petition form and processes under this code and shall be approved by the Secretary of State before any signature on a petition-revocation form is obtained.*

(c) *Supervisors of elections shall provide petition-revocation forms to the public at all main and branch offices.*

(d) *The petition-revocation form shall be filed with the supervisor of elections by February 1 preceding the next general election or, if the initiative amendment is not certified for ballot position in that election, by February 1 preceding the next successive general election. The supervisor of elections shall promptly verify the signature on the petition-revocation form and process such revocation upon payment, in advance, of a fee of 10 cents or the actual cost of verifying such signature, whichever is less. The supervisor shall promptly record each valid and verified petition-revocation form in the statewide voter registration system in the manner prescribed by the Secretary of State.*

(7)(a) *If a person is presented with a petition form or petition-revocation form for his or her possible signature by a petition circulator, the person shall record this fact on the form and the name and address of the petition circulator shall legibly appear on the form before the signature on the form may be verified by the supervisor. For purposes of this subsection, the term "petition circulator" means any person who, in the context of a direct face-to-face conversation, presents to another person*

for his or her possible signature a petition form or petition-revocation form regarding ballot placement for an initiative.

(b) A paid petition circulator shall, when engaged in the activities of a petition circulator described in paragraph (a), wear a prominent badge, in a form and manner prescribed by rule by the division, identifying him or her as a paid petition circulator. For purposes of this subsection, the term “paid petition circulator” means a petition circulator who receives any compensation as a direct or indirect consequence of the activities of a petition circulator described in paragraph (a).

(c) No petition circulator may receive, and no person may provide to a petition circulator, compensation that is based, directly or indirectly, upon the number of signatures obtained on petition or petition-revocation forms.

(8) A signed petition form or petition-revocation form regarding ballot placement for an initiative that does not fully comply with the applicable provisions of this code or the rules adopted under this code, or that was obtained in violation of the applicable provisions of this code or the rules adopted under this code, may be verified by the supervisor of elections and counted toward the number of valid signatures required for ballot placement only if those deficiencies or violations are corrected prior to the date specified in subsection (1).

(9) No provision of this code shall be deemed to prohibit a private person exercising lawful control over privately owned property, including property held open to the public for the purposes of a commercial enterprise, from excluding from such property persons seeking to engage in activity supporting or opposing initiative amendments.

(10)(6) The Department of State may adopt rules in accordance with s. 120.54 to carry out the provisions of subsections (1)-(9) ~~(1)-(5)~~.

Section 3. Any signature gathered on a previously approved initiative petition form that has been submitted for verification before August 1, 2007, may be verified and counted, if otherwise valid. However, any initiative petition form that is submitted for verification on or after that date may be verified and counted only if it complies with this act and has been approved by the Secretary of State before obtaining elector signatures.

Section 4. If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Section 5. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.

And the title is amended as follows:

Remove the entire title and insert:

MOTION

On motion by Senator Garcia, the rules were waived to allow the following amendment to be considered:

Senator Garcia moved the following amendment which was adopted:

Amendment 1 (033820)(with title amendment)—On page 2, line 17 through page 3, line 15, delete those lines and insert:

(5) Every enclosed space or room that contains a boiler regulated under chapter 554 which is fired by the direct application of energy from the combustion of fuels and that is located in any portion of a public lodging establishment that also contains sleeping rooms shall be equipped with one or more carbon monoxide sensor devices that bear the label of a nationally recognized testing laboratory and have been tested and listed as complying with the most recent Underwriters Laboratories, Inc., Standard 2034, or its equivalent, unless it is determined that carbon monoxide hazards have otherwise been adequately mitigated as determined by the division. Such devices shall be integrated with the public lodging establishment's fire detection system. Any such installation or determination shall be made in accordance with rules adopted by the division.

Section 2. Section 553.885, Florida Statutes, is created to read:

553.885 Carbon monoxide alarm required.—

(1) Every building for which a building permit is issued for new construction on or after July 1, 2008, and having a fossil-fuel-burning heater or appliance, a fireplace, or an attached garage shall have an approved operational carbon monoxide alarm installed within 10 feet of each room used for sleeping purposes.

(2) The Florida Building Commission shall adopt rules to administer this section and shall incorporate such requirements into its next revision of the Florida Building Code.

(3) As used in this section, the term:

And the title is amended as follows:

On page 1, line 6 through page 2, line 10, delete those lines and insert: specifying approved types of devices; providing requirements for the installation of such devices; creating s. 553.885, F.S.; requiring that certain buildings constructed on or after a specified date be equipped with carbon monoxide alarms; providing requirements for the installation of such devices; requiring the Florida Building Commission to adopt rules; providing definitions; providing an effective date.

WHEREAS, the general purpose and intent of this act is to provide proper protection regulations in the best interest of the health, safety, and welfare of the citizens of this state, and

WHEREAS, the specific intent and purpose of this act is to create safety regulations requiring carbon monoxide detectors after the occurrence of several incidents where people have died as a result of carbon monoxide poisoning under circumstances that were preventable, and

WHEREAS, this act honors the memory of Janelle Bertot, a talented and community-oriented 19-year-old college student and daughter of a former Hialeah police officer, and Anthony Perez, a 25-year-old senior at Florida International University and the president of Pi Kappa Phi fraternity, who died on November 14, 2004, from carbon monoxide poisoning as a result of carbon monoxide that leaked from their motor vehicle, and

WHEREAS, through the efforts of Janelle's parents and other dedicated volunteers, Janelle's Wishing Well, a charitable foundation, has been established to provide scholarships to young people interested in health care and to raise public awareness and create community outreach programs on the dangers of carbon monoxide poisoning, and

WHEREAS, the Legislature recognizes and supports the education and prevention efforts of Janelle's Wishing Well to advise young people of the lethal danger of carbon monoxide poisoning, and

WHEREAS, this act also honors the memory of Tom Lueders, an outgoing 26-year-old from Washington, D.C., who was just starting out in a promising career and had aspirations of attending graduate school,

and who, on December 27, 2006, died from carbon monoxide poisoning, NOW, THEREFORE,

On motion by Senator Garcia, by two-thirds vote **CS for CS for SB 1822** as amended was read the third time by title, passed, ordered engrossed and then certified to the House. The vote on passage was:

Conference Committee Amendment—Delete everything before and after the enacting clause and insert:

A bill to be entitled

An act making appropriations; providing moneys for the annual period beginning July 1, 2007, and ending June 30, 2008, to pay salaries, and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of State government; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

The moneys contained herein are appropriated from the named funds for the 2007-2008 fiscal year to the State agency indicated, as the amounts to be used to pay the salaries and other operational expenditures of the named agencies, and are in lieu of all moneys appropriated for these purposes in other sections of the Florida Statutes.

The expenditure for salaries made from appropriations provided in this act for Fiscal Year 2007-2008 by each department or agency of the executive branch shall be limited by the sum of the approved salary rates specified for the budget entities in the respective department or agency.

SECTION 1 - EDUCATION ENHANCEMENT "LOTTERY" TRUST FUND

The moneys contained herein are appropriated from the Education Enhancement "Lottery" Trust Fund to the state agencies indicated.

EDUCATION, DEPARTMENT OF

Funds provided in sections 1 and 2 of this act as Grants and Aids-Special Categories or as Grants and Aids-Aid to Local Governments may be advanced quarterly throughout the fiscal year based on projects, grants, contracts and allocation conference documents. Of the funds provided in Specific Appropriations 5, 5A, 6, 67, 72, 76 through 82, and 163 for student financial assistance, 60 percent shall be released at the beginning of the first quarter and the balance at the beginning of the third quarter.

From the funds in Specific Appropriation 1 through 171, the Department of Education shall establish a performance accountability system for each provider who contracts with the Department of Education for the delivery of services to children at-risk of future involvement in the criminal justice system, as determined by the Department of Education. The contract shall include both output measures, such as the number of children served, and outcome measures, such as program completion. The contractor shall report performance results annually to the Department of Education. The Department of Education's inspector general shall summarize performance results from all contracts and report the information annually to the Legislature.

Funds in Specific Appropriations 7 and 87 are provided to implement the requirements of sections 1003.03 and 1011.685, Florida Statutes. The class size reduction allocation factor for grades pre-kindergarten to grade 3 shall be \$987.08, for grades 4 to 8 shall be \$942.45, and for grades 9 to 12 shall be \$944.73. The class size reduction allocation shall be recalculated based on enrollment through the October 2007 FTE survey. If the total class size reduction allocation is greater than the appropriation in Specific Appropriations 7 and 87, funds shall be prorated to the level of the appropriation based on each district's calculated amount.

Funds in Specific Appropriations 7 and 87 shall be distributed to school districts that have provided sufficient information for the Commissioner of Education to set annual district class size reduction goals. The Commissioner of Education may withhold disbursement of these funds until a district is in compliance with reporting information required for class size reduction implementation.

PREPAREDNESS	
FROM EDUCATIONAL ENHANCEMENT TRUST FUND	3,000,000

Funds in Specific Appropriation 9C for School Safety/Emergency Preparedness shall be allocated based upon a district's full-time equivalent student count and must be used toward the purchase of a school safety/emergency mass notification service that must be fully implemented to provide service in the 2007-2008 school year. The system will serve to enhance the safety of school children, parents and staff in emergency situations, such as an impending hurricane/severe weather incident, fire, bomb threat, homeland security incident, missing child alerts, or other critical school safety events. The system shall provide for multi-lingual communication in English and Spanish and may include other languages and have the ability to notify parents and staff through email, landline phones, cell phones, TTY/TDD receiving devices, and through other communication devices considered necessary by the district. Any district with a current contract for a school safety/emergency mass notification service which does not meet these requirements may utilize these funds for the 2007-2008 school year. Districts are encouraged to consider systems or applications capable of simultaneous delivery of an emergency message across all means and devices of communication.

Funds disbursed to participating districts shall be applied toward the purchase of a qualifying service. District participation in this pilot is voluntary. Districts shall decide to participate by November 1, 2007. The Department of Education shall reallocate any funds remaining on a prorata basis to participating districts by December 31, 2007.

Districts that do not currently have a qualifying school safety/emergency mass notification service may purchase the system by contracting with a qualified service provider in accordance with the district's purchasing rules, by utilizing the terms of a contract from another district, or by utilizing the state contract negotiated by the Department of Education pursuant to the pilot project initiated in the 2006-2007 fiscal year from Specific Appropriation 116 in Chapter 2006-25, Laws of Florida.

The moneys contained herein are appropriated from the named funds to the Department of Education as the amounts to be used to pay salaries, other operational expenditures and fixed capital outlay.

EDUCATION, DEPARTMENT OF

From the funds in Specific Appropriation 95, \$18,500,000 in Public School Reading Grants; Specific Appropriation 98, \$18,920,000 in Mentoring/Student Assistance Initiatives; Specific Appropriation 100, \$999,990 in College Reach Out Program; Specific Appropriation 100A, \$1,250,000 in Communities in Schools; Specific Appropriation 156, \$7,000,000 in USF - Prodigy; Specific Appropriation 156, \$925,000 in UCF - College of Education Community Counseling Clinic are to be used as expenditures meeting the Temporary Assistance for Needy Families (TANF) Block Grant maintenance of effort requirements and must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation.

The agency head shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It shall be the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

The Governor's Office of Policy and Budget shall be responsible for ensuring that the necessary maintenance of effort reports are timely submitted to the Department of Children and Family Services, and shall report any delinquencies to the Legislative Budget Commission.

PROGRAM: EDUCATION - FIXED CAPITAL OUTLAY

The Legislature hereby finds and determines that the items and sums designated in Specific Appropriations 22A through 35B and 36 shall constitute authorized capital outlay projects within the meaning and as required by section 9(a)(2), Article XII of the State Constitution, as amended, and any other law. In accordance therewith, the monies in the following items are authorized to be expended for the enumerated authorized capital outlay projects.

The sum designated for each project is the maximum sum to be expended for each specified phase of the project from funds accruing under section 9(a)(2), Article XII of the State Constitution. The scope of each project shall be planned so that the amounts specified shall not be exceeded, or any excess in costs shall be funded by sources other than this appropriation. Such excess costs may be funded from the Public Education Capital Outlay and Debt Service Trust Fund only as a result of fund transfers pursuant to section 216.292 (4)(c), Florida Statutes. Each project shall be constructed on the site specified. If existing facilities and acquisition of new sites are a part of these projects, each such building and site must be certified to be free of contamination, asbestos, and other hazardous materials before the facility or site may be acquired. The provisions of section 216.301 (2), Florida Statutes, shall apply to all capital outlay funds appropriated to the Public Education Capital Outlay and Debt Service Trust Fund for the Fiscal Year 2007-2008 appropriation, and shall also apply to the funds appropriated in Specific Appropriations 22A through 35B and 36.

The Governor's Office of Policy and Budget shall establish Fixed Capital Outlay budget authority within appropriate accounts to enable expenditure of funds appropriated for the state universities, the

FROM PRINCIPAL STATE SCHOOL TRUST FUND 87,035,116

Funds provided in Specific Appropriation 86 shall be allocated using a base student allocation of \$4,163.47 for the FEFP.

SECTION 2
SPECIFIC
APPROPRIATION

Funds provided in Specific Appropriation 86 for the supplemental allocation for juvenile justice education programs shall be allocated pursuant to the formula provided in section 1011.62(1), Florida Statutes. The allocation factor shall be \$944.19.

From the funds provided in Specific Appropriation 86, juvenile justice education programs shall receive the basic allocation assigned to a juvenile justice student, including ESE special education funding when appropriate. If a school district provides incentive funding for teachers to work in a failing school, then an equal incentive bonus must be provided to teachers teaching in juvenile justice facilities.

A minimum guaranteed level of funding shall be calculated to provide each school district a 1.0 percent increase per unweighted full-time equivalent student over the amount per unweighted full-time equivalent student funded in the 2006-2007 FEFP. The calculation of this minimum funding shall compare total state and local formula and categorical funds, discretionary lottery, and actual discretionary local revenue for 2006-2007 with total state and local formula and categorical funds, discretionary lottery, and maximum potential discretionary local revenue for 2007-2008. Funds for the School Recognition Program shall not be included in the calculation of the Minimum Guarantee.

The district cost differential (DCD) for each district shall be calculated pursuant to the provisions of section 1011.62(2), Florida Statutes.

From the funds provided in Specific Appropriation 86, \$40,000,000 is provided for the Sparsity Supplement as defined in section 1011.62(7), Florida Statutes, for school districts of 20,000 and fewer FTE in 2007-2008.

Total required local effort for 2007-2008 shall be \$7,909,357,201. The total amount shall include adjustments made for the calculation required in sections 1011.62(4)(a) and (c), Florida Statutes.

The maximum nonvoted discretionary millage which may be levied pursuant to the provisions of section 1011.71(1), Florida Statutes, by district school boards in 2007-2008 shall be:

- 1. 0.51 mills

If a 0.51 mill levy in any school district generates an amount of funds per unweighted FTE that are less than the state average amount per unweighted FTE, the school district shall receive from the funds provided in Specific Appropriation 86, a discretionary millage compression supplement that when added to the funds generated by the district's 0.51 mill levy shall be equal to the state average as provided in section 1011.62(5), Florida Statutes.

- 2. 0.25 mills

An additional levy is authorized not to exceed 0.25 mills, that will raise an amount not to exceed \$100 per FTE. District school boards that levy the entire additional 0.25 mills and raise less than \$100 per K-12 FTE shall receive, from the funds provided in Specific Appropriation 86, an amount that, when combined with funds raised by the 0.25 mills, will provide \$100 per K-12 FTE. To be eligible for state funds provided in this paragraph, a district must levy the full 0.25 mills and the full 0.51 mills.

Funds provided in Specific Appropriation 86 are based upon program cost factors for 2007-2008 as follows:

- 1. Basic Programs
A. K-3 Basic.....1.048
B. 4-8 Basic.....1.000
C. 9-12 Basic.....1.066

Career Education.....1.119

From the funds in Specific Appropriation 86, \$1,133,668,598 is provided to school districts as an Exceptional Student Education (ESE) Guaranteed Allocation as authorized by law to provide educational programs and services for exceptional students. The ESE Guaranteed Allocation funds are provided in addition to the funds for each exceptional student in the per FTE student calculation. Each district's ESE Guaranteed Allocation for the 2007-2008 appropriation shall not be recalculated during the school year. School districts that provided educational services in 2006-2007 for exceptional students who are residents of other districts shall not discontinue providing such services without the prior approval of the Department of Education. Expenditure requirements for the ESE Guaranteed Allocation shall be as prescribed in section 1010.20(3), Florida Statutes, for programs for exceptional students.

From the funds provided in Specific Appropriation 86, the value of 43.35 weighted FTE students is provided to supplement the funding for severely handicapped students served in ESE programs 254 and 255 when a school district has less than 10,000 FTE student enrollment and less than 3 FTE eligible students per program. The Commissioner of Education shall allocate the value of the supplemental FTE based on documented evidence of the difference in the cost of the service and the amount of funds received in the district's FEFP allocations for the students being served. The supplemental value shall not exceed 3 FTE.

A student in cooperative education or other types of programs incorporating on-the-job training shall not be counted for more than twenty-five (25) hours per week of membership in all programs when calculating full-time student membership, as provided in section 1011.61, Florida Statutes, for funding pursuant to section 1011.62, Florida Statutes.

From the funds in Specific Appropriation 86, \$77,150,000 is provided for Safe Schools activities and shall be allocated as follows: \$75,000 shall be distributed to each district, and the remaining balance shall be allocated as follows: two-thirds based on the latest official Florida Crime Index provided by the Department of Law Enforcement and one-third based on each district's share of the state's total unweighted student enrollment. Safe Schools activities include: (1) after school programs for middle school students; (2) other improvements to enhance the learning environment, including implementation of conflict resolution strategies; (3) alternative school programs for adjudicated youth; (4) suicide prevention programs; and (5) other improvements to make the school a safe place to learn. Each district shall determine, based on a review of its existing programs and priorities, how much of its total allocation to use for each authorized Safe Schools activity.

From the funds in Specific Appropriation 86, \$736,402,596 is for Supplemental Academic Instruction to be provided throughout the school year pursuant to section 1011.62(1)(f), Florida Statutes. First priority for use of these funds shall be the provision of supplemental intensive instruction, consistent with the Sunshine State Standards, including summer school and intensive English immersion instruction, for students in grades 3 and 10 who scored FCAT Level I in FCAT reading or math. Each district's Supplemental Academic Instruction allocation for the 2007-2008 appropriation shall not be recalculated during the school year.

From the funds in Specific Appropriation 86, \$116,909,260 is provided for a K-12 comprehensive, district-wide system of research-based reading instruction. The amount of \$100,000 shall be allocated to each district and the remaining balance shall be allocated based on each district's proportion of the state total K-12 base funding.

From the funds in Specific Appropriation 86, \$147,500,000 is provided for the Merit Award Program.

SECTION 2
SPECIFIC
APPROPRIATION

Districts may charge a fee for grades K-12 voluntary, non-credit summer school enrollment in basic program courses. The amount of any student's fee shall be based on the student's ability to pay and the student's financial need as determined by district school board policy.

No funds are provided in Specific Appropriation 86 for charter school FTE student enrollment for on-line instruction received by students principally in their own homes. However, charter schools may serve students who are temporarily homebound or who receive a portion of their instruction on-line.

Funds in Specific Appropriation 86 for dual enrollment instruction of public school students, including dual enrollment instruction provided at the Daytona Beach Advanced Technology Center, shall be provided in an amount equal to the hours of instruction which would be necessary to earn the FTE and the funding for an equivalent course if it were taught in the school district.

- 87 AID TO LOCAL GOVERNMENTS
GRANTS AND AIDS - CLASS SIZE REDUCTION
FROM GENERAL REVENUE FUND 2500,248,818
FROM PRINCIPAL STATE SCHOOL TRUST FUND 51,313,032

Funds in Specific Appropriations 7 and 87 are provided to implement the requirements of section 1003.03 and section 1011.685, Florida Statutes. The class size reduction allocation factor for grades prekindergarten to grade 3 shall be \$987.08, for grades 4 to 8 shall be \$942.45, and for grades 9 to 12 shall be \$944.73. The class size reduction allocation shall be recalculated based on enrollment through the October 2007 FTE survey. If the total class size reduction allocation is greater than the appropriation in Specific Appropriations 7 and 87, funds shall be prorated to the level of the appropriation based on each district's calculated amount.

Funds in Specific Appropriations 7 and 87 shall be distributed to school districts that have provided sufficient information for the Commissioner of Education to set annual district class size reduction goals. The Commissioner of Education may withhold disbursement of these funds until a district is in compliance with reporting information required for class size reduction implementation.

APPROPRIATION

Funds provided in Specific Appropriation 98 for the Learning for Life program are eligible to be used in any public school.

99 SPECIAL CATEGORIES
GRANTS AND AIDS - EDUCATION PARTNERSHIPS
FROM GENERAL REVENUE FUND 2,800,000

Funds in Specific Appropriation 99 are provided for Education Partnerships. A school district, school district partner, or regional education consortium may apply for funding for an educational program to serve disruptive and low performing students in grades 6-12 who are:

- Category 1 - disruptive and low performing students, or
- Category 2 - non-disruptive, over age and credit deficient students requiring credit recovery and dropout prevention services.

Education intervention programs must provide proof of educational progress, as assessed by FCAT, provide proof of educational progress in reading and mathematics as demonstrated in existing programs with a similar population of students, or provide proof of accelerated credit recovery and improved grade promotion.

A program may operate in a separate school facility provided by the education provider. Any provider of this program must have at least three years experience successfully serving one or more districts in the United States. District school boards and regional education consortiums may contract with a nonprofit or for-profit entity to operate the program including provision of personnel, supplies, equipment and /or facilities.

The Department of Education shall allocate \$2,000,000 for Category 1 and Category 2 programs that serve a minimum of 300 or more students (large programs). Any funds not obligated to large district programs may be transferred to the small school district program allocation on or after January 1, 2008.

The Department of Education shall allocate \$800,000 to Category 1 and Category 2 programs that serve a minimum of 25 or more students (small programs). Any funds not obligated to small district programs may be transferred to the large school district program allocation on or after January 1, 2008.

School districts and consortia are eligible to receive program grants for a total of three fiscal years, subject to legislative appropriations. For Fiscal Year 2007-2008, grants for disruptive and low performing students in Category 1 shall be limited to no more than \$2,000 per student in the first year of implementation of the program, and no more than \$1,500 per student in year two and year three. For Fiscal Year 2007-2008, grants for non-disruptive, over-age and credit deficient students in need of credit recovery in Category 2 shall be \$1,000 per student per year. The Department of Education shall notify school districts and regional education consortia of the amount of the grant awards by November 15, 2007.

If funds remain after awarding grants to new and existing programs within the three years of program grant eligibility, continuation grant awards of up to \$1,000 per student may be awarded to districts with ongoing education partnerships in year four only. Any continuation grants awarded shall be distributed to ongoing partnerships based on their proportion of the total full-time equivalent enrollment within the ongoing programs.

99A SPECIAL CATEGORIES
INNOVATIVE READING PILOT PROGRAMS
FROM GENERAL REVENUE FUND 5,000,000

From the funds in Specific Appropriation 99A, \$2,000,000 shall be for intensive reading instruction programs for children in failing schools for the purpose of improving student reading skills. The Commissioner of Education shall determine which schools have achieved the least gains in reading performance and shall require those schools to submit a reading improvement plan detailing proposed efforts to improve reading

SECTION 2
SPECIFIC
APPROPRIATION

performance as a condition of receiving additional funding. The reading improvement plan must establish the performance outcome of literacy among its student population and outline specific steps that will be taken to achieve that goal. The plan may include the use of technology to achieve reading goals. A school identified as in need of improvement in reading instruction shall implement only those assessments, progress monitoring instruments, reading strategies, and programs approved by the Commissioner. Programs must demonstrate a record of proven success in improving student reading achievement.

From the funds in Specific Appropriation 99A, \$1,000,000 shall be for an Innovative Reading Pilot Program to provide for an Internet-delivered interactive reading instruction program for students in prekindergarten through third grade. The program shall be developed using scientifically-based reading research to explicitly and systematically teach all five key areas of reading: phonemic awareness, phonics, vocabulary, fluency, and comprehension. Performance data and instruction shall be fully integrated into a single program. The program shall differentiate instruction in real-time based upon student interactions and cumulative performance data. The student's path of instruction shall be automatically adapted in real-time based upon those interactions. The program shall have scaffolded teaching cycles that introduce, teach, and model each skill as well as provide ample guided and independent practice. Each teaching cycle shall incorporate reading-connected text in interactive decodable books within the Internet-delivered program that cumulatively reviews previously taught skills. The program shall automatically assess students prior to, throughout, and after each cycle as well as cumulatively throughout the program to determine each child's skill level without teacher intervention. The program must provide real-time student assessment reports that give detailed performance information that is automatically analyzed to identify struggling students, link to recommended teacher-directed instruction, and document a history of individual student interventions. The reports shall be accessible from any computer connected to the Internet. The program shall be provided at a cost not to exceed \$95 per student per year exclusive of teacher training. No less than 90 percent of these funds shall be utilized for direct product acquisition and vendor provided professional development training. The program shall be commenced no later than September 1, 2007, to allow for full implementation of the program in the 2007-2008 school year.

The Innovative Reading Pilot Program funds shall be allocated as follows:

Clay.....	80,000
Gadsden.....	20,000
Hillsborough.....	320,000
Monroe.....	40,000
Okechobee.....	40,000
Polk.....	66,667
Putnam.....	80,000
Northeast Florida Educational Consortium (NEFEC).....	180,000
Duval.....	73,333
Panhandle Area Educational Consortium (PAEC).....	66,667
Heartland Educational Consortium (HEC).....	33,333

From the funds in Specific Appropriation 99A, \$1,000,000 is provided for the LEP Student Reading Pilot Program that must be accessible from any Internet-based computer while providing an audit trail of students' work for teachers and administrators and daily progress monitoring. It must be correlated to the Florida Sunshine State Standards and capable of implementation in upper elementary, middle, and high school as well as adult education. It shall provide a literacy intervention program for newcomers, early readers, or emerging readers through multicultural stories in different genres (biographies, short stories, myths and legends, and poems). The instruction must integrate reading, listening, writing, and speaking activities through extensive lesson plans and printable student worksheets for establishing a portfolio demonstrating reading proficiency. The program shall be provided at a cost not to exceed \$95 per student per year exclusive of teacher training. No less than 90 percent of these funds shall be utilized for direct product acquisition and vendor provided professional development training. The program shall be commenced no later than September 1, 2007, to allow for full implementation of the program in the 2007-2008 school year.

103 SPECIAL CATEGORIES GRANTS AND AIDS - SCHOOL DISTRICT MATCHING GRANTS PROGRAM FROM GENERAL REVENUE FUND	4,250,000

From the funds in Specific Appropriation 103, \$4,000,000 is provided as challenge grants to public school district education foundations for programs that serve low-performing students, teacher recruitment and retention efforts, technical career education, and/or literacy initiatives. The amount of each grant shall be equal to the private contribution made to a qualifying public school district education foundation. In-kind contributions shall not be considered for matching purposes. Administrative costs for the program shall not exceed five percent.

From the funds in Specific Appropriation 103, \$250,000 is provided as challenge grants to the Duval and Nassau public school district education foundation for the purpose of leveraging employer resources to support Ready to Work and career academies that meet requirements pursuant to section 1003.493, Florida Statutes, the National Career Academy Coalition's Career Academy National Standards of Practice and the following grant eligibility criteria. Matching grants may be awarded on a one to one basis (one dollar grant match for one dollar of private match). Three partners are required in order to be eligible for matching grants. These partners must include the public school district, the local community college, and the employer donors who are supporting a specific academy. The employer donors and the local community college are required to be part of the school district's curriculum and program advisory board for each specific academy. Ready to Work assessments and remediation shall be part of the curriculum. The partnership shall jointly submit a spending plan to the Department of Education to support the specific career academy.

SECTION 2
SPECIFIC
APPROPRIATION

Before any funds provided in Specific Appropriation 103 may be disbursed to any public school district education foundation, the public school district foundation must certify to the Commissioner of Education that the private cash has actually been received by the public school education foundation seeking matching funds. Funds for FHSAA Steroid Testing are provided to implement the provisions of SB 2200 or similar legislation.

Funds for the Online Library Pilot Project are provided for an electronic web-based library pilot project for high school dual enrollment, AP, IB, and ACE programs. The pilot shall consist of at least one large, one medium, and one small school district. The Panhandle Area Educational Consortium shall make the final selection of the pilot districts. The electronic online library pilot must include, but is not limited to, complete cover-to-cover books and staff development activities for teachers participating in the pilot.

Funds for High School Manufacturing Lab Assistance Grants shall be provided to four advanced manufacturing lab sites, one each in Broward, Duval, Lee, and Orange counties. High school students shall be trained at each site to acquire skills required for employment in the manufacturing sector. The curriculum shall be project-based; include rigorous multimedia-delivered lessons; and be delivered in industry-approved LAP format. The equipment used shall be industry-standard and manufactured, sold, and serviced in the United States. Funds shall also be used for teacher training. Certification may be offered through the Manufacturing Skill and Standards Council.

Funds for Middle School Science Labs for Struggling Schools are provided for ten labs, one in each of the three educational consortia, and one each in Broward, Duval, Hillsborough, Orange, Palm Beach, St. Lucie, and Volusia counties. The lab curriculum shall include three performance assessments; provide pre- and post-testing of each topic; be browser-based; allow teachers to monitor student progress; and allow students to conduct career investigations of each topic. Students shall work in cooperative pairs and student academic gains and gains in average daily attendance shall be documented.

Funds allocated for Florida's Move HERE Program are for a pilot to develop a district operated one-time interest free loan program to pay costs associated with relocation expenses to aid in the recruitment and retention of highly qualified teachers. Relocation expenses for teachers include payments such as utility hook-ups and deposits, moving expenses, phone deposits, and first and last month's rent deposits. The sum of \$1,000,000 shall be further allocated to the following for pilot projects: \$433,333 to the District School Board for Orange County; \$233,333 to the District School Board for Osceola County; \$100,000 to the District School Board for Clay County and \$233,334 for small school district consortia.

Funds for Civics Curriculum Development are contingent on CS for SB 1238 or similar legislation becoming law.

Funds for the Family Cafe shall be used only for materials, speakers, and travel and per diem for the staff for this program.

Funds for the Florida Autism Education Center of Excellence are provided to support the charter school located in Hillsborough County. Funds shall be utilized to provide a world-class learning environment for K-12 age children with autism disorder from Hillsborough County as well as from Pasco, Pinellas, Sarasota, Manatee, and Polk Counties. The Center's curriculum and instructional approach shall be focused on intensive and comprehensive behavioral therapy, speech therapy and occupational therapy. The grant must be a single grant award made prior to December 31, 2007.

Funds for the Children's Literacy Center - Charter School Level 1 Reader Intensive Improvement Program are provided to continue the program funded in Fiscal Year 2006-2007, chapter 2006-25, Laws of Florida.

Funds for the Brevard High School Technology Demonstration Program are provided for a pilot program in Brevard County to improve student academic achievement through the use of innovative handheld mobile technologies capable of audio and video for students and teachers in the 7th through 10th grades. Not less than \$150,000 shall be used for a school district program to improve reading for FCAT Level I and II readers. The program shall enable students to access digital instructional content during and outside of the school day and shall be implemented no later than September 30, 2007. The district shall coordinate with Brevard Community College for the implementation of this project which can include dual enrollment, remedial education, and teacher professional development. The school district shall report to the Department of Education on the implementation of this program no later than January 31, 2008. The Department of Education shall report to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council no later than March 1, 2008.

Funds for the School District Volunteer Training Grant Program shall be used to provide each eligible school district an incentive grant of \$2,500 for the delivery and support of training for volunteers, mentors, and business partners. Before any funds provided for the School District Volunteer Training Program may be released, the public school district must certify to the Commissioner of Education that the school district will participate in statewide training. The amount of \$50,000 is allocated to the Panhandle Area Educational Consortium to provide funding to create new on-line training and statewide delivery of programs for volunteers, mentors, and business partners. The amount of \$10,000 shall be allocated to support the Florida Partners in Education statewide conference by providing stipends, registration, and training for volunteer coordinators supporting rural participation.

From the funds provided for Virtual Tutoring, \$1,500,000 shall be used by the Department of Education to competitively bid for one or more providers, in accordance with the provisions of chapter 287, Florida Statutes, for an individualized and interactive web-based pilot tutoring program that is aligned with the Sunshine State Standards. The department shall ensure that virtual tutoring is made available to all public school students in the participating districts of the Panhandle Area Educational Consortium, the Northeast Florida Educational Consortium, and Heartland Educational Consortium and that clear, concise information regarding student skill acquisition is provided to parents,

teachers, and administrators in participating districts. The program must provide additional instruction in subject areas for which the student has not yet mastered the Sunshine State Standards. To allow for early implementation, these funds shall be under contract no later than September 14, 2007.

From the funds provided for Virtual Tutoring, \$1,500,000 shall be used by the Department of Education to competitively bid for one or more providers, in accordance with the provisions of chapter 287, Florida Statutes, to implement an interactive web-based tutoring and "live" homework help program that provides bilingual on-demand, one-to-one online tutoring and homework help to students through library computers or by connecting to library websites from remote locations. Tutoring must be made available in the core subjects of math, science, social studies, and reading, in compliance with the Sunshine State Standards. The program must provide clear, concise monthly reports to the department that detail usage by grade level, subject, and zip code. Providers shall perform background checks on all of its tutors. To allow for early implementation, these funds shall be under contract no later than September 14, 2007.

From the funds provided for the Automated External Defibrillator Grant Program, the Department of Education shall establish a grant program to assist school districts in equipping each school with one defibrillator.

123A	AID TO LOCAL GOVERNMENTS CRITICAL JOBS INITIATIVE FROM GENERAL REVENUE FUND	3,614,073	
	FROM PRINCIPAL STATE SCHOOL TRUST FUND . .		5,610,927

The funds provided in Specific Appropriation 123A shall be allocated as follows:

SECTION 2
SPECIFIC
APPROPRIATION

SUCCEED, Florida - Career Paths - Secondary Career and Professional Academies.....	5,550,927
SUCCEED, Florida - Postsecondary Programs in Manufacturing, Automotive and Aerospace.....	3,614,073
DOE Grants Management.....	60,000

The funds allocated to SUCCEED, Florida - Career Paths are provided for public schools, public school regional consortia, or school district operated career centers to establish secondary career and professional (CAP) academies that integrate academic and career curricula through a career-based theme. CAP academies must: 1) provide instruction in careers designated as high growth, high demand, and high pay including manufacturing, automotive, and aerospace by the local workforce development board, chamber of commerce, or the Agency for Workforce Innovation; 2) establish partnerships with one or more businesses, industries, industry economic development agencies, or postsecondary institutions to provide the highest available level of industry certification and maximum articulation of postsecondary credits or occupational completion points; 3) provide student advisement, including parent participation and coordination with middle schools; 4) provide career education certification pursuant to section 1003.431, Florida Statutes; and 5) include an evaluation plan and reporting mechanism developed jointly with the Department of Education that includes a self-assessment tool and outcome measures. Funds may not supplant current funding and must be used to establish new career and professional academies or to redesign existing career education programs to become CAP academies.

Funds for the academies shall be allocated based on the following: 1) a base amount of \$40,000 for planning grants, 2) a base amount of \$75,000 for implementation grants and 3) a discretionary amount above the base for implementation for industry certified programs with high implementation costs. Recipients of 2006-07 SUCCEED, Florida - Career Paths planning grants are eligible to submit a non-competitive application for implementation grants in 2007-08. The remaining funds shall be allocated on a competitive basis for new planning and implementation grants for industry certified career and professional academies in 2007-08.

Funds provided in Specific Appropriation 123A for SUCCEED Postsecondary Programs in Manufacturing, Automotive and Aerospace shall be allocated to school districts for the expansion or implementation of new postsecondary programs in the manufacturing, automotive and aerospace sectors. From the funds provided, one-third, or \$1,204,691, shall be allocated to each of the three sectors. If any funds remain from any of the three allocations following grant award determination for the programs within a sector, they shall be reallocated to programs within the other sector(s). The funds provided are to increase the capacity of district workforce programs to produce more students to enter the manufacturing, automotive, and aerospace workforce in Florida. The department shall issue awards in an amount not less than \$150,000 for each program and shall give priority in the review process to institutions that can demonstrate cash or in-kind matching funds from business and industry for recruitment, marketing, facility use or equipment.

For the initiatives in Specific Appropriation 123A, the Department of Education shall establish application procedures for competitive and non-competitive processes, guidelines for implementation, accountability measures, and timelines for implementation. Programs receiving grants must submit periodic reports to the Department of Education documenting compliance with the performance measures established by the department. Funds may not supplant current funding and must be used to establish new, expanded or redesigned programs.

SECTION 2
SPECIFIC
APPROPRIATION

From the funds in Specific Appropriation 125, \$2,000,000 from the General Revenue Fund is provided for competitive grants to enhance the training and production of skilled individuals to support the construction industry in Florida, of which \$200,000 shall be used to give priority to rural communities in which minorities comprise a majority of the population. Funds shall only be used for new or expanded apprenticeship programs to provide more trained workers and shall not supplant funds provided for apprenticeship programs in the 2006-2007 fiscal year. The Department of Education shall establish competitive bid criteria and requirements for grant contracts and shall solicit proposals from local education agencies, construction trade associations, registered apprenticeship organizations, and private postsecondary institutions with demonstrated experience in providing education in the skilled construction trades for the use of these funds. Grant recipients must agree to maintain the level of support for training in the skilled construction trades which was provided during the 2006-2007 fiscal year. Criteria for awarding grants shall include: the degree to which proposals address deficiencies in skilled construction workers in a particular area; the applicant's history of working successfully and cooperatively with the industry; the applicant's history of successfully placing trained workers in high wage jobs; the applicant's willingness to enroll black males, ex-offenders, and single mothers with children; and the cost-effectiveness of the proposal.

From the funds provided in Specific Appropriations 125, \$125,000 from the General Revenue Fund shall be used by the Department of Education to provide a grant to a Florida based statewide not-for-profit foundation that promotes careers in construction to high school students along with the opportunities of the Florida Gold Seal Vocational Scholars award. The not-for-profit foundation shall match the grant award on a one-for-one basis. In addition, the selected not-for-profit foundation shall have at least four years experience in creating and operating programs at the high school level that expose interested students to employment opportunities in the construction industry. The foundation shall have at the time of the grant award a minimum of one thousand students participating in their programs.

School districts shall increase the established workforce education resident and non-resident tuition fees specified in section 1009.22, Florida Statutes, by 5 percent.

Pursuant to the provisions of section 1009.26 (1), Florida Statutes, school districts may grant fee waivers for programs funded through Workforce Development Education appropriations for up to 8 percent of the fee revenues that would otherwise be collected.

The funds provided in Specific Appropriation 125 are not to be used to support K-12 programs or the district K-12 administrative indirect costs. The Auditor General shall verify compliance with this requirement during scheduled audits of these institutions.

From the funds provided in Specific Appropriation 125, each school district shall report enrollment for adult general education programs identified in section 1004.02, Florida Statutes, in accordance with the Department of Education instructional hours reporting procedures. The Auditor General shall verify compliance with this requirement during scheduled operational audits of the school districts.

	FROM PRINCIPAL STATE SCHOOL TRUST FUND . .	4,000,000	

Funds in Specific Appropriation 127 are provided to continue statewide implementation of the Florida Ready to Work program created in section 1004.99, Florida Statutes.

SECTION 2
SPECIFIC
APPROPRIATION

The Ready to Work program may be conducted in public schools, regional education consortia, community colleges, area technical centers, one-stop career centers, vocational rehabilitation centers, correctional programs, Department of Juvenile Justice programs, state agencies, and businesses/employers operating in Florida.

From the funds provided in Specific Appropriation 127, \$5,000,000 from the General Revenue Fund shall be allocated for the purchase of a bank of assessments for use by participating educational entities; school districts and regional consortia, area technical centers, vocational rehabilitation centers, one-stop career centers, Department of Juvenile Justice programs and community colleges shall have priority access to the bank of assessments. To ensure appropriate progress is made toward statewide implementation, the department shall enter into a contract with the current Ready to Work provider, selected by competitive procurement in the 2006-2007 fiscal year, for purchase of the bank of assessments.

From the funds provided in Specific Appropriation 127, \$250,000 from the General Revenue Fund shall be utilized by the department for statewide coordination, support, and data collection activities.

From the funds provided in Specific Appropriation 127, \$1,500,000 from the General Revenue Fund is provided to the Department of Education to profile skills associated with occupations included in the initiative; to provide outreach, technical assistance, and other assistance as appropriate to business and education organizations and to students; and to contract with the current Ready to Work provider, selected by competitive procurement in the 2006-2007 fiscal year, for the development and implementation of a statewide public awareness communications/media campaign. No less than half of the funds shall be used to support the statewide public awareness communications/media campaign.

The balance of the funds provided in Specific Appropriation 127, shall be provided to support curriculum and other activities as provided in the current contract. To ensure appropriate progress is made toward statewide implementation, the department shall enter into a turn-key contract with the current Ready to Work provider, selected by competitive procurement in the 2006-2007 fiscal year, to include a statewide unlimited usage license for curriculum, and a soft-skills assessment component.

CRITICAL JOBS INITIATIVE
FROM GENERAL REVENUE FUND 20,000,000

The funds provided in Specific Appropriation 128A shall be allocated as follows:

SUCCEED, Florida-Crucial Professionals - Teaching/Nursing/
Allied Health..... 19,850,000
DOE Grants Management..... 150,000

The funds allocated to SUCCEED, Florida-Crucial Professionals for Teaching/Nursing/Allied Health are provided to increase the capacity of undergraduate programs at public and private postsecondary educational institutions to produce more certified teachers, nurses, and allied health professionals to enter the workforce in Florida. The Department of Education shall issue awards in an amount not less than \$150,000 and not more than \$500,000 for each program and shall give priority in the review process to institutions that can demonstrate cash or in-kind matching funds from business and industry for recruitment, marketing, facility use or equipment.

The Department of Education shall establish application procedures for competitive processes, guidelines for implementation, accountability measures, and timelines for implementation. Programs receiving grants must submit periodic reports to the Department of Education documenting compliance with the performance measures established by the department. Funds may not supplant current funding and must be used to establish new, expanded or redesigned programs. Institutions applying for funds shall not reduce funding or the current level of enrollment in existing programs.

From the Grants Management funds provided in Specific Appropriation 128A, the Department of Education shall assist the Office of Program Policy Analysis and Government Accountability (OPPAGA) in evaluating the impact of Fiscal Year 2005-2006 and Fiscal Year 2006-2007 funding for the SUCCEED, Florida grant programs on the statewide shortage of nurses and teachers. OPPAGA shall evaluate the extent to which participating institutions used grant funds to increase the production of registered nurses and certified teachers and to increase the capacity of approved nursing programs. The effectiveness of the grants shall be assessed using, at a minimum, the following data elements for each program

SECTION 2
SPECIFIC
APPROPRIATION

No funds in Specific Appropriation 129 are provided for instruction of state or federal inmates.

Pursuant to the provisions of section 1009.26(1), Florida Statutes, community colleges may grant fee waivers for programs funded through Workforce Development Education appropriations for up to 8 percent of the fee revenues that would otherwise be collected.

Pursuant to the provisions of section 1009.26(1), Florida Statutes, community colleges may grant out-of-state fee waivers on a temporary basis for the 2007-08 academic year to those students who originally enrolled in a Florida community college under the provisions of Executive Order 05-176 and who have maintained continuous enrollment since that time.

In compliance with section 1011.84(1)(f), Florida Statutes, from the funds appropriated in Specific Appropriation 129, community colleges shall not report any full-time equivalent (FTE) enrollment for the instruction of students funded in the state grant and aid program for Adults with Disabilities in Specific Appropriation 40.

From the funds in Specific Appropriation 129, \$1,000,000 is provided for competitive grants to enhance the training and production of skilled individuals to support the construction industry in Florida, of which \$100,000 shall be used to give priority to rural communities in which minorities comprise a majority of the population. Funds shall be used only for new or expanded apprenticeship programs to produce more trained workers and shall not supplant funds provided for apprenticeship programs in the 2006-2007 fiscal year. The department shall establish competitive bid criteria and requirements for grant contracts and solicit proposals from local education agencies, construction trade associations, registered apprenticeship organizations, and private post secondary institutions with demonstrated experience in providing education in the skilled construction trades for the use of these funds. Grant recipients must agree to maintain the level of support for training in the skilled construction trades, which was provided during the 2006-2007 fiscal year. Criteria for awarding grants shall include: the degree to which proposals address deficiencies in skilled construction workers in a particular area; the applicant's history of working successfully and cooperatively with the industry; the applicant's history of successfully placing trained workers in high wage jobs; the applicant's willingness to offer programs in underserved areas; programs that attract black males, single women with children, and ex-offenders; and the cost-effectiveness of the proposal.

From the funds in Specific Appropriation 129, \$5,000,000 is provided to the St. Petersburg College Foundation to establish the Government Institute.

From the funds in Specific Appropriation 129 for the College Center for Library Automation, \$1,462,113 shall be released at the beginning of the first quarter in addition to the normal release and \$2,516,300 shall be released at the beginning of the second quarter in addition to the normal release. The additional release is provided to maximize cost savings through centralized purchase of subscription-based e-resources. The remaining appropriated funds for the Center shall be distributed in accordance with the normal release plan.

From the funds in Specific Appropriation 129 each community college shall report enrollment for adult general education programs identified in section 1004.02, Florida Statutes, in accordance with the Department of Education instructional hours reporting procedures. The Auditor General shall verify compliance with this requirement during scheduled operational audits of the community colleges.

Funds provided in Specific Appropriations 135 through 154 for the Working Capital Trust Fund shall be cost-recovered from funds used to pay data processing services rendered in accordance with section 216.272, Florida Statutes. The Working Capital Trust Fund shall support 104.0 FTE. The data processing services rendered shall be paid from funds provided in Specific Appropriation 154.

SECTION 2
SPECIFIC
APPROPRIATION

From the funds provided in Specific Appropriations 135 through 154, the Commissioner of Education shall prepare and provide to the chair of the Senate Fiscal Policy and Calendar Committee, the chair of the House Policy and Budget Council, and the Executive Office of the Governor on or before October 1, 2007, a report containing the following: the federal indirect cost rate(s) approved to be used for the 12 month period of the 2007-2008 fiscal year and the data on which the rate(s) was established; the estimated amount of funds the approved rate(s) will generate; the proposed expenditure plan for the amount generated; and the June 30, 2007, balance of all unexpended federal indirect cost funds.

Funds provided in Specific Appropriations 135 through 138, 142, 153 and 154 for the State Board of Education are contingent upon the Department of Education continuing to provide support to the Board of Governors for services that are not provided within the funds provided in Specific Appropriations 167 through 171. At a minimum, support services provided to the Board of Governors shall include accounting, printing, computer and internet support, personnel and human resources support, support for accountability initiatives, support for agency inspector general activities, and administrative support as needed for trust funds under the jurisdiction of the Board of Governors.

From the funds provided in Specific Appropriations 135 through 138 and 142, the Department of Education with the cooperation of the Florida Association of District School Superintendents, the Florida School Boards Association, and the school districts shall prepare and submit to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council, a report which addresses school district policies regarding lost text books, the number of books lost annually, the cost to replace lost books, and recommendations to reduce this cost.

From the funds provided in Specific Appropriations 135 through 138 and 142, the Department of Education shall develop in cooperation with the PAEC, NEFEC, and Heartlands Educational Consortia and their participating districts an operational program for cooperatively preparing the district 5-year educational plant survey. A process shall be developed to assist the districts with at least the following: meeting growth management requirements, maintaining the 5-year work plan, and assuring that all information in the educational facilities inventory data base is accurate and current. The role of the Department of Education, Office of Educational Facilities, shall include at least the following: providing leadership, knowledgeable technical assistance, and arranging, coordinating, and producing survey reports. On February 1, 2008, a report shall be provided to the chair of the Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council on the status of implementation.

The appropriations provided in Specific Appropriations 156, 158, 159, and 160 from the Education and General Student and Other Fees Trust Fund are the only budget authority provided in this act for the 2007-2008 fiscal year to the named universities to expend tuition and fees that are collected during the 2007-2008 fiscal year and carried forward from the prior fiscal year and that are appropriated into local accounts pursuant to section 1011.4106, Florida Statutes. The expenditure of tuition and fee revenues from local accounts by each university shall not exceed the authority provided by these specific appropriations, unless approved pursuant to the provisions of chapter 216, Florida Statutes. If a court of competent jurisdiction finds that the restriction above is invalid, the appropriation made by section 1011.4106, Florida Statutes, is hereby repealed for the 2007-2008 fiscal year and the monies described in that section shall be deposited in the state treasury for expenditure only pursuant to appropriations made by law.

General revenue funds provided in Specific Appropriations 156 through 162 to each of the named universities are contingent upon each university complying with the tuition and fee policies established in the proviso language attached to Specific Appropriation 156, and with the tuition and fee policies for state universities included in Part II of chapter 1009, Florida Statutes. However, the funds appropriated to a specific university shall not be affected by the failure of another university to comply with this provision.

SECTION 2
SPECIFIC
APPROPRIATION

Funds in Specific Appropriations 15 through 20 and 156 through 163 shall be expended in accordance with operating budgets which must be approved by each university's board of trustees.

From the funds provided in Specific Appropriations 15, 17, 156, and 158 each university may shift enrollment by level in a manner which is revenue neutral, but shall not increase the number of lower level FTEs. For planning and enrollment shifting purposes, the University of South Florida may combine lower, upper, and graduate FTE identified in Specific Appropriations 156 and 158.

The Chancellor of the Board of Governors shall submit a revised 5-year state university enrollment plan by lower, upper, graduate I and graduate II levels, by university, to the Florida Board of Governors by September 1, 2007. This revised 5-year enrollment plan must be developed with input from each state university.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive general revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Chancellor shall segregate these FTEs and not count them toward the 2007-2008 enrollment plan for the State University System.

The maximum resident undergraduate tuition per credit hour is hereby established for the 2007-2008 fiscal year as follows:

	2007	2007-2008
	Summer Term	Fall/Spring Terms
Lower Level Coursework	\$ 73.71	\$ 77.39
Upper Level Coursework	\$ 73.71	\$ 77.39

Tuition for graduate and professional programs and out-of-state fees for all programs shall be established pursuant to section 1009.24, Florida Statutes; however these rates may not be lower than the rates in effect for the 2006-2007 fiscal year.

SECTION 2
SPECIFIC
APPROPRIATION

Each university board of trustees is authorized to waive tuition and out-of-state fees for purposes which support and enhance the mission of the university. All fee waivers must be based on policies which are adopted by university boards of trustees. Each university shall report the purpose, number, and value of all fee waivers granted annually in a format which shall be prescribed and reviewed by the Florida Board of Governors.

Each university board of trustees is authorized to grant out-of-state fee waivers on a temporary basis for the 2007-08 academic year to those students who originally enrolled in a state university under the provisions of Executive Order 05-176 and who have maintained continuous enrollment since that time.

Funds in Specific Appropriation 156 may not be used to supplement university student health centers that employ at least one physician working at least 30 hours per week unless the university accepts students' private health insurance.

Funds provided in Specific Appropriation 156 for the University of Florida include no more than that amount which the State Board of Education and the City of Gainesville agree represents the cost of service for water provided by the city to the University of Florida. The amount charged shall reflect a cost-based rate only and shall be determined through a cost of service study completed annually by the city and reviewed by the university. The costs of any General Fund transfer to the City of Gainesville from Gainesville Regional Utilities or any profit to the city or utility shall be specifically excluded as costs allocable to the university. The cost-based rate shall include charges for only those water services actually provided by the city to the university and shall not include charges for services furnished by the university.

Funds in Specific Appropriation 156 include \$1,215,000 to continue increasing the number of Ph.D., Master's, and post-Master's graduate students in nursing. Universities that receive this funding shall submit a progress report to the Board of Governors by February 1, 2008. The report shall include the following information for each fiscal year 2005-06, 2006-07, and 2007-08, for each program receiving this funding: the number of new students enrolled as a result of this funding; total graduate and post-graduate enrollment; the number and amount of stipends or tuition waivers provided; the number of completions; and the number of placements in nursing or nursing instructor positions in Florida. Students who receive a stipend or waiver from these funds shall commit to practice as a nurse or nursing instructor in Florida for at least three years, and agree to repay any tuition or stipends provided by these universities for failure to comply with this commitment.

Universities that utilize funds provided in Specific Appropriation 156 for student degree progress tracking or mapping initiatives shall report on the results of these initiatives. The report shall provide a detailed description of the initiative and data on the following measures before and after implementation of the initiative: grades of students, number of courses taken outside of the suggested degree plan, retention of students, and other appropriate measures as determined by the Board of Governors. The Board of Governors shall consolidate and summarize the university reports and submit a unified report to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council by February 1, 2008.

Funds provided in Specific Appropriation 156 for the University of Central Florida include funds to enhance the completion of four year degrees at University of Central Florida branch campus at Daytona Beach Community College. The university shall report on the use of these funds to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council by February 1, 2008.

The agency is authorized to amend the Medicaid State Plan to include the following specialized substance abuse services: community based outpatient detoxification services, community based substance abuse intervention services, and comprehensive community support services for substance abuse.

The agency is authorized to work with the Department of Children and Family Services and Florida county governments to develop a local match program to fund these Medicaid specialized substance abuse services using local county funds. The public revenue funds required to match the Medicaid funds for these specialized substance abuse services are limited to those funds that are local public tax revenues and are made available to the state for this purpose. As required by Medicaid policy, participating counties shall make these services available to any qualified Florida Medicaid recipient regardless of county of residence. Payment for these services is contingent upon the local matching funds being provided by participating counties.

From the funds in Specific Appropriation 211, \$61,382,891 from the Medical Care Trust Fund is provided to the Agency for Health Care Administration to fund services for children in the Statewide Inpatient Psychiatric Program. The program shall be designed to permit limits on services, prior authorization of services, and selective provider enrollment. The program must also include monitoring and quality assurance, as well as discharge planning and continuing stay reviews, of all children admitted to the program. The funding is contingent upon the availability of state matching funds in the Department of Children and Family Services in Specific Appropriations 360 and 399.

SECTION 3
SPECIFIC
APPROPRIATION

From the funds in Specific Appropriation 211, \$168,300 from the General Revenue Fund is provided to Lee Memorial Hospital for the Regional Perinatal Intensive Care Center (RPICC) Program.

From the funds in Specific Appropriation 211, \$48,018,221 from the Grants and Donations Trust Fund and \$63,418,821 from the Medical Care Trust Fund are provided to eliminate the inpatient reimbursement ceilings for hospitals whose charity care and Medicaid days, as a percentage of total adjusted hospital days, equal or exceed 11 percent. For any public hospital that does not qualify for the elimination of the inpatient ceilings under this section of proviso or any other proviso listed, the public hospital shall be exempt from the inpatient reimbursement ceilings contingent on the public hospital or local governmental entity providing the required state match. The agency shall use the average of the 2001, 2002 and 2003 audited DSH data available as of March 1, 2007. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2001, 2002 and 2003 that are available. For those hospitals qualifying using audited DSH data received between January 30, 2007 and March 1, 2007 and who were excluded from the LIP Council Recommendations may be exempt from the inpatient ceilings contingent on the non-federal share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 211, \$2,122,332 from the Grants and Donation Trust Fund and \$2,803,016 from the Medical Care Trust Fund are provided to eliminate the inpatient reimbursement ceilings for hospitals that have a minimum of ten licensed Level II Neonatal Intensive Care Beds and are located in Trauma Services Area 2.

From the funds in Specific Appropriation 211, \$49,918,209 from the Grants and Donations Trust Fund and \$65,928,179 from the Medical Care Trust Fund are provided to eliminate the inpatient hospital reimbursement ceilings for hospitals whose Medicaid days as a percentage of total hospital days exceed 7.3 percent, and are designated or provisional trauma centers. This provision shall apply to all hospitals that are designated or provisional trauma centers on July 1, 2007 and any hospitals that become a designated or provisional trauma center during State Fiscal Year 2007-2008. The agency shall use the average of the 2001, 2002 and 2003 audited DSH data available as of March 1, 2007. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2001, 2002 and 2003 that are available.

Funds in Specific Appropriation 211 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. In the event the state share provided through grants and donations is not available to fund the removal of inpatient ceilings for hospitals, the Agency for Health Care Administration shall submit a revised hospital reimbursement plan to the Legislative Budget Commission for approval.

From the funds in Specific Appropriation 211, \$4,279,699 from the Grants and Donations Trust Fund and \$5,652,301 from the Medical Care Trust Fund are provided to make Medicaid payments to hospitals. These payments shall be used to pay approved liver transplant facilities a global fee for providing transplant services to Medicaid recipients.

From the funds in Specific Appropriation 211, \$151,163,462 from the Grants and Donations Trust Fund and \$199,645,223 from the Medical Care Trust Fund are provided to eliminate the inpatient reimbursement ceilings for teaching, specialty, Community Hospital Education Program hospitals and Level III Neonatal Intensive Care Units that have a minimum of three of the following designated tertiary services as regulated under the Certificate of Need Program: pediatric bone marrow transplantation, pediatric open heart surgery, pediatric cardiac catheterization and pediatric heart transplantation.

From the funds in Specific Appropriation 211, \$10,924,358 in non-recurring funds from the Grants and Donations Trust Fund and \$14,428,062 in non-recurring funds from the Medical Care Trust Fund are provided to reinstate the Medicaid inpatient rate reductions to hospitals for all hospitals whose Medicaid charity care days as a

percentage to total adjusted days equals or exceeds 30 percent and have more than 10,000 Medicaid days, or a hospital or hospital system that established a provider service network during the prior state fiscal year. The agency shall use the average of the 2001, 2002 and 2003 audited DSH data available as of March 1, 2007.

From the funds in Specific Appropriation 211, \$2,631,827 in non-recurring general revenue funds and \$3,751,454 in non-recurring medical care trust funds is provided for hospitals that have an adult open heart surgery program and 6 Level II NICU beds in district 6, sub-district 3, as of March 1, 2006.

From the funds in Specific Appropriation 211, \$500,000 from non-recurring general revenue funds is provided to reimburse hospitals for the difference between the Medicaid inpatient per diem rate actually received and the rate the hospital was otherwise qualified to receive pursuant to section 409.905 (5) (c), Florida Statutes, retroactive to the first state fiscal year in which the hospital met the requirements for an adjusted per diem rate pursuant to that statute. Only a hospital that was determined by the Agency for Health Care Administration to meet the requirements of section 409.905 (5) (c), Florida Statutes, in its annual cost estimate for State Fiscal Year 2007-2008, but which was not included in the annual cost estimate for any prior year, will be eligible to receive these funds.

FROM GENERAL REVENUE FUND	51,117,531
FROM GRANTS AND DONATIONS TRUST FUND . . .	380,582,469
FROM MEDICAL CARE TRUST FUND	568,300,000

From the funds in Specific Appropriation 213, \$12,355,838 from the Grants and Donations Trust Fund and \$16,265,515 from the Medical Care Trust Fund are provided for Medicaid low-income pool payments to hospitals providing primary care to low-income individuals, hospitals operating as designated or provisional trauma centers, and rural hospitals. Hospitals providing primary care to low-income individuals and participating in the Primary Care DSH program in State Fiscal Year 2003-2004 shall be paid \$10,596,695 distributed in the same proportion as the Primary Care DSH payments for State Fiscal Year 2003-2004. Hospitals designated or provisional trauma centers shall be paid \$10,745,243. Of this amount, \$4,649,760 shall be distributed equally among hospitals that are a Level I trauma center; \$3,907,361 shall be distributed equally among hospitals that are either a Level II or pediatric trauma center; and \$2,188,122 shall be distributed equally among hospitals that are both a Level II and pediatric trauma center. Rural hospitals participating in the Rural Hospital DSH Program shall be paid \$7,279,414 distributed in the same proportion as the DSH payments.

SECTION 3
SPECIFIC
APPROPRIATION

From the funds in Specific Appropriation 213, \$14,711,625 in non-recurring funds from the General Revenue Fund, \$247,170,061 from the Grants and Donations Trust Fund and \$344,747,192 from the Medical Care Trust Fund are provided for Medicaid low-income pool payments to public hospitals. Public hospitals receiving local tax support and having 150,000 or more Medicaid and charity care days shall be paid \$333,832,769 to be allocated to each hospital based on their percentage of Medicaid and charity care days to the total. Public hospitals or systems receiving local tax support and the hospital or system having less than 150,000 Medicaid and charity care days, but the hospital or system having more than 45,000 Medicaid and charity care days shall be paid \$210,453,803. Prior to the allocation of these funds \$10,157,185 shall be provided to Broward General Hospital and \$1,677,249 shall be provided to Memorial Regional Hospital. The remaining funds shall be allocated to the hospitals based on their percentage of Medicaid and charity care days to the total for all the hospitals in this group. If a system has more than 65,000 Medicaid and charity care days, then the days for each of their hospitals shall receive a weight of 1.345. Public hospitals or systems receiving local tax support and having less than 45,000 Medicaid and charity care days, but the hospital or system having more than 8,500 Medicaid and charity care days shall be paid \$52,817,108. Prior to the allocation of these funds, \$3,000,000 shall be provided to Halifax Medical Center. The remaining funds shall be allocated to the hospitals based on their percentage of Medicaid and charity care days to the total for all the hospitals in this group. Public hospitals or systems, except hospitals classified as rural, with no local tax support shall be paid \$9,525,198. These funds shall be allocated to each of the hospitals based on each hospital's percentage of Medicaid and charity care days to the total for the hospitals in that group. To determine the Medicaid and charity care days for the allocations described above, the agency shall use the average of the 2001, 2002 and 2003 audited DSH data available as of March 1, 2007. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2001, 2002 and 2003 that are available. Payments made under this section of proviso shall be deemed the LIP 1 Medicaid low-income pool payments.

From the funds in Specific Appropriation 213, \$77,706,000 from the Grants and Donations Trust Fund and \$102,294,000 from the Medical Care Trust Fund are provided for Medicaid low-income pool payments to hospitals that receive local government support for health care expenditures for the uninsured or underinsured. To be included in this grouping, the local government must provide a minimum of \$1,000,000 in financial support for the hospitals in its political boundary. Payments will be allocated to each of the hospitals based on its percentage of charity care days to the total charity care days for all the hospitals in the group. In allocating the payments, each hospital will be capped at 120 percent of the amount of local funding it would have received from its local government for uninsured and underinsured individuals without the low-income pool program. Any funds that remain unspent after the first allocation shall then be re-allocated to the hospitals based on their percentage of charity care days to the total charity care days for the group. The agency shall use the average of the 2001, 2002 and 2003 audited DSH data available as of March 1, 2007. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2001, 2002 and 2003 that are available. Additionally, if there are no audited DSH data for any of the prescribed years, the agency shall use the Medicaid and charity care days from the 2005 Financial Hospital Uniform Reporting System (FHURS) reports. Payments made under this section of proviso shall be deemed the LIP 2 Medicaid low-income pool payments.

From the funds in Specific Appropriation 213, \$29,050,093 in non-recurring funds from the General Revenue Fund, \$63,150 from the Grants and Donations Trust Fund and \$38,325,356 from the Medical Care Trust Fund are provided for Medicaid low-income pool payments to hospitals that do not receive local government support for health care expenditures for the uninsured or underinsured or whose local governments provide \$1,000,000 or less in support for the uninsured or underinsured. Additionally, to receive funds under this provision, a hospital's Medicaid days, charity care days and 50 percent of bad-debt days divided by the hospital's total days must equal or exceed 10

SECTION 3
SPECIFIC
APPROPRIATION

percent. Payments shall be allocated to hospitals that qualify under this provision based on their percentage of Medicaid days, charity care days and 50 percent of bad-debt days to the total Medicaid days, charity care days and 50 percent of bad-debt days for all the hospitals that qualify under this provision. The agency shall use the 2005 FHURS reports to determine the Medicaid days, charity care days and 50 percent of the bad-debt days. Payments made under this section of proviso shall be deemed the LIP 3 Medicaid low-income pool payments. Hospitals who receive Medicaid low-income pool payments from LIP 1 or LIP 2 do not qualify to receive payments under LIP 3.

From the funds in Specific Appropriation 213, \$749,807 from the Grants and Donations Trust Fund and \$987,061 from the Medical Care Trust Fund are for Medicaid low-income pool payments to specialty pediatric facilities. To qualify for a Medicaid low-income pool payment under this section, a hospital must be licensed as a children's specialty hospital and its combined Medicaid managed care and fee-for-service days as a percentage to total inpatient days must equal or exceed 30 percent. The agency shall use the 2003 Financial Hospital Uniform Reporting System (FHURS) data to determine the combined Medicaid managed care and fee-for-service days. The total Medicaid low-income pool payments made shall be distributed equally to the qualifying hospitals.

From the funds in Specific Appropriation 213, \$7,355,813 in non-recurring funds from the General Revenue Fund, \$33,278,054 from the Grants and Donations Trust Fund and \$53,491,375 from the Medical Care Trust Fund is provided to make Medicaid low-income pool payments to hospitals that serve as a safety net in providing emergency, specialized pediatric trauma services and inpatient hospital care to low-income individuals. These amounts shall be paid to the following:

From the funds in Specific Appropriation 213, \$6,594,759 from the Grants and Donations Trust Fund and \$8,681,496 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to Federally Qualified Health Centers. These payments may be used, in collaboration with the Department of Health, to provide funding for Federally Qualified Health Centers supporting primary care services in medically underserved areas.

From the funds in Specific Appropriation 213, \$863,400 from the Grants and Donations Trust Fund and \$1,136,600 from the Medical Care Trust Fund are provided for county health initiatives emphasizing the expansion of primary care services. Of the \$2,000,000, \$1,000,000 is provided to St. Johns River Rural Health Network to develop and fund Provider Access Systems for Medicaid and the uninsured in rural areas. The remaining \$1,000,000 is provided to expand primary care services to low income, uninsured individuals to be allocated as follows: \$200,000 to Sarasota County, \$200,000 to Charlotte County, \$200,000 to Lee County, \$200,000 to Okaloosa County and \$200,000 to Walton County. Programs will be finalized with consultation of respective county governments. The total low-income pool payments provided in this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds.

SECTION 3
SPECIFIC
APPROPRIATION

From the funds in Specific Appropriation 213, \$431,700 from the Grants and Donations Trust Fund and \$568,300 from the Medical Care Trust Fund are provided for county health initiatives as approved by the Department of Health emphasizing the expansion of primary care services. The total low-income pool payments provided in this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 213, \$1,369,700 from the Grants and Donations Trust Fund and \$1,803,105 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals providing poison control programs.

The agency is authorized to reduce the payments in LIP 1, LIP 3 and Special LIP up to \$4,000,000 proportionately based on the total payments less local contributions. The purpose for these reductions is to provide the non-federal share for those hospitals qualifying for the exemptions from ceilings in Specification Appropriations 211 and 216, due to updated DSH data being received by the agency between January 30, 2007 and March 1, 2007. Before the agency reduces the LIP payments, they shall have a committed funding source specifically to fund the additional cost of exempting these hospitals. In the event there is not a specific funding source, then the agency shall not reduce the LIP 1, LIP 3 and Special LIP payments. Special LIP payments are those LIP payments made to hospitals providing primary care services, trauma services, rural hospitals, specialty pediatric facilities and those hospitals that are safety net providers. LIP 1, LIP 3, or Special LIP payments may be increased in the exact amount of additional funding received under this provision.

The agency may make low-income pool Medicaid payments to hospitals in an accelerated manner that is more frequent than on a quarterly basis, subject to the availability of state, local and federal funds.

The agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

In the event that the amount of approved non-federal share of matching funds is not provided by local governmental entities as recommended by the Low Income Pool Council, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient non-federal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local non-federal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received. For the purpose of this paragraph, the increase in low-income pool payments for the provider access system and the increase in non-federal share matching funds shall be calculated as the amount that exceeds the levels used in the Low Income Pool Council's recommendations.

Funds provided in Specific Appropriation 213 are contingent upon the non-federal share being provided through grants and donations from state, county or other governmental funds. In the event the non-federal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval.

Distribution of such funds provided in Specific Appropriation 213 are contingent upon approval from the Centers for Medicare and Medicaid Services (CMS). In the event the CMS does not substantially approve the low-income pool distribution methodology, the agency shall coordinate with the Medicaid Low-Income Pool Council and may submit a revised low-income pool plan to the Legislative Budget Commission for approval.

Funds in Specific Appropriation 214 are for the inclusion of freestanding dialysis clinics in the Medicaid program. The agency shall limit payment to \$125.00 per visit for each dialysis treatment.

Freestanding dialysis facilities may obtain, administer and submit claims directly to the Medicaid program for End-Stage Renal Disease pharmaceuticals subject to coverage and limitations policy. All pharmaceutical claims for this purpose must include National Drug Codes (NDC) to permit the invoicing for federal and/or state supplemental rebates from manufacturers. Claims for drug products that do not include National Drug Code information are not payable by Florida Medicaid unless the drug product is exempt from federal rebate requirements.

From the funds in Specific Appropriation 216, \$32,801,310 from the Grants and Donations Trust Fund and \$43,321,479 from the Medical Care Trust Fund are provided to increase the outpatient cap for adults from \$1,000 to \$1,500 per year and to eliminate the outpatient reimbursement ceilings for teaching, specialty, Community Health Education Program hospitals and Level III Neonatal Intensive Care Units that have a minimum of three of the following designated tertiary services as regulated under the certificate of need program: pediatric bone marrow transplantation, pediatric open heart surgery, pediatric cardiac catheterization and pediatric heart transplantation.

From the funds in Specific Appropriation 216, \$6,560,849 from the Grants and Donations Trust Fund and \$8,665,072 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals whose charity care and Medicaid days as a percentage of total adjusted hospital days equals or exceeds 11 percent. For any public hospital that does not qualify for the elimination of the outpatient ceilings under this provision of proviso or any other proviso listed, the public hospital shall be exempt from the outpatient reimbursement ceilings contingent on the public hospital or local governmental entity providing the required state match. The agency shall use the average of the 2001, 2002 and 2003 audited DSH data available as of March 1, 2007. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2001, 2002 and 2003 that are available. For those hospitals qualifying using audited DSH data received between January 30, 2007 and March 1, 2007 and who were excluded from the LIP Council Recommendations may be exempt from the outpatient ceilings contingent on the non-federal share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 216, \$160,771 from the Grants and Donation Trust Fund and \$212,335 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals that have a minimum of ten licensed Level II Neonatal Intensive Care Beds and are located in Trauma Services Area 2.

From the funds in Specific Appropriation 216, \$7,708,333 from the Grants and Donations Trust Fund and \$10,180,581 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals whose Medicaid days, as a percentage of total

hospital days, exceed 7.3 percent, and are designated or provisional trauma centers. This provision shall apply to all hospitals that are designated or provisional trauma centers on July 1, 2007 or become a designated or provisional trauma center during State Fiscal Year 2007-2008. The agency shall use the average of the 2001, 2002 and 2003 audited DSH data available as of March 1, 2007. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2001, 2002 and 2003 that are available.

Funds provided for the elimination of hospital outpatient ceilings in Specific Appropriation 216 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. The agency shall submit a revised hospital outpatient reimbursement plan to the Legislative Budget Commission for approval if the state share is not available to fund the removal of hospital outpatient ceilings or if the Centers for Medicare and Medicaid Services does not approve amendments to the Medicaid Hospital Outpatient Reimbursement Plan to eliminate the reimbursement ceilings for certain hospitals.

From the funds in Specific Appropriation 216, \$1,340,474 in non-recurring funds from the Grants and Donations Trust Fund and \$1,770,397 in non-recurring funds from the Medical Care Trust Fund are provided to reinstate the Medicaid outpatient rate reductions to hospitals for all hospitals whose Medicaid charity care days as a percentage to total adjusted days equals or exceeds 30 percent and have more than 10,000 Medicaid days or hospital system that established a Provider Service Network during the prior state fiscal year. The agency shall use the average of the 2001, 2002 and 2003 audited DSH data available at as of March 1, 2007.

From the funds in Specific Appropriation 216, \$6,463,500 from the Grants and Donations Trust Fund and \$8,536,500 from the Medical Care Trust Fund are appropriated so that the agency may amend its current facility fees and physician services to allow for payments to public hospitals for the cost of providing health care services to Medicaid recipients, when the public hospital assumed the fiscal and operating responsibilities for one or more primary care centers previously operated by the Florida Department of Health or the local county government. Any payments made to public hospitals because of this change shall be contingent on the state share being provided through grants and donations from counties, local governments, or taxing districts.

From the funds in Specific Appropriation 216, \$530,895 in non-recurring general revenue funds and \$755,747 in non-recurring medical care trust funds is provided for hospitals that have an adult open heart surgery program and 6 Level II NICU beds in District 6, sub-district 3, as of March 1, 2006.

SECTION 3
SPECIFIC
APPROPRIATION

From the funds in Specific Appropriation 242, \$5,405,895 from the Grants and Donations Trust Fund and \$7,139,696 from the Medical Care Trust Fund are provided for the purpose of maximizing federal revenues through the continuation of the Special Medicaid Payment Program for governmentally funded nursing homes. Any requests pursuant to chapter 216, Florida Statutes, by the Agency for Health Care Administration to increase budget authority to expand existing programs using increased federal reimbursement through these provisions, shall be contingent upon the availability of state match from existing state funds or local sources that do not increase the current requirement for state general revenue. The agency is authorized to seek federal Medicaid waivers as necessary to implement this provision.

Funds in Specific Appropriation 242 reflect a reduction of \$55,000,000 from the General Revenue Fund and \$72,639,824 from the Medical Care Trust Fund as a result of limiting the Medicaid payments for nursing home Medicare Part A coinsurance. Medicaid will pay no portion of Medicare coinsurance when payment that Medicare has made for the service equals or exceeds what Medicaid would have paid if it had been the sole payer. This provision shall be contingent upon federal approval of a Medicaid State Plan amendment to limit Medicaid payments for nursing home Medicare Part A coinsurance. Should the Centers for Medicare and Medicaid services eliminate nursing home payment of Medicare Part A bad debt, the agency shall reinstate the dually eligible coinsurance payment policy existing prior to July 1, 2007 for Medicare nursing home Part A coinsurance claims in a budget neutral manner that does not increase existing nursing home expenditures. The agency is authorized to reduce nursing home reimbursement rates to fund the reinstatement of the Medicare nursing home Part A coinsurance payments and shall coordinate with the nursing home industry to develop and implement this reduction.

From the funds in Specific Appropriation 242, \$55,000,000 from the General Revenue Fund and \$72,639,824 from the Medical Care Trust Fund are provided to re-base the operating and indirect patient care component targets and target rate class ceilings of the Medicaid nursing home per diem rate. The operating and indirect patient care components of the per diem rate shall continue to be limited by the lower of the cost-based class ceiling, the target rate class ceiling, or the individual provider-specific target.

The Title XIX Long-Term Care Reimbursement Plan shall be modified to:

Establish a target rate class ceiling floor equal to 90 percent of the cost-based class ceiling.

Establish an individual provider-specific target floor equal to 75 percent of the cost-based class ceiling.

Modify the inflation multiplier to equal 2.0 times inflation for the individual provider-specific target. (The inflation multiplier for the target rate class ceiling shall remain at 1.4 times inflation.)

Modify the calculation of the change of ownership target to equal the previous providers' operating and indirect patient care cost per diem (excluding incentives), plus 50 percent of the difference between the previous providers' per diem (excluding incentives) and the effective class ceiling and use an inflation multiplier of 2.0 times inflation.

This provision shall be contingent upon federal approval of a Medicaid State Plan amendment to limit Medicaid payments for nursing home Medicare Part A coinsurance. Should the Centers for Medicare and Medicaid Services eliminate nursing home payment of Medicare Part A bad debt, the agency shall reinstate the dually eligible coinsurance payment policy for Medicare nursing home Part A coinsurance claims existing prior to July 1, 2007 in a budget neutral manner that does not increase existing nursing home expenditures. The agency is authorized to reduce nursing home reimbursement rates to fund the reinstatement of the Medicare nursing home Part A coinsurance payments and shall coordinate with the nursing home industry to develop and implement this reduction.

Funds from Specific Appropriation 270 and 273 shall not be used for administrative costs.

Funds in Specific Appropriation 270 for developmental training programs shall require a 12.5 percent match from local sources. In-kind match is acceptable provided there is no reduction in the number of persons served or level of services provided.

The agency shall continue the third party prior services authorization program to review all individual support and cost plans for home and community based waiver services for individuals with developmental disabilities.

From the funds in Specific Appropriation 270, the agency shall implement cost-containment measures for any new requests for supported living services after July 1, 2007. These measures will include the total annual cost of the provision of supported living services as determined through the support plan process and shall not exceed the total annual cost of equivalent services in an appropriate licensed residential facility.

From the funds in Specific Appropriation 270 and 273, the agency shall limit services defined in federal waiver programs administered by the agency as follows:

Supported Living Coaching services shall not exceed 20 hours per month for persons who also receive in-home support services.

Limited Support Coordination services shall be the only type of Support Coordination service provided to persons under the age of 18 who live in the family home.

Personal Care Assistance services shall be limited to no more than 180 hours per calendar month and shall not include rate modifiers. Additional hours may be authorized only if a substantial change in circumstances occurs for the individual.

Residential Habilitation services shall be limited to 8 hours per day. Additional hours may be authorized for persons who have intensive medical or adaptive needs and if such hours are essential for avoiding institutionalization, or for persons who possess behavioral problems that are exceptional in intensity, duration, or frequency and present a

substantial risk of harm to themselves or others. This restriction shall be in effect until the four-tiered waiver system is fully implemented.

Chore, Non-Residential Supports services and Homemaker services shall be eliminated. The agency shall expand the definition of In-Home Support services to enable the provider of the service to include activities previously provided in these eliminated services.

Massage Therapy and Psychological Assessments services shall be eliminated.

The agency shall conduct supplemental cost plan reviews to verify the medical necessity of authorized services for plans that have increased by more than 8 percent during either of the two preceding fiscal years.

The agency shall implement a consolidated Residential Habilitation rate structure to increase savings to the state through a more cost effective payment method and establish uniform rates for Intensive Behavior Residential Habilitation services.

Pending federal approval, the agency is authorized to extend current support plans for clients receiving services under Medicaid waivers for one year beginning July 1, 2007, or from the date approved whichever is later. Clients who have a substantial change in circumstances that threatens their health and safety may be reassessed during this year to determine the necessity for a change in their support plan.

From the funds in Specific Appropriation 270, the agency shall only serve additional clients on the Home and Community Based Services Waiver if they are in crisis and sufficient funding is made available through attrition.

The Agency for Persons With Disabilities Area Offices shall review, identify, and resolve issues relating to support plans submitted by Waiver Support Coordinators that are not in compliance with the agency's rules, policies and procedures, and with the appropriate waiver requirements to ensure individual's needs are met based upon assessments while managing expenditures within available resources as determined by the agency in compliance with state law and Medicaid Waiver limitations.

From the funds in Specific Appropriation 270, \$25,000,000 in recurring funds from the General Revenue Fund, \$9,281,380 in non-recurring funds from the Tobacco Settlement Trust Fund, and \$15,000,000 in non-recurring funds and \$66,696,565 in recurring funds from the Operations and Maintenance Trust Fund are provided to continue providing services in the Home and Community Based Waiver. Expenditure of these funds is contingent upon passage of Senate Bill 1124 or similar legislation, becoming law.

The agency shall amend provider contracts as necessary.

CHILDREN AND FAMILY SERVICES, DEPARTMENT OF

From the funds in Specific Appropriations 298 through 472, the Department of Children and Family Services shall establish a performance accountability system for each provider who contracts with the department for the delivery of services to children at-risk of future involvement in the criminal justice system, as determined by the department. The contract shall include both output measures, such as the number of children served, and outcome measures, such as program completion. The contractor shall report performance results annually to the department. The department's inspector general shall summarize performance results from all contracts and report the information annually to the Legislature.

The Department of Children and Family Services shall develop detailed information technology strategic and action plans. The strategic plan shall identify critical needs relating to equipment and software asset management, including inventory controls and replacement cycles. The plans shall also include strategies for modernizing or replacing major legacy applications according to department business needs, improving access to existing applications, employing an effective and efficient workforce, updating policies and procedures, and optimizing information technology facilities. The strategic and action plans shall be submitted to the chairs of the Senate Health and Human Services Appropriations Committee and the House Healthcare Council, and the Technology Review Workgroup by December 31, 2007.

From the funds in Specific Appropriations 298 through 472, any expenditures from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Family Services, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

SECTION 3
SPECIFIC
APPROPRIATION

The agency head shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It shall be the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

The Governor's Office of Policy and Budget shall be responsible for ensuring that the necessary maintenance of effort reports are timely submitted to the Department of Children and Family Services, and shall report any delinquencies to the Legislative Budget Commission.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

The monies contained herein are appropriated from the named funds to the Department of Corrections, Florida Department of Law Enforcement, Department of Juvenile Justice, Parole Commission, Department of Legal Affairs/Attorney General and the Justice Administration as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 713 through 899, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details

SECTION 4
SPECIFIC
APPROPRIATION

the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2008.

Funds in Specific Appropriations 713 through 899 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2007, and for which it has been determined by the Secretary of the department that there is no longer a need.

From the funds in Specific Appropriations 713 through 899, the Department of Corrections shall cooperate with the Office of Program Policy Analysis and Government Accountability (OPPAGA), which shall conduct a review to determine whether the department's educational and substance abuse treatment programs should be more appropriately administered by another state agency or other entity. In the course of the review, OPPAGA shall consider funding levels provided to the department, identify the advantages and disadvantages of program delivery models used by other state agencies, such as the Department of Juvenile Justice, and correctional agencies in other states. The department shall provide sufficient data to OPPAGA to conduct this study. OPPAGA shall submit a report to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council by February 1, 2008.

TRANSFER TO DEPARTMENT OF CHILDREN AND FAMILIES FOR MENTAL HEALTH AND SUBSTANCE ABUSE MATCHING GRANTS			
FROM GENERAL REVENUE FUND	2,000,000		

Funds provided in Specific Appropriation 722A shall be transferred to the Department of Children and Family Services for the purpose of providing planning and implementation grants to counties to improve services provided to individuals who have a serious mental illness and/or substance abuse disorder who are involved or at substantial risk of involvement with the criminal justice system. Counties must have or establish a cross system planning committee that includes judges, law enforcement, public defenders, state attorneys, corrections professionals, behavioral healthcare providers, consumers, families, and other key stakeholders involved in providing services to people with mental illnesses and/or substance use disorders in order to be eligible for a grant. The committee may be an existing Public Safety Coordinating Council or another established committee with similar membership. Counties must provide a match equal to the amount of the grant award, or

SECTION 4
SPECIFIC

such amount as otherwise provided by law. The match may be provided through in-kind services. Planning grants will be used to examine current services and processes related to the interaction of the criminal justice and mental health service delivery systems, identify systemic changes that will allow for the utilization of existing resources more effectively and efficiently, identify service and system deficiencies, and identify strategies to divert individuals with serious mental illness and/or substance abuse disorders from jail into treatment programs when appropriate. Implementation grants will be used to expand or add new services that divert individuals with a serious mental illness and/or substance abuse disorder who are involved with the criminal justice system or at substantial risk of entering the criminal justice system.

POSITIONS 252.00
FROM GENERAL REVENUE FUND 7,784,679

From the funds provided in Specific Appropriations 741, 755 and 766, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities in accordance with section 957.04(8), Florida Statutes. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. Distribution of these funds is contingent upon (1) the withdrawal of any outstanding claims or (2) the county commission of the county where the correctional facility is located stipulating by resolution and memorandum of understanding with the state that by the county commission's acceptance of payment in lieu of ad valorem taxation, the county commission waives any ad valorem tax claim for Fiscal Year 2007-2008 for the related facility, whichever is applicable. Distribution of these funds for each facility is further contingent upon the county commission canceling any outstanding tax certificate and quieting title to any tax deed, or portion thereof, that is based on unpaid ad valorem taxes for the relevant facility.

Funds in Specific Appropriation 735 include an increase of 252 full-time equivalent positions and \$7,784,679 from the General Revenue Fund which is sufficient to provide housing and security for 97,329 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 94,364 inmates.

Funds and positions in Specific Appropriation 735 are provided to address security needs for the additional prison populations expected in Fiscal Year 2007-2008 as projected by the Criminal Justice Estimating Conference. Total salary rate established for the positions shall not exceed 7,988,499. These positions and funds shall be released as needed to address security issues associated with the prison population increase.

From the funds in Specific Appropriations 730 through 802, the Department of Corrections shall issue a new contract for food services to be effective no later than October 1, 2007. Such contract shall be based on the results of a competitive solicitation as defined in section 287.057, Florida Statutes, for food service delivery. To allow for implementation and transition of services under the new contract, the existing contracts may be extended. The extension period may be terminated at any time upon 30 days' notice to the contractor and shall be terminated as soon as possible upon full implementation of services under the new contract. Should a protest of the competitive procurement be filed, the new contract shall be effective as soon as possible upon resolution of the protest. Any additional extension of the current contract periods made necessary by the filing of a protest, may only be allowed until such time as full service implementation under the new contract is achieved.

From the funds in Specific Appropriation 741, the Department of Corrections shall assist the Department of Management Services in the issuance of an Invitation to Negotiate for a contract under the master lease-purchase agreement previously executed by the Department of Management Services for 384 additional beds at an existing private correctional facility to house medium and close custody inmates. Any such Invitation to Negotiate shall be limited to modifications of existing contracts with the firms currently operating such private correctional facilities and shall be for design, financing, acquisition, leasing, construction, and operation of the additional beds. The department is authorized to enter into an amendment to the master lease-purchase agreement to finance the construction of the additional 384 beds authorized by this paragraph. Payments under such agreement may begin prior to the completion of the facilities.

From the funds in Specific Appropriation 741, the Department of Corrections shall assist the Department of Management Services in the issuance of an Invitation to Negotiate for a contract under the master lease-purchase agreement previously executed by the Department of Management Services for procurement of three 432 bed community work camps to house minimum custody inmates. Any such contract shall be for design, financing, acquisition, leasing, construction, and operation of the additional beds. The Department of Management Services shall provide estimates to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council for

review before entering into a construction contract. The department is authorized to enter into an amendment to the master lease-purchase agreement to finance the construction of the additional 1,296 beds authorized by this paragraph. Payments under such agreement may begin prior to the completion of the facilities.

The population to be housed at these facilities shall include inmates 21 years of age or older with sentences of less than 18 months who are expected to serve 12 months or less in a state correctional facility. Such inmates must be classified by the department as appropriate for assignment to supervised work settings and have no medical, psychological or other problems that would prevent them from being assigned to a community work squad. These facilities may include appropriate substance abuse treatment and other services designed to enhance the probability of a successful transition back into the community and to reduce the probability of the inmate re-offending upon release.

From the funds in Specific Appropriation 741 in the Privately Operated Institutions Inmate Welfare Trust Fund, the Department of Corrections and the Department of Management Services are authorized to reimburse contractors monies that were appropriated for the 2006-2007 fiscal year but were not distributed during the 2006-2007 fiscal year, provided the invoices were approved for reimbursement under the contract during the 2006-2007 fiscal year.

The ITN must require qualified providers to demonstrate substantial savings to the state. The department may determine which provider, if any, offers the most savings to the state with the most responsive submittal. Before executing any contract for these services, the department must report its intentions to the Governor, the Speaker of the House, and the President of the Senate. If the proposed contract offers substantial savings to the state, the department may enter into an agreement with the provider on or before June 1, 2008.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1162 through 1244A, each provider who contracts with the Department of Juvenile Justice shall provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents shall include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to

SECTION 4			
SPECIFIC			
APPROPRIATION			
			the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.
			From the funds in Specific Appropriations 1162 through 1244A, the Department of Juvenile Justice shall establish a performance accountability system for each provider who contracts with the department for the delivery of services to children at-risk of future involvement in the criminal justice system, as determined by the department. The contract shall include both output measures, such as the number of children served, and outcome measures, such as program completion. The contractor shall report performance results annually to the department. The department's inspector general shall summarize performance results from all contracts and report the information annually to the Legislature.
			From the funds in Specific Appropriations 1162 through 1244A, the Department of Juvenile Justice is directed to withhold funds from contract payments to any provider if that provider failed to comply with contract requirements that it maintain property insurance and if the failure to do so resulted in uninsured losses. The amount withheld shall not exceed the amount of the uninsured loss and may be reduced by other remedial actions agreed upon by the department and the provider.
			From the funds in Specific Appropriation 1183, \$5,580,110 in Juvenile Redirections Program; Specific Appropriation 1191, \$6,348,989 in Day Treatment Programs; Specific Appropriation 1238, \$8,369,987 in PACE Center for Girls; and Specific Appropriation 1243, \$4,212,796 in Children-in-Need of Services/Families-in-Need of Services (CINS/FINS) are to be used as expenditures meeting the Temporary Assistance for Needy Families (TANF) Block Grant maintenance of efforts requirements and must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation.
			The agency head shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It shall be the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.
			The Governor's Office of Policy and Budget shall be responsible for ensuring that the necessary maintenance of effort reports are timely submitted to the Department of Children and Family Services, and shall report any delinquencies to the Legislative Budget Commission.

<p>Funds in Specific Appropriation 1183 include \$5,123,187 from recurring General Revenue to continue the redirections program subject to the requirements and limitations in effect during Fiscal Year 2006-2007. In addition, \$6,000,000 from recurring General Revenue is provided to expand the program to serve additional areas of the state and to serve youth who are before the court for a non-violent 3rd degree felony and who the judge determines would otherwise require residential commitment. No child may be served by the redirections program that has ever been adjudicated delinquent for any violent crime or any 1st degree felony or has ever been convicted or had adjudication withheld for any violent crime or felony in adult court. The department and each participating court shall jointly develop criteria to identify youth appropriate for diversion into this program pursuant to the expanded eligibility criteria provided herein.</p> <p>The department, in consultation with the Office of Program Policy Analysis and Governmental Accountability (OPPAGA), shall gather and maintain the data necessary to allow OPPAGA to continue the longitudinal evaluation of the program, including program expansions, which shall include a comparison of the effectiveness of the various components of the program.</p>

	FROM GENERAL REVENUE FUND	1,500,000

Funds in Specific Appropriation 1297A are provided for grants to assist local efforts to prevent, detect and prosecute criminal activity committed by organized criminal street gangs. Grants shall be awarded to local consortia which must include the State Attorney, local law enforcement and local crime prevention organizations. Local crime prevention organizations may include, but are not limited to, the local juvenile justice boards, local non-profit community service organizations, and local school boards. Each consortium must identify a single organization to serve as the primary point of contact between the Department of Law Enforcement and the local consortium. Proposals must include the three components of enhanced law enforcement, prosecution and prevention in order to be eligible for a grant award. Grants will be awarded on a competitive basis and will be subject to a 50 percent local match which may be provided in the form of in-kind services. Proposals will be evaluated based on (1) the extent to which the three components of law enforcement, prosecution, and prevention are appropriately balanced and coordinated to reduce gang-related crime; (2) the amount of local match; (3) the extent to which resources are targeted to neighborhoods or areas which are most at risk of gang-related crime. No grant shall exceed \$1 million.

cases. Data must include total cases received for each of the past five years, the total number of cases processed for each of the past five years, and the total number of cases received or pending but not processed for each of the past five years;

2. A continuation plan including measures that continue to simplify application forms and processes by using readily available data from existing automated systems;

3. Identification of all existing resources, workload, job descriptions, and internal business procedures for clemency activities. This information must be reported in a manner that allows for isolation of resources allocated to the RCR process. The information must also be sufficient to account for each step in the process to complete the review of RCR without a hearing; and

4. Proposed criteria, developed by case type, to use in defining and classifying case backlogs which shall be based upon a reasonable length of time for the normal processing of cases.

SPECIFIC
APPROPRIATION

From the funds in Specific Appropriation 1553A, \$3,750,000 from non-recurring general revenue shall be used by the Department of Agriculture and Consumer Services to conduct or cause to be conducted those research projects on citrus disease that are recommended by the Florida Citrus Production Research Advisory Council. Distribution of such funds for a particular research project is contingent upon dollar for dollar cash match from federal or private funds or from citrus box tax revenues. At no time shall the funds appropriated in Specific Appropriation 1553A allocated to a particular project exceed the private, federal, and citrus box tax funds provided for that project.

From the funds in Specific Appropriation 1553A, \$250,000 from non-recurring general revenue shall be used for start up costs for the UF/IFAS Southwest Florida Research and Education Center lab for citrus greening research located in Immokalee.

SPECIFIC
APPROPRIATION

2219	FIXED CAPITAL OUTLAY TRANSPORTATION HIGHWAY MAINTENANCE CONTRACTS FROM STATE TRANSPORTATION (PRIMARY) TRUST FUND	270,396,130
------	--	-------------

From the funds in Specific Appropriation 2219, the Department of Transportation may contract with non-profit youth organizations in Florida to perform work on the state highway system. All non-profit youth organizations providing services under contract with the Department of Transportation must certify to the department that all participating youth are Florida residents. In order to maintain continuity and quality, the department shall give preference to those youth organizations with which it has previously contracted for such services.

The department is specifically limited to an expenditure level of \$600,000 for any contract with a single youth organization or for any group of contracts with two or more youth organizations that have the same registered agent or substantially similar officers and directors. The department shall not supplement these funds from any source in the absence of express legislative authority.

In order to promote compact and contiguous development in an area referenced by Osceola County as a future community, the Legislature designates the area defined as west of Florida's Turnpike, east of the Peavine Trail, north of Osceola County's southern most boundary and south of a boundary 25,000 feet north of State Road 60, as the Community of Destiny. The Legislature directs the department to erect suitable markers to define the boundaries of the community.

From the funds in Specific Appropriation 2266, \$1,000,000 in non-recurring funds from the State Transportation Trust Fund is provided for the Tampa Bay Regional Transportation Authority and are contingent on Senate Bill 506 or similar legislation becoming law. These funds shall be used for the authority's initial start-up costs, administration and expense, and to develop a master plan, including day-to-day operations. This funding may be utilized for expenses and costs including, but not limited to, recruiting and hiring an executive director and appropriate staff, securing office and meeting space, supporting communications and meetings (including related travel expenses) of the authority's governing board and committees, and contracting the necessary professional services to fulfill the requirements of the master plan. Allocation of this initial funding does not preclude the authority from seeking additional funding support as may be necessary from federal, state or local agencies in support of the powers and duties and administrative activities defined above.

Additionally, the department may use other monies, upon the request of the authority, to assist the authority in fulfilling its mission, including but not limited to, planning and engineering analysis, research, legal assistance, surveying, cost estimating, project management and any other department activities that could be utilized to assist the authority in accomplishing its mission and purpose. The department shall, by September 1, 2007, provide a report reviewing planned activities necessary to implement this section. The report should include a proposed action plan to resolve issues, if any, related to the implementation of this plan and shall be submitted to the chair of the Senate Fiscal Policy and Calendar Committee, and the chairs of the House Policy and Budget Council and House Economic Expansion and Infrastructure Council.

From funds in Specific Appropriation 2266, \$3,000,000 in non-recurring funds from the State Transportation Trust Fund is provided for the Northwest Florida Transportation Corridor Authority's administrative costs.

AGENCY FOR WORKFORCE INNOVATION

From the funds in Specific Appropriations 2295 through 2357, any expenditures from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Family Services, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The agency head shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It shall be the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 2295 through 2357, no funds shall be used to pay for space being leased by the Agency for Workforce Innovation or a Regional Workforce Board if it has been determined that there is no longer a need for the leased space.

PROGRAM: WORKFORCE SERVICES			
PROGRAM SUPPORT			
It is the intent of the Legislature that the administration and delivery of workforce services and programs that are currently provided by agency employees working in One Stop Career Centers operated by the Regional Workforce Boards may be transferred from the Agency for Workforce Innovation to the Regional Workforce Boards. Such transfers shall only occur if the agency determines that the Regional Workforce Boards would more effectively and efficiently deliver services and if such transfers comply with applicable federal regulations. For all transfers made, the agency shall submit budget amendments pursuant to chapter 216, Florida Statutes, to move positions to the Executive Office of the Governor's reserve and realign the budget into the appropriate operating budget appropriation categories to implement the transfer of programs and service delivery to the Regional Workforce Boards.			
From the funds in Specific Appropriations 2313 through 2357, the Agency for Workforce Innovation shall determine whether any funds provided for specific workforce programs, projects or initiatives are not an allowable use of federal funds. If the agency finds that any project or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the agency shall notify the Executive Office of the Governor, the chair of the Senate Fiscal Policy and Calendar Committee and the chairs of the House Policy and Budget Council and House Economic Expansion and Infrastructure Council.

Funds provided in Specific Appropriation 2321 from the Welfare Transition Trust Fund shall be allocated for workforce services based on a plan approved by Workforce Florida, Inc. The plan shall identify funds provided for state-level and discretionary initiatives, and shall maximize funds distributed directly to the Regional Workforce Boards. The plan shall provide for equitable distribution of funds to the boards based on anticipated client caseload and the achievement of performance standards. Copies of the proposed allocation shall be provided to the chair of the Senate Fiscal Policy and Calendar Committee and the chairs of the House Policy and Budget Council and House Economic Expansion and Infrastructure Council.

From the Welfare Transition Trust Fund in Specific Appropriation 2321, \$2,000,000 is provided to continue the Passport to Economic Progress programs in Hillsborough, Manatee, and Sarasota counties. Other funds provided to the Regional Workforce Boards in Specific Appropriation 2321 may be used for Passport to Economic Progress programs in other counties.

From the funds in Specific Appropriations 2328 through 2335, up to \$5,500,000 may be funded through the use of federal Reed Act distributions for the purpose of meeting the existing demands of unemployed workers and to evaluate the replacement of the 30 year old mainframe system used to process Unemployment Compensation benefit claims and appeals. Of that amount, up to \$1,000,000 shall be used to develop a feasibility study analyzing the replacement of the current Unemployment Compensation System. The study shall comply with standards for the Schedule IV-B included in the Legislative Budget Request instructions. At a minimum, the study shall include a business case describing strategic needs, and major assumptions, constraints and expected outcomes related to this initiative; a realistic cost-benefit analysis indicating initial and long term investment requirements; planning components addressing major functional and technical requirements; identification of proposed technical solutions, analysis of the alternatives for replacing or reengineering the unemployment compensation system, and a project timeline for completion of each major system component and associated project expenditures. The study shall also analyze the SunTax system at the Department of Revenue to determine whether it can be used to provide required unemployment compensation system functionality and identify any specific modifications that are required to enable SunTax to meet unemployment compensation system requirements. The agency shall submit the feasibility study to the Executive Office of the Governor, the chair of the Senate Fiscal Policy and Calendar Committee, and the chairs of the House Policy and Budget Council and the House Economic Expansion and Infrastructure Council by January 31, 2008.

SPECIFIC
APPROPRIATION

Funds in Specific Appropriation 2351 from the Child Care and Development Block Grant Trust Fund may be used to provide a rate differential or stipend to programs which reach the Gold Seal Quality Care designation. The rate differential shall not exceed twenty percent of the reimbursement rate.

Funds in Specific Appropriation 2351 require a match from local sources for working poor eligible participants of six percent on child care slots. In-kind match is allowable provided there is not a reduction in the number of slots or level of services from the provision of in-kind match. The Agency for Workforce Innovation may adopt a policy to grant a waiver of the six percent match requirement to a rural county that demonstrates a significant hardship in meeting the match requirement.

From the funds in Specific Appropriation 2351, the Agency for Workforce Innovation shall designate an amount to be used for the Child Care Executive Partnership Program as match to expand the provision of services to low income families at or below 200 percent of poverty as defined in section 409.178, Florida Statutes. Funds for this program may be used to match funds for statewide contracts.

From the funds in Specific Appropriation 2402, up to \$400,000 from the Professional Regulation Trust Fund is provided to the Department of Business and Professional Regulation to prevent, combat, and publicize the dangers of unlicensed real estate activity in Florida. The department shall develop, implement, and maintain an unlicensed activity campaign in consultation with a corporation that is registered under chapter 617, Florida Statutes, as a not-for-profit corporation and qualified under the Internal Revenue Service Code as a 501(c)(6) corporation, and that represents the largest number of licensed Florida real estate professionals. The campaign shall encompass media production, advertising, and other techniques that the department may wish to utilize after first consulting with the not-for-profit corporation. Special emphasis shall be placed on the investigation and prosecution of unlicensed real estate activities. To further the purpose of the unlicensed activity campaign, the department shall be authorized to accept in-kind contributions of services, media production, or advertising materials from the not-for-profit corporation. Any advertising, media, or materials produced as a result of contributions shall carry acknowledgements of joint production and sponsorship. The department may not allocate overhead charges to these unlicensed activity campaign funds.			
From the funds in Specific Appropriation 2402, up to \$200,000 from the Professional Regulation Trust Fund is provided to the Department of Business and Professional Regulation to institute an unlicensed activity campaign for the purpose of informing and educating the public: (1) that public accounting is a regulated profession with requirements of licensure pursuant to chapter 473, Florida Statutes; (2) that some services provided by unlicensed individuals, although legal, are regulated when provided by a licensed Florida Certified Public Accountant; and (3) that certain services may only be performed by a licensed Florida Certified Public Accountant. The department shall develop the campaign in consultation with a corporation that is registered under chapter 617, Florida Statutes, as a not-for-profit corporation and qualified under the Internal Revenue Service Code as a 501 (c)(6) corporation, and that represents the largest number of licensed Florida Certified Public Accountants. Any advertising, media, or materials produced as a result of contributions shall carry acknowledgements of joint production and sponsorship. The department may not allocate overhead charges to these unlicensed activity campaign funds.

From the funds in Specific Appropriations 2495 through 2501 provided for the Office of the Condominium Ombudsman, the Ombudsman shall provide to the Executive Office of the Governor, the chair of the Senate Fiscal Policy and Calendar Committee, the chair of the House Policy and Budget Council, and the chair of the House Jobs and Entrepreneurship Council a detailed quarterly report of financial activities for the office. The report is due on or before the 15th day following the end of the quarter.

From the funds in Specific Appropriations 2495 through 2508, the Department of Business and Professional Regulation shall submit reports on a quarterly basis to the Executive Office of the Governor, the chair of the Senate Fiscal Policy and Calendar Committee, the chair of the House Policy and Budget Council, the chair of the House Jobs and Entrepreneurship Council, the chair of the Senate Regulated Industries Committee, the chair of the House Business Regulation Committee, and the Office of Program Policy Analysis and Government Accountability related to its responsibilities as defined in section 718.501, Florida Statutes. The quarterly report shall include, but not be limited to the following data: the number of training programs provided for condominium association board members and unit owners; the number of complaints received by type; the number and percent of complaints acknowledged in writing within 30 days as required by section 718.501(1)(m), Florida Statutes; the number and percent of investigations acted upon within 90 days as required by section 718.501(1)(m), Florida Statutes; and the number of investigations that are continuing in excess of the 90-day requirement, with the reasons that the cases required more than 90 days to close.

The department shall monitor caseloads, timeliness of responses to complaints and investigations, and prepare an analysis of the resources and staffing required by the Division of Land Sales, Condominiums, and Mobile Homes to maintain compliance with the requirements of section 718.501, Florida Statutes. In addition, the department shall evaluate core business processes associated with the complaint handling, in order to determine improvements in response time and efficiencies in the complaint review process.

SECTION 6
SPECIFIC
APPROPRIATION

The department shall also evaluate non-jurisdictional complaints to determine if any categories of complaints warrant statutory changes providing additional authority for resolution. The department shall include any recommendations for making such statutory changes in its quarterly reports.

From the funds provided in Specific Appropriation 2889, the Department of Lottery is directed to continue to develop a plan to consolidate its lease of office space where economical and sublet excess office and warehouse space to suitable tenants. In addition, the department shall continue to report its progress, at least annually, to the President of the Senate, the Speaker of the House of Representatives, the Office of Program Policy Analysis and Government Accountability, and the Joint Legislative Auditing Committee.

From the funds in Specific Appropriation 2889, up to \$250,000 shall be transferred to the Office of Program Policy Analysis and Government Accountability (OPPAGA) to conduct a performance review of the Department of Lottery's marketing program. The purpose of the review is to determine the program's effectiveness and efficiency of expending lottery proceeds for marketing in order to maximize education funding. The review shall include demographics of the Lottery's historical marketing and promotion expenditures, including marketing media, geographic media exposure, and demographic focus of funds disbursed. OPPAGA shall research marketing strategies of other state lotteries to assess alternative marketing strategies that might be applicable to the Florida Lottery.

SECTION 6
SPECIFIC
APPROPRIATION

The review shall assess the impact of the Lottery's use of licensed-property games as a promotional tool, the cost-benefit of their use of licensed logos, the methodology used for the contractual provisions, and results of a geographic survey of customer response to over-all game choices.

The review shall also assess the impact of the Lottery's participation in sponsorship events to promote the Florida Lottery, the cost-benefit of this participation, and a review of the detailed methodologies of the contractual provisions currently in place at the Florida Lottery.

OPPAGA may contract with a private entity to conduct or assist with the review. OPPAGA shall submit a report on the review with the findings and recommendations to the Speaker of the House of Representatives, the President of the Senate, and the Executive Office of the Governor by March 1, 2008.

FROM OPERATING TRUST FUND 26,453,210

The Department of Lottery is authorized to submit budget amendments in accordance with chapter 216, Florida Statutes, to increase Specific Appropriation 2894 in the event on-line sales are greater than the projected sales used to calculate the amount appropriated.

The Department of Lottery is authorized to submit budget amendments in accordance with chapter 216, Florida Statutes, to increase Specific Appropriation 2894 to acquire up to 500 additional ticket terminals. Prior to the submission of any budget amendment that increases the size of the lottery retailer network, the Revenue Estimating Conference shall determine if sales will increase sufficiently to cover the cost of the machines, offset any losses to the existing network, and generate additional revenue that benefits the state. The budget amendments will be contingent upon the agency's submission of a plan that includes not only a positive Revenue Estimating Conference impact analysis but also identifies the specific terminal needs and a plan for distribution of the additional terminals.

	FROM OPERATING TRUST FUND		1,484,147	

Funds provided in Specific Appropriation 2923 shall be placed in reserve until the department submits an updated project plan that includes, but is not limited to, all expenditures related to the proposed projects and the associated funding sources. The plan shall also include: a prioritization of all outstanding requests by agencies for improvement projects in spaces leased under the Tallahassee area private sector master leases; identify all out-year projects required to improve and maintain the leased space for the duration of the 15-year leases; and provide an explanation of why improvements are required or not required for each fiscal year. No earlier than 14 days after submission of the plan, the department may request the release of the funds pursuant to the provisions of chapter 216, Florida Statutes.

ESTABLISHMENT			
On or before October 1, 2007, the Department of Revenue shall submit a report to the chair of the Senate Fiscal Policy and Calendar Committee, the chair of the House Policy and Budget Council, the chair of the Senate Committee on Children, Families, and Elder Affairs, and the chair of the House Committee on Healthy Families on the feasibility of recovering the costs of genetic testing from parents with child support cases handled by the department. The department shall conduct a survey of genetic testing cost recovery practices used by Child Support Enforcement agencies in other states and shall include the survey results in the report. The report must include a detailed description of federal requirements with respect to collecting and retaining such fees; the ability to amend the Title IV-D State Plan in this regard; an estimate of the costs of fee recovery; and the impact on paternity establishment, child support collections and federal incentive funding.

From the funds in Specific Appropriation 3186, up to \$59,500 from the Incentive Trust Fund and \$115,500 from the Grants and Donations Trust Fund may be used by the Department of Revenue to fund the child support guideline review, which will be conducted by the Office of Economic and Demographic Research. From the funds provided for this purpose, the department shall reimburse the Office of Economic and Demographic Research for contractual costs incurred to conduct the review of the child support guidelines schedule in accordance with the federal Family Support Act of 1988, to ensure appropriate determination of child support award amounts, and submit a final report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by June 30, 2008. The Office of Economic and Demographic Research may contract with a state university or a nationally recognized organization for the purpose of collecting and analyzing the economic data necessary for the review.

SECTION 8. EMPLOYEE COMPENSATION AND BENEFITS - Fiscal Year 2007-2008

Statement of Purpose

This section provides instructions for implementing the Fiscal Year 2007-2008 salary and benefit increases provided in Specific Appropriation 2288B. All allocations and distributions of these funds are to be made in strict accordance with the provisions of this act.

References to "eligible" employees refer to employees who are, at a minimum, meeting their required performance standards. To receive a bonus payment authorized by this section, the employee must be an eligible employee on November 1, 2007, and must be continuously employed by the state for the period July 1, 2007, through November 1, 2007.

- (1) EMPLOYEE AND OFFICER COMPENSATION
- (a) CAREER SERVICE AND EMPLOYEES SUBJECT TO THE CAREER SERVICE

Funds are provided in Specific Appropriation 2288B for bonuses for all eligible employees represented by (1) the Florida Police Benevolent Association, (2) the Florida State Fire Service Association, (3) the Florida Nurses Association, and (4) the American Federation of State, County, and Municipal Employees, as well as all other eligible career service employees not included in a collective bargaining unit. Funds are to be distributed as follows:

1. CONFERENCE COMMITTEE REPORT ON SB 2802

The Honorable Ken Pruitt May 1, 2007
President of the Senate

The Honorable Marco Rubio
Speaker, House of Representatives

Dear Mr. President and Mr. Speaker:

Your Conference Committee on the disagreeing votes of the two houses on SB 2802, same being:

An act relating to implementing appropriations; provides for use of specified calculations regarding Florida Education Finance Program; requires that funds appropriated for forensic mental health treatment services be allocated to areas of state having greatest demand for services and treatment capacity; requires Department of Environmental Protection to lease South Florida Evaluation and Treatment Center to Miami-Dade County for specified term; requires Department of Management Services to annually publish and furnish to Governor and Legislature master leasing report.

Having met, and after full and free conference, do recommend to their respective houses as follows:

1. That the House recede from its Amendment 1.
2. That the Senate and House of Representatives adopt the Conference Committee Amendment attached hereto, and by reference made a part of this report.

Conference Committee Amendment (with title amendment)—
Delete everything after the enacting clause and insert:

Section 1. *It is the intent of the Legislature that the implementing and administering provisions of this act apply to the General Appropriations Act for the 2007-2008 fiscal year.*

Section 2. *In order to implement Specific Appropriations 7, 8, and 86 through 91 of the 2007-2008 General Appropriations Act, the calculations of the Florida Education Finance Program for the 2007-2008 fiscal year in the document entitled "Public School Funding—The Florida Education Finance Program" dated April 30, 2007, and filed with the Secretary of the Senate are incorporated by reference for the purpose of displaying the calculations used by the Legislature, consistent with the requirements of the Florida Statutes, in making appropriations for the Florida Education Finance Program.*

Section 3. *In order to implement Specific Appropriation 388 of the 2007-2008 General Appropriations Act, and notwithstanding s. 394.908(3)(a) and (b), Florida Statutes, funds appropriated for forensic mental health treatment services in Specific Appropriation 388 shall be allocated to the areas of the state having the greatest demand for services and treatment capacity. This section expires July 1, 2008.*

Section 4. *In order to implement Specific Appropriations 311 and 321 of the 2007-2008 General Appropriations Act, the Department of Children and Family Services shall ensure that all public and private agencies and institutions participating in child welfare cases enter information specified by rule of the department into the Florida Safe Families Network in order to maintain the accuracy and usefulness of the system. The Florida Safe Families Network is intended to be the department's automated child welfare case-management system designed to provide child welfare workers with a mechanism for managing child welfare cases more efficiently and tracking children and families more effectively. The department shall coordinate with the Office of the State Courts Administrator and the Statewide Guardian Ad Litem Office for the purpose of providing any judge or magistrate and any guardian ad litem assigned to a dependency court case with access to information in the Florida Safe Families Network relating to a child welfare case which is required to be filed with the court pursuant to chapter 39, Florida Statutes, by the date of the network's release during the 2007-2008 fiscal year. The department shall report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by February 1, 2008, with respect to progress on providing access to the Florida Safe Families Network as provided in this section. This section expires July 1, 2008.*

Section 5. In order to implement Specific Appropriation 467 of the 2007-2008 General Appropriations Act, subsection (17) is added to section 253.03, Florida Statutes, to read:

253.03 Board of trustees to administer state lands; lands enumerated.—

(17) *Notwithstanding subsections (1)-(16), for the 2007-2008 fiscal year only, and upon approval of the Board of Trustees of the Internal Improvement Trust Fund if necessary, the Division of State Lands of the Department of Environmental Protection shall lease the existing South Florida Evaluation and Treatment Center complex in Miami-Dade County, currently under lease to the Department of Children and Family Services, to Miami-Dade County for the amount of \$1 per year for 99 years to be used by the county for its expanded jail diversion program. The lease of the property shall take place in the 2007-2008 fiscal year, and Miami-Dade County shall sublease the facility to the existing lessee for \$1 per year until the new South Florida Evaluation and Treatment Center is completed on or about April 2008. This subsection expires July 1, 2008.*

Section 6. *In order to fulfill legislative intent regarding the use of funds contained in Specific Appropriations 741, 755, 766, and 1232 of the 2007-2008 General Appropriations Act, the Department of Corrections and the Department of Juvenile Justice may expend appropriated funds to assist in defraying the costs of impacts that are incurred by a municipality or county and associated with opening or operating a facility under the authority of the respective department which is located within that municipality or county. The amount that is to be paid under this section for any facility may not exceed 1 percent of the facility construction cost, less building impact fees imposed by the municipality or by the county if the facility is located in the unincorporated portion of the county. This section expires July 1, 2008.*

Section 7. In order to implement Specific Appropriations 730 through 830 and 868 through 899 of the 2007-2008 General Appropriations Act, subsection (4) of section 216.262, Florida Statutes, is amended to read:

216.262 Authorized positions.—

(4) *Notwithstanding the provisions of this chapter on increasing the number of authorized positions, and for the 2007-2008 ~~2006-2007~~ fiscal year only, if the actual inmate population of the Department of Corrections exceeds the inmate population projections of the February 16, 2007 ~~March 21, 2006~~, Criminal Justice Estimating Conference by 1 percent for 2 consecutive months or 2 percent for any month, the Executive Office of the Governor, with the approval of the Legislative Budget Commission, shall immediately notify the Criminal Justice Estimating Conference, which shall convene as soon as possible to revise the estimates. The Department of Corrections may then submit a budget amendment requesting the establishment of positions in excess of the number authorized by the Legislature and additional appropriations from unallocated general revenue sufficient to provide for essential staff, fixed capital improvements, and other resources to provide classification, security, food services, health services, and other variable expenses within the institutions to accommodate the estimated increase in the inmate population. All actions taken pursuant to the authority granted in this subsection shall be subject to review and approval by the Legislative Budget Commission. This subsection expires July 1, 2008 ~~2007~~.*

Section 8. In order to implement Specific Appropriations 913, 915, and 1161A through 1161AI of the 2007-2008 General Appropriations Act, paragraphs (c), (d), and (e) are added to subsection (3) of section 216.292, Florida Statutes, to read:

216.292 Appropriations nontransferable; exceptions.—

(3) The following transfers are authorized with the approval of the Executive Office of the Governor for the executive branch or the Chief Justice for the judicial branch, subject to the notice and objection provisions of s. 216.177:

(c) *The transfer of appropriations for operations from general revenue between categories of appropriations within each criminal conflict and civil regional counsel budget entity. This paragraph expires July 1, 2008.*

(d) *The transfer of appropriations for operations from general revenue between criminal conflict and civil regional counsel budget entities. This paragraph expires July 1, 2008.*

(e) *The transfer of appropriations for operations from general revenue between criminal conflict and civil regional counsel budget entities and the child dependency and civil conflict case appropriation category and the criminal conflict case costs appropriation category within the Justice Administrative Commission. This paragraph expires July 1, 2008.*

Section 9. *In order to implement Specific Appropriations 1388 and 1389 of the 2007-2008 General Appropriations Act, the Department of Legal Affairs is authorized to expend appropriated funds in Specific Appropriations 1388 and 1389 on the same programs that were funded by the department pursuant to specific appropriations made in general appropriations acts in prior years.*

Section 10. In order to implement Specific Appropriation 1297 of the 2007-2008 General Appropriations Act, paragraph (d) of subsection (4) of section 932.7055, Florida Statutes, is amended to read:

932.7055 Disposition of liens and forfeited property.—

(4) The proceeds from the sale of forfeited property shall be disbursed in the following priority:

(d) *Notwithstanding any other provision of this subsection, and for the 2007-2008 ~~2006-2007~~ fiscal year only, the funds in a special law enforcement trust fund established by the governing body of a municipality may be expended to reimburse the general fund of the municipality for moneys advanced from the general fund to the special law enforcement trust fund prior to October 1, 2001. This paragraph expires July 1, 2008 ~~2007~~.*

Section 11. In order to implement Specific Appropriation 1169 of the 2007-2008 General Appropriations Act, subsection (3) of section 985.686, Florida Statutes, is amended to read:

985.686 Shared county and state responsibility for juvenile detention.—

(3) Each county shall pay the costs of providing detention care, exclusive of the costs of any preadjudicatory nonmedical educational or therapeutic services and \$2.5 million provided for additional medical and mental health care at the detention centers, for juveniles for the period of time prior to final court disposition. The department shall develop an accounts payable system to allocate costs that are payable by the counties.

Section 12. *In order to implement the appropriation of funds in Special Categories-Risk Management Insurance of the 2007-2008 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor is authorized to transfer funds appropriated in the appropriation category "Special Categories-Risk Management Insurance" of the 2007-2008 General Appropriations Act between departments in order to align the budget authority granted with the premiums paid by each department for risk management insurance. This section expires July 1, 2008.*

Section 13. *In order to implement the appropriation of funds in Special Categories-Transfer to Department of Management Services-Human Resources Services Purchased Per Statewide Contract of the 2007-2008 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor is authorized to transfer funds appropriated in the appropriation category "Special Categories-Transfer to Department of Management Services-Human Resources Services Purchased Per Statewide Contract" of the 2007-2008 General Appropriations Act between departments in order to align the budget authority granted with the assessments that must be paid by each agency to the Department of Management Services for human resource management services. This section expires July 1, 2008.*

Section 14. In order to implement Specific Appropriations 2942 through 2950 of the 2007-2008 General Appropriations Act, paragraph (a) of subsection (3) and subsection (6) of section 287.17, Florida Statutes, are reenacted to read:

287.17 Limitation on use of motor vehicles and aircraft.—

(3)

(a) The term "official state business" may not be construed to permit the use of a motor vehicle for commuting purposes, unless special assignment of a motor vehicle is authorized as a perquisite by the Department of Management Services, required by an employee after normal duty hours to perform duties of the position to which assigned, or authorized for an employee whose home is the official base of operation.

(6) It is the intention of the Legislature that persons traveling on state aircraft for purposes consistent with, but not necessarily constituting, official state business may travel only when accompanying persons who are traveling on official state business and that such persons shall pay the state for all costs associated with such travel. Notwithstanding paragraph (3)(a), a person traveling on state aircraft for purposes other than official state business shall pay for any trip not exclusively for state business by paying a prorated share of all fixed and variable expenses related to the ownership, operation, and use of such aircraft.

Section 15. *The amendment of s. 287.17, Florida Statutes, as carried forward by this act from chapters 2005-71 and 2006-26, Laws of Florida, shall expire July 1, 2008, and the text of that section shall revert to that in existence on June 30, 2005, except that any amendments to such text enacted other than by chapters 2005-71 and 2006-26, Laws of Florida, shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of such text which expire pursuant to this section.*

Section 16. In order to implement Specific Appropriations 2286A and 2915 through 2928 of the 2007-2008 General Appropriations Act, subsections (3) and (4) of section 255.249, Florida Statutes, are amended, and subsection (6) is added to that section, to read:

255.249 Department of Management Services; responsibility; department rules.—

(3)(a) The department shall, to the extent feasible, coordinate the vacation of privately owned leased space with the expiration of the lease on that space and, when a lease is terminated before expiration of its base term, will make a reasonable effort to place another state agency in the space vacated. Any state agency may lease the space in any building that was subject to a lease terminated by a state agency for a period of time equal to the remainder of the base term without the requirement of competitive bidding.

(b) The department shall annually publish a *master leasing report* that lists, by agency, all leases that are due to expire within 24 months. The annual report must include the following information for each lease: location; size of leased space; current cost per leased square foot; lease expiration date; and a determination of whether sufficient state-owned office space will be available at the expiration of the lease to house affected employees. The report must also include a list of amendments and supplements to and waivers of terms and conditions in lease agreements that have been approved pursuant to s. 255.25(2)(a) during the previous 12 months and an associated comprehensive analysis, including financial implications, showing that any amendment, supplement, or waiver is in the state's long-term best interest. The department shall furnish the *master leasing* this report to the Executive Office of the Governor and the Legislature by September 15 of each year which provides the following information: This paragraph expires July 1, 2007.

1. A list, by agency and by geographic market, of all leases that are due to expire within 24 months.

2. Details of each lease, including location, size, cost per leased square foot, lease-expiration date, and a determination of whether sufficient state-owned office space will be available at the expiration of the lease to accommodate affected employees.

3. A list of amendments and supplements to and waivers of terms and conditions in lease agreements that have been approved pursuant to s. 255.25(2)(a) during the previous 12 months and an associated comprehensive analysis, including financial implications, showing that any amendment, supplement, or waiver is in the state's long-term best interest.

4. Financial impacts to the pool rental rate due to the sale, removal, acquisition, or construction of pool facilities.

5. Changes in occupancy rate, maintenance costs, and efficiency costs of leases in the state portfolio. Changes to occupancy costs in leased space by market and changes to space consumption by agency and by market.

6. An analysis of portfolio supply and demand.

7. Cost-benefit analyses of acquisition, build, and consolidation opportunities, recommendations for strategic consolidation, and strategic recommendations for disposition, acquisition, and building.

8. The updated plan required by s. 255.25(4)(c).

(c) By June 30 of each year, each state agency shall annually provide to the department all information regarding agency programs affecting the need for or use of space by that agency, reviews of lease-expiration schedules for each geographic area, active and planned full-time equivalent data, business case analyses related to consolidation plans by an agency, and current occupancy and relocation costs, inclusive of furnishings, fixtures and equipment, data, and communications.

(4) The department shall adopt promulgate rules pursuant to chapter 120 providing:

(a) Methods for accomplishing the duties outlined in subsection (1).

(b) Procedures for soliciting and accepting competitive proposals for leased space of 5,000 square feet or more in privately owned buildings, for evaluating the proposals received, for exemption from competitive bidding requirements of any lease the purpose of which is the provision of care and living space for persons or emergency space needs as provided in s. 255.25(10), and for the securing of at least three documented quotes for a lease that is not required to be competitively bid.

(c) A standard method for determining square footage or any other measurement used as the basis for lease payments or other charges.

(d) Methods of allocating space in both state-owned office buildings and privately owned buildings leased by the state based on use, personnel, and office equipment.

(e)1. Acceptable terms and conditions for inclusion in lease agreements.

2. Such terms and conditions shall include, at a minimum, the following clauses, which may not be amended, supplemented, or waived:

a. As provided in s. 255.2502, "The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature."

b. "The Lessee shall have the right to terminate, without penalty, this lease in the event a State-owned building becomes available to the Lessee for occupancy in the County of, Florida, during the term of said lease for the purposes for which this space is being leased upon giving 6 months' advance written notice to the Lessor by Certified Mail, Return Receipt Requested."

This subparagraph expires July 1, 2008 2007.

(f) Maximum rental rates, by geographic areas or by county, for leasing privately owned space.

(g) A standard method for the assessment of rent to state agencies and other authorized occupants of state-owned office space, notwithstanding the source of funds.

(h) For full disclosure of the names and the extent of interest of the owners holding a 4-percent or more interest in any privately owned property leased to the state or in the entity holding title to the property, for exemption from such disclosure of any beneficial interest which is represented by stock in any corporation registered with the Securities and Exchange Commission or registered pursuant to chapter 517, which stock is for sale to the general public, and for exemption from such disclosure of any leasehold interest in property located outside the territorial boundaries of the United States.

(i) For full disclosure of the names of all public officials, agents, or employees holding any interest in any privately owned property leased to the state or in the entity holding title to the property, and the nature and extent of their interest, for exemption from such disclosure of any beneficial interest which is represented by stock in any corporation registered with the Securities and Exchange Commission or registered pursuant to chapter 517, which stock is for sale to the general public, and for exemption from such disclosure of any leasehold interest in property located outside the territorial boundaries of the United States.

(j) A method for reporting leases for nominal or no consideration.

(k) For a lease of less than 5,000 square feet, a method for certification by the agency head or the agency head's designated representative that all criteria for leasing have been fully complied with and for the filing of a copy of such lease and all supporting documents with the department for its review and approval as to technical sufficiency.

(6) *The department may contract for real estate consulting or tenant brokerage services in order to carry out its duties relating to the strategic leasing plan. The contract shall be procured pursuant to s. 287.057. The vendor that is awarded the contract shall be compensated by the department, subject to the provisions of the contract, and such compensation is subject to appropriation by the Legislature. The real estate consultant or tenant broker may not receive compensation directly from a lessor for services that are rendered pursuant to the contract. Moneys paid to the real estate consultant or tenant broker are exempt from any charge imposed under s. 287.1345. Moneys paid by a lessor to the department under a facility-leasing arrangement are not subject to the charges imposed under s. 215.20.*

Section 17. *The amendments to s. 255.249, Florida Statutes, made by this act shall expire July 1, 2008, and the text of that section shall revert to that in existence on June 30, 2007, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of such text which expire pursuant to this section.*

Section 18. In order to implement Specific Appropriations 2286A and 2915 through 2928 of the 2007-2008 General Appropriations Act, para-

graph (d) of subsection (2) and paragraph (c) of subsection (4) of section 255.25, Florida Statutes, are amended, and paragraphs (f) and (g) are added to subsection (3) of that section, to read:

255.25 Approval required prior to construction or lease of buildings.—

(2)

(d) Notwithstanding paragraph (a) and except as provided in ss. 255.249 and 255.2501, a state agency may not lease a building or any part thereof unless prior approval of the lease terms and conditions and of the need therefor is first obtained from the Department of Management Services. The department may not approve any term or condition in a lease agreement which has been amended, supplemented, or waived unless a comprehensive analysis, including financial implications, demonstrates that such amendment, supplement, or waiver is in the state's long-term best interest. Any approved lease may include an option to purchase or an option to renew the lease, or both, upon such terms and conditions as are established by the department subject to final approval by the head of the Department of Management Services and the provisions of s. 255.2502. This paragraph expires July 1, 2008 2007.

(3)

(f) *Notwithstanding s. 287.056(1), a state agency may, at the sole discretion of the agency head or his or her designee, use the services of a tenant broker to assist with a competitive solicitation undertaken by the agency. In making its determination whether to use a tenant broker, a state agency shall consult with the department. A state agency may not use the services of a tenant broker unless the tenant broker is under a term contract with the state which complies with paragraph (g). If a state agency uses the services of a tenant broker with respect to a transaction, the agency may not enter into a lease with any landlord to which the tenant broker is providing brokerage services for that transaction.*

(g) *The Department of Management Services may, pursuant to s. 287.042(2)(a), procure a term contract for real estate consulting and brokerage services. A state agency may not purchase services from the contract unless the contract has been procured under s. 287.057(1), (2), or (3) after March 1, 2007, and contains the following provisions or requirements:*

1. *Awarded brokers must maintain an office or presence in the market served. In awarding the contract, preference must be given to brokers that are licensed in this state under chapter 475 and that have 3 or more years of experience in the market served. The contract may be made with up to three tenant brokers in order to serve the marketplace in the north, central, and south areas of the state.*

2. *Each contracted tenant broker shall work under the direction, supervision, and authority of the state agency, subject to the rules governing lease procurements.*

3. *The department shall provide training for the awarded tenant brokers concerning the rules governing the procurement of leases.*

4. *Tenant brokers must comply with all applicable provisions of s. 475.278.*

5. *Real estate consultants and tenant brokers shall be compensated by the state agency, subject to the provisions of the term contract, and such compensation is subject to appropriation by the Legislature. A real estate consultant or tenant broker may not receive compensation directly from a lessor for services that are rendered under the term contract. Moneys paid to a real estate consultant or tenant broker are exempt from any charge imposed under s. 287.1345. Moneys paid by a lessor to the state agency under a facility leasing arrangement are not subject to the charges imposed under s. 215.20. All terms relating to the compensation of the real estate consultant or tenant broker shall be specified in the term contract and may not be supplemented or modified by the state agency using the contract.*

6. *The department shall conduct periodic customer-satisfaction surveys.*

7. *Each state agency shall report the following information to the department:*

a. *The number of leases that adhere to the goal of the workspace-management initiative of 180 square feet per FTE.*

b. *The quality of space leased and the adequacy of tenant-improvement funds.*

c. *The timeliness of lease procurement, measured from the date of the agency's request to the finalization of the lease.*

d. *Whether cost-benefit analyses were performed before execution of the lease in order to ensure that the lease is in the best interest of the state.*

e. *The lease costs compared to market rates for similar types and classifications of space according to the official classifications of the Building Owners and Managers Association.*

(4)

(c) Because the state has a substantial financial investment in state-owned buildings, it is legislative policy and intent that when state-owned buildings meet the needs of state agencies, agencies must fully use such buildings before leasing privately owned buildings. By September 15, 2006, the Department of Management Services shall create a 5-year plan for implementing this policy. The department shall update this plan annually, detailing proposed departmental actions to meet the plan's goals and shall furnish this plan annually as part of the master leasing report. ~~The department shall furnish this plan to the President of the Senate, the Speaker of the House of Representatives, and the Executive Office of the Governor by September 15 of each year. This paragraph expires July 1, 2008 2007.~~

Section 19. *The amendments to s. 255.25, Florida Statutes, made by this act shall expire July 1, 2008, and the text of that section shall revert to that in existence on June 30, 2007, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of such text which expire pursuant to this section.*

Section 20. In order to implement Specific Appropriations 2915 through 2928 of the 2007-2008 General Appropriations Act, subsection (7) of section 255.503, Florida Statutes, is amended to read:

255.503 Powers of the Department of Management Services.—The Department of Management Services shall have all the authority necessary to carry out and effectuate the purposes and provisions of this act, including, but not limited to, the authority to:

(7)(a) Sell, lease, release, or otherwise dispose of facilities in the pool in accordance with applicable law.

(b) No later than the date upon which the department recommends to the Division of State Lands of the Department of Environmental Protection the disposition of any facility within the Florida Facilities Pool, the department shall provide to the President of the Senate, the Speaker of the House of Representatives, the Executive Office of the Governor, and the Division of Bond Finance of the State Board of Administration an analysis that includes:

1. The cost benefit of the proposed facility disposition, including the facility's current operating expenses, condition, and market value, and viable alternatives for work space for impacted state employees.

2. The effect of the proposed facility disposition on the financial status of the Florida Facilities Pool, including the effect on rental rates and coverage requirement for the bonds.

This paragraph expires July 1, 2008 2007.

Section 21. *Notwithstanding s. 403.7095, Florida Statutes, in order to implement Specific Appropriation 1907 of the 2007-2008 General Appropriations Act, the Department of Environmental Protection shall award:*

(1) *\$9,428,773 in grants equally to counties having populations of fewer than 100,000 for waste tire, litter prevention, recycling and education, and general solid waste programs.*

(2) *\$2,941,932 to be used for Innovative Grants.*

This section expires July 1, 2008.

Section 22. In order to implement Specific Appropriations 2057 through 2082 of the 2007-2008 General Appropriations Act, subsection (5) of section 320.08058, Florida Statutes, is amended to read:

320.08058 Specialty license plates.—

(5) FLORIDA PANTHER LICENSE PLATES.—

(a) The department shall develop a Florida panther license plate as provided in this section. Florida panther license plates must bear the design of a Florida panther and the colors that department approves. In small letters, the word "Florida" must appear at the bottom of the plate.

(b) The department shall distribute the Florida panther license plate annual use fee to ~~in the following manner:~~

1. ~~Eighty-five percent must be deposited in the Florida Panther Research and Management Trust Fund in the Fish and Wildlife Conservation Commission to be used for education and programs to protect the endangered Florida panther.~~

2. ~~Fifteen percent, but no less than \$300,000, must be deposited in the Florida Communities Trust Fund to be used pursuant to the Florida Communities Trust Act.~~

(c) A person or corporation that purchases 10,000 or more panther license plates shall pay an annual use fee of \$5 per plate and an annual processing fee of \$2 per plate, in addition to the applicable license tax required under s. 320.08.

Section 23. *The amendments to s. 320.08058, Florida Statutes, made by this act shall expire July 1, 2008, and the text of that section shall revert to that in existence on June 30, 2007, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of the text which expire pursuant to this section.*

Section 24. In order to implement Specific Appropriation 1553A of the 2007-2008 General Appropriations Act, subsection (32) is added to section 581.031, Florida Statutes, to read:

581.031 Department; powers and duties.—The department has the following powers and duties:

(32) *To conduct or cause to be conducted those research projects on citrus disease, including, but not limited to, citrus canker and citrus greening, which are recommended by the Florida Citrus Production Research Advisory Council, within the limits of appropriations made specifically for such purpose. This subsection expires July 1, 2008.*

Section 25. In order to implement specific appropriations for salaries and benefits in the 2007-2008 General Appropriations Act, subsection (4) of section 110.1245, Florida Statutes, is amended to read:

110.1245 Savings sharing program; bonus payments; other awards.—

(4)(a) Each department head is authorized to incur expenditures to award suitable framed certificates, pins, or other tokens of recognition to state employees who demonstrate satisfactory service in the agency or to the state, in appreciation and recognition of such service. Such awards may not cost in excess of \$100 each plus applicable taxes.

(b) *Notwithstanding paragraph (a), and for the 2007-2008 fiscal year only, agencies may additionally use funds for cash awards to state employees who demonstrate satisfactory service in the agency or to the state, in appreciation and recognition of such service. Awards may not exceed \$100 to any employee and shall be allocated from an agency's existing budget. An employee may not receive awards pursuant to this paragraph in excess of \$100 total during the fiscal year. By March 1, 2008, agencies that elect to make cash awards shall report to the Governor and Cabinet, the President of the Senate, and the Speaker of the House of Representatives the dollar value and number of such awards given. If available, any additional information concerning employee satisfaction and feedback should be provided. This paragraph expires July 1, 2008.*

Section 26. In order to implement specific appropriations for salaries and benefits in the 2007-2008 General Appropriations Act, paragraph (a) of subsection (12) of section 110.123, Florida Statutes, is amended to read:

110.123 State group insurance program.—

(12) HEALTH SAVINGS ACCOUNTS.—The department is authorized to establish health savings accounts for full-time and part-time state employees in association with a health insurance plan option authorized by the Legislature and conforming to the requirements and limitations of federal provisions relating to the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

(a)1. A member participating in this health insurance plan option shall be eligible to receive an employer contribution into the employee's health savings account from the State Employees Health Insurance Trust Fund in an amount to be determined by the Legislature. A member is not eligible for an employer contribution upon termination of employment. For the 2007-2008 ~~2006-2007~~ fiscal year, the state's monthly contribution for employees having individual coverage shall be \$41.66 and the monthly contribution for employees having family coverage shall be \$83.33.

2. A member participating in this health insurance plan option shall be eligible to deposit the member's own funds into a health savings account.

Section 27. In order to implement Specific Appropriations 1426 through 1602 of the 2007-2008 General Appropriations Act, section 570.20, Florida Statutes, is amended to read:

570.20 General Inspection Trust Fund.—

(1) All donations and all inspection fees and other funds authorized and received from whatever source in the enforcement of the inspection laws administered by the department shall be paid into the General Inspection Trust Fund of Florida, which is created in the office of the Chief Financial Officer. All expenses incurred in carrying out the provisions of the inspection laws shall be paid from this fund as other funds are paid from the State Treasury. A percentage of all revenue deposited in this fund, including transfers from any subsidiary accounts, shall be deposited in the General Revenue Fund pursuant to chapter 215, except that funds collected for marketing orders shall pay at the rate of 3 percent.

(2) *For the 2007-2008 fiscal year only and notwithstanding any other provision of law to the contrary, in addition to the spending authorized in subsection (1), moneys in the General Inspection Trust Fund may be appropriated for programs operated by the department which are related to the programs authorized by this chapter. This subsection expires July 1, 2008.*

Section 28. In order to implement Specific Appropriation 2761 of the 2007-2008 General Appropriations Act, paragraph (b) of subsection (9) of section 320.08058, Florida Statutes, is amended to read:

320.08058 Specialty license plates.—

(9) FLORIDA PROFESSIONAL SPORTS TEAM LICENSE PLATES.—

(b) The license plate annual use fees are to be annually distributed as follows:

1. Fifty-five percent of the proceeds from the Florida Professional Sports Team plate must be deposited into the Professional Sports Development Trust Fund within the Office of Tourism, Trade, and Economic Development. These funds must be used solely to attract and support major sports events in this state. As used in this subparagraph, the term "major sports events" means, but is not limited to, championship or all-star contests of Major League Baseball, the National Basketball Association, the National Football League, the National Hockey League, the men's and women's National Collegiate Athletic Association Final Four basketball championship, or a horseracing or dogracing Breeders' Cup. All funds must be used to support and promote major sporting events, and the uses must be approved by the Florida Sports Foundation.

2. The remaining proceeds of the Florida Professional Sports Team license plate must be allocated to the Florida Sports Foundation, a direct-support organization of the Office of Tourism, Trade, and Economic Development. These funds must be deposited into the Professional Sports Development Trust Fund within the Office of Tourism, Trade, and Economic Development. These funds must be used by the

Florida Sports Foundation to promote the economic development of the sports industry; to distribute licensing and royalty fees to participating professional sports teams; to promote education programs in Florida schools that provide an awareness of the benefits of physical activity and nutrition standards; to partner with the Department of Education and the Department of Health to develop a program that recognizes schools whose students demonstrate excellent physical fitness or fitness improvement; to institute a grant program for communities bidding on minor sporting events that create an economic impact for the state; to distribute funds to Florida-based charities designated by the Florida Sports Foundation and the participating professional sports teams; and to fulfill the sports promotion responsibilities of the Office of Tourism, Trade, and Economic Development.

3. The Florida Sports Foundation shall provide an annual financial audit in accordance with s. 215.981 of its financial accounts and records by an independent certified public accountant pursuant to the contract established by the Office of Tourism, Trade, and Economic Development as specified in s. 288.1229(5). The auditor shall submit the audit report to the Office of Tourism, Trade, and Economic Development for review and approval. If the audit report is approved, the office shall certify the audit report to the Auditor General for review.

4. For the 2007-2008 ~~2006-2007~~ fiscal year only and notwithstanding the provisions of subparagraphs 1. and 2., proceeds from the Professional Sports Development Trust Fund may also be used for operational expenses of the Florida Sports Foundation and financial support of the Sunshine State Games. This subparagraph expires July 1, 2008 ~~2007~~.

Section 29. In order to implement Specific Appropriation 2266 of the 2007-2008 General Appropriations Act, subsection (1) of section 339.08, Florida Statutes, is amended to read:

339.08 Use of moneys in State Transportation Trust Fund.—

(1) The department shall expend moneys in the State Transportation Trust Fund accruing to the department, in accordance with its annual budget. The use of such moneys shall be restricted to the following purposes:

(a) To pay administrative expenses of the department, including administrative expenses incurred by the several state transportation districts, but excluding administrative expenses of commuter rail authorities that do not operate rail service.

(b) To pay the cost of construction of the State Highway System.

(c) To pay the cost of maintaining the State Highway System.

(d) To pay the cost of public transportation projects in accordance with chapter 341 and ss. 332.003-332.007.

(e) To reimburse counties or municipalities for expenditures made on projects in the State Highway System as authorized by s. 339.12(4) upon legislative approval.

(f) To pay the cost of economic development transportation projects in accordance with s. 288.063.

(g) To lend or pay a portion of the operating, maintenance, and capital costs of a revenue-producing transportation project that is located on the State Highway System or that is demonstrated to relieve traffic congestion on the State Highway System.

(h) To match any federal-aid funds allocated for any other transportation purpose, including funds allocated to projects not located in the State Highway System.

(i) To pay the cost of county road projects selected in accordance with the Small County Road Assistance Program created in s. 339.2816.

(j) To pay the cost of county or municipal road projects selected in accordance with the County Incentive Grant Program created in s. 339.2817 and the Small County Outreach Program created in s. 339.2818.

(k) To provide loans and credit enhancements for use in constructing and improving highway transportation facilities selected in accordance with the state-funded infrastructure bank created in s. 339.55.

(l) To pay the cost of projects on the Florida Strategic Intermodal System created in s. 339.61.

(m) To pay the cost of transportation projects selected in accordance with the Transportation Regional Incentive Program created in s. 339.2819.

(n) To pay administrative expenses incurred in accordance with applicable laws for a multicounty transportation or expressway authority created under chapter 343 or chapter 348, where jurisdiction for the authority includes a portion of the State Highway System and the administrative expenses are in furtherance of the duties and responsibilities of the authority in the development of improvements to the State Highway System. This paragraph expires July 1, 2008.

(o) To pay other lawful expenditures of the department.

Section 30. In order to implement Specific Appropriations 1621AB, 1621AD, 1621AR, and 1621AS of the 2007-2008 General Appropriations Act, subsection (5) of section 216.292, Florida Statutes, is amended to read:

216.292 Appropriations nontransferable; exceptions.—

(5)(a) A transfer of funds may not result in the initiation of a fixed capital outlay project that has not received a specific legislative appropriation, except that federal funds for fixed capital outlay projects for the Department of Military Affairs, which do not carry a continuing commitment on future appropriations by the Legislature, may be approved by the Executive Office of the Governor for the purpose received, subject to the notice and objection procedures set forth in s. 216.177.

(b) Notwithstanding paragraph (a), and for the 2007-2008 ~~2006-2007~~ fiscal year only, the Governor may recommend the initiation of fixed capital outlay projects funded by grants awarded by the Federal Emergency Management Agency for FEMA Disaster Declarations 1539-DR-FL, 1545-DR-FL, 1551-DR-FL, 1561-DR-FL, 1595-DR-FL, 1602-DR-FL, 1609-DR-FL, and EM3259-FL. All actions taken pursuant to the authority granted in this paragraph are subject to review and approval by the Legislative Budget Commission. This paragraph expires July 1, 2008 ~~2007~~.

Section 31. In order to implement Specific Appropriation 2231 of the 2007-2008 General Appropriations Act, subsection (5) of section 339.135, Florida Statutes, is amended to read:

339.135 Work program; legislative budget request; definitions; preparation, adoption, execution, and amendment.—

(5)(a) ADOPTION OF THE WORK PROGRAM.—The original approved budget for operational and fixed capital expenditures for the department shall be the Governor's budget recommendation and the first year of the tentative work program, as both are amended by the General Appropriations Act and any other act containing appropriations. In accordance with the appropriations act, the department shall, prior to the beginning of the fiscal year, adopt a final work program which shall only include the original approved budget for the department for the ensuing fiscal year together with any roll forwards approved pursuant to paragraph (6)(c) and the portion of the tentative work program for the following 4 fiscal years revised in accordance with the original approved budget for the department for the ensuing fiscal year together with said roll forwards. The adopted work program may include only those projects submitted as part of the tentative work program developed under the provisions of subsection (4) plus any projects which are separately identified by specific appropriation in the General Appropriations Act and any roll forwards approved pursuant to paragraph (6)(c). However, any transportation project of the department which is identified by specific appropriation in the General Appropriations Act shall be deducted from the funds annually distributed to the respective district pursuant to paragraph (4)(a). In addition, the department shall not in any year include any project or allocate funds to a program in the adopted work program that is contrary to existing law for that particular year. Projects shall not be undertaken unless they are listed in the adopted work program.

(b) Notwithstanding paragraph (a), and for the 2007-2008 fiscal year only, the Department of Transportation shall transfer funds to the Office of Tourism, Trade, and Economic Development in an amount equal to

\$25,400,000 for the purpose of funding economic development transportation projects. This transfer shall not reduce, delete, or defer any existing projects funded, as of July 1, 2007, in the Department of Transportation's 5-year work program. This paragraph expires July 1, 2008.

(c) Notwithstanding paragraph (a), and for the 2007-2008 fiscal year only, the Department of Transportation shall provide funds for the Seaport Strategic Planning and Financing Task Force in an amount not to exceed \$75,000; the preliminary engineering and environmental plans and activities for the construction of an interchange on Suncoast Parkway and Lutz Fern Road in an amount not to exceed \$975,000; the Rehabilitation of Local Bridges in an amount not to exceed \$300,000; and the East Winterberry Bridge Replacement in an amount not to exceed \$500,000. To fund these specific appropriations, the Department of Transportation shall not reduce, delete, or defer any existing projects funded as of July 1, 2007, in the 5-year work program. This paragraph expires July 1, 2008.

Section 32. (1) In order to implement Specific Appropriation 2188 of the 2007-2008 General Appropriations Act, there is created the Seaport Strategic Planning and Financing Task Force. The purpose of the task force is to develop a strategic plan for Florida's seaports which will be used to guide future policy development and financial investments to enhance the state's economic competitiveness with other states and internationally in the global economy.

(2) The Seaport Strategic Planning and Financing Task Force shall specifically address the need for greater integration of the seaport program authorized in chapter 311, Florida Statutes, into the state's intermodal transportation system and the need to make the seaport project selection process and project funding structure more responsive to market forces. In its deliberations, the task force shall consider the findings and recommendations of the final report prepared by the Department of Transportation dated July 2006, entitled "Evaluate Florida's 14 Deepwater Seaports' Economic Performance and the Return on Investment of State Funds" (contract number CSA91).

(3) The Seaport Strategic Planning and Financing Task Force shall be comprised of three members appointed by the President of the Senate and three members appointed by the Speaker of the House of Representatives, none of whom shall be registered lobbyists. The Secretary of Transportation and the director of the Governor's Office of Tourism, Trade, and Economic Development shall also serve as voting members of the task force. The President of the Senate and the Speaker of the House of Representatives shall jointly appoint the chair from among the membership.

(4) The task force members shall serve without compensation. The task force shall be staffed by the Office of Program Policy Analysis and Government Accountability (OPPAGA). The Department of Transportation shall provide assistance to the task force as requested, including providing expert advice and funding assistance for OPPAGA to bring in national and international consultants as deemed necessary to meet the intent of this section.

(5) The task force shall report its findings and recommendations, including any proposed statutory amendments or recommended policy changes, to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than January 1, 2008.

Section 33. In order to implement Section 36 of the 2007-2008 General Appropriations Act, subsection (13) of section 253.034, Florida Statutes, is amended to read:

253.034 State-owned lands; uses.—

(13) Notwithstanding the provisions of this section, funds from the sale of property by the Department of Highway Safety and Motor Vehicles located in Palm Beach County are authorized to be deposited into the Highway Safety Operating Trust Fund to facilitate the exchange as provided in the General Appropriations Act, provided that at the conclusion of both exchanges the values are equalized. This subsection expires July 1, 2008 ~~2007~~.

Section 34. In order to implement Specific Appropriation 2188A of the 2007-2008 General Appropriations Act, subsection (3) of section 311.22, Florida Statutes, is amended to read:

311.22 Additional authorization for funding certain dredging projects.—

(3) For the 2007-2008 ~~2006-2007~~ fiscal year only and notwithstanding the matching basis specified in subsection (1), funding for projects in subsection (1) shall require a minimum 25 percent match of funds received pursuant to this section. This subsection expires July 1, 2008 ~~2007~~.

Section 35. *In order to implement Specific Appropriation 1621AD of the 2007-2008 General Appropriations Act and notwithstanding s. 252.37(5)(b), Florida Statutes, local governments that failed to apply for a waiver under s. 252.37, Florida Statutes, within the first 18 months following the declaration of a disaster resulting from Hurricanes Charley, Frances, Ivan, and Jeanne may submit applications for consideration by the Executive Office of the Governor until September 1, 2007. The Executive Office of the Governor may approve a waiver, subject to the requirement for legislative notice and review under s. 216.177, Florida Statutes, of all or a portion of the required match for public assistance projects for local governments if the Executive Office of the Governor determines that such a match requirement cannot be provided, or that doing so would impose a documented hardship on the local government, and if the local government applies for the waiver by the date specified in this section.*

Section 36. In order to implement Specific Appropriation 2467 of the 2007-2008 General Appropriations Act, subsections (8) and (9) are added to section 509.302, Florida Statutes, to read:

509.302 Director of education; personnel; employment duties; compensation.—

(8) *Revenue from administrative fines may be used to support this section. This subsection expires July 1, 2008.*

(9) *Notwithstanding subsection (7), up to \$250,000 may be designated to support the school-to-career transition programs available through statewide organizations in the hospitality services field. This subsection expires July 1, 2008.*

Section 37. In order to implement Specific Appropriation 35B of the 2007-2008 General Appropriations Act, paragraph (d) of subsection (3) of section 1013.64, Florida Statutes, is amended to read:

1013.64 Funds for comprehensive educational plant needs; construction cost maximums for school district capital projects.—Allocations from the Public Education Capital Outlay and Debt Service Trust Fund to the various boards for capital outlay projects shall be determined as follows:

(3)

(d) Funds ~~specifically appropriated for distribution pursuant to this subsection distributed~~ to the district school boards shall be allocated solely based on the provisions of paragraphs (1)(a) and (2)(a) and paragraph (a) of this subsection. No individual school district projects shall be funded off the top of funds allocated to district school boards.

Section 38. *The amendments to s. 1013.64, Florida Statutes, made by this act shall expire July 1, 2008, and the text of that section shall revert to that in existence on June 30, 2007, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of the text which expire pursuant to this section.*

Section 39. In order to implement Specific Appropriation 1858 of the 2007-2008 General Appropriations Act, subsection (6) of section 373.459, Florida Statutes, is amended to read:

373.459 Funds for surface water improvement and management.—

(6)(a) The match requirement of subsection (2) shall not apply to the Suwannee River Water Management District, the Northwest Florida Water Management District, or a financially disadvantaged small local government as defined in s. 403.885(5).

~~(b) Notwithstanding the requirements of subsection (3), the Ecosystem Management and Restoration Trust Fund and the Water Protection and Sustainability Trust Fund shall be used for the deposit of funds appropriated by the Legislature for the purposes of ss. 373.451-373.459. The department shall administer all funds appropriated to or received for surface water improvement and management activities.~~

~~Expenditure of the moneys shall be limited to the costs of details planning and plan and program implementation for priority surface water bodies. Moneys from the funds shall not be expended for planning for, or construction or expansion of, treatment facilities for domestic or industrial waste disposal.~~

~~(c) Notwithstanding the requirements of subsection (4), the department shall authorize the release of money from the funds in accordance with the provisions of s. 373.501(2) and procedures in s. 373.59(4) and (5).~~

~~(d) Notwithstanding the requirements of subsection (5), moneys in the Ecosystem Restoration and Management Trust Fund that are not needed to meet current obligations incurred under this section shall be transferred to the State Board of Administration, to the credit of the trust fund, to be invested in the manner provided by law. Interest received on such investments shall be credited to the trust fund.~~

~~(e) This subsection expires July 1, 2008 ~~2007~~.~~

Section 40. In order to implement Specific Appropriations 1852A and 1859 of the 2007-2008 General Appropriations Act, subsection (3) is added to section 253.01, Florida Statutes, to read:

253.01 Internal Improvement Trust Fund established.—

(3) *In addition to the uses allowed in subsection (2) for the 2007-2008 fiscal year, moneys in the Internal Improvement Trust Fund are authorized to be transferred to the Ecosystem Management and Restoration Trust Fund for grants and aids to local governments for water projects as provided in the General Appropriations Act. This subsection expires July 1, 2008.*

Section 41. In order to implement Specific Appropriations 1852A and 1859 of the 2007-2008 General Appropriations Act, subsection (3) is added to section 403.890, Florida Statutes, to read:

403.890 Water Protection and Sustainability Program; intent; goals; purposes.—

(3) *In addition to the uses allowed in subsection (1) for the 2007-2008 fiscal year, interest earnings accumulated in the Water Protection and Sustainability Program Trust Fund shall be transferred to the Ecosystem Management and Restoration Trust Fund for grants and aids to local governments for water projects as provided in the General Appropriations Act. This subsection expires July 1, 2008.*

Section 42. In order to implement Specific Appropriations 1852A and 1859 of the 2007-2008 General Appropriations Act, subsection (6) of section 201.15, Florida Statutes, as amended by chapters 2005-92, 2006-1, 2006-185, and 2006-231, Laws of Florida, is amended to read:

201.15 Distribution of taxes collected.—All taxes collected under this chapter shall be distributed as follows and shall be subject to the service charge imposed in s. 215.20(1), except that such service charge shall not be levied against any portion of taxes pledged to debt service on bonds to the extent that the amount of the service charge is required to pay any amounts relating to the bonds:

(6) The lesser of two and twenty-eight hundredths percent of the remaining taxes collected under this chapter or \$36.1 million in each fiscal year shall be paid into the State Treasury to the credit of the Invasive Plant Control Trust Fund to carry out the purposes set forth in ss. 369.22 and 369.252 *and for water projects as provided in the General Appropriations Act.*

Section 43. *The amendments to s. 201.15, Florida Statutes, made by this act shall expire July 1, 2008, and the text of that section shall revert to that in existence on June 30, 2007, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of the text which expire pursuant to this section.*

Section 44. *In order to implement Specific Appropriations 1852A and 1859 of the 2007-2008 General Appropriations Act, moneys in the Invasive Plant Control Trust Fund are authorized to be transferred to the Ecosystem Management and Restoration Trust Fund for grants and aids to local governments for water projects as provided in the General Appropriations Act. This section expires July 1, 2008.*

Section 45. (1) In order to implement Specific Appropriation 1695 in the 2007-2008 General Appropriations Act, notwithstanding s. 420.9073, Florida Statutes, the Florida Housing Finance Corporation is directed to establish a Teachers' Down Payment Assistance Pilot Program. By rule, the corporation shall set forth criteria for project selection and funding.

(2) In order to assist in the recruitment and retention of teachers, eligibility shall be limited to those local governments whose local housing assistance plans include the following:

(a) Down payment assistance shall be provided to eligible persons who meet the following criteria, in addition to other requirements of the plan, the person shall:

1. Be employed full time as a K-12 classroom teacher in this state;
2. Be state-certified in a critical need area of exceptional student education, mathematics, or science;
3. Declare his or her homestead and maintain residency at his or her homestead;
4. Be employed in a full-time, permanent capacity; and
5. Demonstrate a 5-year minimum commitment to continued employment as a K-12 classroom teacher in a public school within the county of current employment.

(b) Compliance with the eligibility criteria shall be verified on application and during the life of the loan by the school district in which the teacher is employed.

(c) The program shall provide \$4,000 as down payment assistance if the municipality, county, or appropriate governmental subdivision or agency within which an eligible recipient resides waives all impact fees that occur incidental to the recipient's home purchase.

(d) Any lien on the recipient's property securing the assistance provided under this program shall be released if the recipient fulfills the 5-year commitment.

(3) Any undistributed funds remaining on June 1, 2008, shall be distributed along with other State Housing Initiative Partnership funds, as provided in s. 420.9073, Florida Statutes.

Section 46. In order to implement Specific Appropriation 2814 of the 2007-2008 General Appropriations Act, section 322.025, Florida Statutes, is amended to read:

322.025 Driver improvement.—

(1) The department may implement programs to improve the driving ability of the drivers of this state. Such programs may include, but shall not be limited to, safety awareness campaigns, driver training, and licensing improvement. Motorcycle driver improvement programs implemented pursuant to this section or s. 322.0255 shall be funded by the motorcycle safety education fee collected pursuant to s. 320.08(1)(c), which shall be deposited in the Highway Safety Operating Trust Fund of the department and appropriated for that purpose.

(2) Notwithstanding the provisions of s. 283.58, when funds have been appropriated by the Legislature for the purpose of providing safety awareness materials, the department shall distribute to the public only materials that do not include advertisements. Safety materials shall include, but need not be limited to, Official Florida Driver Handbooks provided by the department to the motoring public for the purpose of education. The Official Florida Driver Handbook may be distributed by the Department of Highway Safety and Motor Vehicles only in accordance with this paragraph. Other governmental entities, including secondary public schools, wishing to obtain the Official Florida Driver Handbook must use those books provided by the department. This subsection expires July 1, 2008.

Section 47. In order to implement Section 51 of the 2007-2008 General Appropriations Act, section 570.957, Florida Statutes, is created to read:

570.957 Farm-to-Fuel Grants Program.—

(1) As used in this section, the term:

(a) "Bioenergy" means useful, renewable energy produced from organic matter through the conversion of the complex carbohydrates in organic matter to energy. Organic matter may either be used directly as a fuel, processed into liquids and gases, or be a residue of processing and conversion.

(b) "Department" means the Department of Agriculture and Consumer Services.

(c) "Person" means an individual, partnership, joint venture, private or public corporation, association, firm, public service company, or any other public or private entity.

(d) "Renewable energy" means electrical, mechanical, or thermal energy produced from a method that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power.

(2) The Farm-to-Fuel Grants Program is established within the department to provide renewable energy matching grants for demonstration, commercialization, research, and development projects relating to bioenergy projects.

(a) Matching grants for bioenergy demonstration, commercialization, research, and development projects may be made to any of the following:

1. Municipalities and county governments.
2. Established for-profit companies licensed to do business in the state.
3. Universities and colleges in the state.
4. Utilities located and operating within the state.
5. Not-for-profit organizations.
6. Other qualified persons, as determined by the Department of Agriculture and Consumer Services.

(b) The department may adopt rules to provide for allocation of grant funds by project type, application requirements, ranking of applications, and awarding of grants under this program.

(c) Factors for consideration in awarding grants may include, but are not limited to, the degree to which:

1. The project produces bioenergy from Florida-grown crops or biomass.
2. The project demonstrates efficient use of energy and material resources.
3. Matching funds and in-kind contributions from an applicant are available.
4. The project has a reasonable assurance of enhancing the value of agricultural products or will expand agribusiness in the state.
5. Preliminary market and feasibility research has been conducted by the applicant or others and shows there is a reasonable assurance of a potential market.
6. The project stimulates in-state capital investment and economic development in metropolitan and rural areas, including the creation of jobs and the future development of a commercial market for bioenergy.
7. The project incorporates an innovative new technology or an innovative application of an existing technology.

(d) In evaluating and awarding grants under this section, the department shall consult with and solicit input from the Department of Environmental Protection.

(e) In determining the technical feasibility of grant applications, the department shall coordinate and actively consult with persons having expertise in renewable energy technologies.

(f) *In determining the economic feasibility of bioenergy grant applications, the department shall consult with the Office of Tourism, Trade, and Economic Development.*

(3) *This section expires July 1, 2008.*

Section 48. In order to implement Sections 52, 53, and 54 of the 2007-2008 General Appropriations Act:

(1) *The Florida Building Commission shall convene a workgroup comprised of representatives from the Florida Energy Commission, the Department of Community Affairs, the Building Officials Association of Florida, the Florida Energy Office, the Florida Home Builders Association, the Association of Counties, the League of Cities, and other stakeholders to develop a model residential energy efficiency ordinance that provides incentives to meet energy efficiency standards. The commission must report back to the Legislature with a developed ordinance by March 1, 2008.*

(2) *The Florida Building Commission shall, in consultation with the Florida Energy Commission, the Building Officials Association of Florida, the Florida Energy Office, the Florida Home Builders Association, the Association of Counties, the League of Cities, and other stakeholders, review the Florida Energy Code for Building Construction. Specifically, the commission shall revisit the analysis of cost-effectiveness that serves as the basis for energy efficiency levels for residential buildings, identify cost-effective means to improve energy efficiency in commercial buildings, and compare the code to the International Energy Conservation Code and the American Society of Heating Air-Conditioning and Refrigeration Engineers Standards 90.1 and 90.2. The commission shall provide a report with a standard to the Legislature by March 1, 2008, that may be adopted for the construction of all new residential, commercial, and government buildings.*

(3) *The Florida Building Commission, in consultation with the Florida Solar Energy Center, the Florida Energy Commission, the Florida Energy Office, the United States Department of Energy, and the Florida Home Builders Association, shall develop and implement a public awareness campaign that promotes energy efficiency and the benefits of building green by January 1, 2008. The campaign shall include enhancement of an existing web site from which all citizens can obtain information pertaining to green building practices, calculate anticipated savings from use of those options, as well as learn about energy efficiency strategies that may be used in their existing home or when building a home. The campaign shall focus on the benefits of promoting energy efficiency to the purchasers of new homes, the various green building ratings available, and the promotion of various energy-efficient products through existing trade shows. The campaign shall also include strategies for utilizing print advertising, press releases, and television advertising to promote voluntary utilization of green building practices.*

(4) *The Department of Environmental Protection shall develop a public awareness campaign that promotes the effective use of energy in the state and discourages all forms of energy waste. The campaign shall also include strategies for utilizing print advertising, press releases, and television advertising to promote energy education and the public dissemination of information on energy and its environmental, economic, and social impact.*

(5) *This section expires July 1, 2008.*

Section 49. In order to implement Section 48 of of the 2007-2008 General Appropriations Act:

(1) *Research and demonstration cellulosic ethanol plant.—There shall be constructed a multifaceted research and demonstration cellulosic ethanol plant designed to conduct research and to demonstrate and advance the commercialization of cellulose-to-ethanol technology, including technology licensed from the University of Florida, and to facilitate further research and testing of multiple cellulosic feedstocks in the state.*

(2) *The University of Florida shall act as the owner and proprietor of the facility, which shall include a permanent research and development laboratory operated as a satellite facility of the Institute of Food and Agricultural Sciences at the University of Florida. This facility shall be used to convert the initially treated material to the final ethanol product.*

(3) *The facility shall be located near an industrial site with infrastructure already developed to avoid or reduce significant capital costs*

for waste treatment and roads, shall be served by a range of suppliers and transportation companies, and shall be in good proximity to gasoline and ethanol blending facilities on either coast of the state. The industrial site shall have the capacity to provide steam and electric power, waste treatment, and a steady stream of feedstocks, including, but not limited to, bagasse, woody biomass, and cane field residues, to allow a commercial scale plant to operate year around.

(4) *The facility shall be located near preexisting onsite technical support staff and other resources for electrical, mechanical, and instrumentation services. In addition, the facility shall have access to preexisting onsite laboratory facilities and scientific personnel and shall include the critical aspects of connecting to existing facilities and meeting construction codes and permit requirements.*

(5) *There shall be a scientific and technical advisory panel to advise on the technology to be applied.*

(6) *Subject to the rights of any third parties arising under any licenses granted by the university or its affiliates prior to the effective date of this act, ownership of all patents, copyrights, trademarks, licenses, and rights or interests shall vest in the university on behalf of the state. The university, pursuant to s. 1004.23, Florida Statutes, shall have the right to use and the right to retain derived revenues subject to the continuing approval of the Legislature.*

(7) *The Senior Vice President for the Institute of Food and Agricultural Sciences at the University of Florida shall ensure that applicable, nonproprietary research results and technologies from the plant authorized under this initiative are adapted, made available, and disseminated through its respective services, as appropriate.*

(8) *Within 2 years after enactment of this act, the Senior Vice President for the Institute of Food and Agricultural Sciences at the University of Florida shall submit to the President of the Senate and the Speaker of the House of Representatives a report on the activities conducted under this section.*

(9) *This section expires on July 1, 2008.*

Section 50. In order to implement Section 49 of the 2007-2008 General Appropriations Act, subsection (6) of section 377.804, Florida Statutes, is amended to read:

377.804 Renewable Energy Technologies Grants Program.—

~~(6) The department shall coordinate and actively consult with the Department of Agriculture and Consumer Services during the review and approval process of grants relating to bioenergy projects for renewable energy technology, and the departments shall jointly determine the grant awards to these bioenergy projects. No grant funding shall be awarded to any bioenergy project without such joint approval. Factors for consideration in awarding grants may include, but are not limited to, the degree to which:~~

~~(a) The project stimulates in-state capital investment and economic development in metropolitan and rural areas, including the creation of jobs and the future development of a commercial market for bioenergy.~~

~~(b) The project produces bioenergy from Florida grown crops or biomass.~~

~~(c) The project demonstrates efficient use of energy and material resources.~~

~~(d) The project fosters overall understanding and appreciation of bioenergy technologies.~~

~~(e) Matching funds and in-kind contributions from an applicant are available.~~

~~(f) The project duration and the timeline for expenditures are acceptable.~~

~~(g) The project has a reasonable assurance of enhancing the value of agricultural products or will expand agribusiness in the state.~~

~~(h) Preliminary market and feasibility research has been conducted by the applicant or others and shows there is a reasonable assurance of a potential market.~~

Section 51. *In order to implement Specific Appropriations 2659, 2661, 2662, and 2665 of the 2007-2008 General Appropriations Act, for the 2007-2008 fiscal year only and notwithstanding any conflicting requirements of section 4 of chapter 2006-12, Laws of Florida, the Department of Financial Services may expend \$846,021 of the funds appropriated by section 4 of chapter 2006-12, Laws of Florida, for salaries and related expenses.*

Section 52. *The amendments to s. 377.804, Florida Statutes, made by this act shall expire July 1, 2008, and the text of that section shall revert to that in existence on June 30, 2007, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of such text which expire pursuant to this section.*

Section 53. *A section of this act that implements a specific appropriation or specifically identified proviso language in the 2007-2008 General Appropriations Act is void if the specific appropriation or specifically identified proviso language is vetoed. A section of this act that implements more than one specific appropriation or more than one portion of specifically identified proviso language in the 2007-2008 General Appropriations Act is void if all the specific appropriations or portions of specifically identified proviso language are vetoed.*

Section 54. *If any other act passed in 2007 contains a provision that is substantively the same as a provision in this act, but that removes or is otherwise not subject to the future repeal applied to such provision by this act, the Legislature intends that the provision in the other act shall take precedence and shall continue to operate, notwithstanding the future repeal provided by this act.*

Section 55. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 56. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2007; or, if this act fails to become a law until after that date, it shall take effect upon becoming a law and shall operate retroactively to July 1, 2007.

And the title is amended as follows:

The Honorable Ken Pruitt
President of the Senate

May 1, 2007

The Honorable Marco Rubio
Speaker, House of Representatives

Dear Mr. President and Mr. Speaker:

Your Conference Committee on the disagreeing votes of the two houses on CS for CS for SB 450, same being:

An act relating to Florida Teachers Lead Program Stipend/Pre-K; extends Florida Teachers Lead Program Stipend to teachers of pre-kindergarten students in public schools and public charter schools who are funded through Florida Education Finance Program.

1. That the House recede from its Amendment 1.
2. That the Senate and House of Representatives adopt the Conference Committee Amendment attached hereto, and by reference made a part of this report.

Conference Committee Amendment (with title amendment)—
 Delete everything after the enacting clause and insert:

Section 1. Section 1012.71, Florida Statutes, is amended to read:

1012.71 The Florida Teachers Lead Program Stipend.—

(1) Funding for the Florida Teachers Lead Program Stipend shall be as determined by the Legislature in the General Appropriations Act. Funds appropriated for the Florida Teachers Lead Program Stipend are provided to purchase classroom materials and supplies used in the instruction of students in ~~prekindergarten kindergarten~~ through grade 12 of the public school system *who are funded from the Florida Education Finance Program, including public charter schools*. From the funds appropriated, the Commissioner of Education shall calculate an amount for each school district by prorating the total of each school district's share of the total ~~K-12~~ unweighted FTE student enrollment.

(2) From the funds allocated to each district, the district school board shall calculate an identical amount for each classroom teacher which is his or her proportionate share of the amount allocated to the district for the total number of teachers in the district, *including teachers in public charter schools*. A *job-share classroom teacher may receive a prorated share of the amount provided to a full-time classroom teacher*. The district school board *and each charter school board* shall provide the funds no later than September 30 of each year directly to each teacher as a stipend to purchase, on behalf of the school district *or charter school*, classroom materials and supplies to be used in the instruction of students assigned to the teacher. Each teacher shall have sole discretion regarding which classroom materials and supplies best meet the needs of the students, when they are needed, and where they are acquired. The funds expended by individual teachers shall not be subject to state or local competitive bidding requirements. Disbursement of Florida Teachers Lead Program Stipend funds directly to each teacher *and to each charter school* shall complete the school district's expenditure of these funds.

(3) Each teacher shall sign a statement acknowledging receipt of the funds, agreeing to keep receipts to show the expenditure of the funds used to purchase classroom materials and supplies for use in the instruction of the students assigned to them, and agreeing to return any unused funds by the end of the regular school year. The statement to be signed and dated by each teacher for receipt of the Florida Teachers Lead Program Stipend shall include the wording: "I, (Name of teacher), am employed by the . . . County District School Board *or by the (_____ Charter School)* as a full-time classroom teacher. I acknowledge that Florida Teachers Lead Program Stipend funds are appropriated by the Legislature for the sole purpose of purchasing classroom materials and supplies to be used in the instruction of students assigned to me. In accepting custody of these funds, I agree to keep receipts for all expenditures. I understand that if I do not keep receipts showing these funds

were spent to purchase classroom materials and supplies for use with my students, it will be my personal responsibility to pay any federal taxes due on these funds. I also agree to return any unused funds to the district school board at the end of the regular school year for deposit into the School Advisory Council account of the school at which I was employed at the time of the receipt of the funds *or for deposit into the district's teacher lead program account of the district in which the charter school is sponsored, as applicable.*"

(4) Florida Teachers Lead Program Stipend funds shall be provided to each teacher in addition to any other funds appropriated for public school operations.

(5) Any unused funds *that which* are returned to the district school board shall be deposited into the School Advisory Council account of the school at which the teacher returning the funds was employed at the time of the receipt of the funds *or for deposit into the district's teacher lead program account of the district in which the charter school is sponsored, as applicable.*

(6) For purposes of this section, the term "classroom teacher" includes certified teachers employed *by a public school district or a public charter school* on or before September 1 of each year whose full-time *or job-share* ~~job~~ responsibility is the classroom instruction of students in ~~prekindergarten kindergarten~~ through grade 12, *including and* full-time media specialists and guidance counselors who serve students in ~~pre-kindergarten kindergarten~~ through grade 12 *who are funded through the Florida Education Finance Program*. A *job-share classroom teacher is defined as two teachers whose combined full-time equivalent employment for the same teaching assignment equals one full-time classroom teacher*. Only school district *and public charter school* personnel employed in these positions are eligible for the classroom materials and supply stipend from funds appropriated to implement the provisions of this section.

Section 2. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to the Florida Teachers Lead Program Stipend; amending s. 1012.71, F.S.; extending the stipend to teachers of pre-kindergarten students in public schools and public charter schools who are funded through the Florida Education Finance Program; providing an effective date.

Conference Committee Amendment (with title amendment)—
Delete everything after the enacting clause and insert:

Section 1. Paragraph (c) of subsection (2) of section 551.106, Florida Statutes, is amended to read:

551.106 License fee; tax rate; penalties.—

(2) TAX ON SLOT MACHINE REVENUES.—

(c)1. Funds transferred to the Educational Enhancement Trust Fund under paragraph (b) shall be used to supplement public education funding statewide and shall not be used for recurring appropriations.

2. If necessary to comply with any covenant established pursuant to s. 1013.68(4), s. 1013.70(1), or s. 1013.737(3), funds transferred to the Educational Enhancement Trust Fund under paragraph (b) shall first be available to pay debt service on lottery bonds issued to fund school construction in the event lottery revenues are insufficient for such purpose or to satisfy debt service reserve requirements established in connection with lottery bonds. Moneys available pursuant to this subparagraph are subject to annual appropriation by the Legislature.

Section 2. Subsection (5) of section 1003.03, Florida Statutes, is amended to read:

1003.03 Maximum class size.—

(5) TEAM-TEACHING STRATEGIES.—

(a) School districts may use teaching strategies that include the assignment of more than one teacher to a classroom of students and that were implemented before July 1, 2005. Effective July 1, 2005, school districts may implement additional teaching strategies that include the assignment of more than one teacher to a classroom of students for the following purposes only:

1. Pairing teachers for the purpose of staff development.
2. Pairing new teachers with veteran teachers.
3. Reducing turnover among new teachers.
4. Pairing teachers who are teaching out-of-field with teachers who are in-field.
5. Providing for more flexibility and innovation in the classroom.
6. Improving learning opportunities for students, including students who have disabilities.

(b) Teaching strategies, including team teaching, co-teaching, or inclusion teaching, implemented on or after July 1, 2005, pursuant to paragraph (a) may be implemented subject to the following restrictions:

1. Reasonable limits shall be placed on the number of students in a classroom so that classrooms are not overcrowded. Teacher-to-student ratios within a curriculum area or grade level must not exceed constitutional limits.

2. At least one member of the team must have at least 3 years of teaching experience.

3. At least one member of the team must be teaching in-field.

4. The teachers must be trained in team-teaching methods within 1 year after assignment.

(c) *As used in this subsection, the term:*

1. *“Team teaching” or “co-teaching” means two or more teachers are assigned to a group of students and each teacher is responsible for all of the students during the entire class period. In order to be considered team teaching or co-teaching, each teacher is responsible for planning, delivering, and evaluating instruction for all students in the class or subject for the entire class period.*

2. *“Inclusion teaching” means two or more teachers are assigned to a group of students, but one of the teachers is responsible for only one student or a small group of students in the classroom.*

The use of strategies implemented as outlined in this subsection meets the letter and intent of the Florida Constitution and the Florida Statutes which relate to implementing class-size reduction, and this subsection applies retroactively. A school district may not be penalized financially or otherwise as a result of the use of any legal strategy, including, but not limited to, those set forth in subsection (3) and this subsection.

Section 3. Paragraph (e) of subsection (1) of section 1011.62, Florida Statutes, is amended, present paragraphs (p), (q), (r), (s), and (t) of that subsection are redesignated as paragraphs (q), (r), (s), (t), and (u), respectively, a new paragraph (p) is added to that subsection, and paragraph (b) of subsection (6) and subsection (7) of that section are amended, to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

(e) Funding model for exceptional student education programs.—

1.a. The funding model uses basic, at-risk, support levels IV and V for exceptional students and career Florida Education Finance Program cost factors, and a guaranteed allocation for exceptional student education programs. Exceptional education cost factors are determined by using a matrix of services to document the services that each exceptional student will receive. The nature and intensity of the services indicated on the matrix shall be consistent with the services described in each exceptional student’s individual educational plan.

b. In order to generate funds using one of the two weighted cost factors, a matrix of services must be completed at the time of the student’s initial placement into an exceptional student education program and at least once every 3 years by personnel who have received approved training. Nothing listed in the matrix shall be construed as limiting the services a school district must provide in order to ensure that exceptional students are provided a free, appropriate public education.

c. Students identified as exceptional, in accordance with chapter 6A-6, Florida Administrative Code, who do not have a matrix of services as specified in sub-subparagraph b. shall generate funds on the basis of full-time-equivalent student membership in the Florida Education Finance Program at the same funding level per student as provided for basic students. Additional funds for these exceptional students will be provided through the guaranteed allocation designated in subparagraph 2.

2. For students identified as exceptional who do not have a matrix of services *and students who are gifted in grades K through 8*, there is

created a guaranteed allocation to provide these students with a free appropriate public education, in accordance with s. 1001.42(4)(m) and rules of the State Board of Education, which shall be allocated annually to each school district in the amount provided in the General Appropriations Act. These funds shall be in addition to the funds appropriated on the basis of FTE student membership in the Florida Education Finance Program, and the amount allocated for each school district shall not be recalculated during the year. These funds shall be used to provide special education and related services for exceptional students *and students who are gifted in grades K through 8. Beginning with the 2007-2008 fiscal year, a district’s expenditure of funds from the guaranteed allocation for students in grades 9 through 12 who are gifted may not be greater than the amount expended during the 2006-2007 fiscal year for gifted students in grades 9 through 12.*

(p) *Calculation of supplemental allocation for juvenile justice education programs.—Beginning with the 2007-2008 General Appropriations Act, the total K-12 weighted full-time equivalent student membership in juvenile justice education programs in each school district shall be multiplied by the amount of the state average class-size-reduction factor multiplied by the district’s cost differential. An amount equal to the sum of this calculation shall be allocated in the FEFP to each school district to supplement other sources of funding for students in juvenile justice education programs.*

(6) CATEGORICAL FUNDS.—

(b) If a district school board finds and declares in a resolution adopted at a regular meeting of the school board that the funds received for any of the following categorical appropriations are urgently needed to maintain school board specified academic classroom instruction, the school board may consider and approve an amendment to the school district operating budget transferring the identified amount of the categorical funds to the appropriate account for expenditure:

1. Funds for student transportation.

~~2. Funds for in-service educational personnel training.~~

~~2.3. Funds for safe schools.~~

~~4. Funds for public school technology.~~

~~3.5. Funds for supplemental academic instruction.~~

(7) DETERMINATION OF SPARSITY SUPPLEMENT.—

(a) Annually, in an amount to be determined by the Legislature through the General Appropriations Act, there shall be added to the basic amount for current operation of the FEFP qualified districts a sparsity supplement which shall be computed as follows:

$$\text{Sparsity Factor} = \frac{1101.8918}{2700 + \text{district sparsity index}} - 0.1101$$

except that districts with a sparsity index of 1,000 or less shall be computed as having a sparsity index of 1,000, and districts having a sparsity index of 7,308 and above shall be computed as having a sparsity factor of zero. A qualified district’s full-time equivalent student membership shall equal or be less than that prescribed annually by the Legislature in the appropriations act. The amount prescribed annually by the Legislature shall be no less than 17,000, but no more than 24,000.

(b) The district sparsity index shall be computed by dividing the total number of full-time equivalent students in all programs in the district by the number of senior high school centers in the district, not in excess of three, which centers are approved as permanent centers by a survey made by the Department of Education.

(c) *If the sparsity supplement calculated in paragraph (a) and paragraph (b) for an eligible district is less than \$100 per full-time equivalent student, the district’s supplement shall be increased to \$100 per FTE or to the minimum amount per FTE designated in the General Appropriations Act.*

(d)(e) Each district’s allocation of sparsity supplement funds shall be adjusted in the following manner:

1. A maximum discretionary levy per FTE value for each district shall be calculated by dividing the value of each district's maximum discretionary levy by its FTE student count.

2. A state average discretionary levy value per FTE shall be calculated by dividing the total maximum discretionary levy value for all districts by the state total FTE student count.

3. A total potential funds per FTE for each district shall be calculated by dividing the total potential funds, not including Florida School Recognition Program funds and the minimum guarantee, for each district by its FTE student count.

4. A state average total potential funds per FTE shall be calculated by dividing the total potential funds, not including Florida School Recognition Program funds and the minimum guarantee, for all districts by the state total FTE student count.

5. For districts that have a levy value per FTE as calculated in subparagraph 1. higher than the state average calculated in subparagraph 2., a sparsity wealth adjustment shall be calculated as the product of the difference between the state average levy value per FTE calculated in subparagraph 2. and the district's levy value per FTE calculated in subparagraph 1. and the district's FTE student count and -1. However, no district shall have a sparsity wealth adjustment that, when applied to the total potential funds calculated in subparagraph 3., would cause the district's total potential funds per FTE to be less than the state average calculated in subparagraph 4.

6. Each district's sparsity supplement allocation shall be calculated by adding the amount calculated as specified in paragraphs (a) and (b) and the wealth adjustment amount calculated in this paragraph.

Section 4. Paragraph (b) of subsection (5) of section 1011.71, Florida Statutes, is repealed.

Section 5. *Gifted student education.*—

(1) By December 1, 2007, the Office of Program Policy Analysis and Government Accountability shall submit a report to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Commissioner of Education on gifted services and programming provided to public school students in kindergarten through grade 12. The report shall include findings based on the following:

(a) A survey of each school district to identify:

1. The methods used to identify gifted students and the grade levels and number of schools using each method.

2. The number of gifted students identified under each of the methods specified under subparagraph 1. during the 2005-2006 and 2006-2007 school years.

3. Whether the district implements a plan under rule 6A-6.03019(2)(b), Florida Administrative Code, to increase the participation of students from underrepresented groups in gifted programming and the number of students by grade level who were identified as gifted under such a plan in the 2005-2006 and 2006-2007 school years.

4. The types of services and programming provided to gifted students according to grade level, the number of schools in which the services and programming are offered, and the number of students by grade level who received the services and programming during the 2005-2006 and 2006-2007 school years. Services and programming identified for high school students shall be limited to courses coded with state course code numbers identifying the courses as honors or gifted.

5. The amount of the exceptional student education guaranteed allocation expended by the district during the 2005-2006 and 2006-2007 school years for gifted services and programming according to each grade level and school within the district.

(b) An assessment of the advantages and disadvantages of current Florida law that classifies gifted students as exceptional students.

(c) A review of the practices of other states for identifying gifted students and for providing and funding gifted services and programming.

(2) The report shall include, but need not be limited to, a summary, discussion, and evaluation of the findings under subsection (1); recommendations for the improvement of gifted identification practices and services and programming provided to students in kindergarten through grade 12 who are gifted or otherwise academically talented; and proposed statutory changes to implement the report's recommendations.

Section 6. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to education; amending s. 551.106, F.S.; providing that certain funds transferred to the Educational Enhancement Trust Fund may be used for recurring appropriations; amending s. 1003.03, F.S.; defining the terms "team teaching," "co-teaching," and "inclusion teaching" for purposes of provisions authorizing the use of various teaching strategies in order to implement requirements for class-size reduction; amending s. 1011.62, F.S.; revising the funding model for exceptional student education programs to provide additional funds for students who are gifted in graded K through 8; providing a formula for calculating a supplemental allocation for juvenile justice education programs; deleting certain categorical appropriations that a district school board may, pursuant to resolution, transfer and use for academic classroom instruction; providing for an increase in a district's sparsity supplement under certain conditions; repealing s. 1011.71(5)(b), F.S., relating to obsolete provisions limiting certain uses of proceeds from the district school tax; requiring the Office of Program Policy Analysis and Government Accountability to submit a report relating to gifted student education to the Governor, the Legislature, and the Commissioner of Education; providing report requirements; providing an effective date.

CONFERENCE COMMITTEE REPORT ON CS for SB 1060

The Honorable Ken Pruitt
President of the Senate
May 1, 2007

The Honorable Marco Rubio
Speaker, House of Representatives

Dear Mr. President and Mr. Speaker:

Your Conference Committee on the disagreeing votes of the two houses on CS for SB 1060, same being:

An act relating to Educational Facilities; deletes provisions regarding distribution of proceeds from excise tax on documents to Public Education Capital Outlay and Debt Service Trust Fund; revises date by which distribution company must remit taxes on gross receipts from sale of utility services; prescribes life to be used for certain facilities in calculating distributions from such trust fund; clarifies those K-12 students on whose behalf distributions will be made from such trust fund.

Having met, and after full and free conference, do recommend to their respective houses as follows:

1. That the House recede from its Amendment 1.
2. That the Senate and House of Representatives adopt the Conference Committee Amendment attached hereto, and by reference made a part of this report.

Conference Committee Amendment (with title amendment)—
Delete everything after the enacting clause and insert:

Section 1. Paragraph (d) of subsection (1) of section 201.15, Florida Statutes, as amended by chapters 2005-92, 2006-1, 2006-185, and 2006-231, Laws of Florida, is amended to read:

201.15 Distribution of taxes collected.—All taxes collected under this chapter shall be distributed as follows and shall be subject to the service charge imposed in s. 215.20(1), except that such service charge shall not be levied against any portion of taxes pledged to debt service on bonds to the extent that the amount of the service charge is required to pay any amounts relating to the bonds:

(1) Sixty-two and sixty-three hundredths percent of the remaining taxes collected under this chapter shall be used for the following purposes:

(d) The remainder of the moneys distributed under this subsection, after the required payments under paragraphs (a), (b), and (c), shall be paid into the State Treasury to the credit of:

1. The State Transportation Trust Fund in the Department of Transportation in the amount of \$541.75 million in each fiscal year, to be paid in quarterly installments and used for the following specified purposes, notwithstanding any other law to the contrary:

a. For the purposes of capital funding for the New Starts Transit Program, authorized by Title 49, U.S.C. s. 5309 and specified in s. 341.051, 10 percent of these funds;

b. For the purposes of the Small County Outreach Program specified in s. 339.2818, 5 percent of these funds;

c. For the purposes of the Strategic Intermodal System specified in ss. 339.61, 339.62, 339.63, and 339.64, 75 percent of these funds after allocating for the New Starts Transit Program described in sub-subparagraph a. and the Small County Outreach Program described in sub-subparagraph b.; and

d. For the purposes of the Transportation Regional Incentive Program specified in s. 339.2819, 25 percent of these funds after allocating for the New Starts Transit Program described in sub-subparagraph a. and the Small County Outreach Program described in sub-subparagraph b.

2. The Water Protection and Sustainability Program Trust Fund in the Department of Environmental Protection in the amount of \$100 million in each fiscal year, to be paid in quarterly installments and used as required by s. 403.890.

~~3.—The Public Education Capital Outlay and Debt Service Trust Fund in the Department of Education in the amount of \$105 million in each fiscal year, to be paid in monthly installments with \$75 million used to fund the Classrooms for Kids Program created in s. 1013.735, and \$30 million to be used to fund the High Growth County District Capital Outlay Assistance Grant Program created in s. 1013.738. If required, new facilities constructed under the Classrooms for Kids Program must meet the requirements of s. 1013.372.~~

3.4. The Grants and Donations Trust Fund in the Department of Community Affairs in the amount of \$3.25 million in each fiscal year to be paid in monthly installments, with \$3 million to be used to fund technical assistance to local governments and school boards on the requirements and implementation of this act and \$250,000 to be used to fund the Century Commission established in s. 163.3247.

Moneys distributed pursuant to this paragraph may not be pledged for debt service unless such pledge is approved by referendum of the voters.

Section 2. Paragraph (c) of subsection (1) of section 203.01, Florida Statutes, is amended to read:

203.01 Tax on gross receipts for utility and communications services.—

(1)

(c)1. The tax shall be levied against the total amount of gross receipts received by a distribution company for its sale of utility services if the utility service is delivered to the retail consumer by a distribution company and the retail consumer pays the distribution company a charge for utility service which includes a charge for both the electricity and the transportation of electricity to the retail consumer. The distribution company shall report and remit to the Department of Revenue by the 20th last day of each month the taxes levied pursuant to this paragraph during the preceding month.

2. *To the extent practicable, the Department of Revenue must distribute all receipts of taxes remitted under this chapter to the Public Education Capital Outlay and Debt Service Trust Fund in the same month as the department collects such taxes.*

Section 3. Paragraph (a) of subsection (1), paragraph (a) of subsection (3), and subsection (7) of section 1013.64, Florida Statutes, are amended to read:

1013.64 Funds for comprehensive educational plant needs; construction cost maximums for school district capital projects.—Allocations from the Public Education Capital Outlay and Debt Service Trust Fund to the various boards for capital outlay projects shall be determined as follows:

(1)(a) Funds for remodeling, renovation, maintenance, repairs, and site improvement for existing satisfactory facilities shall be given priority consideration by the Legislature for appropriations allocated to the boards from the total amount of the Public Education Capital Outlay and Debt Service Trust Fund appropriated. These funds shall be calculated pursuant to the following basic formula: the building value times the building age over the sum of the years' digits assuming a 50-year building life. *For modular noncombustible facilities, a 35-year life shall be used, and for relocatable facilities, a 20-year life shall be used.* "Building value" is calculated by multiplying each building's total assignable square feet times the appropriate net-to-gross conversion rate found in state board rules and that product times the current average new construction cost. "Building age" is calculated by multiplying the prior year's building age times 1 minus the prior year's sum received from this subsection divided by the prior year's building value. To the net result shall be added the number 1. Each board shall receive the percentage generated by the preceding formula of the total amount appropriated for the purposes of this section.

(3)(a) Each district school board shall receive an amount from the Public Education Capital Outlay and Debt Service Trust Fund to be calculated by computing the capital outlay full-time equivalent membership as determined by the department. Such membership must include, but is not limited to:

1. K-12 students for whom the school district provides the educational facility, except hospital and homebound part-time students; and

2. Students who are career education students, and adult disabled students and who are enrolled in school district career centers. The capital outlay full-time equivalent membership shall be determined for kindergarten through the 12th grade and for career centers by averaging the unweighted full-time equivalent student membership for the second and third surveys and comparing the results on a school-by-school basis with the Florida Inventory for School Houses. The capital outlay full-time equivalent membership by grade level organization shall be used in making the following calculations: The capital outlay full-time equivalent membership by grade level organization for the 4th prior year must be used to compute the base-year allocation. The capital outlay full-time equivalent membership by grade-level organization for the prior year must be used to compute the growth over the highest of the 3 years preceding the prior year. From the total amount appropriated by the Legislature pursuant to this subsection, 40 percent shall be allocated

among the base capital outlay full-time equivalent membership and 60 percent among the growth capital outlay full-time equivalent membership. The allocation within each of these groups shall be prorated to the districts based upon each district's percentage of base and growth capital outlay full-time membership. The most recent 4-year capital outlay full-time equivalent membership data shall be used in each subsequent year's calculation for the allocation of funds pursuant to this subsection. If a change, correction, or recomputation of data during any year results in a reduction or increase of the calculated amount previously allocated to a district, the allocation to that district shall be adjusted correspondingly. If such recomputation results in an increase or decrease of the calculated amount, such additional or reduced amounts shall be added to or reduced from the district's future appropriations. However, no change, correction, or recomputation of data shall be made subsequent to 2 years following the initial annual allocation.

~~(7) Moneys distributed to the Public Education Capital Outlay and Debt Service Trust Fund pursuant to s. 201.15(1)(d) to fund the Classrooms for Kids Program created in s. 1013.735 and the High Growth County District Capital Outlay Assistance Grant Program created in s. 1013.738 shall be distributed as provided by those sections.~~

Section 4. Paragraph (a) of subsection (2) of section 1013.65, Florida Statutes, is amended to read:

1013.65 Educational and ancillary plant construction funds; Public Education Capital Outlay and Debt Service Trust Fund; allocation of funds.—

(2)(a) The Public Education Capital Outlay and Debt Service Trust Fund shall be comprised of the following sources, which are hereby appropriated to the trust fund:

1. Proceeds, premiums, and accrued interest from the sale of public education bonds and that portion of the revenues accruing from the gross receipts tax as provided by s. 9(a)(2), Art. XII of the State Constitution, as amended, interest on investments, and federal interest subsidies.

2. General revenue funds appropriated to the fund for educational capital outlay purposes.

3. All capital outlay funds previously appropriated and certified forward pursuant to s. 216.301.

~~4.a.—Funds paid pursuant to s. 201.15(1)(d).~~

~~b.—The sum of \$41.75 million of such funds shall be appropriated annually for expenditure to fund the Classrooms for Kids Program created in s. 1013.735 and shall be distributed as provided by that section.~~

Section 5. Subsection (4) of section 1013.738, Florida Statutes, is amended to read:

1013.738 High Growth District Capital Outlay Assistance Grant Program.—

~~(4) Moneys distributed to the Public Education Capital Outlay and Debt Service Trust Fund pursuant to s. 201.15(1)(d) for the High Growth District Capital Outlay Assistance Grant Program created in this section shall be distributed as provided by this section.~~

Section 6. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to educational facilities; amending s. 201.15, F.S.; deleting provisions relating to distribution of proceeds from the excise tax on documents to the Public Education Capital Outlay and Debt Service Trust Fund; amending s. 203.01, F.S.; revising the date by which a distribution company must remit taxes on gross receipts from the sale of utility services; prescribing an aspirational date for remission of gross receipts taxes to such trust fund; amending s. 1013.64, F.S.; prescribing the life to be used for certain facilities in calculating distributions from such trust fund; clarifying those K-12 students on whose behalf distributions will be made from such trust fund; deleting provisions relating to distributions from such trust fund for specified programs; amending s. 1013.65, F.S.; deleting reference to certain moneys paid into such trust fund and to moneys set aside for distribution to a

specified program; amending s. 1013.738, F.S.; deleting a provision relating to distributions from such trust fund for a specified program; providing an effective date.

CONFERENCE COMMITTEE REPORT ON CS for SB 1064

The Honorable Ken Pruitt May 1, 2007
President of the Senate

The Honorable Marco Rubio
Speaker, House of Representatives

Dear Mr. President and Mr. Speaker:

Your Conference Committee on the disagreeing votes of the two houses on CS for SB 1064, same being:

An act relating to Facility Enhancement Challenge Grant Programs; amends specified provision regarding Community College Facility Enhancement Challenge Grant Program; requires that project be approved by State Board of Education or Legislature; requires that unexpended private matching funds revert to direct-support organization capital facilities matching account of community college; provides for future termination of Alec P. Courtelis Capital Facilities Matching Trust Fund.

Having met, and after full and free conference, do recommend to their respective houses as follows:

1. That the House recede from its Amendment 1.
2. That the Senate and House of Representatives adopt the Conference Committee Amendment attached hereto, and by reference made a part of this report.

Conference Committee Amendment (with title amendment)—
Delete everything after the enacting clause and insert:

Section 1. Subsections (9) and (11) of section 1011.32, Florida Statutes, are amended to read:

1011.32 Community College Facility Enhancement Challenge Grant Program.—

(9) In order for a project to be eligible under this program, it must be survey recommended under the provisions of s. 1013.31 and included in the community college's 5-year capital improvement plan, and it must receive prior approval from the State Board of Education or the Legislature.

(11) Any *private matching project funds for a project which that* are unexpended after *the* a project is completed shall revert to the community college's direct-support organization capital facilities matching account. ~~Fifty percent of such unexpended funds shall be reserved for the community college which originally received the private contribution for the purpose of providing private matching funds for future facility construction projects as provided in this section.~~ The balance of any such unexpended *state matching funds* shall be returned to the *fund from which those funds were appropriated* ~~General Revenue Fund~~.

Section 2. Section 1013.79, Florida Statutes, is amended to read:

1013.79 University Facility Enhancement Challenge Grant Program.—

(1) The Legislature recognizes that the universities do not have sufficient physical facilities to meet the current demands of their instructional and research programs. It further recognizes that, to strengthen and enhance universities, it is necessary to provide facilities in addition to those currently available from existing revenue sources. It further recognizes that there are sources of private support that, if matched with state support, can assist in constructing much-needed facilities and strengthen the commitment of citizens and organizations in promoting excellence throughout the state universities. Therefore, it is the intent of the Legislature to establish a trust fund to provide the opportunity for each university to receive support for challenge grants for instructional and research-related capital facilities within the university.

(2) There is hereby established the Alec P. Courtelis University Facility Enhancement Challenge Grant Program for the purpose of assisting universities build high priority instructional and research-related capital facilities, including common areas connecting such facilities. The associated foundations that serve the universities shall solicit gifts from private sources to provide matching funds for capital facilities. For the purposes of this act, private sources of funds shall not include any federal, state, or local government funds that a university may receive.

(3)(a) There is established the Alec P. Courtelis Capital Facilities Matching Trust Fund *to facilitate for the purpose of providing matching funds from private contributions for the development of high priority instructional and research-related capital facilities, including common areas connecting such facilities, within a university. All appropriated funds deposited into the trust fund shall be invested pursuant to s. 17.61. Interest income accruing to that portion of the trust fund shall increase the total funds available for the challenge grant program.*

(b) Effective July 1, 2009, the Alec P. Courtelis Capital Facilities Matching Trust Fund is terminated.

(c) *The State Board of Education shall pay any outstanding debts and obligations of the terminated fund as soon as practicable, and the Chief Financial Officer shall close out and remove the terminated funds from various state accounting systems using generally accepted accounting principles concerning warrants outstanding, assets, and liabilities.*

(d) *By June 30, 2008, all private funds and associated interest earnings held in the Alec P. Courtelis Capital Facilities Matching Trust Fund shall be transferred to the originating university's individual program account.*

(4) *Each university shall establish, pursuant to s. 1011.42, a facilities matching grant program account as a depository for private contributions provided under this section. Once a project is under contract, funds appropriated as state matching funds may be transferred to the university's account once the Board of Governors certifies receipt of the private matching funds pursuant to subsection (5). State funds that are not needed as matching funds for the project for which appropriated shall be transferred, together with any accrued interest, back to the state fund from which such funds were appropriated. The transfer of unneeded state funds shall occur within 30 days after final completion of the project or within 30 days after a determination that the project will not be completed. The Legislature may appropriate funds to be transferred to the trust fund. The Public Education Capital Outlay and Debt Service Trust Fund or the, Capital Improvement Trust Fund, Division of Sponsored Research Trust Fund, and Contracts and Grants Trust Fund shall not be used as the source of the state match for private contributions. All appropriated funds deposited into the trust fund shall be invested pursuant to the provisions of s. 17.61. Interest income accruing to that portion of the trust fund shall increase the total funds available for the challenge*

~~grant program.~~ Interest income accruing from the private donations shall be returned to the participating foundation upon completion of the project. ~~The State Board of Education shall administer the trust fund and all related construction activities.~~

(5)(4) A ~~No~~ project *may not shall* be initiated unless all private funds for planning, construction, and equipping the facility have been received and deposited in the *separate university program account designated for this purpose trust fund* and the state's share for the minimum amount of funds needed to begin the project has been appropriated by the Legislature. *The Board of Governors shall establish a method for validating the receipt and deposit of private matching funds.* The Legislature may appropriate the state's matching funds in one or more fiscal years for the planning, construction, and equipping of an eligible facility. However, these requirements shall not preclude the university from expending available funds from private sources to develop a prospectus, including preliminary architectural schematics *or and/or* models, for use in its efforts to raise private funds for a facility. Additionally, any private sources of funds expended for this purpose are eligible for state matching funds should the project materialize as provided for in this section.

(6)(5) To be eligible to participate in the Alec P. Courtelis *University Facility Enhancement Challenge Grant Program Capital Facilities Matching Trust Fund*, a university shall raise a contribution equal to one-half of the total cost of a facilities construction project from private nongovernmental sources which shall be matched by a state appropriation equal to the amount raised for a facilities construction project subject to the General Appropriations Act.

(7)(6) If the state's share of the required match is insufficient to meet the requirements of subsection (6) (5), the university shall renegotiate the terms of the contribution with the donors. If the project is terminated, each private donation, plus accrued interest, reverts to the foundation for remittance to the donor.

(8)(7) By ~~October~~ ~~September~~ 1 of each year, the State Board of ~~Governors~~ ~~Education~~ shall transmit to the Legislature a list of projects *that which* meet all eligibility requirements to participate in the Alec P. Courtelis *University Facility Enhancement Challenge Grant Program Capital Facilities Matching Trust Fund* and a budget request *that which* includes the recommended schedule necessary to complete each project.

(9)(8) In order for a project to be eligible under this program, it must be included in the university 5-year capital improvement plan and must receive ~~prior~~ approval from the State Board of ~~Governors or Education~~ and the Legislature.

(10)(9) A ~~No~~ university's project *may not shall* be removed from the approved 3-year PECO priority list because of its successful participation in this program until approved by the Legislature and provided for in the General Appropriations Act. When such a project is completed and removed from the list, all other projects shall move up on the 3-year PECO priority list. A university shall not use PECO funds, including the Capital Improvement Trust Fund fee and the building fee, to complete a project under this section.

(10)—~~Any project funds that are unexpended after a project is completed shall revert to the Capital Facilities Matching Trust Fund. Fifty percent of such unexpended funds shall be reserved for the university which originally received the private contribution for the purpose of providing private matching funds for future facility construction projects as provided in this section. The balance of such unexpended funds shall be available to any state university for future facility construction projects conducted pursuant to this section.~~

(11) The surveys, architectural plans, facility, and equipment shall be the property of the State of Florida. A facility constructed pursuant to this section may be named in honor of a donor at the option of the university and the State Board of ~~Governors~~ ~~Education~~. No facility shall be named after a living person without prior approval by the Legislature.

Section 3. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to facility enhancement challenge grant programs; amending s. 1011.32, F.S., relating to the Community College

Facility Enhancement Challenge Grant Program; requiring that a project be approved by the State Board of Education or the Legislature; requiring that unexpended private matching funds revert to the direct-support organization capital facilities matching account of the community college; requiring that unexpended state matching funds revert to the trust fund from which the funds were appropriated; amending s. 1013.79, F.S., relating to the University Facility Enhancement Challenge Grant Program; providing for the future termination of the Alec P. Courtelis Capital Facilities Matching Trust Fund; prescribing procedures for terminating the trust fund; requiring each state university to establish a facilities matching grant program account for the deposit of private contributions; providing for the transfer of state funds with respect to the account; removing certain sources of state funds for use in matching private contributions; requiring the Board of Governors of the State University System to establish a method for validating the receipt and deposit of private matching funds; requiring the Board of Governors rather than the State Board of Education to approve projects under the Alec P. Courtelis University Facility Enhancement Challenge Grant Program; deleting provisions providing for the reversion of trust fund moneys to conform to changes made by the act; providing for the Board of Governors to approve the naming of a facility in honor of a donor; providing an effective date.

CONFERENCE COMMITTEE REPORT ON CS for SB 1088

The Honorable Ken Pruitt
President of the Senate

May 2, 2007

The Honorable Marco Rubio
Speaker, House of Representatives

Dear Mr. President and Mr. Speaker:

Your Conference Committee on the disagreeing votes of the two houses on CS for SB 1088 same being:

An act relating to due process; provides for offices of criminal conflict and civil regional counsel to be appointed to represent persons in certain cases in which public defender is unable to provide representation; provides for private counsel to be appointed only when public defender and regional counsel are unable to provide representation; creates office of criminal conflict and civil regional counsel within boundaries of each of five district courts of appeal, etc.

Having met, and after full and free conference, do recommend to their respective houses as follows:

1. That the House recede from its Amendment 1.
2. That the Senate and House of Representatives adopt the Conference Committee Amendment attached hereto, and by reference made a part of this report.

Conference Committee Amendment (with title amendment)—
Delete everything after the enacting clause and insert:

Section 1. Effective October 1, 2007, subsections (1), (2), (3), (7), and (9) of section 27.40, Florida Statutes, are amended to read:

27.40 Court-appointed counsel; circuit registries; minimum requirements; appointment by court.—

(1) Counsel shall be appointed to represent any individual in a criminal or civil proceeding entitled to court-appointed counsel under the Federal or State Constitution or as authorized by general law. The court shall appoint a public defender to represent indigent persons as authorized in s. 27.51. *The office of criminal conflict and civil regional counsel shall be appointed to represent persons in those cases in which provision is made for court-appointed counsel but the public defender is unable to provide representation due to a conflict of interest or is not authorized to provide representation.*

(2)(a) Private counsel shall be appointed to represent *persons indigents* in those cases in which provision is made for court-appointed counsel but the *office of criminal conflict and civil regional counsel public defender* is unable to provide representation due to a conflict of interest *or is not authorized to provide representation.*

(b)(2) Private counsel appointed by the court to provide representation shall be selected from a registry of individual attorneys *maintained under this section established by the circuit Article V indigent services committee or procured through a competitive bidding process.*

(3) In utilizing a registry:

(a) *The chief judge of the circuit* ~~Each circuit Article V indigent services committee shall compile and maintain a list of attorneys in private practice, by county and by category of cases and provide the list to the clerk of court in each county.~~ From October 1, 2005, through September 30, 2007, the list of attorneys compiled by the Eleventh Judicial Circuit shall provide the race, gender, and national origin of assigned attorneys. To be included on a registry, attorneys shall certify that they meet any minimum requirements established in general law for court appointment, are available to represent indigent defendants in cases requiring court appointment of private counsel, and are willing to abide by the terms of the contract for services. To be included on a registry, an attorney also must enter into a contract for services with the Justice Administrative Commission. Failure to comply with the terms of the contract for services may result in termination of the contract and removal from the registry. Each attorney on the registry shall be responsible for notifying ~~the clerk of the court circuit Article V indigent services committee~~ and the Justice Administrative Commission of any change in his or her status. Failure to comply with this requirement shall be cause for termination of the contract for services and removal from the registry until the requirement is fulfilled.

(b) The court shall appoint attorneys in rotating order in the order in which names appear on the applicable registry, unless the court makes a finding of good cause on the record for appointing an attorney out of order. *The clerk of court shall maintain the registry and provide to the court the name of the attorney for appointment.* An attorney not appointed in the order in which his or her name appears on the list shall remain next in order.

(c) ~~If it finds the number of attorneys on the registry in a county or circuit for a particular category of cases is inadequate, the circuit Article V indigent services committee shall notify the chief judge of the particular circuit in writing. The chief judge shall provide to the clerk of court submit~~ the names of at least three private attorneys *who have with* relevant experience. The clerk of court shall send an application to each of these attorneys to register for appointment.

(d) Quarterly, each *chief judge circuit Article V indigent services committee* shall provide a current copy of each registry to the Chief Justice of the Supreme Court, ~~the chief judge,~~ the state attorney and public defender in each judicial circuit, *the office of criminal conflict and civil regional counsel,* the clerk of court in each county, and the Justice

Administrative Commission, ~~and the Indigent Services Advisory Board.~~ From October 1, 2005, through September 30, 2007, the report submitted by the Eleventh Judicial Circuit shall include the race, gender, and national origin of all attorneys listed in and appointed under the registry.

(7)(a) ~~A private An~~ attorney appointed by the court from the registry to represent a ~~defendant or other client~~ is entitled to payment *as provided in pursuant to s. 27.5304. An attorney appointed by the court who is not on the registry list may be compensated under s. 27.5304 if the court finds in the order of appointment that there were no registry attorneys available for representation for that case., only upon full performance by the attorney of specified duties, approval of payment by the court, except for payment based on a flat fee per case as provided in s. 27.5304; and attorney submission of a payment request to the Justice Administrative Commission. Upon being permitted to withdraw from a case, a court-appointed attorney shall submit a copy of the order to the Justice Administrative Commission at the time it is issued by the court. If an attorney is permitted to withdraw or is otherwise removed from representation prior to full performance of the duties specified in this section for reasons other than breach of duty, the trial court shall approve payment of attorney's fees and costs for work performed in an amount not to exceed the amounts specified in s. 27.5304. Withdrawal from a case prior to full performance of the duties specified shall create a rebuttable presumption that the attorney is not entitled to the entire flat fee for those cases paid on a flat fee per case basis.*

(b) The attorney shall maintain appropriate documentation, including ~~contemporaneous a current~~ and detailed hourly accounting of time spent representing the ~~defendant or other client.~~ *If the attorney fails to maintain such contemporaneous and detailed hourly records, the attorney waives the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act.* These records and documents are subject to review by the Justice Administrative Commission, subject to the attorney-client privilege and work product privilege.

(9) ~~A circuit Article V indigent services committee or~~ Any interested person may advise the court of any circumstance affecting the quality of representation, including, but not limited to, false or fraudulent billing, misconduct, failure to meet continuing legal education requirements, solicitation to receive compensation from the ~~defendant or other client~~ the attorney is appointed to represent, or failure to file appropriate motions in a timely manner.

(10) *The attorney shall provide information in the form specified by the Justice Administrative Commission pursuant to s. 27.405, subject to the attorney-client privilege and work product privilege.*

Section 2. Effective October 1, 2007, section 27.405, Florida Statutes, is created to read:

27.405 Court-appointed counsel; Justice Administrative Commission tracking and reporting.—

(1) *The Justice Administrative Commission shall separately track expenditures and performance measures for private court-appointed counsel for the each of the categories of criminal or civil cases in which private counsel may be appointed.*

(2) *The commission shall prepare and issue on a quarterly basis a statewide report comparing actual year-to-date expenditures to budget amounts for each of the judicial circuits. The commission shall prepare and issue on an annual basis a statewide report comparing performance measures for each of the judicial circuits. The commission shall distribute copies of the quarterly and annual reports to the Governor, the Chief Justice of the Supreme Court, the President of the Senate, and the Speaker of the House of Representatives.*

(3) *From October 1, 2005, through September 30, 2007, the commission shall also track and issue a report on the race, gender, and national origin of private court-appointed counsel for the Eleventh Judicial Circuit.*

Section 3. Effective October 1, 2007, section 27.425, Florida Statutes, is created to read:

27.425 Due process service rates; responsibilities of chief judge.—

(1) The chief judge of each circuit shall recommend compensation rates for state-funded due process service providers in cases in which the court has appointed private counsel or declared a person indigent for costs. For purposes of this section, due process compensation rates do not include attorney's fees for legal representation of the client.

(2) Annually, the chief judge shall submit proposed due process compensation rates to the Office of the State Courts Administrator for inclusion in the legislative budget request for the state courts system.

(3) The maximum rates shall be specified annually in the General Appropriations Act. For the 2007-2008 fiscal year, the maximum rates shall be the rates in effect on June 30, 2007.

(4) The total amount expended for providers of due process services in eligible cases may not exceed the amount budgeted in the General Appropriations Act for the particular due process service.

Section 4. Section 27.511, Florida Statutes, is created to read:

27.511 Offices of criminal conflict and civil regional counsel; legislative intent; qualifications; appointment; duties.—

(1) It is the intent of the Legislature to provide adequate representation to persons entitled to court-appointed counsel under the Federal or State Constitution or as authorized by general law. It is the further intent of the Legislature to provide adequate representation in a fiscally sound manner, while safeguarding constitutional principles. Therefore, an office of criminal conflict and civil regional counsel is created within the geographic boundaries of each of the five district courts of appeal. The regional counsel shall be appointed as set forth in subsection (3) for each of the five regional offices. The offices shall commence fulfilling their constitutional and statutory purpose and duties on October 1, 2007.

(2) Each office of criminal conflict and civil regional counsel shall be assigned to the Justice Administrative Commission for administrative purposes. The commission shall provide administrative support and service to the offices to the extent requested by each regional counsel within the available resources of the commission. The regional counsel and the offices are not subject to control, supervision, or direction by the commission in the performance of their duties, but the employees of the offices shall be governed by the classification plan and the salary and benefits plan for the commission.

(3) Each regional counsel must be, and must have been for the preceding 5 years, a member in good standing of The Florida Bar or a similar organization in another state. Each regional counsel shall be appointed by the Governor and is subject to confirmation by the Senate. The Supreme Court Judicial Nominating Commission shall recommend to the Governor three qualified candidates for appointment to each of the five regional counsel positions. The Governor shall appoint the regional counsel for the five regions from among the recommendations, or, if it is in the best interest of the fair administration of justice, the Governor may reject the nominations and request that the Supreme Court Judicial Nominating Commission submit three new nominees. The regional counsel shall be appointed to a term of 4 years, the first term beginning on July 1, 2007. Vacancies shall be filled in the same manner as appointments.

(4) Each regional counsel shall serve on a full-time basis and may not engage in the private practice of law while holding office. Assistant regional counsel shall give priority and preference to their duties as assistant regional counsel and may not otherwise engage in the practice of criminal law or in civil proceedings for which the state compensates attorneys for representation.

(5) Effective October 1, 2007, when the Office of the Public Defender, at any time during the representation of two or more defendants, determines that the interests of those accused are so adverse or hostile that they cannot all be counseled by the public defender or his or her staff without a conflict of interest, or that none can be counseled by the public defender or his or her staff because of a conflict of interest, and the court grants the public defender's motion to withdraw, the office of criminal conflict and civil regional counsel shall be appointed and shall provide legal services, without additional compensation, to any person determined to be indigent under s. 27.52, who is:

- (a) Under arrest for, or charged with, a felony;
- (b) Under arrest for, or charged with:

1. A misdemeanor authorized for prosecution by the state attorney;
2. A violation of chapter 316 punishable by imprisonment;
3. Criminal contempt; or

4. A violation of a special law or county or municipal ordinance ancillary to a state charge, or if not ancillary to a state charge, only if the office of criminal conflict and civil regional counsel contracts with the county or municipality to provide representation pursuant to ss. 27.54 and 125.69.

The office of criminal conflict and civil regional counsel may not provide representation pursuant to this paragraph if the court, prior to trial, files in the cause an order of no imprisonment as provided in s. 27.512;

(c) Alleged to be a delinquent child pursuant to a petition filed before a circuit court;

(d) Sought by petition filed in such court to be involuntarily placed as a mentally ill person under part I of chapter 394, involuntarily committed as a sexually violent predator under part V of chapter 394, or involuntarily admitted to residential services as a person with developmental disabilities under chapter 393;

(e) Convicted and sentenced to death, for purposes of handling an appeal to the Supreme Court; or

(f) Is appealing a matter in a case arising under paragraphs (a)-(d).

(6)(a) Effective October 1, 2007, the office of criminal conflict and civil regional counsel has primary responsibility for representing persons entitled to court-appointed counsel under the Federal or State Constitution or as authorized by general law in civil proceedings, including, but not limited to, proceedings under s. 393.12 and chapters 39, 390, 392, 397, 415, 743, 744, and 984.

(b) If constitutional principles or general law provide for court-appointed counsel in civil proceedings, the court shall first appoint the regional counsel unless general law specifically provides for appointment of the public defender, in which case the court shall appoint the regional counsel if the public defender has a conflict of interest.

(c) Notwithstanding paragraph (b) or any provision of chapter 744 to the contrary, when chapter 744 provides for appointment of counsel, the court, in consultation with the clerk of court and prior to appointing counsel, shall determine, if possible, whether the person entitled to representation is indigent, using the best available evidence.

1. If the person is indigent, the court shall appoint the regional counsel. If at any time after appointment the regional counsel determines that the person is not indigent and that there are sufficient assets available for the payment of legal representation under s. 744.108, the regional counsel shall move the court to reassign the case to a private attorney.

2. If the person is not indigent or if the court and the clerk are not able to determine whether the person is indigent at the time of appointment, the court shall appoint a private attorney. If at any time after appointment the private attorney determines that the person is indigent and that there are not sufficient assets available for the payment of legal representation under s. 744.108, the private attorney shall move the court to reassign the case to the regional counsel. When a case is reassigned, the private attorney may seek compensation from the Justice Administrative Commission for representation not recoverable from any assets of the person in an amount approved by the court as a pro rata portion of the compensation limits prescribed in the General Appropriations Act.

(d) The regional counsel may not represent any plaintiff in a civil action brought under the Florida Rules of Civil Procedure, the Federal Rules of Civil Procedure, or federal statutes, and may not represent a petitioner in a rule challenge under chapter 120, unless specifically authorized by law.

(7) The court may not appoint the office of criminal conflict and civil regional counsel to represent, even on a temporary basis, any person who is not indigent, except to the extent that appointment of counsel is specifically provided for in chapters 390, 394, 415, 743, and 744 without regard to the indigent status of the person entitled to representation.

(8) *The office of criminal conflict and civil regional counsel shall handle all circuit court appeals within the state courts system and any authorized appeals to the federal courts which are required in cases in which the office of criminal conflict and civil regional counsel is appointed under this section.*

(9) *When direct appellate proceedings prosecuted by the office of criminal conflict and civil regional counsel on behalf of an accused and challenging a judgment of conviction and sentence of death terminate in an affirmation of such conviction and sentence, whether by the Supreme Court or by the United States Supreme Court or by expiration of any deadline for filing such appeal in a state or federal court, the office of criminal conflict and civil regional counsel shall notify the accused of his or her rights pursuant to Rule 3.850, Florida Rules of Criminal Procedure, including any time limits pertinent thereto, and shall advise such person that representation in any collateral proceedings is the responsibility of the capital collateral regional counsel. The office of criminal conflict and civil regional counsel shall forward all original files on the matter to the capital collateral regional counsel, retaining such copies for his or her files as may be desired or required by law. However, the trial court shall retain the power to appoint the office of criminal conflict and civil regional counsel or other attorney not employed by the capital collateral regional counsel to represent such person in proceedings for relief by executive clemency pursuant to ss. 27.40 and 27.5303.*

Section 5. Effective July 1, 2007, subsection (1) of section 27.512, Florida Statutes, is amended to read:

27.512 Order of no imprisonment.—

(1) In each case in which the court determines that it will not sentence the defendant to imprisonment if convicted, the court shall issue an order of no imprisonment and the court may not appoint the public defender or other counsel to represent the defendant. If the court issues an order of no imprisonment following the appointment of the public defender or other counsel, the court shall immediately terminate the appointed counsel's public defender's services. However, if at any time the court withdraws the order of no imprisonment with respect to an indigent defendant, the court shall appoint the public defender to represent the defendant.

Section 6. Effective October 1, 2007, subsections (2), (3), (4), (5), (6), and (7) of section 27.52, Florida Statutes, are amended to read:

27.52 Determination of indigent status.—

(2) DETERMINATION BY THE CLERK.—The clerk of the court shall determine whether an applicant seeking appointment of a public defender is indigent based upon the information provided in the application and the criteria prescribed in this subsection.

(a)1. An applicant, including an applicant who is a minor or an adult tax-dependent person, is indigent if the applicant's income is equal to or below 200 percent of the then-current federal poverty guidelines prescribed for the size of the household of the applicant by the United States Department of Health and Human Services or if the person is receiving Temporary Assistance for Needy Families-Cash Assistance, poverty-related veterans' benefits, or Supplemental Security Income (SSI).

2. There is a presumption that the applicant is not indigent if the applicant owns, or has equity in, any intangible or tangible personal property or real property or the expectancy of an interest in any such property having a net equity value of \$2,500 or more, excluding the value of the person's homestead and one vehicle having a net value not exceeding \$5,000.

(b) Based upon its review, the clerk shall make one of the following determinations:

1. The applicant is not indigent.
2. The applicant is indigent.

(c)1. If the clerk determines that the applicant is indigent, the clerk shall submit the determination to the office of the public defender and immediately file the determination in the case file.

2. If the public defender is unable to provide representation due to a conflict pursuant to s. 27.5303, the public defender shall move the

court for withdrawal from representation and appointment of the office of criminal conflict and civil regional private counsel.

(d) The duty of the clerk in determining whether an applicant is indigent shall be limited to receiving the application and comparing the information provided in the application to the criteria prescribed in this subsection. The determination of indigent status is a ministerial act of the clerk and not a decision based on further investigation or the exercise of independent judgment by the clerk. The clerk may contract with third parties to perform functions assigned to the clerk under this section.

(e) The applicant may seek review of the clerk's determination that the applicant is not indigent in the court having jurisdiction over the matter at the next scheduled hearing. If the applicant seeks review of the clerk's determination of indigent status, the court shall make a final determination as provided in subsection (4).

(3) APPOINTMENT OF COUNSEL ON INTERIM BASIS.—If the clerk of the court has not made a determination of indigent status at the time a person requests appointment of a public defender, the court shall make a preliminary determination of indigent status, pending further review by the clerk, and may, by court order, appoint a public defender, the office of criminal conflict and civil regional counsel, or private counsel on an interim basis.

(4) REVIEW OF CLERK'S DETERMINATION.—

(a) If the clerk of the court determines that the applicant is not indigent, and the applicant seeks review of the clerk's determination, the court shall make a final determination of indigent status by reviewing the information provided in the application against the criteria prescribed in subsection (2) and by considering the following additional factors:

1. Whether the applicant has been released on bail in an amount of \$5,000 or more.
2. Whether a bond has been posted, the type of bond, and who paid the bond.
3. Whether paying for private counsel in an amount that exceeds the limitations in s. 27.5304, or other due process services creates a substantial hardship for the applicant or the applicant's family.
4. Any other relevant financial circumstances of the applicant or the applicant's family.

(b) Based upon its review, the court shall make one of the following determinations and, if the applicant is indigent, shall appoint a public defender, the office of criminal conflict and civil regional counsel, or, if appropriate, private counsel:

1. The applicant is not indigent.
2. The applicant is indigent.

(5) INDIGENT FOR COSTS.—A person who is eligible to be represented by a public defender under s. 27.51 but who is represented by private counsel not appointed by the court for a reasonable fee as approved by the court, on a pro bono basis, or who is proceeding pro se, may move the court for a determination that he or she is indigent for costs and eligible for the provision of due process services, as prescribed by ss. 29.006 and 29.007, funded by the state.

(a) The person must submit to the court:

1. The completed application prescribed in subsection (1).
2. In the case of a person represented by counsel, an affidavit attesting to the estimated amount of attorney's fees and the source of payment for these fees.

(b) In reviewing the motion, the court shall consider:

1. Whether the applicant applied for a determination of indigent status under subsection (1) and the outcome of such application.
2. The extent to which the person's income equals or exceeds the income criteria prescribed in subsection (2).

3. The additional factors prescribed in subsection (4).
4. Whether the applicant is proceeding pro se.
5. When the applicant retained private counsel.
6. The amount of any attorney's fees and who is paying the fees.

(c) Based upon its review, the court shall make one of the following determinations:

1. The applicant is not indigent for costs.
2. The applicant is indigent for costs.

(d) The provision of due process services based upon a determination that a person is indigent for costs under this subsection must be effectuated pursuant to a court order, a copy of which the clerk shall provide to counsel representing the person, or to the person directly if he or she is proceeding pro se, for use in requesting payment of due process expenses through the Justice Administrative Commission. *Private* counsel representing a person declared indigent for costs shall execute the Justice Administrative Commission's contract for counsel representing persons determined to be indigent for costs.

(6) DUTIES OF PARENT OR LEGAL GUARDIAN.—A nonindigent parent or legal guardian of an applicant who is a minor or an adult tax-dependent person shall furnish the minor or adult tax-dependent person with the necessary legal services and costs incident to a delinquency proceeding or, upon transfer of such person for criminal prosecution as an adult pursuant to chapter 985, a criminal prosecution in which the person has a right to legal counsel under the Constitution of the United States or the Constitution of the State of Florida. The failure of a parent or legal guardian to furnish legal services and costs under this section does not bar the appointment of legal counsel pursuant to this section, s. 27.40, or s. 27.5303. When the public defender, *the office of criminal conflict and civil regional counsel*, a private court-appointed conflict counsel, or a private attorney is appointed to represent a minor or an adult tax-dependent person in any proceeding in circuit court or in a criminal proceeding in any other court, the parents or the legal guardian shall be liable for payment of the fees, charges, and costs of the representation even if the person is a minor being tried as an adult. Liability for the fees, charges, and costs of the representation shall be imposed in the form of a lien against the property of the nonindigent parents or legal guardian of the minor or adult tax-dependent person. The lien is enforceable as provided in s. 27.561 or s. 938.29.

(7) FINANCIAL DISCREPANCIES; FRAUD; FALSE INFORMATION.—

(a) If the court learns of discrepancies between the application or motion and the actual financial status of the person found to be indigent or indigent for costs, the court shall determine whether the public defender, *office of criminal conflict and civil regional counsel*, or private attorney shall continue representation or whether the authorization for any other due process services previously authorized shall be revoked. The person may be heard regarding the information learned by the court. If the court, based on the information, determines that the person is not indigent or indigent for costs, the court shall order the public defender, *office of criminal conflict and civil regional counsel*, or private attorney to discontinue representation and revoke the provision of any other authorized due process services.

(b) If the court has reason to believe that any applicant, through fraud or misrepresentation, was improperly determined to be indigent or indigent for costs, the matter shall be referred to the state attorney. Twenty-five percent of any amount recovered by the state attorney as reasonable value of the services rendered, including fees, charges, and costs paid by the state on the person's behalf, shall be remitted to the Department of Revenue for deposit into the Grants and Donations Trust Fund within the Justice Administrative Commission. Seventy-five percent of any amount recovered shall be remitted to the Department of Revenue for deposit into the General Revenue Fund.

(c) A person who knowingly provides false information to the clerk or the court in seeking a determination of indigent status under this section commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 7. Effective July 1, 2007, section 27.525, Florida Statutes, is amended to read:

27.525 Indigent Criminal Defense Trust Fund.—The Indigent Criminal Defense Trust Fund is hereby created, to be administered by the Justice Administrative Commission. Funds shall be credited to the trust fund as provided in s. 27.52, to be used for the purposes of *indigent criminal defense as appropriated by the Legislature to the public defender or the office of criminal conflict and civil regional counsel set forth therein*. The Justice Administrative Commission shall account for these funds on a circuit basis, and appropriations from the fund shall be proportional to each circuit's collections.

Section 8. Effective July 1, 2007, subsections (4) and (5) are added to section 27.53, Florida Statutes, to read:

27.53 Appointment of assistants and other staff; method of payment.—

(4) *The five criminal conflict and civil regional counsel may employ and establish, in the numbers authorized by the General Appropriations Act, assistant regional counsel and other staff and personnel in each judicial district pursuant to s. 29.006, who shall be paid from funds appropriated for that purpose. Notwithstanding s. 790.01, s. 790.02, or s. 790.25(2)(a), an investigator employed by an office of criminal conflict and civil regional counsel, while actually carrying out official duties, is authorized to carry concealed weapons if the investigator complies with s. 790.25(3)(o). However, such investigators are not eligible for membership in the Special Risk Class of the Florida Retirement System. The five regional counsel shall jointly develop recommended modifications to the classification plan and the salary and benefits plan for the Justice Administrative Commission. The recommendations shall be submitted to the commission, the office of the President of the Senate, and the office of the Speaker of the House of Representatives by September 15, 2007, for the regional offices' initial establishment and before January 1 of each year thereafter. Such recommendations shall be developed in accordance with policies and procedures of the Executive Office of the Governor established in s. 216.181. Each assistant regional counsel appointed by the regional counsel under this section shall serve at the pleasure of the regional counsel. Each investigator employed by the regional counsel shall have full authority to serve any witness subpoena or court order issued by any court or judge in a criminal case in which the regional counsel has been appointed to represent the accused.*

(5) *The appropriations for the offices of criminal conflict and civil regional counsel shall be determined by a funding formula and other factors that are considered appropriate in a manner to be determined by this section and the General Appropriations Act.*

Section 9. Effective July 1, 2007, section 27.5301, Florida Statutes, is amended to read:

27.5301 Salaries of public defenders, and assistant public defenders, *criminal conflict and civil regional counsel, and assistant regional counsel*.—

(1) The salaries of public defenders shall be as provided in the General Appropriations Act and shall be paid in equal monthly installments.

(2) The salary for each assistant public defender shall be set by the public defender of the same judicial circuit in an amount not to exceed 100 percent of that public defender's salary and shall be paid from funds appropriated for that purpose. Assistant public defenders who serve in less than a full-time capacity shall be compensated for services performed in an amount to be in proportion to the salary allowed for full-time services.

(3) *The salary of the criminal conflict and civil regional counsel shall be as provided in the General Appropriations Act and shall be paid in equal monthly installments.*

(4) *The salary for each assistant regional counsel shall be set by the regional counsel in an amount not to exceed 100 percent of the regional counsel's salary and shall be paid from funds appropriated for that purpose. Assistant regional counsel who serve in less than a full-time capacity shall be compensated for services performed in an amount that is in proportion to the salary allowed for full-time services.*

Section 10. Effective October 1, 2007, section 27.5303, Florida Statutes, is amended to read:

27.5303 Public defenders; *criminal conflict and civil regional counsel*; conflict of interest.—

(1)(a) If, at any time during the representation of two or more defendants, a public defender determines that the interests of those accused are so adverse or hostile that they cannot all be counseled by the public defender or his or her staff without conflict of interest, or that none can be counseled by the public defender or his or her staff because of a conflict of interest, then the public defender shall file a motion to withdraw and move the court to appoint other counsel. ~~If requested by the Justice Administrative Commission, the public defender shall submit a copy of the motion to the Justice Administrative Commission at the time it is filed with the court. The Justice Administrative Commission shall have standing to appear before the court to contest any motion to withdraw due to a conflict of interest. The Justice Administrative Commission may contract with other public or private entities or individuals to appear before the court for the purpose of contesting any motion to withdraw due to a conflict of interest.~~ The court shall review and may inquire or conduct a hearing into the adequacy of the public defender's representations regarding a conflict of interest without requiring the disclosure of any confidential communications. The court shall deny the motion to withdraw if the court finds the grounds for withdrawal are insufficient or the asserted conflict is not prejudicial to the indigent client. If the court grants the motion to withdraw, the court shall appoint one or more attorneys to represent the accused, *as provided in s. 27.40. The public defender shall submit to the Justice Administrative Commission a copy of the order granting the motion to withdraw within 30 days after the motion is granted. The commission shall report quarterly to the Governor, the President of the Senate, and the Speaker of the House of Representatives on the number of orders granting motions to withdraw for each circuit.*

(b) *If, at any time during the representation of two or more persons in a criminal or civil proceeding, a criminal conflict and civil regional counsel determines that the interests of those clients are so adverse or hostile that they cannot all be counseled by the regional counsel or his or her staff without conflict of interest, or that none can be counseled by the regional counsel or his or her staff because of a conflict of interest, the regional counsel shall file a motion to withdraw and move the court to appoint other counsel. If requested by the Justice Administrative Commission, the regional counsel shall submit a copy of the motion to the Justice Administrative Commission at the time it is filed with the court. The court shall review and may inquire or conduct a hearing into the adequacy of the regional counsel's representations regarding a conflict of interest without requiring the disclosure of any confidential communications. The court shall deny the motion to withdraw if the court finds the grounds for withdrawal are insufficient or the asserted conflict is not prejudicial to the client. If the court grants the motion to withdraw, the court shall appoint one or more private attorneys to represent the person as provided in s. 27.40. The clerk of court shall inform the regional office and the commission when the court appoints private counsel.*

(c)(b) Upon its own motion, the court shall appoint such other counsel when the facts developed upon the face of the record and court files in the case disclose a conflict of interest. ~~The clerk of court shall advise the appropriate public defender or criminal conflict and civil regional counsel and clerk of court, in writing, with an electronic copy to the Justice Administrative Commission, if so requested by the Justice Administrative Commission, when the court makes the motion and appoints appointing one or more attorneys to represent the accused. The court shall specify the basis for the conflict.~~

(d)(e) In no case shall the court approve a withdrawal by the public defender or *criminal conflict and civil regional counsel* based solely upon inadequacy of funding or excess workload of the public defender or *regional counsel*.

(e)(d) In determining whether or not there is a conflict of interest, the public defender or *regional counsel* shall apply the standards contained in the Uniform Standards for Use in Conflict of Interest Cases found in appendix C to the Final Report of the Article V Indigent Services Advisory Board dated January 6, 2004. *Before a motion to withdraw is filed under this section, the public defender or regional counsel serving the circuit, or his or her designee, must:*

1. *Determine if there is a viable alternative to withdrawal from representation which would remedy the conflict of interest and, if it exists, implement that alternative; and*

2. *Approve in writing the filing of the motion to withdraw.*

(2) The court shall appoint conflict counsel pursuant to s. 27.40, *first appointing the office of criminal conflict and civil regional counsel and, if the office is found to have a conflict, appointing private counsel.* The appointed *private* attorney may not be affiliated with the public defender, or any assistant public defender, *the regional counsel, or any assistant regional counsel* in his or her official capacity or any other private attorney appointed to represent a codefendant. The public defender or *regional counsel* may not participate in case-related decisions, performance evaluations, or expense determinations in conflict cases.

(3) Private court-appointed counsel shall be compensated as provided in s. 27.5304.

(4)(a) If a defendant is convicted and the death sentence is imposed, the appointed attorney shall continue representation through appeal to the Supreme Court. The attorney shall be compensated as provided in s. 27.5304. If the attorney first appointed is unable to handle the appeal, the court shall appoint another attorney and that attorney shall be compensated as provided in s. 27.5304.

(b) The public defender or an attorney appointed pursuant to this section may be appointed by the court rendering the judgment imposing the death penalty to represent an indigent defendant who has applied for executive clemency as relief from the execution of the judgment imposing the death penalty.

(c) When the appointed attorney in a capital case has completed the duties imposed by this section, the attorney shall file a written report in the trial court stating the duties performed by the attorney and apply for discharge.

Section 11. Section 27.5304, Florida Statutes, is amended to read:

27.5304 Private court-appointed counsel; compensation.—

(1) Private court-appointed counsel shall be compensated by the Justice Administrative Commission ~~as provided in an amount not to exceed the fee limits established in this section and the General Appropriations Act. The flat fees prescribed in this section are limitations on compensation. The specific flat fee amounts for compensation shall be established annually in the General Appropriations Act.~~ The attorney also shall be reimbursed for reasonable and necessary expenses in accordance with s. 29.007. If the attorney is representing a defendant charged with more than one offense in the same case, the attorney shall be compensated at the rate provided for the most serious offense for which he or she represented the defendant. This section does not allow stacking of the fee limits established by this section. ~~Private court-appointed counsel providing representation under an alternative model shall enter into a uniform contract with the Justice Administrative Commission and shall use the Justice Administrative Commission's uniform procedures and forms in support of billing for attorney's fees, costs, and related expenses. Failure to comply with the terms of the contract for services may result in termination of the contract.~~

(2) The Justice Administrative Commission shall review an intended billing by private court-appointed counsel for attorney's fees based on a flat fee per case for completeness and compliance with contractual ~~and~~ statutory, ~~and circuit Article V indigent services committee~~ requirements. The commission may approve the intended bill for a flat fee per case for payment without approval by the court if the intended billing is correct. ~~An intended billing that seeks compensation for any amount exceeding the flat fee established for a particular type of representation, as prescribed in the General Appropriations Act, shall comply with subsections (11) and (12). For all other intended billings, prior to filing a motion for an order approving payment of attorney's fees, costs, or related expenses, the private court-appointed counsel shall deliver a copy of the intended billing, together with supporting affidavits and all other necessary documentation, to the Justice Administrative Commission. The Justice Administrative Commission shall review the billings, affidavit, and documentation for completeness and compliance with contractual and statutory requirements. If the Justice Administrative Commission objects to any portion of the proposed billing, the objection and reasons therefor shall be communicated to the private court-appointed counsel. The private court-appointed counsel may thereafter file his or her motion for order approving payment of attorney's fees, costs, or related expenses together with supporting affidavits and all other necessary documentation. The motion must specify whether the Justice Ad-~~

ministrative Commission objects to any portion of the billing or the sufficiency of documentation and shall attach the Justice Administrative Commission's letter stating its objection. The attorney shall have the burden to prove the entitlement to attorney's fees, costs, or related expenses. A copy of the motion and attachments shall be served on the Justice Administrative Commission at least 5 business days prior to the date of a hearing. The Justice Administrative Commission shall have standing to appear before the court to contest any motion for order approving payment of attorney's fees, costs, or related expenses and may participate in a hearing on the motion by use of telephonic or other communication equipment unless ordered otherwise. The Justice Administrative Commission may contract with other public or private entities or individuals to appear before the court for the purpose of contesting any motion for order approving payment of attorney's fees, costs, or related expenses. The fact that the Justice Administrative Commission has not objected to any portion of the billing or to the sufficiency of the documentation is not binding on the court.

(3) The court retains primary authority and responsibility for determining the reasonableness of all billings for attorney's fees, costs, and related expenses, subject to statutory limitations. Private court-appointed counsel is entitled to compensation upon final disposition of a case, except as provided in subsections (7), (8), and (10).

(4) The attorney shall submit a bill for attorney's fees, costs, and related expenses within 90 days after the disposition of the case at the lower court level, notwithstanding any appeals. The Justice Administrative Commission shall provide by contract with the attorney for imposition of a penalty of 15 percent of the allowable attorney's fees, costs, and related expenses for a bill that is submitted more than 90 days after the disposition of the case at the lower court level, notwithstanding any appeals. Before final disposition of a case, a private court-appointed counsel may file a motion for fees, costs, and related expenses for services completed up to the date of the motion in any case or matter in which legal services have been provided by the attorney for more than 1 year. The amount approved by the court may not exceed 80 percent of the fees earned, or costs and related expenses incurred, to date, or an amount proportionate to the maximum fees permitted under this section based on legal services provided to date, whichever is less. The court may grant the motion if counsel shows that failure to grant the motion would work a particular hardship upon counsel.

(5)(3) The compensation for representation in a criminal proceeding shall not exceed the following:

- (a)1. For misdemeanors and juveniles represented at the trial level: \$1,000.
2. For noncapital, nonlife felonies represented at the trial level: \$2,500.
3. For life felonies represented at the trial level: \$3,000.
4. For capital cases represented at the trial level: \$15,000 ~~\$3,500~~. For purposes of this subparagraph, a "capital case" is any offense for which the potential sentence is death and the state has not waived seeking the death penalty.
5. For representation on appeal: \$2,000.

(b) If a death sentence is imposed and affirmed on appeal to the Supreme Court, the appointed attorney shall be allowed compensation, not to exceed \$1,000, for attorney's fees and costs incurred in representing the defendant as to an application for executive clemency, with compensation to be paid out of general revenue from funds budgeted to the Department of Corrections.

(4) ~~By January 1 of each year, the Article V Indigent Services Advisory Board shall recommend to the Legislature any adjustments to the compensation provisions of this section.~~

(6)(5) For compensation for representation pursuant to a court appointment in a proceeding under chapter 39:

(a) At the trial level, compensation for representation for dependency proceedings shall not exceed \$1,000 for the first year following the date of appointment and shall not exceed \$200 each year thereafter. Compensation shall be paid based upon representation of a parent irrespective of the number of case numbers that may be assigned or the number of

children involved, including any children born during the pendency of the proceeding. Any appeal, except for an appeal from an adjudication of dependency, shall be completed by the trial attorney and is considered compensated by the flat fee for dependency proceedings.

1. Counsel may bill the flat fee not exceeding \$1,000 following disposition or upon dismissal of the petition.

2. Counsel may bill the annual flat fee not exceeding \$200 following the first judicial review in the second year following the date of appointment and each year thereafter as long as the case remains under protective supervision.

3. If the court grants a motion to reactivate protective supervision, the attorney shall receive the annual flat fee not exceeding \$200 following the first judicial review and up to an additional \$200 each year thereafter.

4. If, during the course of dependency proceedings, a proceeding to terminate parental rights is initiated, compensation shall be as set forth in paragraph (b). If counsel handling the dependency proceeding is not authorized to handle proceedings to terminate parental rights, the counsel must withdraw and new counsel must be appointed.

(b) At the trial level, compensation for representation in termination of parental rights proceedings shall not exceed \$1,000 for the first year following the date of appointment and shall not exceed \$200 each year thereafter. Compensation shall be paid based upon representation of a parent irrespective of the number of case numbers that may be assigned or the number of children involved, including any children born during the pendency of the proceeding. Any appeal, except for an appeal from an order granting or denying termination of parental rights, shall be completed by trial counsel and is considered compensated by the flat fee for termination of parental rights proceedings. If the individual has dependency proceedings ongoing as to other children, those proceedings are considered part of the termination of parental rights proceedings as long as that termination of parental rights proceeding is ongoing.

1. Counsel may bill the flat fee not exceeding \$1,000 30 days after rendition of the final order. Each request for payment submitted to the Justice Administrative Commission must include the trial counsel's certification that:

a. Counsel discussed grounds for appeal with the parent or that counsel attempted and was unable to contact the parent; and

b. No appeal will be filed or that a notice of appeal and a motion for appointment of appellate counsel, containing the signature of the parent, have been filed.

2. Counsel may bill the annual flat fee not exceeding \$200 following the first judicial review in the second year after the date of appointment and each year thereafter as long as the termination of parental rights proceedings are still ongoing.

(c) For appeals from an adjudication of dependency, compensation may not exceed \$1,000.

1. Counsel may bill a flat fee not exceeding \$750 upon filing the initial brief or the granting of a motion to withdraw.

2. If a brief is filed, counsel may bill an additional flat fee not exceeding \$250 upon rendition of the mandate.

(d) For an appeal from an adjudication of termination of parental rights, compensation may not exceed \$2,000.

1. Counsel may bill a flat fee not exceeding \$1,000 upon filing the initial brief or the granting of a motion to withdraw.

2. If a brief is filed, counsel may bill an additional flat fee not exceeding \$1,000 upon rendition of the mandate. ~~If counsel is entitled to receive compensation for representation pursuant to court appointment in a termination of parental rights proceeding under chapter 39, such compensation shall not exceed \$1,000 at the trial level and \$2,500 at the appellate level.~~

(7)(b) Counsel entitled to receive compensation from the state for representation pursuant to court appointment in a proceeding under chapter 384, chapter 390, ~~or~~ chapter 392, chapter 393, chapter 394,

chapter 397, chapter 415, chapter 743, chapter 744, or chapter 984 shall receive reasonable compensation not to exceed the limits prescribed in the General Appropriations Act as fixed by the court making the appointment.

(8)(6) A private attorney appointed in lieu of the public defender or the criminal conflict and civil regional counsel to represent an indigent defendant may not reassign or subcontract the case to another attorney or allow another attorney to appear at a critical stage of a case who is not on the registry developed under s. 27.40.

~~(7) Private court-appointed counsel representing a parent in a dependency case that is open may submit a request for payment to the Justice Administrative Commission at the following intervals:~~

~~(a) Upon entry of an order of disposition as to the parent being represented.~~

~~(b) Upon conclusion of a 12-month permanency review.~~

~~(c) Following a judicial review hearing.~~

In no case, however, may counsel submit requests under this subsection more than once per quarter, unless the court finds extraordinary circumstances justifying more frequent submission of payment requests.

(9)(8) Private court-appointed counsel representing an individual in an appeal to a district court of appeal or the Supreme Court may submit a request for payment to the Justice Administrative Commission at the following intervals:

(a) Upon the filing of an appellate brief, including, but not limited to, a reply brief.

(b) When the opinion of the appellate court is finalized.

(10)(9) Private court-appointed counsel may not bill for preparation of invoices whether or not the case is paid on the basis of an hourly rate or by flat fee.

~~(10) The Justice Administrative Commission shall develop a schedule to provide partial payment of criminal attorney fees for cases that are not resolved within 6 months. The schedule must provide that the aggregate payments shall not exceed limits established by law. Any partial payment made pursuant to this subsection shall not exceed the actual value of services provided to date. Any partial payment shall be proportionate to the value of services provided based on payment rates included in the contract, not to exceed any limit provided by law.~~

(11) It is the intent of the Legislature that the flat fees prescribed under this section and the General Appropriations Act comprise the full and complete compensation for private court-appointed counsel. It is further the intent of the Legislature that the fees in this section are prescribed for the purpose of providing counsel with notice of the limit on the amount of compensation for representation in particular proceedings.

(a) If court-appointed counsel moves to withdraw prior to the full performance of his or her duties through the completion of the case, the court shall presume that the attorney is not entitled to the payment of the full flat fee established under this section and the General Appropriations Act.

(b) If court-appointed counsel is allowed to withdraw from representation prior to the full performance of his or her duties through the completion of the case and the court appoints a subsequent attorney, the total compensation for the initial and any and all subsequent attorneys may not exceed the flat fee established under this section and the General Appropriations Act, except as provided in subsection (12).

This subsection constitutes notice to any subsequently appointed attorney that he or she will not be compensated the full flat fee.

(12) The Legislature recognizes that on rare occasions an attorney may receive a case that requires extraordinary and unusual effort.

(a) If counsel seeks compensation that exceeds the limits prescribed under this section and the General Appropriations Act, he or she must file a motion with the chief judge for an order approving payment of attorney's fees in excess of these limits.

1. Prior to filing the motion, the counsel shall deliver a copy of the intended billing, together with supporting affidavits and all other necessary documentation, to the Justice Administrative Commission.

2. The Justice Administrative Commission shall review the billings, affidavit, and documentation for completeness and compliance with contractual and statutory requirements. If the Justice Administrative Commission objects to any portion of the proposed billing, the objection and reasons therefor shall be communicated in writing to the private court-appointed counsel. The counsel may thereafter file his or her motion, which must specify whether the commission objects to any portion of the billing or the sufficiency of documentation, and shall attach the commission's letter stating its objection.

(b) Following receipt of the motion to exceed the fee limits, the chief judge or a designee shall hold an evidentiary hearing.

1. At the hearing, the attorney seeking compensation must prove by competent and substantial evidence that the case required extraordinary and unusual efforts. The chief judge or designee shall consider criteria such as the number of witnesses, the complexity of the factual and legal issues, and the length of trial. The fact that a trial was conducted in a case does not, by itself, constitute competent substantial evidence of an extraordinary and unusual effort. In a criminal case, relief under this section may not be granted if the number of work hours does not exceed 75 or the number of the state's witnesses deposed does not exceed 20.

2. The chief judge or designee shall enter a written order detailing his or her findings and identifying the extraordinary nature of the time and efforts of the attorney in the case which warrant exceeding the flat fee established by this section and the General Appropriations Act.

(c) A copy of the motion and attachments shall be served on the Justice Administrative Commission at least 5 business days prior to the date of a hearing. The Justice Administrative Commission shall have standing to appear before the court, including at the hearing under paragraph (b), to contest any motion for an order approving payment of attorney's fees, costs, or related expenses and may participate in a hearing on the motion by use of telephonic or other communication equipment unless ordered otherwise. The Justice Administrative Commission may contract with other public or private entities or individuals to appear before the court for the purpose of contesting any motion for an order approving payment of attorney's fees, costs, or related expenses. The fact that the Justice Administrative Commission has not objected to any portion of the billing or to the sufficiency of the documentation is not binding on the court.

(d) If the chief judge or designee finds that counsel has proved by competent and substantial evidence that the case required extraordinary and unusual efforts, the chief judge or designee shall order the compensation to be paid to the attorney at a percentage above the flat fee rate, depending on the extent of the unusual and extraordinary effort required. The percentage shall be only the rate necessary to ensure that the fees paid are not confiscatory under common law. The percentage may not exceed 200 percent of the established flat fee, absent a specific finding that 200 percent of the flat fee in the case would be confiscatory. If the chief judge or designee determines that 200 percent of the flat fee would be confiscatory, he or she shall order the amount of compensation using an hourly rate not to exceed \$75 per hour for a noncapital case and \$100 per hour for a capital case. However, the compensation calculated by using the hourly rate shall be only that amount necessary to ensure that the total fees paid are not confiscatory.

(e) Any order granting relief under this subsection must be attached to the final request for a payment submitted to the Justice Administrative Commission.

(f) The Justice Administrative Commission shall provide to the Office of the State Courts Administrator data concerning the number of cases approved for compensation in excess of the limitation and the amount of these awards by circuit and by judge. The Office of the State Courts Administrator shall report the data quarterly to the President of the Senate, the Speaker of the House of Representatives, the Chief Justice of the Supreme Court, and the chief judge of each circuit.

Section 12. Effective July 1, 2007, section 27.54, Florida Statutes, is amended to read:

27.54 Limitation on payment of expenditures for public defender's office other than by the state.—

(1) All payments for the salary of the public defender and the criminal conflict and civil regional counsel and for the necessary expenses of office, including salaries of assistants and staff, shall be considered as being for a valid public purpose. Travel expenses shall be paid in accordance with the provisions of s. 112.061.

(2) A county or municipality may contract with, or appropriate or contribute funds to, the operation of the offices of the various public defenders and regional counsel as provided in this subsection. A public defender or regional counsel defending violations of special laws or county or municipal ordinances punishable by incarceration and not ancillary to a state charge shall contract with counties and municipalities to recover the full cost of services rendered on an hourly basis or reimburse the state for the full cost of assigning one or more full-time equivalent attorney positions to work on behalf of the county or municipality. Notwithstanding any other provision of law, in the case of a county with a population of less than 75,000, the public defender or regional counsel shall contract for full reimbursement, or for reimbursement as the parties otherwise agree. In local ordinance violation cases, the county or municipality shall pay for due process services that are approved by the court, including deposition costs, deposition transcript costs, investigative costs, witness fees, expert witness costs, and interpreter costs. The person charged with the violation shall be assessed a fee for the services of a public defender or regional counsel and other costs and fees paid by the county or municipality, which assessed fee may be reduced to a lien, in all instances in which the person enters a plea of guilty or no contest or is found to be in violation or guilty of any count or lesser included offense of the charge or companion case charges, regardless of adjudication. The court shall determine the amount of the obligation. The county or municipality may recover assessed fees through collections court or as otherwise permitted by law, and any fees recovered pursuant to this section shall be forwarded to the applicable county or municipality as reimbursement.

(a) A contract for reimbursement on an hourly basis shall require a county or municipality to reimburse the public defender or regional counsel for services rendered at a rate of \$50 per hour. If an hourly rate is specified in the General Appropriations Act, that rate shall control.

(b) A contract for assigning one or more full-time equivalent attorney positions to perform work on behalf of the county or municipality shall assign one or more full-time equivalent positions based on estimates by the public defender or regional counsel of the number of hours required to handle the projected workload. The full cost of each full-time equivalent attorney position on an annual basis shall be \$50, or the amount specified in the General Appropriations Act, multiplied by the legislative budget request standard for available work hours for one full-time equivalent attorney position, or, in the absence of that standard, 1,854 hours. The contract may provide for funding full-time equivalent positions in one-quarter increments.

(c) Any payments received pursuant to this subsection shall be deposited into the Grants and Donations Trust Fund within the Justice Administrative Commission for appropriation by the Legislature.

(3) No public defender, or assistant public defender, regional counsel, or assistant regional counsel shall receive from any county or municipality any supplemental salary, except as provided in this section.

(4) Unless expressly authorized by law or in the General Appropriations Act, public defenders and regional counsel are prohibited from spending state-appropriated funds on county funding obligations under s. 14, Art. V of the State Constitution beginning January 1, 2005. This includes expenditures on communications services and facilities as defined in s. 29.008. This does not prohibit a public defender from spending funds for these purposes in exceptional circumstances when necessary to maintain operational continuity in the form of a short-term advance pending reimbursement from the county. If a public defender or regional counsel provides short-term advance funding for a county responsibility as authorized by this subsection, the public defender or regional counsel shall request full reimbursement from the board of county commissioners prior to making the expenditure or at the next meeting of the board of county commissioners after the expenditure is made. The total of all short-term advances authorized by this subsection shall not exceed 2 percent of the public defender's or regional counsel's approved operating

budget in any given year. No short-term advances authorized by this subsection shall be permitted until all reimbursements arising from advance funding in the prior state fiscal year have been received by the public defender or regional counsel. All reimbursement payments received by the public defender or regional counsel shall be deposited into the General Revenue Fund. Notwithstanding the provisions of this subsection, the public defender or regional counsel may expend funds for the purchase of computer systems, including associated hardware and software, and for personnel related to this function.

Section 13. Effective October 1, 2007, section 27.59, Florida Statutes, is amended to read:

27.59 Access to prisoners.—The public defenders, and assistant public defenders, criminal conflict and civil regional counsel, and assistant regional counsel shall be empowered to inquire of all persons who are incarcerated in lieu of bond and to tender them advice and counsel at any time, but the provisions of this section shall not apply with respect to persons who have engaged private counsel.

Section 14. Effective October 1, 2007, section 28.24, Florida Statutes, is amended to read:

28.24 Service charges by clerk of the circuit court.—The clerk of the circuit court shall charge for services rendered by the clerk's office in recording documents and instruments and in performing the duties enumerated in amounts not to exceed those specified in this section. Notwithstanding any other provision of this section, the clerk of the circuit court shall provide without charge to the state attorney, public defender, guardian ad litem, public guardian, attorney ad litem, criminal conflict and civil regional counsel, and private court-appointed counsel paid by the state, and to the authorized staff acting on behalf of each, access to and a copy of any public record, if the requesting party is entitled by law to view the exempt or confidential record, as maintained by and in the custody of the clerk of the circuit court as provided in general law and the Florida Rules of Judicial Administration. The clerk of the circuit court may provide the requested public record in an electronic format in lieu of a paper format when capable of being accessed by the requesting entity.

 - 2. Each additional page 0.50

Said fund shall be held in trust by the clerk and used exclusively for equipment and maintenance of equipment, personnel training, and technical assistance in modernizing the public records system of the office. In a county where the duty of maintaining official records exists in an office other than the office of the clerk of the circuit court, the clerk of the circuit court is entitled to 25 percent of the moneys deposited into the trust fund for equipment, maintenance of equipment, training, and technical assistance in modernizing the system for storing records in the office of the clerk of the circuit court. The fund may not be used for the payment of travel expenses, membership dues, bank charges, staff-recruitment costs, salaries or benefits of employees, construction costs, general operating expenses, or other costs not directly related to obtaining and maintaining equipment for public records systems or for the purchase of furniture or office supplies and equipment not related to the storage of records. On or before December 1, 1995, and on or before December 1 of each year immediately preceding each year during which the trust fund is scheduled for legislative review under s. 19(f)(2), Art. III of the State Constitution, each clerk of the circuit court shall file a report on the Public Records Modernization Trust Fund with the President of the Senate and the Speaker of the House of Representatives. The report must itemize each expenditure made from the trust fund since the last report was filed; each obligation payable from the trust fund on that date; and the percentage of funds expended for each of the following: equipment, maintenance of equipment, personnel training, and technical assistance. The report must indicate the nature of the system each clerk uses to store, maintain, and retrieve public records and the degree to which the system has been upgraded since the creation of the trust fund.

(e) An additional service charge of \$4 per page shall be paid to the clerk of the circuit court for each instrument listed in s. 28.222, except judgments received from the courts and notices of lis pendens, recorded in the official records. From the additional \$4 service charge collected:

1. If the counties maintain legal responsibility for the costs of the court-related technology needs as defined in s. 29.008(1)(f)2. and (h), 10 cents shall be distributed to the Florida Association of Court Clerks and Comptroller, Inc., for the cost of development, implementation, operation, and maintenance of the clerks' Comprehensive Case Information System, in which system all clerks shall participate on or before January 1, 2006; \$1.90 shall be retained by the clerk to be deposited in the Public Records Modernization Trust Fund and used exclusively for funding court-related technology needs of the clerk as defined in s. 29.008(1)(f)2. and (h); and \$2 shall be distributed to the board of county commissioners to be used exclusively to fund court-related technology, and court technology needs as defined in s. 29.008(1)(f)2. and (h) for the state trial

courts, state attorney, and public defender, and criminal conflict and civil regional counsel in that county. If the counties maintain legal responsibility for the costs of the court-related technology needs as defined in s. 29.008(1)(f)2. and (h), notwithstanding any other provision of law, the county is not required to provide additional funding beyond that provided herein for the court-related technology needs of the clerk as defined in s. 29.008(1)(f)2. and (h). All court records and official records are the property of the State of Florida, including any records generated as part of the Comprehensive Case Information System funded pursuant to this paragraph and the clerk of court is designated as the custodian of such records, except in a county where the duty of maintaining official records exists in a county office other than the clerk of court or comptroller, such county office is designated the custodian of all official records, and the clerk of court is designated the custodian of all court records. The clerk of court or any entity acting on behalf of the clerk of court, including an association, shall not charge a fee to any agency as defined in s. 119.011, the Legislature, or the State Court System for copies of records generated by the Comprehensive Case Information System or held by the clerk of court or any entity acting on behalf of the clerk of court, including an association.

2. If the state becomes legally responsible for the costs of court-related technology needs as defined in s. 29.008(1)(f)2. and (h), whether by operation of general law or by court order, \$4 shall be remitted to the Department of Revenue for deposit into the General Revenue Fund.

- (22) For disbursement of excess proceeds of tax deed sale, first \$100 or fraction thereof 10.00
- (23) Upon receipt of an application for a marriage license, for preparing and administering of oath; issuing, sealing, and recording of the marriage license; and providing a certified copy 30.00
- (24) For solemnizing matrimony 30.00
- (25) For sealing any court file or expungement of any record 37.50
- (26)(a) For receiving and disbursing all restitution payments, per payment 3.00
- (b) For receiving and disbursing all partial payments, other than restitution payments, for which an administrative processing service charge is not imposed pursuant to s. 28.246, per month 5.00
- (c) For setting up a payment plan, a one-time administrative processing charge in lieu of a per month charge under paragraph (b) 25.00
- (27) Postal charges incurred by the clerk of the circuit court in any mailing by certified or registered mail shall be paid by the party at whose instance the mailing is made.

(28) For furnishing an electronic copy of information contained in a computer database: a fee as provided for in chapter 119.

Section 15. Effective October 1, 2007, section 28.345, Florida Statutes, is amended to read:

28.345 Exemption from court-related fees and charges.—Notwithstanding any other provision of this chapter or law to the contrary, judges and those court staff acting on behalf of judges, state attorneys, guardians ad litem, public guardians, attorneys ad litem, court-appointed private counsel, *criminal conflict and civil regional counsel*, and public defenders, acting in their official capacity, and state agencies, are exempt from all court-related fees and charges assessed by the clerks of the circuit courts.

Section 16. Effective July 1, 2007, section 29.001, Florida Statutes, is amended to read:

29.001 State courts system elements and definitions.—

(1) For the purpose of implementing s. 14, Art. V of the State Constitution, the state courts system is defined to include the enumerated elements of the Supreme Court, district courts of appeal, circuit courts, county courts, and certain supports thereto. The offices of public defenders and state attorneys are defined to include the enumerated elements of the 20 state attorneys' offices and the enumerated elements of the 20 public defenders' offices and five offices of *criminal conflict and civil regional counsel*. Court-appointed counsel are defined to include the enumerated elements for counsel appointed to ensure due process in criminal and civil proceedings in accordance with state and federal constitutional guarantees. Funding for the state courts system, the state attorneys' offices, the public defenders' offices, *the offices of criminal conflict and civil regional counsel*, and other court-appointed counsel shall be provided from state revenues appropriated by general law.

(2) Although a program or function currently may be funded by the state or prescribed or established in general law, this does not designate the program or function as an element of the state courts system, state attorneys' offices, public defenders' offices, or the offices of the circuit and county court clerks performing court-related functions as described in s. 14, Art. V of the State Constitution.

Section 17. Effective July 1, 2007, section 29.006, Florida Statutes, is amended to read:

29.006 ~~Public defenders and~~ Indigent defense costs.—For purposes of implementing s. 14, Art. V of the State Constitution, the elements of the public defenders' offices and *criminal conflict and civil regional counsel offices* to be provided from state revenues appropriated by general law are as follows:

(1) The public defender of each judicial circuit and assistant public defenders and other staff as determined by general law. *The regional counsel of each judicial district, the assistant regional counsel, and other staff as determined by general law.*

(2) Reasonable court reporting and transcription services necessary to meet constitutional or statutory requirements, including the cost of transcribing and copying depositions of witnesses and the cost of foreign language and sign-language interpreters and translators.

(3) Witnesses, including expert witnesses, summoned to appear for an investigation, preliminary hearing, or trial in a case when the witnesses are summoned on behalf of an indigent defendant, and any other expert witnesses required in a court hearing by law or whomever the public defender or *regional counsel* deems necessary for the performance of his or her duties.

(4) Mental health professionals appointed pursuant to s. 394.473 and required in a court hearing involving an indigent, and mental health professionals appointed pursuant to s. 916.115(2) and required in a court hearing involving an indigent.

(5) Reasonable transportation services in the performance of constitutional and statutory responsibilities. Motor vehicles owned by counties and provided exclusively to public defenders as of July 1, 2003, and any additional vehicles owned by the counties and provided exclusively to public defenders during fiscal year 2003-2004 shall be transferred by title to the state effective July 1, 2004.

(6) Travel expenses reimbursable under s. 112.061 reasonably necessary in the performance of constitutional and statutory responsibilities.

(7) Reasonable library and electronic legal research services, other than a public law library.

(8) Reasonable pretrial consultation fees and costs.

Section 18. Effective October 1, 2007, section 29.007, Florida Statutes, is amended to read:

29.007 Court-appointed counsel.—For purposes of implementing s. 14, Art. V of the State Constitution, the elements of court-appointed counsel to be provided from state revenues appropriated by general law are as follows:

(1) Private attorneys appointed by the court to handle cases where the defendant is indigent and cannot be represented by the public defender or *the office of criminal conflict and civil regional counsel* under ss. 27.42 and 27.53.

(2) *When the office of criminal conflict and civil regional counsel has a conflict of interest*, private attorneys appointed by the court to represent indigents or other classes of litigants in civil proceedings requiring court-appointed counsel in accordance with state and federal constitutional guarantees and federal and state statutes.

(3) Reasonable court reporting and transcription services necessary to meet constitutional or statutory requirements, including the cost of transcribing and copying depositions of witnesses and the cost of foreign language and sign-language interpreters and translators.

(4) Witnesses, including expert witnesses, summoned to appear for an investigation, preliminary hearing, or trial in a case when the witnesses are summoned on behalf of an indigent, and any other expert witnesses approved by the court.

(5) Mental health professionals appointed pursuant to s. 394.473 and required in a court hearing involving an indigent, mental health professionals appointed pursuant to s. 916.115(2) and required in a court hearing involving an indigent, and any other mental health professionals required by law for the full adjudication of any civil case involving an indigent person.

(6) Reasonable pretrial consultation fees and costs.

(7) Travel expenses reimbursable under s. 112.061 reasonably necessary in the performance of constitutional and statutory responsibilities.

Subsections (3), (4), (5), (6), and (7) apply when court-appointed counsel is appointed; when the court determines that the litigant is indigent for costs; or when the litigant is acting pro se and the court determines that the litigant is indigent for costs at the trial or appellate level. This section applies in any situation in which the court appoints counsel to protect a litigant's due process rights. The Justice Administrative Commission shall approve uniform contract forms for use in processing payments for due process services under this section. In each case in which a private attorney represents a person determined by the court to be indigent for costs, the attorney shall execute the commission's contract for private attorneys representing persons determined to be indigent for costs.

Section 19. Effective July 1, 2007, subsections (1) and (2) of section 29.008, Florida Statutes, are amended to read:

29.008 County funding of court-related functions.—

(1) Counties are required by s. 14, Art. V of the State Constitution to fund the cost of communications services, existing radio systems, existing multiagency criminal justice information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the circuit and county courts, public defenders' offices, state attorneys' offices, guardian ad litem offices, and the offices of the clerks of the circuit and county courts performing court-related functions. For purposes of this section, the term "circuit and county courts" includes ~~shall include~~ the offices and staffing of the guardian ad litem programs, and the term "*public defenders' offices*" includes the offices of *criminal conflict and civil regional counsel*. The county designated under s. 35.05(1) as the headquarters for each appellate district shall fund these costs for the

appellate division of the public defender's office in that county. For purposes of implementing these requirements, the term:

(a) "Facility" means reasonable and necessary buildings and office space and appurtenant equipment and furnishings, structures, real estate, easements, and related interests in real estate, including, but not limited to, those for the purpose of housing legal materials for use by the general public and personnel, equipment, or functions of the circuit or county courts, public defenders' offices, state attorneys' offices, and court-related functions of the office of the clerks of the circuit and county courts and all storage. The term "facility" includes all wiring necessary for court reporting services. The term also includes access to parking for such facilities in connection with such court-related functions that may be available free or from a private provider or a local government for a fee. The office space provided by a county may not be less than the standards for space allotment adopted by the Department of Management Services, except this requirement applies only to facilities that are leased, or on which construction commences, after June 30, 2003. County funding must include physical modifications and improvements to all facilities as are required for compliance with the Americans with Disabilities Act. Upon mutual agreement of a county and the affected entity in this paragraph, the office space provided by the county may vary from the standards for space allotment adopted by the Department of Management Services.

1. As of July 1, 2005, equipment and furnishings shall be limited to that appropriate and customary for courtrooms, hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, and public defenders, *guardians ad litem*, and *criminal conflict and civil regional counsel*. Court reporting equipment in these areas or facilities is not a responsibility of the county.

2. Equipment and furnishings under this paragraph in existence and owned by counties on July 1, 2005, except for that in the possession of the clerks, for areas other than courtrooms, hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, and public defenders, shall be transferred to the state at no charge. This provision does not apply to any communication services as defined in paragraph (f).

(b) "Construction or lease" includes, but is not limited to, all reasonable and necessary costs of the acquisition or lease of facilities for all judicial officers, staff, jurors, volunteers of a tenant agency, and the public for the circuit and county courts, the public defenders' offices, state attorneys' offices, and for performing the court-related functions of the offices of the clerks of the circuit and county courts. This includes expenses related to financing such facilities and the existing and future cost and bonded indebtedness associated with placing the facilities in use.

(c) "Maintenance" includes, but is not limited to, all reasonable and necessary costs of custodial and groundskeeping services and renovation and reconstruction as needed to accommodate functions for the circuit and county courts, the public defenders' offices, and state attorneys' offices and for performing the court-related functions of the offices of the clerks of the circuit and county court and for maintaining the facilities in a condition appropriate and safe for the use intended.

(d) "Utilities" means all electricity services for light, heat, and power; natural or manufactured gas services for light, heat, and power; water and wastewater services and systems, stormwater or runoff services and systems, sewer services and systems, all costs or fees associated with these services and systems, and any costs or fees associated with the mitigation of environmental impacts directly related to the facility.

(e) "Security" includes but is not limited to, all reasonable and necessary costs of services of law enforcement officers or licensed security guards and all electronic, cellular, or digital monitoring and screening devices necessary to ensure the safety and security of all persons visiting or working in a facility; to provide for security of the facility, including protection of property owned by the county or the state; and for security of prisoners brought to any facility. This includes bailiffs while providing courtroom and other security for each judge and other quasi-judicial officers.

(f) "Communications services" are defined as any reasonable and necessary transmission, emission, and reception of signs, signals, writings, images, and sounds of intelligence of any nature by wire, radio,

optical, audio equipment, or other electromagnetic systems and includes all facilities and equipment owned, leased, or used by judges, clerks, public defenders, state attorneys, *guardians ad litem*, *criminal conflict and civil regional counsel*, and all staff of the state courts system, state attorneys' offices, public defenders' offices, and clerks of the circuit and county courts performing court-related functions. Such system or services shall include, but not be limited to:

1. Telephone system infrastructure, including computer lines, telephone switching equipment, and maintenance, and facsimile equipment, wireless communications, cellular telephones, pagers, and video teleconferencing equipment and line charges. Each county shall continue to provide access to a local carrier for local and long distance service and shall pay toll charges for local and long distance service.

2. All computer networks, systems and equipment, including computer hardware and software, modems, printers, wiring, network connections, maintenance, support staff or services including any county-funded support staff located in the offices of the circuit court, county courts, state attorneys, and public defenders, *guardians ad litem*, and *criminal conflict and civil regional counsel*; training, supplies, and line charges necessary for an integrated computer system to support the operations and management of the state courts system, the offices of the public defenders, the offices of the state attorneys, *the guardian ad litem offices*, *the offices of criminal conflict and civil regional counsel*, and the offices of the clerks of the circuit and county courts; and the capability to connect those entities and reporting data to the state as required for the transmission of revenue, performance accountability, case management, data collection, budgeting, and auditing purposes. The integrated computer system shall be operational by July 1, 2006, and, at a minimum, permit the exchange of financial, performance accountability, case management, case disposition, and other data across multiple state and county information systems involving multiple users at both the state level and within each judicial circuit and be able to electronically exchange judicial case background data, sentencing scoresheets, and video evidence information stored in integrated case management systems over secure networks. Once the integrated system becomes operational, counties may reject requests to purchase communication services included in this subparagraph not in compliance with standards, protocols, or processes adopted by the board established pursuant to s. 29.0086.

3. Courier messenger and subpoena services.

4. Auxiliary aids and services for qualified individuals with a disability which are necessary to ensure access to the courts. Such auxiliary aids and services include, but are not limited to, sign language interpretation services required under the federal Americans with Disabilities Act other than services required to satisfy due-process requirements and identified as a state funding responsibility pursuant to ss. 29.004, 29.005, 29.006, and 29.007, real-time transcription services for individuals who are hearing impaired, and assistive listening devices and the equipment necessary to implement such accommodations.

(g) "Existing radio systems" includes, but is not limited to, law enforcement radio systems that are used by the circuit and county courts, the offices of the public defenders, the offices of the state attorneys, and for court-related functions of the offices of the clerks of the circuit and county courts. This includes radio systems that were operational or under contract at the time Revision No. 7, 1998, to Art. V of the State Constitution was adopted and any enhancements made thereafter, the maintenance of those systems, and the personnel and supplies necessary for operation.

(h) "Existing multiagency criminal justice information systems" includes, but is not limited to, those components of the multiagency criminal justice information system as defined in s. 943.045, supporting the offices of the circuit or county courts, the public defenders' offices, the state attorneys' offices, or those portions of the offices of the clerks of the circuit and county courts performing court-related functions that are used to carry out the court-related activities of those entities. This includes upgrades and maintenance of the current equipment, maintenance and upgrades of supporting technology infrastructure and associated staff, and services and expenses to assure continued information sharing and reporting of information to the state. The counties shall also provide additional information technology services, hardware, and software as needed for new judges and staff of the state courts system, state attorneys' offices, public defenders' offices, *guardian ad litem offices*, and

the offices of the clerks of the circuit and county courts performing court-related functions.

(2) Counties shall pay reasonable and necessary salaries, costs, and expenses of the state courts system, including associated staff and expenses, to meet local requirements.

(a) Local requirements are those specialized programs, nonjudicial staff, and other expenses associated with specialized court programs, specialized prosecution needs, specialized defense needs, or resources required of a local jurisdiction as a result of special factors or circumstances. Local requirements exist:

1. When imposed pursuant to an express statutory directive, based on such factors as provided in paragraph (b); or

2. When:

a. The county has enacted an ordinance, adopted a local program, or funded activities with a financial or operational impact on the circuit or a county within the circuit; or

b. Circumstances in a given circuit or county result in or necessitate implementation of specialized programs, the provision of nonjudicial staff and expenses to specialized court programs, special prosecution needs, specialized defense needs, or the commitment of resources to the court's jurisdiction.

(b) Factors and circumstances resulting in the establishment of a local requirement include, but are not limited to:

1. Geographic factors;
2. Demographic factors;
3. Labor market forces;
4. The number and location of court facilities; or
5. The volume, severity, complexity, or mix of court cases.

(c) Local requirements under subparagraph (a)2. must be determined by the following method:

1. The chief judge of the circuit, in conjunction with the state attorney, ~~and~~ the public defender, *and the criminal conflict and civil regional counsel* only on matters that impact their offices, shall identify all local requirements within the circuit or within each county in the circuit and shall identify the reasonable and necessary salaries, costs, and expenses to meet these local requirements.

2. On or before June 1 of each year, the chief judge shall submit to the board of county commissioners a tentative budget request for local requirements for the ensuing fiscal year. The tentative budget must certify a listing of all local requirements and the reasonable and necessary salaries, costs, and expenses for each local requirement. The board of county commissioners may, by resolution, require the certification to be submitted earlier.

3. The board of county commissioners shall thereafter treat the certification in accordance with the county's budgetary procedures. A board of county commissioners may:

a. Determine whether to provide funding, and to what extent it will provide funding, for salaries, costs, and expenses under this section;

b. Require a county finance officer to conduct a preaudit review of any county funds provided under this section prior to disbursement;

c. Require review or audit of funds expended under this section by the appropriate county office; and

d. Provide additional financial support for the courts system, state attorneys, ~~or~~ public defenders, *or criminal conflict and civil regional counsel*.

(d) Counties may satisfy these requirements by entering into interlocal agreements for the collective funding of these reasonable and necessary salaries, costs, and expenses.

Section 20. Effective July 1, 2007, subsections (1), (2), (3), and (5) of section 29.015, Florida Statutes, are amended to read:

29.015 Contingency fund; limitation of authority to transfer funds in contracted due process services appropriation categories.—

(1) An appropriation may be provided in the General Appropriations Act in the Justice Administrative Commission to serve as a contingency fund for the purpose of alleviating deficits in contracted due process services appropriation categories, including private court-appointed counsel appropriation categories, that may occur from time to time due to extraordinary *cases events* that lead to unexpected expenditures.

(2) In the event that a state attorney, ~~or~~ public defender, *or criminal conflict and civil regional counsel* incurs a deficit in a contracted due process services appropriation category *or conflict counsel category*, the following steps shall be taken in order:

(a) The state attorney, ~~or~~ public defender, *or regional counsel* shall first attempt to identify surplus funds from other appropriation categories within his or her office and submit a budget amendment pursuant to chapter 216 to transfer funds from within the office.

(b) In the event that the state attorney, ~~or~~ public defender, *or regional counsel* is unable to identify surplus funds from within his or her office, he or she shall certify this to the Justice Administrative Commission along with a complete explanation of the circumstances which led to the deficit and steps the office has taken to reduce or alleviate the deficit. The Justice Administrative Commission shall inquire as to whether any other office has surplus funds in its contracted due process services appropriation categories which can be transferred to the office that is experiencing the deficit. If other offices indicate that surplus funds are available within the same *budget entity appropriation category*, the Justice Administrative Commission shall transfer the amount needed to fund the deficit and notify the Governor and the chair and vice chair of the Legislative Budget Commission 14 days prior to a transfer pursuant to the notice, review, and objection provisions of s. 216.177. If funds appropriated for this purpose are available in a different budget entity, the Justice Administrative Commission shall request a budget amendment pursuant to chapter 216.

(c) If no office indicates that surplus funds are available to alleviate the deficit, the Justice Administrative Commission may request a budget amendment to transfer funds from the contingency fund. Such transfers shall be in accordance with all applicable provisions of chapter 216 and shall be subject to review and approval by the Legislative Budget Commission. The Justice Administrative Commission shall submit the documentation provided by the office explaining the circumstances that led to the deficit and the steps taken by the office and the Justice Administrative Commission to identify surplus funds to the Legislative Budget Commission.

(3) In the event that there is a deficit in a statewide contracted due process services appropriation category provided for private court-appointed counsel necessary due to withdrawal of the public defender *and criminal conflict and civil regional counsel* due to an ethical conflict, the following steps shall be taken in order:

(a) The Justice Administrative Commission shall first attempt to identify surplus funds from other contracted due process services appropriation categories within the Justice Administrative Commission and submit a budget amendment pursuant to chapter 216 to transfer funds from within the commission.

(b) In the event that the Justice Administrative Commission is unable to identify surplus funds from within the commission, the commission shall inquire of each of the public defenders *and regional counsel* as to whether any office has surplus funds in its contracted due process services appropriations categories which can be transferred. If any public defender *or regional counsel* office or offices indicate that surplus funds are available, the Justice Administrative Commission shall request a budget amendment to transfer funds from the office or offices to alleviate the deficit upon agreement of the contributing office or offices.

(c) If no public defender *or regional counsel* office has surplus funds available to alleviate the deficit, the Justice Administrative Commission may request a budget amendment to transfer funds from the contingency fund. Such transfers shall be in accordance with all applicable provisions of chapter 216 and shall be subject to review and approval by

the Legislative Budget Commission. The Justice Administrative Commission shall submit the documentation provided by the office explaining the circumstances that led to the deficit and the steps taken by the Justice Administrative Commission to identify surplus funds to the Legislative Budget Commission.

(5) Notwithstanding any provisions in chapter 216 to the contrary, no office shall transfer funds from a contracted due process services appropriation category or from a contingency fund category authorized in this section except as specifically authorized in this section. In addition, funds shall not be transferred from a state attorney office to alleviate a deficit in a public defender office or an office of criminal conflict and civil regional counsel, and funds shall not be transferred from a public defender office or regional counsel office to alleviate a deficit in a state attorney office.

Section 21. Effective October 1, 2007, section 29.018, Florida Statutes, is amended to read:

29.018 Cost sharing of due-process services; legislative intent.—It is the intent of the Legislature to provide state-funded due-process services to the state courts system, state attorneys, public defenders, *criminal conflict and civil regional counsel*, and *private* court-appointed counsel in the most cost-effective and efficient manner. The state courts system, state attorneys, public defenders, *criminal conflict and civil regional counsel*, and the Justice Administrative Commission on behalf of *private* court-appointed counsel may enter into contractual agreements to share, on a pro rata basis, the costs associated with court reporting services, court interpreter and translation services, court experts, and all other due-process services funded by the state pursuant to this chapter. These costs shall be budgeted within the funds appropriated to each of the affected users of services.

Section 22. Subsection (1) of section 39.815, Florida Statutes, is amended to read:

39.815 Appeal.—

(1) Any child, any parent or guardian ad litem of any child, any other party to the proceeding who is affected by an order of the court, or the department may appeal to the appropriate district court of appeal within the time and in the manner prescribed by the Florida Rules of Appellate Procedure. The district court of appeal shall give an appeal from an order terminating parental rights priority in docketing and shall render a decision on the appeal as expeditiously as possible. Appointed counsel shall be compensated as provided in s. 27.5304(6) ~~s. 27.5304(5)~~.

Section 23. Subsections (5) and (6) of section 43.16, Florida Statutes, are amended to read:

43.16 Justice Administrative Commission; membership, powers and duties.—

(5) The duties of the commission shall include, but not be limited to, the following:

(a) The maintenance of a central state office for administrative services and assistance when possible to and on behalf of the state attorneys and public defenders of Florida, the capital collateral regional counsel of Florida, *the criminal conflict and civil regional counsel*, and the Guardian Ad Litem Program.

(b) Each state attorney, ~~and~~ public defender, *and criminal conflict and civil regional counsel* and the Guardian Ad Litem Program shall continue to prepare necessary budgets, vouchers ~~that which~~ represent valid claims for reimbursement by the state for authorized expenses, and other things incidental to the proper administrative operation of the office, such as revenue transmittals to the Chief Financial Officer and automated systems plans, but will forward same to the commission for recording and submission to the proper state officer. However, when requested by a state attorney, ~~or~~ a public defender, *a criminal conflict and civil regional counsel*, or the Guardian Ad Litem Program, the commission will either assist in the preparation of budget requests, voucher schedules, and other forms and reports or accomplish the entire project involved.

(6) The provisions contained in this section shall be supplemental to those of chapter 27, relating to state attorneys, ~~and~~ public defenders, *criminal conflict and civil regional counsel*, and *capital collateral re-*

gional counsel; to those of chapter 39, relating to the Guardian Ad Litem Program; or to other laws pertaining hereto.

Section 24. Effective October 1, 2007, section 57.082, Florida Statutes, is amended to read:

57.082 Determination of civil indigent status.—

(1) APPLICATION TO THE CLERK.—A person seeking appointment of ~~an a~~ private attorney in a civil case eligible for court-appointed counsel, or seeking relief from prepayment of fees and costs under s. 57.081, based upon an inability to pay must apply to the clerk of the court for a determination of civil indigent status using an application form developed by the Florida Clerks of Court Operations Corporation with final approval by the Supreme Court.

(a) The application must include, at a minimum, the following financial information:

1. Net income, consisting of total salary and wages, minus deductions required by law, including court-ordered support payments.

2. Other income, including, but not limited to, social security benefits, union funds, veterans' benefits, workers' compensation, other regular support from absent family members, public or private employee pensions, unemployment compensation, dividends, interest, rent, trusts, and gifts.

3. Assets, including, but not limited to, cash, savings accounts, bank accounts, stocks, bonds, certificates of deposit, equity in real estate, and equity in a boat or a motor vehicle or in other tangible property.

4. All liabilities and debts.

The application must include a signature by the applicant which attests to the truthfulness of the information provided. The application form developed by the corporation must include notice that the applicant may seek court review of a clerk's determination that the applicant is not indigent, as provided in this section.

(b) The clerk shall assist a person who appears before the clerk and requests assistance in completing the application, and the clerk shall notify the court if a person is unable to complete the application after the clerk has provided assistance.

(c) The clerk shall accept an application that is signed by the applicant and submitted on his or her behalf by a private attorney who is representing the applicant in the applicable matter.

(2) DETERMINATION BY THE CLERK.—The clerk of the court shall determine whether an applicant seeking such designation is indigent based upon the information provided in the application and the criteria prescribed in this subsection.

(a)1. An applicant, including an applicant who is a minor or an adult tax-dependent person, is indigent if the applicant's income is equal to or below 200 percent of the then-current federal poverty guidelines prescribed for the size of the household of the applicant by the United States Department of Health and Human Services.

2. There is a presumption that the applicant is not indigent if the applicant owns, or has equity in, any intangible or tangible personal property or real property or the expectancy of an interest in any such property having a net equity value of \$2,500 or more, excluding the value of the person's homestead and one vehicle having a net value not exceeding \$5,000.

(b) Based upon its review, the clerk shall make one of the following determinations:

1. The applicant is not indigent.

2. The applicant is indigent.

(c) If the clerk determines that the applicant is indigent, the clerk shall immediately file the determination in the case record.

(d) The duty of the clerk in determining whether an applicant is indigent is limited to receiving the application and comparing the information provided in the application to the criteria prescribed in this

subsection. The determination of indigent status is a ministerial act of the clerk and may not be based on further investigation or the exercise of independent judgment by the clerk. The clerk may contract with third parties to perform functions assigned to the clerk under this section.

(e) The applicant may seek review of the clerk's determination that the applicant is not indigent in the court having jurisdiction over the matter by filing a petition to review the clerk's determination of nonindigent status, for which a filing fee may not be charged. If the applicant seeks review of the clerk's determination of indigent status, the court shall make a final determination as provided in subsection (4).

(3) APPOINTMENT OF COUNSEL ON AN INTERIM BASIS.—If the clerk of the court has not made a determination of indigent status at the time a person requests appointment of *an a-private* attorney in a civil case eligible for court-appointed counsel, the court shall make a preliminary determination of indigent status, pending further review by the clerk, and may, by court order, appoint *private* counsel on an interim basis.

(4) REVIEW OF THE CLERK'S DETERMINATION.—

(a) If the clerk of the court determines that the applicant is not indigent and the applicant seeks review of the clerk's determination, the court shall make a final determination of indigent status by reviewing the information provided in the application against the criteria prescribed in subsection (2) and by considering the following additional factors:

1. Whether paying for private counsel or other fees and costs creates a substantial hardship for the applicant or the applicant's family.
2. Whether the applicant is proceeding pro se or is represented by a private attorney for a fee or on a pro bono basis.
3. When the applicant retained private counsel.
4. The amount of any attorney's fees and who is paying the fees.
5. Any other relevant financial circumstances of the applicant or the applicant's family.

(b) Based upon its review, the court shall make one of the following determinations and shall, if appropriate, appoint *private* counsel:

1. The applicant is not indigent.
2. The applicant is indigent.

(5) APPOINTMENT OF COUNSEL.—*In appointing counsel after a determination that a person is indigent under this section, the court shall first appoint the office of criminal conflict and civil regional counsel, as provided in s. 27.511, unless specific provision is made in law for the appointment of the public defender in the particular civil proceeding.*

(6)(5) PROCESSING CHARGE; PAYMENT PLANS.—A person who the clerk or the court determines is indigent for civil proceedings under this section shall be enrolled in a payment plan under s. 28.246 and shall be charged a one-time administrative processing charge under s. 28.24(26)(c). A monthly payment amount, calculated based upon all fees and all anticipated costs, is presumed to correspond to the person's ability to pay if it does not exceed 2 percent of the person's annual net income, as defined in subsection (1), divided by 12. The person may seek review of the clerk's decisions regarding a payment plan established under s. 28.246 in the court having jurisdiction over the matter. A case may not be impeded in any way, delayed in filing, or delayed in its progress, including the final hearing and order, due to nonpayment of any fees by an indigent person.

(7)(6) FINANCIAL DISCREPANCIES; FRAUD; FALSE INFORMATION.—

(a) If the court learns of discrepancies between the application and the actual financial status of the person found to be indigent, the court shall determine whether the status and any relief provided as a result of that status shall be revoked. The person may be heard regarding the information learned by the court. If the court, based on the information, determines that the person is not indigent, the court shall revoke the provision of any relief under this section.

(b) If the court has reason to believe that any applicant, through fraud or misrepresentation, was improperly determined to be indigent, the matter shall be referred to the state attorney. Twenty-five percent of any amount recovered by the state attorney as reasonable value of the services rendered, including fees, charges, and costs paid by the state on the person's behalf, shall be remitted to the Department of Revenue for deposit into the Grants and Donations Trust Fund within the Justice Administrative Commission. Seventy-five percent of any amount recovered shall be remitted to the Department of Revenue for deposit into the General Revenue Fund.

(c) A person who knowingly provides false information to the clerk or the court in seeking a determination of indigent status under this section commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 25. Paragraph (y) of subsection (2) of section 110.205, Florida Statutes, is amended to read:

110.205 Career service; exemptions.—

(2) EXEMPT POSITIONS.—The exempt positions that are not covered by this part include the following:

(y) All officers and employees of the Justice Administrative Commission, Office of the State Attorney, Office of the Public Defender, regional offices of capital collateral counsel, *offices of criminal conflict and civil regional counsel*, and Statewide Guardian Ad Litem Office, including the circuit guardian ad litem programs.

Section 26. Effective October 1, 2007, subsection (2) of section 125.69, Florida Statutes, is amended to read:

125.69 Penalties; enforcement by code inspectors.—

(2) Each county is authorized and required to pay any attorney appointed by the court to represent a defendant charged with a criminal violation of a special law or county ordinance not ancillary to a state charge if the defendant is indigent and otherwise entitled to court-appointed counsel under the Constitution of the United States or the Constitution of the State of Florida. In these cases, the court shall appoint counsel to represent the defendant in accordance with s. 27.40, and shall order the county to pay the reasonable attorney's fees, costs, and related expenses of the defense. The county may contract with the public defender *or the office of criminal conflict and civil regional counsel for* of the judicial circuit in which the county is located to serve as court-appointed counsel pursuant to s. 27.54.

Section 27. Paragraph (qq) of subsection (1) of section 216.011, Florida Statutes, is amended to read:

216.011 Definitions.—

(1) For the purpose of fiscal affairs of the state, appropriations acts, legislative budgets, and approved budgets, each of the following terms has the meaning indicated:

(qq) "State agency" or "agency" means any official, officer, commission, board, authority, council, committee, or department of the executive branch of state government. For purposes of this chapter and chapter 215, "state agency" or "agency" includes, but is not limited to, state attorneys, public defenders, *criminal conflict and civil regional counsel*, capital collateral regional counsel, the Justice Administrative Commission, the Florida Housing Finance Corporation, and the Florida Public Service Commission. Solely for the purposes of implementing s. 19(h), Art. III of the State Constitution, the terms "state agency" or "agency" include the judicial branch.

Section 28. Effective October 1, 2007, subsection (2) of section 744.331, Florida Statutes, is amended to read:

744.331 Procedures to determine incapacity.—

(2) ATTORNEY FOR THE ALLEGED INCAPACITATED PERSON.—

(a) When a court appoints an attorney for an alleged incapacitated person, the court must appoint *the office of criminal conflict and civil regional counsel or a private an* attorney as prescribed in s. 27.511(6). A

private attorney must be one who is included in the attorney registry compiled pursuant to s. 27.40 ss. 27.40 and 27.42 by the circuit's Article V indigent services committee. Appointments of private attorneys must be made on a rotating basis, taking into consideration conflicts arising under this chapter.

(b) The court shall appoint an attorney for each person alleged to be incapacitated in all cases involving a petition for adjudication of incapacity. The alleged incapacitated person may substitute her or his own attorney for the attorney appointed by the court.

(c) Any attorney representing an alleged incapacitated person may not serve as guardian of the alleged incapacitated person or as counsel for the guardian of the alleged incapacitated person or the petitioner.

(d) Effective January 1, 2007, an attorney seeking to be appointed by a court for incapacity and guardianship proceedings must have completed a minimum of 8 hours of education in guardianship. A court may waive the initial training requirement for an attorney who has served as a court-appointed attorney in incapacity proceedings or as an attorney of record for guardians for not less than 3 years. *The education requirement of this paragraph does not apply to the office of criminal conflict and civil regional counsel until July 1, 2008.*

Section 29. Effective October 1, 2007, section 938.29, Florida Statutes, is amended to read:

938.29 Legal assistance; lien for payment of attorney's fees or costs.—

(1)(a) A defendant determined to be guilty of a criminal act by a court or jury or through a plea of guilty or nolo contendere and who has received the assistance of the public defender's office, a special assistant public defender, *the office of criminal conflict and civil regional counsel*, or a private conflict attorney, *or who has received due process services after being found indigent for costs under s. 27.52*, shall be liable for payment of attorney's fees and costs. The court shall determine the amount of the obligation. Such costs shall include, but not be limited to, the cost of depositions; cost of transcripts of depositions, including the cost of defendant's copy, which transcripts are certified by the defendant's attorney as having served a useful purpose in the disposition of the case; investigative costs; witness fees; the cost of psychiatric examinations; or other reasonable costs specially incurred by the state and the clerk of court for the defense of the defendant in criminal prosecutions. Costs shall not include expenses inherent in providing a constitutionally guaranteed jury trial or expenditures in connection with the maintenance and operation of government agencies that must be made by the public irrespective of specific violations of law. Any costs assessed pursuant to this paragraph shall be reduced by any amount assessed against a defendant pursuant to s. 938.05.

(b) Upon entering a judgment of conviction, the defendant shall be liable to pay the costs in full after the judgment of conviction becomes final.

(c) The defendant shall pay the application fee under s. 27.52(1)(b) and attorney's fees and costs in full or in installments, at the time or times specified. The court may order payment of the assessed application fee and attorney's fees and costs as a condition of probation, of suspension of sentence, or of withholding the imposition of sentence. *The first \$40 from attorney's fees and costs collected under this section shall be transferred monthly by the clerk to the Department of Revenue for deposit into the Indigent Criminal Defense Trust Fund. All remaining attorney's fees and costs collected under this section shall be deposited into the General Revenue Fund.*

(2)(a) There is created in the name of the state a lien, enforceable as hereinafter provided, upon all the property, both real and personal, of any person who:

1. Has received any assistance from any public defender of the state, from any special assistant public defender, *from any office of criminal conflict and civil regional counsel*, or from any private conflict attorney, *or who has received due process services after being found indigent for costs*; or

2. Is a parent of an accused minor or an accused adult tax-dependent person who is being, or has been, represented by any public defender of

the state, by any special assistant public defender, *by any office of criminal conflict and civil regional counsel*, or by a private conflict attorney, *or who is receiving or has received due process services after being found indigent for costs.*

Such lien constitutes a claim against the defendant-recipient or parent and his or her estate, enforceable according to law.

(b) A judgment showing the name and residence of the defendant-recipient or parent shall be recorded in the public record, without cost, by the clerk of the circuit court in the county where the defendant-recipient or parent resides and in each county in which such defendant-recipient or parent then owns or later acquires any property. Such judgments shall be enforced on behalf of the state by the clerk of the circuit court of the county in which assistance was rendered.

(3) The clerk of the circuit court within the county wherein the defendant-recipient was tried or received the services of a public defender, special assistant public defender, *office of criminal conflict and civil regional counsel*, or appointed private legal counsel, *or received due process services after being found indigent for costs*, shall enforce, satisfy, compromise, settle, subordinate, release, or otherwise dispose of any debt or lien imposed under this section. A defendant-recipient or parent, liable to pay attorney's fees or costs and who is not in willful default in the payment thereof, may, at any time, petition the court which entered the order for deferral of the payment of attorney's fees or costs or of any unpaid portion thereof.

(4) No lien thus created shall be foreclosed upon the homestead of such defendant-recipient or parent, nor shall any defendant-recipient or parent liable for payment of attorney's fees or costs be denied any of the protections afforded any other civil judgment debtor.

(5) The court having jurisdiction of the defendant-recipient shall, at such stage of the proceedings as the court may deem appropriate, determine the value of the services of the public defender, special assistant public defender, *office of criminal conflict and civil regional counsel*, or appointed private legal counsel and costs, at which time the defendant-recipient or parent, after adequate notice thereof, shall have opportunity to be heard and offer objection to the determination, and to be represented by counsel, with due opportunity to exercise and be accorded the procedures and rights provided in the laws and court rules pertaining to civil cases at law.

Section 30. *Effective October 1, 2007, section 27.42, Florida Statutes, is repealed.*

Section 31. (1) *The Legislature finds that the creation of offices of criminal conflict and civil regional counsel and the other provisions of this act are necessary and best steps toward enhancing the publicly funded provision of legal representation and other due process services under constitutional and statutory principles in a fiscally responsible and effective manner.*

(2) *It is the intent of the Legislature to facilitate the orderly transition to the creation and operation of the offices of criminal conflict and civil regional counsel, as provided in this act, in order to enhance and fiscally support the system of court-appointed representation for eligible individuals in criminal and civil proceedings. To that end, the Legislature intends that the five criminal conflict and civil regional counsel be appointed as soon as practicable after this act becomes law, to assume a term beginning on July 1, 2007. Once appointed, the regional counsel shall use the period between July 1, 2007, and October 1, 2007, to complete the administrative and organizational activities related to establishment of their offices, including, but not limited to, hiring authorized assistant regional counsel and other staff. It is the further intent of the Legislature that the regional offices begin assuming representation of eligible individuals, as provided in this act, on October 1, 2007. If a court finds that a regional office is not sufficiently operational by that date to assume representation in a particular case, it is the intent of the Legislature that the court appoint private counsel for that case. However, it is also the intent of the Legislature that each regional office be fully operational no later than January 1, 2008. The Justice Administrative Commission shall assist the regional counsel as necessary in establishing their offices. In addition, it is the intent of the Legislature that the various agencies and organizations that comprise the state judicial system also assist with the transition from current law to the creation and operation of the regional offices.*

(3) *In furtherance of its findings and intent, the Legislature intends to monitor and review the implementation of this act over a period of 3 years, identify any impediments to successful implementation, and evaluate if the delivery of legal representation and due process services as prescribed in this act should be revised.*

Section 32. *Each private attorney with an active court appointment as of the effective date of this act in a case for which the attorney will seek compensation from the state shall report the case number and type of case to the Justice Administrative Commission by July 15, 2007, unless he or she has already provided this information to the commission. If there is a shortfall in appropriations for court-appointed counsel, the commission shall give priority in payment to those attorneys who have fully complied with the reporting requirement of this section.*

Section 33. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 34. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to due process; amending s. 27.40, F.S.; providing for offices of criminal conflict and civil regional counsel to be appointed to represent persons in certain cases in which the public defender is unable to provide representation; providing for private counsel to be appointed only when the public defender and the regional counsel are unable to provide representation; providing for the clerk of court to maintain the registry of attorneys available for appointment; providing for compensation of appointed counsel who are not on the registry; requiring attorneys to maintain records in order to claim extraordinary compensation; requiring attorneys to provide information in a form prescribed by the Justice Administrative Commission; creating s. 27.405, F.S.; requiring the Justice Administrative Commission to track expenditures and performance measures of court-appointed counsel; requiring reports concerning expenditures, performance measures, and certain characteristics of court-appointed counsel; creating s. 27.425, F.S.; requiring the chief circuit judge to recommend compensation rates for providers of due process services; providing for rates to be prescribed in the General Appropriations Act; creating s. 27.511, F.S.; creating an office of criminal conflict and civil regional counsel within the boundaries of each of the five district courts of appeal; providing legislative intent; directing the Justice Administrative Commission to provide administrative support to the offices; prescribing qualifications for and providing for appointment of the regional counsel; providing prohibitions related to the practice of law; requiring that the criminal conflict and civil regional counsel be appointed when the public defender has a conflict of interest in specified cases; prohibiting appointment of the office in certain circumstances; providing for appellate representation; providing for the regional counsel to provide representation in certain civil proceedings; providing exceptions for certain guardianship cases; amending s. 27.512, F.S., relating to orders of no imprisonment; conforming provisions to the creation of the regional offices; amending s. 27.52, F.S., relating to the determination of indigent status; conforming provisions to the creation of the regional offices; amending s. 27.525, F.S.; revising the purposes of the Indigent Criminal Defense Trust Fund; amending s. 27.53, F.S.; authorizing the regional counsel to employ assistant regional counsel; authorizing certain investigators to carry concealed weapons and serve process under certain conditions; requiring the regional counsel to recommend modifications to classification and pay plans; providing for appropriations to be determined by a funding formula; amending s. 27.5301, F.S.; providing for salaries for the regional counsel and assistant counsel; amending s. 27.5303, F.S., relating to conflicts of interest in the representation of indigent defendants; conforming provisions to changes made by the act; eliminating the authority for the Justice Administrative Commission to contest motions to withdraw; requiring public defenders to submit orders granting motions to withdraw to the commission; requiring the commission to report on such orders; providing for the regional counsel to file a motion to withdraw from a criminal or civil case due to a conflict of interest; providing procedures and criteria; amending s. 27.5304, F.S., relating to compensation of private court-appointed counsel, to conform; providing that compensation is based upon a flat fee prescribed in the General Appropriations Act; revising and eliminating certain procedures relating to

CONFERENCE COMMITTEE REPORT ON CS for SB 1134

The Honorable Ken Pruitt May 1, 2007
 President of the Senate

The Honorable Marco Rubio
 Speaker, House of Representatives

Dear Mr. President and Mr. Speaker:

Your Conference Committee on the disagreeing votes of the two houses on CS for SB 1134, same being:

An act relating to Transportation; requires nonprofit youth organizations that contract with Department of Transportation for purpose of operating youth work experience programs to certify that program participants are residents of state and possess valid identification; specifies criteria for Department of Transportation to consider in awarding contracts to such organizations; requires that said organizations submit certain reports and audits to Department of Transportation and demonstrate participation in peer assessment or review process revises Department of Transportation's requirement to share certain costs of fixed-guideway system projects; provides that certain construction projects be advertised for bids in local newspapers; revises surety bond requirements for construction or maintenance contracts; raises limit on outstanding bonds to fund turnpike projects.

Having met, and after full and free conference, do recommend to their respective houses as follows:

1. That the House recede from its Amendment 1.
2. That the Senate and House of Representatives adopt the Conference Committee Amendment attached hereto, and by reference made a part of this report.

Conference Committee Amendment (with title amendment)—
 Delete everything after the enacting clause and insert:

Section 1. Subsection (1) of section 215.615, Florida Statutes, is amended to read:

215.615 Fixed-guideway transportation systems funding.—

(1) The issuance of revenue bonds by the Division of Bond Finance, on behalf of the Department of Transportation, pursuant to s. 11, Art. VII of the State Constitution, is authorized, pursuant to the State Bond Act, to finance or refinance fixed capital expenditures for fixed-guideway transportation systems, as defined in s. 341.031, including facilities appurtenant thereto, costs of issuance, and other amounts relating to such financing or refinancing. ~~Such revenue bonds shall be matched on a 50-50 basis with funds from sources other than revenues of the Department of Transportation, in a manner acceptable to the Department of Transportation.~~ The Division of Bond Finance is authorized to consider innovative financing techniques that technologies which may include, but are not limited to, innovative bidding and structures of potential financings findings that may result in negotiated transactions.

(a) The department and any participating commuter rail authority or regional transportation authority established under chapter 343,

local governments, or local governments collectively by interlocal agreement having jurisdiction of a fixed-guideway transportation system may enter into an interlocal agreement to promote the efficient and cost-effective financing or refinancing of fixed-guideway transportation system projects by revenue bonds issued pursuant to this subsection. The terms of such interlocal agreements shall include provisions for the Department of Transportation to request the issuance of the bonds on behalf of the parties; shall provide that *the department's share may be up to 50 percent of the eligible project cost, which may include a share of the annual* ~~each party to the agreement is contractually liable for an equal share of funding an amount equal to the debt service requirements of such bonds; and shall include any other terms, provisions, or covenants necessary to the making of and full performance under such interlocal agreement. Repayments made to the department under any interlocal agreement are not pledged to the repayment of bonds issued hereunder, and failure of the local governmental authority to make such payment shall not affect the obligation of the department to pay debt service on the bonds.~~

(b) Revenue bonds issued pursuant to this subsection shall not constitute a general obligation of, or a pledge of the full faith and credit of, the State of Florida. Bonds issued pursuant to this section shall be payable from funds available pursuant to s. 206.46(3), or other funds available to the project, subject to annual appropriation. The amount of revenues available for debt service shall never exceed a maximum of 2 percent of all state revenues deposited into the State Transportation Trust Fund.

(c) The projects to be financed or refinanced with the proceeds of the revenue bonds issued hereunder are designated as state fixed capital outlay projects for purposes of s. 11(d), Art. VII of the State Constitution, and the specific projects to be financed or refinanced shall be determined by the Department of Transportation in accordance with state law and appropriations from the State Transportation Trust Fund. Each project to be financed with the proceeds of the bonds issued pursuant to this subsection must first be approved by the Legislature by an act of general law.

(d) Any complaint for validation of bonds issued pursuant to this section shall be filed in the circuit court of the county where the seat of state government is situated, the notice required to be published by s. 75.06 shall be published only in the county where the complaint is filed, and the complaint and order of the circuit court shall be served only on the state attorney of the circuit in which the action is pending.

(e) The state does hereby covenant with holders of such revenue bonds or other instruments of indebtedness issued hereunder, that it will not repeal or impair or amend these provisions in any manner that will materially and adversely affect the rights of such holders as long as bonds authorized by this subsection are outstanding.

(f) This subsection supersedes any inconsistent provisions in existing law.

Notwithstanding this subsection, the lien of revenue bonds issued pursuant to this subsection on moneys deposited into the State Transportation Trust Fund shall be subordinate to the lien on such moneys of bonds issued under ss. 215.605, 320.20, and 215.616, and any pledge of such moneys to pay operating and maintenance expenses under s. 206.46(5) and chapter 348, as may be amended.

Section 2. Section 334.351, Florida Statutes, is amended to read:

334.351 Youth work experience program; findings and intent; authority to contract; limitation.—

(1) The Legislature finds and declares that young men and women of the state should be given an opportunity to obtain public service work and training experience that protects and conserves the valuable resources of the state and promotes participation in other community enhancement projects. Notwithstanding the requirements of chapters 287 and 337, the Department of Transportation is authorized to contract with public agencies and nonprofit organizations for the performance of work related to the construction and maintenance of transportation-related facilities by youths enrolled in youth work experience programs. The total amount of contracts entered into by the department under this section in any fiscal year may not exceed the amount specifically appropriated by the Legislature for this program.

(2) *Each nonprofit youth organization that provides services under a contract with the department must certify that each young person enrolled in its work experience program is a resident of this state and possesses a valid Florida driver's license or identification card.*

(3) *When selecting a nonprofit youth organization to perform work on transportation-related facilities and before awarding a contract under this section, the department must consider the following criteria:*

- (a) *The number of participants receiving life-management skills training;*
- (b) *The number of participants receiving high school diplomas or GEDs;*
- (c) *The number of participants receiving scholarships;*
- (d) *The number of participants receiving bonuses;*
- (e) *The number of participants who have secured full-time jobs; and*
- (f) *The other programs or services that support the development of disadvantaged youths.*

(4) *Each nonprofit youth organization under contract with the department must:*

(a) *Submit an annual report to the department by January 1 of each year. The report must include, but need not be limited to, the applicable performance of the organization when measured by the criteria in subsection (3) for the organization's most recently completed fiscal year.*

(b) *Submit an independent audit of the organization's financial records to the department each year. The organization's contract with the department must allow the department the right to inspect the organization's financial and program records.*

(c) *Demonstrate participation in a peer assessment or review process, such as the Excellence in Corps Operations of the National Association of Service and Conservation Corps.*

Section 3. Paragraph (a) of subsection (3) of section 337.11, Florida Statutes, is amended to read:

337.11 Contracting authority of department; bids; emergency repairs, supplemental agreements, and change orders; combined design and construction contracts; progress payments; records; requirements of vehicle registration.—

(3)(a) On all construction contracts of \$250,000 or less, as well as any construction contract of less than \$500,000 for which the department has waived prequalification pursuant to s. 337.14, the department shall advertise for bids in a newspaper having general circulation in the county where the proposed work is located. Publication shall be at least once a week for no less than 2 consecutive weeks, and the first publication shall be no less than 14 days prior to the date on which bids are to be received.

Section 4. Subsection (1) of section 337.14, Florida Statutes, is amended to read:

337.14 Application for qualification; certificate of qualification; restrictions; request for hearing.—

(1) Any person desiring to bid for the performance of any construction contract in excess of \$250,000 which the department proposes to let must first be certified by the department as qualified pursuant to this section and rules of the department. The rules of the department shall address the qualification of persons to bid on construction contracts in excess of \$250,000 and shall include requirements with respect to the equipment, past record, experience, financial resources, and organizational personnel of the applicant necessary to perform the specific class of work for which the person seeks certification. The department is authorized to limit the dollar amount of any contract upon which a person is qualified to bid or the aggregate total dollar volume of contracts such person is allowed to have under contract at any one time. Each applicant seeking qualification to bid on construction contracts in excess of \$250,000 shall furnish the department a statement under oath, on such forms as the department may prescribe, setting forth detailed information as required on the application. Each application for certification shall be accompanied by the latest annual financial statement of the

applicant completed within the last 12 months. If the annual financial statement shows the financial condition of the applicant more than 4 months prior to the date on which the application is received by the department, then an interim financial statement must also be submitted. The interim financial statement must cover the period from the end date of the annual statement and must show the financial condition of the applicant no more than 4 months prior to the date on which the application is received by the department. Each required annual or interim financial statement must be audited and accompanied by the opinion of a certified public accountant or a public accountant approved by the department. The information required by this subsection is confidential and exempt from the provisions of s. 119.07(1). The department shall act upon the application for qualification within 30 days after the department determines that the application is complete. *The department may waive the requirements of this subsection for projects having a contract price of \$500,000 or less if the department determines that the project is of a noncritical nature and noncompliance with the subsection will not endanger public health, safety, or property.*

Section 5. Paragraph (a) of subsection (1) of section 337.18, Florida Statutes, is amended to read:

337.18 Surety bonds for construction or maintenance contracts; requirement with respect to contract award; bond requirements; defaults; damage assessments.—

(1)(a) A surety bond shall be required of the successful bidder in an amount equal to the awarded contract price. *However, the department may choose, in its discretion and applicable only to multiyear maintenance contracts, to allow for incremental annual contract bonds that cumulatively total the full, awarded multiyear contract price.* For a project for which the contract price is \$250,000 ~~\$150,000~~ or less, the department may waive the requirement for all or a portion of a surety bond if it determines the project is of a noncritical nature and nonperformance will not endanger public health, safety, or property. *If the Secretary of Transportation or the secretary's designee determines that it is in the best interests of the department to do so and that a reduced bonding requirement for a project will not endanger public health, safety, or property, the department may waive the requirement of a surety bond in an amount equal to the awarded contract price for a project having a contract price of \$250 million or more, and, in its place, may set a surety bond amount that is a portion of the total contract price and provide an alternate means of security for the balance of the contract amount which is not covered by the surety bond or provide for incremental surety bonding and provide an alternate means of security for the balance of the contract amount which is not covered by the surety bond. Such alternate means of security may include letters of credit, United States bonds and notes, parent company guarantees, and cash collateral.* The department may require alternate means of security if a surety bond is waived. The surety on such bond shall be a surety company authorized to do business in the state. All bonds shall be payable to the department and conditioned for the prompt, faithful, and efficient performance of the contract according to plans and specifications and within the time period specified, and for the prompt payment of all persons defined in s. 713.01 furnishing labor, material, equipment, and supplies for work provided in the contract; however, whenever an improvement, demolition, or removal contract price is \$25,000 or less, the security may, in the discretion of the bidder, be in the form of a cashier's check, bank money order of any state or national bank, certified check, or postal money order. The department shall adopt rules to implement this subsection. Such rules shall include provisions under which the department shall refuse to accept bonds on contracts when a surety wrongfully fails or refuses to settle or provide a defense for claims or actions arising under a contract for which the surety previously furnished a bond.

Section 6. Subsection (1) of section 338.2275, Florida Statutes, is amended to read:

338.2275 Approved turnpike projects.—

(1) Legislative approval of the department's tentative work program that contains the turnpike project constitutes approval to issue bonds as required by s. 11(f), Art. VII of the State Constitution. ~~No more than \$10 Turnpike projects approved to be included in future tentative work programs include, but are not limited to, projects contained in the 2003-2004 tentative work program. A maximum of \$4.5 billion of bonds may be outstanding issued to fund approved turnpike projects.~~

Section 7. Subsection (9) of section 479.07, Florida Statutes, is amended to read:

479.07 Sign permits.—

(9)(a) A permit shall not be granted for any sign for which a permit had not been granted by the effective date of this act unless such sign is located at least:

1. One thousand five hundred feet from any other permitted sign on the same side of the highway, if on an interstate highway.
2. One thousand feet from any other permitted sign on the same side of the highway, if on a federal-aid primary highway.

The minimum spacing provided in this paragraph does not preclude the permitting of V-type, back-to-back, side-to-side, stacked, or double-faced signs at the permitted sign site.

(b) A permit shall not be granted for a sign pursuant to this chapter to locate such sign on any portion of the interstate or federal-aid primary highway system, which sign:

1. Exceeds 50 feet in sign structure height above the crown of the main-traveled way, if outside an incorporated area;
2. Exceeds 65 feet in sign structure height above the crown of the main-traveled way, if inside an incorporated area; or
3. Exceeds 950 square feet of sign facing including all embellishments.

(c) *Notwithstanding subparagraph (a)1., there is established a pilot program in Orange and Osceola Counties under which the distance between permitted signs on the same side of an interstate highway may be reduced to 1,000 feet if all other requirements of this chapter are met and if:*

1. *The local government has adopted a plan, program, resolution, ordinance, or other policy encouraging the voluntary removal of signs in a downtown, historic, redevelopment, infill, or other designated area which also provides for a new or replacement sign to be erected on an interstate highway within that jurisdiction if a sign in the designated area is removed;*
2. *The sign owner and the local government mutually agree to the terms of the removal and replacement; and*
3. *The local government notifies the department of its intention to allow such removal and replacement as agreed upon pursuant to subparagraph 2.*

The department shall maintain statistics tracking the use of the provisions of this pilot program based on the notifications received by the department from local governments under this paragraph.

(d)(e) Nothing in this subsection shall be construed so as to cause a sign which was conforming on October 1, 1984, to become nonconforming.

Section 8. *The Department of Highway Safety and Motor Vehicles shall implement a secure print-on-demand electronic temporary license plate registration, record retention, and issue system for use by every department-authorized issuer of temporary license plates by the end of the 2007-2008 fiscal year. Secure print-on-demand for this purpose means validating state registration data using higher levels of commercially accepted data encryption methods from the point of department connectivity to the license plate printer. The temporary license plate media used for this purpose shall be a nonpermeable material that maintains its structural integrity, including graphic and data adhesion, in all weather conditions after being placed on a vehicle. For public safety in general and for the safety of law enforcement officers, placement of temporary license plates on the outside of the vehicle and in the provided license plate mount when available is encouraged. The department may adopt rules as necessary to implement this program in the 2007-2008 fiscal year. The department may provide such exemptions as may be feasibly required.*

Section 9. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to transportation; amending s. 215.615, F.S.; revising the Department of Transportation's requirement to share certain costs of fixed-guideway system projects; revising criteria for an interlocal agreement to establish bond financing for fixed-guideway system projects; revising provisions for sources of funds for the payment of bonds; amending s. 334.351, F.S.; requiring nonprofit youth organizations that contract with the Department of Transportation for the purpose of operating youth work experience programs to certify that the program participants are residents of the state and possess valid identification; specifying criteria for the department to consider in awarding contracts to such organizations; requiring that the nonprofit youth organizations submit certain reports and audits to the department and demonstrate participation in a peer assessment or review process; amending s. 337.11, F.S.; providing that certain construction projects be advertised for bids in local newspapers; amending s. 337.14, F.S.; authorizing the department to waive specified prequalification requirements for certain transportation projects under certain conditions; amending s. 337.18, F.S.; revising surety bond requirements for construction or maintenance contracts; providing for incremental annual surety bonds for multiyear maintenance contracts under certain conditions; revising the threshold for transportation projects eligible for a waiver of surety bond requirements; authorizing the department to provide for phased surety bond coverage or an alternate means of security for a portion of the contract amount in lieu of the surety bond; amending s. 338.2275, F.S.; raising the limit on outstanding bonds to fund turnpike projects; amending s. 479.07, F.S.; establishing a pilot program in specified counties authorizing a reduction in the distance between permitted signs on the same side of an interstate highway; providing requirements for the local government and the sign owner with respect to participating in the pilot program; requiring that the department maintain statistics concerning the program; requiring the Department of Highway Safety and Motor Vehicles to implement by a certain date a system whereby department-authorized issuers of temporary license plates may issue print-on-demand electronic temporary license plates; specifying requirements for the material used for the temporary plates; authorizing the department to adopt rules and provide exemptions as required; providing an effective date.

Conference Committee Amendment (with title amendment)—
 Delete everything after the enacting clause and insert:

Section 1. Subsection (10) of section 517.12, Florida Statutes, is amended to read:

517.12 Registration of dealers, associated persons, investment advisers, and branch offices.—

(10) An applicant for registration shall pay an assessment fee of \$200, in the case of a dealer or investment adviser, or ~~\$50~~ \$40, in the case of an associated person. ~~The assessment fee of an associated person shall be reduced to \$30, but only after the office determines, by final order, that sufficient funds have been allocated to the Securities Guaranty Fund pursuant to s. 517.1203 to satisfy all valid claims filed in accordance with s. 517.1203(2) and after all amounts payable under any service contract entered into by the office pursuant to s. 517.1204, and all notes, bonds, certificates of indebtedness, other obligations, or evidences of indebtedness secured by such notes, bonds, certificates of indebtedness, or other obligations, have been paid or provision has been made for the payment of such amounts, notes, bonds, certificates of indebtedness, other obligations, or evidences of indebtedness.~~ An associated person may be assessed an additional fee to cover the cost for the fingerprint cards to be processed by the office. Such fee shall be determined by rule of the commission. Each dealer and each investment adviser shall pay an assessment fee of \$100 for each office in this state. Such fees become the revenue of the state, except for those assessments provided for under s. 517.131(1) until such time as the Securities Guaranty Fund satisfies the statutory limits, and are not returnable in the event that registration is withdrawn or not granted.

Section 2. *Sections 517.1203 and 517.1204, Florida Statutes, are repealed.*

Section 3. Subsection (1) of section 517.131, Florida Statutes, is amended to read:

517.131 Securities Guaranty Fund.—

(1)(a) The Chief Financial Officer shall establish a Securities Guaranty Fund. An amount not exceeding 20 percent of all revenues received as assessment fees pursuant to s. 517.12(10) and (11) for dealers and investment advisers or s. 517.1201 for federal covered advisers and an amount not exceeding 10 percent of all revenues received as assessment fees pursuant to s. 517.12(10) and (11) for associated persons shall be allocated to the fund. ~~An additional amount not exceeding 3.5 percent of all revenues received as assessment fees for associated persons pursuant to s. 517.12(10) and (11) shall be allocated to the Securities Guaranty Fund but only after the office determines, by final order, that sufficient funds have been allocated to the fund pursuant to s. 517.1203 to satisfy all valid claims filed in accordance with s. 517.1203(2) and after all amounts payable under any service contract entered into by the office pursuant to s. 517.1204, and all notes, bonds, certificates of indebtedness, other obligations, or evidences of indebtedness secured by such notes, bonds, certificates of indebtedness, or other obligations, have been paid or provision has been made for the payment of such amounts, notes, bonds, certificates of indebtedness, other obligations, or evidences of indebtedness.~~ This assessment fee shall be part of the regular license fee

and shall be transferred to or deposited in the Securities Guaranty Fund.

(b) If the fund at any time exceeds \$1.5 million, ~~transfer allocation~~ of assessment fees to this fund shall be discontinued at the end of that license year, and ~~transfer of~~ such assessment fees shall not be ~~resumed~~ ~~reimposed~~ unless the fund is reduced below \$1 million by disbursement made in accordance with s. 517.141.

Section 4. Section 517.315, Florida Statutes, is amended to read:

517.315 Fees.—All fees ~~and charges~~ of any nature collected by the office pursuant to this chapter shall be disbursed as follows:

(1) *The office shall transfer the amount of fees required to be deposited into the Securities Guaranty Fund pursuant to s. 517.131;*

(2) *After the transfer required in subsection (1), the office shall transfer \$20 of the \$50 assessment fee collected from each associated person under s. 517.12(10) and (11) to the Regulatory Trust Fund; and*

(3) *All remaining fees shall be deposited into the General Revenue Fund., except the fees and charges collected pursuant to s. 517.131, shall be paid into the State Treasury and credited to the General Revenue Fund; and an appropriation shall be made annually of necessary funds for the administration of the provisions of this chapter.*

Section 5. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to the regulation of securities transactions; amending s. 517.12, F.S.; increasing the registration and filing fees for associated persons; deleting provisions providing for an assessment fee to be allocated to the Securities Guaranty Fund; repealing ss. 517.1203 and 517.1204, F.S., relating to the allocation and disbursement of assessment fees and the Investment Fraud Restoration Financing Corporation; amending s. 517.131, F.S.; revising the formula for transferring revenues received as assessment fees into the Securities Guaranty Fund; amending s. 517.315, F.S.; revising requirements for the Office of Financial Regulation with respect to the deposit of fees collected under ch. 517, F.S.; providing an effective date.

Conference Committee Amendment (with title amendment)—
Delete everything after the enacting clause and insert:

Section 1. Subsection (9) of section 328.72, Florida Statutes, is amended to read:

328.72 Classification; registration; fees and charges; surcharge; disposition of fees; fines; marine turtle stickers.—

(9)(a) SURCHARGE.—In addition, there is hereby levied and imposed on each vessel registration fee imposed under subsection (1) a surcharge in the amount of \$1, which shall be collected in the same manner as the fee and deposited into the State Agency Law Enforcement Radio System Trust Fund of the Department of Management Services.

(b) *In addition, there is levied and imposed on each vessel registration fee imposed under subsection (1) a surcharge in the amount of \$2, which shall be collected in the same manner as the fee and deposited into the Marine Resources Conservation Trust Fund within the Fish and Wildlife Conservation Commission for the purpose of funding the derelict vessel grant program established under s. 376.15(2). From these funds the Fish and Wildlife Conservation Commission may retain up to 10 percent to cover the administrative costs of the grant program.*

Section 2. Subsection (2) of section 376.15, Florida Statutes, is amended to read:

376.15 Derelict vessels; removal from public waters.—

(2)(a) The Fish and Wildlife Conservation Commission and its officers and all law enforcement officers as specified in s. 327.70 are authorized and empowered to remove any derelict vessel as defined in s. 823.11(1) from public waters. All costs incurred by the commission or other law enforcement agency in the removal of any abandoned or derelict vessel shall be recoverable against the owner of the vessel. The Department of Legal Affairs shall represent the commission in such actions.

(b) The commission may establish a program to provide grants to local governments for the removal of derelict vessels from the public waters of the state. The program shall be funded from the Florida Coastal Protection Trust Fund and the Marine Resources Conservation Trust Fund. Notwithstanding the provisions in s. 216.181(11), funds available for grants may only be authorized by appropriations acts of the Legislature.

(c) The commission shall adopt by rule procedures for submitting a grant application and criteria for allocating available funds. Such criteria shall include, but not be limited to, the following:

1. The number of derelict vessels within the jurisdiction of the applicant.

2. The threat posed by such vessels to public health or safety, the environment, navigation, or the aesthetic condition of the general vicinity.

3. The degree of commitment of the local government to maintain waters free of abandoned and derelict vessels and to seek legal action against those who abandon vessels in the waters of the state.

(d) This section shall constitute the authority for such removal but is not intended to be in contravention of any applicable federal act.

Section 3. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to vessels; amending s. 328.72, F.S.; imposing an additional surcharge on the vessel registration fee to be deposited into the Marine Resources Conservation Trust Fund within the Fish and Wildlife Conservation Commission; authorizing the commission to retain a percentage of the funds to cover certain costs of the grant program; amending s. 376.15, F.S.; requiring that a program for the removal of derelict vessels established by the commission be funded in part from the Marine Resources Conservation Trust Fund; providing an effective date.

The Conference Committee Report was read and on motion by Senator Alexander was adopted. **CS for SB 1104** passed as amended by the Conference Committee Report and was certified to the House together with the Conference Committee Report. The vote on passage was:

Conference Committee Amendment (with title amendment)—
 Delete everything after the enacting clause and insert:

Section 1. Subsections (6), (7), and (12) of section 381.0302, Florida Statutes, are amended to read:

381.0302 Florida Health Services Corps.—

(6) The department may provide loan repayment assistance and travel and relocation reimbursement to dentists, allopathic and osteopathic medical residents with primary care specialties during their last 2 years of residency training or upon completion of residency training, and to physician assistants and nurse practitioners with primary care specialties, in return for an agreement to serve a minimum of 2 years in the Florida Health Services Corps. During the period of service, the maximum amount of annual financial payments shall not be greater than the annual total of loan repayment assistance and tax subsidies authorized by the National Health Services Corps loan repayment program.

(7) The financial penalty for noncompliance with participation requirements for persons who have received financial payments under subsection (5) or subsection (6) shall be determined in the same manner as in the National Health Services Corps scholarship program. In addition, noncompliance with participation requirements shall also result in ineligibility for professional licensure or renewal of licensure under chapter 458, chapter 459, chapter 460, part I of chapter 464, chapter 465, or chapter 466. For a participant who is unable to participate for reasons of disability, the penalty is the actual amount of financial assistance provided to the participant. Financial penalties shall be deposited in the ~~Administrative Florida Health Services Corps~~ Trust Fund and shall be used to provide additional scholarship and financial assistance.

~~(12) Funds appropriated under this section shall be deposited in the Florida Health Services Corps Trust Fund, which shall be administered by the department. The department may use funds appropriated for the Florida Health Services Corps as matching funds for federal service-obligation scholarship programs for health care practitioners, such as the Demonstration Grants to States for Community Scholarship Grants program. If funds appropriated under this section are used as matching funds, federal criteria shall be followed whenever there is a conflict between provisions in this section and federal requirements.~~

Section 2. Paragraph (a) of subsection (4) of section 394.9082, Florida Statutes, is amended to read:

394.9082 Behavioral health service delivery strategies.—

(4) CONTRACT FOR SERVICES.—

(a) The Department of Children and Family Services and the Agency for Health Care Administration may contract for the provision or management of behavioral health services with a managing entity in at least two geographic areas. Both the Department of Children and Family Services and the Agency for Health Care Administration must contract with the same managing entity in any distinct geographic area where the strategy operates. This managing entity shall be accountable at a minimum for the delivery of behavioral health services specified and funded by the department and the agency. The geographic area must be of sufficient size in population and have enough public funds for behavioral health services to allow for flexibility and maximum efficiency. ~~Notwithstanding the provisions of s. 409.912(4)(b)1,~~ At least one service delivery strategy must be in one of the service districts in the catchment area of G. Pierce Wood Memorial Hospital.

Section 3. Paragraph (c) of subsection (5) of section 409.905, Florida Statutes, is amended to read:

409.905 Mandatory Medicaid services.—The agency may make payments for the following services, which are required of the state by Title XIX of the Social Security Act, furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any service under this section shall be provided only when medically necessary and in accordance with state and federal law. Mandatory services rendered by providers in mobile units to Medicaid recipients may be restricted by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, number of services, or any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216.

(5) HOSPITAL INPATIENT SERVICES.—The agency shall pay for all covered services provided for the medical care and treatment of a recipient who is admitted as an inpatient by a licensed physician or dentist to a hospital licensed under part I of chapter 395. However, the agency shall limit the payment for inpatient hospital services for a Medicaid recipient 21 years of age or older to 45 days or the number of days necessary to comply with the General Appropriations Act.

(c) The Agency for Health Care Administration shall adjust a hospital's current inpatient per diem rate to reflect the cost of serving the Medicaid population at that institution if:

1. The hospital experiences an increase in Medicaid caseload by more than 25 percent in any year, primarily resulting from the closure of a hospital in the same service area occurring after July 1, 1995, and;

2. the hospital's Medicaid per diem rate is at least 25 percent below the Medicaid per patient cost for that year; or

2.3. The hospital is located in a county that has five or fewer hospitals, began offering obstetrical services on or after September 1999, and has submitted a request in writing to the agency for a rate adjustment after July 1, 2000, but before September 30, 2000, in which case such hospital's Medicaid inpatient per diem rate shall be adjusted to cost, effective July 1, 2002.

No later than October 1 of each year, the agency must provide estimated costs for any adjustment in a hospital inpatient per diem pursuant to this paragraph to the Executive Office of the Governor, the House of Representatives General Appropriations Committee, and the Senate Appropriations Committee. Before the agency implements a change in a hospital's inpatient per diem rate pursuant to this paragraph, the Legislature must have specifically appropriated sufficient funds in the General Appropriations Act to support the increase in cost as estimated by the agency.

Section 4. Subsection (22) of section 409.906, Florida Statutes, is amended, and subsection (26) is added to that section, to read:

409.906 Optional Medicaid services.—Subject to specific appropriations, the agency may make payments for services which are optional to the state under Title XIX of the Social Security Act and are furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any optional service that is provided shall be provided only when medically necessary and in accordance with state and federal law. Optional services rendered by providers in mobile units to Medicaid recipients may be restricted or prohibited by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. If necessary to safeguard the state's systems of providing services to elderly and disabled persons and subject to the notice and review provisions of s. 216.177, the Governor may direct the Agency for Health Care Administration to amend the Medicaid state plan to delete the optional Medicaid service known as "Intermediate Care Facilities for the Developmentally Disabled." Optional services may include:

(22) *PSYCHIATRIC STATE HOSPITAL SERVICES.*—The agency may pay for all-inclusive psychiatric inpatient hospital care provided to a recipient age 65 or older in a state *treatment facility or in a qualified private free-standing specialty mental* hospital.

(26) *ANESTHESIOLOGIST ASSISTANT SERVICES.*—*The agency may pay for all services provided to a recipient by an anesthesiologist assistant licensed under s. 458.3475 or s. 459.023. Reimbursement for such services must be not less than 80 percent of the reimbursement that would be paid to a physician who provided the same services.*

Section 5. *Section 409.9061, Florida Statutes, is repealed.*

Section 6. Paragraph (b) of subsection (2) and subsection (13) of section 409.908, Florida Statutes, are amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the

agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)

(b) Subject to any limitations or directions provided for in the General Appropriations Act, the agency shall establish and implement a Florida Title XIX Long-Term Care Reimbursement Plan (Medicaid) for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.

~~1. Changes of ownership or of licensed operator may or may not qualify for increases in reimbursement rates associated with the change of ownership or of licensed operator. The agency may amend the Title XIX Long-Term Care Reimbursement Plan to provide that the initial nursing home reimbursement rates, for the operating, patient care, and MAR components, associated with related and unrelated party changes of ownership or licensed operator filed on or after September 1, 2001, are equivalent to the previous owner's reimbursement rate.~~

1.2. The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care subcomponents of the patient care component of the per diem rate. These two subcomponents together shall equal the patient care component of the per diem rate. Separate cost-based ceilings shall be calculated for each patient care subcomponent. The direct care subcomponent of the per diem rate shall be limited by the cost-based class ceiling, and the indirect care subcomponent may be limited by the lower of the cost-based class ceiling, the target rate class ceiling, or the individual provider target.

2.3. The direct care subcomponent shall include salaries and benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility. This excludes nursing administration, minimum data set, and care plan coordinators, staff development, and staffing coordinator.

3.4. All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate. There shall be no costs directly or indirectly allocated to the direct care subcomponent from a home office or management company.

4.5. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

5.6. In order to offset the cost of general and professional liability insurance, the agency shall amend the plan to allow for interim rate adjustments to reflect increases in the cost of general or professional liability insurance for nursing homes. This provision shall be implemented to the extent existing appropriations are available.

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment.

(13) Medicare premiums for persons eligible for both Medicare and Medicaid coverage shall be paid at the rates established by Title XVIII of the Social Security Act. For Medicare services rendered to Medicaid-eligible persons, Medicaid shall pay Medicare deductibles and coinsurance as follows:

~~(a) Medicaid shall make no payment toward deductibles and coinsurance for any service that is not covered by Medicaid.~~

(a)(b) Medicaid's financial obligation for deductibles and coinsurance payments shall be based on Medicare allowable fees, not on a provider's billed charges.

(b)(e) Medicaid will pay no portion of Medicare deductibles and coinsurance when payment that Medicare has made for the service equals or exceeds what Medicaid would have paid if it had been the sole payor. The combined payment of Medicare and Medicaid shall not exceed the amount Medicaid would have paid had it been the sole payor. The Legislature finds that there has been confusion regarding the reimbursement for services rendered to dually eligible Medicare beneficiaries. Accordingly, the Legislature clarifies that it has always been the intent of the Legislature before and after 1991 that, in reimbursing in accordance with fees established by Title XVIII for premiums, deductibles, and coinsurance for Medicare services rendered by physicians to Medicaid eligible persons, physicians be reimbursed at the lesser of the amount billed by the physician or the Medicaid maximum allowable fee established by the Agency for Health Care Administration, as is permitted by federal law. It has never been the intent of the Legislature with regard to such services rendered by physicians that Medicaid be required to provide any payment for deductibles, coinsurance, or copayments for Medicare cost sharing, or any expenses incurred relating thereto, in excess of the payment amount provided for under the State Medicaid plan for such service. This payment methodology is applicable even in those situations in which the payment for Medicare cost sharing for a qualified Medicare beneficiary with respect to an item or service is reduced or eliminated. This expression of the Legislature is in clarification of existing law and shall apply to payment for, and with respect to provider agreements with respect to, items or services furnished on or after the effective date of this act. This paragraph applies to payment by Medicaid for items and services furnished before the effective date of this act if such payment is the subject of a lawsuit that is based on the provisions of this section, and that is pending as of, or is initiated after, the effective date of this act.

(c)(d) Notwithstanding paragraphs (a)-(b) (a)-(e):

1. Medicaid payments for Nursing Home Medicare part A coinsurance shall be *limited to the lesser of the Medicare coinsurance amount or the Medicaid nursing home per diem rate less any amount paid by Medicare, but only up to the Medicare coinsurance. The Medicaid per diem rate shall be the rate in effect for the dates of service of the crossover claims and may not be subsequently adjusted due to subsequent per diem rate adjustments.*

2. Medicaid shall pay all deductibles and coinsurance for Medicare-eligible recipients receiving freestanding end stage renal dialysis center services.

3. Medicaid payments for general hospital inpatient services shall be limited to the Medicare deductible per spell of illness *and coinsurance. Medicaid shall make no payment toward coinsurance for Medicare general hospital inpatient services.*

4. Medicaid shall pay all deductibles and coinsurance for Medicare emergency transportation services provided by ambulances licensed pursuant to chapter 401.

Section 7. Paragraph (a) of subsection (2) of section 409.911, Florida Statutes, is amended to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the 2001, 2002, and 2003 ~~2000, 2001, and 2002~~ audited disproportionate share data to determine each hospital's Medicaid days and charity care for the 2007-2008 ~~2006-2007~~ state fiscal year.

Section 8. Section 409.9112, Florida Statutes, is amended to read:

409.9112 Disproportionate share program for regional perinatal intensive care centers.—In addition to the payments made under s.

409.911, the Agency for Health Care Administration shall design and implement a system of making disproportionate share payments to those hospitals that participate in the regional perinatal intensive care center program established pursuant to chapter 383. This system of payments shall conform with federal requirements and shall distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. For the state fiscal year 2007-2008 ~~2005-2006~~, the agency shall not distribute moneys under the regional perinatal intensive care centers disproportionate share program.

(1) The following formula shall be used by the agency to calculate the total amount earned for hospitals that participate in the regional perinatal intensive care center program:

$$TAE = HDSP/THDSP$$

Where:

TAE = total amount earned by a regional perinatal intensive care center.

HDSP = the prior state fiscal year regional perinatal intensive care center disproportionate share payment to the individual hospital.

THDSP = the prior state fiscal year total regional perinatal intensive care center disproportionate share payments to all hospitals.

(2) The total additional payment for hospitals that participate in the regional perinatal intensive care center program shall be calculated by the agency as follows:

$$TAP = TAE \times TA$$

Where:

TAP = total additional payment for a regional perinatal intensive care center.

TAE = total amount earned by a regional perinatal intensive care center.

TA = total appropriation for the regional perinatal intensive care center disproportionate share program.

(3) In order to receive payments under this section, a hospital must be participating in the regional perinatal intensive care center program pursuant to chapter 383 and must meet the following additional requirements:

(a) Agree to conform to all departmental and agency requirements to ensure high quality in the provision of services, including criteria adopted by departmental and agency rule concerning staffing ratios, medical records, standards of care, equipment, space, and such other standards and criteria as the department and agency deem appropriate as specified by rule.

(b) Agree to provide information to the department and agency, in a form and manner to be prescribed by rule of the department and agency, concerning the care provided to all patients in neonatal intensive care centers and high-risk maternity care.

(c) Agree to accept all patients for neonatal intensive care and high-risk maternity care, regardless of ability to pay, on a functional space-available basis.

(d) Agree to develop arrangements with other maternity and neonatal care providers in the hospital's region for the appropriate receipt and transfer of patients in need of specialized maternity and neonatal intensive care services.

(e) Agree to establish and provide a developmental evaluation and services program for certain high-risk neonates, as prescribed and defined by rule of the department.

(f) Agree to sponsor a program of continuing education in perinatal care for health care professionals within the region of the hospital, as specified by rule.

(g) Agree to provide backup and referral services to the department's county health departments and other low-income perinatal providers

within the hospital's region, including the development of written agreements between these organizations and the hospital.

(h) Agree to arrange for transportation for high-risk obstetrical patients and neonates in need of transfer from the community to the hospital or from the hospital to another more appropriate facility.

(4) Hospitals which fail to comply with any of the conditions in subsection (3) or the applicable rules of the department and agency shall not receive any payments under this section until full compliance is achieved. A hospital which is not in compliance in two or more consecutive quarters shall not receive its share of the funds. Any forfeited funds shall be distributed by the remaining participating regional perinatal intensive care center program hospitals.

Section 9. Section 409.9113, Florida Statutes, is amended to read:

409.9113 Disproportionate share program for teaching hospitals.—In addition to the payments made under ss. 409.911 and 409.9112, the Agency for Health Care Administration shall make disproportionate share payments to statutorily defined teaching hospitals for their increased costs associated with medical education programs and for tertiary health care services provided to the indigent. This system of payments shall conform with federal requirements and shall distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. For the state fiscal year 2007-2008 ~~2006-2007~~, the agency shall distribute the moneys provided in the General Appropriations Act to statutorily defined teaching hospitals and family practice teaching hospitals under the teaching hospital disproportionate share program. The funds provided for statutorily defined teaching hospitals shall be distributed in the same proportion as the state fiscal year 2003-2004 teaching hospital disproportionate share funds were distributed. The funds provided for family practice teaching hospitals shall be distributed equally among family practice teaching hospitals.

(1) On or before September 15 of each year, the Agency for Health Care Administration shall calculate an allocation fraction to be used for distributing funds to state statutory teaching hospitals. Subsequent to the end of each quarter of the state fiscal year, the agency shall distribute to each statutory teaching hospital, as defined in s. 408.07, an amount determined by multiplying one-fourth of the funds appropriated for this purpose by the Legislature times such hospital's allocation fraction. The allocation fraction for each such hospital shall be determined by the sum of three primary factors, divided by three. The primary factors are:

(a) The number of nationally accredited graduate medical education programs offered by the hospital, including programs accredited by the Accreditation Council for Graduate Medical Education and the combined Internal Medicine and Pediatrics programs acceptable to both the American Board of Internal Medicine and the American Board of Pediatrics at the beginning of the state fiscal year preceding the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the hospital represents of the total number of programs, where the total is computed for all state statutory teaching hospitals.

(b) The number of full-time equivalent trainees in the hospital, which comprises two components:

1. The number of trainees enrolled in nationally accredited graduate medical education programs, as defined in paragraph (a). Full-time equivalents are computed using the fraction of the year during which each trainee is primarily assigned to the given institution, over the state fiscal year preceding the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the hospital represents of the total number of full-time equivalent trainees enrolled in accredited graduate programs, where the total is computed for all state statutory teaching hospitals.

2. The number of medical students enrolled in accredited colleges of medicine and engaged in clinical activities, including required clinical clerkships and clinical electives. Full-time equivalents are computed using the fraction of the year during which each trainee is primarily assigned to the given institution, over the course of the state fiscal year preceding the date on which the allocation fraction is calculated. The

numerical value of this factor is the fraction that the given hospital represents of the total number of full-time equivalent students enrolled in accredited colleges of medicine, where the total is computed for all state statutory teaching hospitals.

The primary factor for full-time equivalent trainees is computed as the sum of these two components, divided by two.

(c) A service index that comprises three components:

1. The Agency for Health Care Administration Service Index, computed by applying the standard Service Inventory Scores established by the Agency for Health Care Administration to services offered by the given hospital, as reported on Worksheet A-2 for the last fiscal year reported to the agency before the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the given hospital represents of the total Agency for Health Care Administration Service Index values, where the total is computed for all state statutory teaching hospitals.

2. A volume-weighted service index, computed by applying the standard Service Inventory Scores established by the Agency for Health Care Administration to the volume of each service, expressed in terms of the standard units of measure reported on Worksheet A-2 for the last fiscal year reported to the agency before the date on which the allocation factor is calculated. The numerical value of this factor is the fraction that the given hospital represents of the total volume-weighted service index values, where the total is computed for all state statutory teaching hospitals.

3. Total Medicaid payments to each hospital for direct inpatient and outpatient services during the fiscal year preceding the date on which the allocation factor is calculated. This includes payments made to each hospital for such services by Medicaid prepaid health plans, whether the plan was administered by the hospital or not. The numerical value of this factor is the fraction that each hospital represents of the total of such Medicaid payments, where the total is computed for all state statutory teaching hospitals.

The primary factor for the service index is computed as the sum of these three components, divided by three.

(2) By October 1 of each year, the agency shall use the following formula to calculate the maximum additional disproportionate share payment for statutorily defined teaching hospitals:

$$TAP = THAF \times A$$

Where:

TAP = total additional payment.

THAF = teaching hospital allocation factor.

A = amount appropriated for a teaching hospital disproportionate share program.

Section 10. Section 409.9117, Florida Statutes, is amended to read:

409.9117 Primary care disproportionate share program.—For the state fiscal year 2007-2008 ~~2006-2007~~, the agency shall not distribute moneys under the primary care disproportionate share program.

(1) If federal funds are available for disproportionate share programs in addition to those otherwise provided by law, there shall be created a primary care disproportionate share program.

(2) The following formula shall be used by the agency to calculate the total amount earned for hospitals that participate in the primary care disproportionate share program:

$$TAE = HDSP/THDSP$$

Where:

TAE = total amount earned by a hospital participating in the primary care disproportionate share program.

HDSP = the prior state fiscal year primary care disproportionate share payment to the individual hospital.

THDSP = the prior state fiscal year total primary care disproportionate share payments to all hospitals.

(3) The total additional payment for hospitals that participate in the primary care disproportionate share program shall be calculated by the agency as follows:

$$TAP = TAE \times TA$$

Where:

TAP = total additional payment for a primary care hospital.

TAE = total amount earned by a primary care hospital.

TA = total appropriation for the primary care disproportionate share program.

(4) In the establishment and funding of this program, the agency shall use the following criteria in addition to those specified in s. 409.911, payments may not be made to a hospital unless the hospital agrees to:

(a) Cooperate with a Medicaid prepaid health plan, if one exists in the community.

(b) Ensure the availability of primary and specialty care physicians to Medicaid recipients who are not enrolled in a prepaid capitated arrangement and who are in need of access to such physicians.

(c) Coordinate and provide primary care services free of charge, except copayments, to all persons with incomes up to 100 percent of the federal poverty level who are not otherwise covered by Medicaid or another program administered by a governmental entity, and to provide such services based on a sliding fee scale to all persons with incomes up to 200 percent of the federal poverty level who are not otherwise covered by Medicaid or another program administered by a governmental entity, except that eligibility may be limited to persons who reside within a more limited area, as agreed to by the agency and the hospital.

(d) Contract with any federally qualified health center, if one exists within the agreed geopolitical boundaries, concerning the provision of primary care services, in order to guarantee delivery of services in a nonduplicative fashion, and to provide for referral arrangements, privileges, and admissions, as appropriate. The hospital shall agree to provide at an onsite or offsite facility primary care services within 24 hours to which all Medicaid recipients and persons eligible under this paragraph who do not require emergency room services are referred during normal daylight hours.

(e) Cooperate with the agency, the county, and other entities to ensure the provision of certain public health services, case management, referral and acceptance of patients, and sharing of epidemiological data, as the agency and the hospital find mutually necessary and desirable to promote and protect the public health within the agreed geopolitical boundaries.

(f) In cooperation with the county in which the hospital resides, develop a low-cost, outpatient, prepaid health care program to persons who are not eligible for the Medicaid program, and who reside within the area.

(g) Provide inpatient services to residents within the area who are not eligible for Medicaid or Medicare, and who do not have private health insurance, regardless of ability to pay, on the basis of available space, except that nothing shall prevent the hospital from establishing bill collection programs based on ability to pay.

(h) Work with the Florida Healthy Kids Corporation, the Florida Health Care Purchasing Cooperative, and business health coalitions, as appropriate, to develop a feasibility study and plan to provide a low-cost comprehensive health insurance plan to persons who reside within the area and who do not have access to such a plan.

(i) Work with public health officials and other experts to provide community health education and prevention activities designed to promote healthy lifestyles and appropriate use of health services.

(j) Work with the local health council to develop a plan for promoting access to affordable health care services for all persons who reside within the area, including, but not limited to, public health services, primary care services, inpatient services, and affordable health insurance generally.

Any hospital that fails to comply with any of the provisions of this subsection, or any other contractual condition, may not receive payments under this section until full compliance is achieved.

Section 11. Paragraph (b) of subsection (4) of section 409.912, Florida Statutes, is amended, and subsections (53) and (54) are added to that section, to read:

409.912 Cost-effective purchasing of health care.—The agency shall purchase goods and services for Medicaid recipients in the most cost-effective manner consistent with the delivery of quality medical care. To ensure that medical services are effectively utilized, the agency may, in any case, require a confirmation or second physician's opinion of the correct diagnosis for purposes of authorizing future services under the Medicaid program. This section does not restrict access to emergency services or poststabilization care services as defined in 42 C.F.R. part 438.114. Such confirmation or second opinion shall be rendered in a manner approved by the agency. The agency shall maximize the use of prepaid per capita and prepaid aggregate fixed-sum basis services when appropriate and other alternative service delivery and reimbursement methodologies, including competitive bidding pursuant to s. 287.057, designed to facilitate the cost-effective purchase of a case-managed continuum of care. The agency shall also require providers to minimize the exposure of recipients to the need for acute inpatient, custodial, and other institutional care and the inappropriate or unnecessary use of high-cost services. The agency shall contract with a vendor to monitor and evaluate the clinical practice patterns of providers in order to identify trends that are outside the normal practice patterns of a provider's professional peers or the national guidelines of a provider's professional association. The vendor must be able to provide information and counseling to a provider whose practice patterns are outside the norms, in consultation with the agency, to improve patient care and reduce inappropriate utilization. The agency may mandate prior authorization, drug therapy management, or disease management participation for certain populations of Medicaid beneficiaries, certain drug classes, or particular drugs to prevent fraud, abuse, overuse, and possible dangerous drug interactions. The Pharmaceutical and Therapeutics Committee shall make recommendations to the agency on drugs for which prior authorization is required. The agency shall inform the Pharmaceutical and Therapeutics Committee of its decisions regarding drugs subject to prior authorization. The agency is authorized to limit the entities it contracts with or enrolls as Medicaid providers by developing a provider network through provider credentialing. The agency may competitively bid single-source-provider contracts if procurement of goods or services results in demonstrated cost savings to the state without limiting access to care. The agency may limit its network based on the assessment of beneficiary access to care, provider availability, provider quality standards, time and distance standards for access to care, the cultural competence of the provider network, demographic characteristics of Medicaid beneficiaries, practice and provider-to-beneficiary standards, appointment wait times, beneficiary use of services, provider turnover, provider profiling, provider licensure history, previous program integrity investigations and findings, peer review, provider Medicaid policy and billing compliance records, clinical and medical record audits, and other factors. Providers shall not be entitled to enrollment in the Medicaid provider network. The agency shall determine instances in which allowing Medicaid beneficiaries to purchase durable medical equipment and other goods is less expensive to the Medicaid program than long-term rental of the equipment or goods. The agency may establish rules to facilitate purchases in lieu of long-term rentals in order to protect against fraud and abuse in the Medicaid program as defined in s. 409.913. The agency may seek federal waivers necessary to administer these policies.

(4) The agency may contract with:

(b) An entity that is providing comprehensive behavioral health care services to certain Medicaid recipients through a capitated, prepaid arrangement pursuant to the federal waiver provided for by s. 409.905(5). Such an entity must be licensed under chapter 624, chapter 636, or chapter 641 and must possess the clinical systems and operational competence to manage risk and provide comprehensive behavioral health care to Medicaid recipients. As used in this paragraph, the term "comprehensive behavioral health care services" means covered mental health and substance abuse treatment services that are available to Medicaid recipients. The secretary of the Department of Children and Family Services shall approve provisions of procurements related to children in the department's care or custody prior to enrolling such children in a prepaid behavioral health plan. Any contract awarded

under this paragraph must be competitively procured. In developing the behavioral health care prepaid plan procurement document, the agency shall ensure that the procurement document requires the contractor to develop and implement a plan to ensure compliance with s. 394.4574 related to services provided to residents of licensed assisted living facilities that hold a limited mental health license. Except as provided in subparagraph 8., and except in counties where the Medicaid managed care pilot program is authorized pursuant to s. 409.91211, the agency shall seek federal approval to contract with a single entity meeting these requirements to provide comprehensive behavioral health care services to all Medicaid recipients not enrolled in a Medicaid managed care plan authorized under s. 409.91211 or a Medicaid health maintenance organization in an AHCA area. In an AHCA area where the Medicaid managed care pilot program is authorized pursuant to s. 409.91211 in one or more counties, the agency may procure a contract with a single entity to serve the remaining counties as an AHCA area or the remaining counties may be included with an adjacent AHCA area and shall be subject to this paragraph. Each entity must offer sufficient choice of providers in its network to ensure recipient access to care and the opportunity to select a provider with whom they are satisfied. The network shall include all public mental health hospitals. To ensure unimpaired access to behavioral health care services by Medicaid recipients, all contracts issued pursuant to this paragraph shall require *each managed care company to report to the agency on an annual basis the percentage of the capitation paid to the managed care company which is expended for the provision of behavioral health care services. 80 percent of the capitation paid to the managed care plan, including health maintenance organizations, to be expended for the provision of behavioral health care services. In the event the managed care plan expends less than 80 percent of the capitation paid pursuant to this paragraph for the provision of behavioral health care services, the difference shall be returned to the agency.* The agency shall provide the managed care plan with a certification letter indicating the amount of capitation paid during each calendar year for the provision of behavioral health care services pursuant to this section. The agency may reimburse for substance abuse treatment services on a fee-for-service basis until the agency finds that adequate funds are available for capitated, prepaid arrangements.

~~1. By January 1, 2001, the agency shall modify the contracts with the entities providing comprehensive inpatient and outpatient mental health care services to Medicaid recipients in Hillsborough, Highlands, Hardee, Manatee, and Polk Counties, to include substance abuse treatment services.~~

1.2. By July 1, 2003, the agency and the Department of Children and Family Services shall execute a written agreement that requires collaboration and joint development of all policy, budgets, procurement documents, contracts, and monitoring plans that have an impact on the state and Medicaid community mental health and targeted case management programs.

2.3. Except as provided in subparagraph 7. 8., by July 1, 2006, the agency and the Department of Children and Family Services shall contract with managed care entities in each AHCA area except area 6 or arrange to provide comprehensive inpatient and outpatient mental health and substance abuse services through capitated prepaid arrangements to all Medicaid recipients who are eligible to participate in such plans under federal law and regulation. In AHCA areas where eligible individuals number less than 150,000, the agency shall contract with a single managed care plan to provide comprehensive behavioral health services to all recipients who are not enrolled in a Medicaid health maintenance organization or a Medicaid capitated managed care plan authorized under s. 409.91211. The agency may contract with more than one comprehensive behavioral health provider to provide care to recipients who are not enrolled in a Medicaid capitated managed care plan authorized under s. 409.91211 or a Medicaid health maintenance organization in AHCA areas where the eligible population exceeds 150,000. In an AHCA area where the Medicaid managed care pilot program is authorized pursuant to s. 409.91211 in one or more counties, the agency may procure a contract with a single entity to serve the remaining counties as an AHCA area or the remaining counties may be included with an adjacent AHCA area and shall be subject to this paragraph. Contracts for comprehensive behavioral health providers awarded pursuant to this section shall be competitively procured. Both for-profit and not-for-profit corporations shall be eligible to compete. Managed care plans contracting with the agency under subsection (3) shall provide and receive payment for the same comprehensive behavioral health benefits as provided in AHCA rules, including handbooks incorporated by reference. In AHCA area 11, the agency shall contract with at least two

comprehensive behavioral health care providers to provide behavioral health care to recipients in that area who are enrolled in, or assigned to, the MediPass program. One of the behavioral health care contracts shall be with the existing provider service network pilot project, as described in paragraph (d), for the purpose of demonstrating the cost-effectiveness of the provision of quality mental health services through a public hospital-operated managed care model. Payment shall be at an agreed-upon capitated rate to ensure cost savings. Of the recipients in area 11 who are assigned to MediPass under the provisions of s. 409.9122(2)(k), a minimum of 50,000 of those MediPass-enrolled recipients shall be assigned to the existing provider service network in area 11 for their behavioral care.

3.4. By October 1, 2003, the agency and the department shall submit a plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives which provides for the full implementation of capitated prepaid behavioral health care in all areas of the state.

a. Implementation shall begin in 2003 in those AHCA areas of the state where the agency is able to establish sufficient capitation rates.

b. If the agency determines that the proposed capitation rate in any area is insufficient to provide appropriate services, the agency may adjust the capitation rate to ensure that care will be available. The agency and the department may use existing general revenue to address any additional required match but may not over-obligate existing funds on an annualized basis.

c. Subject to any limitations provided for in the General Appropriations Act, the agency, in compliance with appropriate federal authorization, shall develop policies and procedures that allow for certification of local and state funds.

4.5. Children residing in a statewide inpatient psychiatric program, or in a Department of Juvenile Justice or a Department of Children and Family Services residential program approved as a Medicaid behavioral health overlay services provider shall not be included in a behavioral health care prepaid health plan or any other Medicaid managed care plan pursuant to this paragraph.

5.6. In converting to a prepaid system of delivery, the agency shall in its procurement document require an entity providing only comprehensive behavioral health care services to prevent the displacement of indigent care patients by enrollees in the Medicaid prepaid health plan providing behavioral health care services from facilities receiving state funding to provide indigent behavioral health care, to facilities licensed under chapter 395 which do not receive state funding for indigent behavioral health care, or reimburse the unsubsidized facility for the cost of behavioral health care provided to the displaced indigent care patient.

6.7. Traditional community mental health providers under contract with the Department of Children and Family Services pursuant to part IV of chapter 394, child welfare providers under contract with the Department of Children and Family Services in areas 1 and 6, and inpatient mental health providers licensed pursuant to chapter 395 must be offered an opportunity to accept or decline a contract to participate in any provider network for prepaid behavioral health services.

7.8. For fiscal year 2004-2005, all Medicaid eligible children, except children in areas 1 and 6, whose cases are open for child welfare services in the HomeSafeNet system, shall be enrolled in MediPass or in Medicaid fee-for-service and all their behavioral health care services including inpatient, outpatient psychiatric, community mental health, and case management shall be reimbursed on a fee-for-service basis. Beginning July 1, 2005, such children, who are open for child welfare services in the HomeSafeNet system, shall receive their behavioral health care services through a specialty prepaid plan operated by community-based lead agencies either through a single agency or formal agreements among several agencies. The specialty prepaid plan must result in savings to the state comparable to savings achieved in other Medicaid managed care and prepaid programs. Such plan must provide mechanisms to maximize state and local revenues. The specialty prepaid plan shall be developed by the agency and the Department of Children and Family Services. The agency is authorized to seek any federal waivers to implement this initiative. *Medicaid-eligible children whose cases are open for child welfare services in the HomeSafeNet system and who reside in AHCA area 10 shall be exempt from the specialty prepaid plan upon the development of a service delivery mechanism for area 10 children as specified in s. 409.91211(3)(dd).*

8. *The agency may implement a methodology based on encounter data to develop capitation rates for prepaid health plans contracted to provide behavioral health services pursuant to this paragraph and for health maintenance organizations contracted to provide behavioral health services pursuant to subsection (3). For contracts beginning in the first state fiscal year in which an encounter-based system is used in any agency service area, 90 percent of the capitation rate shall be based on the agency's fee-for-service methodology and 10 percent shall be based on the behavioral health encounter data system methodology. For contracts beginning in the second and third state fiscal years in which an encounter-based system is used in any agency service area, no less than 75 percent of the capitation rate shall be based on the agency's fee-for-service methodology and not more than 25 percent shall be based on the behavioral health encounter data system methodology. If the agency applies an encounter data system methodology in agency service areas 1 and 6 in state fiscal year 2007-2008, the 2007-2008 state fiscal year shall be considered the first year of the implementation.*

(53)(a) *A pharmacist may not dispense a drug for immunosuppressive therapy following transplant unless the drug is the specific formulation and manufactured by the specific manufacturer as prescribed by the patient's physician.*

(b) *A pharmacist may substitute a drug product that is generically equivalent for immunosuppressive therapy following transplant only if, before making the substitution, the pharmacist obtains a signed authorization from the prescribing physician.*

(54) *Before seeking an amendment to the state plan for purposes of implementing programs authorized by the Deficit Reduction Act of 2005, the agency shall notify the Legislature.*

Section 12. Paragraph (dd) of subsection (3) of section 409.91211, Florida Statutes, is amended to read:

409.91211 Medicaid managed care pilot program.—

(3) The agency shall have the following powers, duties, and responsibilities with respect to the pilot program:

(dd) *To implement develop and recommend service delivery mechanisms within capitated managed care plans to provide Medicaid services as specified in ss. 409.905 and 409.906 to Medicaid-eligible children who are open for child welfare services in the HomeSafeNet system in foster care. These services must be coordinated with community-based care providers as specified in s. 409.1671 s. 409.1675, where available, and be sufficient to meet the medical, developmental, behavioral, and emotional needs of these children. These service-delivery mechanisms must be implemented no later than July 1, 2008, in AHCA area 10 in order for the children in AHCA area 10 to remain exempt from the statewide plan under s. 409.912(4)(b)7.*

Section 13. Subsection (13) of section 409.9122, Florida Statutes, is amended to read:

409.9122 Mandatory Medicaid managed care enrollment; programs and procedures.—

(13) *Effective July 1, 2003, the agency shall adjust the enrollee assignment process of Medicaid managed prepaid health plans for those Medicaid managed prepaid plans operating in Miami-Dade County which have executed a contract with the agency for a minimum of 8 consecutive years in order for the Medicaid managed prepaid plan to maintain a minimum enrollment level of 15,000 members per month. When assigning enrollees pursuant to this subsection, the agency shall give priority to providers that initially qualified under this subsection until such providers reach and maintain an enrollment level of 15,000 members per month. A prepaid health plan that has a statewide Medicaid enrollment of 25,000 or more members is not eligible for enrollee assignments under this subsection.*

Section 14. Subsection (2) of section 409.9124, Florida Statutes, is amended, and subsections (7) and (8) are added to that section, to read:

409.9124 Managed care reimbursement.—*The agency shall develop and adopt by rule a methodology for reimbursing managed care plans.*

(2) *Each year prior to establishing new managed care rates, the agency shall review all prior year adjustments for changes in trend, and*

shall reduce or eliminate those adjustments which are not reasonable and which reflect policies or programs which are not in effect. In addition, the agency shall apply only those policy reductions applicable to the fiscal year for which the rates are being set, which can be accurately estimated and verified by an independent actuary, and which have been implemented prior to or will be implemented during the fiscal year. The agency shall pay rates at per member, per month averages that do not exceed the amounts allowed for in the General Appropriations Act applicable to the fiscal year for which the rates will be in effect.

(7) *Effective January 1, 2008, the agency shall amend its rule pertaining to the methodology for reimbursing managed care plans created pursuant to this section, and for each agency area and eligibility category, the percentage of the payment limit shall be increased by 0.5 percentage point from the percentage of the payment limit specified in the 2006-2007 rule. The percentage of the payment limit may not exceed 100 percent for any agency area or eligibility category.*

(8) *Effective January 1, 2009, the agency shall amend its rule pertaining to the methodology for reimbursing managed care plans created pursuant to this section, and for each agency area and eligibility category, the percentage of the payment limit shall be increased by 1.5 percentage points from the percentage of the payment limit specified in the 2007-2008 rule. The percentage of the payment limit may not exceed 100 percent for any agency area or eligibility category.*

Section 15. Subsection (36) of section 409.913, Florida Statutes, is amended to read:

409.913 Oversight of the integrity of the Medicaid program.—*The agency shall operate a program to oversee the activities of Florida Medicaid recipients, and providers and their representatives, to ensure that fraudulent and abusive behavior and neglect of recipients occur to the minimum extent possible, and to recover overpayments and impose sanctions as appropriate. Beginning January 1, 2003, and each year thereafter, the agency and the Medicaid Fraud Control Unit of the Department of Legal Affairs shall submit a joint report to the Legislature documenting the effectiveness of the state's efforts to control Medicaid fraud and abuse and to recover Medicaid overpayments during the previous fiscal year. The report must describe the number of cases opened and investigated each year; the sources of the cases opened; the disposition of the cases closed each year; the amount of overpayments alleged in preliminary and final audit letters; the number and amount of fines or penalties imposed; any reductions in overpayment amounts negotiated in settlement agreements or by other means; the amount of final agency determinations of overpayments; the amount deducted from federal claiming as a result of overpayments; the amount of overpayments recovered each year; the amount of cost of investigation recovered each year; the average length of time to collect from the time the case was opened until the overpayment is paid in full; the amount determined as uncollectible and the portion of the uncollectible amount subsequently reclaimed from the Federal Government; the number of providers, by type, that are terminated from participation in the Medicaid program as a result of fraud and abuse; and all costs associated with discovering and prosecuting cases of Medicaid overpayments and making recoveries in such cases. The report must also document actions taken to prevent overpayments and the number of providers prevented from enrolling in or reenrolling in the Medicaid program as a result of documented Medicaid fraud and abuse and must recommend changes necessary to prevent or recover overpayments.*

(36) *The agency shall provide to each Medicaid recipient or his or her representative an explanation of benefits in the form of a letter that is mailed to the most recent address of the recipient on the record with the Department of Children and Family Services. The explanation of benefits must include the patient's name, the name of the health care provider and the address of the location where the service was provided, a description of all services billed to Medicaid in terminology that should be understood by a reasonable person, and information on how to report inappropriate or incorrect billing to the agency or other law enforcement entities for review or investigation. The explanation of benefits may not be mailed for Medicaid independent laboratory services as described in s. 409.905(7) or for the Medicaid certified match services as described in ss. 409.9071 and 1011.70.*

Section 16. Paragraph (a) of subsection (9) of section 430.705, Florida Statutes, is amended to read:

430.705 Implementation of the long-term care community diversion pilot projects.—

(9) Community diversion pilot projects must:

(a) Provide services for participants that are of sufficient quality, quantity, type, and duration to prevent or delay nursing facility placement. *Services shall include hospice care by a licensed hospice.*

Section 17. Present subsections (3) and (4) of section 458.319, Florida Statutes, are redesignated as subsections (4) and (5), respectively, and a new subsection (3) is added to that section, to read:

458.319 Renewal of license.—

(3) *The Department of Health shall waive the biennial license renewal fee for up to 10,000 allopathic or osteopathic physicians, in the aggregate, who have a valid, active license to practice under this chapter or chapter 459; whose primary practice address, as reported under s. 456.041, is located within the state; and who submit to the department, prior to the applicable license renewal date, a sworn affidavit that the physician is prescribing medications exclusively through the use of electronic prescribing software at the physician’s primary practice address. For purposes of this subsection, the term “electronic prescribing software” means, at a minimum, software that electronically generates and securely transmits, in real time, a patient prescription to a pharmacy. The department may adopt rules necessary to implement this subsection. This subsection expires July 1, 2008.*

Section 18. Section 459.0092, Florida Statutes, is amended to read:

459.0092 Fees.—

(1) The board shall set fees according to the following schedule:

(a)(1) The fee for application or certification pursuant to ss. 459.007, 459.0075, and 459.0077 shall not exceed \$500.

(b)(2) The fee for application and examination pursuant to s. 459.006 shall not exceed \$175 plus the actual per applicant cost to the department for purchase of the examination from the National Board of Osteopathic Medical Examiners or a similar national organization.

(c)(3) The fee for biennial renewal of licensure or certification shall not exceed \$500.

(2) *The Department of Health shall waive the biennial license renewal fee for up to 10,000 allopathic or osteopathic physicians, in the aggregate, who have a valid, active license to practice under chapter 458 or this chapter; whose primary practice address, as reported under s. 456.041, is located within the state; and who submit to the department, prior to the applicable license renewal date, a sworn affidavit that the physician is prescribing medications exclusively through the use of electronic prescribing software at the physician’s primary practice address. For purposes of this subsection, the term “electronic prescribing software” means, at a minimum, software that electronically generates and securely transmits, in real time, a patient prescription to a pharmacy. The department may adopt rules necessary to implement this subsection. This subsection expires July 1, 2008.*

Section 19. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to health care; amending s. 381.0302, F.S.; authorizing the Department of Health to provide loan repayment assistance and travel and relocation reimbursement to dentists who agree to serve 2 years in the Florida Health Services Corps; requiring that financial penalties for noncompliance with requirements for participating in the corps be deposited into the Administrative Trust Fund; deleting provisions requiring the deposit of moneys into the Florida Health Services Corps Trust Fund; amending s. 394.9082, F.S.; conforming a cross-reference; amending s. 409.905, F.S.; revising circumstances under which the Agency for Health Care Administration adjusts a hospital’s inpatient per diem rate under the Medicaid program; amending s. 409.906, F.S.; authorizing the Agency for Health Care Administration to pay for psychiatric inpatient hospital care to certain persons in certain treatment facilities or specialty hospitals; authorizing the agency to pay

Conference Committee Amendment (with title amendment)—
Delete everything after the enacting clause and insert:

Section 1. Section 393.0661, Florida Statutes, is amended to read:

393.0661 Home and community-based services delivery system; comprehensive redesign.—The Legislature finds that the home and community-based services delivery system for persons with developmental disabilities and the availability of appropriated funds are two of the critical elements in making services available. Therefore, it is the intent of the Legislature that the Agency for Persons with Disabilities shall develop and implement a comprehensive redesign of the system.

(1) The redesign of the home and community-based services system shall include, at a minimum, all actions necessary to achieve an appropriate rate structure, client choice within a specified service package, appropriate assessment strategies, an efficient billing process that contains reconciliation and monitoring components, a redefined role for support coordinators that avoids potential conflicts of interest, and ensures that family/client budgets are linked to levels of need.

(a) The agency shall use an assessment instrument that is reliable and valid. The agency may contract with an external vendor or may use support coordinators to complete client assessments if it develops sufficient safeguards and training to ensure ongoing inter-rater reliability.

(b) The agency, with the concurrence of the Agency for Health Care Administration, may contract for the determination of medical necessity and establishment of individual budgets.

(2) A provider of services rendered to persons with developmental disabilities pursuant to a federally approved waiver shall be reimbursed according to a rate methodology based upon an analysis of the expenditure history and prospective costs of providers participating in the waiver program, or under any other methodology developed by the Agency for Health Care Administration, in consultation with the Agency for Persons with Disabilities, and approved by the Federal Government in accordance with the waiver.

(3) *The Agency for Health Care Administration, in consultation with the agency, shall seek federal approval and implement a four-tiered waiver system to serve clients with developmental disabilities in the developmental disabilities and family and supported living waivers. The*

agency shall assign all clients receiving services through the developmental disabilities waiver to a tier based on a valid assessment instrument, client characteristics, and other appropriate assessment methods. All services covered under the current developmental disabilities waiver shall be available to all clients in all tiers where appropriate, except as otherwise provided in this subsection or in the General Appropriations Act.

(a) Tier one shall be limited to clients who have service needs that cannot be met in Tier two, three, or four for intensive medical or adaptive needs and that are essential for avoiding institutionalization, or who possess behavioral problems that are exceptional in intensity, duration, or frequency and present a substantial risk of harm to themselves or others.

(b) Tier two shall be limited to clients whose service needs include a licensed residential facility and greater than 5 hours per day in residential habilitation services or clients in supported living who receive greater than 6 hours a day of in-home support services. Total annual expenditures under tier two may not exceed \$55,000 per client each year.

(c) Tier three shall include, but is not limited to, clients requiring residential placements, clients in independent or supported living situations, and clients who live in their family home. Total annual expenditures under tier three may not exceed \$35,000 per client each year.

(d) Tier four is the family and supported living waiver. Tier four shall include, but is not limited to, clients in independent or supported living situations and clients who live in their family home. An increase to the number of services available to clients in this tier shall not take effect prior to July 1, 2008. Total annual expenditures under tier four may not exceed \$14,792 per client each year.

(e) The Agency for Health Care Administration shall also seek federal approval to provide a consumer-directed option for persons with developmental disabilities which corresponds to the funding levels in each of the waiver tiers. The agency shall implement the four-tiered waiver system beginning with tiers one, three, and four and followed by tier two. The agency and the Agency for Health Care Administration may adopt any rules necessary to administer this subsection.

(f) The agency shall seek federal waivers and amend contracts as necessary to make changes to services defined in federal waiver programs administered by the agency as follows:

1. Supported living coaching services shall not exceed 20 hours per month for persons who also receive in-home support services.

2. Limited support coordination services shall be the only type of support coordination service provided to persons under the age of 18 who live in the family home.

3. Personal care assistance services shall be limited to no more than 180 hours per calendar month and shall not include rate modifiers. Additional hours may be authorized only if a substantial change in circumstances occurs for the individual.

4. Residential habilitation services shall be limited to 8 hours per day. Additional hours may be authorized for persons who have intensive medical or adaptive needs and if such hours are essential for avoiding institutionalization, or for persons who possess behavioral problems that are exceptional in intensity, duration, or frequency and present a substantial risk of harming themselves or others. This restriction shall be in effect until the four-tiered waiver system is fully implemented.

5. Chore, nonresidential support services and homemaker services shall be eliminated. The agency shall expand the definition of in-home support services to enable the provider of the service to include activities previously provided in these eliminated services.

6. Massage therapy and psychological assessment services shall be eliminated.

7. The agency shall conduct supplemental cost plan reviews to verify the medical necessity of authorized services for plans that have increased by more than 8 percent during either of the two preceding fiscal years.

8. The agency shall implement a consolidated residential habilitation rate structure to increase savings to the state through a more cost-effective

payment method and establish uniform rates for intensive behavioral residential habilitation services.

9. Pending federal approval, the agency is authorized to extend current support plans for clients receiving services under Medicaid waivers for 1 year beginning July 1, 2007, or from the date approved, whichever is later. Clients who have a substantial change in circumstances which threatens their health and safety may be reassessed during this year in order to determine the necessity for a change in their support plan.

~~(3) Pending the adoption of rate methodologies pursuant to non-emergency rulemaking under s. 120.54, the Agency for Health Care Administration may, at any time, adopt emergency rules under s. 120.54(4) in order to comply with subsection (4). In adopting such emergency rules, the agency need not make the findings required by s. 120.54(4)(a), and such rules shall be exempt from time limitations provided in s. 120.54(4)(c) and shall remain in effect until replaced by another emergency rule or the nonemergency adoption of the rate methodology.~~

(4) Nothing in this section or in any administrative rule shall be construed to prevent or limit the Agency for Health Care Administration, in consultation with the Agency for Persons with Disabilities, from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or from limiting enrollment, or making any other adjustment necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act.

(5) The Agency for Persons with Disabilities shall submit quarterly status reports to the Executive Office of the Governor, the chair of the Senate Ways and Means Committee or its successor, and the chair of the House Fiscal Council or its successor regarding the financial status of home and community-based services, including the number of enrolled individuals who are receiving services through one or more programs; the number of individuals who have requested services who are not enrolled but who are receiving services through one or more programs, with a description indicating the programs from which the individual is receiving services; the number of individuals who have refused an offer of services but who choose to remain on the list of individuals waiting for services; the number of individuals who have requested services but who are receiving no services; a frequency distribution indicating the length of time individuals have been waiting for services; and information concerning the actual and projected costs compared to the amount of the appropriation available to the program and any projected surpluses or deficits. If at any time an analysis by the agency, in consultation with the Agency for Health Care Administration, indicates that the cost of services is expected to exceed the amount appropriated, the agency shall submit a plan in accordance with subsection (4) to the Executive Office of the Governor, the chair of Senate Ways and Means Committee or its successor, and the chair of the House Fiscal Council or its successor to remain within the amount appropriated. *The agency shall work with the Agency for Health Care Administration to implement the plan so as to remain within the appropriation.*

Section 2. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to home and community-based services for persons with developmental disabilities; amending s. 393.0661, F.S.; requiring the Agency for Health Care Administration, in consultation with the Agency for Persons with Disabilities, to seek federal approval and implement a four-tiered waiver system for the purpose of serving clients with developmental disabilities; providing requirements and limitations with respect to each tier; authorizing the Agency for Health Care Administration and the Agency for Persons with Disabilities to adopt rules; requiring the Agency for Persons with Disabilities to seek federal waivers and amend contracts in order to implement the waiver system; providing requirements for changes to various services; deleting authorization for the Agency for Health Care Administration to adopt certain emergency rules; providing an effective date.

(c) "Council" means the Tobacco Education and Use Prevention Advisory Council.

(d) "Department" means the Department of Health.

(e) "Tobacco" means, without limitation, tobacco itself and tobacco products that include tobacco and are intended or expected for human use or consumption, including, but not limited to, cigarettes, cigars, pipe tobacco, and smokeless tobacco.

(f) "Youth" means minors and young adults.

(2) **PURPOSE, FINDINGS, AND INTENT.**—It is the purpose of this section to implement s. 27, Art. X of the State Constitution. The Legislature finds that s. 27, Art. X of the State Constitution requires the funding of a statewide tobacco education and use prevention program that focuses on tobacco use by youth. The Legislature further finds that the primary goals of the program are to reduce the prevalence of tobacco use among youth, adults, and pregnant women; reduce per capita tobacco consumption; and reduce exposure to environmental tobacco smoke. Further, it is the intent of the Legislature to base increases in funding for individual components of the program on the results of assessments and evaluations. Recognizing that some components will need to grow faster than inflation, it is the intent of the Legislature to fund portions of the program on a nonrecurring basis in the early years so that those components that are most effective can be supported as the program matures.

(3) **PROGRAM COMPONENTS AND REQUIREMENTS.**—The department shall conduct a comprehensive, statewide tobacco education and use prevention program consistent with the recommendations for effective program components contained in the 1999 Best Practices for Comprehensive Tobacco Control Programs of the CDC, as amended by the CDC. The program shall include the following components, each of which shall focus on educating people, particularly youth and their parents, about the health hazards of tobacco and discouraging the use of tobacco:

(a) **Counter-marketing and advertising; cyberspace resource center.**—The counter-marketing and advertising campaign shall include, at a minimum, Internet, print, radio, and television advertising and shall be funded with a minimum of one-third of the total annual appropriation required by s. 27, Art. X of the State Constitution. A cyberspace resource center for copyrighted materials and information concerning tobacco education and use prevention, including cessation, shall be maintained by the program. Such resource center must be accessible to the public, including parents, teachers, and students, at each level of public and private schools, universities, and colleges in the state and shall provide links to other relevant resources. The Internet address for the resource center must be incorporated in all advertising. The information maintained in the resource center shall be used by the other components of the program.

(b) **Cessation programs, counseling, and treatment.**—This program component shall include two subcomponents:

1. A statewide toll-free cessation service, which may include counseling, referrals to other local resources and support services, and treatment to the extent funds are available for treatment services; and

2. A local community-based program to disseminate information about smoking cessation, how smoking cessation relates to prenatal care and obesity prevention, and other chronic tobacco-related diseases.

(c) **Surveillance and evaluation.**—The program shall conduct ongoing epidemiological surveillance and shall contract for annual independent evaluations of the effectiveness of the various components of the program in meeting the goals as set forth in subsection (2).

(d) **Youth school programs.**—School and after-school programs shall use current evidence-based curricula and programs that involve youth to educate youth about the health hazards of tobacco, help youth develop skills to refuse tobacco, and demonstrate to youth how to stop using tobacco.

(e) **Community programs and chronic disease prevention.**—The department shall promote and support local community-based partnerships that emphasize programs involving youth, including programs for the prevention, detection, and early intervention of smoking-related chronic diseases.

(f) **Training.**—The program shall include the training of health care practitioners, smoking-cessation counselors, and teachers by health professional students and other tobacco-use prevention specialists who are trained in preventing tobacco use and health education. Smoking-

cessation counselors shall be trained by specialists who are certified in tobacco-use cessation.

(g) **Administration, statewide programs, and county health departments.**—Each county health department is eligible to receive a portion of the annual appropriation, on a per capita basis, for coordinating tobacco education and use prevention programs within that county. Appropriated funds may be used to improve the infrastructure of the county health department to implement the comprehensive, statewide tobacco education and use prevention program. Each county health department shall prominently display in all treatment rooms and waiting rooms, counter-marketing and advertisement materials in the form of wall posters, brochures, television advertising if televisions are used in the lobby or waiting room, and screensavers and Internet advertising if computer kiosks are available for use or viewing by people at the county health department.

(h) **Enforcement and awareness of related laws.**—In coordination with the Department of Business and Professional Regulation, the program shall monitor the enforcement of laws, rules, and policies prohibiting the sale or other provision of tobacco to minors, as well as the continued enforcement of the Clean Indoor Air Act prescribed in chapter 386. The advertisements produced in accordance with paragraph (a) may also include information designed to make the public aware of these related laws and rules. The departments may enter into interagency agreements to carry out this program component.

(i) **AHEC smoking-cessation initiative.**—For the 2007-2008 and 2008-2009 fiscal years only, the AHEC network shall expand the AHEC smoking-cessation initiative to each county within the state and perform other activities as determined by the department.

(4) **ADVISORY COUNCIL; MEMBERS, APPOINTMENTS, AND MEETINGS.**—The Tobacco Education and Use Prevention Advisory Council is created within the department.

(a) The council shall consist of 23 members, including:

1. The Secretary of Health, who shall serve as the chairperson.
2. One county health department director, appointed by the Secretary of Health.
3. Two members appointed by the Commissioner of Education, of whom one must be a school district superintendent.
4. The chief executive officer of the Florida Division of the American Cancer Society, or his or her designee.
5. The chief executive officer of the Greater Southeast Affiliate of the American Heart Association, or his or her designee.
6. The chief executive officer of the American Lung Association of Florida, or his or her designee.
7. The dean of the University of Miami School of Medicine, or his or her designee.
8. The dean of the University of Florida College of Medicine, or his or her designee.
9. The dean of the University of South Florida College of Medicine, or his or her designee.
10. The dean of the Florida State University College of Medicine, or his or her designee.
11. The dean of Nova Southeastern College of Osteopathic Medicine, or his or her designee.
12. The dean of the Lake Erie College of Osteopathic Medicine in Bradenton, Florida, or his or her designee.
13. The chief executive officer of the Campaign for Tobacco Free Kids, or his or her designee.
14. The chief executive officer of the Legacy Foundation, or his or her designee.

15. Four members appointed by the Governor, of whom two must have expertise in the field of tobacco-use prevention and education or smoking cessation and one individual who shall be between the ages of 16 and 21 at the time of his or her appointment.

16. Two members appointed by the President of the Senate, of whom one must have expertise in the field of tobacco-use prevention and education or smoking cessation.

17. Two members appointed by the Speaker of the House of Representatives, of whom one must have expertise in the field of tobacco-use prevention and education or smoking cessation.

(b) The appointments shall be for 3-year terms and shall reflect the diversity of the state's population. A vacancy shall be filled by appointment by the original appointing authority for the unexpired portion of the term.

(c) An appointed member may not serve more than two consecutive terms.

(d) The council shall meet at least quarterly and upon the call of the chairperson. Meetings may be held via teleconference or other electronic means.

(e) Members of the council shall serve without compensation, but are entitled to reimbursement for per diem and travel expenses pursuant to s. 112.061. Members who are state officers or employees or who are appointed by state officers or employees shall be reimbursed for per diem and travel expenses pursuant to s. 112.061 from the state agency through which they serve.

(f) The department shall provide council members with information and other assistance as is reasonably necessary to assist the council in carrying out its responsibilities.

(5) **COUNCIL DUTIES AND RESPONSIBILITIES.**—The council shall advise the Secretary of Health as to the direction and scope of the Comprehensive Statewide Tobacco Education and Use Prevention Program. The responsibilities of the council include, but are not limited to:

(a) Providing advice on program priorities and emphases.

(b) Providing advice on the overall program budget.

(c) Providing advice on copyrighted material, trademark, and future transactions as they pertain to the tobacco education and use prevention program.

(d) Reviewing broadcast material prepared for the Internet, portable media players, radio, and television as it relates to the advertising component of the tobacco education and use prevention program.

(e) Participating in periodic program evaluation.

(f) Assisting in the development of guidelines to ensure fairness, neutrality, and adherence to the principles of merit and quality in the conduct of the program.

(g) Assisting in the development of administrative procedures relating to solicitation, review, and award of contracts and grants in order to ensure an impartial, high-quality peer-review system.

(h) Assisting in the development and supervision of peer-review panels.

(i) Reviewing reports of peer-review panels and making recommendations for contracts and grants.

(j) Reviewing the activities and evaluating the performance of the AHEC network to avoid duplicative efforts using state funds.

(k) Recommending meaningful outcome measures through a regular review of tobacco-use prevention and education strategies and programs of other states and the Federal Government.

(l) Recommending policies to encourage a coordinated response to tobacco use in this state, focusing specifically on creating partnerships within and between the public and private sectors.

(6) **CONTRACT REQUIREMENTS.**—Contracts or grants for the program components or subcomponents described in paragraphs (3)(a)-(f) shall be awarded by the Secretary of Health, after consultation with the council, on the basis of merit, as determined by an open, competitive, peer-reviewed process that ensures objectivity, consistency, and high quality. The department shall award such grants or contracts no later than October 1 for each fiscal year. A recipient of a contract or grant for the program component described in paragraph (3)(c) is not eligible for a contract or grant award for any other program component described in subsection (3) in the same state fiscal year. A school or college of medicine that is represented on the council is not eligible to receive a contract or grant under this section. For the 2007-2008 and 2008-2009 fiscal years only, the department shall award a contract or grant in the amount of \$10 million to the AHEC network for the purpose of developing the components described in paragraph (3)(i). The AHEC network may apply for a competitive contract or grant after the 2008-2009 fiscal year.

(a) In order to ensure that all proposals for funding are appropriate and are evaluated fairly on the basis of merit, the Secretary of Health, in consultation with the council, shall appoint a peer-review panel of independent, qualified experts in the field of tobacco control to review the content of each proposal and establish its priority score. The priority scores shall be forwarded to the council and must be considered in determining which proposals will be recommended for funding.

(b) The council and the peer-review panel shall establish and follow rigorous guidelines for ethical conduct and adhere to a strict policy with regard to conflicts of interest. A member of the council or panel may not participate in any discussion or decision with respect to a research proposal by any firm, entity, or agency with which the member is associated as a member of the governing body or as an employee or with which the member has entered into a contractual arrangement. Meetings of the council and the peer-review panels are subject to chapter 119, s. 286.011, and s. 24, Art. I of the State Constitution.

(c) In each contract or grant agreement, the department shall limit the use of food and promotional items to no more than 2.5 percent of the total amount of the contract or grant and limit overhead or indirect costs to no more than 7.5 percent of the total amount of the contract or grant. The department, in consultation with the Department of Financial Services, shall publish guidelines for appropriate food and promotional items.

(d) In each advertising contract, the department shall limit the total of production fees, buyer commissions, and related costs to no more than 10 percent of the total contract amount.

(e) Notwithstanding the competitive process for contracts prescribed in this subsection, each county health department is eligible for core funding, on a per capita basis, to implement tobacco education and use prevention activities within that county.

(7) **ANNUAL REPORT REQUIRED.**—By January 31 of each year, the department shall provide to the Governor, the President of the Senate, and the Speaker of the House of Representatives a report that evaluates the program's effectiveness in reducing and preventing tobacco use and that recommends improvements to enhance the program's effectiveness. The report must contain, at a minimum, an annual survey of youth attitudes and behavior toward tobacco, as well as a description of the progress in reducing the prevalence of tobacco use among youth, adults, and pregnant women; reducing per capita tobacco consumption; and reducing exposure to environmental tobacco smoke.

(8) **LIMITATION ON ADMINISTRATIVE EXPENSES.**—From the total funds appropriated for the Comprehensive Statewide Tobacco Education and Use Prevention Program in the General Appropriations Act, an amount of up to 5 percent may be used by the department for administrative expenses.

(9) **RULEMAKING AUTHORIZED.**—By January 1, 2008, the department shall adopt rules pursuant to ss. 120.536(1) and 120.54 to administer this section.

Section 2. This act shall take effect July 1, 2007.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to tobacco education and prevention; creating s.

381.84, F.S.; requiring the Department of Health to conduct a statewide tobacco education and use prevention program; providing definitions; providing legislative purpose and findings; establishing components of the program; creating the Tobacco Education and Use Prevention Advisory Council; providing membership and duties of the council; providing reimbursement for travel and other expenses for council members; requiring the Secretary of Health to award contracts in consultation with the council; providing for the appointment of a peer-review panel to review proposals for funding; specifying the use of funds appropriated under the program; requiring an annual report by the department to the Governor and the Legislature; providing rulemaking authority; providing an effective date.

The Conference Committee Report was read and on motion by Senator Peaden was adopted. **CS for SB 1126** passed as amended by the Conference Committee Report and was certified to the House together with the Conference Committee Report. The vote on passage was:

REPORTS OF COMMITTEES RELATING TO EXECUTIVE BUSINESS

The Honorable Ken Pruitt May 3, 2007
President, The Florida Senate

Dear Mr. President:

The following executive appointments were referred to the Senate Committee on Ethics and Elections for action pursuant to Rule 12.7(1) of the Rules of the Florida Senate:

<i>Office and Appointment</i>	<i>For Term Ending</i>
Florida Public Service Commission	
Appointees: Argenziano, Nancy	01/01/2011
Skop, Nathan A.	01/01/2011
Board of Trustees, Florida A & M University	
Appointee: Parks, Daryl D.	01/06/2011

As required by Rule 12.7(1), the committee held a public hearing at which members of the public were invited to attend and offer evidence concerning the qualifications, experience, and general suitability of the appointees.

After due consideration of the findings of such inquiry and the evidence presented at the public hearing, the Committee on Ethics and Elections respectfully advises and recommends pursuant to the authority granted in Article IV, Section 6 (a), Florida Constitution, and in accordance with Section 114.05(1), Florida Statutes:

- (1) the executive appointments of the above-named appointees, to the office and for the term indicated, be confirmed by the Senate;
- (2) Senate action on said appointments be taken prior to the adjournment of the 2007 Regular Session; and
- (3) there is no necessity known to the committee for the deliberations on said appointments to be held in executive session.

Respectfully Submitted,
Lee Constantine, Chair

On motion by Senator Constantine, the report was adopted and the Senate confirmed the appointments identified in the foregoing report of the committee to the offices and for the terms indicated in accordance with the recommendation of the committee. The vote was:

Amendment 1 (783074)(with title amendment)—On page 2, lines 6-9, delete those lines and insert:

b. For a life felony committed on or after July 1, 2007, which is a person's second or subsequent violation of s. 800.04(5)(b), by a term of imprisonment for life.

Section 2. Section 794.0115, Florida Statutes, is amended to read:

794.0115 Dangerous sexual felony offender; mandatory sentencing.—

(1) This section may be cited as the "Dangerous Sexual Felony Offender Act."

(2) Any person who is convicted of a violation of s. 787.025(2)(c); s. 794.011(2), (3), (4), (5), or (8); s. 796.03; s. 794.065(1); s. 800.04(4), ~~or~~ (5), (6)(b), or (7)(c); s. 825.1025(2), ~~or~~ (3), or (4); s. 827.071(2), (3), ~~or~~ (4), or (5); or s. 847.0145; or of any similar offense under a former designation, which offense the person committed when he or she was 18 years of age or older, and the person:

(a) Caused serious personal injury to the victim as a result of the commission of the offense;

(b) Used or threatened to use a deadly weapon during the commission of the offense;

(c) Victimized more than one person during the course of the criminal episode applicable to the offense;

(d) Committed the offense while under the jurisdiction of a court for a felony offense under the laws of this state, for an offense that is a felony in another jurisdiction, or for an offense that would be a felony if that offense were committed in this state; or

(e) Has previously been convicted of a violation of s. 787.025(2)(c); s. 794.011(2), (3), (4), (5), or (8); s. 796.03; s. 794.065(1); s. 800.04(4), ~~or~~ (5), (6)(b), or (7)(c); s. 825.1025(2), ~~or~~ (3), or (4); s. 827.071(2), (3), ~~or~~ (4), or (5); s. 847.0145; of any offense under a former ~~statutory~~ designation which is similar in elements to an offense described in this paragraph; or of any offense that is a felony in another jurisdiction, or would be a felony if that offense were committed in this state, and which is similar in elements to an offense described in this paragraph,

is a dangerous sexual felony offender, who must be sentenced to a mandatory minimum term of 25 years imprisonment up to, and including, life imprisonment.

(3)(a) Any person who:

1. Is convicted of a violation of s. 787.025(2)(c); s. 794.011(2), (3), (4), (5), or (8); s. 796.03; s. 794.065(1); s. 800.04(4), (5), (6)(b), or (7)(c); s. 825.1025(2), (3), or (4); s. 827.071(2), (3), (4), or (5); or s. 847.0145 and was 18 years of age or older at the time of the offense; and

2. Has been twice previously been convicted of a violation of s. 787.025(2)(c); s. 794.011(2), (3), (4), (5), or (8); s. 796.03; s. 794.065(1); s. 800.04(4), (5), (6)(b), or (7)(c); s. 825.1025(2), (3) or (4); s. 827.071(2), (3), (4) or (5); or s. 847.0145,

must be sentenced to a mandatory minimum term of life imprisonment.

(b) For purposes of this subsection, any offense listed in this subsection includes any offense under a former designation which is similar in elements to an offense described in this subsection and any offense that is a felony in another jurisdiction, or would be a felony if that offense were committed in this state, and that is similar in elements to an offense described in this subsection.

(4)(3) "Serious personal injury" means great bodily harm or pain, permanent disability, or permanent disfigurement.

(5)(4) The offense described in subsection (2) or subsection (3) which is being charged must have been committed after the date of commission of the last prior conviction for an offense that is a prior conviction described in paragraph (2)(e) or subsection (3).

(6)(5) It is irrelevant that a factor listed in subsection (2) is an element of an offense described in that subsection. It is also irrelevant that such an offense was reclassified to a higher felony degree under s. 794.023 or any other law.

(7)(6) Notwithstanding s. 775.082(3), chapter 958, any other law, or any interpretation or construction thereof, a person subject to sentencing under this section must be sentenced to the mandatory term of imprisonment provided under this section. If the mandatory minimum term of imprisonment imposed under this section exceeds the maximum sentence authorized under s. 775.082, s. 775.084, or chapter 921, the mandatory minimum term of imprisonment under this section must be imposed. If the mandatory minimum term of imprisonment under this section is less than the sentence that could be imposed under s. 775.082, s. 775.084, or chapter 921, the sentence imposed must include the mandatory minimum term of imprisonment under this section.

(8)(7) A defendant sentenced to a mandatory minimum term of imprisonment under this section is not eligible for statutory gain-time under s. 944.275 or any form of discretionary early release, other than pardon or executive clemency, or conditional medical release under s. 947.149, before serving the minimum sentence.

Section 3. Section 775.0847, Florida Statutes, is created to read:

775.0847 Sexual offenses; reclassification.—

(1) The penalty for any misdemeanor or felony under s. 794.075, s. 800.02, s. 800.03, s. 810.14, s. 810.145, or s. 877.26 shall be reclassified, and the offender subject to an enhanced penalty, as follows:

(a) If the offender has previously been convicted of a violation of s. 794.075, s. 800.02, s. 800.03, s. 810.14, s. 810.145, or s. 877.26, the offense shall be reclassified as a felony of the third degree.

(b) If the offender has twice previously been convicted of a violation of s. 794.075, s. 800.02, s. 800.03, s. 810.14, s. 810.145, or s. 877.26, the offense shall be reclassified as a felony of the second degree and the offender must be sentenced to a minimum mandatory term of imprisonment of 5 years.

(c) If the offender has previously been convicted of a violation of s. 787.025(2)(c); s. 794.011(2), (3), (4), (5), or (8); s. 794.065(1); s. 796.03; s. 800.04(4), (5), (6)(b), or (7)(c); s. 825.1025(2), (3), or (4); s. 827.071(2), (3), (4), or (5); or s. 847.0145, the offense shall be reclassified as a second degree felony and the offender must be sentenced to a minimum mandatory term of imprisonment of 5 years.

(2) For purposes of this section, any offense listed in this section includes any offense under a former designation which is similar in elements to an offense described in this section and any offense that is a

misdemeanor or felony in another jurisdiction, or would be a misdemeanor or felony if that offense were committed in this state, and that is similar in elements to an offense described in this section.

(Redesignate subsequent sections.)

And the title is amended as follows:

On page 1, lines 3 and 4, delete those lines and insert: 775.082, F.S.; requiring life sentences for certain second or subsequent offenders; amending s. 794.0115, F.S.; adding offenses to dangerous sexual felony offender law; requiring mandatory minimum life sentences for certain offenders; creating s. 775.0847, F.S.; providing enhanced penalties for certain sexual offenses; providing mandatory minimum sentences;

On motion by Senator Storms, further consideration of **CS for SB 2544** with pending **Amendment 1 (783074)** was deferred.

Conference Committee Amendment (with title amendment)—
 Delete everything after the enacting clause and insert:

Section 1. Subsection (5) of section 409.912, Florida Statutes, is amended to read:

409.912 Cost-effective purchasing of health care.—The agency shall purchase goods and services for Medicaid recipients in the most cost-effective manner consistent with the delivery of quality medical care. To ensure that medical services are effectively utilized, the agency may, in any case, require a confirmation or second physician's opinion of the correct diagnosis for purposes of authorizing future services under the Medicaid program. This section does not restrict access to emergency services or poststabilization care services as defined in 42 C.F.R. part 438.114. Such confirmation or second opinion shall be rendered in a manner approved by the agency. The agency shall maximize the use of prepaid per capita and prepaid aggregate fixed-sum basis services when appropriate and other alternative service delivery and reimbursement methodologies, including competitive bidding pursuant to s. 287.057, designed to facilitate the cost-effective purchase of a case-managed continuum of care. The agency shall also require providers to minimize the exposure of recipients to the need for acute inpatient, custodial, and other institutional care and the inappropriate or unnecessary use of high-cost services. The agency shall contract with a vendor to monitor and evaluate the clinical practice patterns of providers in order to identify trends that are outside the normal practice patterns of a provider's professional peers or the national guidelines of a provider's professional association. The vendor must be able to provide information and counseling to a provider whose practice patterns are outside the norms, in consultation with the agency, to improve patient care and reduce inappropriate utilization. The agency may mandate prior authorization, drug therapy management, or disease management participation for certain populations of Medicaid beneficiaries, certain drug classes, or particular drugs to prevent fraud, abuse, overuse, and possible dangerous drug interactions. The Pharmaceutical and Therapeutics Committee shall make recommendations to the agency on drugs for which prior authorization is required. The agency shall inform the Pharmaceutical and Therapeutics Committee of its decisions regarding drugs subject to prior authorization. The agency is authorized to limit the entities it contracts with or enrolls as Medicaid providers by developing a provider network through provider credentialing. The agency may competitively bid single-source-provider contracts if procurement of goods or services results in demonstrated cost savings to the state without limiting access to care. The agency may limit its network based on the assessment of beneficiary access to care, provider availability, provider quality standards, time and distance standards for access to care, the cultural competence of the provider network, demographic characteristics of Medicaid beneficiaries, practice and provider-to-beneficiary standards, appointment wait times, beneficiary use of services, provider turnover, provider profiling, provider licensure history, previous program integrity investigations and findings, peer review, provider Medicaid policy and billing compliance records, clinical and medical record audits, and other factors. Providers shall not be entitled to enrollment in the Medicaid provider network. The agency shall determine instances in which allowing Medicaid beneficiaries to purchase durable medical equipment and other goods is less expensive to the Medicaid program than long-term rental of the equipment or goods. The agency may establish rules to facilitate purchases in lieu of long-term rentals in order to protect against fraud and abuse in the Medicaid program as defined in s. 409.913. The agency may seek federal waivers necessary to administer these policies.

(5) ~~By December 1, 2005,~~ The Agency for Health Care Administration, in partnership with the Department of Elderly Affairs, shall create an integrated, fixed-payment delivery program system for Medicaid recipients who are 60 years of age or older or dually eligible for Medicare

and Medicaid. The Agency for Health Care Administration shall implement the integrated program system initially on a pilot basis in two areas of the state. *The pilot areas shall be Area 7 and Area 11 of the Agency for Health Care Administration. In one of the areas Enrollment in the pilot areas shall be on a voluntary basis and in accordance with approved federal waivers and this section. The agency and its program contractors and providers shall not enroll any individual in the integrated program because the individual or the person legally responsible for the individual fails to choose to enroll in the integrated program. Enrollment in the integrated program shall be exclusively by affirmative choice of the eligible individual or by the person legally responsible for the individual.* The integrated program must transfer all Medicaid services for eligible elderly individuals who choose to participate into an integrated-care management model designed to serve Medicaid recipients in the community. The integrated program must combine all funding for Medicaid services provided to individuals who are 60 years of age or older or dually eligible for Medicare and Medicaid into the integrated program system, including funds for Medicaid home and community-based waiver services; all Medicaid services authorized in ss. 409.905 and 409.906, excluding funds for Medicaid nursing home services unless the agency is able to demonstrate how the integration of the funds will improve coordinated care for these services in a less costly manner; and Medicare coinsurance and deductibles for persons dually eligible for Medicaid and Medicare as prescribed in s. 409.908(13).

(a) Individuals who are 60 years of age or older or dually eligible for Medicare and Medicaid and enrolled in the developmental disabilities waiver program, the family and supported-living waiver program, the project AIDS care waiver program, the traumatic brain injury and spinal cord injury waiver program, the consumer-directed care waiver program, and the program of all-inclusive care for the elderly program, and residents of institutional care facilities for the developmentally disabled, must be excluded from the integrated program system.

(b) *Managed care* The program must use a competitive procurement process to select entities who meet or exceed the agency's minimum standards are eligible to operate the integrated program system. Entities eligible to participate submit bids include managed care organizations licensed under chapter 641, including entities eligible to participate in the nursing home diversion program, other qualified providers as defined in s. 430.703(7), community care for the elderly lead agencies, and other state-certified community service networks that meet comparable standards as defined by the agency, in consultation with the Department of Elderly Affairs and the Office of Insurance Regulation, to be financially solvent and able to take on financial risk for managed care. Community service networks that are certified pursuant to the comparable standards defined by the agency are not required to be licensed under chapter 641. *Managed care entities who operate the integrated program shall be subject to s. 408.7056. Eligible entities shall choose to serve enrollees who are dually eligible for Medicare and Medicaid, enrollees who are 60 years of age or older, or both.*

(c) The agency must ensure that the capitation-rate-setting methodology for the integrated program system is actuarially sound and reflects the intent to provide quality care in the least restrictive setting. The agency must also require integrated-program integrated-system providers to develop a credentialing system for service providers and to contract with all Gold Seal nursing homes, where feasible, and exclude, where feasible, chronically poor-performing facilities and providers as defined by the agency. *The integrated program must develop and maintain an informal provider grievance system that addresses provider payment and contract problems. The agency shall also establish a formal grievance system to address those issues that were not resolved through the informal grievance system.* The integrated program system must provide that if the recipient resides in a noncontracted residential facility licensed under chapter 400 or chapter 429 at the time of enrollment in the integrated program system is initiated, the recipient must be permitted to continue to reside in the noncontracted facility as long as the recipient desires. The integrated program system must also provide that, in the absence of a contract between the integrated-program integrated-system provider and the residential facility licensed under chapter 400 or chapter 429, current Medicaid rates must prevail. *The integrated-program provider must ensure that electronic nursing home claims that contain sufficient information for processing are paid within 10 business days after receipt. Alternately, the integrated-program provider may establish a capitated payment mechanism to prospectively pay nursing homes at the beginning of each month.* The agency and the Department of Elderly Affairs must jointly develop procedures to manage the

services provided through the integrated program system in order to ensure quality and recipient choice.

(d) ~~Within 24 months after implementation,~~ The Office of Program Policy Analysis and Government Accountability, in consultation with the Auditor General, shall comprehensively evaluate the pilot project for the integrated, fixed-payment delivery program system for Medicaid recipients created under this subsection ~~who are 60 years of age or older.~~ *The evaluation shall begin as soon as Medicaid recipients are enrolled in the managed care pilot program plans and shall continue for 24 months thereafter.* The evaluation must include assessments of each managed care plan in the integrated program with regard to cost savings; consumer education, choice, and access to services; coordination of care; and quality of care. The evaluation must describe administrative or legal barriers to the implementation and operation of the pilot program and include recommendations regarding statewide expansion of the pilot program. The office shall submit its ~~an~~ evaluation report to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than ~~December 31, 2009~~ ~~June 30, 2008~~.

(e) The agency may seek federal waivers or Medicaid state plan amendments and adopt rules as necessary to administer the integrated program system. The agency may implement the approved federal waivers and other provisions as specified in this subsection ~~must receive specific authorization from the Legislature prior to implementing the waiver for the integrated system.~~

(f) *No later than December 31, 2007, the agency shall provide a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives containing an analysis of the merits and challenges of seeking a waiver to implement a voluntary program that integrates payments and services for dually enrolled Medicare and Medicaid recipients who are 65 years of age or older.*

Section 2. Paragraph (d) of subsection (1) of section 408.040, Florida Statutes, is amended to read:

408.040 Conditions and monitoring.—

(1)

(d) If a nursing home is located in a county in which a long-term care community diversion pilot project has been implemented under s. 430.705 or in a county in which an integrated, fixed-payment delivery program system for Medicaid recipients who are 60 years of age or older or dually eligible for Medicare and Medicaid has been implemented under s. 409.912(5), the nursing home may request a reduction in the percentage of annual patient days used by residents who are eligible for care under Title XIX of the Social Security Act, which is a condition of the nursing home's certificate of need. The agency shall automatically grant the nursing home's request if the reduction is not more than 15 percent of the nursing home's annual Medicaid-patient-days condition. A nursing home may submit only one request every 2 years for an automatic reduction. A requesting nursing home must notify the agency in writing at least 60 days in advance of its intent to reduce its annual Medicaid-patient-days condition by not more than 15 percent. The agency must acknowledge the request in writing and must change its records to reflect the revised certificate-of-need condition. This paragraph expires June 30, 2011.

Section 3. Paragraph (b) of subsection (1) of section 409.915, Florida Statutes, is amended to read:

409.915 County contributions to Medicaid.—Although the state is responsible for the full portion of the state share of the matching funds required for the Medicaid program, in order to acquire a certain portion of these funds, the state shall charge the counties for certain items of care and service as provided in this section.

(1) Each county shall participate in the following items of care and service:

(b) *For both health maintenance members and fee-for-service beneficiaries,* payments for nursing home or intermediate facilities care in excess of \$170 per month, with the exception of skilled nursing care for children under age 21.

Section 4. This act shall take effect July 1, 2007.

And the title is amended as follows:

Conference Committee Amendment (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Section 121.71, Florida Statutes, is amended to read:

121.71 Uniform rates; process; calculations; levy.—

(1) In conducting the system actuarial study required under s. 121.031, the actuary shall follow all requirements specified thereunder to determine, by Florida Retirement System employee membership class, the dollar contribution amounts necessary for the forthcoming fiscal year for the defined benefit program. In addition, the actuary shall determine, by Florida Retirement System membership class, based on an estimate for the forthcoming fiscal year of the gross compensation of employees participating in the optional retirement program, the dollar contribution amounts necessary to make the allocations required under ss. 121.72 and 121.73. For each employee membership class and subclass, the actuarial study shall establish a uniform rate necessary to fund the benefit obligations under both Florida Retirement System retirement plans, by dividing the sum of total dollars required by the estimated gross compensation of members in both plans.

(2) Based on the uniform rates set forth in subsection (3), employers shall make monthly contributions to the Division of Retirement, which shall initially deposit the funds into the Florida Retirement System Contributions Clearing Trust Fund. A change in a contribution rate is effective the first day of the month for which a full month's employer contribution may be made on or after the beginning date of the change.

(3) Required employer retirement contribution rates for each membership class and subclass of the Florida Retirement System for both retirement plans are as follows:

Membership Class	Percentage of Gross Compensation, Effective July 1, 2007 2006	Percentage of Gross Compensation, Effective July 1, 2008 2007
Regular Class	8.69%	9.59% 9.55%
Special Risk Class	19.76%	22.01% 21.96%
Special Risk	11.39%	11.90% 12.65%
Administrative Support Class		
Elected Officers' Class—Legislators, Governor, Lt. Governor, Cabinet Officers, State Attorneys, Public Defenders	13.32%	14.99% 14.80%
Elected Officers' Class—Justices, Judges	18.40%	20.46% 20.44%
Elected Officers' Class—County Elected Officers	15.37%	17.15% 17.08%
Senior Management Class	11.96%	13.35% 13.29%
DROP	9.80%	10.89%

(4) The state actuary shall recognize and use an appropriate level of available excess assets of the Florida Retirement System Trust Fund to offset the difference between the normal costs of the Florida Retirement System and the statutorily prescribed contribution rates.

Section 2. *The Legislature finds that a proper and legitimate state purpose is served when employees and retirees of the state and its political subdivisions, and the dependents, survivors, and beneficiaries of such employees and retirees, are extended the basic protections afforded by governmental retirement systems. These persons must be provided benefits that are fair and adequate and that are managed, administered, and funded in an actuarially sound manner, as required by Section 14, Article X of the State Constitution, and part VII of chapter 112, Florida*

MOTION

On motion by Senator Baker, the rules were waived to allow the following amendment to be considered:

Senator Baker moved the following amendment:

Amendment 1 (671544)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Paragraphs (b) and (c) of subsection (2) of section 20.23, Florida Statutes, are amended to read:

20.23 Department of Transportation.—There is created a Department of Transportation which shall be a decentralized agency.

(2)

(b) The commission shall have the primary functions to:

1. Recommend major transportation policies for the Governor's approval, and assure that approved policies and any revisions thereto are properly executed.

2. Periodically review the status of the state transportation system including highway, transit, rail, seaport, intermodal development, and aviation components of the system and recommend improvements therein to the Governor and the Legislature.

3. Perform an in-depth evaluation of the annual department budget request, the Florida Transportation Plan, and the tentative work program for compliance with all applicable laws and established departmental policies. Except as specifically provided in s. 339.135(4)(c)2., (d), and (f), the commission may not consider individual construction projects, but shall consider methods of accomplishing the goals of the department in the most effective, efficient, and businesslike manner.

4. Monitor the financial status of the department on a regular basis to assure that the department is managing revenue and bond proceeds responsibly and in accordance with law and established policy.

5. Monitor on at least a quarterly basis, the efficiency, productivity, and management of the department, using performance and production standards developed by the commission pursuant to s. 334.045.

6. Perform an in-depth evaluation of the factors causing disruption of project schedules in the adopted work program and recommend to the Legislature and the Governor methods to eliminate or reduce the disruptive effects of these factors.

7. Recommend to the Governor and the Legislature improvements to the department's organization in order to streamline and optimize the efficiency of the department. In reviewing the department's organization, the commission shall determine if the current district organizational structure is responsive to Florida's changing economic and demographic development patterns. The initial report by the commission must be delivered to the Governor and Legislature by December 15, 2000, and each year thereafter, as appropriate. The commission may retain such experts as are reasonably necessary to effectuate this subparagraph, and the department shall pay the expenses of such experts.

8. *Monitor the efficiency, productivity, and management of the authorities created under chapters 343 and 348, including any authority formed using the provisions of part I of chapter 348. The commission shall also conduct periodic reviews of each authority's operations and budget, acquisition of property, management of revenue and bond proceeds, and compliance with applicable laws and generally accepted accounting principles.*

(c) The commission or a member thereof may not enter into the day-to-day operation of the department or a monitored authority and is specifically prohibited from taking part in:

1. The awarding of contracts.

2. The selection of a consultant or contractor or the prequalification of any individual consultant or contractor. However, the commission may recommend to the secretary standards and policies governing the procedure for selection and prequalification of consultants and contractors.

3. The selection of a route for a specific project.

4. The specific location of a transportation facility.

5. The acquisition of rights-of-way.

6. The employment, promotion, demotion, suspension, transfer, or discharge of any department personnel.

7. The granting, denial, suspension, or revocation of any license or permit issued by the department.

Section 2. Subsection (14) of section 112.061, Florida Statutes, is amended to read:

112.061 Per diem and travel expenses of public officers, employees, and authorized persons.—

(14) APPLICABILITY TO COUNTIES, COUNTY OFFICERS, DISTRICT SCHOOL BOARDS, AND SPECIAL DISTRICTS, AND METROPOLITAN PLANNING ORGANIZATIONS.—

(a) The following entities may establish rates that vary from the per diem rate provided in paragraph (6)(a), the subsistence rates provided in paragraph (6)(b), or the mileage rate provided in paragraph (7)(d) if those rates are not less than the statutorily established rates that are in effect for the 2005-2006 fiscal year:

1. The governing body of a county by the enactment of an ordinance or resolution;

2. A county constitutional officer, pursuant to s. 1(d), Art. VIII of the State Constitution, by the establishment of written policy;

3. The governing body of a district school board by the adoption of rules; or

4. The governing body of a special district, as defined in s. 189.403(1), except those special districts that are subject to s. 166.021(10), by the enactment of a resolution; or

5. Any metropolitan planning organization created pursuant to s. 339.175 or any other separate legal or administrative entity created pursuant to s. 339.175 of which a metropolitan planning organization is a member, by the enactment of a resolution.

(b) Rates established pursuant to paragraph (a) must apply uniformly to all travel by the county, county constitutional officer and entity governed by that officer, district school board, or special district, or metropolitan planning organization.

(c) Except as otherwise provided in this subsection, counties, county constitutional officers and entities governed by those officers, district school boards, and special districts, and metropolitan planning organizations, other than those subject to s. 166.021(10), remain subject to the requirements of this section.

Section 3. Subsection (1) of section 120.52, Florida Statutes, is amended to read:

120.52 Definitions.—As used in this act:

(1) “Agency” means:

(a) The Governor in the exercise of all executive powers other than those derived from the constitution.

(b) Each:

1. State officer and state department, and each departmental unit described in s. 20.04.

2. Authority, including a regional water supply authority.

3. Board.

4. Commission, including the Commission on Ethics and the Fish and Wildlife Conservation Commission when acting pursuant to statutory authority derived from the Legislature.

5. Regional planning agency.

6. Multicounty special district with a majority of its governing board comprised of nonelected persons.

7. Educational units.

8. Entity described in chapters 163, 373, 380, and 582 and s. 186.504.

(c) Each other unit of government in the state, including counties and municipalities, to the extent they are expressly made subject to this act by general or special law or existing judicial decisions.

This definition does not include any legal entity or agency created in whole or in part pursuant to chapter 361, part II, any metropolitan planning organization created pursuant to s. 339.175, any separate legal or administrative entity created pursuant to s. 339.175 of which a metropolitan planning organization is a member, an expressway authority pursuant to chapter 348 or transportation authority under chapter 349, any legal or administrative entity created by an interlocal agreement pursuant to s. 163.01(7), unless any party to such agreement is otherwise an agency as defined in this subsection, or any multicounty special district with a majority of its governing board comprised of elected persons; however, this definition shall include a regional water supply authority.

Section 4. Subsection (3) of section 349.03, Florida Statutes, is amended to read:

349.03 Jacksonville Transportation Authority.—

(3) The terms of appointed members shall be for 4 years deemed to have commenced on June 1 of the year in which they are appointed. Each member shall hold office until a successor has been appointed and has qualified. A vacancy during a term shall be filled by the respective appointing authority only for the balance of the unexpired term. Any member appointed to the authority for two consecutive full terms shall not be eligible for appointment to the next succeeding term. One of the members so appointed shall be designated annually by the members as chair of the authority, one member shall be designated annually as the vice chair of the authority, one member shall be designated annually as the secretary of the authority, and one member shall be designated annually as the treasurer of the authority. The members of the authority shall not be entitled to compensation, but shall be reimbursed for travel expenses or other expenses actually incurred in their duties as provided by law. Four voting members of the authority shall constitute a quorum, and no resolution adopted by the authority shall become effective unless with the affirmative vote of at least four members. The authority shall may employ an executive director, and the executive director may hire such staff, permanent or temporary, as he or she may determine and may organize the staff of the authority into such departments and units as he or she may determine divisions as it deems necessary. The executive director ~~is~~ may appoint department directors, deputy directors, division chiefs, and staff assistants to the executive director, as he or she may determine. In so appointing the executive director, the authority may fix the compensation of such appointee ~~those appointees~~, who shall serve at the pleasure of the authority. All employees of the authority shall be exempt from the provisions of part II of chapter 110. The authority may employ such financial advisers and consultants, technical experts, engineers, and agents and employees, permanent or temporary, as it may require and may fix the compensation and qualifications of such persons, firms, or corporations. The authority may delegate to one or more of its agents or employees such of its powers as it shall deem necessary to carry out the purposes of this chapter, subject always to the supervision and control of the governing body of the authority.

Section 5. Paragraph (n) is added to subsection (2) of section 349.04, Florida Statutes, to read:

349.04 Purposes and powers.—

(2) The authority is hereby granted, and shall have and may exercise all powers necessary, appurtenant, convenient, or incidental to the carrying out of the aforesaid purposes, including, but without being limited to, the right and power:

(n) To adopt rules to carry out the powers and obligations herein granted, which set forth a purpose, necessary definitions, forms, general conditions and procedures, and fines and penalties, including, without limitation, suspension or debarment, and charges for nonperformance, with respect to any aspect of the work or function of the authority for the permitting, planning, funding, design, acquisition, construction, equipping, operation, and maintenance of transportation facilities, transit and highway, within the state, provided or operated by the authority or others in cooperation with or at the direction of the authority, and for carrying out all other purposes of the authority set forth or authorized in this chapter.

Section 6. Subsection (11), paragraph (a) of subsection (42), and paragraph (b) of subsection (52) of section 121.021, Florida Statutes, are amended, and subsection (62) is added to that section, to read:

121.021 Definitions.—The following words and phrases as used in this chapter have the respective meanings set forth unless a different meaning is plainly required by the context:

(11) “Officer or employee” means any person receiving salary payments for work performed in a regularly established position and, if employed by a city, a *metropolitan planning organization*, or a special district, employed in a covered group.

(42)(a) “Local agency employer” means the board of county commissioners or other legislative governing body of a county, however styled, including that of a consolidated or metropolitan government; a clerk of the circuit court, sheriff, property appraiser, tax collector, or supervisor of elections, provided such officer is elected or has been appointed to fill a vacancy in an elective office; a community college board of trustees or district school board; or the governing body of any city, *metropolitan planning organization created pursuant to s. 339.175* or any other separate legal or administrative entity created pursuant to s. 339.175, or special district of the state which participates in the system for the benefit of certain of its employees.

(52) “Regularly established position” is defined as follows:

(b) In a local agency (district school board, county agency, community college, city, *metropolitan planning organization*, or special district), the term means a regularly established position which will be in existence for a period beyond 6 consecutive months, except as provided by rule.

(62) “*Metropolitan planning organization*” means an entity created by an interlocal agreement pursuant to s. 339.175 or any other entity created pursuant to s. 339.175.

Section 7. Paragraph (b) of subsection (2) of section 121.051, Florida Statutes, is amended to read:

121.051 Participation in the system.—

(2) OPTIONAL PARTICIPATION.—

(b)1. The governing body of any municipality, *metropolitan planning organization*, or special district in the state may elect to participate in the system upon proper application to the administrator and may cover all or any of its units as approved by the Secretary of Health and Human Services and the administrator. The department shall adopt rules establishing provisions for the submission of documents necessary for such application. Prior to being approved for participation in the Florida Retirement System, the governing body of any such municipality, *metropolitan planning organization*, or special district that has a local retirement system shall submit to the administrator a certified financial statement showing the condition of the local retirement system as of a date within 3 months prior to the proposed effective date of membership in the Florida Retirement System. The statement must be certified by a recognized accounting firm that is independent of the local retirement system. All required documents necessary for extending Florida Retirement System coverage must be received by the department for consideration at least 15 days prior to the proposed effective date of coverage. If the municipality, *metropolitan planning organization*, or special district does not comply with this requirement, the department may require that the effective date of coverage be changed.

2. Any city, *metropolitan planning organization*, or special district that has an existing retirement system covering the employees in the units that are to be brought under the Florida Retirement System may participate only after holding a referendum in which all employees in the affected units have the right to participate. Only those employees electing coverage under the Florida Retirement System by affirmative vote in said referendum shall be eligible for coverage under this chapter, and those not participating or electing not to be covered by the Florida Retirement System shall remain in their present systems and shall not be eligible for coverage under this chapter. After the referendum is held, all future employees shall be compulsory members of the Florida Retirement System.

3. The governing body of any city, *metropolitan planning organization*, or special district complying with subparagraph 1. may elect to provide, or not provide, benefits based on past service of officers and employees as described in s. 121.081(1). However, if such employer elects

to provide past service benefits, such benefits must be provided for all officers and employees of its covered group.

4. Once this election is made and approved it may not be revoked, except pursuant to subparagraphs 5. and 6., and all present officers and employees electing coverage under this chapter and all future officers and employees shall be compulsory members of the Florida Retirement System.

5. Subject to the conditions set forth in subparagraph 6., the governing body of any hospital licensed under chapter 395 which is governed by the board of a special district as defined in s. 189.403(1) or by the board of trustees of a public health trust created under s. 154.07, hereinafter referred to as “hospital district,” and which participates in the system, may elect to cease participation in the system with regard to future employees in accordance with the following procedure:

a. No more than 30 days and at least 7 days before adopting a resolution to partially withdraw from the Florida Retirement System and establish an alternative retirement plan for future employees, a public hearing must be held on the proposed withdrawal and proposed alternative plan.

b. From 7 to 15 days before such hearing, notice of intent to withdraw, specifying the time and place of the hearing, must be provided in writing to employees of the hospital district proposing partial withdrawal and must be published in a newspaper of general circulation in the area affected, as provided by ss. 50.011-50.031. Proof of publication of such notice shall be submitted to the Department of Management Services.

c. The governing body of any hospital district seeking to partially withdraw from the system must, before such hearing, have an actuarial report prepared and certified by an enrolled actuary, as defined in s. 112.625(3), illustrating the cost to the hospital district of providing, through the retirement plan that the hospital district is to adopt, benefits for new employees comparable to those provided under the Florida Retirement System.

d. Upon meeting all applicable requirements of this subparagraph, and subject to the conditions set forth in subparagraph 6., partial withdrawal from the system and adoption of the alternative retirement plan may be accomplished by resolution duly adopted by the hospital district board. The hospital district board must provide written notice of such withdrawal to the division by mailing a copy of the resolution to the division, postmarked no later than December 15, 1995. The withdrawal shall take effect January 1, 1996.

6. Following the adoption of a resolution under sub-subparagraph 5.d., all employees of the withdrawing hospital district who were participants in the Florida Retirement System prior to January 1, 1996, shall remain as participants in the system for as long as they are employees of the hospital district, and all rights, duties, and obligations between the hospital district, the system, and the employees shall remain in full force and effect. Any employee who is hired or appointed on or after January 1, 1996, may not participate in the Florida Retirement System, and the withdrawing hospital district shall have no obligation to the system with respect to such employees.

Section 8. Paragraph (l) is added to subsection (1) of section 121.055, Florida Statutes, to read:

121.055 Senior Management Service Class.—There is hereby established a separate class of membership within the Florida Retirement System to be known as the “Senior Management Service Class,” which shall become effective February 1, 1987.

(1)

(l) For each *metropolitan planning organization* that has opted to become part of the Florida Retirement System, participation in the Senior Management Service Class shall be compulsory for the executive director or staff director of that *metropolitan planning organization*.

Section 9. Paragraphs (a) and (c) of subsection (2) of section 121.061, Florida Statutes, are amended to read:

121.061 Funding.—

(2)(a) Should any employer other than a state employer fail to make the retirement and social security contributions, both member and employer contributions, required by this chapter, then, upon request by the administrator, the Department of Revenue or the Department of Financial Services, as the case may be, shall deduct the amount owed by the employer from any funds to be distributed by it to the county, city, *metropolitan planning organization*, special district, or consolidated form of government. The amounts so deducted shall be transferred to the administrator for further distribution to the trust funds in accordance with this chapter.

(c) The governing body of each county, city, *metropolitan planning organization*, special district, or consolidated form of government participating under this chapter or the administrator, acting individually or jointly, is hereby authorized to file and maintain an action in the courts of the state to require any employer to remit any retirement or social security member contributions or employer matching payments due the retirement or social security trust funds under the provisions of this chapter.

Section 10. Paragraphs (a), (b), and (e) of subsection (1) of section 121.081, Florida Statutes, are amended to read:

121.081 Past service; prior service; contributions.—Conditions under which past service or prior service may be claimed and credited are:

(1)(a) Past service, as defined in s. 121.021(18), may be claimed as creditable service by officers or employees of a city, *metropolitan planning organization*, or special district that become a covered group under this system. The governing body of a covered group in compliance with s. 121.051(2)(b) may elect to provide benefits with respect to past service earned prior to January 1, 1975, in accordance with this chapter, and the cost for such past service shall be established by applying the following formula: The member contribution for both regular and special risk members shall be 4 percent of the gross annual salary for each year of past service claimed, plus 4-percent employer matching contribution, plus 4 percent interest thereon compounded annually, figured on each year of past service, with interest compounded from date of annual salary earned until July 1, 1975, and 6.5 percent interest compounded annually thereafter until date of payment. Once the total cost for a member has been figured to date, then after July 1, 1975, 6.5 percent compounded interest shall be added each June 30 thereafter on any unpaid balance until the cost of such past service liability is paid in full. The following formula shall be used in calculating past service earned prior to January 1, 1975: (Annual gross salary multiplied by 8 percent) multiplied by the 4 percent or 6.5 percent compound interest table factor, as may be applicable. The resulting product equals cost to date for each particular year of past service.

(b) Past service earned after January 1, 1975, may be claimed by officers or employees of a city, *metropolitan planning organization*, or special district that becomes a covered group under this system. The governing body of a covered group may elect to provide benefits with respect to past service earned after January 1, 1975, in accordance with this chapter, and the cost for such past service shall be established by applying the following formula: The employer shall contribute an amount equal to the contribution rate in effect at the time the service was earned, multiplied by the employee's gross salary for each year of past service claimed, plus 6.5 percent interest thereon, compounded annually, figured on each year of past service, with interest compounded from date of annual salary earned until date of payment.

(e) Past service, as defined in s. 121.021(18), may be claimed as creditable service by a member of the Florida Retirement System who formerly was an officer or employee of a city, *metropolitan planning organization*, or special district, notwithstanding the status or form of the retirement system, if any, of that city, *metropolitan planning organization*, or special district and irrespective of whether officers or employees of that city, *metropolitan planning organization*, or special district now or hereafter become a covered group under the Florida Retirement System. Such member may claim creditable service and be entitled to the benefits accruing to the regular class of members as provided for the past service claimed under this paragraph by paying into the retirement trust fund an amount equal to the total actuarial cost of providing the additional benefit resulting from such past-service credit, discounted by the applicable actuarial factors to date of retirement.

Section 11. Paragraph (e) is added to subsection (15) of section 163.3180, Florida Statutes, to read:

163.3180 Concurrency.—

(15)

(e) By December 1, 2007, the Department of Transportation, in consultation with the state land planning agency and interested local governments, may designate a study area for conducting a pilot project to determine the benefits of and barriers to establishing a regional multimodal transportation concurrency district that extends over more than one local government jurisdiction. If designated:

1. The study area must be in a county that has a population of at least 1,000 persons per square mile, be within an urban service area, and have the consent of the local governments within the study area. The Department of Transportation and the state land planning agency shall provide technical assistance.

2. The local governments within the study area and the Department of Transportation, in consultation with the state land planning agency, shall cooperatively create a multimodal transportation plan that meets the requirements of this section. The multimodal transportation plan must include viable local funding options and incorporate community design features, including a range of mixed land uses and densities and intensities, which will reduce the number of automobile trips or vehicle miles of travel while supporting an integrated, multimodal transportation system.

3. To effectuate the multimodal transportation concurrency district, participating local governments may adopt appropriate comprehensive plan amendments.

4. The Department of Transportation, in consultation with the state land planning agency, shall submit a report by March 1, 2009, to the Governor, the President of the Senate, and the Speaker of the House of Representatives on the status of the pilot project. The report must identify any factors that support or limit the creation and success of a regional multimodal transportation district including intergovernmental coordination.

Section 12. Section 163.3182, Florida Statutes, is created to read:

163.3182 Transportation concurrency backlogs.—

(1) DEFINITIONS.—For purposes of this section, the term:

(a) "Transportation concurrency backlog area" means the geographic area within the unincorporated portion of a county or within the municipal boundary of a municipality designated in a local government comprehensive plan for which a transportation concurrency backlog authority is created pursuant to this section. A transportation concurrency backlog area created within the corporate boundary of a municipality shall be made pursuant to an interlocal agreement between a county, a municipality or municipalities, and any affected taxing authority or authorities.

(b) "Authority" or "transportation concurrency backlog authority" means the governing body of a county or municipality within which an authority is created.

(c) "Governing body" means the council, commission, or other legislative body charged with governing the county or municipality within which a transportation concurrency backlog authority is created pursuant to this section.

(d) "Transportation concurrency backlog" means an identified deficiency where the existing extent of traffic volume exceeds the level of service standard adopted in a local government comprehensive plan for a transportation facility.

(e) "Transportation concurrency backlog plan" means the plan adopted as part of a local government comprehensive plan by the governing body of a county or municipality acting as a transportation concurrency backlog authority.

(f) "Transportation concurrency backlog project" means any designated transportation project identified for construction within the jurisdiction of a transportation concurrency backlog authority.

(g) “Debt service millage” means any millage levied pursuant to s. 12, Art. VII of the State Constitution.

(h) “Increment revenue” means the amount calculated pursuant to subsection (5).

(i) “Taxing authority” means a public body that levies or is authorized to levy an ad valorem tax on real property located within a transportation concurrency backlog area, except a school district.

(2) CREATION OF TRANSPORTATION CONCURRENCY BACKLOG AUTHORITIES.—

(a) A county or municipality may create a transportation concurrency backlog authority if it has an identified transportation concurrency backlog.

(b) Acting as the transportation concurrency backlog authority within the authority’s jurisdictional boundary, the governing body of a county or municipality shall adopt and implement a plan to eliminate all identified transportation concurrency backlogs within the authority’s jurisdiction using funds provided pursuant to subsection (5) and as otherwise provided pursuant to this section.

(3) POWERS OF A TRANSPORTATION CONCURRENCY BACKLOG AUTHORITY.—Each transportation concurrency backlog authority has the powers necessary or convenient to carry out the purposes of this section, including the following powers in addition to others granted in this section:

(a) To make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this section.

(b) To undertake and carry out transportation concurrency backlog projects for transportation facilities that have a concurrency backlog within the authority’s jurisdiction. Concurrency backlog projects may include transportation facilities that provide for alternative modes of travel including sidewalks, bikeways, and mass transit which are related to a backlogged transportation facility.

(c) To invest any transportation concurrency backlog funds held in reserve, sinking funds, or any such funds not required for immediate disbursement in property or securities in which savings banks may legally invest funds subject to the control of the authority and to redeem such bonds as have been issued pursuant to this section at the redemption price established therein, or to purchase such bonds at less than redemption price. All such bonds redeemed or purchased shall be canceled.

(d) To borrow money, apply for and accept advances, loans, grants, contributions, and any other forms of financial assistance from the Federal Government or the state, county, or any other public body or from any sources, public or private, for the purposes of this part, to give such security as may be required, to enter into and carry out contracts or agreements, and to include in any contracts for financial assistance with the Federal Government for or with respect to a transportation concurrency backlog project and related activities such conditions imposed pursuant to federal laws as the transportation concurrency backlog authority considers reasonable and appropriate and which are not inconsistent with the purposes of this section.

(e) To make or have made all surveys and plans necessary to the carrying out of the purposes of this section, to contract with any persons, public or private, in making and carrying out such plans, and to adopt, approve, modify, or amend such transportation concurrency backlog plans.

(f) To appropriate such funds and make such expenditures as are necessary to carry out the purposes of this section, and to enter into agreements with other public bodies, which agreements may extend over any period notwithstanding any provision or rule of law to the contrary.

(4) TRANSPORTATION CONCURRENCY BACKLOG PLANS.—

(a) Each transportation concurrency backlog authority shall adopt a transportation concurrency backlog plan as a part of the local government comprehensive plan within 6 months after the creation of the authority. The plan shall:

1. Identify all transportation facilities that have been designated as deficient and require the expenditure of moneys to upgrade, modify, or mitigate the deficiency.

2. Include a priority listing of all transportation facilities that have been designated as deficient and do not satisfy concurrency requirements pursuant to s. 163.3180, and the applicable local government comprehensive plan.

3. Establish a schedule for financing and construction of transportation concurrency backlog projects that will eliminate transportation concurrency backlogs within the jurisdiction of the authority within 10 years after the transportation concurrency backlog plan adoption. The schedule shall be adopted as part of the local government comprehensive plan.

(b) The adoption of the transportation concurrency backlog plan shall be exempt from the provisions of s. 163.3187(1).

(5) ESTABLISHMENT OF LOCAL TRUST FUND.—The transportation concurrency backlog authority shall establish a local transportation concurrency backlog trust fund upon creation of the authority. Each local trust fund shall be administered by the transportation concurrency backlog authority within which a transportation concurrency backlog has been identified. Beginning in the first fiscal year after the creation of the authority, each local trust fund shall be funded by the proceeds of an ad valorem tax increment collected within each transportation concurrency backlog area to be determined annually and shall be 25 percent of the difference between:

(a) The amount of ad valorem tax levied each year by each taxing authority, exclusive of any amount from any debt service millage, on taxable real property contained within the jurisdiction of the transportation concurrency backlog authority and within the transportation backlog area; and

(b) The amount of ad valorem taxes which would have been produced by the rate upon which the tax is levied each year by or for each taxing authority, exclusive of any debt service millage, upon the total of the assessed value of the taxable real property within the transportation concurrency backlog area as shown on the most recent assessment roll used in connection with the taxation of such property of each taxing authority prior to the effective date of the ordinance funding the trust fund.

(6) EXEMPTIONS.—

(a) The following public bodies or taxing authorities are exempt from the provision of this section:

1. A special district that levies ad valorem taxes on taxable real property in more than one county.

2. Special district for which the sole available source of revenue is the authority to levy ad valorem taxes at the time an ordinance is adopted under this section. However, revenues or aid that may be dispensed or appropriated to a district as defined in s. 388.011 at the discretion of an entity other than such district shall not be deemed available.

3. A library district.

4. A neighborhood improvement district created under the Safe Neighborhoods Act.

5. A metropolitan transportation authority.

6. A water management district created under s. 373.069.

7. A community redevelopment agency.

(b) A transportation concurrency exemption authority may also exempt from this section a special district that levies ad valorem taxes within the transportation concurrency backlog area pursuant to s. 163.387(2)(d).

(7) TRANSPORTATION CONCURRENCY SATISFACTION.—Upon adoption of a transportation concurrency backlog plan as a part of the local government comprehensive plan, and the plan going into effect, the area subject to the plan shall be deemed to have achieved and maintained transportation level of service standards, and to have met requirements for financial feasibility for transportation facilities, and for the purpose of proposed development transportation concurrency has been satisfied. Proportionate fair share mitigation shall be limited to ensure that a development inside a transportation concurrency backlog area is not responsible for the additional costs of eliminating backlogs.

(8) *DISSOLUTION.*—Upon completion of all transportation concurrency backlog projects, a transportation concurrency backlog authority shall be dissolved and its assets and liabilities shall be transferred to the county or municipality within which the authority is located. All remaining assets of the authority must be used for implementation of transportation projects within the jurisdiction of the authority. The local government comprehensive plan shall be amended to remove the transportation concurrency backlog plan.

Section 13. Subsection (14) is added to section 163.3191, Florida Statutes, to read:

163.3191 Evaluation and appraisal of comprehensive plan.—

(14) *The requirement of subsection (10) prohibiting a local government from adopting amendments to the local comprehensive plan until the evaluation and appraisal report update amendments have been adopted and transmitted to the state land planning agency does not apply to a plan amendment proposed for adoption by the appropriate local government as defined in s. 163.3178(2)(k) in order to integrate a port comprehensive master plan with the coastal management element of the local comprehensive plan as required by s. 163.3178(2)(k) if the port comprehensive master plan or the proposed plan amendment does not cause or contribute to the failure of the local government to comply with the requirements of the evaluation and appraisal report.*

Section 14. Paragraph (e) of subsection (2) of section 212.055, Florida Statutes, are amended to read:

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. 212.054.

(2) LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.—

(e) School districts, counties, and municipalities receiving proceeds under the provisions of this subsection may pledge such proceeds for the purpose of servicing new bond indebtedness incurred pursuant to law. Local governments may use the services of the Division of Bond Finance of the State Board of Administration pursuant to the State Bond Act to issue any bonds through the provisions of this subsection. ~~In no case may a jurisdiction issue bonds pursuant to this subsection more frequently than once per year.~~ Counties and municipalities may join together for the issuance of bonds authorized by this subsection.

Section 15. Subsection (1) of section 215.615, Florida Statutes, is amended to read:

215.615 Fixed-guideway transportation systems funding.—

(1) The issuance of revenue bonds by the Division of Bond Finance, on behalf of the Department of Transportation, pursuant to s. 11, Art. VII of the State Constitution, is authorized, pursuant to the State Bond Act, to finance or refinance fixed capital expenditures for fixed-guideway transportation systems, as defined in s. 341.031, including facilities appurtenant thereto, costs of issuance, and other amounts relating to such financing or refinancing. ~~Such revenue bonds shall be matched on a 50-50 basis with funds from sources other than revenues of the Department of Transportation, in a manner acceptable to the Department of Transportation.~~ The Division of Bond Finance is authorized to consider innovative financing techniques, technologies which may include, but are not limited to, innovative bidding and structures of potential financings findings that may result in negotiated transactions. *The following conditions apply to the issuance of revenue bonds for fixed-guideway transportation systems:*

(a) The department and any participating commuter rail authority or regional transportation authority established under chapter 343, local governments, or local governments collectively by interlocal agreement having jurisdiction of a fixed-guideway transportation system may

enter into an interlocal agreement to promote the efficient and cost-effective financing or refinancing of fixed-guideway transportation system projects by revenue bonds issued pursuant to this subsection. The terms of such interlocal agreements shall include provisions for the Department of Transportation to request the issuance of the bonds on behalf of the parties; shall provide that *after reimbursement pursuant to interlocal agreement, the department's share may be up to 50 percent of the eligible project cost, which may include a share of annual* ~~each party to the agreement is contractually liable for an equal share of funding an amount equal to the debt service requirements of such bonds;~~ and shall include any other terms, provisions, or covenants necessary to the making of and full performance under such interlocal agreement. Repayments made to the department under any interlocal agreement are not pledged to the repayment of bonds issued hereunder, and failure of the local governmental authority to make such payment shall not affect the obligation of the department to pay debt service on the bonds.

(b) Revenue bonds issued pursuant to this subsection shall not constitute a general obligation of, or a pledge of the full faith and credit of, the State of Florida. Bonds issued pursuant to this section shall be payable from funds available pursuant to s. 206.46(3), *or other funds available to the project*, subject to annual appropriation. The amount of revenues available for debt service shall never exceed a maximum of 2 percent of all state revenues deposited into the State Transportation Trust Fund.

(c) The projects to be financed or refinanced with the proceeds of the revenue bonds issued hereunder are designated as state fixed capital outlay projects for purposes of s. 11(d), Art. VII of the State Constitution, and the specific projects to be financed or refinanced shall be determined by the Department of Transportation in accordance with state law and appropriations from the State Transportation Trust Fund. Each project to be financed with the proceeds of the bonds issued pursuant to this subsection must first be approved by the Legislature by an act of general law.

(d) Any complaint for validation of bonds issued pursuant to this section shall be filed in the circuit court of the county where the seat of state government is situated, the notice required to be published by s. 75.06 shall be published only in the county where the complaint is filed, and the complaint and order of the circuit court shall be served only on the state attorney of the circuit in which the action is pending.

(e) The state does hereby covenant with holders of such revenue bonds or other instruments of indebtedness issued hereunder, that it will not repeal or impair or amend these provisions in any manner that will materially and adversely affect the rights of such holders as long as bonds authorized by this subsection are outstanding.

(f) This subsection supersedes any inconsistent provisions in existing law.

Notwithstanding this subsection, the lien of revenue bonds issued pursuant to this subsection on moneys deposited into the State Transportation Trust Fund shall be subordinate to the lien on such moneys of bonds issued under ss. 215.605, 320.20, and 215.616, and any pledge of such moneys to pay operating and maintenance expenses under s. 206.46(5) and chapter 348, as may be amended.

Section 16. Subsection (1) of section 311.22, Florida Statutes, is amended to read:

311.22 Additional authorization for funding certain dredging projects.—

(1) The Florida Seaport Transportation and Economic Development Council shall establish a program to fund dredging projects in counties having a population of fewer than 300,000 according to the last official census. Funds made available under this program may be used to fund approved projects for the dredging or deepening of channels, turning basins, or harbors on a *25-percent local* ~~50-50~~ matching basis with any port authority, as such term is defined in s. 315.02(2), which complies with the permitting requirements in part IV of chapter 373 and the local financial management and reporting provisions of part III of chapter 218.

Section 17. Section 316.2123, Florida Statutes, is amended to read:

316.2123 Operation of an ATV on certain roadways.—

(1) The operation of an ATV, as defined in s. 317.0003, upon the public roads or streets of this state is prohibited, except that an ATV may be operated during the daytime on an unpaved roadway where the posted speed limit is less than 35 miles per hour ~~by a licensed driver or by a minor under the supervision of a licensed driver. The operator must provide proof of ownership pursuant to chapter 317 upon request by a law enforcement officer.~~

(2) A county is exempt from this section if the governing body of the county, by majority vote, following a noticed public hearing, votes to exempt the county from this section. *Alternatively, a county may, by majority vote after such a hearing, designate certain unpaved roadways where an ATV may be operated during the daytime as long as each such designated roadway has a posted speed limit of less than 35 miles per hour and is appropriately marked to indicate permissible ATV use.*

(3) *Any ATV operation that is permitted under subsection (1) or subsection (2) may be undertaken only by a licensed driver or a minor who is under the direct supervision of a licensed driver. The operator must provide proof of ownership under chapter 317 upon the request of a law enforcement officer.*

Section 18. Subsection (1) of section 316.605, Florida Statutes, is amended to read:

316.605 Licensing of vehicles.—

(1) Every vehicle, at all times while driven, stopped, or parked upon any highways, roads, or streets of this state, shall be licensed in the name of the owner thereof in accordance with the laws of this state unless such vehicle is not required by the laws of this state to be licensed in this state and shall, except as otherwise provided in s. 320.0706 for front-end registration license plates on truck tractors and s. 320.086(5) which exempts display of license plates on described former military vehicles, display the license plate or both of the license plates assigned to it by the state, one on the rear and, if two, the other on the front of the vehicle, each to be securely fastened to the vehicle outside the main body of the vehicle *not higher than 60 inches and not lower than 12 inches from the ground and no more than 24 inches to the left or right of the centerline of the vehicle, and in such manner as to prevent the plates from swinging, and all letters, numerals, printing, writing, and other identification marks upon the plates regarding the word "Florida," the registration decal, and the alphanumeric designation shall be clear and distinct and free from defacement, mutilation, grease, and other obscuring matter, so that they will be plainly visible and legible at all times 100 feet from the rear or front. Vehicle license plates shall be affixed and displayed in such a manner that the letters and numerals shall be read from left to right parallel to the ground. No vehicle license plate may be displayed in an inverted or reversed position or in such a manner that the letters and numbers and their proper sequence are not readily identifiable.* Nothing shall be placed upon the face of a Florida plate except as permitted by law or by rule or regulation of a governmental agency. No license plates other than those furnished by the state shall be used. However, if the vehicle is not required to be licensed in this state, the license plates on such vehicle issued by another state, by a territory, possession, or district of the United States, or by a foreign country, substantially complying with the provisions hereof, shall be considered as complying with this chapter. A violation of this subsection is a non-criminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

Section 19. Paragraph (b) of subsection (3) of section 316.650, Florida Statutes, is amended to read:

316.650 Traffic citations.—

(3)

(b) If a traffic citation is issued pursuant to s. 316.1001, a traffic enforcement officer may deposit the original and one copy of such traffic citation or, in the case of a traffic enforcement agency that has an automated citation system, may provide an electronic facsimile with a court having jurisdiction over the alleged offense or with its traffic violations bureau within 45 days after the date of issuance of the citation to the violator. *If the person cited for the violation of s. 316.1001 makes the election provided by s. 318.14(12) and pays the \$25 fine, or such other amount as imposed by the governmental entity owning the applicable toll facility, plus the amount of the unpaid toll that is shown on the traffic citation directly to the governmental entity that issued the citation, or on*

whose behalf the citation was issued, in accordance with s. 318.14(12), the traffic citation will not be submitted to the court, the disposition will be reported to the department by the governmental entity that issued the citation, or on whose behalf the citation was issued, and no points will be assessed against the person's driver's license.

Section 20. Subsection (12) of section 318.14, Florida Statutes, is amended to read:

318.14 Noncriminal traffic infractions; exception; procedures.—

(12) Any person cited for a violation of s. 316.1001 may, in lieu of making an election as set forth in subsection (4) or s. 318.18(7), elect to pay a ~~his or her~~ fine of \$25, or such other amount as imposed by the governmental entity owning the applicable toll facility, plus the amount of the unpaid toll that is shown on the traffic citation directly to the governmental entity that issued the citation, or on whose behalf the citation was issued, within 30 days after the date of issuance of the citation. Any person cited for a violation of s. 316.1001 who does not elect to pay the fine imposed by the governmental entity owning the applicable toll facility plus the amount of the unpaid toll that is shown on the traffic citation directly to the governmental entity that issued the citation, or on whose behalf the citation was issued, as described in this subsection shall have an additional 45 days after the date of the issuance of the citation in which to request a court hearing or to pay the civil penalty and delinquent fee, if applicable, as provided in s. 318.18(7), either by mail or in person, in accordance with subsection (4).

Section 21. Section 318.18, Florida Statutes, is amended to read:

318.18 Amount of civil penalties.—The penalties required for a non-criminal disposition pursuant to s. 318.14 or a criminal offense listed in s. 318.17 are as follows:

(1) Fifteen dollars for:

(a) All infractions of pedestrian regulations.

(b) All infractions of s. 316.2065, unless otherwise specified.

(c) Other violations of chapter 316 by persons 14 years of age or under who are operating bicycles, regardless of the noncriminal traffic infraction's classification.

(2) Thirty dollars for all nonmoving traffic violations and:

(a) For all violations of s. 322.19.

(b) For all violations of ss. 320.0605, 320.07(1), 322.065, and 322.15(1). Any person who is cited for a violation of s. 320.07(1) shall be charged a delinquent fee pursuant to s. 320.07(4).

1. If a person who is cited for a violation of s. 320.0605 or s. 320.07 can show proof of having a valid registration at the time of arrest, the clerk of the court may dismiss the case and may assess a dismissal fee of up to \$7.50. A person who finds it impossible or impractical to obtain a valid registration certificate must submit an affidavit detailing the reasons for the impossibility or impracticality. The reasons may include, but are not limited to, the fact that the vehicle was sold, stolen, or destroyed; that the state in which the vehicle is registered does not issue a certificate of registration; or that the vehicle is owned by another person.

2. If a person who is cited for a violation of s. 322.03, s. 322.065, or s. 322.15 can show a driver's license issued to him or her and valid at the time of arrest, the clerk of the court may dismiss the case and may assess a dismissal fee of up to \$7.50.

3. If a person who is cited for a violation of s. 316.646 can show proof of security as required by s. 627.733, issued to the person and valid at the time of arrest, the clerk of the court may dismiss the case and may assess a dismissal fee of up to \$7.50. A person who finds it impossible or impractical to obtain proof of security must submit an affidavit detailing the reasons for the impracticality. The reasons may include, but are not limited to, the fact that the vehicle has since been sold, stolen, or destroyed; that the owner or registrant of the vehicle is not required by s. 627.733 to maintain personal injury protection insurance; or that the vehicle is owned by another person.

(c) For all violations of ss. 316.2935 and 316.610. However, for a violation of s. 316.2935 or s. 316.610, if the person committing the violation corrects the defect and obtains proof of such timely repair by an affidavit of compliance executed by the law enforcement agency within 30 days from the date upon which the traffic citation was issued, and pays \$4 to the law enforcement agency, thereby completing the affidavit of compliance, then upon presentation of said affidavit by the defendant to the clerk within the 30-day time period set forth under s. 318.14(4), the fine must be reduced to \$7.50, which the clerk of the court shall retain.

(d) For all violations of s. 316.126(1)(b), unless otherwise specified.

(3)(a) Except as otherwise provided in this section, \$60 for all moving violations not requiring a mandatory appearance.

(b) For moving violations involving unlawful speed, the fines are as follows:

For speed exceeding the limit by:	Fine:
1-5 m.p.h	Warning
6-9 m.p.h	\$25
10-14 m.p.h	\$100
15-19 m.p.h	\$125
20-29 m.p.h	\$150
30 m.p.h. and above	\$250

(c) Notwithstanding paragraph (b), a person cited for exceeding the speed limit by up to 5 m.p.h. in a legally posted school zone will be fined \$50. A person exceeding the speed limit in a school zone shall pay a fine double the amount listed in paragraph (b).

(d) A person cited for exceeding the speed limit in a posted construction zone, which posting must include notification of the speed limit and the doubling of fines, shall pay a fine double the amount listed in paragraph (b). The fine shall be doubled for construction zone violations only if construction personnel are present or operating equipment on the road or immediately adjacent to the road under construction.

(e) A person cited for exceeding the speed limit in an enhanced penalty zone shall pay a fine amount of \$50 plus the amount listed in paragraph (b). Notwithstanding paragraph (b), a person cited for exceeding the speed limit by up to 5 m.p.h. in a legally posted enhanced penalty zone shall pay a fine amount of \$50.

(f) If a violation of s. 316.1301 or s. 316.1303 results in an injury to the pedestrian or damage to the property of the pedestrian, an additional fine of up to \$250 shall be paid. This amount must be distributed pursuant to s. 318.21.

(g) A person cited for exceeding the speed limit within a zone posted for any electronic or manual toll collection facility shall pay a fine double the amount listed in paragraph (b). However, no person cited for exceeding the speed limit in any toll collection zone shall be subject to a doubled fine unless the governmental entity or authority controlling the toll collection zone first installs a traffic control device providing warning that speeding fines are doubled. Any such traffic control device must meet the requirements of the uniform system of traffic control devices.

(h) A person cited for a second or subsequent conviction of speed exceeding the limit by 30 miles per hour and above within a 12-month period shall pay a fine that is double the amount listed in paragraph (b). For purposes of this paragraph, the term "conviction" means a finding of guilt as a result of a jury verdict, nonjury trial, or entry of a plea of guilty. Moneys received from the increased fine imposed by this paragraph shall be remitted to the Department of Revenue and deposited into the Department of Health Administrative Trust Fund to provide financial support to certified trauma centers to assure the availability and accessibility of trauma services throughout the state. Funds deposited into the Administrative Trust Fund under this section shall be allocated as follows:

1. Fifty percent shall be allocated equally among all Level I, Level II, and pediatric trauma centers in recognition of readiness costs for maintaining trauma services.

2. Fifty percent shall be allocated among Level I, Level II, and pediatric trauma centers based on each center's relative volume of trauma cases as reported in the Department of Health Trauma Registry.

(4) The penalty imposed under s. 316.545 shall be determined by the officer in accordance with the provisions of ss. 316.535 and 316.545.

(5)(a) One hundred dollars for a violation of s. 316.172(1)(a), failure to stop for a school bus. If, at a hearing, the alleged offender is found to have committed this offense, the court shall impose a minimum civil penalty of \$100. In addition to this penalty, for a second or subsequent offense within a period of 5 years, the department shall suspend the driver's license of the person for not less than 90 days and not more than 6 months.

(b) Two hundred dollars for a violation of s. 316.172(1)(b), passing a school bus on the side that children enter and exit when the school bus displays a stop signal. If, at a hearing, the alleged offender is found to have committed this offense, the court shall impose a minimum civil penalty of \$200. In addition to this penalty, for a second or subsequent offense within a period of 5 years, the department shall suspend the driver's license of the person for not less than 180 days and not more than 1 year.

(6) One hundred dollars or the fine amount designated by county ordinance, plus court costs for illegally parking, under s. 316.1955, in a parking space provided for people who have disabilities. However, this fine will be waived if a person provides to the law enforcement agency that issued the citation for such a violation proof that the person committing the violation has a valid parking permit or license plate issued pursuant to s. 316.1958, s. 320.0842, s. 320.0843, s. 320.0845, or s. 320.0848 or a signed affidavit that the owner of the disabled parking permit or license plate was present at the time the violation occurred, and that such a parking permit or license plate was valid at the time the violation occurred. The law enforcement officer, upon determining that all required documentation has been submitted verifying that the required parking permit or license plate was valid at the time of the violation, must sign an affidavit of compliance. Upon provision of the affidavit of compliance and payment of a dismissal fee of up to \$7.50 to the clerk of the circuit court, the clerk shall dismiss the citation.

(7) ~~Mandatory \$100 fine~~ ~~One hundred dollars~~ for each a violation of s. 316.1001 plus the amount of the unpaid toll shown on the traffic citation for each citation issued. The clerk of the court shall forward \$25 of the \$100 fine received, plus the amount of the unpaid toll that is shown on the citation, to the governmental entity that issued the citation, or on whose behalf the citation was issued. If a plea arrangement is reached prior to the date set for a scheduled evidentiary hearing and adjudication is withheld, there shall be a mandatory fine assessed per citation of not less than \$50 and not more than \$100, plus the amount of the unpaid toll for each citation issued. The clerk of the court shall forward \$25 of the fine imposed plus the amount of the unpaid toll that is shown on the citation to the governmental entity that issued the citation or on whose behalf the citation was issued. The court shall have specific authority to consolidate issued citations for the same defendant for the purpose of sentencing and aggregate jurisdiction. In addition, the department shall suspend for 60 days the driver's license of a person who is convicted of 10 violations of s. 316.1001 within a 36-month period. ~~However, a person may elect to pay \$30 to the clerk of the court, in which case adjudication is withheld, and no points are assessed under s. 322.27. Upon receipt of the fine, the clerk of the court must retain \$5 for administrative purposes and must forward the \$25 to the governmental entity that issued the citation.~~ Any funds received by a governmental entity for this violation may be used for any lawful purpose related to the operation or maintenance of a toll facility.

(8)(a) Any person who fails to comply with the court's requirements or who fails to pay the civil penalties specified in this section within the 30-day period provided for in s. 318.14 must pay an additional civil penalty of \$12, \$2.50 of which must be remitted to the Department of Revenue for deposit in the General Revenue Fund, and \$9.50 of which must be remitted to the Department of Revenue for deposit in the Highway Safety Operating Trust Fund. The department shall contract with the Florida Association of Court Clerks, Inc., to design, establish, operate, upgrade, and maintain an automated statewide Uniform Traffic Citation Accounting System to be operated by the clerks of the court which shall include, but not be limited to, the accounting for traffic infractions by type, a record of the disposition of the citations, and an

accounting system for the fines assessed and the subsequent fine amounts paid to the clerks of the court. On or before December 1, 2001, the clerks of the court must provide the information required by this chapter to be transmitted to the department by electronic transmission pursuant to the contract.

(b) Any person who fails to comply with the court’s requirements as to civil penalties specified in this section due to demonstrable financial hardship shall be authorized to satisfy such civil penalties by public works or community service. Each hour of such service shall be applied, at the rate of the minimum wage, toward payment of the person’s civil penalties; provided, however, that if the person has a trade or profession for which there is a community service need and application, the rate for each hour of such service shall be the average standard wage for such trade or profession. Any person who fails to comply with the court’s requirements as to such civil penalties who does not demonstrate financial hardship may also, at the discretion of the court, be authorized to satisfy such civil penalties by public works or community service in the same manner.

(c) If the noncriminal infraction has caused or resulted in the death of another, the person who committed the infraction may perform 120 community service hours under s. 316.027(4), in addition to any other penalties.

(9) One hundred dollars for a violation of s. 316.1575.

(10) Twenty-five dollars for a violation of s. 316.2074.

(11)(a) In addition to the stated fine, court costs must be paid in the following amounts and shall be deposited by the clerk into the fine and forfeiture fund established pursuant to s. 142.01:

- For pedestrian infractions \$ 3.
- For nonmoving traffic infractions \$ 16.
- For moving traffic infractions \$ 30.

(b) In addition to the court cost required under paragraph (a), up to \$3 for each infraction shall be collected and distributed by the clerk in those counties that have been authorized to establish a criminal justice selection center or a criminal justice access and assessment center pursuant to the following special acts of the Legislature:

1. Chapter 87-423, Laws of Florida, for Brevard County.
2. Chapter 89-521, Laws of Florida, for Bay County.
3. Chapter 94-444, Laws of Florida, for Alachua County.
4. Chapter 97-333, Laws of Florida, for Pinellas County.

Funds collected by the clerk pursuant to this paragraph shall be distributed to the centers authorized by those special acts.

(c) In addition to the court cost required under paragraph (a), a \$2.50 court cost must be paid for each infraction to be distributed by the clerk to the county to help pay for criminal justice education and training programs pursuant to s. 938.15. Funds from the distribution to the county not directed by the county to fund these centers or programs shall be retained by the clerk and used for funding the court-related services of the clerk.

(d) In addition to the court cost required under paragraph (a), a \$3 court cost must be paid for each infraction to be distributed as provided in s. 938.01 and a \$2 court cost as provided in s. 938.15 when assessed by a municipality or county.

(12) Two hundred dollars for a violation of s. 316.520(1) or (2). If, at a hearing, the alleged offender is found to have committed this offense, the court shall impose a minimum civil penalty of \$200. For a second or subsequent adjudication within a period of 5 years, the department shall suspend the driver’s license of the person for not less than 1 year and not more than 2 years.

(13) In addition to any penalties imposed for noncriminal traffic infractions pursuant to this chapter or imposed for criminal violations listed in s. 318.17, a board of county commissioners or any unit of local government which is consolidated as provided by s. 9, Art. VIII of the State Constitution of 1885, as preserved by s. 6(e), Art. VIII of the Constitution of 1968:

(a) May impose by ordinance a surcharge of up to \$15 for any infraction or violation to fund state court facilities. The court shall not waive this surcharge. Up to 25 percent of the revenue from such surcharge may be used to support local law libraries provided that the county or unit of local government provides a level of service equal to that provided prior to July 1, 2004, which shall include the continuation of library facilities located in or near the county courthouse or annexes.

(b) That imposed increased fees or service charges by ordinance under s. 28.2401, s. 28.241, or s. 34.041 for the purpose of securing payment of the principal and interest on bonds issued by the county before July 1, 2003, to finance state court facilities, may impose by ordinance a surcharge for any infraction or violation for the exclusive purpose of securing payment of the principal and interest on bonds issued by the county before July 1, 2003, to fund state court facilities until the date of stated maturity. The court shall not waive this surcharge. Such surcharge may not exceed an amount per violation calculated as the quotient of the maximum annual payment of the principal and interest on the bonds as of July 1, 2003, divided by the number of traffic citations for county fiscal year 2002-2003 certified as paid by the clerk of the court of the county. Such quotient shall be rounded up to the next highest dollar amount. The bonds may be refunded only if savings will be realized on payments of debt service and the refunding bonds are scheduled to mature on the same date or before the bonds being refunded. *Notwithstanding any of the foregoing provisions of this paragraph that limit the use of surcharge revenues, if the revenues generated as a result of the adoption of this ordinance exceed the debt service on the bonds, the surplus revenues may be used to pay down the debt service on the bonds; fund other state-court-facility construction projects as may be certified by the chief judge as necessary to address unexpected growth in caseloads, emergency requirements to accommodate public access, threats to the safety of the public, judges, staff, and litigants, or other exigent circumstances; or support local law libraries in or near the county courthouse or annexes.*

A county may not impose both of the surcharges authorized under paragraphs (a) and (b) concurrently. The clerk of court shall report, no later than 30 days after the end of the quarter, the amount of funds collected under this subsection during each quarter of the fiscal year. The clerk shall submit the report, in a format developed by the Office of State Courts Administrator, to the chief judge of the circuit, the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(14) In addition to any penalties imposed for noncriminal traffic infractions under this chapter or imposed for criminal violations listed in s. 318.17, any unit of local government that is consolidated as provided by s. 9, Art. VIII of the State Constitution of 1885, as preserved by s. 6(e), Art. VIII of the State Constitution of 1968, and that is granted the authority in the State Constitution to exercise all the powers of a municipal corporation, and any unit of local government operating under a home rule charter adopted pursuant to ss. 10, 11, and 24, Art. VIII of the State Constitution of 1885, as preserved by s. 6(e), Art. VIII of the State Constitution of 1968, that is granted the authority in the State Constitution to exercise all the powers conferred now or hereafter by general law upon municipalities, may impose by ordinance a surcharge of up to \$15 for any infraction or violation. Revenue from the surcharge shall be transferred to such unit of local government for the purpose of replacing fine revenue deposited into the clerk’s fine and forfeiture fund under s. 142.01. The court may not waive this surcharge. Proceeds from the imposition of the surcharge authorized in this subsection shall not be used for the purpose of securing payment of the principal and interest on bonds. This subsection, and any surcharge imposed pursuant to this subsection, shall stand repealed September 30, 2007.

(15) One hundred twenty-five dollars for a violation of s. 316.074(1) or s. 316.075(1)(c)1. when a driver has failed to stop at a traffic signal. Sixty dollars shall be distributed as provided in s. 318.21, and the remaining \$65 shall be remitted to the Department of Revenue for deposit into the Administrative Trust Fund of the Department of Health.

(16) One hundred dollars for a violation of s. 316.622(3) or (4), for a vehicle that fails to display a sticker authorizing it to transport migrant or seasonal farm workers or fails to display standardized notification instructions requiring passengers to fasten their seat belts. Two hundred dollars for a violation of s. 316.622(1) or (2), for operating a farm labor vehicle that fails to conform to vehicle safety standards or lacks seat belt assemblies at each passenger position.

(17) *In addition to any penalties imposed, a surcharge of \$3 must be paid for all criminal offenses listed in s. 318.17 and for all noncriminal moving traffic violations under chapter 316. Revenue from the surcharge shall be remitted to the Department of Revenue and deposited quarterly into the State Agency Law Enforcement Radio System Trust Fund of the Department of Management Services for the state agency law enforcement radio system, as described in s. 282.1095. This subsection expires July 1, 2012. The Department of Management Services may retain funds sufficient to recover the costs and expenses incurred for the purposes of managing, administering, and overseeing the Statewide Law Enforcement Radio System. The Department of Management Services working in conjunction with the Joint Task Force on State Agency Law Enforcement Communications shall determine and direct the purposes for which these funds are used to enhance and improve the radio system.*

Section 22. Subsection (17) is added to section 318.21, Florida Statutes, to read:

318.21 Disposition of civil penalties by county courts.—All civil penalties received by a county court pursuant to the provisions of this chapter shall be distributed and paid monthly as follows:

(17) *Notwithstanding subsections (1) and (2), the proceeds from the surcharge imposed under s. 318.18(17) shall be distributed as provided in that subsection. This subsection expires July 1, 2012.*

Section 23. Section 320.061, Florida Statutes, is amended to read:

320.061 Unlawful to alter motor vehicle registration certificates, license plates, mobile home stickers, or validation stickers *or to obscure license plates*; penalty.—No person shall alter the original appearance of any registration license plate, mobile home sticker, validation sticker, or vehicle registration certificate issued for and assigned to any motor vehicle or mobile home, whether by mutilation, alteration, defacement, or change of color or in any other manner. *No person shall apply or attach any substance, reflective matter, illuminated device, spray, coating, covering, or other material onto or around any license plate that interferes with the legibility, angular visibility, or detectability of any feature or detail on the license plate or interferes with the ability to record any feature or detail on the license plate.* Any person who violates the provisions of this section commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

Section 24. *Notwithstanding any provision to the contrary, the second paragraph contained in Specific Appropriation 2188 of the 2007-2008 General Appropriations Act shall not take effect but is repealed.*

Section 25. Paragraph (c) of subsection (6) and subsection (8) of section 332.007, Florida Statutes, are amended to read:

332.007 Administration and financing of aviation and airport programs and projects; state plan.—

(6) Subject to the availability of appropriated funds, the department may participate in the capital cost of eligible public airport and aviation development projects in accordance with the following rates, unless otherwise provided in the General Appropriations Act or the substantive bill implementing the General Appropriations Act:

(c) When federal funds are not available, the department may fund up to 80 percent of master planning and eligible aviation development projects at publicly owned, publicly operated airports. *If federal funds are available, the department may fund up to 80 percent of the nonfederal share of such projects.* Such funding is limited to airports that have no scheduled commercial service.

(8) Notwithstanding any other provision of law to the contrary, the department is authorized to *fund security projects at provide operational and maintenance assistance to publicly owned public-use airports. Such assistance shall be to comply with enhanced federal security requirements or to address related economic impacts from the events of September 11, 2001.* For projects in the current adopted work program, or projects added using the available budget of the department, airports may request the department change the project purpose in accordance with this provision notwithstanding the provisions of s. 339.135(7). For purposes of this subsection, the department may fund up to 100 percent of eligible project costs that are not funded by the Federal Government. ~~Prior to releasing any funds under this section, the department shall review and approve the expenditure plans submitted by the airport. The~~

~~department shall inform the Legislature of any change that it approves under this subsection. This subsection shall expire on June 30, 2012 2007.~~

Section 26. Subsection (4) of section 332.14, Florida Statutes, is amended to read:

332.14 Secure Airports for Florida's Economy Council.—

(4) The council shall adopt bylaws governing the manner in which the business of the council will be conducted. The bylaws shall specify the procedure by which the chair of the council is elected. The council shall meet at the call of its chair, at the request of a majority of its membership, or at such times as may be prescribed in its bylaws. However, the council must meet at least twice a year. *Except for the members under paragraphs (2)(d), (e), and (f), all members of the council are voting members. A majority of voting members of the council constitutes a quorum for the purpose of transacting the business of the council. A vote of the majority of the members present is sufficient for any action of the council, except that a member representing the Department of Transportation, the Department of Community Affairs, the Department of Law Enforcement, or the Office of Tourism, Trade, and Economic Development may vote to overrule any action of the council approving a project pursuant to paragraph (7)(a). The bylaws of the council may require a greater vote for a particular action.*

Section 27. Section 334.351, Florida Statutes, is amended to read:

334.351 Youth work experience program; findings and intent; authority to contract; limitation.—

(1) The Legislature finds and declares that young men and women of the state should be given an opportunity to obtain public service work and training experience that protects and conserves the valuable resources of the state and promotes participation in other community enhancement projects. Notwithstanding the requirements of chapters 287 and 337, the Department of Transportation is authorized to contract with public agencies and nonprofit organizations for the performance of work related to the construction and maintenance of transportation-related facilities by youths enrolled in youth work experience programs. The total amount of contracts entered into by the department under this section in any fiscal year may not exceed the amount specifically appropriated by the Legislature for this program.

(2) *Each nonprofit youth organization that provides services under a contract with the department must certify that each young person enrolled in its work experience program is a resident of this state and possesses a valid Florida driver's license or identification card.*

(3) *When selecting a nonprofit youth organization to perform work on transportation-related facilities and before awarding a contract under this section, the department must consider the following criteria:*

(a) *The number of participants receiving life-management skills training;*

(b) *The number of participants receiving high school diplomas or GEDs;*

(c) *The number of participants receiving scholarships;*

(d) *The number of participants receiving bonuses;*

(e) *The number of participants who have secured full-time jobs; and*

(f) *The other programs or services that support the development of disadvantaged youths.*

(4) *Each nonprofit youth organization under contract with the department must:*

(a) *Submit an annual report to the department by January 1 of each year. The report must include, but need not be limited to, the applicable performance of the organization when measured by the criteria in subsection (3) for the organization's most recently completed fiscal year.*

(b) *Submit an independent audit of the organization's financial records to the department each year. The organization's contract with the department must allow the department the right to inspect the organization's financial and program records.*

(c) *Demonstrate participation in a peer assessment or review process, such as the Excellence in Corps Operations of the National Association of Service and Conservation Corps.*

Section 28. Paragraph (c) of subsection (1) of section 336.025, Florida Statutes, is amended to read:

336.025 County transportation system; levy of local option fuel tax on motor fuel and diesel fuel.—

(1)

(c) Local governments may use the services of the Division of Bond Finance of the State Board of Administration pursuant to the State Bond Act to issue any bonds through the provisions of this section and may pledge the revenues from local option fuel taxes to secure the payment of the bonds. ~~In no case may a jurisdiction issue bonds pursuant to this section more frequently than once per year.~~ Counties and municipalities may join together for the issuance of bonds issued pursuant to this section.

Section 29. Subsection (3) of section 336.41, Florida Statutes, is amended to read:

336.41 Counties; employing labor and providing road equipment; accounting; when competitive bidding required.—

(3) All construction and reconstruction of roads and bridges, including resurfacing, full scale mineral seal coating, and major bridge and bridge system repairs, to be performed utilizing the proceeds of the 80-percent portion of the surplus of the constitutional gas tax shall be let to contract to the lowest responsible bidder by competitive bid, except for:

(a) Construction and maintenance in emergency situations, and

(b) In addition to emergency work, construction and reconstruction, including resurfacing, mineral seal coating, and bridge repairs, having a total cumulative annual value not to exceed 5 percent of its 80-percent portion of the constitutional gas tax or \$400,000 ~~\$250,000~~, whichever is greater, and

(c) *Construction of sidewalks, curbing, accessibility ramps, or appurtenances incidental to roads and bridges if each project is estimated in accordance with generally accepted cost-accounting principles to have total construction project costs of less than \$400,000 or as adjusted by the percentage change in the Construction Cost Index from January 1, 2008,* for which the county may utilize its own forces. However, if, after proper advertising, no bids are received by a county for a specific project, the county may use its own forces to construct the project, notwithstanding the limitation of this subsection. Nothing in this section shall prevent the county from performing routine maintenance as authorized by law.

Section 30. *Construction aggregate materials.*—

(1) **DEFINITIONS.**—“Construction aggregate materials” means crushed stone, limestone, dolomite, limerock, shell rock, cemented coquina, sand for use as a component of mortars, concrete, bituminous mixtures, or underdrain filters, and other mined resources providing the basic material for concrete, asphalt, and road base.

(2) **LEGISLATIVE INTENT.**—*The Legislature finds that there is a strategic and critical need for an available supply of construction aggregate materials within the state and that a disruption of the supply would cause a significant detriment to the state’s construction industry, transportation system, and overall health, safety, and welfare.*

(3) **LOCAL GOVERNMENT DECISIONMAKING.**—*No local government shall approve or deny a proposed land use zoning change, comprehensive plan amendment, land use permit, ordinance, or order regarding construction aggregate materials without considering any information provided by the Department of Transportation regarding the effect such change, amendment, permit decision, ordinance, or order would have on the availability, transportation, and potential extraction of construction aggregate materials on the local area, the region, and the state. The failure of the Department of Transportation to provide this information shall not be a basis for delay or invalidation of the local government action. No local government may impose a moratorium, or combination of moratoria, of more than 12 months’ duration on the*

mining or extraction of construction aggregate materials, commencing on the date the vote was taken to impose the moratorium. January 1, 2007, shall serve as the commencement of the 12-month period for moratoria already in place as of July 1, 2007.

(4) **EXPEDITED PERMITTING.**—*Due to the state’s critical infrastructure needs and the potential shortfall in available construction aggregate materials, limerock environmental resource permitting and reclamation applications filed after March 1, 2007, are eligible for the expedited permitting processes contained in s. 403.973, Florida Statutes. Challenges to state agency action in the expedited permitting process for establishment of a limerock mine in this state under s. 403.973, Florida Statutes, are subject to the same requirements as challenges brought under s. 403.973(15)(a), Florida Statutes, except that, notwithstanding s. 120.574, Florida Statutes, summary proceedings must be conducted within 30 days after a party files the motion for summary hearing, regardless of whether the parties agree to the summary proceeding.*

(5) **STRATEGIC AGGREGATES REVIEW TASK FORCE.**—

(a) *The Strategic Aggregates Review Task Force is created to evaluate the availability and disposition of construction aggregate materials and related mining and land use practices in this state.*

(b) *The task force shall be appointed by August 1, 2007, and shall be composed of the following 19 members:*

1. *The President of the Senate, the Speaker of the House of Representatives, and the Governor shall each appoint one member from each of the following groups:*

a. *The mining industry.*

b. *The construction industry.*

c. *The transportation industries, including seaports, trucking, railroads, or roadbuilders.*

d. *Elected officials representing counties identified by the Department of Transportation as limestone or sand resource areas. Rural, mid-size, and urban counties shall each have one elected official on the task force.*

e. *Environmental advocacy groups.*

2. *The Secretary of Environmental Protection or designee.*

3. *The Secretary of Community Affairs or designee.*

4. *The Secretary of Transportation or designee.*

5. *One member appointed by the Florida League of Cities, Inc.*

(c) *Members of the commission shall serve without compensation. Travel and per diem expenses for members who are not state employees shall be paid by the Department of Transportation in accordance with s. 112.061, Florida Statutes.*

(d) *The Department of Transportation shall organize and provide administrative support for the task force and coordinate with other state agencies and local governments in obtaining and providing such data and information as may be needed by the task force to complete its evaluation. The department may conduct any supporting studies as are required to obtain needed information or otherwise assist the task force in its review and deliberations.*

(e) *The Department of Transportation shall collect and provide information to the task force relating to construction aggregate materials and the amount of such materials used by the department on state road infrastructure projects and shall provide any technical and supporting information relating to the use of such materials as is available to the department.*

(f) *The task force shall report its findings to the Governor, the President of the Senate, and the Speaker of the House of Representatives by February 1, 2008. The report must identify locations with significant concentrations of construction aggregate materials and recommend actions intended to ensure the continued extraction and availability of construction aggregate materials.*

(g) *The task force shall be dissolved on July 1, 2008.*

Section 31. Section 337.026, Florida Statutes, is created to read:

337.026 Authority of department to enter into agreements for construction aggregate materials.—

(1) *The department may pursue procurement techniques that will provide the department with reliable and economic supplies of construction aggregate materials and control time and cost increases on construction projects.*

(2) *The department may enter into agreements with private or public entities. Such agreements may include, but are not limited to, department acquisition of materials or resources or long-term leases for a term not to exceed 99 years that will advance the state's transportation needs.*

(3) *To the maximum extent practical, the department must use the existing process to award and administer such procurement techniques. When techniques authorized by this section are to be used, the department is not required to adhere to provisions of law that would prevent, preclude, or prohibit it from using this procurement technique. However, prior to using this procurement technique, the department must document in writing the need for the exception and identify the benefits the traveling public and the affected community are anticipated to receive.*

Section 32. *No local governmental entity shall impose or enforce any ordinance or regulation upon the owner of a license or permit to operate a motor vehicle insured pursuant to s. 627.733(1)(b) which restricts the transfer of the permit, license or the shares of the corporation that owns the permit or licenses to another person.*

Section 33. Paragraph (a) of subsection (3) of section 337.11, Florida Statutes, is amended to read:

337.11 Contracting authority of department; bids; emergency repairs, supplemental agreements, and change orders; combined design and construction contracts; progress payments; records; requirements of vehicle registration.—

(3)(a) *On all construction contracts of \$250,000 or less, and any construction contract of less than \$500,000 for which the department has waived prequalification under s. 337.14, the department shall advertise for bids in a newspaper having general circulation in the county where the proposed work is located. Publication shall be at least once a week for no less than 2 consecutive weeks, and the first publication shall be no less than 14 days prior to the date on which bids are to be received.*

Section 34. Subsection (1) of section 337.14, Florida Statutes, is amended to read:

337.14 Application for qualification; certificate of qualification; restrictions; request for hearing.—

(1) Any person desiring to bid for the performance of any construction contract in excess of \$250,000 which the department proposes to let must first be certified by the department as qualified pursuant to this section and rules of the department. The rules of the department shall address the qualification of persons to bid on construction contracts in excess of \$250,000 and shall include requirements with respect to the equipment, past record, experience, financial resources, and organizational personnel of the applicant necessary to perform the specific class of work for which the person seeks certification. The department is authorized to limit the dollar amount of any contract upon which a person is qualified to bid or the aggregate total dollar volume of contracts such person is allowed to have under contract at any one time. Each applicant seeking qualification to bid on construction contracts in excess of \$250,000 shall furnish the department a statement under oath, on such forms as the department may prescribe, setting forth detailed information as required on the application. Each application for certification shall be accompanied by the latest annual financial statement of the applicant completed within the last 12 months. If the annual financial statement shows the financial condition of the applicant more than 4 months prior to the date on which the application is received by the department, then an interim financial statement must also be submitted. The interim financial statement must cover the period from the end date of the annual statement and must show the financial condition of the applicant no more than 4 months prior to the date on which the application is received by the department. Each required annual or

interim financial statement must be audited and accompanied by the opinion of a certified public accountant or a public accountant approved by the department. The information required by this subsection is confidential and exempt from the provisions of s. 119.07(1). The department shall act upon the application for qualification within 30 days after the department determines that the application is complete. *The department may waive the requirements of this subsection for projects having a contract price of \$500,000 or less if the department determines that the project is of a noncritical nature and the waiver will not endanger public health, safety, or property.*

Section 35. Paragraph (a) of subsection (1) of section 337.18, Florida Statutes, is amended to read:

337.18 Surety bonds for construction or maintenance contracts; requirement with respect to contract award; bond requirements; defaults; damage assessments.—

(1)(a) A surety bond shall be required of the successful bidder in an amount equal to the awarded contract price. *However, the department may choose, in its discretion and applicable only to multiyear maintenance contracts, to allow for incremental annual contract bonds that cumulatively total the full, awarded, multiyear contract price.* For a project for which the contract price is \$250,000 ~~\$150,000~~ or less, the department may waive the requirement for all or a portion of a surety bond if it determines the project is of a noncritical nature and nonperformance will not endanger public health, safety, or property. *If the secretary or his designee determines that it is in the best interests of the department to reduce the bonding requirement for a project and that to do so will not endanger public health, safety, or property, the department may waive the requirement of a surety bond in an amount equal to the awarded contract price for a project having a contract price of \$250 million or more and, in its place, may set a surety bond amount that is a portion of the total contract price and provide an alternate means of security for the balance of the contract amount that is not covered by the surety bond or provide for incremental surety bonding and provide an alternate means of security for the balance of the contract amount that is not covered by the surety bond. Such alternative means of security may include letters of credit, United States bonds and notes, parent company guarantees, and cash collateral.* The department may require alternate means of security if a surety bond is waived. The surety on such bond shall be a surety company authorized to do business in the state. All bonds shall be payable to the department and conditioned for the prompt, faithful, and efficient performance of the contract according to plans and specifications and within the time period specified, and for the prompt payment of all persons defined in s. 713.01 furnishing labor, material, equipment, and supplies for work provided in the contract; however, whenever an improvement, demolition, or removal contract price is \$25,000 or less, the security may, in the discretion of the bidder, be in the form of a cashier's check, bank money order of any state or national bank, certified check, or postal money order. The department shall adopt rules to implement this subsection. Such rules shall include provisions under which the department shall refuse to accept bonds on contracts when a surety wrongfully fails or refuses to settle or provide a defense for claims or actions arising under a contract for which the surety previously furnished a bond.

Section 36. Section 338.161, Florida Statutes, is amended to read:

338.161 Authority of department or toll agencies to advertise and promote electronic toll collection; expanded uses of electronic toll collection system; studies authorized.—

(1) The department is authorized to incur expenses for paid advertising, marketing, and promotion of toll facilities and electronic toll collection products and services. Promotions may include discounts and free products.

(2) The department is authorized to receive funds from advertising placed on electronic toll collection products and promotional materials to defray the costs of products and services.

(3)(a) *The department or any toll agency created by statute may incur expenses to advertise or promote its electronic toll collection system to consumers on or off the turnpike or toll system.*

(b) *If the department or any toll agency created by statute finds that it can increase nontoll revenues or add convenience or other value for its customers, the department or toll agency may enter into agreements with*

any private or public entity allowing the use of its electronic toll collection system to pay parking fees for vehicles equipped with a transponder or similar device. The department or toll agency may initiate feasibility studies of additional future uses of its electronic toll collection system and make recommendations to the Legislature to authorize such uses.

Section 37. Subsections (1), (3), and (4) of section 338.2275, Florida Statutes, are amended to read:

338.2275 Approved turnpike projects.—

(1) Legislative approval of the department's tentative work program that contains the turnpike project constitutes approval to issue bonds as required by s. 11(f), Art. VII of the State Constitution. *No more than \$10 billion of bonds may be outstanding to fund approved turnpike projects. Turnpike projects approved to be included in future tentative work programs include, but are not limited to, projects contained in the 2003-2004 tentative work program. A maximum of \$4.5 billion of bonds may be issued to fund approved turnpike projects.*

(3) ~~Subject to verification of economic feasibility by the department in accordance with s. 338.221(8), the department shall acquire the assets and assume the liabilities of the Sawgrass Expressway as a candidate project from the Broward County Expressway Authority. The agreement to acquire the Sawgrass Expressway shall be subject to the terms and covenants of the Broward County Expressway Authority Bond Series 1984 and 1986A lease purchase agreements and shall not act to the detriment of the bondholders nor decrease the quality of the bonds. The department shall provide for the cost of operations and maintenance expenses and for the replacement of future Broward County gasoline tax funds pledged for the payment of principal and interest on such bonds. The department shall repay, to the extent possible, Broward County gasoline tax funds used since July 6, 1988, for debt service on such bonds. For the purpose of calculating the economic feasibility of this project, the department is authorized to exclude operations and maintenance expenses accumulated between July 6, 1988, and the date of the agreement. Upon performance of all terms of the agreement between the parties, the Sawgrass Expressway will become a part of the turnpike system.~~

(3)(4) Bonds may not be issued to fund a turnpike project until the department has made a final determination that the project is economically feasible in accordance with s. 338.221, based on the most current information available.

Section 38. Subsections (3), (4), and (6) of section 338.231, Florida Statutes, are amended to read:

338.231 Turnpike tolls, fixing; pledge of tolls and other revenues.—The department shall at all times fix, adjust, charge, and collect such tolls for the use of the turnpike system as are required in order to provide a fund sufficient with other revenues of the turnpike system to pay the cost of maintaining, improving, repairing, and operating such turnpike system; to pay the principal of and interest on all bonds issued to finance or refinance any portion of the turnpike system as the same become due and payable; and to create reserves for all such purposes.

(3) The department shall publish a proposed change in the toll rate for the use of an existing toll facility, in the manner provided for in s. 120.54, which will provide for public notice and the opportunity for a public hearing before the adoption of the proposed rate change. When the department is evaluating a proposed turnpike toll project under s. 338.223 and has determined that there is a high probability that the project will pass the test of economic feasibility predicated on proposed toll rates, the toll rate that is proposed to be charged after the project is constructed must be adopted during the planning and project development phase of the project, in the manner provided for in s. 120.54, including public notice and the opportunity for a public hearing. For such a new project, the toll rate becomes effective upon the opening of the project to traffic.

(4) For the period July 1, 1998, through June 30, 2017 2007, the department shall, to the maximum extent feasible, program sufficient funds in the tentative work program such that the percentage of turnpike toll and bond financed commitments in Dade County, Broward County, and Palm Beach County as compared to total turnpike toll and bond financed commitments shall be at least 90 percent of the share of net toll collections attributable to users of the turnpike system in Dade County, Broward County, and Palm Beach County as compared to total

net toll collections attributable to users of the turnpike system. The requirements of this subsection do not apply when the application of such requirements would violate any covenant established in a resolution or trust indenture relating to the issuance of turnpike bonds.

(6) In each fiscal year while any of the bonds of the Broward County Expressway Authority series 1984 and series 1986-A remain outstanding, the department is authorized to pledge revenues from the turnpike system to the payment of principal and interest of such series of bonds, ~~the repayment of Broward County gasoline tax funds as provided in s. 338.2275(3),~~ and the operation and maintenance expenses of the Sawgrass Expressway, to the extent gross toll revenues of the Sawgrass Expressway are insufficient to make such payments. The terms of an agreement relative to the pledge of turnpike system revenue will be negotiated with the parties of the 1984 and 1986 Broward County Expressway Authority lease-purchase agreements, and subject to the covenants of those agreements. The agreement shall establish that the Sawgrass Expressway shall be subject to the planning, management, and operating control of the department limited only by the terms of the lease-purchase agreements. The department shall provide for the payment of operation and maintenance expenses of the Sawgrass Expressway until such agreement is in effect. This pledge of turnpike system revenues shall be subordinate to the debt service requirements of any future issue of turnpike bonds, the payment of turnpike system operation and maintenance expenses, and subject to provisions of any subsequent resolution or trust indenture relating to the issuance of such turnpike bonds.

Section 39. Paragraph (j) of subsection (1) of section 339.08, Florida Statutes, is amended to read:

339.08 Use of moneys in State Transportation Trust Fund.—

(1) The department shall expend moneys in the State Transportation Trust Fund accruing to the department, in accordance with its annual budget. The use of such moneys shall be restricted to the following purposes:

(j) To pay the cost of county or municipal road projects selected in accordance with the County Incentive Grant Program created in s. 339.2817, and the Small County Outreach Program created in s. 339.2818, and the Enhanced Bridge Program for Sustainable Transportation created in s. 339.285.

Section 40. Section 339.175, Florida Statutes, is amended to read:

339.175 Metropolitan planning organization.—

(1) *PURPOSE.*—It is the intent of the Legislature to encourage and promote the safe and efficient management, operation, and development of surface transportation systems that will serve the mobility needs of people and freight and foster economic growth and development within and through urbanized areas of this state while minimizing transportation-related fuel consumption and air pollution through metropolitan transportation planning processes identified in this section. To accomplish these objectives, metropolitan planning organizations, referred to in this section as M.P.O.'s, shall develop, in cooperation with the state and public transit operators, transportation plans and programs for metropolitan areas. The plans and programs for each metropolitan area must provide for the development and integrated management and operation of transportation systems and facilities, including pedestrian walkways and bicycle transportation facilities that will function as an intermodal transportation system for the metropolitan area, based upon the prevailing principles provided in s. 334.046(1). The process for developing such plans and programs shall provide for consideration of all modes of transportation and shall be continuing, cooperative, and comprehensive, to the degree appropriate, based on the complexity of the transportation problems to be addressed. To ensure that the process is integrated with the statewide planning process, M.P.O.'s shall develop plans and programs that identify transportation facilities that should function as an integrated metropolitan transportation system, giving emphasis to facilities that serve important national, state, and regional transportation functions. For the purposes of this section, those facilities include the facilities on the Strategic Intermodal System designated under s. 339.63 and facilities for which projects have been identified pursuant to s. 339.2819(4).

(2)(4) DESIGNATION.—

(a)1. An M.P.O. shall be designated for each urbanized area of the state; however, this does not require that an individual M.P.O. be designated for each such area. Such designation shall be accomplished by agreement between the Governor and units of general-purpose local government representing at least 75 percent of the population of the urbanized area; however, the unit of general-purpose local government that represents the central city or cities within the M.P.O. jurisdiction, as defined by the United States Bureau of the Census, must be a party to such agreement.

2. More than one M.P.O. may be designated within an existing metropolitan planning area only if the Governor and the existing M.P.O. determine that the size and complexity of the existing metropolitan planning area makes the designation of more than one M.P.O. for the area appropriate.

(b) Each M.P.O. *designated in a manner prescribed by Title 23 U.S.C.* shall be created and operated under the provisions of this section pursuant to an interlocal agreement entered into pursuant to s. 163.01. The signatories to the interlocal agreement shall be the department and the governmental entities designated by the Governor for membership on the M.P.O. *Each M.P.O. shall be considered separate from the state or the governing body of a local government that is represented on the governing board of the M.P.O. or that is a signatory to the interlocal agreement creating the M.P.O. and shall have such powers and privileges that are provided under s. 163.01.* If there is a conflict between this section and s. 163.01, this section prevails.

(c) The jurisdictional boundaries of an M.P.O. shall be determined by agreement between the Governor and the applicable M.P.O. The boundaries must include at least the metropolitan planning area, which is the existing urbanized area and the contiguous area expected to become urbanized within a 20-year forecast period, and may encompass the entire metropolitan statistical area or the consolidated metropolitan statistical area.

(d) In the case of an urbanized area designated as a nonattainment area for ozone or carbon monoxide under the Clean Air Act, 42 U.S.C. ss. 7401 et seq., the boundaries of the metropolitan planning area in existence as of the date of enactment of this paragraph shall be retained, except that the boundaries may be adjusted by agreement of the Governor and affected metropolitan planning organizations in the manner described in this section. If more than one M.P.O. has authority within a metropolitan area or an area that is designated as a nonattainment area, each M.P.O. shall consult with other M.P.O.'s designated for such area and with the state in the coordination of plans and programs required by this section.

(e) *The governing body of the M.P.O. shall designate, at a minimum, a chair, vice chair, and agency clerk. The chair and vice chair shall be selected from among the member delegates comprising the governing board. The agency clerk shall be charged with the responsibility of preparing meeting minutes and maintaining agency records. The clerk shall be a member of the M.P.O. governing board, an employee of the M.P.O., or other natural person.*

Each M.P.O. required under this section must be fully operative no later than 6 months following its designation.

(3)(2) VOTING MEMBERSHIP.—

(a) The voting membership of an M.P.O. shall consist of not fewer than 5 or more than 19 apportioned members, the exact number to be determined on an equitable geographic-population ratio basis by the Governor, based on an agreement among the affected units of general-purpose local government as required by federal rules and regulations. The Governor, in accordance with 23 U.S.C. s. 134, may also provide for M.P.O. members who represent municipalities to alternate with representatives from other municipalities within the metropolitan planning area that do not have members on the M.P.O. County commission members shall compose not less than one-third of the M.P.O. membership, except for an M.P.O. with more than 15 members located in a county with a ~~5-member~~ ~~five-member~~ county commission or an M.P.O. with 19 members located in a county with no more than 6 county commissioners, in which case county commission members may compose less than one-third percent of the M.P.O. membership, but all county commissioners must be members. All voting members shall be elected officials of general-purpose local governments, except that an M.P.O. may include, as part of its apportioned voting members, a member of a statutorily

authorized planning board, an official of an agency that operates or administers a major mode of transportation, or an official of the Florida Space Authority. *As used in this section, the term "elected officials of a general-purpose local government" shall exclude constitutional officers, including sheriffs, tax collectors, supervisors of elections, property appraisers, clerks of the court, and similar types of officials. County commissioners* ~~The county commission~~ shall compose not less than 20 percent of the M.P.O. membership if an official of an agency that operates or administers a major mode of transportation has been appointed to an M.P.O.

(b) In metropolitan areas in which authorities or other agencies have been or may be created by law to perform transportation functions and are performing transportation functions that are not under the jurisdiction of a ~~general-purpose~~ ~~general-purpose~~ local government represented on the M.P.O., they shall be provided voting membership on the M.P.O. In all other M.P.O.'s where transportation authorities or agencies are to be represented by elected officials from ~~general-purpose~~ ~~general-purpose~~ local governments, the M.P.O. shall establish a process by which the collective interests of such authorities or other agencies are expressed and conveyed.

(c) Any other provision of this section to the contrary notwithstanding, a chartered county with over 1 million population may elect to reapportion the membership of an M.P.O. whose jurisdiction is wholly within the county. The charter county may exercise the provisions of this paragraph if:

1. The M.P.O. approves the reapportionment plan by a three-fourths vote of its membership;

2. The M.P.O. and the charter county determine that the reapportionment plan is needed to fulfill specific goals and policies applicable to that metropolitan planning area; and

3. The charter county determines the reapportionment plan otherwise complies with all federal requirements pertaining to M.P.O. membership.

Any charter county that elects to exercise the provisions of this paragraph shall notify the Governor in writing.

(d) Any other provision of this section to the contrary notwithstanding, any county chartered under s. 6(e), Art. VIII of the State Constitution may elect to have its county commission serve as the M.P.O., if the M.P.O. jurisdiction is wholly contained within the county. Any charter county that elects to exercise the provisions of this paragraph shall so notify the Governor in writing. Upon receipt of such notification, the Governor must designate the county commission as the M.P.O. The Governor must appoint four additional voting members to the M.P.O., one of whom must be an elected official representing a municipality within the county, one of whom must be an expressway authority member, one of whom must be a person who does not hold elected public office and who resides in the unincorporated portion of the county, and one of whom must be a school board member.

(4)(3) APPORTIONMENT.—

(a) The Governor shall, with the agreement of the affected units of general-purpose local government as required by federal rules and regulations, apportion the membership on the applicable M.P.O. among the various governmental entities within the area. *At the request of a majority of the affected units of general-purpose local government comprising an M.P.O., the Governor and a majority of units of general-purpose local government serving on an M.P.O. shall cooperatively agree upon and prescribe who may serve as an alternate member and shall prescribe a method for appointing alternate members who may vote at any M.P.O. meeting that an alternate member attends in place of a regular member. The method shall be set forth as a part of the interlocal agreement describing the M.P.O.'s membership or in the M.P.O.'s operating procedures and bylaws. An appointed alternate member must be an elected official serving the same governmental entity or a general-purpose local government with jurisdiction within all or part of the area that the regular member serves.* The governmental entity so designated shall appoint the appropriate number of members to the M.P.O. from eligible officials. Representatives of the department shall serve as nonvoting members of the M.P.O. governing board. Nonvoting advisers may be appointed by the M.P.O. as deemed necessary; however, to the maximum extent feasible, each M.P.O. shall seek to appoint nonvoting representatives of various multimodal forms of transportation not otherwise represented by

voting members of the M.P.O. An M.P.O. shall appoint nonvoting advisers representing major military installations located within the jurisdictional boundaries of the M.P.O. upon the request of the aforesaid major military installations and subject to the agreement of the M.P.O. All nonvoting advisers may attend and participate fully in governing board meetings but shall not have a vote and shall not be members of the governing board. The Governor shall review the composition of the M.P.O. membership in conjunction with the decennial census as prepared by the United States Department of Commerce, Bureau of the Census, and reapportion it as necessary to comply with subsection (3) (2).

(b) Except for members who represent municipalities on the basis of alternating with representatives from other municipalities that do not have members on the M.P.O. as provided in paragraph (3)(a) (2)(a), the members of an M.P.O. shall serve 4-year terms. Members who represent municipalities on the basis of alternating with representatives from other municipalities that do not have members on the M.P.O. as provided in paragraph (3)(a) (2)(a) may serve terms of up to 4 years as further provided in the interlocal agreement described in paragraph (2)(b) (1)(b). The membership of a member who is a public official automatically terminates upon the member's leaving his or her elective or appointive office for any reason, or may be terminated by a majority vote of the total membership of the entity's governing board ~~a county or city governing entity~~ represented by the member. A vacancy shall be filled by the original appointing entity. A member may be reappointed for one or more additional 4-year terms.

(c) If a governmental entity fails to fill an assigned appointment to an M.P.O. within 60 days after notification by the Governor of its duty to appoint, that appointment shall be made by the Governor from the eligible representatives of that governmental entity.

(5)(4) **AUTHORITY AND RESPONSIBILITY.**—The authority and responsibility of an M.P.O. is to manage a continuing, cooperative, and comprehensive transportation planning process that, based upon the prevailing principles provided in s. 334.046(1), results in the development of plans and programs which are consistent, to the maximum extent feasible, with the approved local government comprehensive plans of the units of local government the boundaries of which are within the metropolitan area of the M.P.O. An M.P.O. shall be the forum for cooperative decisionmaking by officials of the affected governmental entities in the development of the plans and programs required by subsections (5), (6), (7), and (8), and (9).

(6)(5) **POWERS, DUTIES, AND RESPONSIBILITIES.**—The powers, privileges, and authority of an M.P.O. are those specified in this section or incorporated in an interlocal agreement authorized under s. 163.01. Each M.P.O. shall perform all acts required by federal or state laws or rules, now and subsequently applicable, which are necessary to qualify for federal aid. It is the intent of this section that each M.P.O. shall be involved in the planning and programming of transportation facilities, including, but not limited to, airports, intercity and high-speed rail lines, seaports, and intermodal facilities, to the extent permitted by state or federal law.

(a) Each M.P.O. shall, in cooperation with the department, develop:

1. A long-range transportation plan pursuant to the requirements of subsection (7) (6);
2. An annually updated transportation improvement program pursuant to the requirements of subsection (8) (7); and
3. An annual unified planning work program pursuant to the requirements of subsection (9) (8).

(b) In developing the long-range transportation plan and the transportation improvement program required under paragraph (a), each M.P.O. shall provide for consideration of projects and strategies that will:

1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
2. Increase the safety and security of the transportation system for motorized and nonmotorized users;
3. Increase the accessibility and mobility options available to people and for freight;

4. Protect and enhance the environment, promote energy conservation, and improve quality of life;
5. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
6. Promote efficient system management and operation; and
7. Emphasize the preservation of the existing transportation system.

(c) In order to provide recommendations to the department and local governmental entities regarding transportation plans and programs, each M.P.O. shall:

1. Prepare a congestion management system for the metropolitan area and cooperate with the department in the development of all other transportation management systems required by state or federal law;
2. Assist the department in mapping transportation planning boundaries required by state or federal law;
3. Assist the department in performing its duties relating to access management, functional classification of roads, and data collection;
4. Execute all agreements or certifications necessary to comply with applicable state or federal law;
5. Represent all the jurisdictional areas within the metropolitan area in the formulation of transportation plans and programs required by this section; and
6. Perform all other duties required by state or federal law.

(d) Each M.P.O. shall appoint a technical advisory committee, *the members of which shall serve at the pleasure of the M.P.O. The membership of the technical advisory committee must include, whenever possible, that includes* planners; engineers; representatives of local aviation authorities, port authorities, and public transit authorities or representatives of aviation departments, seaport departments, and public transit departments of municipal or county governments, as applicable; the school superintendent of each county within the jurisdiction of the M.P.O. or the superintendent's designee; and other appropriate representatives of affected local governments. In addition to any other duties assigned to it by the M.P.O. or by state or federal law, the technical advisory committee is responsible for considering safe access to schools in its review of transportation project priorities, long-range transportation plans, and transportation improvement programs, and shall advise the M.P.O. on such matters. In addition, the technical advisory committee shall coordinate its actions with local school boards and other local programs and organizations within the metropolitan area which participate in school safety activities, such as locally established community traffic safety teams. Local school boards must provide the appropriate M.P.O. with information concerning future school sites and in the coordination of transportation service.

(e)1. Each M.P.O. shall appoint a citizens' advisory committee, the members of which serve at the pleasure of the M.P.O. The membership on the citizens' advisory committee must reflect a broad cross section of local residents with an interest in the development of an efficient, safe, and cost-effective transportation system. Minorities, the elderly, and the handicapped must be adequately represented.

2. Notwithstanding the provisions of subparagraph 1., an M.P.O. may, with the approval of the department and the applicable federal governmental agency, adopt an alternative program or mechanism to ensure citizen involvement in the transportation planning process.

(f) The department shall allocate to each M.P.O., for the purpose of accomplishing its transportation planning and programming duties, an appropriate amount of federal transportation planning funds.

(g) *Each M.P.O. shall have an executive or staff director who reports directly to the M.P.O. governing board for all matters regarding the administration and operation of the M.P.O. and any additional personnel as deemed necessary. The executive director and any additional personnel may be employed either by an M.P.O. or by another governmental entity, such as a county, city, or regional planning council, that has a staff services agreement signed and in effect with the M.P.O. Each M.P.O. may employ personnel or may enter into contracts with local or state agencies, private planning firms, or private engineering firms, or other public*

or private entities to accomplish its transportation planning and programming duties and administrative functions required by state or federal law.

(h) *In order to enhance their knowledge, effectiveness, and participation in the urbanized area transportation planning process, each M.P.O. shall provide training opportunities and training funds specifically for local elected officials and others who serve on an M.P.O. The training opportunities may be conducted by an individual M.P.O. or through statewide and federal training programs and initiatives that are specifically designed to meet the needs of M.P.O. board members.*

(i)(h) A chair's coordinating committee is created, composed of the M.P.O.'s serving Hernando, Hillsborough, Manatee, Pasco, Pinellas, Polk, and Sarasota Counties. The committee must, at a minimum:

1. Coordinate transportation projects deemed to be regionally significant by the committee.

2. Review the impact of regionally significant land use decisions on the region.

3. Review all proposed regionally significant transportation projects in the respective transportation improvement programs which affect more than one of the M.P.O.'s represented on the committee.

4. Institute a conflict resolution process to address any conflict that may arise in the planning and programming of such regionally significant projects.

(j)(i)1. The Legislature finds that the state's rapid growth in recent decades has caused many urbanized areas subject to M.P.O. jurisdiction to become contiguous to each other. As a result, various transportation projects may cross from the jurisdiction of one M.P.O. into the jurisdiction of another M.P.O. To more fully accomplish the purposes for which M.P.O.'s have been mandated, M.P.O.'s shall develop coordination mechanisms with one another to expand and improve transportation within the state. The appropriate method of coordination between M.P.O.'s shall vary depending upon the project involved and given local and regional needs. Consequently, it is appropriate to set forth a flexible methodology that can be used by M.P.O.'s to coordinate with other M.P.O.'s and appropriate political subdivisions as circumstances demand.

2. Any M.P.O. may join with any other M.P.O. or any individual political subdivision to coordinate activities or to achieve any federal or state transportation planning or development goals or purposes consistent with federal or state law. When an M.P.O. determines that it is appropriate to join with another M.P.O. or any political subdivision to coordinate activities, the M.P.O. or political subdivision shall enter into an interlocal agreement pursuant to s. 163.01, which, at a minimum, creates a separate legal or administrative entity to coordinate the transportation planning or development activities required to achieve the goal or purpose; *provides provide* the purpose for which the entity is created; *provides provide* the duration of the agreement and the entity; and *specifies specify* how the agreement may be terminated, modified, or rescinded; *describes describe* the precise organization of the entity, including who has voting rights on the governing board, whether alternative voting members are provided for, how voting members are appointed, and what the relative voting strength is for each constituent M.P.O. or political subdivision; *provides provide* the manner in which the parties to the agreement will provide for the financial support of the entity and payment of costs and expenses of the entity; *provides provide* the manner in which funds may be paid to and disbursed from the entity; and *provides provide* how members of the entity will resolve disagreements regarding interpretation of the interlocal agreement or disputes relating to the operation of the entity. Such interlocal agreement shall become effective upon its recordation in the official public records of each county in which a member of the entity created by the interlocal agreement has a voting member. This paragraph does not require any M.P.O.'s to merge, combine, or otherwise join together as a single M.P.O.

(7)(6) LONG-RANGE TRANSPORTATION PLAN.—Each M.P.O. must develop a long-range transportation plan that addresses at least a 20-year planning horizon. The plan must include both long-range and short-range strategies and must comply with all other state and federal requirements. The prevailing principles to be considered in the long-range transportation plan are: preserving the existing transportation

infrastructure; enhancing Florida's economic competitiveness; and improving travel choices to ensure mobility. The long-range transportation plan must be consistent, to the maximum extent feasible, with future land use elements and the goals, objectives, and policies of the approved local government comprehensive plans of the units of local government located within the jurisdiction of the M.P.O. The approved long-range transportation plan must be considered by local governments in the development of the transportation elements in local government comprehensive plans and any amendments thereto. The long-range transportation plan must, at a minimum:

(a) Identify transportation facilities, including, but not limited to, major roadways, airports, seaports, spaceports, commuter rail systems, transit systems, and intermodal or multimodal terminals that will function as an integrated metropolitan transportation system. The long-range transportation plan must give emphasis to those transportation facilities that serve national, statewide, or regional functions, and must consider the goals and objectives identified in the Florida Transportation Plan as provided in s. 339.155. If a project is located within the boundaries of more than one M.P.O., the M.P.O.'s must coordinate plans regarding the project in the long-range transportation plan.

(b) Include a financial plan that demonstrates how the plan can be implemented, indicating resources from public and private sources which are reasonably expected to be available to carry out the plan, and recommends any additional financing strategies for needed projects and programs. The financial plan may include, for illustrative purposes, additional projects that would be included in the adopted long-range transportation plan if reasonable additional resources beyond those identified in the financial plan were available. For the purpose of developing the long-range transportation plan, the M.P.O. and the department shall cooperatively develop estimates of funds that will be available to support the plan implementation. Innovative financing techniques may be used to fund needed projects and programs. Such techniques may include the assessment of tolls, the use of value capture financing, or the use of value pricing.

(c) Assess capital investment and other measures necessary to:

1. Ensure the preservation of the existing metropolitan transportation system including requirements for the operation, resurfacing, restoration, and rehabilitation of major roadways and requirements for the operation, maintenance, modernization, and rehabilitation of public transportation facilities; and

2. Make the most efficient use of existing transportation facilities to relieve vehicular congestion and maximize the mobility of people and goods.

(d) Indicate, as appropriate, proposed transportation enhancement activities, including, but not limited to, pedestrian and bicycle facilities, scenic easements, landscaping, historic preservation, mitigation of water pollution due to highway runoff, and control of outdoor advertising.

(e) In addition to the requirements of paragraphs (a)-(d), in metropolitan areas that are classified as nonattainment areas for ozone or carbon monoxide, the M.P.O. must coordinate the development of the long-range transportation plan with the State Implementation Plan developed pursuant to the requirements of the federal Clean Air Act.

In the development of its long-range transportation plan, each M.P.O. must provide the public, affected public agencies, representatives of transportation agency employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transit, and other interested parties with a reasonable opportunity to comment on the long-range transportation plan. The long-range transportation plan must be approved by the M.P.O.

(8)(7) TRANSPORTATION IMPROVEMENT PROGRAM.—Each M.P.O. shall, in cooperation with the state and affected public transportation operators, develop a transportation improvement program for the area within the jurisdiction of the M.P.O. In the development of the transportation improvement program, each M.P.O. must provide the public, affected public agencies, representatives of transportation agency employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transit, and other interested parties with a reasonable opportunity to comment on the proposed transportation improvement program.

(a) Each M.P.O. is responsible for developing, annually, a list of project priorities and a transportation improvement program. The prevailing principles to be considered by each M.P.O. when developing a list of project priorities and a transportation improvement program are: preserving the existing transportation infrastructure; enhancing Florida's economic competitiveness; and improving travel choices to ensure mobility. The transportation improvement program will be used to initiate federally aided transportation facilities and improvements as well as other transportation facilities and improvements including transit, rail, aviation, spaceport, and port facilities to be funded from the State Transportation Trust Fund within its metropolitan area in accordance with existing and subsequent federal and state laws and rules and regulations related thereto. The transportation improvement program shall be consistent, to the maximum extent feasible, with the approved local government comprehensive plans of the units of local government whose boundaries are within the metropolitan area of the M.P.O. and include those projects programmed pursuant to s. 339.2819(4).

(b) Each M.P.O. annually shall prepare a list of project priorities and shall submit the list to the appropriate district of the department by October 1 of each year; however, the department and a metropolitan planning organization may, in writing, agree to vary this submittal date. The list of project priorities must be formally reviewed by the technical and citizens' advisory committees, and approved by the M.P.O., before it is transmitted to the district. The approved list of project priorities must be used by the district in developing the district work program and must be used by the M.P.O. in developing its transportation improvement program. The annual list of project priorities must be based upon project selection criteria that, at a minimum, consider the following:

1. The approved M.P.O. long-range transportation plan;
2. The Strategic Intermodal System Plan developed under s. 339.64.
3. The priorities developed pursuant to s. 339.2819(4).
4. The results of the transportation management systems; and
5. The M.P.O.'s public-involvement procedures.

(c) The transportation improvement program must, at a minimum:

1. Include projects and project phases to be funded with state or federal funds within the time period of the transportation improvement program and which are recommended for advancement during the next fiscal year and 4 subsequent fiscal years. Such projects and project phases must be consistent, to the maximum extent feasible, with the approved local government comprehensive plans of the units of local government located within the jurisdiction of the M.P.O. For informational purposes, the transportation improvement program shall also include a list of projects to be funded from local or private revenues.

2. Include projects within the metropolitan area which are proposed for funding under 23 U.S.C. s. 134 of the Federal Transit Act and which are consistent with the long-range transportation plan developed under subsection (7) (6).

3. Provide a financial plan that demonstrates how the transportation improvement program can be implemented; indicates the resources, both public and private, that are reasonably expected to be available to accomplish the program; identifies any innovative financing techniques that may be used to fund needed projects and programs; and may include, for illustrative purposes, additional projects that would be included in the approved transportation improvement program if reasonable additional resources beyond those identified in the financial plan were available. Innovative financing techniques may include the assessment of tolls, the use of value capture financing, or the use of value pricing. The transportation improvement program may include a project or project phase only if full funding can reasonably be anticipated to be available for the project or project phase within the time period contemplated for completion of the project or project phase.

4. Group projects and project phases of similar urgency and anticipated staging into appropriate staging periods.

5. Indicate how the transportation improvement program relates to the long-range transportation plan developed under subsection (7) (6), including providing examples of specific projects or project phases that further the goals and policies of the long-range transportation plan.

6. Indicate whether any project or project phase is inconsistent with an approved comprehensive plan of a unit of local government located within the jurisdiction of the M.P.O. If a project is inconsistent with an affected comprehensive plan, the M.P.O. must provide justification for including the project in the transportation improvement program.

7. Indicate how the improvements are consistent, to the maximum extent feasible, with affected seaport, airport, and spaceport master plans and with public transit development plans of the units of local government located within the jurisdiction of the M.P.O. If a project is located within the boundaries of more than one M.P.O., the M.P.O.'s must coordinate plans regarding the project in the transportation improvement program.

(d) Projects included in the transportation improvement program and that have advanced to the design stage of preliminary engineering may be removed from or rescheduled in a subsequent transportation improvement program only by the joint action of the M.P.O. and the department. Except when recommended in writing by the district secretary for good cause, any project removed from or rescheduled in a subsequent transportation improvement program shall not be rescheduled by the M.P.O. in that subsequent program earlier than the 5th year of such program.

(e) During the development of the transportation improvement program, the M.P.O. shall, in cooperation with the department and any affected public transit operation, provide citizens, affected public agencies, representatives of transportation agency employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transit, and other interested parties with reasonable notice of and an opportunity to comment on the proposed program.

(f) The adopted annual transportation improvement program for M.P.O.'s in nonattainment or maintenance areas must be submitted to the district secretary and the Department of Community Affairs at least 90 days before the submission of the state transportation improvement program by the department to the appropriate federal agencies. The annual transportation improvement program for M.P.O.'s in attainment areas must be submitted to the district secretary and the Department of Community Affairs at least 45 days before the department submits the state transportation improvement program to the appropriate federal agencies; however, the department, the Department of Community Affairs, and a metropolitan planning organization may, in writing, agree to vary this submittal date. The Governor or the Governor's designee shall review and approve each transportation improvement program and any amendments thereto.

(g) The Department of Community Affairs shall review the annual transportation improvement program of each M.P.O. for consistency with the approved local government comprehensive plans of the units of local government whose boundaries are within the metropolitan area of each M.P.O. and shall identify those projects that are inconsistent with such comprehensive plans. The Department of Community Affairs shall notify an M.P.O. of any transportation projects contained in its transportation improvement program which are inconsistent with the approved local government comprehensive plans of the units of local government whose boundaries are within the metropolitan area of the M.P.O.

(h) The M.P.O. shall annually publish or otherwise make available for public review the annual listing of projects for which federal funds have been obligated in the preceding year. Project monitoring systems must be maintained by those agencies responsible for obligating federal funds and made accessible to the M.P.O.'s.

(9)(8) UNIFIED PLANNING WORK PROGRAM.—Each M.P.O. shall develop, in cooperation with the department and public transportation providers, a unified planning work program that lists all planning tasks to be undertaken during the program year. The unified planning work program must provide a complete description of each planning task and an estimated budget therefor and must comply with applicable state and federal law.

(10)(9) AGREEMENTS.—

(a) Each M.P.O. shall execute the following written agreements, which shall be reviewed, and updated as necessary, every 5 years:

1. An agreement with the department clearly establishing the cooperative relationship essential to accomplish the transportation planning requirements of state and federal law.

2. An agreement with the metropolitan and regional intergovernmental coordination and review agencies serving the metropolitan areas, specifying the means by which activities will be coordinated and how transportation planning and programming will be part of the comprehensive planned development of the area.

3. An agreement with operators of public transportation systems, including transit systems, commuter rail systems, airports, seaports, and spaceports, describing the means by which activities will be coordinated and specifying how public transit, commuter rail, aviation, seaport, and aerospace planning and programming will be part of the comprehensive planned development of the metropolitan area.

(b) An M.P.O. may execute other agreements required by state or federal law or as necessary to properly accomplish its functions.

(11)(10) METROPOLITAN PLANNING ORGANIZATION ADVISORY COUNCIL.—

(a) A Metropolitan Planning Organization Advisory Council is created to augment, and not supplant, the role of the individual M.P.O.'s in the cooperative transportation planning process described in this section.

(b) The council shall consist of one representative from each M.P.O. and shall elect a chairperson annually from its number. Each M.P.O. shall also elect an alternate representative from each M.P.O. to vote in the absence of the representative. Members of the council do not receive any compensation for their services, but may be reimbursed from funds made available to council members for travel and per diem expenses incurred in the performance of their council duties as provided in s. 112.061.

(c) The powers and duties of the Metropolitan Planning Organization Advisory Council are to:

1. Enter into contracts with individuals, private corporations, and public agencies.

2. Acquire, own, operate, maintain, sell, or lease personal property essential for the conduct of business.

3. Accept funds, grants, assistance, gifts, or bequests from private, local, state, or federal sources.

4. Establish bylaws and adopt rules pursuant to ss. 120.536(1) and 120.54 to implement provisions of law conferring powers or duties upon it.

5. Assist M.P.O.'s in carrying out the urbanized area transportation planning process by serving as the principal forum for collective policy discussion pursuant to law.

6. Serve as a clearinghouse for review and comment by M.P.O.'s on the Florida Transportation Plan and on other issues required to comply with federal or state law in carrying out the urbanized area transportation and systematic planning processes instituted pursuant to s. 339.155.

7. Employ an executive director and such other staff as necessary to perform adequately the functions of the council, within budgetary limitations. The executive director and staff are exempt from part II of chapter 110 and serve at the direction and control of the council. The council is assigned to the Office of the Secretary of the Department of Transportation for fiscal and accountability purposes, but it shall otherwise function independently of the control and direction of the department.

8. Adopt an agency strategic plan that provides the priority directions the agency will take to carry out its mission within the context of the state comprehensive plan and any other statutory mandates and directions given to the agency.

(12)(11) APPLICATION OF FEDERAL LAW.—Upon notification by an agency of the Federal Government that any provision of this section

conflicts with federal laws or regulations, such federal laws or regulations will take precedence to the extent of the conflict until such conflict is resolved. The department or an M.P.O. may take any necessary action to comply with such federal laws and regulations or to continue to remain eligible to receive federal funds.

(13)(12) VOTING REQUIREMENTS.—Each long-range transportation plan required pursuant to subsection (7) (6), each annually updated Transportation Improvement Program required under subsection (8) (7), and each amendment that affects projects in the first 3 years of such plans and programs must be approved by each M.P.O. on a recorded roll call vote, or hand-counted vote, of a majority of the membership present.

Section 41. Subsection (2) of section 339.2819, Florida Statutes, is amended to read:

339.2819 Transportation Regional Incentive Program.—

(2) The percentage of matching funds provided from the Transportation Regional Incentive Program shall be 50 percent of project costs, ~~or up to 50 percent of the nonfederal share of the eligible project cost for a public transportation facility project.~~

Section 42. Section 339.282, Florida Statutes, is created to read:

339.282 Transportation concurrency incentives.—*The Legislature finds that allowing private-sector entities to finance, construct, and improve public transportation facilities can provide significant benefits to the citizens of this state by facilitating transportation of the general public without the need for additional public tax revenues. In order to encourage the more efficient and proactive provision of transportation improvements by the private sector, if a developer or property owner voluntarily contributes right-of-way and physically constructs or expands a state transportation facility or segment, and such construction or expansion improves traffic flow, capacity, or safety, the voluntary contribution may be applied as a credit for that property owner or developer against any future transportation concurrency requirements pursuant to chapter 163, provided such contributions and credits are set forth in a legally binding agreement executed by the property owner or developer, the local government of the jurisdiction in which the facility is located, and the department. If the developer or property owner voluntarily contributes right-of-way and physically constructs or expands a local government facility or segment and such construction or expansion meets the requirements in this section and is set forth in a legally binding agreement between the property owner or developer and the applicable local government, the contribution to the local government collector and the arterial system may be applied as credit against any future transportation concurrency requirements within the jurisdiction under chapter 163.*

Section 43. Section 339.285, Florida Statutes, is created to read:

339.285 Enhanced Bridge Program for Sustainable Transportation.—

(1) *There is created within the Department of Transportation the Enhanced Bridge Program for Sustainable Transportation for the purpose of providing funds to improve the sufficiency rating of local bridges and to improve congested roads on the State Highway System or local corridors on which high-cost bridges are located in order to improve a corridor or provide an alternative corridor.*

(2) *Matching funds provided from the program may fund up to 50 percent of project costs.*

(3) *The department shall allocate a minimum of 25 percent of funding available for the program for local bridge projects to replace, rehabilitate, paint, or install scour countermeasures to highway bridges located on public roads, other than those on the State Highway System. A project to be funded must, at a minimum:*

(a) *Be classified as a structurally deficient bridge having a poor condition rating for the deck, superstructure, substructure component, or culvert;*

(b) *Have a sufficiency rating of 35 or below; and*

(c) *Have average daily traffic of at least 500 vehicles.*

(4) Special consideration shall be given to bridges that are closed to all traffic or that have a load restriction of less than 10 tons.

(5) The department shall allocate remaining funding available for the program to improve highly congested roads on the State Highway System or local corridors on which high-cost bridges are located in order to improve the corridor or provide an alternative corridor. A project to be funded must, at a minimum:

(a) Be on or provide direct relief to an existing corridor that is backlogged or constrained; and

(b) Be a major bridge having an estimated cost greater than \$25 million.

(6) Preference shall be given to bridge projects located on corridors that connect to the Strategic Intermodal System, created under s. 339.64, and that have been identified as regionally significant in accordance with s. 339.155(5)(c), (d), and (e).

Section 44. Subsection (4) of section 339.55, Florida Statutes, is amended, and paragraph (c) is added to subsection (2) and paragraph (j) is added to subsection (7) of that section, to read:

339.55 State-funded infrastructure bank.—

(2) The bank may lend capital costs or provide credit enhancements for:

(c)1. Emergency loans for damages incurred to public-use commercial deepwater seaports, public-use airports, and other public-use transit and intermodal facilities that are within an area that is part of an official state declaration of emergency pursuant to chapter 252 and all other applicable laws. Such loans:

a. May not exceed 24 months in duration except in extreme circumstances, for which the Secretary of Transportation may grant up to 36 months upon making written findings specifying the conditions requiring a 36-month term.

b. Require application from the recipient to the department that includes documentation of damage claims filed with the Federal Emergency Management Agency or an applicable insurance carrier and documentation of the recipient's overall financial condition.

c. Are subject to approval by the Secretary of Transportation and the Legislative Budget Commission.

2. Loans provided under this paragraph must be repaid upon receipt by the recipient of eligible program funding for damages in accordance with the claims filed with the Federal Emergency Management Agency or an applicable insurance carrier, but no later than the duration of the loan.

(4) Loans from the bank may bear interest at or below market interest rates, as determined by the department. Repayment of any loan from the bank shall commence not later than 5 years after the project has been completed or, in the case of a highway project, the facility has opened to traffic, whichever is later, and shall be repaid within ~~in no more than~~ 30 years, except for loans provided under paragraph (2)(c), which shall be repaid within 36 months.

(7) The department may consider, but is not limited to, the following criteria for evaluation of projects for assistance from the bank:

(j) The extent to which damage from a disaster that results in a declaration of emergency has impacted a public transportation facility's ability to maintain its previous level of service and remain accessible to the public or has had a major impact on the cash flow or revenue-generation ability of the public-use facility.

Section 45. Section 339.63, Florida Statutes, is amended to read:

339.63 System facilities designated; additions and deletions.—

(1) The initial Strategic Intermodal System shall include all facilities that meet the criteria recommended by the Strategic Intermodal Steering Committee in a report titled "Steering Committee Final Report: Recommendations for Designating Florida's Strategic Intermodal System" dated December 2002.

(2) The Strategic Intermodal System and the Emerging Strategic Intermodal System include three different types of facilities that each form one component of an interconnected transportation system which types include:

(a) Existing or planned hubs that are ports and terminals including airports, seaports, spaceports, passenger terminals, and rail terminals serving to move goods or people between Florida regions or between Florida and other markets in the United States and the rest of the world;

(b) Existing or planned corridors that are highways, rail lines, waterways, and other exclusive-use facilities connecting major markets within Florida or between Florida and other states or nations; and

(c) Existing or planned intermodal connectors that are highways, rail lines, waterways or local public transit systems serving as connectors between the components listed in paragraphs (a) and (b).

(3) After ~~Subsequent to~~ the initial designation of the Strategic Intermodal System under ~~pursuant to~~ subsection (1), the department shall, in coordination with the metropolitan planning organizations, local governments, regional planning councils, transportation providers, and affected public agencies, add facilities to or delete facilities from the Strategic Intermodal System described in paragraphs (2)(b) and (2)(c) based upon criteria adopted by the department.

(4) After the initial designation of the Strategic Intermodal System under subsection (1), the department shall, in coordination with the metropolitan planning organizations, local governments, regional planning councils, transportation providers, and affected public agencies, add facilities to or delete facilities from the Strategic Intermodal System described in paragraph (2)(a) based upon criteria adopted by the department. However, an airport that is designated as a reliever airport to a Strategic Intermodal System airport which has at least 75,000 itinerant operations per year, has a runway length of at least 5,500 linear feet, is capable of handling aircraft weighing at least 60,000 pounds with a dual wheel configuration which is served by at least one precision instrument approach, and serves a cluster of aviation-dependent industries, shall be designated as part of the Strategic Intermodal System by the the Secretary of Transportation upon the request of a reliever airport meeting this criteria. ~~shall periodically add facilities to or delete facilities from the Strategic Intermodal System based upon adopted criteria.~~

Section 46. Subsection (2) of section 341.071, Florida Statutes, is amended to read:

341.071 Transit productivity and performance measures; reports.—

(2) Each public transit provider shall establish productivity and performance measures, which must be approved by the department and which must be selected from measures developed pursuant to s. 341.041(3). Each provider shall by January 31 of each year report ~~annually~~ to the department relative to these measures. In approving these measures, the department shall give consideration to the goals and objectives of each system, the needs of the local area, and the role for public transit in the local area. *The report shall also specifically address potential enhancements to productivity and performance which would have the effect of increasing farebox recovery ratio.*

Section 47. Paragraph (a) of subsection (2) of section 343.81, Florida Statutes, is amended to read:

343.81 Northwest Florida Transportation Corridor Authority.—

(2)(a) The governing body of the authority shall consist of eight voting members, one each from Escambia, Santa Rosa, Walton, Okaloosa, Bay, Gulf, Franklin, and Wakulla Counties, appointed by the Governor to a 4-year term. The appointees shall be residents of their respective counties and may not hold an elected office. Upon the effective date of his or her appointment, or as soon thereafter as practicable, each appointed member of the authority shall enter upon his or her duties. Each appointed member shall hold office until his or her successor has been appointed and has qualified. A vacancy occurring during a term shall be filled only for the balance of the unexpired term. Any member of the authority shall be eligible for reappointment. Members of the authority may be removed from office by the Governor for misconduct, malfeasance, misfeasance, or nonfeasance in office.

Section 48. *The amendments made by this act to s. 343.81, Florida Statutes, prohibiting the appointment of a person holding an elected*

office to the Northwest Florida Transportation Corridor Authority shall not prohibit any member appointed prior to the effective date of this act from completing his or her current term, and the prohibition shall only apply to members appointed after the effective date of this act and shall not preclude the reappointment of any existing member.

Section 49. Subsection (2) of section 343.82, Florida Statutes, is amended to read:

343.82 Purposes and powers.—

(2)(a) The authority is authorized to construct any feeder roads, reliever roads, connector roads, bypasses, or appurtenant facilities that are intended to improve mobility along the U.S. 98 corridor. The transportation improvement projects may also include all necessary approaches, roads, bridges, and avenues of access that are desirable and proper with the concurrence, where applicable, of the department if the project is to be part of the State Highway System or the respective county or municipal governing boards. Any transportation facilities constructed by the authority may be tolled.

(b) Notwithstanding any special act to the contrary, the authority shall plan for and study the feasibility of constructing, operating, and maintaining a bridge or bridges spanning Choctawhatchee Bay or Santa Rosa Sound, or both, and access roads to such bridge or bridges, including studying the environmental and economic feasibility of such bridge or bridges and access roads, and such other transportation facilities that become part of such bridge system. The authority may construct, operate, and maintain the bridge system if the authority determines that the bridge system project is feasible and consistent with the authority's primary purpose and master plan.

Section 50. Section 334.30, Florida Statutes, is amended to read:

334.30 Public-private transportation facilities.—The Legislature hereby finds and declares that there is a public need for the rapid construction of safe and efficient transportation facilities for the purpose of traveling travel within the state, and that it is in the public's interest to provide for the construction of additional safe, convenient, and economical transportation facilities.

(1) The department may receive or solicit proposals and, with legislative approval as evidenced by approval of the project in the department's work program, enter into agreements with private entities, or consortia thereof, for the building, operation, ownership, or financing of transportation facilities which increase transportation capacity. Except as provided in s. 337.25, s. 337.251, s. 338.234, or s. 338.235, the department may not sell or lease any transportation facility owned by the department. The department may advance projects increasing transportation capacity and programmed in the adopted 5-year work program or projects increasing transportation capacity and greater than \$500 million in the 10-year Strategic Intermodal System Plan using funds provided by public-private partnerships or private entities to be reimbursed from department funds for the project as programmed in the adopted work program. The department shall by rule establish an application fee for the submission of unsolicited proposals under this section. The fee must be sufficient to pay the costs of evaluating the proposals. The department may engage the services of private consultants to assist in the evaluation. Before approval, the department must determine that the proposed project:

- (a) Is in the public's best interest;
- (b) Would not require state funds to be used unless the project is on the State Highway System; and
- (c) Would have adequate safeguards in place to ensure that no additional costs or service disruptions would be realized by the traveling public and residents citizens of the state in the event of default or cancellation of the agreement by the department;
- (d) Would have adequate safeguards in place to ensure that the department or the private entity has the opportunity to add capacity to the proposed project and other transportation facilities serving similar origins and destinations; and
- (e) Would be owned by the department upon completion or termination of the agreement.

The department shall ensure that all reasonable costs to the state, related to transportation facilities that are not part of the State Highway System, are borne by the private entity. The department shall also ensure that all reasonable costs to the state and substantially affected local governments and utilities, related to the private transportation facility, are borne by the private entity for transportation facilities that are owned by private entities. For projects on the State Highway System, the department may use state resources to participate in funding and financing the project as provided for under the department's enabling legislation.

(2) Agreements entered into pursuant to this section may authorize the private entity to impose tolls or fares for the use of the facility. ~~The following provisions shall apply to such agreements: However, the amount and use of toll or fare revenues shall be regulated by the department to avoid unreasonable costs to users of the facility.~~

(a) The public-private partnership agreement must ensure that the transportation facility is properly operated, maintained, and renewed in accordance with department standards.

(b) Any toll revenues shall be regulated by the department pursuant to s. 338.165(3). The regulations governing the future increase of toll or fare revenues shall be included in the public-private partnership agreement.

(c) The department shall include provisions in the public-private partnership agreement that ensure a negotiated portion of revenues from tolled or fare generating projects are returned to the department over the life of the public-private partnership agreement.

(d) The private entity shall provide an investment grade traffic and revenue study prepared by an internationally recognized traffic and revenue expert that is accepted by the national bond rating agencies. The private entity shall also provide a finance plan that identifies the project cost, revenues by source, financing, major assumptions, internal rate of return on private investments, and whether any government funds are assumed to deliver a cost feasible project, and a total cash flow analysis beginning with implementation of the project and extending for the term of the agreement.

(3) Each private transportation facility constructed pursuant to this section shall comply with all requirements of federal, state, and local laws; state, regional, and local comprehensive plans; department rules, policies, procedures, and standards for transportation facilities; and any other conditions which the department determines to be in the public's best interest.

(4) The department may exercise any power possessed by it, including eminent domain, with respect to the development and construction of state transportation projects to facilitate the development and construction of transportation projects pursuant to this section. The department may provide services to the private entity. Agreements for maintenance, law enforcement, and other services entered into pursuant to this section shall provide for full reimbursement for services rendered for projects not on the State Highway System.

(5) Except as herein provided, the provisions of this section are not intended to amend existing laws by granting additional powers to, or further restricting, local governmental entities from regulating and entering into cooperative arrangements with the private sector for the planning, construction, and operation of transportation facilities.

(6) The procurement of public-private partnerships by the department shall follow the provisions of this section. Sections 337.025, 337.11, 337.14, 337.141, 337.145, 337.175, 337.18, 337.185, 337.19, 337.221, and 337.251 shall not apply to procurements under this section unless a provision is included in the procurement documents. The department shall ensure that generally accepted business practices for exemptions provided by this subsection are part of the procurement process or are included in the public-private partnership agreement.

(a) The department may request proposals from private entities for public-private transportation projects or, if the department receives an unsolicited proposal, the department shall publish a notice in the Florida Administrative Weekly and a newspaper of general circulation at least once a week for 2 weeks stating that the department has received the proposal and will accept, for 120 60 days after the initial date of

publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected area.

(b) *Public-private partnerships shall be qualified by the department as part of the procurement process as outlined in the procurement documents, provided such process ensures that the private firm meets at least the minimum department standards for qualification in department rule for professional engineering services and road and bridge contracting prior to submitting a proposal under the procurement.*

(c) *The department shall ensure that procurement documents include provisions for performance of the private entity and payment of subcontractors, including, but not limited to, surety bonds, letters of credit, parent company guarantees, and lender and equity partner guarantees. The department shall balance the structure of the security package for the public-private partnership that ensures performance and payment of subcontractors with the cost of the security to ensure the most efficient pricing.*

(d) *After the public notification period has expired, the department shall rank the proposals in order of preference. In ranking the proposals, the department may consider factors that include, including, but are not limited to, professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the project. If the department is not satisfied with the results of the negotiations, the department may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the department may go to the second-ranked and lower-ranked firms, in order, using this same procedure. If only one proposal is received, the department may negotiate in good faith and, if the department is not satisfied with the results of the negotiations, the department may, at its sole discretion, terminate negotiations with the proposer. Notwithstanding this subsection, the department may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.*

(7) *The department may lend funds from the Toll Facilities Revolving Trust Fund, as outlined in s. 338.251, to private entities that construct projects on the State Highway System containing toll facilities that are approved under this section. To be eligible, a private entity must comply with s. 338.251 and must provide an indication from a nationally recognized rating agency that the senior bonds for the project will be investment grade, or must provide credit support such as a letter of credit or other means acceptable to the department, to ensure that the loans will be fully repaid. The state's liability for the funding of a facility is limited to the amount approved for that specific facility in the department's 5-year work program adopted pursuant to s. 339.135.*

(8) *The department may use innovative finance techniques associated with a public-private partnership under this section, including, but not limited to, federal loans as provided in Title 23 and Title 49 of the Code of Federal Regulations, commercial bank loans, and hedges against inflation from commercial banks or other private sources.*

(9) *The department may enter into public-private partnership agreements that include extended terms providing annual payments for performance based on the availability of service or the facility being open to traffic or based on the level of traffic using the facility. In addition to other provisions in this section, the following provisions shall apply:*

(a) *The annual payments under such agreement shall be included in the department's tentative work program developed under s. 339.135 and the long-range transportation plan for the applicable metropolitan planning organization developed under s. 339.175. The department shall ensure that annual payments on multiyear public-private partnership agreements are prioritized ahead of new capacity projects in the development and updating of the tentative work program.*

(b) *The annual payments are subject to annual appropriation by the Legislature as provided in the General Appropriations Act in support of the first year of the tentative work program.*

(10) *The department shall provide a summary of new public-private partnership projects each year as part of the submittal of the Tentative Work Program pursuant to s. 339.135. This summary shall include identification of planned funding from the State Transportation Trust Fund beyond the 5-year Tentative Work Program period that are the public involvement process for project, including discussion of the planned use of future funds to deliver the project.*

(11) *Prior to entering such agreement where funds are committed from the State Transportation Trust Fund, the project must be prioritized as follows:*

(a) *The department, in coordination with the local metropolitan planning organization, shall prioritize projects included in the Strategic Intermodal System 10-year and long-range cost feasible plans.*

(b) *The department, in coordination with the local metropolitan planning organization or local government where there is no metropolitan planning organization, shall prioritize projects, for facilities not on the Strategic Intermodal System, included in the metropolitan planning organization cost feasible transportation improvement plan and long-range transportation plan.*

(12) *Public-private partnership agreements under this section shall be limited to a term not exceeding 50 years. Upon making written findings that an agreement under this section requires a term in excess of 50 years, the secretary of the department may authorize a term of up to 75 years. Agreements under this section shall not have a term in excess of 75 years unless specifically approved by the Legislature. The department shall identify each new project under this section with a term exceeding 75 years in the transmittal letter that accompanies the submittal of the tentative work program to the Governor and the Legislature in accordance with s. 339.135.*

(13) *The department shall ensure that no more than 15 percent of total federal and state funding in any given year for the State Transportation Trust Fund shall be obligated collectively for all projects under this section.*

~~(8) A fixed guideway transportation system authorized by the department to be wholly or partially within the department's right of way pursuant to a lease granted under s. 337.251 may operate at any safe speed.~~

Section 51. Section 338.165, Florida Statutes, is amended to read:

338.165 Continuation of tolls.—

(1) The department, any transportation or expressway authority or, in the absence of an authority, a county or counties may continue to collect the toll on a revenue-producing project after the discharge of any bond indebtedness related to such project and may increase such toll. All tolls so collected shall first be used to pay the annual cost of the operation, maintenance, and improvement of the toll project.

(2) If the revenue-producing project is on the State Highway System, any remaining toll revenue shall be used for the construction, maintenance, or improvement of any road on the State Highway System within the county or counties in which the revenue-producing project is located, except as provided in s. 348.0004.

(3) *Notwithstanding any other provision of law, the department including the turnpike enterprise shall index toll rates on existing toll facilities to the annual Consumer Price Index or similar inflation indicators. Toll rate adjustments for inflation under this subsection may be made no more frequently than once a year and must be made no less frequently than once every 5 years as necessary to accommodate cash toll rate schedules. Toll rates may be increased beyond these limits as directed by bond documents, covenants, or governing body authorization or pursuant to department administrative rule.*

~~(4)(3)~~ Notwithstanding any other law to the contrary, pursuant to s. 11, Art. VII of the State Constitution, and subject to the requirements of subsection (2), the Department of Transportation may request the Division of Bond Finance to issue bonds secured by toll revenues collected on the Alligator Alley, the Sunshine Skyway Bridge, the Beeline-East Expressway, the Navarre Bridge, and the Pinellas Bayway to fund transportation projects located within the county or counties in which the project is located and contained in the adopted work program of the department.

~~(5)(4)~~ If the revenue-producing project is on the county road system, any remaining toll revenue shall be used for the construction, maintenance, or improvement of any other state or county road within the county or counties in which the revenue-producing project is located, except as provided in s. 348.0004.

(6)(b) Selection of projects on the State Highway System for construction, maintenance, or improvement with toll revenues shall be, with the concurrence of the department, consistent with the Florida Transportation Plan.

(7) With the exception of subsection (3), this section does not apply to the turnpike system as defined under the Florida Turnpike Enterprise Law.

Section 52. Section 338.234, Florida Statutes, is amended to read:

338.234 Granting concessions or selling along the turnpike system; immunity from taxation.—

(1) The department may enter into contracts or licenses with any person for the sale of services or products or business opportunities on the turnpike system, or the turnpike enterprise may sell services, products, or business opportunities on the turnpike system, which benefit the traveling public or provide additional revenue to the turnpike system. Services, business opportunities, and products authorized to be sold include, but are not limited to, motor fuel, vehicle towing, and vehicle maintenance services; food with attendant nonalcoholic beverages; lodging, meeting rooms, and other business services opportunities; advertising and other promotional opportunities, which advertising and promotions must be consistent with the dignity and integrity of the state; state lottery tickets sold by authorized retailers; games and amusements that operate by the application of skill, not including games of chance as defined in s. 849.16 or other illegal gambling games; Florida citrus, goods promoting the state, or handmade goods produced within the state; and travel information, tickets, reservations, or other related services. However, the department, pursuant to the grants of authority to the turnpike enterprise under this section, shall not exercise the power of eminent domain solely for the purpose of acquiring real property in order to provide business services or opportunities, such as lodging and meeting-room space on the turnpike system.

(2) *The effectuation of the authorized purposes of the Florida Intra-state Highway System and Florida Turnpike Enterprise, created under this chapter, is for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions and, because the system and enterprise perform essential government functions in effectuating such purposes, neither the turnpike enterprise nor any nongovernment lessee or licensee renting, leasing, or licensing real property from the turnpike enterprise, pursuant to an agreement authorized by this section are required to pay any commercial rental tax imposed under s. 212.031 on any capital improvements constructed, improved, acquired, installed, or used for such purposes.*

Section 53. Subsection (9) of section 348.0004, Florida Statutes, is amended to read:

348.0004 Purposes and powers.—

(9) The Legislature declares that there is a public need for *the* rapid construction of safe and efficient transportation facilities for *traveling* ~~travel~~ within the state and that it is in the public's interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical transportation facilities.

(a) Notwithstanding any other provision of the Florida Expressway Authority Act, any expressway authority, *transportation authority, bridge authority, or toll authority* may receive or solicit proposals and enter into agreements with private entities, or consortia thereof, for the building, operation, ownership, or financing of *expressway* authority transportation facilities or new transportation facilities within the jurisdiction of the *expressway* authority *which increase transportation capacity. An authority may not sell or lease any transportation facility owned by the authority. An expressway* authority is authorized to adopt rules to implement this subsection and shall, by rule, establish an application fee for the submission of unsolicited proposals under this subsection. The fee must be sufficient to pay the costs of evaluating the proposals. An *expressway* authority may engage private consultants to assist in the evaluation. Before approval, an *expressway* authority must determine that a proposed project:

1. Is in the public's best interest.
2. Would not require state funds to be used unless the project is on or provides increased mobility on the State Highway System.

3. Would have adequate safeguards to ensure that no additional costs or service disruptions would be realized by the traveling public and *residents* ~~citizens~~ of the state in the event of default or the cancellation of the agreement by the *expressway* authority.

4. *Would have adequate safeguards in place to ensure that the department, the authority, or the private entity has the opportunity to add capacity to the proposed project and other transportation facilities serving similar origins and destinations.*

5. *Would be owned by the authority upon completion or termination of the agreement.*

(b) An *expressway* authority shall ensure that all reasonable costs to the state *which are*, related to transportation facilities that are not part of the State Highway System, are borne by the private entity. An *expressway* authority shall also ensure that all reasonable costs to the state and substantially affected local governments and utilities related to the private transportation facility are borne by the private entity for transportation facilities that are owned by private entities. For projects on the State Highway System, the department may use state resources to participate in funding and financing the project as provided for under the department's enabling legislation.

(c) The *expressway* authority may request proposals for public-private transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Weekly and a newspaper of general circulation in the county in which it is located at least once a week for 2 weeks, stating that it has received the proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public notification period has expired, the *expressway* authority shall rank the proposals in order of preference. In ranking the proposals, the *expressway* authority shall consider professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the *expressway* authority is not satisfied with the results of the negotiations, it may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the *expressway* authority may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the *expressway* authority may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. ~~Notwithstanding this paragraph,~~ The *expressway* authority may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

(d) The department may lend funds from the Toll Facilities Revolving Trust Fund, as outlined in s. 338.251, to public-private partnerships. To be eligible a private entity must comply with s. 338.251 and must provide an indication from a nationally recognized rating agency that the senior bonds for the project will be investment grade or must provide credit support, such as a letter of credit or other means acceptable to the department, to ensure that the loans will be fully repaid.

(e) Agreements entered into pursuant to this subsection may authorize the public-private entity to impose tolls or fares for the use of the facility. However, the amount and use of toll or fare revenues shall be regulated by the *expressway* authority to avoid unreasonable costs to users of the facility.

(f) Each public-private transportation facility constructed pursuant to this subsection shall comply with all requirements of federal, state, and local laws; state, regional, and local comprehensive plans; the *expressway* authority's rules, policies, procedures, and standards for transportation facilities; and any other conditions that the *expressway* authority determines to be in the public's best interest.

(g) An *expressway* authority may exercise any power possessed by it, including eminent domain, to facilitate the development and construction of transportation projects pursuant to this subsection. An *expressway* authority may pay all or part of the cost of operating and maintaining the facility or may provide services to the private entity for which it receives full or partial reimbursement for services rendered.

(h) Except as herein provided, this subsection is not intended to amend existing laws by granting additional powers to or further restricting the governmental entities from regulating and entering into coopera-

tive arrangements with the private sector for the planning, construction, and operation of transportation facilities. *Use of the powers granted in this subsection do not subject a statutorily created expressway authority, transportation authority, bridge authority, or toll authority, other than one created under this part, to any of the requirements of this part other than those contained in this subsection.*

Section 54. Section 348.0012, Florida Statutes, is amended to read:

348.0012 Exemptions from applicability.—The Florida Expressway Authority Act does not apply:

(1) In a county in which an expressway authority has been created pursuant to parts II-IX of this chapter, *except as expressly provided in this part*; or

(2) To a transportation authority created pursuant to chapter 349.

Section 55. Subsection (6) is added to section 348.754, Florida Statutes, to read:

348.754 Purposes and powers.—

(6)(a) *Notwithstanding s. 255.05, the Orlando-Orange County Expressway Authority may waive payment and performance bonds on construction contracts for the construction of a public building, for the prosecution and completion of a public work, or for repairs on a public building or public work that has a cost of \$500,000 or less and when the project is awarded pursuant to an economic development program for the encouragement of local small businesses that has been adopted by the governing body of the Orlando-Orange County Expressway Authority pursuant to a resolution or policy.*

(b) *The authority's adopted criteria for participation in the economic development program for local small businesses requires that a participant:*

1. *Be an independent business.*
2. *Be principally domiciled in the Orange County Standard Metropolitan Statistical Area.*
3. *Employ 25 or fewer full-time employees.*
4. *Have gross annual sales averaging \$3 million or less over the immediately preceding 3 calendar years with regard to any construction element of the program.*
5. *Be accepted as a participant in the Orlando-Orange County Expressway Authority's microcontracts program or such other small business program as may be hereinafter enacted by the Orlando-Orange County Expressway Authority.*
6. *Participate in an educational curriculum or technical assistance program for business development that will assist the small business in becoming eligible for bonding.*

(c) *The authority's adopted procedures for waiving payment and performance bonds on projects with values not less than \$200,000 and not exceeding \$500,000 shall provide that payment and performance bonds may only be waived on projects that have been set aside to be competitively bid on by participants in an economic development program for local small businesses. The authority's executive director or his or her designee shall determine whether specific construction projects are suitable for:*

1. *Bidding under the authority's microcontracts program by registered local small businesses; and*
2. *Waiver of the payment and performance bond.*

The decision of the authority's executive director or deputy executive director to waive the payment and performance bond shall be based upon his or her investigation and conclusion that there exists sufficient competition so that the authority receives a fair price and does not undertake any unusual risk with respect to such project.

(d) *For any contract for which a payment and performance bond has been waived pursuant to the authority set forth in this section, the Orlando-Orange County Expressway Authority shall pay all persons defined in*

s. 713.01 who furnish labor, services, or materials for the prosecution of the work provided for in the contract to the same extent and upon the same conditions that a surety on the payment bond under s. 255.05 would have been obligated to pay such persons if the payment and performance bond had not been waived. The authority shall record notice of this obligation in the manner and location that surety bonds are recorded. The notice shall include the information describing the contract that s. 255.05(1) requires be stated on the front page of the bond. Notwithstanding that s. 255.05(9) generally applies when a performance and payment bond is required, s. 255.05(9) shall apply under this subsection to any contract on which performance or payment bonds are waived and any claim to payment under this subsection shall be treated as a contract claim pursuant to s. 255.05(9).

(e) *A small business that has been the successful bidder on six projects for which the payment and performance bond was waived by the authority pursuant to paragraph (a) shall be ineligible to bid on additional projects for which the payment and performance bond is to be waived. The local small business may continue to participate in other elements of the economic development program for local small businesses as long as it is eligible.*

(f) *The authority shall conduct bond eligibility training for businesses qualifying for bond waiver under this subsection to encourage and promote bond eligibility for such businesses.*

(g) *The authority shall prepare a biennial report on the activities undertaken pursuant to this subsection to be submitted to the Orange County legislative delegation. The initial report shall be due December 31, 2010.*

Section 56. Paragraph (a) of subsection (3) of section 163.3177, Florida Statutes, is amended to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(3)(a) The comprehensive plan shall contain a capital improvements element designed to consider the need for and the location of public facilities in order to encourage the efficient utilization of such facilities and set forth:

1. A component which outlines principles for construction, extension, or increase in capacity of public facilities, as well as a component which outlines principles for correcting existing public facility deficiencies, which are necessary to implement the comprehensive plan. The components shall cover at least a 5-year period.
2. Estimated public facility costs, including a delineation of when facilities will be needed, the general location of the facilities, and projected revenue sources to fund the facilities.
3. Standards to ensure the availability of public facilities and the adequacy of those facilities including acceptable levels of service.
4. Standards for the management of debt.
5. A schedule of capital improvements which includes publicly funded projects, and which may include privately funded projects for which the local government has no fiscal responsibility, necessary to ensure that adopted level-of-service standards are achieved and maintained. For capital improvements that will be funded by the developer, financial feasibility shall be demonstrated by being guaranteed in an enforceable development agreement or interlocal agreement pursuant to paragraph (10)(h), or other enforceable agreement. These development agreements and interlocal agreements shall be reflected in the schedule of capital improvements if the capital improvement is necessary to serve development within the 5-year schedule. If the local government uses planned revenue sources that require referenda or other actions to secure the revenue source, the plan must, in the event the referenda are not passed or actions do not secure the planned revenue source, identify other existing revenue sources that will be used to fund the capital projects or otherwise amend the plan to ensure financial feasibility.
6. The schedule must include transportation improvements included in the applicable metropolitan planning organization's transportation improvement program adopted pursuant to s. 339.175(8)(7) to the extent that such improvements are relied upon to ensure concurrency and financial feasibility. The schedule must also be coordinated with the

applicable metropolitan planning organization's long-range transportation plan adopted pursuant to s. 339.175(7)(6).

Section 57. Section 339.176, Florida Statutes, is amended to read:

339.176 Voting membership for M.P.O. with boundaries including certain counties.—In addition to the voting membership established by s. 339.175(3)(2) and notwithstanding any other provision of law to the contrary, the voting membership of any Metropolitan Planning Organization whose geographical boundaries include any county as defined in s. 125.011(1) must include an additional voting member appointed by that city's governing body for each city with a population of 50,000 or more residents.

Section 58. Subsection (1) of section 341.828, Florida Statutes, is amended to read:

341.828 Permitting.—

(1) The authority, for the purposes of permitting, may utilize one or more permitting processes provided for in statute, including, but not limited to, the metropolitan planning organization long-range transportation planning process as defined in s. 339.175(6) and (7) and (8), in conjunction with the Department of Transportation's work program process as defined in s. 339.135, or any permitting process now in effect or that may be in effect at the time of permitting and will provide the most timely and cost-effective permitting process.

Section 59. Section 2 of chapter 89-383, Laws of Florida, is amended to read:

Section 2. Red Road is hereby designated as a state historic highway. No public funds shall be expended for:

(1) The removal of any healthy tree which is not a safety hazard.

(2) Any alteration of the physical dimensions or location of Red Road, the median strip thereof, the land adjacent thereto, or any part of the original composition of the entranceway, including the towers, the walls, and the lampposts.

(3) Any construction on or along Red Road of any new structure, or any building, clearing, filling, or excavating on or along Red Road except for routine maintenance or alterations, modifications, or improvements to it and the adjacent right-of-way made for the purpose of enhancing life safety for vehicular or pedestrian use of Red Road if the number of traffic lanes is not altered work which is essential to the health, safety, or welfare of the environment.

Section 60. Subsection (27) is added to section 479.01, Florida Statutes, to read:

479.01 Definitions.—As used in this chapter, the term:

(27) "Wall mural" means a sign that is a painting or an artistic work composed of photographs or arrangements of color and that displays a commercial or noncommercial message, relies solely on the side of the building for rigid structural support, and is painted on the building or depicted on vinyl, fabric, or other similarly flexible material that is held in place flush or flat against the surface of the building. The term excludes a painting or work placed on a structure that is erected for the sole or primary purpose of signage.

Section 61. Section 479.156, Florida Statutes, is created to read:

479.156 Wall murals.—Notwithstanding any other provision of this chapter, a municipality or county may permit and regulate wall murals within areas designated by such government. If a municipality or county permits wall murals, a wall mural that displays a commercial message and is within 660 feet of the nearest edge of the right-of-way within an area adjacent to the interstate highway system or the federal-aid primary highway system shall be located in an area that is zoned for industrial or commercial use and the municipality or county shall establish and enforce regulations for such areas that, at a minimum, set forth criteria governing the size, lighting, and spacing of wall murals consistent with the intent of the Highway Beautification Act of 1965 and with customary use. A wall mural that is subject to municipal or county regulation and the Highway Beautification Act of 1965 must be approved by the Department of Transportation and the Federal Highway Administration and

may not violate the agreement between the state and the United States Department of Transportation or violate federal regulations enforced by the Department of Transportation under s. 479.02(1). The existence of a wall mural as defined in s. 479.01(27) shall not be considered in determining whether a sign as defined in s. 479.01(17), either existing or new, is in compliance with s. 479.07(9)(a).

Section 62. Section 316.1951, Florida Statutes, is amended to read:

316.1951 Parking for certain purposes prohibited; sale of motor vehicles; prohibited acts.—

(1) It is unlawful for any person to park a motor vehicle, as defined in s. 320.01, ~~for a continuous period in excess of 24 hours, after written notice,~~ upon a public street or highway, upon a public parking lot, or other public property, or upon private property where the public has the right to travel by motor vehicle, for the principal purpose and intent of displaying the motor vehicle thereon for sale, hire, or rental unless the sale, hire, or rental of the motor vehicle is specifically authorized on such property by municipal or county regulation ~~and the person is duly licensed as a motor vehicle dealer in accordance with s. 320.27, and the person is in compliance with all municipal or county licensing regulations.~~

(2) The provisions of subsection (1) do not prohibit a person from parking his or her own motor vehicle or his or her other personal property on any private real property which the person owns or leases or on private real property which the person does not own or lease, but for which he or she obtains the permission of the owner, or on the public street immediately adjacent thereto, for the principal purpose and intent of sale, hire, or rental.

(3) *Subsection (1) does not prohibit a licensed motor vehicle dealer from displaying for sale or offering for sale motor vehicles at locations other than the dealer's licensed location if the dealer has been issued a supplemental license for off-premises sales, as provided in s. 320.27(5), and has complied with the requirements in subsection (1). A vehicle displayed for sale by a licensed dealer at any location other than the dealer's licensed location is subject to immediate removal without warning.*

(4)(3) The Department of Highway Safety and Motor Vehicles shall adopt by rule a uniform written notice to be used to enforce this section. Each law enforcement agency in this state shall provide, at each agency's expense, the notice forms necessary to enforce this section.

(5)(4) A law enforcement officer, compliance officer ~~examiner, license inspector,~~ or supervisor of the department may cause to be removed at the owner's expense any motor vehicle found ~~upon a public street, public parking lot, other public property, or private property, where the public has the right to travel by motor vehicle, which is in violation of subsection (1), which has been parked in one location for more than 24 hours after a written notice has been issued.~~ Every written notice issued pursuant to this section shall be affixed in a conspicuous place upon a vehicle by a law enforcement officer, compliance officer ~~examiner, license inspector,~~ or supervisor of the department. Any vehicle found in violation of subsection (1) within 30 ~~10~~ days after a previous violation and written notice is ~~shall be~~ subject to immediate removal without an additional waiting period.

(6) It is unlawful to offer a vehicle for sale if the vehicle identification number has been destroyed, removed, covered, altered, or defaced, as described in s. 319.33(1)(d). A vehicle found in violation of this subsection is subject to immediate removal without warning.

(7) It is unlawful to knowingly attach to any motor vehicle a registration that was not assigned or lawfully transferred to the vehicle pursuant to s. 320.261. A vehicle found in violation of this subsection is subject to immediate removal without warning.

(8) It is unlawful to display or offer for sale a vehicle that does not have a valid registration as provided in s. 320.02. A vehicle found in violation of this subsection is subject to immediate removal without warning. This subsection does not apply to vehicles and recreational vehicles being offered for sale through motor vehicle auctions as defined in s. 320.27(1)(c)4.

(9) A vehicle is subject to immediate removal without warning if it bears a telephone number that has been displayed on three or more vehicles offered for sale within a 12-month period.

(10)(5) Any other provision of law to the contrary notwithstanding, a violation of subsection (1) shall subject the owner of such motor vehicle to towing fees reasonably necessitated by removal and storage of the motor vehicle.

(11)(6) This section does not prohibit the governing body of a municipality or county, with respect to streets, highways, or other property under its jurisdiction, from regulating the parking of motor vehicles for any purpose.

(12)(7) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318, *unless otherwise mandated by general law.*

Section 63. This act shall take effect July 1, 2007.

And the title is amended as follows:

MOTION

On motion by Senator Baker, the rules were waived to allow the following amendments to be considered:

Senator Baker moved the following amendments to **Amendment 1** which were adopted:

Amendment 1D (585656)—On page 108, line 23, after “authority” insert: *, without providing the analysis required in s. 334.30(6)(e)2. to the Legislative Budget Commission created pursuant to s. 11.90 for review and approval prior to awarding a contract on a lease of an existing toll facility*

Amendment 1E (885916)—On page 97, line 11 through page 102, line 14, delete those lines and insert:

(1) The department may receive or solicit proposals and, with legislative approval as evidenced by approval of the project in the department’s work program, enter into agreements with private entities, or consortia thereof, for the building, operation, ownership, or financing of transportation facilities. The department may advance projects programmed in the adopted 5-year work program or projects increasing transportation capacity and greater than \$500 million in the 10-year Strategic Intermodal Plan using funds provided by public-private partnerships or private entities to be reimbursed from department funds for the project as programmed in the adopted work program. The department shall by rule establish an application fee for the submission of *unsolicited* proposals under this section. The fee must be sufficient to pay the costs of evaluating the proposals. The department may engage the services of private consultants to assist in the evaluation. Before approval, the department must determine that the proposed project:

- (a) Is in the public’s best interest;
- (b) Would not require state funds to be used unless the project is on the State Highway System; ~~and~~
- (c) Would have adequate safeguards in place to ensure that no additional costs or service disruptions would be realized by the traveling public and ~~residents~~ *citizens* of the state in the event of default or cancellation of the agreement by the department;

(d) *Would have adequate safeguards in place to ensure that the department or the private entity has the opportunity to add capacity to the proposed project and other transportation facilities serving similar origins and destinations; and*

(e) *Would be owned by the department upon completion or termination of the agreement.*

The department shall ensure that all reasonable costs to the state, related to transportation facilities that are not part of the State Highway System, are borne by the private entity. The department shall also ensure that all reasonable costs to the state and substantially affected local governments and utilities, related to the private transportation facility, are borne by the private entity for transportation facilities that are owned by private entities. For projects on the State Highway System, the department may use state resources to participate in funding and financing the project as provided for under the department’s enabling legislation.

(2) Agreements entered into pursuant to this section may authorize the private entity to impose tolls or fares for the use of the facility. *The following provisions shall apply to such agreements: However, the amount and use of toll or fare revenues shall be regulated by the department to avoid unreasonable costs to users of the facility.*

(a) *With the exception of the Florida Turnpike System, the department may lease existing toll facilities through public-private partnerships. The public-private partnership agreement must ensure that the transportation facility is properly operated, maintained, and renewed in accordance with department standards.*

(b) *The department may develop new toll facilities or increase capacity on existing toll facilities through public-private partnerships. The public-private partnership agreement must ensure that the toll facility is properly operated, maintained, and renewed in accordance with department standards.*

(c) *Any toll revenues shall be regulated by the department pursuant to s. 338.165(3). The regulations governing the future increase of toll or fare revenues shall be included in the public-private partnership agreement.*

(d) *The department shall provide the analysis required in subsection (6)(e)2. of this section to the Legislative Budget Commission created pursuant to s. 11.90 for review and approval prior to awarding a contract on a lease of an existing toll facility.*

(e) *The department shall include provisions in the public-private partnership agreement that ensure a negotiated portion of revenues from tolled or fare generating projects are returned to the department over the life of the public-private partnership agreement. In the case of a lease of an existing toll facility, the department shall receive a portion of funds upon closing on the agreements and shall also include provisions in the agreement to receive payment of a portion of excess revenues over the life of the public-private partnership.*

(f) *The private entity shall provide an investment grade traffic and revenue study prepared by an internationally recognized traffic and revenue expert that is accepted by the national bond rating agencies. The private entity shall also provide a finance plan that identifies the project cost, revenues by source, financing, major assumptions, internal rate of return on private investments, and whether any government funds are assumed to deliver a cost feasible project, and a total cash flow analysis beginning with implementation of the project and extending for the term of the agreement.*

(3) Each private transportation facility constructed pursuant to this section shall comply with all requirements of federal, state, and local laws; state, regional, and local comprehensive plans; department rules, policies, procedures, and standards for transportation facilities; and any other conditions which the department determines to be in the public’s best interest.

(4) The department may exercise any power possessed by it, including eminent domain, with respect to the development and construction of state transportation projects to facilitate the development and construction of transportation projects pursuant to this section. The department may provide services to the private entity. Agreements for maintenance, law enforcement, and other services entered into pursuant to this

section shall provide for full reimbursement for services rendered for projects not on the State Highway System.

(5) Except as herein provided, the provisions of this section are not intended to amend existing laws by granting additional powers to, or further restricting, local governmental entities from regulating and entering into cooperative arrangements with the private sector for the planning, construction, and operation of transportation facilities.

(6) The procurement of public-private partnerships by the department shall follow the provisions of this section. Sections 337.025, 337.11, 337.14, 337.141, 337.145, 337.175, 337.18, 337.185, 337.19, 337.221, and 337.251 shall not apply to procurements under this section unless a provision is included in the procurement documents. The department shall ensure that generally accepted business practices for exemptions provided by this subsection are part of the procurement process or are included in the public-private partnership agreement.

(a) The department may request proposals from private entities for public-private transportation projects or, if the department receives an unsolicited proposal, the department shall publish a notice in the Florida Administrative Weekly and a newspaper of general circulation at least once a week for 2 weeks stating that the department has received the proposal and will accept, for 120 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected area.

(b) Public-private partnerships shall be qualified by the department as part of the procurement process as outlined in the procurement documents, provided such process ensures that the private firm meets at least the minimum department standards for qualification in department rule for professional engineering services and road and bridge contracting prior to submitting a proposal under the procurement.

(c) The department shall ensure that procurement documents include provisions for performance of the private entity and payment of subcontractors, including, but not limited to, surety bonds, letters of credit, parent company guarantees, and lender and equity partner guarantees. The department shall balance the structure of the security package for the public-private partnership that ensures performance and payment of subcontractors with the cost of the security to ensure the most efficient pricing.

(d) After the public notification period has expired, the department shall rank the proposals in order of preference. In ranking the proposals, the department may consider factors that include, including, but are not limited to, professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the project. If the department is not satisfied with the results of the negotiations, the department may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the department may go to the second-ranked and lower-ranked firms, in order, using this same procedure. If only one proposal is received, the department may negotiate in good faith and, if the department is not satisfied with the results of the negotiations, the department may, at its sole discretion, terminate negotiations with the proposer. Notwithstanding this subsection, the department may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

(e) The department shall provide an independent analysis of the proposed public-private partnership that demonstrates the cost-effectiveness and overall public benefit at the following times:

1. Prior to moving forward with the procurement; and
2. If the procurement moves forward, prior to awarding the contract.

ABSTENTION FROM VOTING

The following companion bills are Florida Department of Transportation agency packages that cover a broad and comprehensive range of department issues:

CS for CS for CS for SB 1928/CS for CS for HB 985

I intend to vote on these bills when they are considered by the Senate.

Because my family, and I, and our businesses, potentially could be involved in projects contemplated by or in any of these bills, I am taking the prudent course and, in an abundance of caution, disclosing these facts under Senate Rule 1.39, for publication in today's Senate Journal.

J.D. Alexander, 17th District

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

The Honorable Ken Pruitt, President

I am directed to inform the Senate that the House of Representatives has passed CS for CS for SB 252, with amendment(s), and requests the concurrence of the Senate.

William S. Pittman III, Chief Clerk

Section 1. Section 608.406, Florida Statutes, is amended to read:

608.406 Limited liability company name.—

(1) A limited liability company name:

(a) Must contain the words “limited liability company” or “limited company,” or the abbreviation abbreviations “L.L.C.” or “L.C.,” or the designation designations “LLC” or “LC” as the last words of the name of every limited liability company formed under the provisions of this chapter. The word “limited” may be abbreviated as “Ltd.,” and the word “company” may be abbreviated as “Co.” Omission of the words “limited liability company” or “limited company,” the abbreviation abbreviations “L.L.C.” or “L.C.,” or the designation designations “LLC” or “LC” in the use of the name of the limited liability company shall render any person who knowingly participates in the omission, or knowingly acquiesces in the omission, liable for any indebtedness, damage, or liability caused by the omission.

(b) May not contain language stating or implying that the limited liability company is organized for a purpose other than that permitted in this chapter and its articles of organization.

(c) May not contain language stating or implying that the limited liability company is connected with a state or federal government agency or a corporation or other entity chartered under the laws of the United States.

(2) *The name of the limited liability company must be distinguishable on the records of the Division of Corporations of the Department of State, except for fictitious name registrations filed pursuant to s. 865.09 and general partnership registrations filed pursuant to s. 620.8105; however, a limited liability company may register under a name that is not otherwise distinguishable on the records of the Division of Corporations*

with written consent of the owner entity provided the consent is filed with the Division of Corporations at the time of registration of such name.

(3)(2) The name of the limited liability company shall be filed with the Department of State for public notice only and shall not alone create any presumption of ownership beyond that which is created under the common law. ~~The Department of State shall record the name without regard to any other name recorded.~~

(4) *In the case of any limited liability company in existence prior to July 1, 2007, and registered with the Division of Corporations, the requirement in this section that the name of the entity be distinguishable from the names of other entities and filings shall not apply except when the limited liability company files documents on or after July 1, 2007, that would otherwise have affected its name.*

Section 2. Paragraph (a) of subsection (1) of section 608.407, Florida Statutes, is amended to read:

608.407 Articles of organization.—

(1) In order to form a limited liability company, articles of organization of a limited liability company shall be filed with the Department of State by one or more members or authorized representatives of the limited liability company. The articles of organization shall set forth:

(a) The name of the limited liability company, *which must satisfy the requirements of s. 608.406.*

And the title is amended as follows:

insert:

Section 5. Section 501.973, Florida Statutes, is

created to read:

501.973 Chambers of commerce.—

(1) *For the purposes of this section:*

(a) *“Business entity” means any corporation, partnership, limited partnership, proprietorship, firm, enterprise, franchise, association, self-employed individual, or trust, whether fictitiously named or not, doing business in this state.*

(b) *“Chamber of commerce” means a voluntary membership, dues-paying organization of business and professional persons dedicated, as stated in the articles of incorporation or bylaws of the organization, to improving the economic climate and business development of the community, area, or region in which the organization is located and which:*

1. *Operates as an approved not-for-profit corporation under chapter 617 and as a corporation or association qualified for tax exempt status under s. 501(c)(3) or s. 501(c)(6) of the Internal Revenue Code of 1986, as amended.*

2. *Files any required corporation annual reports with the Secretary of State and, if applicable, required annual information returns with the United States Internal Revenue Service.*

3. *Is governed by a volunteer board of directors of at least seven members who are elected from among the membership of the organization and who serve without compensation.*

(2) *A business entity, other than a chamber of commerce, shall not use the term “chamber of commerce” in its name or to describe itself, except for binational chambers of commerce recognized by the Office of International Affairs of the Department of State or chambers of commerce in existence on or before October 1, 1992. Any business entity which violates this subsection commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.*

(3) *This section imposes no requirement for oversight or regulation of a business entity name, trademark, trade name, or other requirement for filing or registration under any provision of law.*

(4) *Subject to the provisions of s. 495.151, a chamber of commerce may sue any business entity that is not a chamber of commerce as defined in this section to enjoin such entity from using the term “chamber of commerce” in its name or to describe itself as a chamber of commerce in any business or commerce.*

On page 11, between line 2 and 3, insert:

Section 9. Section 576.092, Florida Statutes, is created to read:

576.092 *Consumer Fertilizer Task Force.—*

(1) *The Legislature finds that:*

(a) *There is a need for better training and education regarding the proper use of consumer fertilizers.*

(b) *There should exist a mechanism to help local governments promote and encourage the proper use of fertilizers, thereby eliminating or minimizing the potential for environmental impacts.*

(c) *Local government regulation of fertilizer uses for nonagricultural applications should be based on sound science, including water quality, agronomics, and horticulture.*

(d) *There is a need for education regarding the use of consumer fertilizers.*

(e) *There is a need for improved standards regarding nonagricultural fertilizer use and application.*

(f) *While the constituents in fertilizer are naturally occurring in the environment, the improper use of fertilizer can be one of many contributors to nonpoint source pollution.*

(g) *The state’s local governments are potentially subject to regulatory enforcement action by state or federal entities as a result of nonpoint source pollution caused by stormwater runoff.*

(2)(a) *There is hereby created the Consumer Fertilizer Task Force within the Department of Agriculture and Consumer Services for the purposes of:*

1. *Assessing existing data and information regarding nutrient enrichment and surface waters due to fertilizer, assessing management strategies for reducing water quality impacts associated with fertilizer, and identifying additional research needs.*

2. *Developing statewide guidelines governing nonagricultural fertilizer use rates, formulations, and applications with attention to the geographic regions identified in Rule 5E-1.003, Florida Administrative Code.*

3. *Taking public input and testimony concerning the issues in this section.*

4. *Recommending methods to ensure local ordinances are based on best available data and science and to achieve uniformity among local government ordinances where possible, unless local ordinance variations are necessary to meet mandated state and federal water quality standards.*

5. *Developing model ordinances for municipalities and counties concerning the use of nonagricultural fertilizer.*

(b)1. *The task force shall consist of 13 members who are technically qualified by training, education, or experience in water quality, horticultural, or agronomic science, and who shall be appointed as follows: three members appointed by the President of the Senate, one of whom shall be a representative from the Department of Environmental Protection, one of whom shall be a representative of the environmental community, and one of whom shall be a member of the Senate; three members appointed by the Speaker of the House of Representatives, one of whom shall be a representative from a water management district, one of whom shall be*

a representative of the University of Florida’s Institute for Food and Agricultural Sciences, and one of whom shall be a member of the House of Representatives; five members appointed by the Commissioner of Agriculture, one of whom shall be a representative from the Department of Agriculture and Consumer Services, one of whom shall be a representative from the Office of Agricultural Water Policy, one of whom shall be a representative from the national fertilizer industry, one of whom shall be a representative from the Florida-based fertilizer industry, and one of whom shall be a registered landscape architect; one member appointed by the Florida League of Cities, Inc.; and one member appointed by the Florida Association of Counties.

2. *Members shall choose a chair and vice chair from the membership of the task force.*

(3) *Staffing for the task force shall be provided by the Department of Agriculture and Consumer Services.*

(4) *The task force shall review and evaluate the issues identified in paragraph (2)(a) and take public testimony. A report of the recommendations and findings of the task force, including recommendations for statutory changes, if any, shall be submitted to the President of the Senate and the Speaker of the House of Representatives by January 15, 2008, and the task force shall be abolished upon the transmittal of the report.*

The Honorable Ken Pruitt, President

I am directed to inform the Senate that the House of Representatives has passed CS for CS for SB 2836, with amendment(s), and requests the concurrence of the Senate.

William S. Pittman III, Chief Clerk

CS for CS for SB 2836—A bill to be entitled An act relating to the Florida Building Commission; requiring the commission to review the requirements in the National Electrical Code which relate to bonding and grounding systems for swimming pools; authorizing the commission to adopt a rule for bonding and grounding which is an alterative to that of the National Electric Code; creating s. 553.844, F.S.; providing legislative findings concerning the need to prevent property damage caused by hurricanes; requiring the Florida Building Commission to adopt amendments to the Florida Building Code, including requirements for buildings constructed before the implementation of the code; providing requirements for such amendments; providing requirements for buildings located in a wind-borne debris region; requiring the commission to make certain determinations before eliminating gravel and stone roofing systems; amending s. 468.609, F.S.; increasing the number of days a newly employed person can be a plan examiner or building inspector without certification; amending s. 553.73, F.S.; authorizing the commission to approve certain amendments to the code; amending s. 553.775, F.S.; providing that, upon written application by substantially affected persons, the Florida Building Commission must issue, or cause to be issued, a formal interpretation of the code; amending s. 553.791, F.S.; defining terms; requiring that certain forms be signed at the completion of a required inspection; requiring that a deficiency notice be posted at the job site whenever an element is found to be not in conformance with the building code or the permitting documents; providing for corrective actions; prohibiting the charging of certain fees; amending s. 553.841, F.S.; providing legislative intent regarding education and outreach for understanding the Florida Building Code; requiring the Department of Community Affairs to administer a compliance and mitigation program; requiring that the compliance and mitigation program be provided by a private, nonprofit corporation under contract with the department; requiring the department to consider certain criteria when selecting the corporation; requiring the commission to provide certain courses to accredit persons subject to the building code; authorizing the commission to adopt rules; amending s. 553.842, F.S.; providing for certification of products; authorizing the commission to impose penalties for violation of the product validation process; amending s. 633.081, F.S.; deleting the requirement that a certified firesafety inspector be a resident of Florida; requiring that a firesafety inspector be 18 years of age or older; establishing grounds under which an inspector's license may be suspended or revoked; amending s. 633.521, F.S.; providing for provisional permits for inspectors of certain fire protection systems; providing a time limitation for such permits; amending s. 633.537, F.S.; revising continuing education requirements; requiring the commission to review certain modifications recommended by the commission's technical advisory committee; authorizing the commission to adopt or modify the modifications in response to public comments; contingent upon appropriations, requiring the Office of Insurance Regulation, in consultation with the Department of Community Affairs and the Florida Building Commission, to conduct wind-loss mitigation studies; providing requirements for the studies; requiring a report to the Governor, the Legislature, the Chief Financial Officer, and the Commissioner of Insurance Regulation; authorizing the commission to adopt provisions preserving the use of gravel roof systems; directing the commission to work with others to review the Florida Energy Code and to compare that code to other energy efficiency codes; requiring the commission to deliver a report to the Legislature by a specified date; providing an appropriation; providing an effective date.

House Amendment 1 (218733)(with title amendment)—

On page 4, line 20, through page 34, line 5,

remove all of said lines.

and insert:

Section 2. (1) *Before eliminating gravel or stone roofing systems in the Florida Building Code, the Florida Building Commission shall determine and document:*

(a) *Whether there is a scientific basis or reason for eliminating this option;*

(b) *Whether there is an available alternative that is equivalent in cost and durability;*

(c) *Whether eliminating this option will unnecessarily restrict or eliminate business or consumer choice in roofing systems; and*

(d) *In consultation with the Fish and Wildlife Conservation Commission, whether eliminating this option will negatively affect the nesting habitat of any species of nesting bird.*

(2) *Notwithstanding s. 553.73, Florida Statutes, the Florida Building Commission may adopt provisions to preserve the use of gravel roof systems in future editions of the Florida Building Code, if necessary to address the determination of the issues addressed in this section.*

Section 3. Paragraph (d) of subsection (7) of section 468.609, Florida Statutes, is amended to read:

468.609 Administration of this part; standards for certification; additional categories of certification.—

(7)

(d) A newly employed or hired person may perform the duties of a plans examiner or building code inspector for 120 ~~90~~ days if a provisional certificate application has been submitted ~~if, provided~~ such person is under the direct supervision of a certified building code administrator who holds a standard certification and who has found such person qualified for a provisional certificate. ~~However,~~ Direct supervision and the determination of qualifications ~~under this paragraph~~ may also be provided by a building code administrator who holds a limited or provisional certificate in a ~~any~~ county *having* with a population of ~~fewer~~ less than 75,000 and in a ~~any~~ municipality located within such a county.

Section 4. Subsection (7) of section 553.73, Florida Statutes, as amended by section 7 of chapter 2007-1, Laws of Florida, is amended to read:

553.73 Florida Building Code.—

(7) ~~Upon the conclusion of a triennial update to the Florida Building Code,~~ Notwithstanding the provisions of subsection (3) or subsection (6), the commission may address issues identified in this subsection by amending the code pursuant only to the rule adoption procedures contained in chapter 120. Provisions of the Florida Building Code, including those contained in referenced standards and criteria, relating to wind resistance or the prevention of water intrusion may not be amended pursuant to this subsection to diminish those construction requirements; however, the commission may, subject to conditions in this subsection, amend the provisions to enhance those construction requirements. Following the approval of any amendments to the Florida Building Code by the commission and publication of the amendments on the commission's website, authorities having jurisdiction to enforce the Florida Building Code may enforce the amendments. The commission may approve amendments that are needed to address:

(a) Conflicts within the updated code;

(b) Conflicts between the updated code and the Florida Fire Prevention Code adopted pursuant to chapter 633;

(c) The omission of previously adopted Florida-specific amendments to the updated code if such omission is not supported by a specific recommendation of a technical advisory committee or particular action by the commission; ~~or~~

(d) Unintended results from the integration of previously adopted Florida-specific amendments with the model code; ~~or-~~

(e) *Changes to federal or state law.*

Section 5. Present paragraphs (d) through (g) of subsection (3) of section 553.775, Florida Statutes, are redesignated as paragraphs (e) through (h), respectively, and a new paragraph (d) is added to that subsection, to read:

553.775 Interpretations.—

(3) The following procedures may be invoked regarding interpretations of the Florida Building Code:

(d) *Upon written application by any substantially affected person, contractor, or designer, or a group representing a substantially affected person, contractor, or designer, the commission shall issue or cause to be issued a formal interpretation of the Florida Building Code as prescribed by paragraph (c).*

Section 6. Subsections (1), (2), (4), (8), (9), (10), (11), (13), (15), and (18) of section 553.791, Florida Statutes, are amended to read:

553.791 Alternative plans review and inspection.—

(1) As used in this section, the term:

(a) "Applicable codes" means the Florida Building Code and any local technical amendments to the Florida Building Code but does not include the applicable minimum fire prevention and firesafety codes adopted pursuant to chapter 633.

(b) "Audit" means the process to confirm that the building code inspection services have been performed by the private provider, including ensuring that the required affidavit for the plan review has been properly completed and affixed to the permit documents and that the minimum mandatory inspections required under the building code have been performed and properly recorded. The term does not mean that the local building official is required to replicate the plan review or inspection being performed by the private provider.

(c)(b) "Building" means any construction, erection, alteration, demolition, or improvement of, or addition to, any structure for which permitting by a local enforcement agency is required.

(d)(e) "Building code inspection services" means those services described in s. 468.603(6) and (7) involving the review of building plans to determine compliance with applicable codes and those inspections required by law of each phase of construction for which permitting by a local enforcement agency is required to determine compliance with applicable codes.

(e)(d) "Duly authorized representative" means an agent of the private provider identified in the permit application who reviews plans or performs inspections as provided by this section and who is licensed as an engineer under chapter 471 or as an architect under chapter 481 or who holds a standard certificate under part XII of chapter 468.

(f) "Immediate threat to public safety and welfare" means a building code violation that, if allowed to persist, constitutes an immediate hazard that could result in death, serious bodily injury, or significant property damage. This paragraph does not limit the authority of the local building official to issue a Notice of Corrective Action at any time during the construction of a building project or any portion of such project if the official determines that a condition of the building or portion thereof may constitute a hazard when the building is put into use following completion as long as the condition cited is shown to be in violation of the building code or approved plans.

(g)(e) "Local building official" means the individual within the governing jurisdiction responsible for direct regulatory administration or supervision of plans review, enforcement, and inspection of any construction, erection, alteration, demolition, or substantial improvement of, or addition to, any structure for which permitting is required to indicate compliance with applicable codes and includes any duly authorized designee of such person.

(h)(f) "Permit application" means a properly completed and submitted application for the requested building or construction permit, including:

1. The plans reviewed by the private provider.
2. The affidavit from the private provider required ~~under pursuant~~ to subsection (6).
3. Any applicable fees.
4. Any documents required by the local building official to determine that the fee owner has secured all other government approvals required by law.

(i)(g) “Private provider” means a person licensed as an engineer under chapter 471 or as an architect under chapter 481. For purposes of performing inspections under this section for additions and alterations that are limited to 1,000 square feet or less to residential buildings, the term “private provider” also includes a person who holds a standard certificate under part XII of chapter 468.

(j)(h) “Request for certificate of occupancy or certificate of completion” means a properly completed and executed application for:

1. A certificate of occupancy or certificate of completion.
2. A certificate of compliance from the private provider required ~~under pursuant to~~ subsection (11).
3. Any applicable fees.
4. Any documents required by the local building official to determine that the fee owner has secured all other government approvals required by law.

(k) “Stop-work order” means the issuance of any written statement, written directive, or written order which states the reason for the order and the conditions under which the cited work will be permitted to resume.

(2) Notwithstanding any other ~~provision of~~ law or local government ordinance or local policy, the fee owner of a building or structure, or the fee owner’s contractor upon written authorization from the fee owner, may choose to use a private provider to provide building code inspection services with regard to such building or structure and may make payment directly to the private provider for the provision of such services. All such services shall be the subject of a written contract between the private provider, or the private provider’s firm, and the fee owner or the fee owner’s contractor, upon written authorization of the fee owner. The fee owner may elect to use a private provider to provide plans review or required building inspections, or both. However, if the fee owner or the fee owner’s contractor uses a private provider to provide plans review, the local building official, in his or her discretion and pursuant to duly adopted policies of the local enforcement agency, may require the fee owner or the fee owner’s contractor to use a private provider to also provide required building inspections.

(4) A fee owner or the fee owner’s contractor using a private provider to provide building code inspection services shall notify the local building official at the time of permit application, or no less than 7 business days prior to the first scheduled inspection by the local building official or building code enforcement agency for a private provider performing required inspections of construction under this section, on a form to be adopted by the commission. This notice shall include the following information:

- (a) The services to be performed by the private provider.
- (b) The name, firm, address, telephone number, and facsimile number of each private provider who is performing or will perform such services, his or her professional license or certification number, qualification statements or resumes, and, if required by the local building official, a certificate of insurance demonstrating that professional liability insurance coverage is in place for the private provider’s firm, the private provider, and any duly authorized representative in the amounts required by this section.
- (c) An acknowledgment from the fee owner in substantially the following form:

I have elected to use one or more private providers to provide building code plans review and/or inspection services on the building or structure

that is the subject of the enclosed permit application, as authorized by s. 553.791, Florida Statutes. I understand that the local building official may not review the plans submitted or perform the required building inspections to determine compliance with the applicable codes, except to the extent specified in said law. Instead, plans review and/or required building inspections will be performed by licensed or certified personnel identified in the application. The law requires minimum insurance requirements for such personnel, but I understand that I may require more insurance to protect my interests. By executing this form, I acknowledge that I have made inquiry regarding the competence of the licensed or certified personnel and the level of their insurance and am satisfied that my interests are adequately protected. I agree to indemnify, defend, and hold harmless the local government, the local building official, and their building code enforcement personnel from any and all claims arising from my use of these licensed or certified personnel to perform building code inspection services with respect to the building or structure that is the subject of the enclosed permit application.

If the fee owner or the fee owner’s contractor makes any changes to the listed private providers or the services to be provided by those private providers, the fee owner or the fee owner’s contractor shall, within 1 business day after any change, update the notice to reflect such changes. *A change of a duly authorized representative named in the permit application does not require a revision of the permit, and the building code enforcement agency shall not charge a fee for making the change.* In addition, the fee owner or the fee owner’s contractor shall post at the project site, prior to the commencement of construction and updated within 1 business day after any change, on a form to be adopted by the commission, the name, firm, address, telephone number, and facsimile number of each private provider who is performing or will perform building code inspection services, the type of service being performed, and similar information for the primary contact of the private provider on the project.

(8) A private provider performing required inspections under this section shall inspect each phase of construction as required by the applicable codes. The private provider shall be permitted to send a duly authorized representative to the building site to perform the required inspections, provided all required reports and certifications are prepared by and bear the signature of the private provider or the private provider’s duly authorized representative. The duly authorized representative must be an employee of the private provider entitled to receive unemployment compensation benefits under chapter 443. The contractor’s contractual or legal obligations are not relieved by any action of the private provider.

(9) A private provider performing required inspections under this section shall provide notice to the local building official of the date and approximate time of any such inspection no later than the prior business day by 2 p.m. local time or by any later time permitted by the local building official in that jurisdiction. The local building official may visit the building site as often as necessary to verify that the private provider is performing all required inspections. *A deficiency notice must be posted at the job site by the private provider, the duly authorized representative of the private provider, or the building department whenever a noncomplying item related to the building code or the permitted documents is found. After corrections are made, the item must be reinspected by the private provider or representative before being concealed. Reinspection or reaudit fees shall not be charged by the local jurisdiction as a result of the local jurisdiction’s audit inspection occurring before the performance of the private provider’s inspection or for any other administrative matter not involving the detection of a violation of the building code or a permit requirement.*

(10) Upon completing the required inspections at each applicable phase of construction, the private provider shall record such inspections on a form acceptable to the local building official. *The form must be signed by the provider or the provider’s duly authorized representative.* These inspection records shall reflect those inspections required by the applicable codes of each phase of construction for which permitting by a local enforcement agency is required. The private provider, before leaving the project site, shall post each completed inspection record, indicating pass or fail, at the site and provide the record to the local building official within 2 business days. The local building official may waive the requirement to provide a record of each inspection within 2 business days if the record is posted at the project site and all such inspection records are submitted with the certificate of compliance. Records of all required and completed inspections shall be maintained at the building site at all times and made available for review by the local

building official. The private provider shall report to the local enforcement agency any condition that poses an immediate threat to public safety and welfare.

(11) Upon completion of all required inspections, the private provider shall prepare a certificate of compliance, on a form acceptable to the local building official, summarizing the inspections performed and including a written representation, under oath, that the stated inspections have been performed and that, to the best of the private provider's knowledge and belief, the building construction inspected complies with the approved plans and applicable codes. The statement required of the private provider shall be substantially in the following form and shall be signed and sealed by a private provider as established in subsection (1):

To the best of my knowledge and belief, the building components and site improvements outlined herein and inspected under my authority have been completed in conformance with the approved plans and the applicable codes.

(13) If the local building official determines that the building construction or plans do not comply with the applicable codes, the official may deny the permit or request for a certificate of occupancy or certificate of completion, as appropriate, or may issue a stop-work order for the project or any portion thereof as provided by law, if the official determines that ~~the such~~ noncompliance poses an immediate threat to public safety and welfare, subject to the following:

(a) The local building official shall be available to meet with the private provider within 2 business days to resolve any dispute after issuing a stop-work order or providing notice to the applicant denying a permit or request for a certificate of occupancy or certificate of completion.

(b) If the local building official and private provider are unable to resolve the dispute, the matter shall be referred to the local enforcement agency's board of appeals, if one exists, which shall consider the matter at its next scheduled meeting or sooner. Any decisions by the local enforcement agency's board of appeals, or local building official if there is no board of appeals, may be appealed to the commission as provided by this chapter.

(c) Notwithstanding any provision of this section, any decisions regarding the issuance of a building permit, certificate of occupancy, or certificate of completion may be reviewed by the local enforcement agency's board of appeals, if one exists. Any decision by the local enforcement agency's board of appeals, or local building official if there is no board of appeals, may be appealed to the commission as provided by this chapter, which shall consider the matter at the commission's next scheduled meeting.

(15)(a) ~~A No~~ local enforcement agency, local building official, or local government may not adopt or enforce any laws, rules, procedures, policies, qualifications, or standards more stringent than those prescribed by this section.

(b) A local enforcement agency, local building official, or local government may establish, for private providers and duly authorized representatives working within that jurisdiction, a system of registration to verify compliance with the licensure requirements of paragraph (1)(g) and the insurance requirements of subsection (16).

(c) ~~Nothing in~~ This section does not limit limits the authority of the local building official to issue a stop-work order for a building project or any portion of ~~the project such order~~, as provided by law, if the official determines that a condition on the building site constitutes an immediate threat to public safety and welfare.

(18) Each local building code enforcement agency may audit the performance of building code inspection services by private providers operating within the local jurisdiction. Work on a building or structure may proceed after inspection and approval by a private provider if the provider has given notice of the inspection pursuant to subsection (9) and, subsequent to such inspection and approval, the work shall may not be delayed for completion of an inspection audit by the local building code enforcement agency.

553.841 Building code compliance and mitigation program ~~education and outreach program.~~

(1) The Legislature finds that *knowledge and understanding by persons licensed in the design and construction industries of the importance and need for complying with the Florida Building Code is vital to the public health, safety, and welfare of this state, especially for mitigating damage caused by hurricanes to residents and visitors to the state. The Legislature further finds that the Florida Building Code can be effective only if all participants in the design and construction industries maintain a thorough knowledge of the code and additions thereto which improve construction standards to protect against storm and other damage. Consequently, the Legislature finds that there is a need for a program to provide ongoing education and outreach activities concerning compliance with the Florida Building Code and hurricane mitigation* ~~the effectiveness of the building codes of this state depends on the performance of all participants, as demonstrated through knowledge of the codes and commitment to compliance with code directives, and that to strengthen compliance by industry and enforcement by government, a building code education and outreach program is needed.~~

(2) ~~The Department of Community Affairs shall administer a program, designated as the Florida Building Code Compliance and Mitigation Program, to develop, coordinate, and maintain education and outreach to persons required to comply with the Florida Building Code and ensure consistent education, training, and communication of the code's requirements, including, but not limited to, methods for mitigation of storm-related damage. The program shall also operate a clearinghouse through which design, construction, and building code enforcement licensees, suppliers, and consumers in this state may find others in order to exchange information relating to mitigation and facilitate repairs in the aftermath of a natural disaster. There is created the Building Code Education and Outreach Council to coordinate, develop, and maintain education and outreach to ensure administration and enforcement of the Florida Building Code.~~

(3) ~~All services and materials under the Florida Building Code Compliance and Mitigation Program must be provided by a private, nonprofit corporation under contract with the department. The term of the contract shall be for 4 years, with the option of one 4-year renewal at the end of the contract term. The initial contract must be in effect no later than November 1, 2007. The private, nonprofit corporation must be an organization whose membership includes trade and professional organizations whose members consist primarily of persons and entities that are required to comply with the Florida Building Code and that are licensed under part XII of chapter 468, chapter 471, chapter 481, or chapter 489. When selecting the private, nonprofit corporation for the program, the department must give primary consideration to the corporation's demonstrated experience and the ability to:~~

(a) ~~Develop and deliver building code-related education, training, and outreach;~~

(b) ~~Directly access the majority of persons licensed in the occupations of design, construction, and building code enforcement individually and through established statewide trade and professional association networks;~~

(c) ~~Serve as a clearinghouse to deliver education and outreach throughout the state. The clearinghouse must serve as a focal point at which persons licensed to design, construct, and enforce building codes and suppliers and consumers can find each other in order to exchange information relating to mitigation and facilitate repairs in the aftermath of a natural disaster;~~

(d) ~~Accept input from the Florida Building Commission, licensing regulatory boards, local building departments, and the design and construction industries in order to improve its education and outreach programs; and~~

(e) ~~Promote design and construction techniques and materials for mitigating hurricane damage at a Florida-based trade conference that includes participants from the broadest possible range of design and construction trades and professions, including from those private and public-sector entities having jurisdiction over building codes and design and construction licensure. The Building Code Education and Outreach Council shall be composed of the following members:~~

(a) ~~Three representatives of the Florida Building Commission, one of whom must be a member of a Florida-based organization of persons with disabilities or a nationally chartered organization of persons with disabilities having chapters in this state, selected by the commission;~~

(b) ~~One representative of the Florida Building Code Administrators and Inspectors Board, selected by that board;~~

(c) ~~One representative of the Construction Industry Licensing Board, selected by that board;~~

(d) ~~One representative of the Electrical Contractors' Licensing Board, selected by that board;~~

(e) ~~One representative of the Florida Board of Professional Engineers, selected by that board;~~

(f) ~~One architect representative of the Board of Architecture and Interior Design, selected by that board;~~

(g) ~~One interior designer representative of the Board of Architecture and Interior Design, selected by that board;~~

(h) ~~One representative of the Board of Landscape Architecture, selected by that board;~~

(i) ~~One representative from the office of the State Fire Marshal, selected by that office; and~~

(j) ~~One representative with experience and expertise in K-12 public school construction.~~

Each member of the board shall be appointed to a 2-year term and may be reappointed at the discretion of the appointing body. A chair shall be elected by majority vote of the council and shall serve a term of 1 year.

(4) ~~The Building Code Education and Outreach Council shall meet in Tallahassee no more than semiannually. The council may meet more often but not more than monthly, and such additional meetings shall be by telephone conference call. Travel costs, if any, shall be borne by the respective appointing entity. The Department of Community Affairs shall provide administrative support to the council; however, the department may contract with an entity that has previous experience with building code training, development, and coordination to provide administrative support for the council.~~

(5) ~~The Building Code Education and Outreach Council shall:~~

(a) ~~Consider and determine any policies or procedures needed to administer ss. 489.109(3) and 489.509(3).~~

(b) ~~Administer the provisions of this section.~~

(c) ~~Determine the areas of priority for which funds should be expended for education and outreach.~~

(d) ~~Review all proposed subjects for advanced courses concerning the Florida Building Code and recommend to the commission any related subjects that should be approved for advanced courses.~~

(4)(6) ~~The department, in administering the Florida Building Code Compliance and Mitigation Program, Building Code Education and Outreach Council shall maintain, update, develop, or cause to be developed:~~

(a) A core curriculum that is prerequisite to the advanced module coursework.

(b) Advanced modules designed for use by each profession.

(c) The core curriculum developed under this subsection must be approved by the commission and submitted to the Department of Business and Professional Regulation for approval. Advanced modules developed under this paragraph must be approved by the commission and submitted to the respective boards for approval.

(5)(7) ~~The core curriculum shall cover the information required to have all categories of participants appropriately informed as to their technical and administrative responsibilities in the effective execution of the code process by all individuals currently licensed under part XII of chapter 468, chapter 471, chapter 481, or chapter 489, except as~~

otherwise provided in s. 471.017. The core curriculum shall be prerequisite to the advanced module coursework for all licensees and shall be completed by individuals licensed in all categories under part XII of chapter 468, chapter 471, chapter 481, or chapter 489 within the first 2-year period after initial licensure. Core course hours taken by licensees to complete this requirement shall count toward fulfillment of required continuing education units under part XII of chapter 468, chapter 471, chapter 481, or chapter 489.

(6)(8) ~~Each biennium, upon receipt of funds by the Department of Community Affairs from the Construction Industry Licensing Board and the Electrical Contractors' Licensing Board provided under ss. 489.109(3) and 489.509(3), the department council shall determine the amount of funds available for the Florida Building Code Compliance and Mitigation Program education and outreach projects from the proceeds of contractor licensing fees and identify, solicit, and accept funds from other sources for education and outreach projects.~~

(7)(9) ~~If the funds collected for education and outreach projects provided through the Florida Building Code Compliance and Mitigation Program in any state fiscal year do not require the use of all available funds, the unused funds shall be carried forward and allocated for use during the following fiscal year.~~

(8) ~~The Florida Building Commission shall provide by rule for the accreditation of courses related to the Florida Building Code by accreditors approved by the commission. The commission shall establish qualifications of accreditors and criteria for the accreditation of courses by rule. The commission may revoke the accreditation of a course by an accreditor if the accreditation is demonstrated to violate this part or the rules of the commission.~~

(9) ~~This section does not prohibit or limit the subject areas or development of continuing education or training on the Florida Building Code by any qualified entity.~~

(10) ~~The commission shall consider and approve or reject the recommendations made by the council for subjects for education and outreach concerning the Florida Building Code. Any rejection must be made with specificity and must be communicated to the council.~~

(11) ~~The commission shall adopt rules for establishing procedures and criteria for the approval of advanced courses. This section does not modify or eliminate the continuing education course requirements or authority of any licensing board under part XII of chapter 468, chapter 471, chapter 481, or chapter 489.~~

Section 8. Paragraph (a) of subsection (5) and subsection (7) of section 553.842, Florida Statutes, are amended, and subsection (16) is added to that section to read:

553.842 Product evaluation and approval.—

(5) Statewide approval of products, methods, or systems of construction may be achieved by one of the following methods. One of these methods must be used by the commission to approve the following categories of products: panel walls, exterior doors, roofing, skylights, windows, shutters, and structural components as established by the commission by rule.

(a) Products for which the code establishes standardized testing or comparative or rational analysis methods shall be approved by submittal and validation of one of the following reports or listings indicating that the product or method or system of construction was evaluated to be in compliance with the Florida Building Code and that the product or method or system of construction is, for the purpose intended, at least equivalent to that required by the Florida Building Code:

1. A certification mark or listing of an approved certification agency, which may be used only for products for which the code designates standardized testing;

2. A test report from an approved testing laboratory;

3. A product evaluation report based upon testing or comparative or rational analysis, or a combination thereof, from an approved product evaluation entity; or

4. A product evaluation report based upon testing or comparative or rational analysis, or a combination thereof, developed and signed and sealed by a professional engineer or architect, licensed in this state.

A product evaluation report or a certification mark or listing of an approved certification agency which demonstrates that the product or method or system of construction complies with the Florida Building Code for the purpose intended shall be equivalent to a test report and test procedure as referenced in the Florida Building Code.

(7) For state approvals, validation shall be performed by validation entities approved by the commission. The commission shall adopt by rule criteria for approval of validation entities, which shall be third-party entities independent of the product's manufacturer and which shall certify to the commission the product's compliance with the code. *The commission may adopt by rule a schedule of penalties to be imposed against approved validation entities that validate product applications in violation of this section or rules adopted under this section.*

(16) *The commission may adopt a rule that identifies standards that are equivalent to or more stringent than those specifically adopted by the code, thereby allowing the use in this state of the products that comply with the equivalent standard.*

Section 9. Subsections (2) and (6) of section 633.081, Florida Statutes, are amended to read:

633.081 Inspection of buildings and equipment; orders; firesafety inspection training requirements; certification; disciplinary action.—The State Fire Marshal and her or his agents shall, at any reasonable hour, when the department has reasonable cause to believe that a violation of this chapter or s. 509.215, or a rule promulgated thereunder, or a minimum firesafety code adopted by a local authority, may exist, inspect any and all buildings and structures which are subject to the requirements of this chapter or s. 509.215 and rules promulgated thereunder. The authority to inspect shall extend to all equipment, vehicles, and chemicals which are located within the premises of any such building or structure.

(2) Every firesafety inspection conducted pursuant to state or local firesafety requirements shall be by a person certified as having met the inspection training requirements set by the State Fire Marshal. Such person shall:

(a) Be a high school graduate or the equivalent as determined by the department;

(b) Not have been found guilty of, or having pleaded guilty or nolo contendere to, a felony or a crime punishable by imprisonment of 1 year or more under the law of the United States, or of any state thereof, which involves moral turpitude, without regard to whether a judgment of conviction has been entered by the court having jurisdiction of such cases;

(c) Have her or his fingerprints on file with the department or with an agency designated by the department;

(d) Have good moral character as determined by the department;

(e) Be *at least 18 years of age a resident of Florida*;

(f) Have satisfactorily completed the firesafety inspector certification examination as prescribed by the department; and

(g)1. Have satisfactorily completed, as determined by the department, a firesafety inspector training program of not less than 200 hours, as established by the department and administered by such agencies and institutions as approved by the department for the purpose of providing basic certification training for firesafety inspectors; or

2. Have received in another state training which is determined by the department to be at least equivalent to that required by the department for approved firesafety inspector education and training programs in this state.

(6) The State Fire Marshal may deny, refuse to renew, suspend, or revoke the certificate of a firesafety inspector or special state firesafety inspector if it finds that any of the following grounds exist:

(a) Any cause for which issuance of a certificate could have been refused had it then existed and been known to the State Fire Marshal.

(b) Violation of ~~any provision of~~ this chapter or any rule or order of the State Fire Marshal.

(c) Falsification of records relating to the certificate.

(d) Having been found guilty of or having pleaded guilty or nolo contendere to a felony, whether or not a judgment of conviction has been entered.

(e) Failure to meet any of the renewal requirements.

(f) *Having been convicted of a crime in any jurisdiction which directly relates to the practice of fire code inspection, plan review, or administration.*

(g) *Making or filing a report or record that the certificateholder knows to be false, or knowingly inducing another to file a false report or record, or knowingly failing to file a report or record required by state or local law, or knowingly impeding or obstructing such filing, or knowingly inducing another person to impede or obstruct such filing.*

(h) *Failing to properly enforce applicable fire codes or permit requirements within this state which the certificateholder knows are applicable by committing willful misconduct, gross negligence, gross misconduct, repeated negligence, or negligence resulting in a significant danger to life or property.*

(i) *Accepting labor, services, or materials at no charge or at a noncompetitive rate from any person who performs work that is under the enforcement authority of the certificateholder and who is not an immediate family member of the certificateholder. For the purpose of this paragraph, the term "immediate family member" means a spouse, child, parent, sibling, grandparent, aunt, uncle, or first cousin of the person or the person's spouse or any person who resides in the primary residence of the certificateholder.*

Section 10. Subsection (9) of section 633.521, Florida Statutes, is amended, and subsection (11) is added to that section, to read:

633.521 Certificate application and issuance; permit issuance; examination and investigation of applicant.—

(9) It is the intent of the Legislature that the inspections and testing of automatic fire sprinkler systems for detached one-family dwellings, detached two-family dwellings, and mobile homes be accomplished by the owner, who is responsible for requesting service from a contractor when necessary. It is further intended that the NFPA-25 inspection of exposed underground piping and any attached appurtenances supplying a fire protection system be conducted by a Contractor I or Contractor II.

(11) *It is intended that a certificateholder, or a permitholder who is employed by a certificateholder, conduct inspections required by this chapter. It is understood that after July 1, 2008, employee turnover may result in a depletion of personnel who are certified under the NICET Sub-field of Inspection and Testing of Fire Protection Systems Level II which is required for permitholders. The extensive training and experience necessary to achieve NICET Level II certification is recognized. A certificateholder may therefore obtain a provisional permit with an endorsement for inspection, testing, and maintenance of water-based fire extinguishing systems for an employee if the employee has initiated procedures for obtaining Level II certification from the National Institute for Certification in Engineering Technologies Sub-field of Inspection and Testing of Fire Protection Systems and achieved Level I certification. After 2 years of provisional certification, the employee must have achieved NICET Level II certification or cease performing inspections requiring Level II certification. The provisional permit is valid only for the 2 calendar years after the date of issuance, may not be extended, and is not renewable. After the initial 2-year provisional permit expires, the certificateholder must wait 2 additional years before a new provisional permit may be issued. The intent is to prohibit the certificateholder from using employees who never reach NICET Level II status by continuously obtaining provisional permits.*

Section 11. Subsection (4) of section 633.537, Florida Statutes, is amended to read:

633.537 Certificate; expiration; renewal; inactive certificate; continuing education.—

(4) The renewal period for the permit class is the same as that for of the employing certificateholder. The continuing education requirements for permitholders are what is required to maintain NICET Sub-field of

Inspection and Testing of Fire Protection Systems Level II or higher certification plus 8 shall be 8 contact hours by June 30, 2006. An additional 16 contact hours of continuing education is required by June 30, 2008, and during each biennial renewal period thereafter. The continuing education curriculum from July 1, 2005, until July 1, 2008, shall be the preparatory curriculum for NICET II certification; after July 1, 2008, the technical curriculum is at the discretion of the State Fire Marshal and may be used to meet the maintenance of NICET Level II certification and 8 contact hours of continuing education requirements. It is the responsibility of the permit holder to maintain NICET II certification as a condition of permit renewal after July 1, 2008.

Section 12. *The Florida Building Commission shall review modifications 2151, 2152, 2153 and 2492, reviewed by the commission's technical advisory committee. The commission shall take public comment on these modifications, including the need for the modifications, how the modifications will affect the health, safety, and welfare of the residents of this state, and the continuing need for any Florida-specific requirement of the code which the modifications seek to repeal. Notwithstanding s. 553.73, Florida Statutes, the commission may adopt or modify the modifications in response to the public comments subject only to the rule-adoption procedures of chapter 120, Florida Statutes, for inclusion in the next edition of the Florida Building Code.*

1. *Is convicted of a violation of s. 787.025(2)(c); s. 794.011(2), (3), (4), (5), or (8); s. 796.03; s. 794.065(1); s. 800.04(4), (5), (6)(b), or (7)(c); s. 825.1025(2), (3), or (4); s. 827.071(2), (3), (4), or (5); or s. 847.0145 and was 18 years of age or older at the time of the offense; and*

2. *Has been twice previously been convicted of a violation of s. 787.025(2)(c); s. 794.011(2), (3), (4), (5), or (8); s. 796.03; s. 794.065(1); s. 800.04(4), (5), (6)(b), or (7)(c); s. 825.1025(2), (3) or (4); s. 827.071(2), (3), (4) or (5); or s. 847.0145,*

must be sentenced to a mandatory minimum term of life imprisonment.

(b) *For purposes of this subsection, any offense listed in this subsection includes any offense under a former designation which is similar in elements to an offense described in this subsection and any offense that is a felony in another jurisdiction, or would be a felony if that offense were committed in this state, and that is similar in elements to an offense described in this subsection.*

(4)(~~3~~) “Serious personal injury” means great bodily harm or pain, permanent disability, or permanent disfigurement.

(5)(4) The offense described in subsection (2) or subsection (3) which is being charged must have been committed after the date of commission of the last prior conviction for an offense that is a prior conviction described in paragraph (2)(e) or subsection (3).

(6)(~~5~~) It is irrelevant that a factor listed in subsection (2) is an element of an offense described in that subsection. It is also irrelevant that such an offense was reclassified to a higher felony degree under s. 794.023 or any other law.

(7)(~~6~~) Notwithstanding s. 775.082(3), chapter 958, any other law, or any interpretation or construction thereof, a person subject to sentencing under this section must be sentenced to the mandatory term of imprisonment provided under this section. If the mandatory minimum term of imprisonment imposed under this section exceeds the maximum sentence authorized under s. 775.082, s. 775.084, or chapter 921, the mandatory minimum term of imprisonment under this section must be imposed. If the mandatory minimum term of imprisonment under this section is less than the sentence that could be imposed under s. 775.082, s. 775.084, or chapter 921, the sentence imposed must include the mandatory minimum term of imprisonment under this section.

(8)(~~7~~) A defendant sentenced to a mandatory minimum term of imprisonment under this section is not eligible for statutory gain-time under s. 944.275 or any form of discretionary early release, other than pardon or executive clemency, or conditional medical release under s. 947.149, before serving the minimum sentence.

Senator Webster moved the following amendment which was adopted:

Amendment 2 (711166)(with title amendment)—On page 22, between lines 19 and 20, insert:

Section 7. Section 320.20, Florida Statutes, is amended to read:

320.20 Disposition of license tax moneys.—The revenue derived from the registration of motor vehicles, including any delinquent fees and excluding those revenues collected and distributed under the provisions of s. 320.081, must be distributed monthly, as collected, as follows:

(1) The first proceeds, to the extent necessary to comply with the provisions of s. 18, Art. XII of the State Constitution of 1885, as adopted by s. 9(d), Art. XII, 1968 revised constitution, and the additional provisions of s. 9(d) and s. 1010.57, must be deposited in the district Capital Outlay and Debt Service School Trust Fund.

(2) Twenty-five million dollars per year of such revenues must be deposited in the State Transportation Trust Fund, with priority use assigned to completion of the interstate highway system. However, any

excess funds may be utilized for general transportation purposes, consistent with the Department of Transportation's legislatively approved objectives.

(3) Notwithstanding any other provision of law except subsections (1) and (2), on July 1, 1996, and annually thereafter, \$15 million shall be deposited in the State Transportation Trust Fund solely for the purposes of funding the Florida Seaport Transportation and Economic Development Program as provided for in chapter 311. *Upon the issuance of bonds pursuant to s. 311.23 which legally defease all outstanding Florida Ports Financing Commission Series 1996 Bonds, such deposit shall be subject to appropriation.* Such revenues shall be distributed to any port listed in s. 311.09(1), to be used for funding projects as follows:

(a) *For any seaport intermodal access projects that are identified in the tentative work program of the Department of Transportation for the 2007-2008 to 2011-2012 fiscal years, up to the amounts needed to offset the funding requirements of this section.*

(b) *For seaport intermodal access projects as described in s. 341.053(6) which are identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3), funding shall require at least a 25 percent match of the funds received pursuant to this subsection. Matching funds shall come from any port funds, federal funds, local funds, or private funds.*

(c) *For seaport projects as described in s. 311.07(3)(b), funds shall be provided on a 50-50 matching basis.*

(d) *For seaport intermodal access projects that involve the dredging or deepening of channels, turning basins, or harbors, or the construction or rehabilitation of wharves, docks, or similar structures, funding shall require at least a 25 percent match of the funds received pursuant to this subsection. Matching funds shall come from any port funds, federal funds, local funds, or private funds. ~~on a 50-50 matching basis to any port listed in s. 311.09(1) to be used for funding projects as described in s. 311.07(3)(b).~~*

Such revenues may be assigned, pledged, or set aside as a trust for the payment of principal or interest on bonds issued pursuant to s. 311.23; tax anticipation certificates, or any other form of indebtedness issued by an individual port or appropriate local government having jurisdiction thereof, or collectively by interlocal agreement among any of the ports, or used to purchase credit support to permit such borrowings. However, such debt shall not constitute a general obligation of the State of Florida. The state does hereby covenant with holders of such revenue bonds or other instruments of indebtedness issued hereunder that it will not repeal or impair or amend in any manner that which will materially and adversely affects affect the rights of such holders so long as bonds authorized by this section are outstanding. Any revenues which are not pledged to the repayment of bonds as authorized by this section may be utilized for purposes authorized under the Florida Seaport Transportation and Economic Development Program. This revenue source is in addition to any amounts provided for and appropriated in accordance with s. 311.07. The Florida Seaport Transportation and Economic Development Council shall submit to the Department of Transportation a list of strategic transportation, economic development, and freight mobility projects that contribute to the economic growth of the state and that approve distribution of funds to ports for projects which have been approved pursuant to s. 311.09(5)-(9). The council and the Department of Transportation shall mutually agree upon the prioritization and selection of projects for funding. The Department of Transportation shall include the selected projects for funding in the tentative work program developed pursuant to s. 339.135. The council and the Department of Transportation are authorized to perform such acts as are required to facilitate and implement the provisions of this subsection, including the funding of approved projects through the use of other state funding programs, local contributions from seaports, and the creative use of federal funds. To better enable the ports to cooperate for their mutual advantage, the governing body of each port may exercise powers provided to municipalities or counties in s. 163.01(7)(d) subject to the provisions of chapter 311 and special acts, if any, pertaining to a port. The use of funds provided pursuant to this subsection are limited to eligible projects listed in this subsection. Income derived from a project completed with the use of program funds, beyond operating costs and debt service, shall be restricted to furthering further port capital improvements consistent with maritime purposes and for no other purpose. Use of such income for nonmaritime purposes is prohibited. The provisions of s. 311.07(4) do not apply to any funds received pursuant to this subsection. *The Department*

~~of Transportation is authorized, pursuant to s. 311.23, to request the issuance of bonds pledging the revenues provided in this subsection and subsections (4) and (5) including bonds issued to refund the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds. All bonds issued pursuant to this subsection shall mature by June 1, 2037. The revenues available under this subsection shall not be pledged to the payment of any bonds other than the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds currently outstanding; provided, however, such revenues may be pledged to secure payment of refunding bonds to refinance the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds. No Refunding bonds secured by revenues available under this subsection may not be issued with a final maturity later than the final maturity of the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds or which provide for higher debt service in any year than is currently payable on such bonds. Any revenue bonds or other indebtedness issued after July 1, 2000, other than refunding bonds shall be issued by the Division of Bond Finance at the request of the Department of Transportation pursuant to the State Bond Act.~~

(4) Notwithstanding any other provision of law except subsections (1), (2), and (3), ~~on July 1, 1999, and annually thereafter, \$10 million shall be deposited annually into in the State Transportation Trust Fund solely for the purposes of funding the Florida Seaport Transportation and Economic Development Program as provided in chapter 311 and for funding seaport intermodal access projects of statewide significance as provided in s. 341.053. Upon the issuance of bonds pursuant to s. 311.23 which legally defease all outstanding Florida Ports Financing Commission Series 1999 Bonds, such deposit shall be subject to appropriation. Such revenues shall be distributed to any port listed in s. 311.09(1), to be used for funding projects as follows:~~

(a) For any seaport intermodal access projects that are identified in the 1997-1998 Tentative Work Program of the Department of Transportation, up to the amounts needed to offset the funding requirements of this section.

(b) For seaport intermodal access projects as described in s. 341.053(5) that are identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3). Funding for such projects shall be on a matching basis as mutually determined by the Florida Seaport Transportation and Economic Development Council and the Department of Transportation, provided a minimum of 25 percent of total project funds comes ~~shall come~~ from any port funds, local funds, private funds, or specifically earmarked federal funds.

(c) On a 50-50 matching basis for projects as described in s. 311.07(3)(b).

(d) For seaport intermodal access projects that involve the dredging or deepening of channels, turning basins, or harbors, or the construction or rehabilitation of wharves, docks, or similar structures. Funding for such projects shall require a 25-percent match of the funds received pursuant to this subsection. Matching funds ~~must~~ shall come from any port funds, federal funds, local funds, or private funds.

Such revenues may be assigned, pledged, or set aside as a trust for the payment of principal or interest on bonds ~~issued pursuant to s. 311.23, tax anticipation certificates, or any other form of indebtedness issued by an individual port or appropriate local government having jurisdiction thereof, or collectively by interlocal agreement among any of the ports, or used to purchase credit support to permit such borrowings.~~ However, such debt ~~does shall~~ not constitute a general obligation of the state. This state does hereby covenant with holders of such revenue bonds or other instruments of indebtedness issued hereunder that it will not repeal or impair or amend this subsection in any manner ~~that which will~~ materially and adversely ~~affects~~ affect the rights of holders so long as bonds authorized by this subsection are outstanding. Any revenues that are not pledged to the repayment of bonds ~~as authorized by this section~~ may be ~~used utilized~~ for purposes authorized under the Florida Seaport Transportation and Economic Development Program. This ~~revenue source~~ is in addition to any amounts provided for and appropriated in accordance with s. 311.07 and subsection (3). The Florida Seaport Transportation and Economic Development Council shall ~~submit to the Department of Transportation a list of strategic transportation, economic development, and freight mobility projects that contribute to the economic growth of the state and approve distribution of funds to ports for projects that have been approved pursuant to s. 311.09(5)-(9), or that have been approved for seaport intermodal access projects identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3) and mutually~~

~~agreed upon by the FSTED Council and the Department of Transportation. The council and the Department of transportation shall mutually agree upon the prioritization and selection of projects for funding. The Department of Transportation shall include the selected projects for funding in the tentative work program developed pursuant to s. 339.135. All contracts for actual construction of projects authorized by this subsection must include a provision encouraging employment of participants in the welfare transition program. The goal for employment of participants in the welfare transition program is 25 percent of all new employees employed specifically for the project, unless the Department of Transportation and the Florida Seaport Transportation and Economic Development Council demonstrate that such a requirement would severely hamper the successful completion of the project. In such an instance, Workforce Florida, Inc., shall establish an appropriate percentage of employees that must be participants in the welfare transition program. The council and the Department of Transportation are authorized to perform such acts as are required to facilitate and implement the provisions of this subsection, including the funding of approved projects through the use of other state funding programs, local contributions from seaports, and the creative use of federal funds. To better enable the ports to cooperate for to their mutual advantage, the governing body of each port may exercise powers provided to municipalities or counties in s. 163.01(7)(d) subject to the provisions of chapter 311 and special acts, if any, pertaining to a port. The use of funds provided pursuant to this subsection is limited to eligible projects listed in this subsection. The provisions of s. 311.07(4) do not apply to any funds received pursuant to this subsection. The Department of Transportation is authorized, pursuant to s. 311.23, to request the issuance of bonds pledging the revenues provided in subsections (3) and (5) and this subsection, including bonds issued to refund the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds. All bonds issued pursuant to this subsection shall mature by June 1, 2037. The revenues available under this subsection shall not be pledged to the payment of any bonds other than the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds currently outstanding; provided, however, such revenues may be pledged to secure payment of refunding bonds to refinance the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds. No refunding bonds secured by revenues available under this subsection may be issued with a final maturity later than the final maturity of the Florida Ports Financing Commission Series 1996 and Series 1999 Bonds or which provide for higher debt service in any year than is currently payable on such bonds. Any revenue bonds or other indebtedness issued after July 1, 2000, other than refunding bonds shall be issued by the Division of Bond Finance at the request of the Department of Transportation pursuant to the State Bond Act.~~

(5) Notwithstanding any other provision of law except subsections (1), (2), (3), and (4), on July 1, 2008, and annually thereafter, \$3 million shall be deposited into the State Transportation Trust Fund solely to fund the Florida Seaport Transportation and Economic Development Program as provided in chapter 311 and to fund seaport intermodal access projects of statewide significance as provided in s. 341.053. Such deposit shall be subject to appropriation. The revenues shall be distributed to any port listed in s. 311.09(1), to be used for funding projects as follows:

(a) For any seaport intermodal access projects that are identified in the tentative work program of the Department of Transportation for the 2007-2008 to 2011-2012 fiscal years, up to the amounts needed to offset the funding requirements of this section.

(b) For seaport intermodal access projects described in s.341.053(6) which are identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3), funding shall require at least a 25 percent match of the funds received pursuant to this subsection. Matching funds must come from any port funds, federal funds, local funds, or private funds.

(c) On a 50-50 matching basis for projects described in s. 311.07(3)(b).

(d) For seaport intermodal access projects that involve the dredging or deepening of channels, turning basins, or harbors, or the construction or rehabilitation of wharves, docks, or similar structures, funding shall require at least a 25 percent match of the funds received pursuant to this subsection. Matching funds must come from any port funds, federal funds, local funds, or private funds.

Such revenues may be assigned, pledged, or set aside as a trust for the payment of principal or interest on bonds issued pursuant to s. 311.23. However, such debt does not constitute a general obligation of the state. The state covenants with holders of such bonds that it will not repeal or

impair or amend this subsection in any manner that materially and adversely affects the rights of holders so long as bonds authorized by this subsection are outstanding. Any revenues that are not pledged for the repayment of bonds may be used for purposes authorized under the Florida Seaport Transportation and Economic Development Program. This is in addition to any amounts provided for and appropriated in accordance with s. 311.07 and subsections (3) and (4). The Florida Seaport Transportation and Economic Development Council shall submit to the Department of Transportation a list of strategic transportation, economic development, and freight mobility projects that contribute to the economic growth of the state and that have been approved pursuant to s. 311.09(5)-(9), or that have been approved for seaport intermodal access projects identified in the 5-year Florida Seaport Mission Plan as provided in s. 311.09(3). The council and the Department of Transportation shall mutually agree upon the prioritization and selection of projects for funding. The Department of Transportation shall include the selected projects for funding in the tentative work program developed pursuant to s. 339.135. The council and the Department of Transportation may perform such acts as are required to facilitate and implement this subsection, including the funding of approved projects through the use of other state funding programs, local contributions from seaports, and the creative use of federal funds. To better enable the ports to cooperate for their mutual advantage, the governing body of each port may exercise powers provided to municipalities or counties in s. 163.01(7)(d), subject to chapter 311 and any special acts pertaining to the port. The use of funds provided under this subsection is limited to eligible projects listed in this subsection. The Department of Transportation is authorized, pursuant to s. 311.23, to request the issuance of bonds pledging the revenues provided in subsections (3), (4), and (5). All bonds secured by revenues under subsection (5) shall mature by July 1, 2037.

(6)(5)(a) Except as provided in paragraph (c), the remainder of such revenues must be deposited in the State Transportation Trust Fund.

(b) ~~Each month~~ the Chief Financial Officer ~~each month~~ shall deposit in the State Transportation Trust Fund an amount, drawn from other funds in the State Treasury which are not immediately needed or are otherwise in excess of the amount necessary to meet the requirements of the State Treasury, which when added to such remaining revenues each month will equal one-twelfth of the amount of the anticipated annual revenues to be deposited in the State Transportation Trust Fund under paragraph (a) as determined by the Chief Financial Officer after consultation with the revenue estimating conference held pursuant to s. 216.136(3). The ~~required transfers required thereunder~~ may be suspended by action of the Legislative Budget Commission in the event of a significant shortfall of state revenues.

(c) In any month in which the remaining revenues derived from the registration of motor vehicles exceed one-twelfth of those anticipated annual remaining revenues as determined by the Chief Financial Officer after consultation with the revenue estimating conference, the excess shall be credited to those state funds in the State Treasury from which the amount was originally drawn, up to the amount which was deposited in the State Transportation Trust Fund under paragraph (b). A final adjustment must be made in the last months of a fiscal year so that the total revenue deposited in the State Transportation Trust Fund each year equals the amount derived from the registration of motor vehicles, less the amount distributed under subsection (1). For the purposes of this paragraph and paragraph (b), the term "remaining revenues" means all revenues deposited into the State Transportation Trust Fund under paragraph (a) and subsections (2) and (3). In order for ~~that~~ interest earnings to continue to accrue to the General Revenue Fund, the Department of Transportation may not invest an amount equal to the cumulative amount of funds deposited in the State Transportation Trust Fund under paragraph (b) less funds credited under this paragraph as computed on a monthly basis. The amounts to be credited under this and the preceding paragraph must be calculated and certified to the Chief Financial Officer by the Executive Office of the Governor.

Section 8. Section 311.23, Florida Statutes, is created to read:

311.23 Florida Seaport Finance Corporation.—There is created a public benefits corporation, which is an instrumentality of the state, to be known as the Florida Seaport Finance Corporation.

(1) The corporation shall operate under a five-member board of directors consisting of the Governor or a designee, the Chief Financial Officer or a designee, the Attorney General or a designee, the Director of the

Division of Bond Finance of the State Board of Administration, and the Secretary of the Department of Transportation. The Director of the Division of Bond Finance shall be the chief executive officer of the corporation, shall direct and supervise the administrative affairs of the corporation and shall control, direct, and supervise the operation of the corporation. The corporation shall also have such other officers as are determined by the board of directors.

(2) The corporation shall have all the powers of a corporate body under the laws of the state, including, but not limited to, chapters 607 and 617, to the extent not inconsistent with or restricted by the provisions of this section, including, but not limited to, the power to:

(a) Adopt, amend, and repeal bylaws not inconsistent with this section.

(b) Sue and be sued.

(c) Adopt and use a common seal.

(d) Acquire, purchase, hold, lease, and convey such real and personal property as is proper or expedient to carry out the purposes of the corporation and this section, and to sell, lease, or otherwise dispose of such property.

(e) Elect or appoint and employ such officers, agents, and employees as the corporation deems advisable to operate and manage the affairs of the corporation, which officers, agents, and employees may be officers or employees of the Department of Transportation and the state agencies represented on the board of directors of the corporation.

(f) At the request of the Department of Transportation, issue bonds for the purpose of financing or refinancing fixed capital outlay seaport projects as provided in s. 320.20(3) and (4).

(g) Make and execute any and all contracts, trust agreements, and other instruments and agreements necessary or convenient to accomplish the purposes of the corporation and this section.

(h) Select, retain, and employ professionals, contractors, or agents, which may include the Division of Bond Finance, as necessary or convenient to enable or assist the corporation in carrying out the purposes of the corporation and this section.

(i) Do any act or thing necessary or convenient to carry out the purposes of the corporation and this section and the powers provided in this section.

(3) The corporation is authorized to enter into one or more contracts with the Department of Transportation pursuant to which the corporation shall finance or refinance fixed capital outlay seaport projects as provided in s. 320.20(3), (4), and (5). The Department of Transportation may enter into one or more such contracts with the corporation and provide for payments under such contracts pursuant s. 320.20(3), (4), and (5) subject to annual appropriation by the Legislature. The proceeds from such contracts may be used for the administrative costs and expenses of the corporation after making payments as provided in subsection (4). In compliance with s. 287.0641 and other applicable provisions of law, the obligations of the Department of Transportation under such contracts do not constitute a general obligation of the state or a pledge of the faith and credit or taxing power of the state, and such obligations are not obligations of the State Board of Administration or the Department of Transportation, except as provided in this section, but shall be payable solely from amounts received pursuant to s. 320.20(3), (4), and (5), subject to annual appropriation by the Legislature. In compliance with this subsection and s. 287.0582, the contract must expressly include the following statement: "The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature."

(4) The corporation may issue bonds payable from and secured by amounts payable to the corporation by the Department of Transportation under a contract entered into pursuant to subsection (3) for the purpose of financing or refinancing fixed capital outlay seaport projects as provided in s. 320.20(3), (4), and (5). Any such indebtedness of the corporation does not constitute a debt or obligation of the state or a pledge of the faith and credit or taxing power of the state, but is payable from and secured by payments made by the Department of Transportation under the contract. Bonds issued pursuant to this section are payable from, and

secured by a first lien on, funds available pursuant to s. 320.20(3), (4), and (5), subject to annual appropriation. The bonds are subject to the provisions of s. 320.20(3), (4), and (5). Such funds may be assigned and pledged as security and deposited in trust with the State Board of Administration pursuant to the terms of an agreement entered into among the Department of Transportation, the Division of Bond Finance, and the State Board of Administration.

(5) The fulfillment of the purposes of the corporation promotes the health, safety, and general welfare of the people of the state and serves as essential governmental functions and a paramount public purpose.

(6) The corporation is exempt from taxation and assessments of any nature whatsoever upon its income and any property, assets, or revenues acquired, received, or used in the furtherance of the purposes provided in this chapter. The bonds of the corporation incurred pursuant to subsection (4) and the interest and income thereon and all security agreements, letters of credit, liquidity facilities, or other obligations or instruments arising out of, entered into in connection therewith, or given to secure payment thereof are exempt from all taxation, provided such exemption does not apply to any tax imposed by chapter 220 on the interest, income, or profits on debt obligations owned by corporations.

(7) The corporation may validate bonds issued pursuant to this section and the validity and enforceability of any contracts providing for payments pledged to the payment thereof by proceedings under chapter 75. The validation complaint shall be filed only in the Circuit Court for Leon County. The notice required to be published by s. 75.06 must be published in Leon County, and the complaint and order of the circuit court shall be served only on the State Attorney for the Second Judicial Circuit. Sections 75.04(2) and 75.06(2) do not apply to a complaint for validation filed under this subsection. The first bonds issued pursuant to this section shall be validated.

(8) The corporation is not a special district for purposes of chapter 189 or a unit of local government for purposes of part III of chapter 218. The provisions of chapters 120 and 215, except the limitation on interest rates provided by s. 215.84 which applies to obligations of the corporation issued pursuant to this section, and part I of chapter 287, except ss. 287.0582 and 287.0641, do not apply to this section, the corporation, the contracts entered into pursuant to this section, or to bonds issued by the corporation as contemplated in this section.

(9) In no event shall any of the benefits or earnings of the corporation inure to the benefit of any private person.

(10) Upon dissolution of the corporation, title to all property owned by the corporation shall revert to the state.

(11) The corporation may contract with the State Board of Administration to serve as trustee with respect to bonds issued by the corporation as contemplated by this section and to hold, administer, and invest proceeds of such bonds and other funds of the corporation and to perform other services required by the corporation. The State Board of Administration may perform such services and may contract with others to provide all or a part of such services and to recover its and such other costs and expenses thereof.

(12) The Department of Transportation and any participating port that is governed by a public body, local governments, or local governments collectively by interlocal agreement having jurisdiction of a seaport project may enter into an interlocal agreement with the Department of Transportation to promote the efficient and cost-effective financing or refinancing of approved projects pursuant to this section. The terms of such interlocal agreements must include provisions for the Department of Transportation to request the issuance by the corporation of the bonds on behalf of the ports or local governments described above; may provide that each party to the agreement is contractually liable for a share of funding an amount equal to the debt service requirements of such bonds; and must include any other terms, provisions, or covenants necessary for full performance under such interlocal agreement. Repayments made to the Department of Transportation under any interlocal agreement are not pledged to the repayment of bonds issued under this section, and failure of the local governmental authority to make such payment does not affect the obligation of the Department of Transportation to make payment on any contract with the corporation.

(13) There is no liability on the part of, and no cause of action shall arise against, any board members or employees of the corporation for any

actions taken by them in the performance of their duties under this section.

Section 9. The provisions of section 7 and 8 of this act do not affect the validity of the Florida Ports Financing Commission Series 1996 and 1999 Bonds.

(Redesignate subsequent sections.)
